

Council Meeting Agenda

Tuesday, 16 July 2019 at 7 p.m.

Council Chamber, Civic Centre, Duke Street,
Chelmsford, Essex

MEMBERSHIP

The Mayor – Councillor Bob Massey
The Deputy Mayor – Councillor Janette Potter

and Councillors

R H Ambor, L Ashley, H Ayres, K Bentley, M W Bracken,
N B Chambers, D J R Clark, P H Clark, W A Daden,
A E Davidson, C K Davidson, J A Deakin, S M Dobson,
N A Dudley, C L Finnecey, J A Frasca, I D Fuller, J Galley,
M C Goldman, S M Goldman, I S Grundy, N Gulliver,
P V Hughes, R J J Hyland, A M John, D G Jones, G B R Knight,
J C S Lager, J S Lardge, R J Lee, M J Mackrory, L A Mascot,
L A Millane, R J Moore, G H J Pooley, R J Poulter, J M C Raven,
I C Roberts, S J Robinson, T E Roper, E J Sampson, C M Shaw,
R J Shepherd, M Sismey, A B Sosin, J E Sosin, M Springett,
M S Steel, C R Tron, N M Walsh, M D Watson, R T Whitehead,
T N Willis, I Wright, S Young

Local people are welcome to attend this meeting, where your elected Councillors take decisions affecting YOU and your City. If you would like to find out more, please telephone Brian Mayfield in the Democracy Team on Chelmsford (01245) 606923, email brian.mayfield@chelmsford.gov.uk, call in at the Civic Centre, or write to the address above.

Recording of the part of this meeting open to the public is allowed. To find out more please use the contact details above.

COUNCIL

16 July 2019

AGENDA

PART 1

1. Apologies for Absence

2. Mayor's Announcements

The Council will be invited to observe a minute's silence to mark Srebrenica Memorial Week

3. Declarations of Interest

All Members are reminded that they must disclose any interests they know they have in items of business on the meeting's agenda and that they must do so at this point on the agenda or as soon as they become aware of the interest. If the interest is a Disclosable Pecuniary Interest they are also obliged to notify the Monitoring Officer within 28 days of the meeting.

4. Minutes of the meetings held on 27 February and 22 May 2019 (copies attached)

5. Public Question Time

To receive questions from members of the public in accordance with Council Rules 10.1 to 10.6 on any matter for which the Council is responsible.

6. Cabinet Question Time

The Leader and Members of the Cabinet to answer questions submitted by Members of the Council in accordance with Council Rules 10.18 to 10.22.

7 Reports from the Cabinet Member for Fairer Chelmsford

7.1 Capital Programme Update and Outturn 2018/19

7.2 Treasury Management Outturn 2018/19

8 Report from the Cabinet Member for Greener Chelmsford

Chelmsford Draft Local Plan – Approval of Main Modifications for Consultation

9 Report from the Audit Committee

Annual Report of the Audit Committee for 2018/19

10. **Report from the Governance Committee**

Annual Report of the Governance Committee for 2018/19

11. **Report from the Overview and Scrutiny Committee**

Annual Report of the Overview and Scrutiny Committee for 2018/19

(The attached report is due to be considered by the Committee on 8 July. Any changes will be reported to the Council.)

12. **Reports from the Chief Executive/Leader of the Council**

12.1 Appointment of Equality and Diversity Champions

12.2 Membership of Committees

12.3 Review of Polling Districts

13 **Notice of Motion – Review of Ward Boundaries**

Pursuant to notice dully given, Councillor R T Whitehead will move:

“The City Council elections on May 2nd 2019 were conducted on ward boundaries that have not been revised since 2003.

Due to the increase in the population of Chelmsford the City Council has a number of large wards, in particular Chelmer Village & Beaulieu Park with 8157 electors and Moulsham & Central with 8783, resulting in an imbalance of workload for the local councillors compared with other wards.

The Local Government Boundary Commission conducts an electoral review

1. at the request of the Local Authority; or
2. if the Local Authority meets the Commission’s intervention criteria;
 - (a) If one ward has an electorate of +/- 30% from the average electorate for the authority
 - (b) If one ward has an electorate of +/- 10% from the average electorate for the authority.

Both test one and test two show that the intervention criteria have been triggered.

It is therefore proposed that the City Council formally requests the Local Government Boundary Commission to undertake a review of all ward boundaries.”

14. **Notice of Motion – Committee System of Decision Making**

Pursuant to notice duly given, Councillor R J Hyland will move:

"This Council will return to a committee led governance system where all councillors have the scope to determine key decisions of the City Council, the Officers of the Council will take most of the day to day decisions about the running of the Council and the provision of services, and the cabinet governance system will be replaced.”

15. **Notice of Motion – Climate and Ecological Emergency**

Pursuant to notice duly given, Councillor R J Moore will move:

“Council notes:

That the impacts of climate breakdown are already causing critical damage around the world.

That the ‘Special Report on Global Warming of 1.5°C’, published by the Intergovernmental Panel on Climate Change in October 2018

(a) describes the enormous harm that a 2°C average rise in global temperatures is likely to cause compared with a 1.5°C rise, and

(b) confirms that limiting Global Warming to 1.5°C may still be possible with ambitious action from national and sub-national authorities, civil society and the private sector;

That all governmental bodies (national, regional and local) have a duty to act, and local governments that recognise this should not wait for national governments to change their policies;

That bold policies to cut emissions also have associated health, wellbeing and economic benefits;

That a growing number of UK local authorities have already passed ‘Climate Emergency’ motions.

Council therefore resolves to:

- Declare a ‘Climate and Ecological Emergency’ that requires urgent action to make the Council’s activities net-zero carbon by 2030;
- Achieve 100% low carbon energy across the Council’s full range of functions by 2030;
- Ensure that all strategic decisions, budgets and approaches to planning decisions are in line with a shift to net-zero carbon by 2030;
- Support and work with all other relevant agencies towards making the City of Chelmsford and surrounding area net-zero carbon within the same timescale;
- Ensure that Officers and political leadership teams within Chelmsford City Council embed this work in all areas and take responsibility for reducing, as rapidly as possible, the carbon emissions resulting from the Council’s own activities;
- Ensure that any recommendations are fully costed and that the Executive and Overview & Scrutiny bodies regularly review Council activities, taking account of production and consumption emissions, and produce an action plan within 12 months together with budget actions and a measured baseline;
- Request that the Council’s Overview & Scrutiny Committee considers the impact of Climate Change and the Environment when reviewing Council policies and strategies;
- Work with, influence and inspire partnerships across the city to help deliver this goal through all relevant strategies, plans and shared resources by developing a series of meetings, educational events for City Council staff and the wider community and partner workshops focusing on the Climate and Ecological Emergency;
- Request that the Council and its partners take steps to proactively include young people in the process, ensuring that they also have a voice in shaping the future;

- Establish a Chelmsford Climate Change Partnership within the remit of the Chelmsford Policy Board, involving councillors, residents, young people below voting age, academics and other relevant parties, to prioritise carbon reduction measures, identify related benefits to employment, health, agricultural and transport sectors and develop a strategy in line with the 'net-zero carbon by 2030' target;
- Establish a baseline for Chelmsford's ecological status and monitor progress year on year;
- Report on the level of Council investment in the fossil-fuel industry and review the City Council's investment strategy to give due consideration to Climate Change impacts in their investment portfolio;
- Ensure that all reports in preparation for the 2020/21 budget cycle and investment strategy note the actions the City Council will take to address this Emergency;
- Call on the UK Government to provide such new powers and resources as are necessary to make this possible, and to work within the LGA to encourage other councils to back this plan."

PART II (EXEMPT ITEM)

To consider whether to exclude the public from the meeting during the following matter, which contains exempt information within the category of Part 1 of Schedule 12A to the Act indicated:

16. **Proposed Sale of Property in the City Centre**

Category: Paragraph 3 of Part 1 of Schedule 12A to the Local Government Act 1972
Information relating to the financial or business affairs of any particular person
(including the authority holding that information)

Public interest statement: The public interest in not disclosing the content of this report outweighs the public interest in disclosing it on the grounds that any publicity about the negotiation of and terms for the acquisition of land may affect the financial interests of the Council and, by extension, those of the residents of Chelmsford as well as the other parties involved in the acquisition and future development of the site. In particular, it would completely undermine the attainment of the best terms during the negotiations as other interested parties would be aware of the land owner's financial positions and intentions in advance.

CHELMSFORD CITY COUNCIL

MINUTES OF THE COUNCIL MEETING

held on 27 February 2019 at 7pm

PRESENT:

The Mayor (Councillor Y M Spence)
The Deputy Mayor (Councillor C Garrett)

Councillors

E.A. Ahmed	P.J.L. Hutchinson	M. Springett
R.A. Alcock	J. Jeapes	D.W. Stevenson
L. Ashley	A.M. John	S.R. Sullivan
N. Chambers	G.B.R. Knight	R.A. Villa
J.E. Chandler	D.A. Lumley	L.M. Ward
S.A. Cook	R.A. Madden	M.D. Watson
P.J. Cousins	A.J. McQuiggan	R.T. Whitehead
J.A. Deakin	L.A. Millane	P.R.A. Wilson
L.P. Denston	F.B. Mountain	I. Wright
R.F. Denston	J. Murray	
J. De Vries	J.A. Potter	
M.J. Flack	R. J. Poulter	
S.D. Fowell	J. Raven	
J. Galley	S.J. Robinson	
I.S. Grundy	T.E. Roper	
N. Gulliver	G.C. Seeley	
M.W. Holoway	R.J. Shepherd	
P.V. Hughes	G.I. Smith	

1. **Apologies for Absence**

Apologies for absence were received from Councillors R H Ambor, A Chambers, S K Hindi, R Massey, S W Pontin, R A Ride, S J Scott, M Sismey and G H Smith.

2. **Mayor's Announcements**

The Mayor referred to those councillors who were not seeking re-election on 2 May 2019 and thanked them for their work and dedicated service. She also expressed gratitude to Councillor Tony Sach, who had left office in December. The Mayor made particular reference to Councillors Freda Mountain, Ron Alcock and Duncan Lumley who would be retiring after a combined 88 years of service as members of the Council. On behalf of the Council she presented each with a certificate of long service and a gift in recognition of their devotion and commitment to their work as councillors. The Leaders of both Groups on the Council spoke in tribute to each of the three councillors and thanked them for their service.

3. **Declarations of Interest**

Members were reminded to declare at the appropriate time any personal and prejudicial interests in any of the items of business on the meeting's agenda. None were declared.

4. **Minutes**

The minutes of the meeting on 5 December 2018 were signed as a correct record.

5. **Public Question Time**

Six members of the public asked questions or made statement on the following matters:

1. One member of the public asked what the Council's response would be to Essex County Council's consultation on the Chelmer Valley Park and Ride service. He also asked whether the City Council was seeking to acquire land for a Park and Ride site at Widford.

The Leader of the Council said that the Council's response to the consultation would be considered by the Development Policy Committee on 28 February and the Cabinet on 5 March. It was likely that the proposed closure of the service on Saturdays would be strongly opposed. The City Council had offered to subsidise the operation of the Chelmer Valley service on Saturdays and discussions were continuing with the County Council on that possibility.

The City Council was continuing to look for a suitable site for a third Park and Ride service, the provision of which would be of particular help in reducing congestion at the Army and Navy roundabout.

2. A member of the public asked whether the public would be invited to participate in the workshop established by the County Council to find solutions to the problems at the Army and Navy roundabout.

The Leader of the Council replied that he could not speak for the County Council on that, but the public's views would be sought on any plans for the roundabout when the County Council published them.

3. Three members of the public referred to the growing concerns about climate change and global warming. Each asked that the Council play its part in reducing its carbon footprint and work collaboratively with others to reduce emissions and use renewable energy sources. Two questioners also urged that the Council recognise the urgency of the matter and declare a climate emergency. One speaker suggested that the Council amend its design statements to require that all new developments make use of renewable energy.

Responding to the questions and concerns, various Cabinet Members said that the Council was not complacent about climate change and was playing its part in helping to alleviate its causes. The Overview and Scrutiny Committee had agreed an action plan in 2011 which aimed to mitigate the effects of climate change and create a more sustainable environment locally, and the Committee would be reviewing progress later this year. The Council was working with developers to encourage, where possible, the use of sustainable energy such as ground source heat pumps and wind power. The Council recognised the threat of climate change and would, within its sphere of influence and control, do all it could to help tackle it. The Cabinet would also be asked to consider at a future meeting the suggestions made by the questioners.

4. One member of the public on what could be done to reduce the restrictions on parking at Beaulieu Square which, the questioner said, was hindering the ability of the public to use the Community Centre for events at weekends.

In response to the question, it was suggested that the management company responsible for Beaulieu Square and the Community Centre apply for a change to the planning conditions relating to parking in that area.

7.23pm to 7.50pm

6. **Cabinet Question Time**

Question from Councillor L Ashley to the Cabinet Member for Waste Management, Recycling and Parking Services

I'd like to ask whether the bin collection vehicles could avoid mounting grass verges or pavements? I appreciate the vehicles are large and the roads have cars parked in awkward areas, so it's difficult for the driver. However, two residents have pointed this out to me. I have seen the evidence in my ward, and I'm told that it's also a problem in Great Baddow.

In the absence of the Cabinet Member for Waste Management, Recycling and Parking Services, the Leader of the Council replied that vehicles should not cross grass verges or mount pavements whilst manoeuvring to access household recycling and waste collections. If such incidents did occur they should be reported directly to the Operations Manager at Freighter House, who would then investigate the reason this occurred and take the necessary action

The situation was not helped by the fact that some developments had been built in a way that made collections from some areas very difficult. Development built in the last 10-15 years with shared surfaces and limited off-street parking were a particular problem, but newer developments now took into account the need for access by large service vehicles.

7.50pm to 7.54pm

7.1 **Options for Local Council Tax Support Scheme 2019/20**

The Cabinet on 29 January 2019 had considered a report on options for the operation of the Local Council Tax Support Scheme in 2019/20 and the effect the various options would have on expenditure and collection rates. It had recommended the retention of the present year's scheme but with the changes detailed in section 5.2 of the Cabinet report as that was considered to be the most equitable and affordable option and was less likely to result in lower collection rates.

RESOLVED that a Local Council Tax Scheme for 2019/20 in the form described in option 2 in the [report to the meeting](#) (essentially, retention of the current scheme but with changes to the rules relating to the assessment of local council tax support for working age applicants) be adopted.

7.54pm to 7.57pm

7.2 **Council Tax – Changes to Charges for Empty Properties**

On 29 January 2019 the Cabinet had considered the effect and desirability of using recent changes to legislation which gave the Council power to increase Council Tax charges for long term empty properties. It had recommended that the Council Tax premium charged on properties which had been empty for two years or more be increased from 50% up to a maximum of 100% from 1 April 2019 in the hope that this would encourage owners of long-term empty properties to bring them back into use as early as possible.

RESOLVED that:

1. an Empty Homes premium as specified in section 11B of the Local Government Finance Act 1992, as amended, be levied on dwellings which have been unoccupied and substantially unfurnished for more than two years immediately before the day in question (i.e. “long term empty dwellings”), the charge to be 200% of the Council Tax that would be payable if the dwelling was occupied by two adults and no discounts were applicable; and
2. the current 100% discount applied for properties left empty for up to three months be left unchanged, the reason for this decision being the punitive effect on taxpayers who are renovating or refurbishing properties prior to occupying them; the small additional income that it would generate; and the disproportionate administrative effort involved in explaining and collecting those debts.

7.57pm to 8.00pm

7.3 **The Council’s Revenue Budget 2019/20 – Review of the Budget and the Level of Reserves and Balances**

The Director of Financial Services submitted a statutory report which examined the soundness of the estimates for 2019/20, the adequacy of reserves and the safeguards to deal with any associated risks.

The report included a description of the process followed in the preparation of the budget and an analysis of the key issues that had been examined in evaluating the estimates, reserves and balances. The Director of Financial Services advised that, in her opinion, the budget being recommended at the meeting was balanced, sound and prudent.

RESOLVED that the report of the Director of Financial Services on the budget for 2019/20 and the level of reserves and balances be noted.

8.00pm to 8.03pm

7.4 **Revenue Estimates 2019/20**

The Mayor reminded members that whilst each had a Disclosable Pecuniary Interest in this item, which she formally declared on behalf of those present, the Governance Committee had granted a general dispensation to allow councillors to speak and vote on the revenue estimates and level of Council Tax for 2019/20.

The Council had before it a report and recommendations from the Cabinet on the revenue budget for 2019/20. The proposed Council Tax resolution for the 2019/20 budget was included as part of the report to the meeting.

In presenting the budget, the Cabinet Member for Finance referred to the Council's achievements in recent years despite the reduction in government funding. He said that the Council had invested wisely in its assets to ensure that it made optimum use of other sources of income and could provide services and facilities that would encourage Chelmsford to grow and prosper.

The following was moved by Councillor Robinson as an amendment to the budget and seconded by Councillor Deakin:

1. Address the homelessness crisis by purchasing more temporary housing, by borrowing £5 million and adding to the capital programme for housing; the costs of borrowing to be met by rent income and a reduction in housing benefit subsidy loss.
2. Address the desperate shortage of affordable housing by working with developers and social landlords to ensure the 35% target for new developments is met if not exceeded. Any costs associated with work on the business case to come from the general reserve.
3. Address the growing mental health crisis related to loneliness and support the library service by adding £100,000 to the Corporate Grants scheme for community groups to apply to run schemes to bring local residents and communities together, whether in libraries or other community buildings.
4. Help reduce congestion by acquiring a site for a third Park & Ride car park (up to £150,000 from the general reserve).
5. Ensure that the council and the wider community reduces its carbon footprint and moves towards a zero carbon Chelmsford by creating a green investment fund to support initiatives such as electric car charging points, car clubs and renewable energy (initially £100,000 from the general reserve).
6. £200,000 to the Chelmsford Local Highways Panel to progress priority projects now held back. Funded from the general reserve for the coming year and reviewed in advance of the following year's budget.

Councillor Robinson and other members of the Opposition group explained the reasons for proposing each of the proposed areas of expenditure, which they argued addressed important local concerns and needs. The cost would be met from reserves and borrowing and would not affect the overall budget and its robustness.

During the ensuing discussion on the amendment it was argued by others that the number of units of temporary accommodation that the Council and registered housing providers were able to provide for homeless households was anticipated to

be sufficient to meet projected demand. The real need was for permanent affordable housing and, through the current and proposed Local Plan and the planning system generally, considerable progress was being made on this.

It was also pointed out that Community Infrastructure Levy funds were being used to support homelessness initiatives and to keep library buildings open for community use, where such a use was suitable. It was suggested that it would be unwise to pre-empt the results of public consultation on the library service by making further commitments at this stage towards the future use of library buildings.

The Leader of the Council said that he was sympathetic to the arguments put forward in support of many of the proposed areas of expenditure in the amendment. However, some related in part to County Council functions and to an extent whether they could be taken forward would depend on that council's support. Whilst he would not be critical of the County Council, which he recognised was doing a good job at a time of diminishing resources but increasing and competing demands on its services, he would take a different approach to the way in which it pursued change and prioritised matters.

On being put to a recorded vote the amendment was lost, with the voting as follows:

<u>For the amendment</u>	<u>Against the amendment</u>	<u>Abstained from voting</u>
L Ashley	E A Ahmed	C Garrett
J A Deakin	R A Alcock	Y M Spence

RESOLVED that:

1. an original budget for 2019/20 and level of reserves, as shown in Appendices 1, 2 and 3 of the [report to the meeting](#), be approved;
2. the average level of Council Tax for the City Council be increased to give an average annual Band D Council Tax of £194.02 for 2019/20;
3. the changes to fees and charges outside of the budget guidelines set out in Appendix 4 be approved;
4. the allocation of special expenses and Parish grant, as set out in Appendix 5, be agreed;
5. the formal resolution required to set the budget and Council Tax for 2019/20, as set out in Appendix 6, be passed;
6. Directors, after consultation with Cabinet Members, be instructed to identify budget reduction proposals for 2020/21 and future years which could be included in the July 2019 Medium Term Financial Strategy report; and
7. the Director of Corporate Services, after consultation with the Leader of the Council, be authorised to agree the pay award for 2019/20 within the budget provided.

8.03pm to 9.03pm

7.5 Capital and Investment Strategy 2019/20

In accordance with Government guidance and the CIPFA Prudential Code, a Capital and Investment Strategy had been produced to give a high-level overview of how capital expenditure, capital financing and treasury management activity contributed to the provision of public services; describe how the associated risks were managed; and assess the future financial sustainability of the Council. The Cabinet on 29 January 2019 had recommended that the Council approve the strategy.

RESOLVED that the Capital and Investment Strategy for 2019/20 set out in the [report to the meeting](#) be approved.

9.03pm to 9.06pm

7.6 Capital Programme Update

The report to the meeting set out the overall estimated capital resource available to the Council and updated the capital programme to reflect the inclusion of proposed new schemes.

The Cabinet on 29 January 2019 had agreed on grounds of urgency:

- a net budget of £80,000 for the 2018/19 Asset Replacement Programme, as shown in Appendix 5 to the [report to the meeting](#) and as detailed in paragraph 4.3.2 of the Cabinet report;
- a budget of £56,000 for the acquisition of a vehicle in 2019/20, as described in

- paragraph 4.4.2; and
- a budget of £477,000 for the Beaulieu School Joint Use Sports Facility, as detailed in paragraph 2.3 of the report, and the use of appropriate Section 106 contributions to fund the scheme, as detailed in item 17 of Appendix 1.

It had also authorised the appropriate Director, after consultation with the relevant Cabinet Member, to spend the approved capital budget and any future contributions collected for the Beaulieu School Joint Use Facility and had agreed the specific delegations set out in paragraphs 2.4.1, 2.4.2 and 3.4 of the report.

RESOLVED that

1. the remaining new capital schemes shown in Appendix 1 of the Cabinet report totalling £4.407 million be approved;
2. the budgets of existing capital schemes, as detailed in Appendix 3, be agreed, representing an increase of £4.802 million;
3. the Asset Replacement Programme for 2019/20 detailed in Appendix 5 and amounting to £3.274 million be agreed;
4. the appropriate Section 106 contributions be used to fund the schemes, as detailed in the report; and
5. the appropriate Director, after consultation with the relevant Cabinet Member, be authorised to spend the approved capital budgets, and that the specific delegations set out in paragraphs 2.4.1, 2.4.2 and 3.4 of the report be agreed.

9.06pm to 9.09pm

7.7 Treasury Management Strategy 2019/20

The Council was requested to endorse the strategy for the management of the Council's financial investments in 2019/20 and to approve those prudential indicators that applied to the strategy.

RESOLVED that:

1. the Council recognises that the investment strategy does result in some risk to capital invested but that the risk is at an appropriate level;
2. the Treasury Management Strategy for 2019/20 submitted as Appendix 1 of the [report to the meeting](#), including the potential to invest up to a further £10 million in external funds, dependent on investigation by the Treasury Management Sub-Committee of the risks and benefits, be approved;
3. the Treasury Management Prudential Indicators for 2018/19 detailed in Appendix 2 be approved; and
4. the Treasury Management Code of Practice be adopted.

9.09pm to 9.11pm

8. **Pay Policy Statement**

The Council was requested formally to approve the annual Pay Policy Statement in accordance with section 38 of the Localism Act 2011.

RESOLVED that the Pay Policy Statement for 2019/20 be approved.

9.11pm to 9.13pm

9. **Designation of Monitoring Officer**

The Council considered a report on the arrangements for the appointment of the new Legal and Democratic Services Manager and his or her designation as the Monitoring Officer. It was recommended that, to avoid delay, the Council authorise the Chief Executive to approve the appointment and designation rather than await the next meeting of the Council. Correcting the dates mentioned in the report, the Leader said that the interviews would now be held on 5 April 2019.

RESOLVED that the Chief Executive, upon recommendation from the Employment Committee and with no objection from Cabinet Members, be authorised to approve the appointment of the Legal and Democratic Services Manager and Monitoring Officer and formally to designate the appointee as Monitoring Officer under Section 5 of the Local Government and Housing Act 1989.

9.13pm to 9.15pm

The meeting closed at 9.15pm

Mayor

CHELMSFORD CITY COUNCIL**MINUTES OF THE ANNUAL MEETING OF THE COUNCIL****held on 22 May 2019 at 7pm****PRESENT:**

1. Apologies

Apologies for absence were received from Councillors N Chambers, J M Raven, I C Roberts and T E Roper.

2. Mayor's Announcements

The Mayor informed the Council that over £87,600 had been raised for the Mayor's Charities - Kids Inspire and the Dementia Project, Broomfield Hospital - during her year in office. Representatives of those charities were present at the meeting to receive a cheque for the sum raised, which would be shared equally between them.

3. **Election of Mayor and Deputy Mayor**

(1) **Election of Mayor**

On the nomination of Councillor P V Hughes, seconded by Councillor M Springett, it was

RESOLVED that Councillor R Massey be elected Mayor of the City of Chelmsford for the ensuing year.

(2) **Appointment of Deputy Mayor**

On the motion of the Mayor-elect, which was duly seconded by Councillor R T Whitehead, it was

RESOLVED that Councillor J A Potter be appointed Deputy Mayor of the City of Chelmsford for the ensuing year.

4. **Declarations of Acceptance of Office**

Councillor Massey made the declaration of acceptance of office as Mayor and took the chair. Councillor Potter then made the declaration of acceptance of office as Deputy Mayor.

5. **Investiture of the Mayor's Consort and Deputy Mayor's Escort**

The retiring Mayor's Consort, Mr John Spence, congratulated the Mayor's Escort, Mrs Janice Cheese, and invested her with the Badge of Office.

The retiring Deputy Mayor's Escort, Mrs Sheila Wilkinson, congratulated the Deputy Mayor's Escort, Mrs Gillian Smith, and invested her with the Badge of Office.

6. **Address by Mayor**

The Mayor thanked the Council for electing him.

7. **Retiring Mayor and Retiring Mayoress**

Councillor R T Whitehead and Councillor T N Willis then thanked Mrs Yvonne Spence for her services as Mayor. Mrs Spence expressed her appreciation for the support given to her by Christine Garrett as Deputy Mayor.

8. **Appointment of Mayor's Chaplain and Announcement of Mayor's Charities**

The Mayor reported that he had appointed the Reverend Carol Ball as his Chaplain during his term of office and that the Mayor's charity for the year would be Parkinson's Chelmsford branch.

9. **Election of Leader of the Council**

Councillor S J Robinson was elected as Leader of the Council for the next four years. He outlined the main priorities of the incoming Administration and explained the new Executive structure he intended to operate.

RESOLVED that Councillor S J Robinson be elected Leader of the Council for the next four years.

10. **Leader's Scheme of Delegation**

RESOLVED that the Leader's Scheme of Delegation of executive functions be noted.

11. **Constitution of Political Groups and Arrangements for and Appointments to City Council and Outside Bodies**

RESOLVED that

- (a) the constitution of the following political groups in accordance with the Local Government and Housing Act 1989 and regulations made under it be noted:

Liberal Democrat Group	31 members	Leader:	Councillor S J Robinson
		Deputy Leader:	Councillor M C Goldman

Councillors L Ashley, H Ayres, M W Bracken, D J R Clark, A E Davidson, C K Davidson, J A Deakin, N A Dudley, C L Finnecey, J A Frasca, I D Fuller, S M Goldman, D G Jones, J C S Lager, S Lardge, R J Lee, M J Mackrory, L A Mascot, R J Moore, G H J Pooley, E J Sampson, C M Shaw, A B Sosin, J E Sosin, M Springett, C R Tron, N M Walsh, T N Willis, S Young

Conservative Group	21 members	Leader:	Councillor R T Whitehead
		Deputy Leader:	Councillor J Galley

Councillors R H Ambor, N B Chambers, S M Dobson, I S Grundy, N Gulliver, P V Hughes, A M John, G B R Knight, R Massey, L A Millane, J A Potter, R J Poulter, J M C Raven, T E Roper, R J Shepherd, M Sismey, M S Steel, M D Watson, I Wright

Chelmsford Independents Group	5 members	Leader:	Councillor P H Clark
		Deputy Leader:	Councillor I C Roberts

Councillors K Bentley, W A Daden, R J J Hyland

- (b) the appointment by the Leader of the Council of the following members of the Council as the members of the Cabinet for 2019/20, and the function areas of those members of Cabinet indicated below, be noted:

Deputy Leader and Connected Chelmsford	Councillor M C Goldman
Fairer Chelmsford	Councillor C K Davidson
Greener Chelmsford	Councillor M J Mackrory
Safer Chelmsford	Councillor J A Deakin

(c) the members of the Council indicated below be noted as the opposition spokesmen on the Cabinet function areas referred to:

Function	Conservative Group	Chelmsford Independents Group
Leader's Responsibilities	Councillor R T Whitehead	Councillor P Clark
Deputy Leader's Responsibilities	Councillor J Galley	Councillor I C Roberts
Fairer Chelmsford	Councillor M D Watson	Councillor W Daden
Greener Chelmsford	Councillor M S Steel	Councillor K Bentley
Safer Chelmsford	Councillor M Sismey	Councillor R J Hyland

(d) the following Committees and the Treasury Management Sub-Committee be appointed for the year 2019/20 with the membership and Chairs indicated:

COMMITTEES 2019/2020

Audit Committee	Councillors D Clark (Chair), P Clark, C Finneycy, J Lardge, J Raven, E Sampson, M Sismey, N Walsh, M Watson
Chelmsford Policy Board	Councillors N Chambers, W Daden, C Finneycy, I Fuller, J Galley, M Goldman, S Goldman, N Gulliver, G B R Knight, R Moore, G H J Pooley (Chair), R J Poulter, I C Roberts, A Sosin, M Springett, R T Whitehead, T N Willis
Employment Committee	Councillors P Clark, C Davidson, J Deakin, M Goldman, M Mackrory, J A Potter, S Robinson (Chair to be elected at meeting)
Governance Committee	Councillors R Ambor, H Ayres (Chair), K Bentley, N Dudley, D Jones, N Walsh, I Wright
	And three Parish and Town Council Co-opted (non-voting) Members and two Independent Persons, Clarissa Gosling and Steven Anthony
Licensing/Regulatory Committee	Councillors R Ambor, L Ashley, D Clark, A Davidson, J Frascaona, I Fuller, P V Hughes, A John, D Jones, G B R Knight, R Lee, L Mascot (Chair), L Millane, I C Roberts, T E Roper, R J Shepherd, C Tron

Overview and Scrutiny Committee	Councillors L Ashley, N Dudley, C Finnecey, J Galley (Chair), S Goldman (Vice Chair), I Grundy, R J Hyland, D Jones, J Lardge, M Sismey, M S Steel, C Tron, M D Watson, R T Whitehead, S Young
Planning Committee	Councillors L Ashley, H Ayres, S Dobson, P Hughes, R J Hyland, R Lee, L Mascot, G H J Pooley, R J Poulter, T E Roper, C Shaw, R J Shepherd, J A Sosin (Chair), M Springett, I Wright Designated Substitutes – Councillors J Frascona and J Lardge (Liberal Democrats) and L Millane (Conservative)
Treasury Management Sub-Committee	Councillors M Bracken, D Clark, P Clark, C Davidson (Chair), J Raven
Local Joint Staff Committee	Councillors J Deakin, M Goldman, R Hyland, R Massey, S Robinson (Chair to be elected at meeting)

- (e) Councillor M J Mackrory be appointed as the Council's representative on the South Essex Parking Partnership Joint Committee;
- (f) the persons named in Schedule D and shown in Appendix 1 to these minutes be appointed represent the Council on to the outside bodies referred to for the period indicated;
- (g) the Legal and Democratic Services Manager be authorised to make or amend an appointment to any of the non-Executive bodies listed in Schedule C in accordance with the nomination by a political group, where the position has previously been allocated by the Council to that group; and
- (h) the Legal and Democratic Services Manager, after consulting the Group Leaders, be authorised to finalise or amend the appointments to Committees and Outside Bodies in Schedules C and D.

12. Amendments to the Constitution

The Council considered a report on a number of changes to the Constitution arising from the appointment of the new Administration following the recent elections and the proposals detailed in item 11 above.

RESOLVED that

- (a) the changes to the Members' Allowances Scheme detailed in paragraph 3 of the report to the meeting be approved;
- (b) the revised Cabinet portfolios shown in Appendix 1 to that report be noted;
- (c) the replacement of the Development Policy Committee with the Chelmsford Policy Board, and the Board's terms of reference set out in Appendix 2, be approved; and

(d) the Legal and Democratic Services Manager be authorised to make the necessary direct and consequential amendments to the Constitution arising from resolutions (a) to (c) above.

13. **Designation of Monitoring Officer**

The Council was requested to note the decision of the Chief Executive under delegated authority to appoint of Lorraine Browne as the Legal and Democratic Services Manager and Monitoring Officer.

RESOLVED that the appointment of Lorraine Browne as the Legal and Democratic Services Manager and Monitoring Officer with effect from 3 June 2019 be noted.

The meeting closed at 8.05p.m.

Mayor

CAPITAL OUTTURN AND UPDATE 2018/19

On 1 July 2019, the Cabinet considered the Capital Outturn and Update for 2018/19 set out in the attached report. It had no particular comments on it and resolved as follows:

RESOLVED that:

1. the proposed increase in the cost of the capital scheme for the replacement of the Civic Centre Coval Lane windows amounting to £100,000 detailed in appendix 1 and paragraph 7.2 of the report to the meeting be approved;
2. the proposed Asset Replacement Programme for 2019/20, the increase in scheme costs of £65,000, the proposed new schemes totalling £96,000 and the rephrasing of spending of £485,000 from 2018/19, as shown in appendix 3 and paragraph 8.2 of the report, be approved;

RECOMMENDED TO THE COUNCIL that:

3. the Director of Public Places, after consultation with the Cabinet Member for Safer Chelmsford, be authorised to spend the proposed budget of £436,000 for asset replacements in 2020/21, as detailed in paragraph 8.4 of the report;
4. the method of funding the capital expenditure in 2018/19, as set out in paragraph 9.2, be noted;
5. the latest proposed budgets for capital schemes totalling £90.873 million shown in Appendix 1 and paragraph 7.2 of the report be noted;
6. the outturn on the 2018/19 Asset Replacement Programme amounting to £3.747 million shown in Appendix 3 and paragraph 8.1 of the report be noted; and
7. the Asset Replacement Programme for 2019/20 amounting to £4.257 million shown in Appendix 3 and paragraph 8.2 of the report be approved.

RECOMMENDED TO THE COUNCIL

That the recommendations of the Cabinet in paragraphs 3 to 7 above be approved.

CABINET
1st July 2019

AGENDA ITEM 6.1

Subject:	CAPITAL PROGRAMME UPDATE AND OUTTURN 2018/19
Report by:	Cabinet Member for Fairer Chelmsford

Enquiries contact: Phil Reeves Tel: (01245) 606562, Email phil.reeves@chelmsford.gov.uk

Purpose

- a) To report the capital expenditure incurred in 2018/19 and the resources used to finance it.
- b) To update the approved Capital Schemes for variations in cost which have been identified at outturn and to date.
- c) To update the approved Asset Replacement Programme for 2019/20 for variations in cost and timing which have been identified at outturn and to date.
- d) To approve a budget for asset replacements for 2020/21 due to long delivery lead in times.

Options

To either accept or reject the recommendations.

Recommendation(s)

That the Cabinet approves the following:

- (a) the proposed increase in scheme costs £100k for Capital Schemes, shown in **Appendix 1** and detailed in paragraph 7.2 of this report;
- (b) the proposed Asset Replacement Programme for 2019/20, the increase in scheme costs £65k, the proposed new schemes £96k and the rephasing of spend from 2018/19 £485k as shown in **Appendix 3** and detailed in paragraph 8.2 of this report.

And that the Cabinet recommends to Council that:

- (a) the Director of Public Places, after consultation with the Cabinet Member for Safer Chelmsford be authorised to spend proposed budget for asset replacements for 2020/21, £436k as detailed in paragraph 8.4 of this report;
- (b) the method of funding of the capital expenditure incurred in 2018/19, as set out in 9.2 be noted;
- (c) the latest proposed budgets for Capital Schemes £90.873m, shown in **Appendix 1** and detailed in paragraph 7.2, be noted;
- (d) the outturn on the 2018/19 Asset Replacement Programme £3.747m, shown in Appendix 3 and detailed in paragraph 8.1 of this report be noted;
- (e) the Asset Replacement Programme for 2019/20, £4.257m be noted as shown in **Appendix 3** and detailed in paragraph 8.2 of this report.

Corporate Implications

Legal:	None
Financial:	Matching limited resources to corporate priorities
Personnel:	None
Risk Management:	Interest earnings understated and budget reductions made when not necessary Damage to reputation
Equalities and Diversity: (For new or revised policies or procedures has an equalities impact assessment been carried out? Y/N)	None
Health and Safety:	None
IT:	None
Other:	

Consultees:	All services, Audit Committee
--------------------	-------------------------------

Policies and Strategies

The report takes into account the following policies and strategies of the Council:

Capital Strategy

1. Background

The Council has a long-established process of preparing formal monitoring reports comparing its forecast expenditure and income with the approved estimate and reporting these to Management Team on a regular basis. These reports are also supplied to all Cabinet Members.

2. Introduction

There are two types of expenditure, capital and revenue.

Capital expenditure relates to the acquisition or enhancement of assets, which have a useful life in excess of 12 months, and are charged to the Council's balance sheet and shown as fixed assets (a fixed asset being an item that can be in use for more than one year). To be an enhancement the expenditure on the asset must either lengthen substantially the useful life of the asset, increase substantially the open market value or increase substantially the extent to which the Council can use the asset.

Revenue costs are ongoing. They are incurred to run an asset or to provide a service.

3. Capital Programme

The capital programme is split between larger schemes (works, improvements and refurbishments) and an asset replacement programme.

Services submit bids annually for schemes to be added to the capital programme. The schemes should add value to the organisation, provide revenue savings or additional income, move forward the Corporate Plan Objectives or have statutory/health and safety implications.

The Asset Replacement Programme is required to maintain the existing level of service delivery by ensuring there is provision to replace items of equipment and vehicles on a regular basis. Approval of individual items is on an annual basis.

4. Capital Resources

Capital expenditure is funded in a number of ways, which may include grants, receipts, third party contributions, contributions from revenue and the use of external leasing.

When capital resources are spent the amount available to invest is reduced and therefore the amount of interest income received is reduced, which in turn affects the revenue budgets available and can result in the need to increase council tax.

5. Capital Reporting

A 'Capital Programme Update' report is taken to Cabinet in January and a 'Capital Programme Update and Outturn' report is taken to Cabinet/Council in July each year.

It is important to closely monitor capital expenditure as this allows judgements to be made for the Council's cash investments. If a large scheme is likely to be delayed this will provide an opportunity to invest the money until it is required, therefore increasing interest earnings.

6. Methods of Approval

New schemes submitted by services are recommended by Cabinet in January and approved by Council in February each year.

During the year, approval can be sought for further schemes or extensions to existing ones via supplementary approval or the use of urgency letters depending upon the level of expenditure required. An urgency letter authorises the Leader of the Council and Chief Executive to incur additional expenditure in extraordinary circumstances.

When schemes are approved, they are added to the capital programme and monitored throughout the year.

7. Capital Schemes

7.1 Monitoring Against Latest Approved Budgets

Appendix 1 gives the overall capital outturn information for the completed Capital Schemes at the end of March 2019 and the latest forecast expenditure for the ongoing scheme costs. It identifies the variances in total individual scheme costs.

7.2 **Appendix 1** shows that the proposed cost of the Capital Schemes has reduced by a net £9k against the latest approved budget of £90.882m, or 0.01% of the overall Capital Schemes' costs.

Approved Budget	£90.882m
Proposed Reductions in Scheme Costs	-£0.178m
Proposed Increases in Scheme Cost Requires Approval – see Appendix 1 Scheme number 17 Coval Lane Window Replacement	£0.100m
Actual Increases in Completed Scheme Cost	£0.138m
Actual Reductions in Completed Scheme Costs	-£0.069m
Total Proposed Budget	£90.873m

7.3 **Appendix 2** provides narratives, for those variances in excess of £25,000, against the Latest Approved Budget.

8. Asset Replacement Programme

8.1 Monitoring Against Latest Approved Budgets

Appendix 3 shows that the final outturn for 2018/19 compared to the approved budget of £4.237m was a reduction of £490k, or 11.6%. Of this, £488k has been moved forward to 2019/20 or later years. The table over page provides a summary.

Approved Budget 2018/19	£4.237m
Proposed Change in scheme phasing	-£0.488m
Variation in Asset Replacement Cost	-£0.002m
Total Outturn 2018/19	£3.747m

- 8.2 **Appendix 3**, also shows that the proposed budget for 2019/20 asset replacements is £4.257m compared to the approved budget of £3.700m. This is a net increase of £461k, or 12.46%. £485k is due to the asset replacements being delayed from 2018/19 until 2019/20. The table below provides a summary.

Approved Budget 2019/20	£3.700m
Proposed Change in scheme phasing from 2018/19 Requires Approval – For detail see Appendix 3 2019/20 column “Rephasing from 2018/19 – Requires Approval”	£0.485m
Proposed New Spend to be added to the Replacement Programme Requires Approval – see Appendix 3 2019/20 column “New Budget Asset Replacements Requires Approval”	£0.096m
Increases in Asset Replacement Cost Requires Approval – For detail see Appendix 3 2019/20 column “More/Less Than Approved Budgets – More Requires Approval” Line no’s 3, 11, 20, 36.	£0.065m
Reduction in Asset Replacement Cost to be noted	-£0.089m
Total Proposed Budget 2019/20	£4.257m

- 8.3 **Appendix 4** provides narratives, for those variances in excess of £25k, for 2018/19 and narratives for those variances in excess of £25k for 2019/20 against the Latest Approved Budgets.

8.4 Proposed New Asset Replacements for 2020/21

The Council has a fleet of freighters which are used for the collection of waste and recycling. The operational life of the refuse freighters is currently assessed as seven years and there is a rolling programme for their replacement. Two freighters which were originally scheduled for replacement in 2019/20 but have been deferred until 2020/21. The service manager considered that the vehicles could be run for longer, therefore delaying the spend, but requested that their replacement would be required in the early months of 2020/21, April or May. Due to the long lead in time, currently nine months on orders for the delivery of freighters, there is a requirement to request an additional budget to replace these two vehicles. Based on a like for like replacement the cost is £436k. Approval is sought for this additional budget so that the vehicles can be ordered. It is proposed that delegated authority is given to the Director of Public Places to spend the approved budget after consultation with the cabinet Member for Safer Chelmsford.

9. Funding of Programme

9.1 The outturn for 2018/19 on the Capital Schemes is £44.347m and the Asset Replacement programme £3.747m. The combined outturn for the year is £48.094m.

9.2 The application of resources to meet capital expenditure incurred in 2018/19 is shown in the table below.

<u>Method of Funding</u>	<u>2018/19 Spend</u>
Capital Receipts	£16.805m
Capital Grants and Contributions	£9.919m
Reserves (Revenue Funding)	£15.026m
S106 Agreements	£2.933m
CIL	£3.197m
External Leasing	£0.214m
Total	£48.094m

10. Conclusion

10.1 The total cost of the Capital Schemes is forecast to be a net £9k less than the latest approved budget.

10.2 The 2018/19 Asset Replacement Schemes are £490k less than the latest approved budget. £488k of this variation, is due to moving the budgets forward into 2019/20 and later years. The realignment of the asset replacement budgets into later years is favourable to the Council as it delays the commitment of capital resources.

10.3 The 2019/20 Asset Replacement Schemes are forecast to be £557k more than the latest approved budget. The majority of this is due to the realignment of budgets from 2018/19.

10.4 Cabinet is asked to approve the increased Capital Scheme costs, £100k, and Asset Replacement budgets for 2019/20 £646k as detailed in this report and recommend that the proposed Asset Replacement Budget for 2020/21, £436k is forwarded to Council for approval.

List of Appendices

Appendix 1 Capital Schemes - For each capital scheme, a comparison of the budgeted expenditure against the completed Schemes Outturn or with the Directors of Service forecast for the ongoing scheme.

Appendix 2 Capital Schemes Major Variations Narratives.

Appendix 3 Asset Replacement Schemes for 2018/19, a comparison of the budgeted

expenditure against the Outturn.

Also, the Asset Replacement Schemes for 2019/20, a comparison of the budgeted expenditure against the Directors of Service forecast.

Appendix 4 Asset Replacement Schemes Major Variations Narratives for the years 2018/19 and 2019/20

£000s	SCHEME DESCRIPTION	£000s	£000s	£000s	£000s	£000s					
20	Legionella Safety Works Showers and Changing Rooms Various	94		94	1	94	Yes	£94k approved Council February 2019			
21	Hylands Park North Kiosk Toilet Refurbishment	60		60		60	Yes	£60k approved Council February 2019			
22	Hylands Estate Structural Work to Pleasure Garden Pond	147		147		147	Yes	£147k approved Council February 2019			
11	S106 Allotments Avon Road	10		10		11	Completed	Approved delegation S106 report taken to Council in July 2017. Schemes fully funded by S106.			
186	S106 Parks and Open Spaces	271		271		-23	248	Yes	Approved delegation S106 report taken to Council in July. Schemes fully funded by S106. £23k scheme removed as funding being used for 22 above.		
7	CIL Landscape Enhancement Scheme Chignal Road	11		11		11	Yes	CIL funding approved October 2018 scheme approved February 2019 Council			
98	Chelmsford Indoor Market Refurbishment	500	200	700		700	No	Approved supplementary estimate February 2018. Scheme design is still to be finalised. Additional supplementary estimate approved for £200k December 2018 in order to implement the preferred design with suspended ceiling.			
32,089	Riverside Ice and Leisure Centre Scheme	950	39,016	39,966		39,966	Under Review	£700,000 approved Council July 2015. £60,000 budget vired to fund conversion of outdoor pool to car park. £180K approved April Cabinet for Project Manager and a further £945K approved June Cabinet for the design to RIBA stage 7. £400K approved at October 2016 Cabinet for early enabling works (main contractor). Additional £1m approved Cabinet April 2017 for early works. Additional early works required a further £500k, approved in June. £250k approved for Cafe fit out at Council February 2018. Full scheme cost approved at July 2018 Council as £35.216m. Additional £4.5m approved at February 2019 Council.			
	Riverside Changing Places Grant - Sensory Equipment	55		55		55	Yes	ECC have awarded a £40k grant for installation of sensory equipment in the new pool facility. A £15k grant was received in 2017/18 and will be used to purchase dryside changing equipment.			
35	Dovedales - Grant for Works	21	14	35		35	Completed	£21,000 approved via Supplementary estimate October 2017 for replacement sports hall floor 50% contribution. £24k approved at Council 2018 for grant towards replacing radiant heating. Cost of works reduced budget adjusted.			
	Dovedales - Grant for Works 2019/20	32		32	-5	32	Yes	Approved at Council February 2019 contribution towards new studio			
21	CSAC Grandstand Repairs	26		26		21	Completed	£26k approved at Council February 2018.			
	SWFLC Wet Changing Rooms Upgrade Phase 2	104		104		104	Yes	£104k approved at Council February 2019			
	CSAC Refurbishment of Changing Room	42		42		42	Yes	£42k approved at Council February 2019			
53	Hylands House External Redecoration	48	5	53		53	Completed	Approved Council February 2018. Additional budget approved at Council February 2019.			
	Hylands House Refurbishment First Floor Accommodation	174		174		174	Yes	£174k approved at Council February 2019 3 year programme for refurbishment			
	Director of Sustainable Communities										
1,667	Flood Alleviation Scheme	6,100	400	6,500	6,500	Under Review	Increased cost of scheme from EA now capped at £6.5 million approved Cabinet July 2013				
1,697	City Centre Public Realm Work - Half Moon Square	250	1,448	1,698	-1	1,697	Completed	Additional budget £120,000 approved by Cabinet September 2014 to cover the cost of preliminary works. £1.2m approved at February Council for the works to Half Moon Square. Further £275,000 approved by Cabinet October 2015. The cost of these works are to be funded by S106. Project Manager still to provide details of final cost of scheme. There are still outstanding works to be completed. An additional budget was approved at July Council for £67k to be funded from S106. The scheme is complete.			

		TABLE I								
		Latest Approved Budget - Approved Council February 2019 and Additional New Schemes Approved Since that Date			Latest Forecast Budget - Additional Requires Approval					
Spend to 31st March 2019		Original Approved Scheme Budget	Additional/ Reduced (-) Approved Budget	Latest Approved Budget	More/(Less) Than Approved Budgets	Proposed Budget	Scheme Scheduled to Complete on Time against Original Programme	Additional Budget Approval Narrative		
£000s	SCHEME DESCRIPTION	£000s	£000s	£000s	£000s	£000s				
154	38 Public Realm Wayfinding Signs	50	104	154	-155	154	Completed	£102,000 supplementary estimate approved April 2016. This additional cost will be funded by £52,000 ECC and £50,000 S106.		
	39 Public Realm Wayfinding Signs Phase 2	310		310		155	Unspecified	Approved at Council February 2018. Two year programme to go ahead only if funding is secured from ECC and CIL. CIL funding of £78k approved January 2019, funding not secured from ECC therefore scheme reduced.		
4,325	40 Public Realm Mill Yard Works	34	4,266	4,300	25	4,325	Completed	A budget of £101,000 was approved for the design of this scheme via Director of Sustainable Communities delegated authority. An additional £138,000 was approved via supplementary estimate December 2015. At February 2016 Council a further £2,661,000 was approved for this scheme to progress. This scheme will progress on the basis of no cost to CCC with the funding coming from LEP. An additional £900K was approved at Council February 2017. This increase is to be entirely funded from LEP and S106. There is also an additional £400k funding from CIL which has been approved by Council in July 2017 and £100K S106. This additional £500k funding spend has brought the budget for the scheme to £4.3m. This scheme was programmed to complete by the end of March 2018. The majority of the works are now complete but the site has not been handed back to Abellio Greater Anglia. The scheme is complete but negotiations are currently being undertaken with the contractor to agree the final cost of the works.		
432	41 Public Realm Bell Meadow	410	22	432	250	432	Completed	Approved at Cabinet October 2015. This scheme will be funded by the use of S106. Additional budget approved Council February 2019.		
	42 Public Realm Tindal Square Design	160		160		160	No	Approved at Council February 2018. The design works will not be completed until 2019/20.		
4	43 Public Realm City Centre Greening/Tree Planting	115		115	115	115	Yes	Approved at Council February 2018. Three year programme.		
100	44 LHP Contribution to ECC Match Funding Highways Schemes	100		100	250	100	Completed	Approved via supplementary estimate March 2019		
	45 HIF Bid Link Road design			0		250	Unspecified	Virement from 3 above sum allocated for HIF bid design works		
1,650	46 S106 Beaulieu Park Station	100	1,550	1,650	1,650	1,650	Unspecified	Scheme approved for £100,000 via Director of Sustainable Communities delegated authority. £1,550,000 approved at Council February 2016. The expenditure on this scheme will be funded by S106.		
674	47 S106 Beaulieu Park Station 2nd Phase	2,917		2,917	70	2,917	Unspecified	£2.917m approved at February Council 2018. The expenditure on this scheme will be funded by S106.		
29	48 S106 Public Art Mill Yard	70		70		70	Yes	£70k approved via delegation March 2018. Expenditure to be funded by S106.		
338	49 S106 Beaulieu Sports Facility	477		477	112	477	Unspecified	£477k approved by Cabinet in January 2019 with delegation to spend further S106 contributions when received.		
	50 S106 Public Art Bond Street	44		44		44	Yes	Approved by delegation February 2019.		
	51 S106 Stonebridge Illuminations	37		37	37	37	Yes	Approved by delegation April 2019.		
112	52 CIL REFCUS Schemes 18/19			0	112	112	Completed	Various schemes approved July 2018. Revenue Expenditure Funded by Capital Under Statute (REFCUS)		
	52a CIL REFCUS Schemes 19/20	72		72	72	72	Yes	Scheme approved April 2019 £72k. Revenue Expenditure Funded by Capital Under Statute (REFCUS)		
	53 CIL Sutherland Lodge Refurbishment	525		525	525	525	Under Review	Approved Council July 2017.		
	54 CIL North Avenue Youth Centre Grant	41		41	41	41	Yes	Approved CIL funding April 2018.		
100	55 CIL Langton Avenue Community Centre	100		100	100	100	Completed	Approved CIL funding April 2018.

Capital Schemes - Reasons for Projected Variations to Latest Approved Total Scheme Costs More Than £25,000							
Scheme Description	Latest Approved Budget	Latest Estimated Expenditure - If Additional Budget Requires Approval	Variation	Variation Type	Percentage Change in Scheme Cost	Reason	
	£000's	£000's	£000's				
Director of Financial Services							
3 Acq. Land Wharf Road and Future Development	4,586	4,336	-250	Virement	-5.45%	£250k was set aside for design works for the link road scheme. As the HIF funding is now assured this budget has been vired to an independent scheme so that costs of the works can be monitored. See No. 45 below.	
8 Acquisition 1 Springfield Lyons Way - Visteon 2	8,815	8,763	-52	Underspend	-0.59%	Saving on fees associated with purchase of property	
Director of Public Places							
17 Coval Lane Window Replacement	250	350	100	Overspend	40.00%	Indicative prices have now been received and based on the lowest price a £350k budget is required to complete the works. This includes a small contingency.	
Director of Sustainable Communities							
39 Public Realm Wayfinding Signs Phase 2	310	155	-155	Budget removed	-50.00%	Funding has not been secured from Essex County Council therefore the scope of the scheme has been reduced.	
40 Public Realm Mill Yard Works	4300	4325	25	Overspend	0.58%	This scheme is complete and is showing as an overspend. Negotiations are currently being undertaken with the main contractor which may result in a reduction to the final account.	
45 HIF Bid Link Road Design	0	250	250	Virement	100.00%	See No. 3 above	
52 CIL REFCUS Schemes 2018/19	0	112	112	Overspend	100.00%	Various schemes were approved by the CIL panel in July 2018. Some schemes were categorised as revenue and not included in the capital programme. They meet the REFCUS criteria and therefore have been included in the capital programme.

Reasons for Variations Greater Than £25,000 in Asset Replacement Programme						
Scheme Description	Latest Approved Budget	Estimated Budget Required	Variation	Variation Type	Percentage Change	Reason
	£000's	£000's	£000's			
<u>2018/19</u>						
<u>Director of Corporate Services</u>						
I Digital Services Replacement Programme	523	489	-34	Underspend/Rephasing of spend	-6.50%	£9k saving on server replacements. £28k rephased to 2019/20 the unspent budget on the replacement desktop and laptops. £3k brought forward from the transformation hardware budget in 2019/20 as additional spend in 2018/19.
<u>Director of Public Places</u>						
15 Riverside Replacement Equipment	30	0	-30	Rephasing of spend	-100.00%	Budget rephased to 2019/20 as equipment delivery delayed due to the later date for the completion of Riverside redevelopment works.
22 Riverside Plant Replacement	46	0	-46	Rephasing of spend	-100.00%	Budget rephased to 2019/20 as works to replace the LED lighting in the ice rink have been delayed due to the later completion date for the Riverside redevelopment works.
29 Parks Replacement Vehicles	171	124	-47	Rephasing of spend	-27.49%	Service Manager has rephased a further £47k for the acquisition of various vehicles and plant to 2019/20 as delivery has been delayed until April.
36 Bus Shelters	50	0	-50	Rephasing of spend	-100.00%	There has been a delay in procuring the bus shelters as the original company ceased trading. The work will not be completed until 2019/20.
43 Food Waste Collection Vehicles	199	0	-199	Rephasing of Spend	-100.00%	These vehicles did not achieve the agreed delivery date and therefore the budget has been rephased to 2019/20.
46 Disabled Facility Grants	650	546	-104	Underspend	-16.00%	There is always a difficulty in determining the spend against this budget as it is driven by referrals through Essex County Council. In order to facilitate the spending of the grant in future years, a contribution has been made to ECC from the 2018/19 budget for an additional Occupational Therapist to process applications.
47 PLACE Funding (Empty Homes)	0	125	125	Underspend	100.00%	The Council acts as bank to a consortium of Councils and therefore it is not always known when there may be a request for funding.
<u>2019/20</u>						
<u>Director of Corporate Services</u>						
I Digital Services Replacement Programme	692	662	-30	Underspend/Rephasing of spend/New budget	-4.34%	£25k rephased from 2018/19 see above for details and £78k removed from the budget for the replacement Financial Information System (FIS) as the spend for the licences has been recategorised as revenue. The service has also requested that an additional £23k budget is approved for replacement monitors. This will increase the current approved budget for monitors to £46k. The increased budget for monitors will be beneficial as it will complement the new desktop devices for all staff and will reduce the cost of resourcing the replacements. This budget had previously been forecast for 2020/21.
Ia Civica System Upgrade	0	36	36	New Budget		It has been identified that an upgrade to Civica is required before December 2019 as the current support will end in January 2020 due to issues with the server.
<u>Director of Public Places</u>						
11 Civic Centre Alarm	150	193	43	Overspend	28.67%	Service Manager has advised that the cost of the works is likely to increase.
11 Riverside Replacement Equipment	0	30	30	Rephasing of spend	100.00%	Details as above
22 Riverside Plant Replacement	0	44	44	Rephasing of spend	100.00%	Details as above

TREASURY MANAGEMENT OUTTURN 2018/19

1. On 1 July 2019, the Cabinet considered the attached report on the Treasury Management outturn for 2018/19. It had no particular comments on the outturn and, subject to any comments the Council might have, recommended that it be endorsed.

2. **RECOMMENDED TO THE COUNCIL**

That the Treasury Management Outturn for 2018/19 be endorsed.

CABINET
1 July 2019

AGENDA ITEM 6.2

Subject	TREASURY MANAGEMENT OUTTURN REPORT 2018/19
Report by	DIRECTOR OF FINANCIAL SERVICES

Enquiries contact: Phil Reeves, Accountancy Services Manager (01245 606562, phil.reeves@chelmsford.gov.uk)

Purpose

Under statute and the CIPFA Code of Practice on Treasury Management (“the Code”), Members are required to receive a report on the Treasury Management activities that took place in 2018/19.

Recommendation

That Cabinet endorse the contents of this report and requests that Full Council consider the information provided for the 2018/19 outturn.

Corporate Implications

Legal:	None
Financial:	As detailed in report.
Personnel:	None
Risk Management:	All treasury management activity requires a careful consideration of risk and reward.
Equalities and Diversity: (For new or revised policies or procedures has an equalities impact assessment been carried out? Y/N)	None
Health and Safety:	None
IT:	None
Other:	None

Consultees	Treasury Management Sub-Committee
-------------------	-----------------------------------

Policies and Strategies

The report takes into account the following policies and strategies of the Council:
Treasury Management Strategy 2018/19.

1. Introduction

- 1.1 Cabinet and Council are legally responsible for treasury management. The attached report enables Cabinet and Council to review treasury management activity for 2018/19 against the approved strategy for that year.
- 1.2 The report in **Appendix 1** complies with the CIPFA Code of Practice and relevant Government regulations.
- 1.3 Members of the Treasury Management Sub-Committee have reviewed the contents of the report and Treasury management activity for the year and recommended that the Cabinet consider endorsing it.
- 1.4 Cabinet is asked to review the Treasury Management Activity for the year as detailed in **Appendix 1** and recommend to Council to consider.

Other:	None

Consultees	None
-------------------	------

Policies and Strategies

The report considers the following policies and strategies of the Council:
Treasury Management Strategy 2018/19.

1. Introduction

- 1.1 The CIPFA Code of Practice for treasury management sets out the requirements for oversight by the Council of its treasury management operations. As part of the Code, the Council is required to receive an annual report on the performance of the treasury management function which highlights the effects of decisions taken and the circumstances of any non-compliance with the Code and the Council's Treasury Management Strategy.

2. Background

- 2.1 The Council can expect to have cash to invest arising from its revenue and capital balances, and collection of Council Tax. This cash can be usefully invested to produce a return to help support services and Council Tax. The activities around the management of this cash are known as 'Treasury Management'.

- 2.2 Treasury Management is defined by the Chartered Institute of Public Finance and Accountancy (CIPFA) as:

"The management of the local authority's investments and cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks"

- 2.3 CIPFA produce a framework for managing treasury activities, called a 'Code'. Councils are legally required to have regard to this Code and members of CIPFA are expected to comply with its requirements. This report fulfils the Authority's legal obligation under the *Local Government Act 2003* to have regard to both the CIPFA Code and the MHCLG Guidance.

- 2.4 The Council's investment priorities as required by Government regulations are in order of priority:
- (a) the security of capital
 - (b) the liquidity of its investments; and
when these are satisfied
 - (c) Yield.

- 2.5 The operation of Treasury Management is not without risk and the Council could suffer losses if one of its counterparties had financial difficulties.

2.6 The Council formally reviews its investment holdings in the following ways:

- Treasury Management Strategy report in February
- Treasury Outturn report in July
- A half year update in November
- Treasury Management sub-committee to monitor Treasury Activity during the financial year.

The review of the year's activities is set out in the following appendices:

Appendix A - Economic Environment update

Appendix B -Borrowing and Actual Investment Activity compared to the Approved 2018/19 strategy

Appendix C -Treasury Investment Prudential Indicators for 2018/19

3. Summary of Review

- 3.1 During the financial year, Treasury Management operated within the Council's Policies and Prudential Indicators.
- 3.2 The Council suffered no losses in 2018/19 but with low interest rates returns continued to be low. The Bank of England base rate was raised in August 2018 to 0.75%. This has increased the interest earned on instant access funds and on new fixed term investments.
- 3.3 The Council's investment holdings on the 31st March 2018 were £75.4m and £48.7m on 31st March 2019. The average investment balance during the year was higher than allowed for in the budget due to re-phasing of the capital programme.
- 3.4 Interest earnings from investments were some £0.82m, which was above the budget of £0.70m mainly because of higher than anticipated market interest rates and a higher average cash balance than expected.
- 3.5 The return on investments in 2018/19 was 1.04% compared to the budgeted rate of 0.92%.

4 Conclusions

- 4.1 It should be noted that the Council's Treasury Management has operated within approved parameters.

Appendix B -Borrowing and Actual Investment Activity compared to the Approved 2018/19 strategy

Appendix C -Treasury Investment and Prudential Indicators for 2018/19

Background Papers

Nil.

Appendix A – Economic Environment Update

Introduction

The amount of interest the Council earns on its balances is a function of the mix of fixed and variable rate investments made by the authority, together with the performance of the shares it holds in pooled investment funds such as the CCLA and Money Market Funds.

Therefore, the interplay of various economic factors including interest rate expectations, property prices and economic growth all affect the performance of the Council's investments.

Economic factors

The financial year 2018/19 saw steady, if restricted, UK economic growth and lower levels of inflation as the economy continued to be affected by uncertainty surrounding the UK's exit from the European Union.

The UK Bank of England base interest rate rose in August 2018 to 0.75%. Inflation year to March was 1.9%. Low levels of unemployment continued. Relatively sluggish growth and low inflation, together with the continued political uncertainty from China/US trade tensions and Brexit meant that many forecasters had pushed back expectations of further interest rate increases to early 2020.

This led to the Council's fixed and variable rate investments continuing to earn historically low levels of interest.

Property prices appeared to have stabilised following the volatility in 2016 in the immediate aftermath of the Brexit vote. This has influenced the valuation of the Council's investment in the CCLA Property Fund which increased by £0.1m in the year; taking the Council's unrealised gain to £1.7m on its initial investment. The income yield for the year was 4.33%, as measured against the current £6.7m market value.

Appendix B – Borrowing and Actual Investment Activity compared to the Approved Strategy for 2018/19

External borrowing

1. The Council became effectively debt free on the 16th September 2002, when it repaid all its PWLB debt. The Council therefore only has the freedom to borrow in the following circumstances:

- Short term borrowing to manage liquidity
- Long term borrowing only to fund capital expenditure if no other capital resources exist e.g. the Council has spent its capital receipts or expects to do so imminently

The Council did not need to borrow in 2018/19.

2. Finance leases must be shown as a type of permitted borrowing in the Council's Accounts and the Council now must declare that it has technically borrowed money when they are used. At 31st March 2019, the Council had repaid all its outstanding finance lease liabilities.

Investments

3. Officers with appropriate knowledge and training invest the Council's cash balances. Arlingclose are used as advisers on treasury management to help inform the decision-making process.

4. The Council's funds are invested in the following priority order, in accordance with statutory guidance:

- i) Security – protecting the capital sum invested from loss
- ii) Liquidity – ensuring the funds invested are available for expenditure when needed
- iii) Yield – subject to achieving proper security and liquidity, to pursue a yield on investments to support service provision

5. The Council uses cash-flow planning methods in order to manage its in-house investments. This allows officers to separate in-house funds in to two categories:

- Shorter term, lower yielding investments – these investments are invested for relatively short durations, normally 3-6 months, in order to ensure that the maturity profile of investments matches the peaks and troughs in the Council's liquidity needs – particularly for the final 2 months of the year where council tax income falls significantly due to the 10 monthly instalments most residents pay in.
- Longer term, higher yielding investments – these are investments of 'core cash' which the Council does not require for operational purposes within the short to medium term. These funds can be invested for a year or more in

appropriate counterparties in order to generate higher yields without causing liquidity issues.

6. During 2018/19 the Council's investment portfolio has reduced in size from £73.8m to £47.0m as a result of significant capital expenditure on Riverside and other capital projects.

Compliance with Treasury Management Strategy

7. A summary of the approved treasury management strategy, together with actual outcomes is presented below:

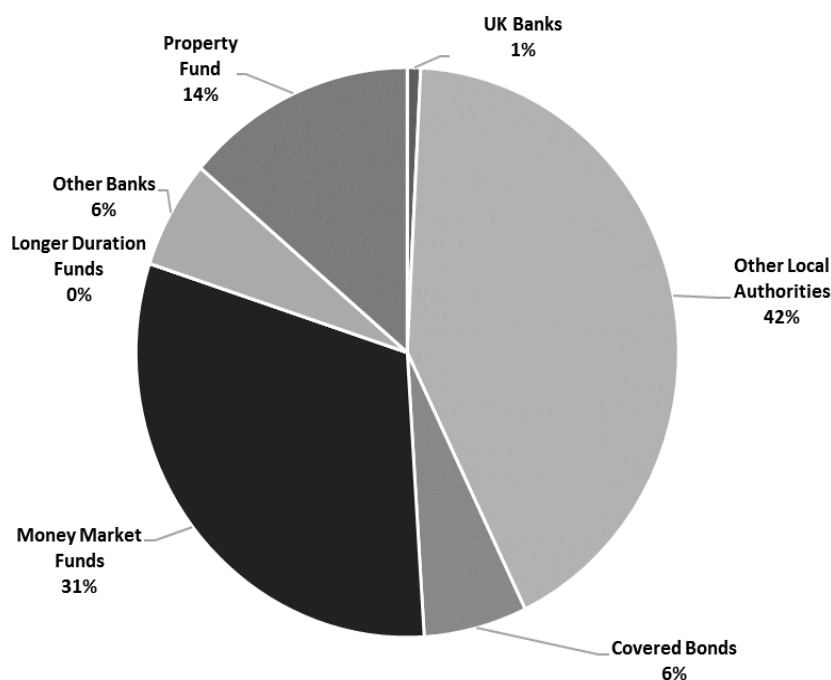

- | | |
|--|---|
| a. To ensure that there are no breaches of the approved counterparty limits or durations | No breaches occurred in 2018/19. |
| b. The option to invest up to £6m in mixed asset, bond funds or a second property fund | No further investments in longer term funds took place in 2018/19; work is on-going with respect to these. |
| c. To continue holding up to £8m (£5m initial investment plus a generous allowance for unrealised capital growth) investment in the CCLA Local Authority Property Fund | The CCLA enjoyed more modest capital appreciation of £103k in the financial year 18/19. This is in addition to £291k in dividend income. The Council's investment was valued at £6.72m as at 31 st March 2019. |
| d. Limit investments over 365 days in duration to £8m | Investments with a duration in excess of 365 days did not exceed £8m in the year. |
| e. Ensure that no more than 75% of the Council's Portfolio is invested for periods of greater than 3 months at any one time | No breach occurred. |
| f. In exceptional circumstances allow short borrowing on occasions to cover any liquidity shortfalls caused by the unexpected timing of payments or to avoid the opportunity costs of liquidating certain investments | No exceptional borrowing was required in 2018/19. Occasional liquidity shortfalls arising from urgent payments after the daily cut-off point for liquidity funds were managed via the Council's overdraft facility and corrected the following day. |

In 2018/19, the Council remained mindful of the risk of Bail-in losses from unsecured lending to banking counterparties. Most UK banks completed the process of ringfencing of their retail banking activities during 2018/19 and as a result, credit ratings improved or stabilised for some of the main UK banks.

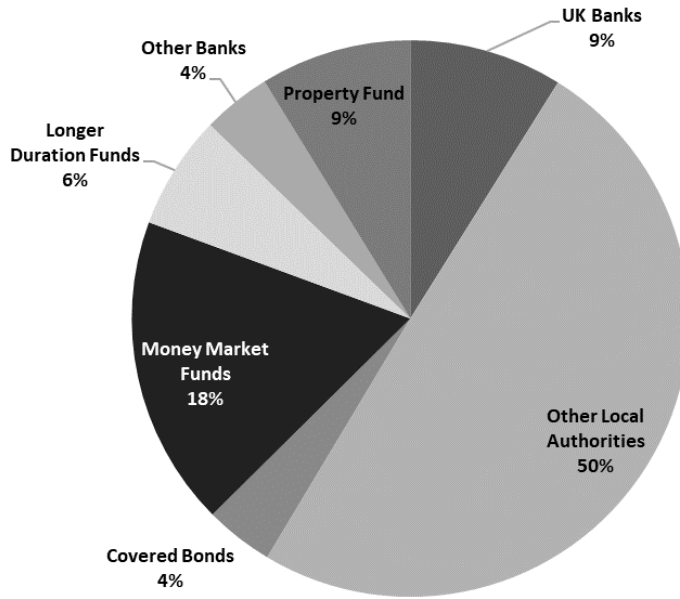

As at 31st March the Council's exposure to Bail In risk (direct lending to banks and building societies) was 7.21%, against 13% at the end of the previous financial year. Year ending exposure tends to be lower than the average exposure because, where possible, the Council takes advantage of higher rates offered by other local authorities in the final quarter of the year. In addition, the Council took precautionary measures against potential volatility in markets arising from the political negotiations around Brexit, towards the end of March and funds were kept in very liquid accounts to be placed with HM Government.

Exposure	2016/17	2017/18	2018/19
Bail In Risk	37%	13%	7%
Fund Managers and Money Market Funds	23%	25%	31%
Exempt from Bail In (including CCLA)	40%	62%	62%

<u>Fixed and Floating Bonds</u>		
FRN – Barclays	3,000,000	6,000,000
	<u>48,743,630</u>	

Return on investments

8. Whilst interest rates have increased marginally in the last 12 months, interest rates and returns on investment remain at near-historic lows. Consequently, returns remain below the prevailing inflation rate, resulting in negative real rates of return on funds invested.

Comparisons by Arlingclose out of 143 authorities (132 last year) show the City Council's returns remained in the second quartile for authorities in March 2019 (49th highest) compared to March 2018 (40th highest). This shows that comparative performance remains significantly lower in terms of total return ranking than its high point early in 2016 (22nd highest), and December 2015 (10th highest). Over this period many authorities have invested more extensively in property funds, bond funds, equity funds and mixed asset funds. Consequently, Chelmsford has moved further down the total return curve.

The LIBID (London Inter Bank Interest Rate) rates below show the interest levels that London based banks charge each other. These highlight the historically low levels of interest rates and provide context for the Council's own investment returns.

	Market investments (excluding CCLA)	CCLA Investment Yield	All Investments
	Year ending 31/03/2019		
Running yield	0.88%	4.33%	1.35%

Security

The Council suffered no loss of funds in 2018/19.

Conclusion

The Council has operated within its Treasury Management framework. This has enabled the Council to safeguard its financial assets and produce a good level of return relative to the prevailing market interest rates.

APPENDIX C

CHELMSFORD DRAFT LOCAL PLAN – APPROVAL OF MAIN MODIFICATIONS FOR CONSULTATION

1. On 1 July 2019, the Cabinet considered the attached report on the Main Modifications and changes to the Policy Map identified by the Inspector following the Independent Examination of Chelmsford's Draft Local Plan. (Please note that, to save paper, the appendices referred to are not copied with the report but are available with the agenda on the website.)
2. The following extracts from the minutes of the meeting summarise the main discussions at the Cabinet meeting on the report:

John Shennan Playing Field

“With regard to the removal of the John Shennan playing field site allocation, the Cabinet was informed that a shortfall of public open space in the Moulsham area had been identified. However, the reasoning behind the removal of the site allocation was because, as landowner, the Council was now not making the site available for development. As such, the Inspector was content to treat this as a Main Modification required to ensure the Plan was sound. There was also a sufficient buffer identified of housing development sites for the Local Plan to meet its overall housing requirement should the site allocation be removed which would ensure that the overall approach to housing delivery with the Local Plan remained sound.”

Sustainability

“In view of the growing recognition of the need for measures to deal with the threat of climate change, the Cabinet was asked whether it would agree that the Local Plan should include requirements that no new developments have connections to the gas supply and that they be required to cater for hydron gas powered vehicles. The Cabinet Member said that it was not the place of the Cabinet to revisit the Local Plan at this stage but to consider the Main Modifications. As it stood, the Local Plan required developers to pursue sustainable developments and the Council was restricted in what it was allowed to do by building regulations. The planning system and National Planning Policy Framework, however, were constantly evolving and further measures to promote sustainability could be expected. There would also be the opportunity to review the adopted Local Plan at regular intervals.”

3. The Cabinet had no particular comments on the Main Modifications and other changes recommended by the Inspector and

RECOMMENDED TO THE COUNCIL that

1. the Schedule of Main Modifications to the Pre-Submission Chelmsford Local Plan (Publication Draft) set out at Appendix 3 of the [report to the meeting](#) and the consequential changes to the Policies Map set out at Appendix 5a to 5d be approved and published for public consultation; and

2. the Director of Sustainable Communities and the Spatial Planning Services Manager be authorised to prepare and approve the necessary supporting statements, evidence and documentation which are required to enable and support the public consultation on the Main Modifications.

CABINET
1 July 2019

AGENDA ITEM 7.3

Subject	CHELMSFORD DRAFT LOCAL PLAN – APPROVAL OF MAIN MODIFICATIONS FOR CONSULTATION
Report by	CABINET MEMBER FOR GREENER CHELMSFORD

Enquiries contact: Jeremy Potter – Spatial Planning Services Manager
01245 606821 jeremy.potter@chelmsford.gov.uk

Purpose

This report seeks Cabinet to consider the Main Modifications to the Draft Chelmsford Local Plan, arising from the Independent Examination process, and recommend that Full Council approve these for public consultation.

Options

The following options are available to Cabinet:

- a) Agree the recommendations of the report with no amendments.
- b) Not agree the recommendations of the report and seek further modifications which will be subject to the agreement of the Planning Inspector appointed to examine the Chelmsford Draft Local Plan.

Recommendation(s)

1. That Cabinet consider the Schedule of Main Modifications to the Pre-Submission Chelmsford Local Plan (Publication Draft) set out at **Appendix 3** and the consequential changes to the Policies Map set out at **Appendix 5a to 5d** and recommend to Full Council that they are published for public consultation.
2. That Cabinet recommend to Full Council that the Director of Sustainable Communities and the Spatial Planning Services Manager are authorised to prepare and approve the necessary supporting statements, evidence and documentation which are required to enable and support the public consultation on the Main Modifications.

Corporate Implications	
Legal:	Compliance with Government requirements for the preparation of statutory Development Plan documents
Financial:	The preparation of a Local Plan is a major area of work, extending over a three-year period, and involves significant financial resources for Evidence Base preparation, Public Consultation, Sustainability Appraisal work, legal fees and Examination by the Planning Inspectorate. Current work is being met from the approved Budget for 2018/19.
Personnel:	None
Risk Management:	Potential risk of lack of sufficient housing land supply and potential Government intervention if the City Council does not progress a new Local Plan.
Equalities and Diversity	An Equality and Diversity Impact Assessment has been undertaken for the Council's emerging new Local Plan.
Health and Safety:	None
IT:	None
Other:	None

Consultees	This report has been prepared following consultation with other Directorates within the City Council and Essex County Council as a principal partner in this work.
-------------------	--

Policies and Strategies
<p>The report takes into account the following policies and strategies of the Council:</p> <p><u>Local Development Framework (LDF) Documents</u> Core Strategy and Development Control Policies - Adopted DPD Focused Review of Core Strategy and Development Control Policies – Adopted DPD Chelmsford Town Centre Area Action Plan - Adopted DPD North Chelmsford Area Action Plan – Adopted DPD Site Allocations Development Plan Document – Adopted DPD Planning Obligations SPD – Adopted SPD Duty to Co-operate Strategy – Adopted Strategy Statement of Community Involvement – Adopted and Draft Documents Local Development Scheme – Adopted Document</p> <p>The Chelmsford Local Development Framework takes into account all published strategies of the City Council, together with the Sustainable Community Strategy published by The Chelmsford Partnership.</p>

1. Introduction

- 1.1 This report is seeking the approval of Cabinet to recommend to Full Council that the Council publish for public consultation the Main Modifications to the Chelmsford Draft Local Plan (Local Plan for short).
- 1.2 At its meeting on the 6 June 2019, the Council's Chelmsford Policy Board considered a report that provided an update on the preparation of the Local Plan. The Board agreed the process for confirming the Main Modifications to the Local Plan and set out several matters that should be addressed in this report to Cabinet.

2 Context

- 2.1 The Local Plan is the statutory development plan, which sets out a spatial strategy for accommodating future development growth alongside the planning policies used to determine planning applications.
- 2.2 The Local Plan covers the period 2013-2036 and on adoption will replace the Council's adopted development plan documents contained within the Local Development Framework (LDF). The Local Plan allocations meets the need for 805 new homes and 725 new jobs per year which provides a good alignment of new homes and jobs. To keep the Local Plan up-to-date, there is a requirement for it to be reviewed within five years of its adoption.
- 2.3 As the Local Plan was submitted before 24 January 2019, it is being examined against the requirements of the National Planning Policy Framework (NPPF) 2012 as part of the Government's transitional arrangements.

3 Independent Examination of the Local Plan

- 3.1 Following three rounds of formal public consultation in the period 2015-18 and the agreement of Full Council at a special meeting on 19 June 2018, the Local Plan was submitted to the Secretary of State for independent examination on 30 June 2018. The Local Plan underwent three weeks of formal hearing sessions led by a Planning Inspector which concluded in December 2018.
- 3.2 Prior to the start of the examination hearing sessions, the Council made a formal request to the Inspector under section 20(7C) of the Planning and Compulsory Purchase Act 2004, that Main Modifications can be considered if they are required to make the Local Plan sound¹ and capable of adoption.
- 3.3 The documents submitted for Examination included the Local Plan itself (SD001) (which can be found at <https://www.chelmsford.gov.uk/planning-and-building-control/planning-policy-and-new-local-plan/new-local-plan/>) as well as a draft schedule of proposed Main and Additional Modifications (SD002 and SD003 which can be found under the 'Submission documents' tab at <https://www.chelmsford.gov.uk/planning-and-building-control/planning-policy-and-new-local-plan/new-local-plan/local-plan-examination/>).

¹ Soundness is defined at paragraph 182 of the National Planning Policy Framework (2012) as the Local Plan submitted before 24 January 2019.

- 3.4 Following the hearings, the Planning Inspector issued a Post-Hearing Advice Note in February 2019. In this advice note, the Inspector reached an interim conclusion that, subject to making necessary main modifications which she has identified, the Local Plan could be found 'sound'. The three key identified issues related to soundness were as follows:
- Remove criterion with Policy HO3 that limits new or extended Gypsy and Traveller and Travelling Showpeople sites to 10 pitches/plots;
 - Delete any reference to alterations to Green Belt boundaries, however minor or limited and amend the Policies Map accordingly;
 - Remove reference to Green Wedges being 'valued landscapes' in the context of paragraph 109 of the National Planning Policy Framework (NPPF) 2012 and remove the new Green Corridor notation.
- 3.5 Under the delegation granted by Full Council when the Local Plan was submitted for independent examination in June 2018, the Director of Sustainable Communities provided the Council's response to the Post Hearing Advice Note. This response confirmed that the Council would accept the Main Modifications to the Local Plan to make it 'sound' as identified by the Inspector. The Inspector's Post Hearing Advice Note and the Council's response are attached at **Appendix 1** and **Appendix 2** of this report.
- 3.6 There were also further Main Modifications identified by the Planning Inspector at the hearings which mainly comprise detailed policy wording which are also required for reasons of 'soundness'. These include the amended legal requirement to have a strategy in place that mitigates the impacts of new development on internationally protected wildlife sites on the Essex coast.
- 3.7 Main Modifications can only be proposed if they are required to make the Local Plan 'sound' and the issue should have already been discussed at the examination hearing sessions. Main modifications, where relevant, should also be shown on the policies map which accurately illustrates geographically the application of the policies within the Local Plan.
- 3.8 Other minor modifications, such as typographic errors and numbering changes are categorised as Additional Modifications which are not the subject of public consultation. However, it is good practice that they are published alongside the consultation on Main Modifications as a supporting document.
- 3.9 The proposed Schedules of Main Modifications, Additional Modifications and subsequent Mapping Changes are attached at **Appendices 3, 4 and 5**. It should be noted that these schedules supersede all previously published versions of the modifications schedules (SD002 and SD003) submitted as part of the Examination. All schedules should be read alongside the Pre-Submission version of the Local Plan (found at <https://www.chelmsford.gov.uk/planning-and-building-control/planning-policy-and-new-local-plan/new-local-plan/>) which is the version of the Local Plan they are seeking modifications to.

4 Matters arising from the Chelmsford Policy Board

- 4.1 Several key matters were raised by the Chelmsford Policy Board at its meeting on 6 June 2019 to be considered by Cabinet. These are set out below.

Mix of Dwelling Types and Sizes

- 4.2 The Board raised the issue of ensuring new residential development has an appropriate mix of types and sizes of new homes.
- 4.3 The Local Plan contains Policy HO1 – Size and Type of Housing. This policy requires that all new development over 10 dwellings provide an appropriate mix of dwelling types and sizes that contribute to current and future housing needs and create mixed communities. The reasoned justification of Policy HO1 provides an indicative mix of different sized homes which is informed by the Council's Strategic Housing Market Assessment (SHMA). This shows the greatest need is for two and three bedroom properties.
- 4.4 Policy HO1 (as amended by Main Modification MM65) also requires that half of new dwellings in new development over 10 dwellings are required to meet the optional higher Building Regulations to be accessible and adaptable. In addition, 5% of dwellings in new developments over 30 dwellings should be provided as self-build or custom build.
- 4.5 Policy HO2 – Affordable Housing and Rural Exception Sites of the Local Plan, sets out the requirement for 35% of new dwellings on sites of 11 or more homes and allows for small unallocated sites for rural affordable housing to come forward adjacent to Defined Settlements as an exception to the prevailing planning policy of constraint.
- 4.6 It is the Officers' view that the Local Plan provides a robust and evidence-based policy approach to ensure that new development contains a mix of dwelling types and sizes. The Council is producing a Planning Obligations Supplementary Planning Document (SPD) which will provide more detail on the implementation of relevant elements of these policies.
- 4.7 It is the Officers' view that the current plan and policies provide the appropriate means to address these concerns and accordingly recommend that no further modifications to the Local Plan are necessary in this regard.

Viability Assessments

- 4.8 The Board raised concern that following the adoption of the Local Plan, developers would be able to challenge the viability of new developments which could result in lower levels of affordable housing being achieved on sites.
- 4.9 The Local Plan has been subject to a viability assessment. This assessment demonstrates that the sites allocated for new development are viable, taking into account the cost of site infrastructure, planning policy and Section 106 requirements and the current rate of Community Infrastructure Levy (CIL).
- 4.10 The Government's Planning Practice Guidance (PPG) which supports the implementation of the NPPF states that where up-to-date planning policies in Local Plans have set out the policy requirements and level of contributions, then sites that are fully policy compliant should be assumed viable. Therefore, the

assumption is that new development proposals are viable and there is no need for any separate viability assessment. This is a relatively recent change which has been introduced. If viability assessments are submitted with planning applications, the weight to be given to them is a matter for the decision maker having regard to all the circumstances in the case.

- 4.11 At the examination hearing sessions, a number of participants representing developers and landowners sought a modification to the Local Plan's affordable housing policy (Policy HO2) to add the text 'where viable' after the 35% requirement. Officers have resisted this additional text for the reasons set out above and the Inspector has not recommended a Main Modification in this regard.
- 4.12 It is the Officers' view that the current plan and policies provide the appropriate means to address these concerns and accordingly recommend that no further modifications to the Local Plan are necessary in this regard.

Ground Floor Uses in Mixed-Use Developments

- 4.13 The Board raised the issue that ground floor commercial units in mixed use residential developments are difficult to let and remain empty for long periods.
- 4.14 Although, the policies of the Local Plan support mixed use development and promote active ground floor frontages, these frontages are limited to the main shopping and commercial areas within the City, Town and Neighbourhood areas as shown on the Policies Map. In other areas, development proposals will be considered on their individual merit.
- 4.15 It is the Officers' view that the current plan and policies provide the appropriate means to address these concerns and accordingly recommend that no further modifications to the Local Plan are necessary in this regard.

Infrastructure Phasing

- 4.16 The scope for influencing the optimum phasing of infrastructure was queried by the Board.
- 4.17 The NPPF places the provision of infrastructure at the heart of the planning process. The Local Plan includes two strategic policies (Policies S11 and S12) which address the infrastructure requirements required to support the delivery of the Local Plan. Each of the specific site allocation policies also cover the detailed infrastructure required to deliver each of the development allocations.
- 4.18 Section 106 agreements dictate the timing of infrastructure provision. The Infrastructure Delivery Plan (IDP) which supports infrastructure requirements set out within the Local Plan is a 'living document' which is regularly reviewed and updated to ensure the necessary infrastructure continues to be identified and can then be delivered through the Local Plan site allocations and future planning applications.
- 4.19 It is the Officers' view that the current plan and policies provide the appropriate means to address these concerns and accordingly recommend that no further modifications to the Local Plan are necessary in this regard.

Public Interest as a planning consideration

- 4.20 The Board raised the issue of how far the public interest is a planning consideration when the Council is considering the detail of planning proposals and masterplans.
- 4.21 When adopted the Local Plan is the legal starting point for all planning decision-making. Public interest can be a material consideration that can be considered in the overall balance when decisions are made. However, the Local Plan has been subject to extensive public consultation and is in the process of independent examination. The process of balancing competing needs and demands with the overall public interest in mind is at the heart of producing a Local Plan.
- 4.22 It is the Officers' view that the current plan and policies provide the appropriate means to address these concerns and accordingly recommend that no further modifications to the Local Plan are necessary in this regard.

Improvements to Waterways

- 4.23 The Board raised the new administration's desire to make the most of the waterways across Chelmsford's administrative area to help improve residents' health and wellbeing and provide attractive developments that embrace the value of the waterways.
- 4.24 The Local Plan recognises the importance of the river valleys and waterways as corridors of movement for people and wildlife and provides an attractive setting for new developments. In Chelmsford City Centre, where there is an interface between the waterways and proposed new development at Chelmer Waterside, Policy SGS1a makes specific reference to improvements to the Chelmer and Blackwater Navigation waterway infrastructure.
- 4.25 It is the Officers' view that the current plan and policies provide the appropriate means to address these concerns and accordingly recommend that no further modifications to the Local Plan are necessary in this regard.

Energy Efficiency and Renewables

- 4.26 The Board enquired how the Local Plan addressed optimal energy consumption and the use of renewable energy.
- 4.27 Throughout the Local Plan a number of policies promote sustainability in its widest sense. Most notably, in respect of the sustainable construction of new buildings, Policy MP3 requires all buildings to incorporate design features that reduce emissions and promote the use of natural resources, increase water efficiency and provide electric vehicle charging (EV) charging points to serve all new dwellings and non-residential buildings.
- 4.28 Non-residential developments more than 500sqm are required to achieve a minimum BREEAM rating of 'Very Good'. Policy MP3 of the submitted Local Plan sought for a further CO² reduction of 10% on top of Building Regulations for non-residential buildings. A Main Modification is proposed (MM84 in **Appendix 3**) which removes this requirement from Policy MP3. This is because the policy requirement to achieve BREEAM rating 'Very Good' achieves more than 10% reduction which makes this requirement unnecessary and contradictory.

- 4.29 Officers have investigated the option of increasing energy efficiency beyond Building Regulations for residential buildings and have consulted with other Councils on this matter. National planning policy is clear that local planning policies should not impose additional requirements on dwellings covering energy efficiency.
- 4.30 Officers have investigated a modification to require additional on-site renewable energy measures on dwellings in Policy MP3. Policy MP3 already sets out that all new dwellings should incorporate sustainable design features to reduce both CO² and NO² and the use of natural resources. The Council will be updating its Making Places SPD which will provide further guidance on how these measures can be achieved.
- 4.31 Adding any further policy requirements on residential development was not an issue that was raised or discussed as part of the examination hearing sessions. Furthermore, any such further requirements do not have an accompanying evidence base nor has the additional cost been tested through the Council's viability assessments of the Local Plan. Therefore, it is the Officers' view that further requirements could not be treated as a Main Modification to the Local Plan.
- 4.32 It is the Officers' view that the current plan and policies provide the appropriate means to address these concerns and accordingly recommend that no further modifications to the Local Plan are necessary in this regard.

Building Heights

- 4.33 The Board questioned whether there were adequate requirements on setting building heights within developments.
- 4.34 Outside the City Centre, the Local Plan does not contain a policy which specifies an upper or lower limit on building heights. Relevant planning and design policies within the Local Plan and an assessment of the impact of new development on the locality give the Council some control over the height of development, but it will also need to consider the recent relaxation of permitted development controls over extensions to existing buildings.
- 4.35 It is the Officers' view that the current plan and policies provide the appropriate means to address these concerns and accordingly recommend that no further modifications to the Local Plan are necessary in this regard.

Removal of Site SGS 1c Land North of Gloucester Avenue (John Shennan)

- 4.36 The Board questioned the suitability of the inclusion of Site SGS 1c Land North of Gloucester Avenue (the John Shennan playing field) due to the loss of open space in this locality. They questioned whether the Council could remove the site from the Local Plan without affecting its soundness and if this could be accommodated within the buffer for housing provision within the Plan.
- 4.37 The Local Plan recognises that there are some deficiencies in open space within this locality but that the development of this site could lead to increased quality of open space in the area. However, if the Council as landowner no longer wish to see the site allocated for development within the Local Plan, it is the Officers view that the site can be removed without affecting the soundness of the Local Plan and still retain a sufficient buffer for housing provision.

- 4.38 Development of this site would also provide an Early Years and Childcare nursery (EYC). Essex County Council as Education Authority have confirmed that EYC provision will continue to be sought through the use of Section 106 and CIL contributions from other development sites, expansion of existing facilities, and through new site opportunities where they arise.
- 4.39 For any development site to be included within the Local Plan it must be available for development and have a landowner who supports its redevelopment in order for it to be considered as a deliverable. The new administration at the Council has made clear that the site is now not available for development. Therefore, a Main Modification to remove the site allocation from the Local Plan is proposed (MM21 within **Appendix 3**).

5 The Main Modifications

- 5.1 The Schedule of Main and subsequent changes to the policies map are attached and **Appendix 3 and 5**. Although, not subject to consultation the Schedule of Additional Modifications are set out at **Appendix 4**. A summary of the key proposed modifications is summarised below.

Plan-wide Modifications

- 5.2
- The Green Corridors have been removed from the Local Plan in their entirety. This includes their removal from all Policies and the Policies Map.
 - All Green Belt boundaries on the Policies Map amended to reflect the existing boundaries within the current LDF.

Strategic Policy Modifications

- 5.3
- Amendments to the Spatial Principles (Policy S1)
 - Deletion of Policy S2 and S4
 - Additional requirements added to Policy S6 to ensure greater environmental protection measures are in place
 - Amendments to Policy S15 to reflect the new Standard Methodology to calculating housing need
 - Re-write of Policy S13 to condense the 'countryside' policies to reflect the removal of Green Corridors and the removal of any Green Belt boundary changes.

Site Allocations

- 5.4
- Additional requirement added to appropriate site policies to ensure contributions towards the Essex Recreational disturbance Avoidance and Mitigation Strategy (RAMS) are collected
 - Deletion of SGS 1b and 1c (Essex Police HQ and John Shennan field)
 - Amendment to site 1d (Former St Peters College) to clarify the contributions required to sport, leisure and recreation facilities
 - Amendments to the policy text and map notations to define the outer boundaries of SGS 2, 4 and 5a
 - Amendments to site 4 to include the removal of a requirement to safeguard the existing golf course and open space notation, new text in respect of approved plans relating to the Greater Beaulieu development currently under construction.

Development Management Policies

- 5.5
- Deletion of Policy CO1 (Countryside Policy) which is now merged with Policy S13
 - Expansion of Policy NE1 to ensure, where appropriate contributions towards the Essex Recreational disturbance Avoidance and Mitigation Strategy (RAMS) are collected
 - Expansion of Policy MP3 to include specific requirements in respect of EV charging points
 - Policy MP7 (provision of broadband) deleted.

Appendices to the Local Plan

- 5.6
- Deletion of Appendix D which carried forward elements of the existing NCAAP relating to the development of Greater Beaulieu Park. These are no longer needed as are covered by approved parameter plans which are now referred to in the Policy for SGS 4.
 - Additional appendix added to list the documents and policies which the new Local Plan will supersede once adopted.

6 Sustainability Appraisal (SA) and Habitats Regulations Assessment (HRA)

- 6.1
- There is a requirement for the Main Modifications to be the subject to SA and HRA. This has been undertaken by independent consultants Wood Environment and Infrastructure Solutions through new addendums to the original assessment submitted for examination alongside the Local Plan. The accompanying addendums to each document have subsequently been updated to reflect the proposed modifications to the Local Plan and supersede the previous addendums. The updated reports can be found at **Appendix 6** and **Appendix 7**.
- 6.2
- Both documents have considered the Main Modifications and whether the proposed changes alter the conclusions of the original SA and HRA.

Sustainability Appraisal (SA)

- 6.3
- To ensure that the Local Plan takes into account sustainability considerations, and to meet the Council's responsibilities under the SEA Directive, the updated Sustainability Appraisal (SA) addendum report has been prepared to screen and, where necessary, appraise, the Council's proposed Main Modifications to the draft Local Plan in order to update the 2018 SA Report.
- 6.4
- Within this addendum report the following components of the draft Local Plan, assessed as part of the 2018 SA Report (SD004 which can be found under the 'Submission documents' tab at <https://www.chelmsford.gov.uk/planning-and-building-control/planning-policy-and-new-local-plan/new-local-plan/local-plan-examination/>) have been re-appraised as appropriate in order to take into account those proposed modifications judged to be significant:
- the quantum of growth to be provided over the plan period (development requirements) and the distribution of that growth (the Spatial Strategy);
 - site allocations to deliver the development requirements across the three Growth Areas identified in the draft Local Plan; and
 - Local Plan policies including development requirements for proposed site allocations contained in Chapter 7 of the draft Local Plan.

- 6.5 No additional significant adverse effects have been identified through the appraisal of the proposed modifications. In a number of instances, however, the proposed modifications have been found to enhance a positive effect that was already identified as a significant positive effect. Modifications to the site specific policies contained in Chapter 7 of the draft Local Plan in particular have been found to enhance the performance of the policies when assessed against the SA objectives, particularly with regard to: biodiversity (SA Objective 1), reflecting the requirements for proposals to contribute towards mitigation identified in the Essex RAMS and the inclusion of further mitigation in respect of SSSIs in the City Area; water (SA Objective 8), due to requirements for waste water treatment provision in respect of sites at Great Leighs; and cultural heritage (SA Objective 13), due to the inclusion of reference to the conservation and enhancement of designated assets and/or specific heritage assets.
- 6.6 The Inspector had requested that the SA should consider whether the removal of Green Corridors from the Local Plan “would make any difference to the SA findings”. Section 3 of the report has demonstrated that the removal of Green Corridors does not affect the findings of the 2018 SA Report in terms of the cumulative effects of the draft Local Plan when assessed against the SA objectives, although there are some minor changes to the cumulative effects of the relevant subsection of the draft Local Plan. Overall, the changes do not affect the strong protection given to (inter alia) the Green Belt, Green Wedge and the Rural Area and no development is proposed in the areas formerly designated as Green Corridors.
- 6.7 Overall, the updated appraisal has confirmed that the conclusions of the 2018 SA Report (Section 6.1) remain valid in that:

“the majority of the SA objectives will experience positive effects as a result of the implementation of the policies and proposals contained in the Pre-Submission Local Plan. Whilst negative effects have also been identified against many of the SA objectives, particularly associated with proposed site allocations, the Pre-Submission Local Plan includes policies which seek to manage these effects such that significant adverse effects will be largely avoided.

Reasonable alternatives, in terms of development requirements, the Spatial Strategy and site allocations, have been considered as part of the SA of the Pre-Submission Local Plan and earlier plan development stages. The appraisal of these alternatives has demonstrated that, overall, the proposals of the Pre-Submission Local Plan perform similar to, or better than, the alternatives considered when assessed against the SA objectives.”

Habitats Regulations Assessment (HRA)

- 6.8 The updated Habitats Regulations Assessment (HRA) addendum summarises the review process and its findings and sets out the proposed conclusions of the HRA process. It does not repeat the baseline or assessments set out in the main HRA report, and should therefore be read in conjunction with the original HRA report (SD006 which can be found under the ‘Submission documents’ tab at <https://www.chelmsford.gov.uk/planning-and-building-control/planning-policy-and-new-local-plan/new-local-plan/local-plan-examination/>). The proposed modifications have been reviewed to determine whether they would:

- lead to any new effects on any European sites (alone or in combination) that have not been considered by the HRA to date; or
 - alter the magnitude (etc.) of any effects previously considered through the HRA, such that the proposed conclusions of the HRA (see Section 9 of the main report) are no longer valid.
- 6.9 The review also considers any new evidence that has become available since the examination hearings took place. The proposed modifications to the draft Local Plan do not affect the HRA conclusions outlined in the main HRA report, i.e.
- most aspects of the Local Plan will have no significant effects on any European sites, alone or in combination due to the absence of effect pathways; and
 - where effect pathways exist, appropriate policy-based mitigation measures have been incorporated into the plan policies to ensure that proposals coming forward under the Local Plan either avoid affecting European sites entirely (no significant effect) or will have no adverse effect on site integrity.
- 6.10 Therefore, additional assessment of the modifications against the Habitats Regulations is not required. It will remain necessary to review any further changes that are made to the Local Plan prior to adoption in order to ensure that the HRA conclusions remain robust, and a formal assessment conclusion against the requirements of Regulation 105 will be made on adoption; however, the current conclusion of the HRA process is that the Local Plan will have no adverse effects on the integrity of any European sites as a result of its implementation.

7 Consultation on the Modifications

- 7.1 After they are agreed, the next step is for the Schedules of Main Modifications and the subsequent Schedule of Policies Map changes to be published for consultation, to commence as soon as practicable. As part of this consultation the Schedule of Additional Modifications will also be published for information.
- 7.2 Effectively the Main Modifications consultation is a technical process on behalf of the Inspector which is undertaken by the Council. As such, Officers are not proposing to undertake consultation or engagement activities that took place before the Local Plan was submitted for examination. Ultimately it will be the Inspector who considers all the representations received to the consultation and who makes any further recommended modifications as a result.
- 7.3 All necessary statutory bodies and members of the public on the Local Plan consultation database will be notified of the consultation. The statutory consultation period is six weeks, but Officers propose to run the consultation from 1 August to 19 September. This would exceed the statutory six-week period which allows some additional time to take account of summer holidays for both staff to launch the consultation and consultees to respond. Pre-consultation communications will also be undertaken to provide advanced warning of the consultation period.
- 7.4 The timeframe would then allow the Inspector sufficient time to consider the representations received and incorporate her findings within her final report on the examination of the Local Plan. Subject to the Inspector's overall findings, Officers anticipate that the Local Plan could be adopted in late 2019.

8 Conclusion

- 8.1 The Local Plan provides an up-to-date statutory planning framework for all future planning decisions in Chelmsford. It has been the subject of extensive and wide-ranging consultation and independent examination over the past three years. Consultation on the Main Modifications is the final stage in this process to allow the Council to receive the Inspector's final report and for the Council to adopt the Local Plan.

APPENDIX 1

Examination into the soundness of the Chelmsford Local Plan

Inspector's Post Hearing Advice

Introduction

1. At this stage I consider that the Local Plan (LP) is a plan which could be found sound subject to main modifications (MMs). However, I have reached no final conclusions at this time. The MMs will be subject to consultation and I will reach my final conclusions taking representations into account.
2. During the hearing sessions a number of potential MMs were discussed and a list has been maintained by the Council. I will be commenting on this list in due course. In addition I indicated at the hearings that there were matters on which I would need to deliberate before I would be in a position to advise the Council as to whether any additional work or further MMs should be considered. This letter provides my views on those matters where I consider further MMs are necessary. It also sets out next steps and the administrative arrangements relating to all potential MMs.
3. I am only seeking comments from the Council on the contents of this letter and am not inviting any other responses. Any received by the Programme Officer will be immediately returned. I will detail my reasoning on all the main issues in my final report on the LP.

Further main modifications

Gypsy, traveller and travelling showpeople sites

4. Policy HO3 criterion A) iii requires that when considering planning applications for gypsy, traveller and travelling showpeople accommodation '*the capacity of the site does not exceed 10 pitches or plots*'. In relation to the sub-division of sites criterion B) iv states that this will be permitted if it '*does not result in a total of more than 10 pitches on a site*'. As discussed within the hearings I questioned this 10 pitch/plots restriction.
5. National planning policy for traveller sites requires that criteria based policies should be fair and effective in facilitating the traditional and nomadic life of travellers while respecting the interests of the settled community. The available evidence does not adequately demonstrate why sites should be restricted to 10 pitches or plots. Furthermore, the policy contains other criteria against which impact and scale of any proposals could be considered. For these reasons, and given the lack of evidence, criterion A) iii and B) iv are not justified and should be deleted.

Green belt

6. Paragraph 6.77 of the LP states that '*only minor and limited alterations to the green belt boundary are proposed*'. If changes are to be made to the green belt boundary, exceptional circumstances must be demonstrated. No such evidence is before me. Consequently, this wording must be deleted from the LP and set out as a MM. In addition, the green belt boundary alterations must be deleted from the policies map and set out in the proposed policies map changes document, including in map form. The Council may also wish to consider whether this results in the need for any further consequential changes to the LP or policies map.

Green wedges, green corridors and valued landscapes

7. I have considered the evidence base for the designation of green wedges and green corridors within the LP and their identification as valued landscapes.
8. In the case of green wedges the LP seeks to protect and enhance them for their openness and function as important green networks within and adjacent to the urban environment. Though set out in evidence and referred to by the Council in the hearings, their important role in preventing coalescence of urban areas is not made explicitly clear within relevant policies or the supporting text. Consequently, the Council should amend these to include this purpose, to ensure that the green wedge designation is clear and effective. This should be set out as a MM.
9. The Council has confirmed that the valued landscapes reference in the LP is in the context of paragraph 109 of the National Planning Policy Framework (the Framework). I recognise that the river valleys within and beyond the urban areas are important landscape and environmental features within the Chelmsford area, have a predominantly high sensitivity to change as set out within the Landscape Character Assessment (EB099) and are of value to local communities. However, this does not necessarily mean that they are valued landscapes in the context of the Framework.
10. Whilst I accept that the Framework does not prescribe how valued landscapes should be defined, an assessment, using suitable landscape and visual impact criteria, is a useful way of considering and demonstrating value. I note that the consultants who produced the Green Wedges and Green Corridors Review Report (EB094A and EB094B) were not tasked with assessing whether these areas are valued landscapes. No other assessment of these or any other landscape areas within the plan area has been carried out. Due to the lack of evidence, the valued landscape designation within the LP for both green wedges and green corridors is not justified.

11. As regards the green corridors, the available evidence does not adequately demonstrate why these areas require a separate landscape designation, and why they have been specifically identified when compared to the surrounding landscape. The purpose and function of these designations within the LP is not entirely clear, particularly when combined with my concerns about lack of justification for their identification as valued landscapes. Furthermore, these areas are within the open countryside and are already covered by either green belt or rural area designations. Some of the areas are also protected for their value for ecology and wildlife, heritage, and functional requirements including flood zones.

12. Consequently, in relation to my above concerns I suggest that the Council has two options:

Option 1 - To delete the green corridor designations and valued landscape references within the LP. The Council should carefully consider any implications of these changes for other relevant policies within the LP. These changes should be set out as MMs. In addition, changes to the submission policies map should be set out in a separate schedule, to include maps, as this will need to be consulted on alongside the MMs.

Option 2 - To re-visit the green corridor evidence and designations now and produce an assessment on valued landscapes. This would require a pause of the examination until the additional work and consultation on it is completed. It may also be necessary to hear evidence on these matters at a further hearing session. Inevitably this would result in a delay to the examination.

13. If the Council decides to pursue option 1, it would be able to re-visit these issues when it next updates the plan.

Sustainability appraisal

14. The sustainability appraisal (SA) refers to green corridor designations as a reason for rejecting development. Should the green corridors be removed from the LP it may be necessary to consider whether this would make any difference to the SA findings. Whilst the actual landscape attributes and effects of development on landscapes would be the same, it is not clear what affect, if any, the removal of this designation would have on such factors as the weighting to be given to protection from development? The Council may wish to consider this matter further.

15. The Council should also satisfy themselves that they have met the requirements for SA in relation to the other potential MMs, as appropriate. I will need to see a draft of any SA addendum or update and may have comments on it. This should be published as part of the future MMs public consultation.

Next steps

16. The Council should now consider their options in relation to green corridors and valued landscapes and inform me of their decision by **22 February 2019**. If option 2 is chosen, then details of the work required and timescales necessary to undertake the additional work should be clearly set out in a work programme. This should be submitted to me through the Programme Officer by the above date.
17. If the option to remove the green corridor designations and valued landscape references is chosen, the Council should prepare the further MMs highlighted in this letter and incorporate them into a consolidated schedule of all the potential MMs. The Council should also consider the need for any consequential changes to the LP and from the submission policies map that might be required in connection with any potential MMs. Any changes to the submission policies map should be set out in a separate schedule, including in map form.
18. I will need to see the draft MM schedule and may have further comments on it. I will also need to agree the final version along with any proposed map changes before these are made available for public consultation. For clarity and to avoid an excessive number of MMs, it is best to group all the changes to a single policy together with any consequential changes to the supporting text as one MM wherever possible.
19. The Council has proposed some other changes to the LP. Except for those I consider should be defined as potential MMs, any other changes which are not necessary for soundness are *additional modifications* and are a matter solely for the Council. I will advise the Council which of the changes they have advanced are actually AMs in due course. If the Council intends to publicise or consult on them it should be made clear that such changes are not a matter for me to consider. Furthermore, the MMs are put forward without prejudice to my final conclusions.
20. The general expectation is that issues raised on the consultation of the draft MMs will be considered through the written representations process and further hearing sessions will only be scheduled exceptionally.

21. I look forward to receiving the Council's response by **22 February 2019**.
If there are any queries or matters that require clarification, please
contact me through the Programme Officer.

Yvonne Wright, Planning Inspector

8 February 2019

Yvonne Wright - Planning Inspector

Director of Sustainable Communities
Civic Centre
Duke Street
Chelmsford
Essex,
CM1 1JE

21 February 2019

Dear Madam Inspector

Response to Inspectors Post Hearing Advice Letter (PHAL)

Further to your PHAL dated 8 February 2019, I write to advise that the Council has considered the contents of the letter and agreed the following actions in respect of the further Main Modifications identified.

Gypsy, Traveller and Travelling Showpeople Sites

It is agreed that criterion A) iii and B) iv of Policy HO3, which limit new or extended Gypsy, Traveller and Travelling Showpeople sites to a maximum of 10 pitches/plots, should be removed as there is currently not sufficient evidence to support this requirement, however the Council agrees the policy contains other criteria against which the impact and scale of proposals could be considered. The Council will add this change to the draft Main Modification Schedule for your consideration.

Green Belt

The wording '*only minor and limited alterations to the green belt boundary are proposed*' which appears in paragraph 6.77 of the Local Plan will be amended to make clear that no alterations to the Green Belt boundaries are proposed. To ensure the policy boundaries are co-terminus, it is proposed that the amendments to the Urban Area and Defined Settlement boundaries set out on the Submission Policies Map where they adjoin the Green Belt and have resulted in a consequential change to the Green Belt boundary, revert to the boundaries on the Site Allocations DPD Proposals Map adopted in 2012. These proposed Main Modifications ensure that the Green Belt boundaries also revert to those adopted on the Site Allocations DPD Proposals Map. The Council will add this change to the draft Main Modification Schedule and include consequential mapping changes within the Policies Map Modification Schedule for your consideration.

Green Wedges, Green Corridors and Valued Landscapes

In accordance with Option 1, Green Corridors will be removed from the Plan as a designation, and reference to Green Wedges being considered as 'valued landscapes' will be deleted. The Council will add these changes and any consequential modifications to the draft Main Modification Schedule and also include consequential mapping changes within the Policies Map Modification Schedule for your consideration.

Sustainability Appraisal (SA)

The Council's consultant will update the SA to re-assess the impact of all the main modifications. The SA update will be undertaken once the full scope of the main modifications is agreed. Once complete, the Council will make the draft SA update available for your consideration.

Next Steps

In accordance with your advice the Council are in the process of assessing the implications the above changes have on the policies, designations and maps contained within the Local Plan. These will be reflected in the main modifications, additional modifications, and policies map schedules which will be submitted to you in draft for your agreement in due course

For your information, it is the Council's intention to publish the additional modifications and policies map schedule of changes alongside the main modifications consultation as it aids clarity. It will however be made clear that these are not the subject of consultation and are not for your consideration.

I trust this approach is acceptable to you.

Yours sincerely

David Green
Director of Sustainable Communities

DRAFT Schedule of Proposed Main Modification

The Inspector is examining the Chelmsford City Council Local Plan as submitted by the Council on 29 June 2018. However, there are further opportunities to make changes during the Examination process, before the Local Plan is adopted. Under Section 20(7) of the Planning and Compulsory Purchase Act (2004), as revised by Section 112 of the Localism Act (2011) modifications are either classified as "main" or "additional" modifications.

“Main Modifications” are required to resolve issues in order to make the Local Plan sound (paragraph 182 of the Framework) or to ensure its legal compliance. They involve changes or insertions to policies and text that are essential to enable the Plan to be adopted. Main Modifications are therefore significant changes that have an impact on the implementation of a policy.

“Additional Modifications” are of a more minor nature and do not materially affect the policies set out in the Chelmsford Local Plan. Additional modifications mainly relate to points where a need has been identified to clarify the text, include updated facts, or make typographical or grammatical revisions which improve the readability of the Local Plan.

This schedule sets out Main Modifications proposed by the Council. It will be the subject of consultation from 1 August to 19 September 2019. The Inspector will take into account the responses to the consultation before finally concluding whether or not a change along the lines of the modifications is required to make the plan sound. These proposed Main Modifications are put forward without prejudice to the Inspector’s final conclusions on the Local Plan.

A separate Schedule has been produced for the Proposed Additional Modifications. In addition, a further separate Schedule of Proposed Modifications to the Policies Map to reflect some of the Main Modifications proposed in this schedule has been prepared. This includes the changes in map form.

New text is shown as underlined. Deleted text is shown as ~~strikethrough~~. Actions are shown in *italic*.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
MM1	1.5	<p><i>Amend para 1.5:</i> This new Local Plan will outline the strategic priorities and long-term vision for Chelmsford and identify locations for delivering housing and other strategic development needs such as employment, retail, leisure, community and transport development. It contains a Spatial Strategy to deliver this vision. This will <u>Plan sets</u> out the amount and location of new development, and how places will change and be shaped throughout the Local Plan period and beyond.</p> <p><i>Add to end of para 1.5:</i> <u>The Local Plan together with the adopted Minerals and Waste Local Plans and any adopted Neighbourhood Plans form the development plan for the area. Planning applications will be determined against the Development Plan, unless material considerations deem otherwise. The Local Plan policies should be read as a whole and alongside the National Planning Policy Framework (NPPF).</u></p> <p><u>The Local Plan supersedes previous Development Plan Documents and Policies. A schedule of these is included at Appendix # of this document.</u></p> <p><u>The Local Plan includes site allocation policies for future development including Strategic Growth Sites and Growth Sites. All site allocation policies within the Local Plan are also classified as Strategic Policies.</u></p> <p><i>Insert a new Appendix #: Schedule of Superseded Documents and Policies (as set out in Annex 1).</i></p>	For clarity and effectiveness for the purpose of the policies in the Local Plan and to comply with Regulation 8 (5) of the Town and Country Planning (Local Planning) (England) Regulations 2012
MM2	Paras 2.25, 7.18, 7.232	<i>Delete reference to Green Corridor(s) and make the consequential grammatical amendments to paragraph 2.25, 7.18 and 7.232</i>	To ensure the Plan is justified, the Green Corridor designation is to be deleted from the Plan. (See also MM71, MM73,

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
			MM74, MM75 and MM76 where policy changes are to be made)
MM3	Strategic Priority 7	<p><i>Amend title to:</i> Strategic Priority 7 – Protecting and enhancing the Natural, Historic Environment, <u>and</u> the Green Belt and valued landscapes</p>	To ensure the Plan is justified, the valued landscapes designation/reference is to be deleted from the Plan. (See also MM4 and MM13 where other policy changes are to be made)
MM4	Policy S1 and paras 4.4 - 4.18	<p><i>Amend Policy S1 as follows:</i> The Council will apply the following guiding Spatial Principles to deliver the Strategic Priorities and Vision in order to underpin the Spatial Strategy: <u>The Council will require all new development to accord with the following spatial principles where relevant:</u></p> <ul style="list-style-type: none"> • Maximise <u>Optimise</u> the use of suitable previously developed land for development • Continue the renewal of Chelmsford City Centre and its <u>the</u> Urban Area • Locate development at well-connected <u>and</u> sustainable locations • Locate development to avoid or manage flood risk • Protect the Green Belt • Protect and enhance <u>Respect</u> the character <u>and</u> appearance of <u>landscapes and the built environment, of valued landscapes, heritage and preserve or enhance the historic environment and biodiversity</u> • Respect the pattern and hierarchy of existing settlements <u>Focus</u> development at the higher order settlements outside the Green Belt <u>and respect the existing development pattern and hierarchy of other settlements</u> • Ensure development is deliverable • Ensure new development is served by necessary infrastructure 	To provide clarity for decision making. It also ensures effectiveness and consistency with other policies. There are also consequential changes to the reasoned justification following changes to Policy S1 and to clarify implementation of the policy.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<ul style="list-style-type: none"> • Use development to secure new infrastructure <u>Utilise existing and planned infrastructure effectively</u> • Plan for the longer term <p><i>Rename or delete titles in reasoned justification to reflect changes to Policy S1.</i></p> <p><i>Add final sentence to paragraph 4.4: They will be applied as relevant to all development proposals and related applications.</i></p> <p><i>Replace para 4.13 with: Chelmsford contains a number of rich and varied landscapes and new development proposals will need to respect their character and appearance and their role for wildlife and increasing biodiversity. The river valleys where they permeate into Chelmsford's Urban Area have a unique role and function and are identified as the Green Wedge. New development proposals will also need to respond to the character and appearance of the built environment in particular to preserve or enhance the historic environment.</i></p> <p><i>Delete paragraph 4.18</i></p>	
MM5	Policy S2 and paras 5.4-5.6	<i>Delete Policy S2 and paragraphs 5.4-5.6</i>	This policy and reasoned justification is to be removed to ensure there is consistency with national planning policy and effectiveness of the plan. It was based on the 'model policy' which is no longer a requirement for Local Plans.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
MM6	Policy S4 and paras 5.15-5.17	<i>Delete Policy S4 and paragraphs 5.15-5.17</i>	This policy and reasoned justification is to be removed as it does not provide a clear purpose or indication of how this policy can be applied to decision making when reacting to a development proposal. Change ensures the plan is effective. See also MM13.
MM7	Policy S5 5.18-5.25	<p><i>Amend Policy S5:</i></p> <p><u>The Council will protect conserve and where appropriate enhance the historic environment recognising the positive contribution it makes to the character and distinctiveness of Chelmsford through the diversity and quality of heritage assets. This includes wider social, cultural, economic and environmental benefits.</u></p> <p><u>The Council will designate and keep under review Conservation Areas in order to protect preserve and where opportunities arise enhance their special architectural or historic interest and will seek to protect and enhance the character and setting of Listed Buildings, Scheduled Monuments and Registered Parks and Gardens with an emphasis on retaining and where appropriate improving the buildings and/or features that make a positive contribution to their character or appearance.</u></p> <p><u>The Council will conserve and where appropriate enhance the character and setting of Listed Buildings, Scheduled Monuments and Registered Parks and Gardens with an emphasis on preserving and where appropriate enriching the social, cultural, economic and environmental benefits that these heritage assets provide.</u></p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><u>The Council maintains a buildings at risk register which includes designated and non-designated heritage assets. The Council will seek their protection, conservation, and where appropriate and important to their significance, re-use and/or enhancement.</u></p> <p>When assessing applications for development, there will be a presumption in favour of the Council will place great weight on the preservation and or enhancement of designated heritage assets and their setting. The Council will encourage applicants to put heritage assets to viable and appropriate use, to secure their future protection <u>preservation and where appropriate enhancement, as appropriate to their significance. Policy HE1 sets out how the Council will consider proposals affecting the different types of designated heritage assets and their significance.</u></p> <p>The Council will seek to protect <u>conserve and where appropriate enhance</u> the significance of non-designated heritage assets and their settings, including which includes buildings, structures, features, gardens of local interest, and protected lanes and archaeological sites. <u>Policy HE2 sets out the Council's approach to the protection and retention of these assets. Chelmsford contains a number of sites of archaeological importance. As set out in Policy HE3, the Council will seek the preservation and where appropriate the enhancement of sites and their setting of archaeological interest.</u></p> <p><i>Replace paras 5.18-5.25 with:</i> <u>Chelmsford has a rich and diverse heritage. It has many heritage assets which are worthy of protection for their significance and for their contribution to the special character Chelmsford. Within Chelmsford's administrative area there are 1,010 listed buildings. There are also 25 Conservation Areas, 19</u></p>	

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><u>Ancient Monuments, and 6 Registered Parks and Gardens all of which are shown on the Policies Map. With the exception of Conservation Areas these Designated Heritage Assets are identified within the National Heritage List for England.</u></p> <p><u>Buildings are listed on the basis of their special architectural or historic interest. These buildings are subject to special planning controls over their demolition, partial demolition, alteration or extension in any manner which affects their special character. Within Chelmsford there are a high number of timber frame buildings from the fourteenth-seventeenth centuries reflecting the property of area in this period and displaying vernacular building techniques, notably within the rural areas and village centres, such as Stock, Writtle, Boreham and Great Waltham. The survival of vernacular buildings across the administrative area contributes to its distinctiveness. There are 64 Grade I and II* listed buildings, including medieval parish churches, structures at Pleshey Castle, Henry VIII's palace at New Hall, country houses (such as Langleys, Leez Priory and Boreham House) and exceptionally complete timber frame buildings.</u></p> <p><u>Conservation Areas are designated under the Planning (Listed Building and Conservation Areas) Act 1990. Conservation Areas are defined and designated by the Council. They are areas of special architectural or historic interest where the Council has a statutory duty to preserve or enhance their character or appearance. The Council will produce character appraisals and management plans for its Conservation Area. 5 Conservation Areas cover the City Centre, 17 historic village centres, St Johns Hospital and John Keene Alms houses and are designated for their special character.</u></p>	

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><u>The Chelmer and Blackwater Navigation is also designated as a Conservation Area. This historic waterway, which extends through Braintree and Maldon districts, resulted in Chelmsford’s expansion and development as an industrial centre from the late eighteenth century. It is significant for its structures, including 13 locks, landscape character, leisure and recreational value.</u></p> <p><u>There are 6 Registered Parks and Gardens, including 800m long Avenue at New Hall, the rare ‘canal’ water feature at Boreham House and the Humphry Repton landscape at Hylands Park. The public parks at Hylands and Danbury have an important role in the distinctness of Chelmsford and social well-being. They also contribute to the local economy through organised events and formal and informal recreation. The Council recognises that Registered Parks and Gardens should be protected.</u></p> <p><u>Archaeological and/or historical features represent a finite and non-renewable resource that are vulnerable to damage and destruction. Any works to Scheduled Monuments require the consent of the Secretary of State. There are 19 Scheduled Monuments, including a number of moated sites, Roman villas, the Iron Age Hillfort at Danbury, the late twelfth century earthwork castle at Pleshey and medieval salt works at South Woodham Ferrers. The Essex Site and Monument Record records over 2,500 archaeological sites in Chelmsford.</u></p> <p><u>In addition to designated heritage assets, Chelmsford has many non-designated assets which are worthy of protection and conservation for their architectural, townscape, landscape or historic interest. The Council will continue to update a list of heritage assets which have local value. This is titled Buildings of Local Value and includes buildings, structures or features of local architectural or historic interest which make a positive contribution to</u></p>	

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><u>their locality. 509 buildings are included on the current list of Register of Buildings of Local Value, and 12 sites identified on the Inventory of Design Landscapes of Local Interest prepared by the Essex Gardens Trust. Both the designated and non designated heritage assets reflect the expansion of Chelmsford as a manufacturing and technology centre in the early twentieth century, when Hoffmans, Marconi, Crompton’s were located in the town.</u></p> <p><u>The Council maintains a buildings at risk register (including designated and non-designated heritage assets) and proactively works to seek their protection and conservation. Sustaining appropriate uses is part of a strategy to ensure their conservation and their economic contribution. The 2019 at risk register includes 12 entries. In determining planning applications, the Council will take account of the desirability of sustaining and promoting opportunities to enhancing the significance of both designated and non-designated assets and their setting.</u></p> <p><u>There are a number of country lanes and byways which are of historic and landscape value, and which make an important contribution to the rural character of certain areas, as set out in the Essex County Council Protected Lanes Studies. The Council intends to protect these lanes and byways by preserving, as far as possible, the trees and hedgerows, banks, ditches and verges which contribute to their character, and by resisting development proposals which have a detrimental effect upon them.</u></p> <p><u>The role of historic assets can also contribute towards the area's wider green infrastructure network, to local character and distinctiveness, and the economy. The council will seek opportunities to promote the local distinctiveness of Chelmsford through heritage interpretation, blue plaques and public art.</u></p>	

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
MM8	Policy S6 and para 5.27, 5.31 and 5.33	<p><i>Amend second para of Policy S6:</i></p> <p><u>The needs and potential of biodiversity will be considered together with those of natural, historic and farming landscapes, the promotion of health and wellbeing, sustainable travel, water management including water resources, and climate change adaptation.</u></p> <p><i>Add to end of Policy S6:</i></p> <p><u>The Council will ensure that new development seeks to improve water-related biodiversity taking account of Water Framework Directive objectives and River Basin Management Plan actions.</u></p> <p><u>The Council will seek to minimise the loss of the best and most versatile agricultural land (Grades 1, 2 and 3a) to major new development.</u></p> <p><u>Where appropriate, contributions from developments will be secured towards mitigation measures identified in the Essex Recreational disturbance Avoidance and Mitigation Strategy (RAMS) which will be completed by the time the Local Plan is adopted. Prior to RAMS completion, the authority will seek contributions, where appropriate, from proposed residential development to deliver all measures identified (including strategic measures) through project level HRAs, or otherwise, to mitigate any recreational disturbance impacts in compliance with the Habitat Regulations and Habitats Directive.</u></p> <p><u>Where appropriate, contributions from proposed residential developments will be secured towards recreational mitigation measures at Hatfield Forest Site of Special Scientific Interest (SSSI) and National Nature Reserve (NNR).</u></p> <p><i>Add new para after 5.27:</i></p>	To ensure the policy is effective and is consistent with national policy.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><u>New development should minimise pollution on the natural environment including potential light pollution from glare and spillage on intrinsically dark landscapes and nature conservation.</u></p> <p><i>Add new penultimate sentence to para 5.31:</i> <u>In addition, new development should seek to improve water-related biodiversity taking account of Water Framework Directive objectives and River Basin Management Plan actions.</u></p> <p><i>Add two new paras after 5.33:</i> <u>Natural England and the National Trust is formulating a package of on-site Strategic Access Management Measures (SAMM) for the Hatfield Forest Site of Special Scientific Interest (SSSI) and National Nature Reserve (NNR). The SAMM will describe a range of mitigation measures available to offset the recreational impacts from proposed new housing development within the Hatfield Forest Zones of Influence. Ahead of the SAMM being finalised, financial contributions may be sought towards mitigation measures on larger residential development proposals of 50 or more units in consultation with Natural England and the National Trust. At this stage, a small area in the north-west of CCC's administrative area falls within the Zone of Influences. None of the residential site allocations allocated within this Local Plan are within these Zones of Influence.</u></p> <p><u>The Council recognises the importance of the best and most versatile agricultural land. This is defined as Grades 1, 2 and 3a, by the Department of Environment, Farming and Rural Affairs (DEFRA), and is recognised as a national resource for the future. Effective use of brownfield land of low environmental value will be encouraged to minimise the loss of higher quality agricultural land. Furthermore the Council will seek the provision of high</u></p>	

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<u>quality green infrastructure will protect, enhance and create wildlife corridors to maintain ecological connectivity when greenfield land will be lost.</u>	
MM9	Policy S8	<p><i>Amend Policy S8 as follows:</i></p> <p>The Council will make provision for the following new development requirements:</p> <p>A. HOUSING</p> <p>In order to meet the full objectively-assessed housing need in the period 2013-2036, provision is made for a minimum of 18,515 net new homes at an average annual rate of 805 net new homes per-year.</p> <p>Housing completions and outstanding commitments total 11,408 new homes. To ensure flexibility in delivery and help significantly boost housing supply over the Plan period, the Local Plan provides for a total of 21,893 new homes. This represents nearly 20% more homes than the total objectively assessed housing need.</p> <p><i>Delete the housing table from the policy and move to the supporting text. Delete the other tables from the policy</i></p> <p><i>B: Employment and Retail:</i></p> <p><i>Delete first para and replace with:</i></p> <p><u>In order to meet the forecast growth in total employment of 725 jobs per annum in 2013-36, the plan allocates development sites to accommodate a minimum of 55,000 sqm of new business floorspace (Use Classes B1-B8), in addition to existing commitments.</u></p> <p><i>Amend second para:</i></p> <p>Provision is made to meet the need for additional <u>In order to meet future convenience retail floorspace of growth, the plan makes provision for</u></p>	<p>Part A – Text is deleted and table moved to Reasoned Justification as it does not provide a clear purpose or indication of how this policy can be applied to decision making when reacting to a development proposal. Therefore, this is not a policy requirement. Change ensures the plan is effective.</p> <p>Part B – Text changes ensure the Local Plan is positively prepared, aligns employment land need and provision with the plan period, 2013-36 (as the previous version considered the period 2014-36). It also makes clear that objectively assessed need relates to employment land (the need is derived from the forecast job growth of 725 jobs per year, which is not an objectively assessed need for development in the meaning of the NPPF and PPG).</p> <p>It also clarifies the provision for 11,500sq m floorspace in line with the Retail Capacity Study 2015.</p>

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification										
		11,500 sq m of floorspace either within the City Centre or Designated Centres within Chelmsford's Urban Area and additional convenience retail floorspace of 1,900 sq m at South Woodham Ferrers.											
MM10	6.7 to 6.9, Strategic Policy S15 Monitoring and Review, 6.90 and 6.91	<p><i>Delete paras 6.7 to 6.9</i></p> <p><i>Delete final sentence of Policy S15</i></p> <p><i>Delete paras 6.90 and 6.91</i></p>	This text is not relevant for this Local Plan due to transitional arrangements under the NPPF										
MM11	6.11, 6.12, 6.13, 6.14 and 6.16	<p><i>Amend para 6.11 as follows:</i></p> <p>When taking the supply buffer into account, provision is made for a total of 21,893 <u>21,843</u> new homes in the period 2013-2036. When considering existing housing completions (3,090 <u>5,348</u>), <u>existing sites with planning permission and a windfall allowance for the period 2019 -2024 (5,399+317), existing commitments with and without planning permission (8,098 + 220), and a windfall allowance of 1,200 for 2024-2036, 20223-36 (1,4300), the residual New Local Plan Allocations requirement for the period to 2036 is 9,085</u> <u>9,579</u> new homes:</p> <table border="1" data-bbox="584 1034 1375 1364"> <thead> <tr> <th>Housing</th> <th>Net new homes</th> </tr> </thead> <tbody> <tr> <td>Completions 2013-20179</td> <td>3,090 <u>5,348*</u></td> </tr> <tr> <td>Existing Commitments <u>Sites with planning permission (excludes new Local Plan sites) (including windfall allowance for the period 20179 – 224)</u></td> <td>8,098 <u>5,716</u></td> </tr> <tr> <td>SUB-TOTAL</td> <td>11,408 <u>11,064</u></td> </tr> <tr> <td>New Local Plan Allocations</td> <td>9,085 <u>9,579</u></td> </tr> </tbody> </table>	Housing	Net new homes	Completions 2013-20179	3,090 <u>5,348*</u>	Existing Commitments <u>Sites with planning permission (excludes new Local Plan sites) (including windfall allowance for the period 20179 – 224)</u>	8,098 <u>5,716</u>	SUB-TOTAL	11,408 <u>11,064</u>	New Local Plan Allocations	9,085 <u>9,579</u>	Change to reflect the latest position and to ensure the plan is effective. This information is not relevant to the Reasoned Justification to Policy S8 and the Council's position is explained in the Housing Implementation Strategy.
Housing	Net new homes												
Completions 2013-20179	3,090 <u>5,348*</u>												
Existing Commitments <u>Sites with planning permission (excludes new Local Plan sites) (including windfall allowance for the period 20179 – 224)</u>	8,098 <u>5,716</u>

These changes provide clarification about the role and importance of community inclusion and community-led planning including the production of Neighbourhood Plans.</p>

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p>Amend second to last paragraph of Policy S9: New development will be delivered in a manner that phased according to deliverability and identified need to support a five year rolling supply of specific deliverable housing sites and to ensures the timely provision of <u>new necessary supporting infrastructure</u>. Strategic Growth Sites will be delivered in accordance with masterplans to be approved by the Council.</p> <p><i>Figure 8: Key Diagram – make the following amendments: Update site numbers once final numbering is agreed. Renumber sites EC1 to EC5 to reflect the change of status to Strategic Growth Sites or Growth Sites. Amend location of New Garden Community at Strategic Growth Site 4. Delete Green Corridor notation and delete from key Change notation along A132/B1012 to <u>Rettendon Turnpike Improvements from Proposed Strategic New Road to Improvements to Road Corridor</u> and amend key</i></p> <p><i>Replace figures 9-11 with extracts from updated Figure 8: Key Diagram – for all changes see Annex 3</i></p> <p><i>Amend 2nd sentence of para 6.29: This includes the protection of the Green Belt, and the valued landscapes of Green Wedges and Corridors.</i></p> <p><i>Insert the following paragraphs after paragraph 6.35: <u>For the avoidance of doubt the use of the words ‘area total’ and ‘total’ contained within the tables in Strategic Policy S9 are not intended to create a ceiling for housing or employment floorspace. They are simply a sum of the</u></i></p>	

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><u>housing numbers and floorspace contained within each one of the site allocation policies. Strategic Policy S8 makes it clear that the overall housing provision is a minimum number.</u></p> <p><u>The Council recognises the importance of social and economic services and facilities; and the impact this has on the quality of people’s lives and wellbeing. The Council will consider favourably proposals which support and strengthen local services, with a particular focus of encouraging development that improves existing deficiencies and weaknesses in services or facilities.</u></p> <p><u>The Council, in partnership with other stakeholders, will seek to reduce levels of social and economic deprivation. This will be achieved by coordinating planning and other relevant strategies to ensure that improved services, community facilities and infrastructure are provided particularly in those areas where indices of deprivation require targeted improvements. Sport England and Public Health England's Active Design guidance is one way in which a more healthy lifestyle can be achieved through design. The use of masterplans for strategic new development can help ensure the integration of new and existing communities, as well as creating attractive places to live. Green infrastructure can also provide opportunities for the focus for community engagement, at various levels from Neighbourhood Plans to local interest groups.</u></p> <p><u>Neighbourhood Plans will play an important role in implementing the Local Plan. They will enable local communities to influence the detailed policies to promote community inclusion and proposals at the neighbourhood level within the strategic framework set out in the Local Plan, and help shape new developments in their area. The Council will support neighbourhood plan groups in the preparation of their plans and has published guidance within the adopted Statement of Community Involvement.</u></p>	

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><i>Insert following text at end of 6.36:</i> <u>Strategic Growth Sites and other types of sites allocated for development are defined at Table 3 in the Plan.</u></p> <p><u>Where identified under the relevant Strategic Growth Site policies, the Council will expect a masterplan for each site to be submitted for approval. The masterplans will cover the details of how sites will satisfy the requirements of the respective Site Policies. The Council will consider the use of Planning Briefs and Design Codes on other site allocations. Some of the sites have existing masterplans/design briefs. The Council will review and consider whether they are relevant and/or still up-to-date to determine whether further masterplanning is required and whether the masterplan process can be adapted to take account of them.</u></p> <p><i>Amend 2nd sentence of para 6.37:</i> The Local Plan makes provision for a total of 4,014 <u>3,619</u> new homes in Growth Area 1 with...</p> <p><i>Add the following text to Strategic Growth Site Policies 1a and 1d:</i> <u>Development proposals will accord with a masterplan approved by the Council to provide:</u></p> <p><i>Amend sub-heading within Strategic Growth Site Policies 1a and 1d:</i> Site development principles <u>Site masterplanning principles</u></p> <p><i>Amend sub-heading within Site Policies 1e, 1f and 1g, 1h, 8, EC1, EC2, EC3, EC4, and EC5:</i> Site masterplanning principles <u>Site development principles</u></p>

MM14	6.39	<p><i>Amend para 6.39:</i> <u>The site has outline planning permission and development has commenced. As it will continue to be delivered in accordance with an approved Masterplan it does not require a new site allocation policy within this Local Plan. The Area for Masterplanning for Existing Committed Development, and Area for Conservation/Strategic Landscape Enhancement and other notations, are brought forward onto the new Local Plan Policies Map. The new Local Plan will supersede the NCAAP document. Some of the provisions in NCAAP have already been delivered. Other provisions Appendix D carries forward provisions within the NCAAP that are not yet fully implemented but and that will continue to be relied on into the next plan period and beyond, have been approved as separate planning guidance by the Council.</u></p>	Consequential change following removal of Appendix D from the plan
MM15	Policy S10, 6.48 and 6.52	<p><i>Amend second para of Policy S10:</i> <u>In determining planning applications for delivering economic growth the Council will assess development proposals against the following principles: will underpin the approach to economic growth and diversification</u></p>	To provide clarity for the decision-maker and to correct typographical error.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><i>Amend second bullet of Policy S10:</i> <u>'Existing Employment Areas and Rural Employment Areas...'</u></p> <p><i>Amend last bullet of Policy S10:</i> New employment development will be a key component of growth within specific proposed new Strategic Growth Locations particularly the New Garden Community in North East Chelmsford.</p> <p><i>Add to end of para. 6.48:</i> <u>For the purposes of this policy, large new office development will be developments of 1,000sqm gross floorspace or above.</u></p> <p><i>Amend para 6.52:</i> Other relevant policies of the Local Plan provide the criteria for the detailed implementation of economic growth, including allocations containing new employment. <u>These include policies for the protection of existing employment areas and allocations containing new employment development including a 45,000sqm new office/business park as part of the new Garden Community in North East Chelmsford.</u> Other policies will also ensure that new employment developments will be of a-high quality design and incorporate sustainable design features.</p>	
MM16	Policy S11 and 6.56, 6.57, 6.60	<p><i>Replace 5th bullet under Transport and Highways section with two separate bullets:</i></p> <ul style="list-style-type: none"> • <u>Safeguarded land for the expansion of Chelmer Valley and Sandon Park and Ride sites</u> • <u>Additional Park and Ride facilities will be provided in West Chelmsford and North East Chelmsford within the broad locations shown on the Policies Map</u> 	<p>Changes ensure effectiveness of the plan and provide clarification in response to issues raised in Regulation 19 consultation responses.</p> <p>The change avoids unnecessary duplication and requirements have been added to the policy instead of being in the supporting text.</p>

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><i>Amend 9th bullet under Transport and Highways section:</i> Capacity improvements to the A132 between the Rettendon Turnpike and South Woodham Ferrers, including necessary junction improvements to be brought forward as early as possible <u>in tandem with the delivery of development to mitigate its impact.</u></p> <p><i>Amend 10th bullet under Transport and Highways section:</i> Multi-user crossings <u>bridge</u> across the B1012 in South Woodham Ferrers <u>which may include a bridge or underpass.</u></p> <p><i>Add new last bullet under Community Facilities:</i> • <u>Municipal waste/recycling facilities</u></p> <p><i>Amend Green and Natural Infrastructure as follows:</i> Green and Natural Infrastructure <u>and Natural Environment</u> Infrastructure necessary to support new development must provide or contribute towards ensuring a range of green and natural infrastructure, <u>net gain in biodiversity</u> and public realm improvements. These include but are not limited to:</p> <p><i>Amend fourth bullet point under Green and Natural Infrastructure:</i> Contributions towards recreational disturbance avoidance and mitigation measures for European designated sites <u>as identified in the Essex Recreational Disturbance Avoidance and Mitigation Strategy.</u></p> <p><i>Add new sub-heading:</i> <u>Historic Environment</u></p>	

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><u>Infrastructure necessary to support new development must seek to preserve or enhance the historic environment and mitigate any adverse impacts on nearby heritage assets and their settings.</u></p> <p><i>Add to end of para 6.56:</i> <u>Where appropriate, mitigation identified through the RAMS needs to be in place prior to occupancy of new developments.</u></p> <p><i>Replace para 6.57 with:</i> <u>The preferred route for the Chelmsford North East Bypass and the new Beaulieu Rail Station are allocated on the Policies Map and those areas will be safeguarded from development. Areas of search for an additional Park and Ride in West Chelmsford and North East Chelmsford are shown on the Policies Map as indicative broad locations for new Park and Ride facilities which support Essex County Council’s strategy.</u></p> <p><i>Add to end of paragraph 6.60:</i> <u>The Local Plan traffic modelling evidence base is supported by Essex County Council, as Highways Authority, and Highways England. The junction modelling report assesses the likely impacts of planned growth on the highway network in the Chelmsford area. This has included a high-level analysis of cross boundary traffic flows on key corridor routes including A130 to/from Basildon Borough and A414 East to/from Maldon District. More detailed analysis of traffic impacts and mitigation options testing will be required through the preparation of Transport Assessments/Statements as part of future planning applications. These will be required to consider the transport implications and mitigation measures (where appropriate) necessary in the adjoining Maldon, Basildon and Rochford Districts in respect to the Strategic Site Allocation at South Woodham Ferrers.</u></p>	

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
MM17	Policy S13, 6.76 to 6.81, Policy CO1, 8.40 to 8.44	<p><i>Replace Policy S13 with:</i></p> <p><u>When determining planning applications, the Council will carefully balance the requirement for new development within the countryside to meet identified development needs in accordance with the Spatial Strategy, and to support thriving rural communities whilst ensuring that development does not have an adverse impact on the different roles and character of the countryside. All new development within the countryside will be considered within this context and against the specific planning objectives for each of the following areas:</u></p> <p>A) <u>Green Belt</u> <u>The openness and permanence of the Green Belt will be protected and opportunities for its beneficial use will be supported where consistent with the purposes of the Green Belt. Inappropriate development will not be approved except in very special circumstances.</u></p> <p>B) <u>Green Wedge</u> <u>The Green Wedge has an identified intrinsic character and beauty and is a multi-faceted distinctive landscape providing important open green networks, which have been instrumental in shaping the City’s growth, character and appearance. These networks prevent urban sprawl and settlement coalescence and provide for wildlife, flood storage capacity, leisure and recreation and travel by cycling and walking, which allows for good public access which will be further improved through the requirements of development allocated in the Local Plan. Development which materially harms the role, function and intrinsic character and beauty of the Green Wedge will not be approved.</u></p> <p>C) <u>Rural Area</u></p>	<p>Change provides greater clarification and ensure effectiveness for implementation of the strategic policy. Policy combined with Policy CO1 to create a more effective strategic policy and avoid repetition.</p> <p>The reasoned justification for Policy CO1 has also been merged, where appropriate, under this revised strategic policy following deletion of CO1 to ensure that the Local Plan avoids repetition.</p> <p>The re-wording of para 6.76-6.81 also removes reference to minor alterations to the green belt boundary. There are no exceptional circumstances to make these changes and therefore it is necessary to revert back to the existing green belt boundary.</p>

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><u>The countryside outside of the Urban Areas and Defined Settlements, not within the Green Belt, is designated as the Rural Area. The intrinsic character and beauty of the Rural Area outside of the Green Belt, and not designated as the Green Wedge, will be recognised, assessed and development will be permitted where it would not adversely impact on its identified value.</u></p> <p><u>The relevant Development Management Policies set out what development is appropriate in each of the above areas and provide detailed criteria by which development proposals will be assessed.</u></p> <p><i>Replace paras 6.76-6.81 with:</i></p> <p><u>The role and function of land in Chelmsford beyond the Urban Areas and Defined Settlements is wide-ranging and encompasses different national and local planning designations. For the purposes of implementing this Policy, this wider area across Chelmsford is defined as countryside and includes Green Belt, Green Wedge, and Rural Area.</u></p> <p><u>Within the countryside there are areas protected for their value for ecology and wildlife, heritage, and functional requirements such as flood zones, open spaces and areas safeguarded for important infrastructure. The countryside also has a role as part of the green infrastructure network by providing connectivity between the countryside and the Urban Areas and preventing settlement coalescence.</u></p> <p><u>Over one third of the Council’s area falls within the Green Belt. Although much of the Green Belt forms attractive landscapes, it is not designated for its character or beauty. It is a national policy designation to ensure that the openness and permanence of the Green Belt is maintained to prevent urban</u></p>	

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><u>sprawl. As such, the NPPF defines the purposes of the Green Belt and provides the limited circumstances where new development could be acceptable .</u></p> <p><u>The countryside outside of the Urban Areas and Defined Settlements, not within the Green Belt, is designated as the Rural Area. Within this designation, a detailed landscape assessment of the areas around the main river valleys has been undertaken for the Council which identifies these areas having distinctive landscape qualities and an important multifunctional role. These areas are locally designated as the Green Wedge.</u></p> <p><u>Where the main river valleys permeate into the existing or proposed built-up areas of Chelmsford, the role and value of these areas is amplified and development pressure is at its greatest. The unchecked erosion of open land in these sections of the river valleys would be harmful to the character and function of these areas and therefore it should be afforded greater protection. The Green Wedge designations within the river valleys reflect this multi-faceted green network.</u></p> <p><u>The designation of Green Wedge on the Policies Map is in addition to the underlying notation of either Green Belt or Rural Area. As the Green Belt is a national planning policy designation, development proposals will need to accord with both Green Belt policies and relevant policies covering the Green Wedge in the Local Plan. Where this is the case within the Rural Area, development proposals will need to accord with the relevant Green Wedge and Rural Area policies. Any development in the Green Wedge should not adversely affect the identified character and function of these distinctive landscapes.</u></p>	

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><u>Any development in the Rural Area must be suitable and compatible with its character, as set out in other relevant policies in the Local Plan. Development will be supported provided it does not adversely impact the identified intrinsic character and beauty of the Rural Area and complies with other relevant policies of the Local Plan as well. The Council will use its Landscape Character Assessments, Historic Landscape Characterisation Study, Sensitivity and Capacity Assessments, alongside any other appropriate and relevant evidence which could include that being prepared to support a Neighbourhood Plan, to assess the character of the area and its sensitivity to change.</u></p> <p><u>The Council’s Green Infrastructure Strategic Plan provides a framework for the planning and management of Chelmsford’s green and blue infrastructure resources including parks, river valleys, green spaces and gardens, some of which is within the countryside.</u></p> <p><i>Delete Policy CO1 and all paras from 8.40 to 8.44</i></p>	
MM18	Policy S14 and para 6.87	<p><i>Add to end of Policy S14:</i> <i>Add New title: <u>Retail development outside Designated Centres</u></i></p> <p><u>Retail proposals outside of Designated Centres above 500 sqm gross floorspace will be required to undertake an impact assessment.</u></p> <p><i>Replace para 6.87 with:</i> <u>The NPPF states that when assessing applications for retail, office and leisure development outside Designated Centres which are not in accordance with an up-to-date local plan, local planning authorities should require an impact assessment if the development exceeds a proportionate, locally-set floorspace threshold or a default threshold of 2,500 square metres.</u></p>	Council change to reflect evidence in the Retail Capacity Study and ensure the Plan’s effectiveness.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><u>The Chelmsford Retail Capacity Study 2015 found that retail developments of less than the default national threshold of 2,500 square metres could have an impact on existing centres outside Designated Centres. It concluded that unrestricted comparison goods retail floorspace outside of Chelmsford City Centre has the potential to impose a competing retail destination and thus potentially harm both the health of the centre and investment within it. Whilst comparison goods floorspace is smaller in scale in some of the smaller neighbourhood centres and South Woodham Ferrers town centre, it is nevertheless important to the overall health and function of these centres and therefore a 500sq m gross threshold should apply across the whole of the City Council administrative area (for proposals in edge and out of centre locations).</u></p> <p><u>For convenience goods, the Chelmsford Retail Capacity Study 2015 also concluded that with a trend for the development of smaller discount stores and the rise in popularity for convenience goods stores, even smaller foodstore proposals can have a harmful impact on defined centres, particularly those which are anchored by an existing foodstore. Therefore, a 500sq m gross threshold is also applied to development proposals for convenience goods floorspace over this amount in edge and out of centre locations.</u></p> <p><u>Applicants will be required to demonstrate how the impact assessment will be addressed and provide justification for the extent of the catchment area for each particular proposal.</u></p>	

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<u>Development proposals below the 500sq m gross threshold will still need to comply with the other requirements of national policy, in particular the sequential approach.</u>	
MM19	Strategic Growth Site 1a – 1h Growth Site 1i – 1v Travellers Site GT1	<p><i>Strategic Growth Site 1a to 1h - add the word Policy; e.g. Strategic Growth Site <u>Policy XX – NAME</u></i></p> <p><i>Growth Site 1i to 1v – add the word Policy; e.g. Growth Site <u>Policy XX – NAME</u></i></p> <p><i>Growth Site 1i to 1v, add text to Policy after heading and before bullet points: <u>Development will be permitted at this site subject to meeting the requirements of Policy GR1, and the following site-specific criteria:</u></i></p> <p><i>Growth Site 1i to 1v - Remove bullet point referring to Phasing</i></p> <p><i>Travellers Site GT1 – add the word Policy as follows:</i> Travellers Site <u>Policy GT1</u></p>	For clarity and effectiveness to ensure that it is clear these are site policies within the Plan.
MM20	Strategic Growth Site 1a – Chelmer Waterside Sites	<p><i>Amend first para under amount and type of development:</i> <u>Strategic Growth Site Policy 1a comprises six sites</u></p> <p><i>Amend the second bullet under Supporting on-site development:</i></p> <ul style="list-style-type: none"> • <u>Integration of flexible workspace facilities Supporting commercial uses including B1a, the A Use Classes and Use Classes D1 and D2</u> <p><i>Amend bullet point 1 and 3 and add new bullet under historic and natural environment heading:</i></p> <ul style="list-style-type: none"> • <u>Protect Preserve and where appropriate enhance the setting of designated and non-designated heritage assets</u> • <u>Undertake an a pre-application Archaeological Assessment</u> • <u>Provide suitable SuDS and flood risk management</u> 	Change to ensure compliance with the NPPF and for consistency with other site policies and to satisfy the EA in accordance with their SoCG.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><i>Amend to bullet 7 under Site Infrastructure Requirements:</i> Financial contributions to early years, primary and secondary education provision, and community facilities including healthcare provision <u>as required by the NHS/CCG.</u></p>	
MM21	Strategic Growth Site 1b – Essex Police Headquarters and Sports Ground, New Court Road and paras 7.30 -7.37 and Strategic Growth Site 1c, and paras 7.38 – 7.47	<p><i>Delete site allocation Strategic Growth Site 1b – Essex Police Headquarters and Strategic Growth Site 1c – North of Gloucester Avenue (John Shennan) in its entirety from the Local Plan</i></p> <p><i>Delete paras 7.30 to 7.37 and para 7.38 to 7.47</i></p>	These sites are no longer available for development so its removal from the plan is necessary together with the reasoned justification.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
MM48	Existing Commitment EC2: Land Surrounding Telephone Exchange Ongar Road and 7.201	<p><i>Amend bullet 3 and 4 under site planning principles:</i></p> <ul style="list-style-type: none"> • Conserve <u>Preserve and or enhance the character and or appearance of the Writtle Conservation Area and its setting</u> • Protect <u>Preserve and where appropriate enhance the setting of surroundings listed buildings the listed buildings at 49 and 57 The Green</u> <p><i>Delete para 7.201:</i> Development will need to be sensitive to the surrounding listed buildings and seek to preserve and enhance the character and appearance of the Writtle Conservation Area.</p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies.
MM49	Strategic Growth Site Policy 4 North East Chelmsford, 7.209, 7.214, 7.216, 7.228, 7.229, 7.238	<p><i>Amend bullet 7 under Supporting On-Site Development:</i></p> <ul style="list-style-type: none"> • <u>Provision of two new stand-alone early years and childcare nurseries.</u> <p><i>Amend bullet 2 and 3 and delete bullet 5 under historic and natural environment:</i></p> <ul style="list-style-type: none"> • Conserve and enhance the historic environment including <u>Preserve or enhance the character and or appearance of the Little Waltham Conservation Area and its setting.</u> • Protect <u>Preserve and where appropriate enhance the setting of listed buildings and their settings including New Hall, Old Lodge, Bulls Lodge, Belsteads Farmhouse and barn, Channels Farmhouse, Mount Maskells, Powers Farmhouse, Peveral's Farmhouse, Shoulderstick Hall, Hobbits, Shuttleworth, Pratts Farmhouse, Pratts Farm Cottages and New Hall Registered Park and Garden in or close to the site</u> • Appropriate safeguarding for the existing open area formerly currently comprising a golf course on site <p><i>Add a new bullet after bullet point 3 under Historic and Natural Environment:</i></p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies and ensure the area for the Strategic Growth Site is clearly defined. The open space notation is out of date following closure of the golf course. Change also clarifies the context of this site following the deletion of Appendix D.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<ul style="list-style-type: none"> • <u>Provide a generous landscape buffer to preserve the settings of nearby heritage assets including Powers Farm, Peverels Farm, Park Farm Channels, Belsteads and those on Wheelers Hill/Cranham Road.</u> <p><i>Amend bullet 3 and 8 under Site infrastructure requirements:</i></p> <ul style="list-style-type: none"> • Land (circa 0.13 <u>0.26</u> ha) for a <u>two</u> stand-alone early years and childcare nurseries (Use Class D1) and the total cost of physical scheme provision with delivery through the Local Education Authority. • Financial contributions to <u>the delivery of the full Chelmsford North East Bypass (CNEB) beyond the site boundary, Beaulieu Station and community space and facilities</u> <p><i>Delete 15th bullet point under site infrastructure requirements:</i></p> <ul style="list-style-type: none"> • Safeguarding for the existing open area formerly currently comprising a golf course on site <p><i>Add paragraph before 7.209:</i> <u>The boundary of this Strategic Growth Site allocation is defined on the Policies Map and comprises the following notations:</u></p> <ul style="list-style-type: none"> • <u>New garden community for major housing and employment development</u> • <u>Proposed Country Park</u> • <u>Proposed Radial Distributor Road (RDR2)</u> • <u>Minerals site, and</u> • <u>Existing Open Space.</u> <p><i>Expand para 7.214:</i></p>	

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p>As this is a Strategic Growth site and in order to achieve a mixed and balanced new community, the development will be required to provide a Travelling Showpeople site for 9 plots <u>within the Strategic Growth Site allocation, as shown on the Policies Map. The location of the Travelling Showpeople site will be determined through the masterplanning process.</u></p> <p><i>Amend last sentence and add to end of para 7.216:</i> This is expected to contribute significantly to the City’s economic growth by providing a mix of opportunities for accommodation for medium and large-sized businesses and the location for Anglia Ruskin University’s MedTechBic Campus. <u>The new development is also expected to provide an opportunity to bring forward a new Business Park of regional significance with the prospects for an Innovation Park of the highest design quality. This will be attractive to leading businesses in the Research and Development and High Technology sectors and could help place Chelmsford at the forefront of 21st century economic development in Essex and beyond. The new employment development will be in addition to existing commitments for significant new office/business floorspace in North East Chelmsford at Beaulieu and Channels including Beaulieu XChange business park.</u></p> <p><i>Amend para 7.228:</i> The development must provide appropriate safeguarding for the existing open area currently comprising a golf course on site. <u>The site includes an area of open space originally identified for existing and replacement golf holes. Due to its location, topography and ecology, this area will perform other important open space functions which will form part of the development on Strategic Growth Site 4. It is expected that a significant portion of this area will form open space with the precise boundaries to be decided through the masterplanning process. The site layout should also positively use existing</u></p>	

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p>topographical, heritage, ecological, and landscape site features such as established vegetation and water bodies. The design is also expected to ensure that the development achieves an attractive and well-planned gateway into Chelmsford.</p> <p><i>Amend para 7.229:</i> Development design and layout is expected to conserve <u>preserve</u> and or <u>where opportunities arise</u> enhance the character and or appearance of the Little Waltham Conservation Area and preserve the listed buildings and their setting on and close to the site. These include a Grade II Registered Park and Garden, New Hall and Grade I listed New Hall, Grade II listed barns at Old Lodge, Bulls Lodge, Belsteads Farmhouse and barn, Channels Farmhouse, Mount Maskells, Powers Farmhouse, Pratts Farm Cottages. <u>The masterplan process will establish the detailed preservation and enhancement principles for this site.</u></p> <p><i>Insert the following after para 7.238:</i> <u>North East Chelmsford is already an area of change arising from major new development allocated in the Council’s previous Local Development Framework which was subject of a detailed masterplan. Outline planning permission has been granted for 4,350 new homes and up to 62,300 sqm of employment floorspace and the first phases are currently being developed.</u></p> <p><u>As part of the conditions of the outline permission for 3,600 of the total of 4,350 new homes (known as Beaulieu), all subsequent development proposals within reserved matters or full planning applications are required to comply with the approved Parameter Plans and adopted Landscape Design and Management Plan. This is to ensure compliance with the historic environment requirements of the now superseded North Chelmsford Area</u></p>	

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><u>Action Plan regarding the protection and enhancement of the setting of the Grade I New Hall and its Registered Park and Garden and the implementation of the required Heritage Compensatory Measures. In the event that the extant planning permission is not implemented in full, any subsequent planning applications will be required to adhere in full to the adopted Landscape Design and Management Plan.</u></p> <p><u>The specific area where the New Hall Heritage Compensatory Measures should be implemented are shown on the Local Plan Policies Map.</u></p>	
MM50	Strategic Growth Site 5a – Great Leighs, Land at Moulsham Hall, 7.242, 2.244, 7.252, 7.253, 7.254	<p><i>Amend bullet 1 under historic and natural environment:</i></p> <ul style="list-style-type: none"> • <u>Protect Preserve and where appropriate enhance the setting of the listed buildings at Moulsham Hall, Triceratops, Breams Farm, Creeds Twin/Hobby Croft, Chadwicks, Fortune Cottage, Stone Hall Cottage and Hump Cottage and other listed buildings</u> <p><i>Add new third bullet under Historic and Natural Environment:</i></p> <ul style="list-style-type: none"> • <u>Protect and enhance The River Ter Site of Special Scientific Interest (SSSI) to the south of the site ensuring any new development provides any required mitigation measures</u> <p><i>Delete bullet 4 under Historic and natural environment:</i></p> <ul style="list-style-type: none"> • Enhance the historic environment <p><i>Add new bullet under Site infrastructure requirements:</i></p> <ul style="list-style-type: none"> • <u>Ensure appropriate waste water treatment provision, including any associated sewer connections</u> <p><i>Add new para before 7.242:</i></p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies and ensure the area for the Strategic Growth Site is clearly defined.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><u>The boundary of this Strategic Growth Site allocation is defined on the Policies Map and comprises the following notations:</u></p> <ul style="list-style-type: none"> • <u>Site for new housing</u> • <u>Area for conservation/ strategic landscape enhancement</u> • <u>Land allocated for future recreation use and/or SUDS</u> • <u>Existing Open Space, and</u> • <u>Local Wildlife Site.</u> <p><i>Amend para 2.244:</i> As this is a Strategic Growth site and in order to achieve a mixed and balanced new community, the development will be required to provide a Travelling Showpeople site for 5 plots <u>within the Strategic Growth Site allocation, as shown on the Policies Map. The location of the Travelling Showpeople site will be determined through the masterplanning process.</u></p> <p><i>Amend para 7.252:</i> The development will be required to provide appropriate habitat mitigation and creation, and appropriate buffers to the adjacent Local Wildlife Sites <u>Essex Wildlife Trust Nature Reserves, Phyllis Currie/Dumney Lane Woods. This may include financial contributions towards mitigating increased recreational impacts.</u></p> <p><i>Add to end of 7.252:</i> <u>The development will be required to provide appropriate mitigation to avoid adverse impacts to the River Ter Site of Special Scientific Interest (SSSI) located to south of the site.</u></p> <p><i>Amend para. 7.253:</i></p>	

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p>An area around the Grade II listed Moulsham Hall is allocated for conservation and strategic landscape enhancement. <u>The development is expected to preserve the setting of Moulsham Hall and to create an enhanced parkland setting.</u> Development design and layout should also take into consideration the setting of other heritage assets, including the Listed Buildings of Triceratops, Breams Farm, Creeds Twin/Hobby Croft, Chadwicks, Fortune Cottage, Stone Hall Cottage and Hump Cottage.</p> <p><i>Add new para after 7.254:</i> <u>Great Leighs Waste Water Treatment Works (WWTW) does not currently have sufficient capacity to deal with the proposed growth at Great Leighs. Although this is not a barrier to new development to growth, additional capacity will need to be provided to the satisfaction of Anglian Water and the Environment Agency. Additional capacity could include improvements to the existing Great Leighs WWTW and/or on-site wastewater treatment systems solutions.</u></p>	
MM51	Strategic Growth Site 5b – Great Leighs – Land East of London Road, 7.264, 7.268	<p><i>Amend bullet 1 and add new second and third bullet under Historic and Natural Environment:</i></p> <ul style="list-style-type: none"> • Protect <u>Preserve and where appropriate enhance the setting of the listed buildings at Gubbions Hall and North Whitehouse and other listed buildings</u> • <u>Protect and where appropriate enhance the Gubbions Hall Scheduled Monument and its setting</u> • <u>Protect and enhance The River Ter Site of Special Scientific Interest (SSSI) to the south of the site ensuring any new development provides any required mitigation measures</u> <p><i>Add new bullet under Site infrastructure requirements:</i></p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><u>Ensure appropriate waste water treatment provision, including any associated sewer connections</u></p> <p><i>Amend para 7.264:</i> Layout should also positively use existing topographical, heritage, ecological and landscape site features such as established field boundaries, mature trees and vegetation, and nearby Local Wildlife Sites. Development design and layout should also take into consideration the setting of nearby <u>nearby other</u> heritage assets, including the <u>nearby listed buildings North Whitehouse and Gubbions Hall and the Scheduled Monument at Gubbions Hall and its setting. The development will be required to provide appropriate mitigation to avoid adverse impacts to the River Ter Site of Special Scientific Interest (SSSI) located to south of the site.</u></p> <p><i>Add new para after 7.268:</i> <u>Great Leighs Waste Water Treatment Works (WWTW) does not currently have sufficient capacity to deal with the proposed growth at Great Leighs. Although this is not a barrier to new development to growth, additional capacity will need to be provided to the satisfaction of Anglian Water and the Environment Agency. Additional capacity could include improvements to the existing Great Leighs WWTW and/or on-site wastewater treatment systems solutions</u></p>	
MM52	Strategic Growth Site 5c – Great Leighs – Land North and South of BanTERS Lane,	<p><i>Amend bullet point 1 under Movement and Access:</i> <u>Main vehicular access to the site will be from BanTERS Lane or through EC3, via Main Road.</u></p> <p><i>Amend bullet 1 and add new second bullet under Historic and Natural Environment:</i></p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
	7.264, 7.273, 7.274, 7.277, 7.278, 7.281	<ul style="list-style-type: none"> • Protect Preserve and where appropriate enhance the setting of the listed buildings at Gubbions Hall, Blue Barnes Farm, The Cottage, Jasmine Cottage, Millers Cottage and Rose Cottage and other listed buildings • Protect and where appropriate enhance the Gubbions Hall Scheduled Monument and its setting <p><i>Delete bullet 3 and add new bullet under Historic and Natural Environment:</i></p> <ul style="list-style-type: none"> • Enhance the historic environment • Protect and enhance The River Ter Site of Special Scientific Interest (SSSI) to the south of the site ensuring any new development provides any required mitigation measures <p><i>Add new bullet under Site infrastructure requirements:</i></p> <ul style="list-style-type: none"> • Ensure appropriate waste water treatment provision, including any associated sewer connections <p><i>Amend para 7.264:</i> Development design and layout should also take into consideration the setting of other heritage assets, including the <u>nearby</u> listed building <u>North Whitehouse</u> and s<u>Scheduled</u> m<u>Monument</u> at Gubbions Hall.</p> <p><i>Amend para 7.273:</i> Great Leighs Primary School is full does not currently have capacity to <u>accommodate future pupil forecasts from this development and forecast to remain so</u>. The scale of development <u>proposed across Strategic Growth Location 5 in this location</u> will require a new two-form entry primary school with co-located 56 place early years and childcare nursery. A The new school is proposed early on in the development to be located on site 5a: Great Leighs</p>	

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p>– Land at Moulsham Hall and Site 5c will contribute proportionately towards its provision. It is essential that this school is available ahead of development of Whilst site 5c Great Leighs – Land north and south of Banters Lane may come forward prior to Site 5a in the event of there being sufficient capacity at Great Leighs Primary School and/or White Court Primary School to the north, commencement of both sites 5a and 5c should otherwise be coincident to ensure viability of the primary school programmed to receive the pupils from both sites. However, in the event that site 5a does not proceed on programme, as set out in the housing trajectory and Infrastructure Delivery Plan, and there remains insufficient places at Great Leighs Primary School, the developer of site 5c will need to work with Essex County Council to agree an alternative strategy to mitigate the impact of their development on the availability of school places. Any such alternative strategy should not undermine the SGS 5 policy ability to deliver on a new primary school provision in respect of Site 5a. The nearest secondary schools to Great Leighs are located in Braintree town. The City Council together with Braintree District Council and Essex County Council (as Local Education Authority) have jointly considered the potential implications arising from both Chelmsford's and Braintree's emerging Local Plans, and the provision of secondary school provision. Proposals for the future expansion of Notley High School in Braintree can provide secondary place capacity for this site allocation. Effort should therefore be made Therefore, as part of site infrastructure requirements there is a need to provide connections from the site and improvements to the surrounding footpath and cycleway network to ensure safe and direct walking and cycling routes between Great Leighs and Notley High School and White Court Primary School in Braintree.</p> <p><i>Amend para 7.274:</i></p>	

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p>The development will take its vehicular access from Banters Lane <u>or through site EC3, via Main Road</u>, and be expected to mitigate its impacts on the local and strategic road network, both individually and collectively with the other allocations in Great Leighs.</p> <p><i>Amend para 7.277:</i> Development design and layout should also take into consideration the setting of other nearby <u>nearby</u> heritage assets, including the listed buildings and scheduled monument at Gubbions Hall. <u>The development will be required to provide appropriate mitigation to avoid adverse impacts to the River Ter Site of Special Scientific Interest (SSSI) located to south of the site.</u></p> <p><i>Amend and move para 7.278 to the beginning of para 7.277:</i> Layout should also positively use existing topographical, heritage, ecological and landscape site features such as shallow valleys, established field boundaries, mature trees and vegetation, and nearby Local Wildlife Sites.</p> <p><i>Add additional para after 7.278:</i> <u>The development will be required to provide appropriate habitat mitigation and creation, and appropriate buffers to the adjacent Essex Wildlife Trust Nature Reserve, Sandylay/Moat Woods. This may include financial contributions towards mitigating increased recreational impacts.</u></p> <p><i>Add new para after 7.281:</i> <u>Great Leighs Waste Water Treatment Works (WWTW) does not currently have sufficient capacity to deal with the proposed growth at Great Leighs. 		<p>impacts to the Thrift Wood Site of Scientific Interest (SSSI) to the south east of the site.</p> <p><i>Amend fourth sentence of para 7.353:</i> At this stage, it is considered that development allocations in this location will be required to pay for the implementation of mitigation measures to protect the interest features of European designated sites along the Essex Coast which include the Crouch and Roach Estuaries Special Protection Area, Ramsar site and Site of Special Scientific Interest, and potentially the Essex Estuaries Special Area of Conservation.</p>	
MM58	Strategic Growth Site 9 – Danbury, 7.360, 7.362	<p><i>Amend Policy SGS9:</i> An allocation of around 100 new homes to be accommodated within or adjoining the Defined Key Service Settlement Boundary of Danbury. The site(s) to accommodate this allocation will be identified and consulted upon through the emerging Danbury Neighbourhood Plan.</p> <p><i>Add new sub-section to end of Policy:</i> Site Masterplanning principles: <u>Conserve and enhance the Sites of Special Scientific Interest (SSSI) in and around Danbury (Blake’s Wood and Lingwood Common SSSI, Woodham Walter Common SSSI, Danbury Common SSSI) ensuring any new development avoids direct impacts and mitigates indirect impacts (i.e. recreational damage) as a priority and provides any required mitigation measures where necessary (including those set within any emerging visitor impact studies / strategic solutions).</u></p> <p><i>Amend last para of Policy:</i> Where appropriate, contributions will be collected towards recreation disturbance avoidance and mitigation measures for European designated</p>	For effectiveness and consistency with national policy. This change also removes typographical errors and ensures the Local Plan is up to date.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p>sites. Where appropriate, contributions from developments will be secured towards mitigation measures identified in the Essex Recreational disturbance Avoidance and Mitigation Strategy (RAMS) which will be completed by the time the Local Plan is adopted. Prior to RAMS completion, the authority will seek contributions, where appropriate, from proposed residential development to deliver all measures identified (including strategic measures) through project level HRAs, or otherwise, to mitigate any recreational disturbance impacts in compliance with the Habitat Regulations and Habitats Directive.</p> <p><i>Amend 1st sentence of para 7.360:</i> ...the Spatial strategy makes an allocation of <u>around</u> 100 homes.</p> <p><i>Delete quote marks at end of last sentence of para 7.360</i></p> <p><i>Amend fourth sentence of para 7.362:</i> At this stage, it is considered that development allocations in this location will be required to pay for the implementation of mitigation measures to protect the interest features of European designated sites along the Essex Coast <u>which include the Crouch and Roach Estuaries Special Protection Area, Ramsar site and Site of Special Scientific Interest, and potentially the Essex Estuaries Special Area of Conservation.</u></p>	
MM59	Policy SPA1	<p><i>Amend Policy SPA1 as follows:</i></p> <p>New development proposals at Strategic Growth Site 6 – North of Broomfield, to the north of the Hospital will provide <u>incorporate</u> a new access road from Main Road (B1008) providing the opportunity for the Hospital to extend this road across land to be safeguarded within the Hospital campus to the hospital from Main Road (B1008). Development within this Special Policy Area should safeguard the route of this new road</p>	For effectiveness and consistency with national policy. This change ensures consistency with Policy SGS6.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		and ensuring successful integration with the existing internal road network of the Hospital.	
MM60	Policy SPA2	<p><i>Amend Policy SPA2 as follows:</i></p> <p><u>Development will be permitted for proposals. The Council will support proposals which provide ancillary functions to support the operation of the Racecourse, subject to good design quality; promoting more sustainable means of transport to the site and reducing use of individual trips by car; protecting and enhancing existing trees and hedgerows; preserving nearby listed buildings and their settings; minimising the impact of floodlighting; minimising environmental impacts including in respect of ecology and landscape, and ensuring the full restoration of the existing minerals site.</u></p>	For effectiveness and consistency with other policies.
MM61	Policy SPA3	<p><i>Replace Policy SPA3 with:</i></p> <p><u>Development will be permitted for proposals that are not inappropriate development in the Green Belt as set out in the National Planning Policy Framework. Inappropriate development is harmful to the Green Belt and will not be permitted except in very special circumstances. Very special circumstances will not exist unless the potential harm to the Green Belt by reason of inappropriateness, and any other harm, is clearly outweighed by other considerations. Very special circumstances may include proposals for water infrastructure and ancillary development where there is a demonstrable need and directly associated with the role, function and operation of the Hanningfield Reservoir Treatment Works Site.</u></p> <p><u>Subject to national policy on Green Belt, development proposals should; optimise opportunities for sustainable means of transport to the site and reduce individual trips by car; provide high quality buildings; focus built form around existing buildings; protect and enhance trees and hedgerows; avoid adverse impacts in respect of biodiversity and landscape, and promote the nature conservation interests and recreational uses of the</u></p>	For effectiveness and consistency with other policies.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><u>reservoir without impact upon the nature conservation interests of Hanningfield Reservoir SSSI through recreational disturbance. Development proposals are also expected to provide suitable SuDS and flood risk management.</u></p>	
MM62	Policy SPA4	<p><i>Amend first sentence of Policy SPA4:</i> <u>The Council will support Development will be permitted for proposals which promote the continued role of these nationally important gardens.</u></p>	For effectiveness and consistency with other policies.
MM63	Policy SPA5	<p><i>Amend Policy SPA5 as follows:</i> <u>The Council will support Development will be permitted for proposals for a mix of uses to support Sandford Mill's cultural, leisure and recreational focus which, improves the access into and within the Special Policy Area;...</u></p> <p><u>Any proposals should protect conserve and or enhance nature and conservation interests, including the Green Wedge and Chelmer and Blackwater Navigation Conservation Area.</u></p>	For effectiveness and consistency with other policies.
MM64	Policy SPA6	<p><i>Replace Policy SPA6 with:</i> <u>Development will be permitted for proposals that are not inappropriate development in the Green Belt as set out in the National Planning Policy Framework. Inappropriate development is harmful to the Green Belt and will not be permitted except in very special circumstances. Very special circumstances will not exist unless the potential harm to the Green Belt by reason of inappropriateness, and any other harm, is clearly outweighed by other considerations. Very special circumstances may include development directly associated with the role, function and operation of Writtle University College and there is a demonstrable need.</u></p> <p><u>Subject to national policy on Green Belt, development proposals should; look for opportunities to improve circulation through and links with existing</u></p>	For effectiveness and consistency with other policies.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><u>College buildings; promote more sustainable means of transport to the site and reduce individual trips by car and improve the facilities of the University College. This includes replacing existing buildings or structures of poor design quality and materials with well-designed high-quality buildings and structures that would not have a greater impact on the openness of the Green Belt and the purpose of including land within it than the existing development.</u></p>	
MM65	Policy HO1, 8.4, 8.5	<p><i>Amend Policy HO1 A) ii as follows:</i> each dwelling <u>50% of new dwellings</u> to be constructed to meet requirement M4(2) of the Building Regulations 2015 (accessible or adaptable dwellings), or subsequent government standard.</p> <p><i>Amend Policy HO1 B) i as follows:</i> a minimum of <u>5% of new affordable dwellings</u> should be built to meet requirement M4(3) of the Building Regulations 2015 (wheelchair user dwellings), or subsequent government standard.</p> <p><i>Amend Policy HO1 C) i as follows:</i> a minimum of <u>5% self-build homes</u> which can include custom housebuilding. <u>At the time an application is submitted, the Council will review this percentage against the latest local housing need requirement for self-build/custom build homes;</u> and</p> <p><i>Add the following text to the end of paragraph 8.4:</i> <u>Where the 5% requirement does not result in whole numbers of units, the number of affordable dwellings meeting requirement M4(3) of the Building Regulations 2015, will be rounded up.</u></p> <p><i>Add the following text after the 4th sentence of paragraph 8.5:</i></p>	For effectiveness and consistency with other policies.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><u>Where the 5% requirement does not result in whole numbers of units, the number will be rounded up.</u></p> <p><i>Delete the following wording for para 8.5:</i> At the time an application is submitted, the Council will review this percentage against the latest local housing need requirement for self-build/custom build.</p>	
MM66	Policy HO2, 8.10, 8.11, 8.12, 8.15	<p><i>Delete HO2 A) ii:</i> ii. comprise a maximum combined floorspace of more than 1,000 square metres (gross internal area).</p> <p><i>Amend the last sentence of paragraph 8.10 to:</i> This assessment identified a total affordable housing need in Chelmsford of <u>179 affordable dwellings for rent per annum.</u></p> <p><i>Replace paragraph 8.11 with:</i> <u>The SHMA reviewed a range of affordable housing products available to meet housing need. The SHMA calculates 22% of overall housing should be provided as either social or affordable rented accommodation. The SHMA also shows demand for discounted market housing and shared ownership housing, which meets the definition of affordable housing, from households already in the market sector is around 16% of the overall housing. Where major development involving the provision of housing is proposed, national planning policy (NPPF 2019) requires (with some exceptions) at least 10% of homes to be available for affordable home ownership. The Local Plan Viability Study including the CIL Viability Review incorporated a series of assumptions including 35% affordable housing consisting of 13% shared ownership and 67% affordable rent housing.</u></p>	For effectiveness and compliance with national policy. This change ensures consistency with other policies. The text has been incorporated in amended paragraph 8.11.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><u>In order to meet the need for affordable homes for rent identified in the SHMA and the demand for affordable home ownership housing that the Government requires, Policy HO2 A) requires the provision of 35% of the total number of residential units to be provided and maintained as affordable housing. The results of the Local Plan Viability Study including CIL Viability Review demonstrates that the threshold and types of affordable housing contributions identified in the Local Plan are achievable and the cumulative impact of policies in the Local Plan will not put development at serious risk.</u></p> <p><i>Amend paragraph 8.12:</i> There is a requirement to provide 23.1% of the overall housing need as either social or affordable rented accommodation in the SHMA. The SHMA indicates there is a net need for all sizes of affordable housing. The largest net need is for two bedroom units, followed by one bedroom units.</p> <p><i>Delete paragraph 8.15</i></p>	
MM67	Policy HO3	<p><i>Amend 1st para of Policy HO3:</i> The Council will make provision for the accommodation needs of Gypsy, Traveller or Travelling Showpeople, who meet the national Planning Policy for Traveller Sites (PPTS) definition, through an allocated sites within the Local Plan.</p> <p><i>Delete Criterion A) iii and B) iv of Policy HO3</i></p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies.
MM68	Policy EM1 and para 8.28	<p><i>Amend first sentence of Policy EM1 as follows:</i> Within the Employment Areas, Rural Employment Areas and new employment site allocations, which include existing as shown on the Policies Map, the Council will seek to provide and retain Class B uses or other 'sui generis' uses of a similar employment nature unless it can be demonstrated that there is no reasonable prospect for the site to be used</p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p>for these purposes. Planning permission will be granted for the redevelopment or change of use for non-Class B uses where:</p> <p><i>Amend para 8.28:</i> The protection of the City Centre and other designated centres for their retail function is a key objective of this Plan. A proliferation of A1 uses in the Employment Areas could be harmful to this objective and will be resisted, <u>with the exception of small scale proposals (in terms of floorspace) and it being ancillary in nature by supplementing the predominant employment offering within the Employment Area.</u> Only in exceptional circumstances, where it can be demonstrated that the use would not materially harm the function, character and purpose of the employment area or other designated retail centres limited in relation to overall floorspace and the extent of contained in the employment area and ancillary Class A uses may be acceptable.</p>	
MM69	8.39	<p><i>Amend para 8.39 to:</i> For the purposes of all relevant policies of the Local Plan, the term Countryside includes Green Belt, Green Wedges, Green Corridors and the Rural Area. All of these designations are defined on the Policies Map. <u>The Green Wedges and Green Corridors</u> overlie overlays both the Green Belt and Rural Area.</p>	To ensure the Plan is justified, the Green Corridor designation is to be deleted from the Plan. (See also MM71, MM73, MM74, MM75 and MM76 where policy changes are to be made)
MM70	Policy CO2, 8.48, 8.49	<p><i>Amend Policy CO2:</i> POLICY CO2– NEW BUILDINGS AND STRUCTURES IN THE GREEN BELT</p> <p>Where new buildings or structures are proposed within the Green Belt, inappropriate development will not be approved except in very special circumstances.</p> <p><i>Delete criterion A. (iv), A. (x) and D) of Policy CO2.</i></p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><i>Delete the last two sentences of paragraph 8.48</i></p> <p><i>Replace para 8.49 with:</i> <u>The Council acknowledges that due to the extent of the Green Belt in Chelmsford there may be instances where new buildings related to community or educational uses may be proposed e.g. a new village hall, new ancillary buildings related to an existing school. In accordance with the NPPF, these types of uses will be considered inappropriate development. However, the locational need for these types of uses will be given appropriate weight when considering whether there are very special circumstances that weigh in favour of the proposals.</u></p>	
MM71	Policy CO3, 8.53, 8.55, 8.56, 8.57, 8.59, 8.58	<p><i>Amend Policy title, Criterion A title and first sentence to:</i> POLICY CO3 – NEW BUILDINGS AND STRUCTURES IN <u>THE GREEN WEDGES AND GREEN CORRIDORS</u></p> <p>A) <u>New buildings and structures</u></p> <p>Planning permission will be granted for new buildings <u>and structures</u> where the development does not conflict with the purposes of the Green Wedge designation or Green Corridors designation, and is for:</p> <p><i>Amend criterion A) ii. to:</i> a local community facility that supports the role and function of the Green Wedge or Green Corridor; or</p> <p><i>Amend criterion A) iv. to:</i> local transport infrastructure and other essential infrastructure <u>or development which supports existing or potential utility infrastructure</u></p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p>where which can demonstrate a requirement for a the Green Wedge or Green Corridor location is appropriate and the benefits of which override the impact on the designation; or</p> <p><i>Amend criterion B) to:</i></p> <p>Where the development is located within a Green Wedge, a Planning permission will only be granted where the role and function of the Green Wedge, in maintaining open land between built-up areas, protecting biodiversity and promoting recreation, would not be materially harmed, and where the development would have no greater impact on the character and appearance of the area than the existing use and/or development. <u>The Council will assess the development based on the following:</u></p> <p>Where the development is located within a Green Corridor, planning permission will be granted where the development would have no greater impact on the character and appearance of the landscape along these river valley corridors than the existing use and/or development.</p> <p>In both a Green Wedge and Green Corridor, the Council will assess the development based on the following:</p> <ul style="list-style-type: none"> i. the size, scale, massing and spread of the new development compared to the existing; and ii. the visual impact of the development compared to the existing; and iii. the impact of the activities/use of the new development compared to the existing. <p><i>Amend criterion C) iv. to:</i></p>	

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p>where the development is located within a Green Wedge, the new building is not materially larger than the one it replaces.</p> <p><i>Replace para 8.53 with:</i> <u>The Green Wedge is a local landscape designation that recognises the crucial role of the main river valleys in providing important open green networks for wildlife, flood storage capacity, leisure and recreation and sustainable means of transport. It also has an important role in preventing settlement coalescence and maintaining a sense of place and identity for neighbourhoods. New buildings within the Green Wedge will be restricted to ensure that the openness, role and function of these landscapes are not adversely affected.</u></p> <p><i>Amend para 8.55 to:</i> Essential infrastructure is defined as being infrastructure that must be situated in the location proposed for connection purposes <u>and the benefits of which override the impact of the designation</u> e.g. sewage or water connections, <u>power sources</u>, waste water recycling/treatment sites, electricity substations, emergency services or telecommunications, <u>including on-site and off-site reinforcements to existing networks</u>. Local transport infrastructure is defined as being infrastructure that must be situated in the location proposed e.g. a Park and Ride facility, new roads and bridges. Essential infrastructure will also be recognised as that proposed by statutory undertakers.</p> <p><i>Remove Green Corridor reference from paras 8.56, 8.57 & 8.59</i></p> <p><i>Amend para 8.58 to:</i> Economic growth in the Green Wedge and Green Corridors is encouraged but new buildings will only be permitted in circumstances where the proposal</p>	

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p>supports the sustainable growth and expansion of an existing, authorised and viable rural business. The need for a the Green Wedge or Corridor location would need to be justified. The Council must be satisfied that the new building is necessary for the existing business and that it is likely to continue to grow and prosper. New buildings for start-up businesses will not be permitted in the Green Wedge or Corridor. This is to avoid the proliferation of new buildings which are unconnected to existing sites and uses and may result in harm to the valued open <u>openness and landscape character of the landscapes and river valleys.</u></p>	
MM72	Policy CO4, 8.64, 8.65, 8.66, 8.68	<p><i>Amend criterion A) title and first sentence to:</i> A) <u>New buildings and structures</u></p> <p><u>Planning permission will be granted for new buildings and structures....</u></p> <p><i>Amend criterion A) iii. to:</i> <u>iii. local transport infrastructure and other essential infrastructure or development which supports existing or potential utility infrastructure</u></p> <p><i>Amend first sentence of para. 8.64 to:</i> Proposals for new buildings <u>and structures...</u></p> <p><i>Amend para. 8.65 to:</i> Essential infrastructure is defined as being infrastructure that must be situated in the location proposed for connection purposes <u>and the benefits of which override any adverse impacts on the intrinsic character and beauty of the countryside. e.g. electricity substation, waste water treatment sites, emergency services or telecommunications. e.g. sewage or water connections, power sources, waste water recycling/treatment sites, electricity substations,</u></p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><u>emergency services or telecommunications, including on-site and off-site reinforcements to existing networks.</u> Local transport infrastructure is defined as being infrastructure that must be situated in the location proposed e.g. a Park and Ride facility, new roads and bridges. <u>Essential infrastructure will also be recognised as that proposed by statutory undertakers.</u></p> <p><i>Amend first sentence of para. 8.66 to:</i> Buildings <u>and structures</u>.....</p> <p><i>Amend first sentence of para. 8.68 to:</i> Economic growth in the Rural Area is encouraged but new buildings <u>and structures</u>...</p>	
MM73	Policy CO5	<p><i>Amend Policy title, Criterion B title and first sentence to:</i> POLICY CO5 – INFILLING IN THE GREEN BELT, GREEN WEDGE, GREEN CORRIDOR AND RURAL AREA</p> <p>B) Green Wedges, Green Corridors and or Rural Area</p> <p>Planning permission will be granted for infilling in the Green Wedge, Green Corridors and or Rural Area provided that:.....</p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies.
MM74	Policy CO6, 8.76, 8.77, 8.78	<p><i>Amend Criterion B title and first sentence to:</i> B) Green Wedges and Green Corridors Planning permission will be granted for the change of use of buildings in the Green Wedge and Green Corridors where:</p> <p><i>Amend Criterion B iii. to:</i> iii. the use of any land within the curtilage of the building, and which is to be used in association with that building, would not conflict with the purposes of the Green Wedge or Green Corridor Designations; and</p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><i>Amend last para of Criterion B to:</i> Changes of use of land and engineering operations will be permitted where the development would not adversely impact on the role, function, character and appearance of the Green Wedges and Green Corridors as set out in Policy CO1 Strategic Policy S13.</p> <p><i>Delete para. 8.76</i></p> <p><i>Amend first sentence of para 8.77 to:</i> Within the Green Belt, and Green Wedges and Green Corridors, any alteration or extension included as part of a change of use will require careful scrutiny in order to ensure that it is not disproportionate in relation to the existing building.</p> <p><i>Amend first and second sentence of para 8.78 to:</i> Buildings will normally have an identified curtilage. It is important to consider how the curtilage may alter as part of the change of use to the host building; for example, through storage or domestication. In the Green Belt, the Council will be mindful about the impact on openness. In the Green Wedges and Green Corridors, the ancillary use of the land should not conflict with the purpose of the designations.</p>	
MM75	Policy CO7, 8.84	<p><i>Amend policy title, criterion B title and first sentence to:</i> POLICY CO7 – EXTENSIONS TO EXISTING BUILDINGS WITHIN THE GREEN BELT, GREEN WEDGES, GREEN CORRIDORS AND RURAL AREA</p> <p>B) Green Wedges and Green Corridors</p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p>Planning permission will be granted for extensions or alterations to existing buildings where the building is located within the Green Wedge or Green Corridor and the extension or alteration would not:</p> <p><i>Amend Criterion B ii. & iii. to:</i></p> <p>ii. be out of keeping with its context and surroundings or result in any other <u>unacceptable</u> harm; and</p> <p>iii. conflict with the purposes of the Green Wedge or Green Corridor designation.</p> <p><i>Amend criterion C) i. to:</i></p> <p>i. be disproportionate in size, scale and proportions, such that the form and appearance would be out of keeping with the existing building, its context and surroundings <u>be out of keeping with its context and surroundings and does not result in any other unacceptable harm; and</u></p> <p><i>Amend para 8.84 to:</i></p> <p>B) Green Wedge and Green Corridors</p> <p>The role of the main river valleys will be protected and enhanced as a valued and multi-faceted landscapes for their <u>its</u> openness and preventing settlement coalescence and its <u>their</u> function as <u>an</u> important green networks for wildlife, leisure and recreation. Some parts of the Green Wedges and Green Corridors may also fall within the Green Belt. In these cases, the objectives and purpose of the Green Belt will still apply; Green Belt is a national designation, subject to national policies and will still be given full weight in planning decisions. <u>The Green Wedge and Green Corridors will</u> also covers parts of the designated Rural Area <u>and</u>, in these cases the proposal will need to conform with both Parts B and C of the policy.</p>	

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
MM76	Policy CO8	<p><i>Amend second paragraph of policy to:</i> Planning permission will be granted for a new dwelling or caravan in the <u>Green Wedge or Rural Area, Green Wedge or Green Corridor</u> where there is a proven essential need for the purposes of agriculture or forestry, horse breeding and training, livery or other land-based rural business.</p>	<p>For effectiveness and consistency with national policy. This change ensures consistency with other policies.</p>
MM77	Policy HE1	<p><i>Amend criterion A):</i> The impact of any development proposal on <u>the significance of a designated heritage asset or its setting</u>, and the level of any harm, will be <u>considered weighed</u> against any public benefits arising from the proposed development. Where there is substantial harm or total loss of significance of the designated heritage asset, this will be weighed against any substantial public benefits, unless <u>consent will be refused unless it can be demonstrated that the substantial harm or loss is necessary to achieve substantial public benefits that outweigh that harm or loss; or all of the following apply:</u></p> <p><i>Amend first para and delete last para under B) Listed Buildings:</i> In addition to the above Criteria A) the Council will preserve Listed Buildings and will <u>permit</u> only support proposals where:</p> <p>Applications involving the demolition of a Listed Building will only be granted in exceptional circumstances, where the substantial public benefit derived from the proposals outweighs the loss.</p> <p><i>Amend first para under C) Conservation Area:</i> In addition to the above Criteria A) development will <u>only</u> be permitted in Conservation Areas where:</p> <p><i>Amend criterion D):</i></p>	<p>For effectiveness and consistency with national policy. This change ensures consistency with other policies.</p>

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><u>Development proposals should protect Registered Parks and Gardens and their settings. Harm should be assessed in accordance with the tests within Part A of this policy. In addition, to the above Criteria A) planning permission will only be granted for proposals that would not cause harm to the character or setting of Registered Parks or Gardens unless there is a the harm is outweighed by public benefit.</u></p> <p><i>Amend criterion E):</i> <u>Development proposals should protect Scheduled Monuments and their settings. Harm should be assessed in accordance with the tests within Part A of this policy. In addition, to the above Criteria A) planning permission will only be granted for proposals that would not adversely affect a Scheduled Monument or its setting unless there is a the harm is outweighed by public benefit.</u></p>	
MM78	Policy HE3	<p><i>Amend first sentence of Policy HE3:</i> Planning permission will be granted for development affecting archaeological sites providing it protects, enhances and or preserves sites of archaeological interest and their settings.</p>	For consistency with national policy as some assets of archaeological interest may not require protecting, enhancing and preserving so 'and' is replaced with 'or'.
MM79	Policy NE1, 8.109	<p><i>Add to end of (A) Internationally Designated Sites:</i> <u>Where appropriate, contributions from developments will be secured towards mitigation measures identified in the Essex Recreational disturbance Avoidance and Mitigation Strategy (RAMS) which will be completed by the time the Local Plan is adopted. Prior to RAMS completion, the authority will seek contributions, where appropriate, from proposed residential development to deliver all measures identified (including strategic measures) through project level HRAs, or otherwise, to mitigate any recreational disturbance impacts in compliance with the Habitat Regulations and Habitats Directive.</u></p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><i>Amend para 8.109:</i> The development proposal should be informed by the results of the checklist and any relevant survey and <u>apply the mitigation hierarchy</u> and have regard to the Council's Green Infrastructure Strategy. <u>Strategic Plan</u>.</p>	
MM80	Policy NE2, 8.113	<p><i>Amend A) first para:</i> Planning permission will only be granted for development proposals that do not result in unacceptable harm to the health of a preserved tree, trees in a Conservation Area or Registered Park and Garden, preserved woodlands or ancient woodlands. Consideration will also be given to the impact of a development on aged or veteran trees found outside ancient woodlands.</p> <p><i>Amend A) second para:</i> Development proposals that have the potential to affect preserves trees, trees in a Conservation Area or Registered Park and Garden, ...</p> <p><i>Amend B) as follows:</i> B) Non-Protected Other Landscape Features Planning permission will only be granted for development proposals that do not result</p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies
MM81	Policy NE3	<p><i>Amend Policy NE3, part A (ii) as follows:</i> ii. it seeks to achieve betterment and does not worsen flood risk elsewhere.</p> <p><i>Amend Policy NE3, part B (ii) as follows:</i> ii. manage surface water run-off so that the run-off rate is no greater than the run-off prior to development taking place or if the site is previously developed, development reduces run-off rates <u>and volumes as far as is reasonably practical</u>; and</p>	For effectiveness, legally compliant and consistency with national policy. This change ensures consistency with other policies.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><i>Amend Policy NE3, part C, final sentence, as follows:</i> As well as providing appropriate water management measures, where possible SuDS should be multi-functional to deliver benefits for wildlife, amenity and landscape the built, natural and historic environment.</p>	
MM82	Policy NE4	<p><i>Amend first criteria:</i> i. do not cause demonstrable harm to residential amenity <u>living environment</u>; and</p> <p><i>Amend fourth criterion:</i> iv. do not have an unacceptable visual impact which would be harmful to its <u>setting the character of the area</u>; and</p>	For effectiveness and consistency with other policies.
MM83	Policy CF1, 8.125	<p><i>Amend Policy CF1(iv):</i> iv. there would be no unacceptable impact on the character, appearance or amenities of the area <u>local environment</u>; and</p> <p><i>Amend paragraph 8.125:</i> New development should be physically compatible in form and appearance with its surroundings. It should not adversely impact <u>the local environment of the area by reason of impact on residential its neighbours and should avoid adverse impacts on, noise, pollution, biodiversity, air or and water quality.</u></p>	For effectiveness and consistency with other policies.
MM84	Policy CF2	<p><i>Amend Policy CF2 A) by adding a new sentence under the criteria:</i> <u>In relation to the loss of a locally valued community facility that is commercial in nature, such as public houses, and private healthcare, evidence will need to be submitted to demonstrate that the use is not economically viable and that it is no longer required to meet the needs of the local community.</u></p>	For effectiveness and consistency with other policies.
MM85	Policy MP1	<p><i>Amend policy title:</i> POLICY MP1 – HIGH QUALITY <u>AND INCLUSIVE</u> DESIGN</p>	For effectiveness and consistency with national planning policy

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><i>Amend part (B) (vi) to:</i> vi. create safe, <u>accessible and inclusive</u> environments</p> <p><i>Amend vii to:</i> vii. minimise the use of natural resources in accordance with Policy MP3.</p> <p><i>Add end of para 9.3:</i> <u>Consideration should be given to the detailed guidance contained within the Council’s Making Places Supplementary Planning Document.</u></p>	
MM86	Policy MP2, 9.9 and 9.14	<p><i>Amend first para of Policy MP2:</i> The Council will require all new major development to meet the highest standards <u>be of high quality of built form and urban design.</u></p> <p><i>Amend first bullet point of MP2:</i></p> <ul style="list-style-type: none"> • <u>Respect the historic and natural environment of biodiversity and amenity interests through the provision of a range of greenspaces</u> <p><i>Amend 11th bullet to of MP2:</i></p> <ul style="list-style-type: none"> • <u>Provide public open space or larger scale and contribute to green infrastructure</u> <p><i>Amend 14th bullet of MP2:</i></p> <ul style="list-style-type: none"> • Minimise use of natural resources in accordance with Policy MP3. <p><i>Add to end of Policy:</i> <u>Where relevant, new residential development must be in accordance with the standards as set out in Appendix A, unless it can be demonstrated that the particular site circumstances require a different design approach allow for a lower provision.</u></p>	For effectiveness and consistency with other policies.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><i>Amend references to ‘high standards’ within para 9.9 to <u>high quality</u>.</i></p> <p><i>Add the following as penultimate sentence to 9.9:</i> <u>The Council will encourage developers to have regard to the design principles set out in the Essex Design Guide.</u></p> <p><i>Add new para after 9.14:</i> <u>All new residential development will be required to comply with the development standards within Appendix A. Applicants should consult the Council’s Making Places Supplementary Planning Document for detailed guidance.</u></p>	
MM87	Policy MP3 and 9.20	<p><i>Amend first para of Policy MP3:</i> The Council will expect all new dwellings and non-residential buildings to incorporate sustainable design features to reduce carbon dioxide and nitrogen dioxide emissions, and the use of natural resource, <u>as follows where relevant</u>.</p> <p><i>Re-order policy to the following order:</i> All new dwellings shall meet the Building Regulations optional requirement for water efficiency of 110 litres/person/day.</p> <p><i>Expand the next para to the following:</i> New dwellings and non-residential buildings shall provide convenient access to Electric Vehicle (EV) charging point infrastructure <u>as follows</u>:</p> <ul style="list-style-type: none"> • <u>Residential development should provide Electric Vehicle (EV) charging point infrastructure at the rate of 1 charging point per unit (for a dwelling with dedicated off-road parking) and/or 1 charging point per 10 spaces (where off-road parking is unallocated).</u> 	For effectiveness and consistency with other policies and includes the requirements against which applications should be judged in the policy text.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<ul style="list-style-type: none"> • <u>Non-residential development should provide charging points equivalent to 10% of the total parking provision.</u> • <u>Public charging points should be located in highly visible, accessible locations close to building entrances.</u> <p><i>Delete the paragraph:</i> Non-residential developments of 1000sqm or more will be required to achieve at least a 10% reduction in carbon dioxide emissions above the requirements of current Building Regulations.</p> <p>All new non-residential buildings with a floor area in excess of 500sqm shall achieve a minimum BREEAM rating (or its successor) of 'Very Good'.</p> <p><i>Replace paragraph 9.20 with:</i> <u>The standards for electrical vehicle charging points for new residential development are taken from The Institute of Air Quality Managements guidance document 'Land-Use Planning & Development Control: Planning for Air Quality (2017)' and is now the standard in many Councils across the UK. Standards for non-residential developments are set by the Low Emission Partnership's 2013 guidance document Low Emission Topic Note 1 Provision of EV charging points.</u></p> <p><i>Add end of para 9.22:</i> <u>Detailed guidance is contained within the Council's Making Places Supplementary Planning Document.</u></p>	
MM88	Policy MP4 and 9.25	<p><i>Amend title of policy:</i> POLICY MP4– DESIGN SPECIFICATION FOR DWELLINGS AND HOUSES IN MULTIPLE OCCUPATION</p>	For effectiveness and consistency with other policies. The title is changed as it currently suggests the Policy only applies to HMO's.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><i>Amend Policy MP4 A) v):</i> v. Provide appropriate and well designed refuse and recycling <u>recycling and waste storage</u>.</p> <p><i>Amend Policy MP4 (B) (i) and iii):</i> i. achieve sufficient amenity <u>communal garden space</u>; and iii. Provide refuse and recycling <u>appropriate and well designed recycling and waste storage</u> within the plot of the building in which the property is located, or a communal store where the development relates to more than one property; and</p> <p><i>Delete Policy MP4 (B) (v) and para 9.25</i></p> <p><i>Add end of para 9.23:</i> <u>Consideration should be given to the detailed guidance contained within the Council's Making Places Supplementary Planning Document.</u></p>	<p>The change also clarifies matters relating to recycling and waste storage. It also removes elements that are dealt with under the Building Regulations.</p>
MM89	Policy MP5	<p><i>Amend first para:</i> <u>The Council will have regard to All development will be required to comply with the vehicle parking standards set out in the Essex Parking Standards - Design and Good Practice (2009), or as subsequently amended, when determining planning applications.</u></p>	<p>For effectiveness of the policy</p>
MM90	Policy MP6, 9.31 and 9.32	<p><i>Amend Policy MP6:</i> <u>The Council will permit support proposals for buildings above 6 <u>5</u> storeys or above 16m high in part of the City Centre, provided:</u></p> <p><i>Amend third sentence of para 9.31</i> Suitable locations for tall buildings may be areas <u>that are the most well-connected by public transport whilst providing opportunities to make the most efficient use of land; and around the transport interchange of the train</u></p>	<p>For effectiveness and consistency with other policies and to provide clear reference to the SPD being produced to support the Local Plan.</p>

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p>and bus stations or large public spaces where tall structures are able to make a positive contribution to the existing character and context of an area subject to all of the above justifications.</p> <p><i>Add to end of para 9.32:</i> <u>Consideration should be given to the detailed guidance contained within the Council's Making Places Supplementary Planning Document.</u></p>	
MM91	Policy MP7 and paragraphs 9.33-9.36	<i>Delete Policy MP7 and paragraphs 9.33-9.36</i>	The policy duplicates the requirements within the Building Regulations Approved Document R and it is proposed to be deleted, along with the relevant reasoned justification. The aspirations to support the expansion of high speed broadband is suitably captured within Strategic Policy S11.
MM92	Policy PA1, 9.37 and 9.38	<p><i>Amend Section Title to:</i> <u>PROTECTING AMENITY LIVING AND WORKING ENVIRONMENTS</u></p> <p><i>Amend para 9.37:</i> An essential part of high-quality design should be the safeguarding of the <u>living and working environments</u> of existing and future residents.</p> <p><i>Amend policy title:</i> <u>POLICY PA1 - PROTECTING AMENITY LIVING AND WORKING ENVIRONMENTS</u></p> <p><i>Substitute the word 'amenities' for the term 'living environments' in PA1 (i):</i> i. safeguards the amenities living environments of the occupiers of any nearby residential property by ensuring that the development is not</p>	To provide clarity to the reader and make clear this policy deals with both living and working environments. The criterion is split into (i) and (ii) to reflect this consideration.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p>overbearing and does not result in unacceptable overlooking or overshadowing. The development shall also not result in excessive noise, activity or vehicle movements; and</p> <p><i>Amend PA1 (ii):</i> ii. is compatible with neighbouring or existing uses in the vicinity of the development and protects the wider amenities of the area by ensuring that the development, and its relationship with the surrounding area, avoids unacceptable levels of polluting emissions by reason of noise, light, smell, fumes, vibrations or other issues, unless appropriate mitigation measures can be put in place and permanently maintained.</p> <p><i>Substitute the word ‘amenities’ for the term ‘living environments’ in second sentence of para 9.38:</i> This includes the protection of existing amenity living environments by ensuring there is not excessive noise or unacceptable overlooking created by new development.</p>	
MM93	Tables 5-8 Monitoring Framework	<i>Replace with table in Annex 4</i>	To update the monitoring framework in light of the proposed main modifications and to ensure monitoring is effective
MM94	Appendix A	<p><i>Amend Para A1:</i> This Appendix provides information about standards that apply to all new residential developments in Chelmsford including conversions, whether apartments, houses, or houses in Multiple Occupation (HMO’s) or extensions. The standards also apply to extensions to existing dwellings in most circumstances, unless it can be demonstrated that the particular site circumstances require a different design approach.</p> <p><i>Amend Para A2:</i></p>	Consequential changes to Appendix A following changes to term ‘amenity’ in Policy PA1 to be consistent. Changes also correct the status of Appendix A within the Local Plan.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p>These standards are provided as an Appendix rather than set out in policies within the Local Plan to enable them to be reviewed and updated more readily. They standards are guidance to be applied to planning applications and seek to ensure new developments will meet the needs of their occupiers, minimise the impact of new developments on surrounding occupiers and encourage higher rates of recycling. Detailed guidance is contained within the Council's Making Places Supplementary Planning Document. Where relevant, links have been provided to other Council documents or national standards.</p> <p><i>Amend Para A3:</i> ...and a good standard of amenity <u>living environment</u> ...</p> <p><i>Amend text following Table 9:</i> * For tall buildings (above 6 <u>5</u> storeys or 16 metres) ...</p> <p><i>Amend caption for Figure 12:</i> Separation distances and amenity standards <u>private garden</u> space for a small ...</p>	
MM95	Appendix B Housing Site Breakdown	<i>Delete Appendix B</i>	Appendix B was intended to assist with the understanding of how elements of the housing numbers were derived to assist with the consultation process. It is not referred to anywhere in the Plan and the status of sites has now moved on so it is no longer required.
MM96	Appendix C	Update Housing Trajectory to include Windfall figures for year 6 onwards in accordance with Annex 5 attached to this Schedule.	To ensure the numbers in Strategic Policy S9 are correctly reflected in the Trajectory and to provide an annual

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
		<p><i>Replace with Local Plan Housing Trajectory, Employment Trajectory and Gypsy, Traveller and Travelling Showpeople Trajectory 2019 in Annex 5.</i></p> <p><i>Replace Figure 15: 2013-2036 Housing Trajectory in Annex 5.</i></p> <p><i>Reflect the updates to the Housing Trajectory delivery timescales in reasoned justification for the following paragraphs 7.48, 7.58, 7.64, 7.74, 7.84, 7.111, 7.125, 7.172, 7.188, 7.197, 7.242, 7.257, 7.269, 7.282, 7.306, 7.313, 7.325 and 7.346.</i></p> <p><i>In addition, amend the format of dates for example 20XX/XX and 20XX/20XX to <u>20XX</u> and <u>20XX</u> for the following paragraph 7.143, 7.156, 7.209 and 7.301.</i></p> <p><i>Amend C2:</i> C2 For each of the above, timeframes for development have been projected based on the following information: <ul style="list-style-type: none"> • Published housing completions for years 2013/14 to 2018/1916/17 • Known planning permissions and expected time frames for development, based on developers' projected build out rates (sourced from the April 20197-Housing Site Schedule) for years 20197/198 to 20231/242 • Expected time frames for the development of Pre-Submission Local Plan allocations, based on projected build out rates and information from site promoters for years 20197/198 to 20231/232 as applicable </p>	<p>update which will need to be taken into account at the time of publication.</p>
MM97	APPENDIX D	<i>Delete Appendix D – North Chelmsford Area Action Plan</i>	Deletion to ensure the plan is sound by removing this extract of the AAP as it is to be superseded by the Plan (see also MM14)

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification
MM98	11.2	<p><i>Amend third sentence of para 11.2 to:</i> These include a Review of the Defined Settlement and Urban Area Boundaries 2018, <u>and</u> an Open Space Assessment 2016. and a review of Green Wedges and Green Corridors 2017.</p>	For effectiveness and consistency with other policies.

ANNEX 1

SCHEDULE OF SUPERSEDED DOCUMENTS AND POLICIES

In accordance with Regulation 8 (5) of the Town and Country Planning (Local Planning) (England) Regulations 2012, the following Development Plan Documents and Policies will be superseded by the Local Plan:

Superseded Development Plan Document	Date Adopted
Core Strategy and Development Control Policies	February 2008
Core Strategy and Development Control Policies Focused Review	December 2013
Chelmsford Town Centre Area Action Plan	August 2008
North Chelmsford Area Action Plan	July 2011
Site Allocations	February 2012

Superseded Core Strategy and Development Control Policies	Pre-Submission Local Plan Policies
CP1 Securing Sustainable Development	None relevant
CP2 The Borough Wide Spatial Strategy	S8 Housing and Employment Requirements S9 The Spatial Strategy
CP3 Phasing of Development	S1 Spatial Principles S9 The Spatial Strategy
CP4 Securing Infrastructure	S11 Infrastructure Requirements S12 Securing Infrastructure and Impact Mitigation
CP5 Containing Urban Growth	S1 Spatial Principles S9 The Spatial Strategy
CP6 Promoting Urban Renaissance	S1 Spatial Principles
CP7 Area Action Plans	None relevant
CP8 Promoting Accessibility	S1 Spatial Principles MP2 Design and Place Shaping Principles in Major Developments
CP9 Protecting Areas of Natural and Built Heritage and Archaeological Importance	S5 Conserving and Enhancing the Historic Environment HE3 Archaeology
CP10 Protection from Flooding	S3 Addressing Climate Change and Flood Risk NE3 Flooding/SUDS
CP11 Energy and Resource Efficiency, Renewable Energy and Recycling	S3 Addressing Climate Change and Flood Risk NE4 Renewable and Low Carbon Energy

Schedule of Proposed Additional Modifications

A Planning Inspector is examining the Chelmsford City Council Local Plan as submitted by the Council on 29 June 2018. As part of the examination process a number of proposed Additional (Minor) Modifications to the Pre-Submission Local Plan have been identified.

This schedule sets out these minor modifications that the Council intends to make to the Pre-Submission Local Plan prior to its adoption.

Main Modifications are listed in a separate schedule. In addition, a further separate Schedule of Proposed Modifications to the Policies Map, details changes made to the Policies Map.

The reasoning for the additional modifications is to:

- provide clarity including the time period covered by the Local Plan;
- ensure consistency across the Local Plan with policies and other evidence base work;
- prepare the document for adoption;
- respond to issues raised by consultees during the Pre-Submission Local Plan Consultation January-March 2018
- reflect the latest position or updated facts;
- correct typographical or grammatical errors and/or
- better reflect site allocation development requirements.

The Additional Modifications will not be considered by the Planning Inspector as they do not relate to the soundness of the plan. They are published for information purposes only and thus do not form part of the Main Modifications consultation.

This schedule includes the paragraph or policy number the modification together with an outline of the proposed modification. New text is shown as underlined. Deleted text is shown as ~~striketrough~~. Actions are showed in *italic*.

Additional Modification Reference Number	Paragraph/ Policy Number	Modification
AM1	Front Cover	<i>Add to cover: Our Planning Strategy 2013 to 2036</i>
AM2	Whole Plan	<i>Change all references to 'Green Wedges' to the singular and where appropriate proceed by 'the' Change all references of 'a Green Wedge' to 'the Green Wedge'</i>
AM3	1.1	<i>Amend last sentence of para 1.1: The Council's is preparing a new Local Plan to provides a new planning framework to meet local development needs for the period up to 2013-2036 and consists of a Written Statement (this document) and a Policies Map</i>
AM4	1.6	<i>Amend Box: Section 1 - introduces the Local Plan, its purpose, the timetable <u>the plan period</u>, the Sustainability Appraisal and community-led planning, alongside details of how you can make comments. Section 11 – <i>add space between 'the' and 'Policies'. Delete 'to' before identify.</i></i>
AM5	1.7 to 1.35, 1.40 to 1.45 and 1.46, 1.47 and 1.48	<i>Update introductory text to the Local Plan to reflect current status.</i>
AM6	1.36	<i>Amend para 1.36: The supporting documents which the Council can require to validate an application include a Design and Access Statement <u>Agricultural Land Classification Survey, Transport Assessment and Travel Plan and Education Land Compliance Assessments.</u></i>
AM7	2.24	<i>Insert additional para before 2.24: <u>Chelmsford is well served by a range of urban and inter urban bus services between key centres in Essex. Chelmsford also has two Park and Ride facilities (Chelmer Valley and Sandon) with frequent connections to the City Centre for commuters and shoppers. North Chelmsford is also served by a bus-based rapid transit (ChART) connecting the new neighbourhood with the City Centre and rail station.</u></i>

Additional Modification Reference Number	Paragraph/ Policy Number	Modification
AM8	2.28	<i>Amend para 2.28:</i> Chelmsford is also rich in history, with over 1,000 listed buildings, 25 Conservation Areas, 19 scheduled monuments and 6 historic park gardens <u>Registered Parks and Gardens of Special Interest</u> . Its historic landscape contains many archaeological sites dating back to pre-historic times.
AM9	3.14	<i>Amend last sentence of para 3.14:</i> However, some additional capacity in certain areas may come about from promoting a change in behaviour, for example in how people choose to travel. However, to transport people exists on sustainable networks such as bus, walking and <u>cycling</u> . <u>Subsequently</u> , additional capacity in certain areas may come about from promoting a change in behaviour, for example in how people choose to travel.
AM10	3.15	<i>Amend fourth sentence of para 3.15:</i> The modelling outputs indicate that the patterns and severity of congestion across Chelmsford in the modelling would remain broadly consistent regardless of differences in Local Plan development allocation and the mitigation measures identified.
AM11	3.23	<i>Amend para 3.23:</i> A key infrastructure challenge will be ensuring that the local and strategic transport network can accommodate the proposed future growth. The traffic modelling evidence base work has assessed the transport implications of the Local Plan throughout its preparation, <u>and identified junction mitigation and sustainable infrastructure requirements, where appropriate.</u>
AM12	3.27	<i>Amend para 3.27:</i> Chelmsford has a wide range of planning designations such as Green Belt and other national environmental and heritage designations such as SSSI's, local wildlife habitats and woodlands providing biodiversity and ecological benefits. Chelmsford's historic environment is also important with a range of Scheduled Monuments, Listed Buildings, <u>Conservation Areas and Registered Parks and Gardens</u> . All of these contribute towards the local distinctiveness of the area and need to be protected and enhanced at the same time as achieving the growth required.
AM13	3.28	<i>Amend para 3.28:</i> The Local Plan will also protect and enhance local distinctiveness and plan positively for the creation, protection and enhancement of networks <u>to ensure a net gain for</u> of biodiversity and green infrastructure in line with the Council's Green Infrastructure Strategy . <u>Strategic Plan.</u>
AM14	3.29	<i>Add new para after 3.29:</i>

Additional Modification Reference Number	Paragraph/ Policy Number	Modification
		<u>High quality green infrastructure will be used to protect, enhance and create wildlife corridors to maintain ecological connectivity when greenfield land will be lost. In line with the Spatial Principles (Policy S1), the Local Plan will also maximise the use of suitable previously developed land (brownfield land), provided that it is not of high environmental value and represents a sustainable location.</u>
AM15	3.33	<i>Amend para 3.33:</i> <u>The Local Plan policies will seek to achieve a net gain for biodiversity by providing new green spaces including high quality green infrastructure built into the designs and masterplans of new development. The new Local Plan will also seek to ensure that all new development meets the highest standards of design. The Plan will further also encourage the use of masterplans and design codes where appropriate for strategic scale developments.</u>
AM16	3.37	<i>Add to end of para 3.37:</i> <u>A Cultural Development Trust has also been established to work in partnership with the Council to strengthen Chelmsford's cultural identity. Through close engagement with the public, the mutual objective is to inspire participation in the arts and culture, to build awareness of the City's historic heritage and to ignite interest in developing creative and cultural legacies for the future. The Trust will contribute to the ideas for a shared Cultural Vision "Towards 2040" and participate in encouraging investment in the City's museums and theatres.</u>
AM17	The Vision	<i>Amend second para of the Vision:</i> This positive change will optimise the opportunities for new and upgraded infrastructure including <u>cultural</u> , leisure and recreation facilities, shops, education and healthcare services historic environment. <i>Amend bullets on page 37 and 38:</i> <ul style="list-style-type: none"> • Move towards a low carbon future for Chelmsford <u>seeking to mitigate and adapt to climate change and to promote the sustainable use of natural resources</u> • Protect and enhance the rich and diverse natural, built, and <u>natural, built, and historic and natural environment including the coast</u>
AM18	5.18	<i>Amend para 5.18:</i> Chelmsford has a rich and diverse heritage. It has many heritage assets which are worthy of protection for their significance. Within Chelmsford's administrative area there are 1,006 <u>1,008</u> listed buildings. There are also 25 Conservation Areas, 19 Ancient <u>Scheduled</u> Monuments, and 6 Registered Parks and Gardens all of which are shown on the

Additional Modification Reference Number	Paragraph/ Policy Number	Modification
		Policies Map. With the exception of Conservation Areas, these Designated Heritage Assets are identified within the National Heritage List for England.
AM19	6.24	<i>Amend para 6.24:</i> An Employment Land Review, Retail Capacity Study and Office Needs Assessment have also been carried out which set out the amount and types of employment and retail floorspace that will be required within the Local Plan period.
AM20	6.32	<i>Second to last sentence of para 6.32 replace 'are' with 'also'</i>
AM21	6.54 and 6.65	<p><i>Add new para following 6.54:</i> <u>The Council is cooperating with broadband infrastructure providers and the County Council to ensure as wide a coverage as possible with high speed, reliable broadband. National broadband operators can offer superfast broadband connection for new developments, either free of charge or as part of a co-funded partnership.</u></p> <p><i>Add new para before 6.65:</i> <u>The Chelmsford City Growth Package (£15m), which is jointly funded by Essex County Council and the South East Local Enterprise Partnership, for implementation by March 2021, will deliver a package of short term measures to achieve this vision. Once approved the final package will help to accommodate the existing, and future, transport needs of Chelmsford. A Housing Infrastructure Fund (HIF) forward funding bid submitted by Essex County Council in partnership with the City Council has also been successful at the expression of interest stage to move to the final stage for up to £250m grant to be directed to the delivery of the Chelmsford North East Bypass and Beaulieu Rail Station.</u></p>
AM22	6.65	<i>Add to last sentence of 6.65:</i> The overarching approach of Essex County Council is to develop three strategic zonal focuses (Table 2 below):
AM23	6.67	<i>Amend para 6.67:</i> For the purposes of this policy the widest reasonable definition of infrastructure and infrastructure providers will be applied. The term infrastructure can include any structure, building, system facility and/or provision required by an area for its social and/or economic function and/or wellbeing including (but not exclusively): footways, cycleways, <u>bridleways</u> and highways; such as youth or the elderly.
AM24	6.75	<i>Add to start of para 6.75:</i> <u>Applicants should consult the Council's Planning Obligations Supplementary Planning Document for more guidance. Essex County Council's Developer's Guide to Infrastructure Contributions sets out ECC's standards for the receipt of relevant infrastructure funding.</u>

Additional Modification Reference Number	Paragraph/ Policy Number	Modification
AM25	6.89	<p><i>Amend para 6.89:</i> The Council will review the Local Plan every five years. On the basis that it takes around two years to formally complete this process, a formal review, <u>including a formal Regulation 18 consultation</u>, will commence three years after the adoption of the Local Plan. This is envisaged to be in 2022.</p>
AM26	7.5	<p><i>Delete para 7.5</i></p>
AM27	7.9	<p><i>Amend first sentence of para 7.9:</i> This Growth Area will accommodate around <u>3,150</u> 3,400 new homes</p>
AM28	Policy SGS1c, 7.41	<p><i>Amend bullet 3 under Site Infrastructure Requirements of Policy SGS1c:</i></p> <ul style="list-style-type: none"> • Financial contributions to primary and secondary education provision, and community facilities including healthcare provision <u>as required by the NHS/CCG.</u> <p><i>Add after first sentence of para 7.41:</i> <u>Due to the poor quality of the existing open space on site, in this instance, improving the quality of the open space to be provided on site as part of the development is appropriate in lieu of the Policy CF2 requirement to provide the same quantity of open space.</u></p>
AM29	Policy SGS1d	<p><i>Amend bullet 3 under Site Infrastructure Requirements:</i></p> <ul style="list-style-type: none"> • Financial contributions to early years, primary and secondary education provision, and community facilities including healthcare provision <u>as required by the NHS/CCG.</u>
AM30	Policy SGS1e	<p><i>Amend bullet 2 under Site Infrastructure Requirements:</i></p> <ul style="list-style-type: none"> • Financial contributions to primary and secondary education provision, and community facilities including healthcare provision <u>as required by the NHS/CCG.</u>
AM31	Policy SGS1f	<p><i>Amend bullet 2 under Site Infrastructure Requirements:</i></p> <ul style="list-style-type: none"> • Financial contributions to primary and secondary education provision, and community facilities including healthcare provision <u>as required by the NHS/CCG.</u>
AM32	7.86	<p><i>Add additional sentence to end of para 7.86:</i> <u>There is also scope for alternative land uses across the wider site including cultural or entertainment uses.</u></p>
AM33	7.95	<p><i>Add a new heading before para 7.95 (or as renumbered), as follows:</i></p>

Additional Modification Reference Number	Paragraph/ Policy Number	Modification
		<u>Growth Sites in Chelmsford Urban Area</u>
AM34	Policy GR1	<p><i>Amend 4th bullet under Site Infrastructure Requirements:</i></p> <ul style="list-style-type: none"> • Financial contributions to early years, primary and secondary education provision, and community facilities including healthcare provision as required by the NHS/CCG.
AM35	7.121	<p><i>Amend second to last sentence of para 7.121:</i></p> <p>Layout should also positively use existing topographical, heritage, ecological and landscape site features such as shallow valleys, established field boundaries, mature trees and vegetation, and nearby Local Wildlife Sites.</p>
AM36	7.129	<p><i>Add to end of para 7.129:</i></p> <p><u>Any further contributions to provide, or make financial contributions towards new or enhanced sport, leisure or recreation facilities will be considered having regard to the provision of the new Country Park.</u></p>
AM37	7.137	<p><i>Amend third sentence of para. 7.137:</i></p> <p>The feature is <u>potentially considered</u> of national importance and therefore in accordance with para 139 of the NPPF it should be treated as if it were a Scheduled Monument.</p>
AM38	7.140	<p><i>Amend para. 7.140:</i></p> <p><u>As the site may contain archaeological deposits, these which will need to be considered by future development proposals, through an archaeological evaluation.</u></p>
AM39	7.233	<p><i>Amend para 7.233:</i></p> <p>Flood risk management and natural, on-site SuDs are necessary to ensure there is no increased flood risk on site, or to adjacent areas and to ensure a sustainable form of development. Such features should not limit or adversely overlap with the main function of public open spaces</p>
AM40	7.236	<p><i>Amend para 7.236:</i></p> <p>The allocation includes areas which have been consented for long-term minerals extraction. The masterplanned development will require careful phasing together with an application from the mineral operator to modify the phasing programme for mineral extraction, which would be <u>determined approved</u> by the Minerals Planning Authority.</p>
AM41	Policy SGS5a	<p><i>Move bullet 4 from 'Movement and Access' to 'Historic and Natural Environment':</i></p> <ul style="list-style-type: none"> • Ensure appropriate habitat mitigation and creation is provided
AM42	7.253	<p><i>Amend 1st sentence of para 7.253:</i></p>

Additional Modification Reference Number	Paragraph/ Policy Number	Modification
		An area around the Grade II listed Moulsham Hall is allocated for conservation and strategic landscape enhancement, <u>as shown on the Policies Map.</u>
AM43	7.277	<i>Amend para 7.277:</i> Development design and layout should also take into consideration the setting of other heritage assets, including the <u>nearby listed buildings including Blue Barnes Farm, The Cottage, Jasmine Cottage, Millers Cottage and Rose Cottage, and sScheduled mMonument at Gubbions Hall.</u>
AM44	7.287	<i>Amend second sentence of para 7.287:</i> This will help serve Broomfield Hospital, Fairleigh Hospice and King Edward VI Grammar School playing fields. <i>Add additional sentence to the end of para 7.287:</i> <u>Site developers should work in partnership with the Mid-Essex Hospital Trust to facilitate this proposed new vehicular access road to the Hospital.</u>
AM45	7.291	<i>Amend last sentence of para 7.291:</i> Where the new link road affects Puddings Wood, compensatory measures which replaces and provides additional net habitat must be provided as part of the new development.
AM46	7.293	<i>Amend para 7.293:</i> Development design and layout should also take into consideration the setting of nearby historic properties along Blasford Hill, Wood House, the Coach House and Wood House Lodge, and the scheduled monument site to the north of the site, <u>and other non-listed residential properties adjoining the site.</u>
AM47	7.304	<i>Delete para 7.304</i>
AM48	7.309	<i>Amend para 7.309:</i> Moat Wood to <u>Moat Wood</u>
AM49	7.328	<i>Delete quote marks at end of second sentence of para 7.328</i>
AM50	7.330	<i>Capitalise <u>Showpeople</u> in the last sentence of para 7.330</i>
AM51	7.332	<i>Amend first sentence of para 7.332:</i> Locations for <u>business, office, retail and community space</u> will need to be incorporated in a logical way to relate to local needs and maintain a balance of uses on the site and the adjoining town.
AM52	8.5	<i>Add new sentence at end of para 8.5:</i>

Additional Modification Reference Number	Paragraph/ Policy Number	Modification
		Further information on the implementation of Policy HO1 Ci will be set out in the <u>Planning Obligations Supplementary Planning Document</u> .
AM53	8.8	<i>Add new sentence at end of para 8.8:</i> Further information on the implementation of Policy HO1 Cii will be set out in the <u>Planning Obligations Supplementary Planning Document</u> .
AM54	Policy EM2	<i>Amend para E) to:</i> E) On upper floors, proposals for separate units of retail, office, tourism, leisure, cultural, community or residential accommodation will be supported provided that a separate access from the ground floor is maintained or created, a separate refuse and recycling and waste store is provided, and the use does not prejudice the retail function and viability of the ground floor.
AM55	8.104	<i>Amend first sentence of para 8.104:</i> For development effecting Nationally Designated Sites, proposals will need to take account of the Chelmsford Green Infrastructure Strategy <u>Strategic Plan</u> .
AM56	8.106	<i>Add new sentence to end of para 8.106:</i> <u>Developments adjacent to main rivers should take opportunities to improve water related biodiversity though a variety of initiatives including buffer strips, riparian tree planting, alien species removal and increasing in-channel morphology diversity.</u>
AM57	8.108	<i>Amend para 8.108:</i> Biodiversity enhancements in and around development should have regard to the Council's Green Infrastructure Strategy <u>Strategic Plan</u> and be led by an understanding of ecological networks such as:
AM58	8.128	<i>Amend para 8.128:</i> Community facilities and services include local shops, meeting places, sports and recreation venues (indoor and outdoor, including allotments), <u>tourism attractions</u> , cultural buildings, public houses and places of worship. <u>Tourist attractions would include uses such as museums, other buildings and uses of land used for cultural or other leisure purposes.</u>
AM59	8.133 and 8.134	<i>Amend para 8.133:</i> The retention of all community facilities, including existing sport and leisure facilities, <u>tourist attractions and places of recreation</u> and public open spaces <u>and playing fields</u> , is paramount unless a case can be made that alternative provision will be provided in an acceptable and timely manner.

Additional Modification Reference Number	Paragraph/ Policy Number	Modification
		<i>Move existing paragraphs 8.133 and 8.134 above existing 8.131 and re-number accordingly.</i>
AM60	9.3	<i>Amend second sentence of para 9.3:</i> Good design rests upon analysis of the character of the area to create coherent and interesting places <u>rather than imposing arbitrary density requirements.</u>
AM61	9.8	<i>Insert new para. after 9.8:</i> <u>Applicants should consult the Council's Making Places Supplementary Planning Document for detailed guidance.</u>
AM62	9.22	<i>Amend para 9.22:</i> Part G of Building Regulations were changed in 2015 to include an optional requirement <u>for water efficiency i.e. so that</u> new homes should be designed to use no more than 110 litres of water/person/day. <i>Add new para after 9.22:</i> <u>Applicants should consult the Council's Making Places Supplementary Planning Document for detailed guidance.</u>
AM63	9.26	<i>Add new para after 9.26:</i> <u>Applicants should consult the Council's Making Places Supplementary Planning Document for detailed guidance.</u>
AM64	9.43	<i>Amend para 9.43:</i> The Council has designated an <u>two</u> Air Quality Management Areas (AQMA) <u>covering the area around the Army & Navy roundabout and a small section of the A414 in Danbury, both of which are shown on the Policies Map. Both of these areas have been designated because of arising from road traffic emissions. on the Army & Navy roundabout and surrounding roads, as shown on the Policies Map.</u> The presence of an AQMA should not stop new development, but careful consideration should be given to proposals that may increase traffic flows or exposure to poor air quality. Proposals that fall outside of an AQMA can still have an impact on the air quality due to the nature of the development including, but not limited to, size, use, vehicle movements and traffic generation. The Council will consider each application on a site-by-site basis regarding its effect on the AQMA and its objectives, and/or whether the development would cause unacceptable harm to the air quality of the area.
AM65	A.12 Appendix A	<i>Amend second sentence:</i> They should benefit from casual surveillance so that they feel safe and be <u>are</u> accessible to all intended users. For city/town centre schemes, a communal garden area will be encouraged.

Additional Modification Reference Number	Paragraph/ Policy Number	Modification
AM66	Appendix A Table 17	<i>Amend Title:</i> Recycling and waste collection <u>receptacles</u> required for flats and apartments
AM67	Appendix E – Evidence Base List	<i>Delete the Evidence Base List</i>
AM68	Appendix F Glossary	<i>Delete the glossary</i>

Schedule of Proposed Changes to the Pre-Submission Local Plan Policies Map

A Planning Inspector is examining the Chelmsford City Council Local Plan as submitted by the Council on 29 June 2018. As part of the examination process a number of proposed modifications to the Pre-Submission Local Plan have been identified. These modifications are either classified as "main" or "additional" modifications and are set out in the updated main and additional modification schedules, March 2019.

The policies map is not defined in statute as a development plan document and so the Inspector does not have the power to recommend main modifications to it. However the Council must maintain an adopted policies map which accurately illustrates geographically the application of the policies in the adopted development plan. **Therefore**, this schedule sets out a number of changes to the policies map which are in response to specific modifications to policies set out in the main modifications schedule. Other changes are also included to reflect the additional modifications schedule. The related main or additional modification reference number is included in the schedule below. Where changes are factual only there is no main or additional modification reference included. Accompanying this schedule are inset maps showing the specific changes in map form, where applicable. Please note maps have not been produced if the only change is to the title.

It should be noted that at the point of adoption the latest OS base mapping will be applied to the policies map and insets. This may result in minor changes occurring to notation boundaries.

Related 'Main' or 'Additional' Modification reference number	Map change reference number	Map	Proposed Change	Reason for change

The Policies Map shows the spatial definition of policies. It includes modifications to the policy areas proposed by the Chelmsford Draft Local Plan Submission Documents.

For the application of relevant policies within the Local Plan, the designation of Rural Area includes all those areas outside of Urban Areas, Defined Settlement Boundaries, Green Belt and specific allocations or policy areas. The Rural Area has no notation so appears as 'white land' on the Policies Map and its Insets.

Important Note
 This Policies Map shows areas at a higher risk of flooding. Areas at a higher risk from flooding are defined and updated by the Environment Agency.

PM2

**Chelmsford
Draft
Local Plan**
Modifications to
Policies Map

24 Ramsden Heath

82, Downham Road

The Policies Map shows the spatial definition of policies. It includes modifications to the policy areas proposed by the Chelmsford Draft Local Plan Submission Documents.

For the application of relevant policies within the Local Plan, the designation of Rural Area includes all those areas outside of Urban Areas, Defined Settlement Boundaries, Green Belt and specific allocations or policy areas. The Rural Area has no notation so appears as 'white land' on the Policies Map and its Insets.

Important Note

This Policies Map shows areas at a higher risk of flooding. Areas at a higher risk from flooding are defined and updated by the Environment Agency.

For further details please see the flood maps published on the Environment Agency's website at: www.environment-agency.gov.uk

Draft
Local Plan**
Modifications to
Policies Map

30 Stock

Land South of 52, Well Lane

The Policies Map shows the spatial definition of policies. It includes modifications to the policy areas proposed by the Chelmsford Draft Local Plan Submission Documents.

For the application of relevant policies within the Local Plan, the designation of Rural Area includes all those areas outside of Urban Areas, Defined Settlement Boundaries, Green Belt and specific allocations or policy areas. The Rural Area has no notation so appears as 'white land' on the Policies Map and its Insets.

Important Note

This Policies Map shows areas at a higher risk of flooding. Areas at a higher risk from flooding are defined and updated by the Environment Agency.

For further details please see the flood maps published on the Environment Agency's website at: www.environment-agency.gov.uk

1. Introduction

1.1 Overview

- 1.1.1 Chelmsford City Council (the Council) is currently preparing a new Local Plan for its administrative area (for brevity, the term 'the City Area' is used throughout this document to describe the Council's administrative area). The new Local Plan will set out the vision, spatial principles, planning policies and site allocations that will guide development in the local authority area in the period up to 2036. Amec Foster Wheeler Environment and Infrastructure UK Ltd (now Wood) was commissioned by the Council to undertake a Sustainability Appraisal (SA) of the Chelmsford Draft Local Plan: Pre-Submission Document¹ (hereafter referred to as the 'draft Local Plan') in order to assess the environmental, social and economic effects of the plan (and any reasonable alternatives), help to inform its development and identify opportunities to improve the contribution of the Local Plan to sustainable development.
- 1.1.2 The Council published the draft Local Plan for public consultation between 31st January and 14th March 2018, in accordance with Regulation 19 of the Town and Country Planning (Local Planning) (England) Regulations 2012². A SA Report³ presenting the findings of the appraisal of the plan was published for consultation at the same time (hereafter referred to as the '2018 SA Report').
- 1.1.3 Following consideration of the representations received to the consultation on the draft Local Plan alongside updates to evidence base, the Council identified a number of proposed 'Additional Changes' to the draft Local Plan⁴. These Additional Changes were screened and, where appropriate, appraised in an addendum⁵ to the 2018 SA Report. This addendum also considered additional reasonable alternative sites and 'clusters' of multiple sites identified during the consultation.
- 1.1.4 The draft Local Plan and proposed Additional Changes, together with the 2018 SA Report and addendum, were submitted to the Secretary of State for Housing, Communities and Local Government on 29th June 2018 for independent examination (known as an Examination in Public or EiP) by a Planning Inspector. The EiP hearing sessions subsequently took place in November and December 2018. In light of the hearings, a number of modifications, comprising of 'Main Modifications', 'Additional Modifications' and 'Policies Map Changes', to the draft Local Plan have been proposed. These modifications take into account and supersede the Additional Changes identified by the Council following consultation on the draft Local Plan in January 2018.
- 1.1.5 The Main Modifications proposed by the Council will be the subject of consultation from **1st August to 19th September 2019**. The Inspector will take into account the responses to the consultation before finally concluding whether or not a change along the lines of the Main Modifications is required to make the Local Plan sound. The Additional Modifications will not be

considered by the Inspector as they do not relate to the soundness of the plan. Whilst the Additional Modifications are being published for information purposes, they do not form part of the Main Modifications consultation.

- 1.1.6 This document is an addendum to the 2018 SA Report and has been prepared in order to take account of, and appraise, the proposed modifications to the draft Local Plan. The addendum assesses the likely significant effects of the proposed modifications in order to update the 2018 SA Report (as appropriate) and ensure that all the likely significant effects of the draft Local Plan (as proposed to be modified) have been identified, described and evaluated. The report supersedes the earlier 2018 SA Report addendum.

1.2 The Chelmsford Local Plan

The Draft Local Plan

- 1.2.1 The Chelmsford Local Plan will be a new single planning policy document. It will set out how much new development will be delivered in the City Area in the period up to 2036 and where this growth will be located. It will also contain planning policies and site allocations.
- 1.2.2 The first stage in the development of the Local Plan was the publication of the Chelmsford Local Plan Issues and Options Consultation Document (the Issues and Options Consultation Document) that was consulted on between 19th November 2015 and 21st January 2016. The Issues and Options Consultation Document set out, and sought views on, the planning issues that face Chelmsford over the next 15 years and options for the way they could be addressed in terms of the amount and broad location of future development in the City Area. Following consideration of the comments received as part of that consultation, ongoing engagement and further evidence base work, the Council selected its preferred options for the Local Plan in terms of the amount and location of growth to be delivered in the City Area up to 2036 which formed the Chelmsford Draft Local Plan Preferred Options Consultation Document (the Preferred Options Consultation Document). The Preferred Options Consultation Document was published for consultation between 30th March and 11th May 2017 and included the draft Local Plan Strategic Priorities, Vision and Spatial Principles, development requirements and Spatial Strategy, proposed site allocations and plan policies.
- 1.2.3 The Preferred Options Consultation Document was subsequently revised to reflect representations received during consultation, new evidence and the recommendations of its accompanying SA and in January 2018, the Pre-Submission Local Plan (draft Local Plan) was published for consultation. The draft Local Plan includes the following key parts:
- Local Plan Strategic Priorities, reflected in the Vision and Spatial Principles;
 - the overarching Local Plan strategy in terms of the amount of new development to be accommodated in the City Area (development requirements) and where it will be accommodated (the Spatial Strategy);
 - proposed site allocations to deliver the development requirements across three Growth Areas; and
 - plan policies including development requirements for the proposed site allocations.
- 1.2.4 Having considered the representations received to the consultation, alongside updates to the Local Plan evidence base, the Council identified a number of proposed 'Additional Changes' to the draft Local Plan. The draft Local Plan and Additional Changes were subsequently submitted for independent examination on 29th June 2018 with hearing sessions taking place in November and December 2018.

1.2.5 The Inspector's Post Hearing Advice⁶ was published on 8th February 2019 stating that, at this stage, the Local Plan "is a plan which could be found sound subject to main modifications". The Post Hearing Advice contained a number of actions for the Council in respect of the following elements of the draft Local Plan: Gypsy, Travellers and Travelling Showpeople sites; Green Belt; and Green Wedge, Green Corridors and Valued Landscapes. The Council issued its response⁷ to the Inspector's Post Hearing Advice on 21st February 2019 which confirmed its intention to prepare, and consult on, modifications to the draft Local Plan in light of the previously identified Additional Changes, modifications considered during the hearing sessions and the Inspector's Post Hearing Advice.

Proposed Modifications

1.2.6 Under Section 20(7) of the Planning and Compulsory Purchase Act (2004), as revised by Section 112 of the Localism Act (2011), modifications are either classified as "main" or "additional" modifications:

- "Main Modifications" are required to resolve issues in order to make the Local Plan sound or to ensure its legal compliance. They involve changes or insertions to policies and text that are essential to enable the plan to be adopted. Main Modifications are therefore changes that have an impact on the implementation of a policy.
- "Additional Modifications" are of a more minor nature and do not materially affect the policies set out in the draft Local Plan. Additional modifications mainly relate to points where a need has been identified to clarify the text, include updated facts, or make typographical or grammatical revisions which improve the readability of the Local Plan.

1.2.7 The Council has also identified a number of proposed changes to the Local Plan Policies Map. These changes are in response to, and ensure alignment with, the Main Modifications and Additional Modifications.

1.2.8 The proposed Main Modifications, Additional Modifications and Policies Map Changes are set out in **Appendix B** of this report.

1.3 Sustainability Appraisal

The Requirement for Sustainability Appraisal

1.1.1 Under Section 19(5) of the Planning and Compulsory Purchase Act 2004, the Council is required to carry out a SA of the Local Plan to help guide the selection and development of policies and proposals in terms of their potential social, environmental and economic effects. In undertaking this requirement, local planning authorities must also incorporate the requirements of European Union Directive 2001/42/EC on the assessment of the effects of certain plans and programmes on the environment, referred to as the Strategic Environmental Assessment (SEA) Directive, and its transposing regulations the Environmental Assessment of Plans and Programmes Regulations 2004 (statutory instrument 2004 No. 1633) (the SEA Regulations).

1.1.2 The SEA Directive and transposing regulations seek to provide a high level of protection of the environment by integrating environmental considerations into the process of preparing certain plans and programmes. The aim of the SEA Directive is "to contribute to the integration of

⁶ Letter from Yvonne Wright, Planning Inspector dated 08.02.19. Available from <https://www.chelmsford.gov.uk/planning-and-building-control/planning-policy-and-new-local-plan/new-local-plan/local-plan-examination/> [Accessed May 2019].

⁷ Letter from David Green, Director of Sustainable Communities dated 21.02.19. Available from <https://www.chelmsford.gov.uk/planning-and-building-control/planning-policy-and-new-local-plan/new-local-plan/local-plan-examination/> [Accessed May 2019].

environmental considerations into the preparation and adoption of plans and programmes with a view to promoting sustainable development, by ensuring that, in accordance with this Directive, an environmental assessment is carried out of certain plans and programmes which are likely to have significant effects on the environment."

1.1.3 At paragraph 16 the National Planning Policy Framework (NPPF) (2019)⁸ sets out that local plans must be prepared with the objective of contributing to the achievement of sustainable development. In this context, paragraph 32 reiterates the requirement for SA/SEA as it relates to local plan preparation:

"Local plans and spatial development strategies should be informed throughout their preparation by a sustainability appraisal that meets the relevant legal requirements. This should demonstrate how the plan has addressed relevant economic, social and environmental objectives (including opportunities for net gains). Significant adverse impacts on these objectives should be avoided and, wherever possible, alternative options which reduce or eliminate such impacts should be pursued. Where significant adverse impacts are unavoidable, suitable mitigation measures should be proposed (or, where this is not possible, compensatory measures should be considered)."

1.1.4 The National Planning Practice Guidance (2014)⁹ also makes clear that SA plays an important role in demonstrating that a local plan reflects sustainability objectives and has considered reasonable alternatives. In this regard, SA will help to ensure that a local plan is "justified", a key test of soundness that concerns the extent to which the plan is an appropriate strategy, taking into account the reasonable alternatives and based on proportionate evidence.

The SA Process To-date

1.3.1 SA has been an integral part of the preparation of the draft Local Plan with each stage of the plan's development having been accompanied by a SA, as follows:

- Issued and Options Consultation Document¹⁰;
- Preferred Options Consultation Document¹¹ ;
- Pre-Submission Local Plan³; and
- Additional Changes⁵.

1.3.2 The SA of the Pre-Submission Local Plan (draft Local Plan) was undertaken in January 2018. The SA Report was prepared to meet the reporting requirements of the SEA Directive and assessed the following key components of the document:

- Local Plan Vision and Spatial Principles;
- the quantum of growth to be provided over the plan period (development requirements) and the distribution of that growth (the Spatial Strategy);
- site allocations to deliver the development requirements across the three Growth Areas identified in the draft Local Plan (including reasonable alternatives); and

⁸ Ministry of Housing, Communities and Local Government (2019) *National Planning Policy Framework*. Available from https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/779764/NPPF_Feb_2019_web.pdf [Accessed May 2019].

¹¹ Amec Foster Wheeler (2017) *Chelmsford Draft Local Plan: Preferred Options Consultation Document Sustainability Appraisal Report*.

- Local Plan policies including development requirements for proposed site allocations contained in Chapter 7 of the draft Local Plan.¹²

- 1.3.3 A schedule of responses received to the 2018 SA Report is contained at **Appendix A** to this report.
- 1.3.4 As set out in **Section 1.1**, the 'Additional Changes' to the draft Local Plan identified by the Council following the January 2018 consultation were screened and appraised as necessary in an addendum to the 2018 SA Report. This addendum also considered additional reasonable alternative sites and 'clusters' of multiple sites identified during the consultation. It should be noted that the Additional Changes considered in this earlier addendum to the 2018 SA Report have since been superseded by the proposed modifications.
- 1.3.5 To ensure that the Local Plan takes into account sustainability considerations, and to meet the Council's responsibilities under the SEA Directive, this report has been prepared to screen and, where necessary, appraise, the Council's proposed Main Modifications to the draft Local Plan in order to update the 2018 SA Report. This is consistent with the Inspector's Post Hearing Advice (paragraphs 14 to 15) which states that the SA should consider whether the removal of Green Corridors from the Local Plan "would make any difference to the SA findings" and that the Council "should also satisfy themselves that they have met the requirements for SA in relation to the other potential MMs [Main Modifications], as appropriate". For completeness and on a precautionary basis, the Council's proposed Additional Modifications to the draft Local Plan and Policies Map Changes are also considered in this report.

1.4 This Report

- 1.4.1 This SA Report is structured as follows:
- **Section 1: Introduction** – Includes a summary of the Local Plan, an overview of the SA process to-date and outlines the purpose of this report and its contents;
 - **Section 2: SA Approach** - Describes the approach to identifying those Main Modifications, Additional Modifications and Policies Map Changes that are significant for the purposes of the SA and sets out the methodology for their appraisal;
 - **Section 3: Appraisal of Modifications** - Identifies the modifications that are significant and summarises the findings of their appraisal, including the implications for, and subsequent amendments to, the 2018 SA Report (**Appendix B** presents the results of the screening exercise whilst updated appraisal matrices are contained at **Appendices D to G**);
 - **Section 4: Conclusions, Monitoring and Next Steps:** Presents the conclusions of the SA of the modifications and a revised monitoring framework and details the next steps for the SA of the Local Plan.
- 1.4.2 This report should be read in conjunction with the January 2018 SA Report¹³ and the January 2018 Habitats Regulations Assessment (HRA) Screening¹⁴. The HRA Screening has also been updated,

¹² Following publication of the SA Report in January 2018, the SA evidence base and in particular the SA Reports were reviewed and this identified that the detailed site SA spreadsheet contained in Appendix G of the Pre-Submission Local Plan SA Report did not include all the details that were undertaken as part of the detailed SA process. This was as a result of an administrative error in final document formatting before publication. The omitted information was subsequently made available on the Council's website:

<https://www.chelmsford.gov.uk/resources/assets/attachment/full/0/1822499.pdf>.

¹³ Amec Foster Wheeler (2018) *Chelmsford Pre-Submission Local Plan Sustainability Appraisal Report*. Available from <https://www.chelmsford.gov.uk/planning-and-building-control/planning-policy-and-new-local-plan/new-local-plan/developing-the-new-local-plan/>

¹⁴ Amec Foster Wheeler (2018) *Chelmsford Pre-Submission Local Plan Habitats Regulations Assessment Screening Report*. Available from <https://www.chelmsford.gov.uk/planning-and-building-control/planning-policy-and-new-local-plan/new-local-plan/developing-the-new-local-plan/>

following consideration of the Council's proposed modifications to the draft Local Plan. Where relevant, the findings of the HRA have been used to inform this SA, particularly in terms of the comments against the SA objective for biodiversity.

2. SA Approach

2.1 Introduction

- 2.1.1 This section outlines the methodology used to appraise the Main Modifications, Additional Modifications and Policies Map Changes (hereafter referred to as the 'modifications') to the draft Local Plan. **Section 2.2** details how the modifications have been 'screened' to determine whether they are considered significant for the purposes of the SA. **Section 2.3** then sets out the SA Framework that has been used to appraise those modifications that are considered to be significant whilst the methodology for their appraisal is summarised in **Section 2.4**. **Section 2.5** documents the difficulties encountered during the appraisal process including key uncertainties and assumptions.
- 2.1.2 The SA objectives that comprise the SA Framework and methodology for appraisal are consistent with the approach adopted for the appraisal of the draft Local Plan.

2.2 Determining the Significance for the SA of the Modifications

- 2.2.1 This section sets out the approach to determining the significance of the proposed modifications to the draft Local Plan. National Planning Practice Guidance states (Paragraph: 023 Reference ID: 11-023-20140306: Revision date: 06 03 2014):
- "It is up to the local planning authority to decide whether the sustainability appraisal report should be amended following proposed changes to an emerging plan. A local planning authority can ask the Inspector to recommend changes to the submission Local Plan to make it sound or they can propose their own changes.*
- If the local planning authority assesses that necessary changes are significant, and were not previously subject to sustainability appraisal, then further sustainability appraisal may be required and the sustainability appraisal report should be updated and amended accordingly."*
- 2.2.2 There is no detailed guidance on how to determine significance in this context. The following paragraphs set out the key principles underpinning the screening of changes in the context of the proposed modifications to the draft Local Plan.

Key Principles

- 2.2.3 A number of modifications are proposed to make the wording and/or intent of policies clearer and/or to ensure consistency with national planning policy and other Local Plan policies. This can be through either clarification to policy wording or the provision of additional information that expands upon the existing text. These modifications are **not considered to be significant** for the purposes of the SA unless they introduce a new criterion that has not been previously appraised. Where modifications involve the deletion of text from a policy, the revised wording has been considered to see if it has any implications for the SA, both in terms of the conclusions of the 2018 SA Report or the commentary accompanying relevant parts of the assessment, with **significance determined on a case-by-case basis**.
- 2.2.4 Where modifications to a policy introduce an additional criterion, a judgement is made as to whether or not the amendment would affect the findings of the 2018 SA Report and/or should be acknowledged in the assessment. In such instances, **significance has been determined on a case-by-case basis**.

- 2.2.5 Modifications that involve the introduction of a new/replacement policy (including the combining of existing policies) **are considered to be significant** for the purposes of the SA. Conversely, where modifications involve the removal of policies from the draft Local Plan, **the implications for the findings of the SA have been considered in Section 3 of this report.**
- 2.2.6 Changes to the quantum of development (development requirements) to be provided over the plan period or the Spatial Strategy **are considered to be significant** for the purposes of the SA.
- 2.2.7 As detailed in **Section 1.3**, the Inspector’s Post Hearing Advice (paragraph 14) states that the SA of the draft Local Plan should consider whether the removal of Green Corridors from the Local Plan “*would make any difference to the SA findings*”. In this context, modifications to remove Green Corridors **are considered to be significant** for the purposes of the SA.
- 2.2.8 There are no instances of new sites being introduced through the Council’s proposed modifications. There are instances, however, of preferred site boundaries and/or capacities (in terms of the number of dwellings to be delivered) being amended and these modifications **have been considered on a case-by-case basis**. Where modifications involve the deletion of preferred sites, such changes are **not considered to be significant** (so the deletion of the site has not been assessed) where these sites are now not considered to be deliverable and/or developable, although the implications of the removal for the findings of the 2018 SA Report are considered in **Section 3.4**.
- 2.2.9 The modifications to reasoned justification text clarify how policies will be implemented and/or provide justification for them; such modifications are **not considered to be significant**. Modifications to address typographical or presentational issues (including the renumbering/renaming of policies and sites) are also **not considered to be significant**.
- 2.2.10 Where modifications are proposed to the Monitoring Framework for the Local Plan, these have been considered in the SA Monitoring Framework presented in **Section 4.2** of this report.
- 2.2.11 Based on the principles outlined above, each modification has been screened in order to determine the significance of the proposed change. **Appendix B** presents this analysis. The final column of the table contained in this appendix indicates, for each modification, whether or not it would require an amendment to the SA and why.

2.3 The Appraisal Framework

- 2.3.1 Consistent with the approach to the SA of the draft Local Plan, a SA Framework has been used to support the appraisal of those modifications that are significant. The SA Framework comprises SA objectives and guide questions derived from the baseline information gathered for the Local Plan and the review of policies, plans and programmes, along with comments from consultees, during earlier iterations of the Local Plan and SA process. Broadly, the SA objectives define the long term aspirations for the City Area with regard to social, economic and environmental considerations and it is against these objectives that the performance of the draft Local Plan has been appraised. By assessing each significant modification against the same SA objectives, it is more apparent where the Local Plan will contribute to environmental sustainability, where it might have a negative effect, and where a positive effect could be improved.
- 2.3.2 **Table 2.1** presents the SA Framework including SA objectives and associated guide questions. The SEA Directive topic(s) to which each of the SA objectives relates is included in the third column.

Table 2.1 SA Framework

SA Objective	Guide Questions	SEA Directive Topic(s)
<p>1. Biodiversity and Geodiversity: To conserve and enhance biodiversity and geodiversity and promote improvements to the green infrastructure network.</p>	<ul style="list-style-type: none"> • Will it conserve and enhance international designated nature conservation sites (Special Areas of Conservation, Special Protection Areas and Ramsars)? • Will it conserve and enhance nationally designated nature conservation sites such as Sites of Special Scientific Interest? • Will it conserve and enhance Local Nature Reserves, Local Wildlife Sites and Ancient Woodland? • Will it avoid damage to, and protect, geologically important sites? • Will it conserve and enhance species diversity, and in particular avoid harm to indigenous species of principal importance, or priority species and habitats? • Will it provide opportunities for new habitat creation or restoration and link existing habitats as part of the development process? • Will it enhance ecological connectivity and maintain and improve the green infrastructure network, providing green spaces that are well connected and biodiversity rich? • Will it provide opportunities for people to access the natural environment including green and blue infrastructure? 	<p>Biodiversity, Fauna and Flora Human Health</p>
<p>2. Housing: To meet the housing needs of the Chelmsford City Area and deliver decent homes.</p>	<ul style="list-style-type: none"> • Will it meet the City's objectively assessed housing need, providing a range of housing types to meet current and emerging need for market and affordable housing? • Will it reduce the level of homelessness? • Will it help to ensure the provision of good quality, well designed homes? • Will it deliver pitches required for Gypsies, Travellers and Travelling Showpeople? 	<p>Population</p>
<p>3. Economy, Skills and Employment: To achieve a strong and stable economy which offers rewarding and well located employment opportunities to everyone.</p>	<ul style="list-style-type: none"> • Will it provide a flexible supply of high quality employment land to meet the needs of existing businesses and attract inward investment? • Will it maintain and enhance economic competitiveness? • Will it strengthen the convenience shopping role in Chelmsford City Centre and ensure that the principal and local neighbourhood centres continue to perform a strong convenience goods role which serves local needs? • Will it support the growth of new sectors including those linked to Anglia Ruskin University? • Will it help to diversify the local economy? • Will it provide good quality, well paid employment opportunities that meet the needs of local people? • Will it improve the physical accessibility of jobs? • Will it support rural diversification and economic development? • Will it promote a low carbon economy? • Will it reduce out-commuting? • Will it improve access to training to raise employment potential? • Will it promote investment in educational establishments? 	<p>Population</p>
<p>4. Sustainable Living and Revitalisation: To promote urban renaissance and support the vitality of rural centres, tackle deprivation and promote sustainable living.</p>	<ul style="list-style-type: none"> • Will it support and enhance the City of Chelmsford by attracting new commercial investment and reinforcing the City's attractiveness? • Will it encourage more people to live in urban areas? • Will it enhance the public realm? • Will it enhance the viability and vitality of South Woodham Ferrers town centre, and principal and local neighbourhood centres? 	<p>Population Human Health</p>

SA Objective	Guide Questions	SEA Directive Topic(s)
	<ul style="list-style-type: none"> • Will it tackle deprivation in the most deprived areas, promote social inclusion and mobility and reduce inequalities in access to education, employment and services? • Will it support rural areas by providing jobs, facilities and housing to meet needs? • Will it maintain and enhance community facilities and services? • Will it increase access to schools and colleges? • Will it enhance accessibility to key community facilities and services? • Will it align investment in services, facilities and infrastructure with growth? • Will it contribute to regeneration initiatives? • Will it foster social cohesion? 	
<p>5. Health and Wellbeing: To improve the health and wellbeing of those living and working in the Chelmsford City Area.</p>	<ul style="list-style-type: none"> • Will it avoid locating development where environmental circumstances could negatively impact on people's health? • Will it maintain and improve access to green infrastructure, open space, leisure and recreational facilities? • Will it maintain and enhance Public Rights of Way and Bridleways? • Will it promote healthier lifestyles? • Will it meet the needs of an ageing population? • Will it support those with disabilities? • Will it support the needs of young people? • Will it maintain and enhance healthcare facilities and services? • Will it align investment in healthcare facilities and services with growth to ensure that there is capacity to meet local needs? • Will it encourage sustainable food production to reduce food miles, such as community gardens or allotments? • Will it improve access to healthcare facilities and services? • Will it promote community safety? • Will it reduce actual levels of crime and anti-social behaviour? • Will it reduce the fear of crime? • Will it promote design that discourages crime? 	<p>Population Human Health</p>
<p>6. Transport: To reduce the need to travel, promote more sustainable modes of transport and align investment in infrastructure with growth.</p>	<ul style="list-style-type: none"> • Will it reduce travel demand and the distance people travel for jobs, employment, leisure and services and facilities? • Will it reduce out-commuting? • Will it encourage a shift to more sustainable modes of transport? • Will it encourage walking, cycling and the use of public transport? • Will it help to reduce traffic congestion and improve road safety? • Will it deliver investment in transportation infrastructure that supports growth in the Chelmsford City Area? • Will it locate new development in locations that support and make best use of committed investment in strategic infrastructure? • Will it support the expansion of, or provision of additional, park and ride facilities? • Will it enhance Chelmsford's role as a key transport node? • Will it reduce the level of freight movement by road? 	<p>Population Human Health Air Climatic Factors</p>
<p>7. Land Use and Soils: To encourage the efficient use of land and conserve and enhance soils.</p>	<ul style="list-style-type: none"> • Will it promote the use of previously developed (brownfield) land and minimise the loss of greenfield land? • Will it avoid the loss of agricultural land including best and most versatile land? • Will it reduce the amount of derelict, degraded and underused land? 	<p>Material Assets Soil</p>

SA Objective	Guide Questions	SEA Directive Topic(s)
	<ul style="list-style-type: none"> Will it encourage the reuse of existing buildings and infrastructure? Will it prevent land contamination and facilitate remediation of contaminated sites? 	
<p>8. Water: To conserve and enhance water quality and resources.</p>	<ul style="list-style-type: none"> Will it result in a reduction of run-off of pollutants to nearby water courses that lead to a deterioration in existing status and/or failure to achieve the objective of good status under the Water Framework Directive? Will it improve ground and surface water quality? Will it reduce water consumption and encourage water efficiency? Will it ensure that new water/wastewater management infrastructure is delivered in a timely manner to support new development? 	Water
<p>9. Flood Risk and Coastal Erosion: To reduce the risk of flooding and coastal erosion to people and property, taking into account the effects of climate change.</p>	<ul style="list-style-type: none"> Will it help to minimise the risk of flooding to existing and new developments/infrastructure? Will it manage effectively, and reduce the likelihood of, flash flooding, taking into account the capacity of sewerage systems? Will it discourage inappropriate development in areas at risk from flooding and promote the sequential test? Will it ensure that new development does not give rise to flood risk elsewhere? Will it deliver Sustainable Drainage Systems (SUDs) and promote investment in flood defences that reduce vulnerability to flooding? Will it encourage the use of multifunctional areas and landscape design for drainage? Will it help to discourage inappropriate development in areas at risk from coastal erosion? Will it help to manage and reduce the risks associated with coastal erosion and support the implementation of the Essex and South Suffolk Shoreline Management Plan? 	Climatic Factors Water
<p>10. Air: To improve air quality.</p>	<ul style="list-style-type: none"> Will it maintain and improve air quality? Will it address air quality issues in the Army and Navy Air Quality Management Area and prevent new designations of Air Quality Management Areas? Will it avoid locating development in areas of existing poor air quality? Will it minimise emissions to air from new development? 	Air Human Health Biodiversity, Fauna and Flora
<p>11. Climate Change: To minimise greenhouse gas emissions and adapt to the effects of climate change.</p>	<ul style="list-style-type: none"> Will it minimise energy use and reduce or mitigate greenhouse gas emissions? Will it plan or implement adaptation measures for the likely effects of climate change? Will it support the delivery of renewable and low carbon energy and reduce dependency on non-renewable sources? Will it promote sustainable design that minimises greenhouse emissions and is adaptable to the effects of climate change? 	Climatic Factors
<p>12. Waste and Natural Resources: To promote the waste hierarchy (reduce, reuse, recycle, recover) and ensure the sustainable use of natural resources.</p>	<ul style="list-style-type: none"> Will it minimise the demand for raw materials? Will it promote the use of local resources? Will it reduce minerals extracted and imported? Will it increase efficiency in the use of raw materials and promote recycling? Will it avoid sterilising minerals extraction sites identified by the Essex Minerals Local Plan? Will it reduce waste arisings? 	Material Assets

SA Objective	Guide Questions	SEA Directive Topic(s)
	<ul style="list-style-type: none"> Will it increase the reuse and recycling of waste? Will it support investment in waste management facilities to meet local needs? Will it support the objectives and proposals of the Essex Minerals Local Plan? 	
13. Cultural Heritage: To conserve and enhance the historic environment, cultural heritage, character and setting.	<ul style="list-style-type: none"> Will it help to conserve and enhance existing features of the historic environment and their settings, including archaeological assets? Will it tackle heritage assets identified as being 'at risk'? Will it promote sustainable repair and reuse of heritage assets? Will it protect or enhance the significance of designated heritage assets? Will it protect or enhance the significance of non-designated heritage assets? Will it promote local cultural distinctiveness? Will it help to conserve historic buildings, places and spaces that enhance local distinctiveness, character and appearance through sensitive adaptation and re-use? Will it improve and promote access to buildings and landscapes of historic/cultural value? Will it recognise, conserve and enhance the inter-relationship between the historic and natural environment? 	Cultural Heritage Landscape
14. Landscape and Townscape: To conserve and enhance landscape character and townscapes.	<ul style="list-style-type: none"> Will it conserve and enhance landscape character and townscapes? Will it promote high quality design in context with its urban and rural landscape? Will it avoid inappropriate development in the Green Belt and ensure the Green Belt endures? Will it help to conserve and enhance the character of the undeveloped coastline? Will it avoid inappropriate erosion to the Green Wedge? 	Landscape Cultural Heritage

2.4 Appraisal Methodology

- 2.4.1 The following components of the draft Local Plan, assessed as part of the 2018 SA Report, have been re-appraised as appropriate in order to take into account those proposed modifications judged to be significant:
- the quantum of growth to be provided over the plan period (development requirements) and the distribution of that growth (the Spatial Strategy);
 - site allocations to deliver the development requirements across the three Growth Areas identified in the draft Local Plan; and
 - Local Plan policies including development requirements for proposed site allocations contained in Chapter 7 of the draft Local Plan.
- 2.4.2 The approach to the appraisal of each of the elements listed above is set out in the sections that follow.

Development Requirements and Spatial Strategy

- 2.4.3 Where, following screening, modifications to the development requirements and Spatial Strategy are considered to be significant, these components of the draft Local Plan (as amended by the

proposed modifications) have been appraised against each of the SA objectives that comprise the SA Framework using an appraisal matrix. The matrix includes:

- the SA objectives;
- a score indicating the nature of the effect on each SA objective;
- a commentary on significant effects (including consideration of the cumulative, synergistic and indirect effects as well as the geography, duration, temporary/permanence and likelihood of any effects) and on any assumptions or uncertainties; and
- recommendations, including any mitigation or enhancements measures.

2.4.4 The format of the matrix that has been used in the appraisal is shown in **Table 2.2**. Consistent with the approach adopted in the 2018 SA Report, a qualitative scoring system has been adopted which is set out in **Table 2.3** and to guide the appraisal, specific definitions have been developed for what constitutes a significant effect, a minor effect or a neutral effect for each of the 14 SA objectives; these can be found in **Appendix C**.

Table 2.2 Appraisal Matrix

SA Objective	Policy CO1	Policy CO2	Etc..	Cumulative Effect	Commentary
1 Biodiversity and Geodiversity: To conserve and enhance biodiversity and geodiversity and promote improvements to the green infrastructure network.	0	-/?	-/?	-/?	<p>Likely Significant Effects</p> <p>A description of the likely significant effects of the plan policies on the SA objective has been provided here, drawing on baseline information as appropriate.</p> <p>Mitigation</p> <ul style="list-style-type: none"> • Mitigation and enhancement measures are outlined here. <p>Assumptions</p> <ul style="list-style-type: none"> • Any assumptions made in undertaking the appraisal are listed here. <p>Uncertainties</p> <ul style="list-style-type: none"> • Any uncertainties encountered during the appraisal are listed here.

Table 2.3 Scoring System

Score	Description	Symbol
Significant Positive Effect	The preferred option/policy contributes significantly to the achievement of the objective.	++
Minor Positive Effect	The preferred option/policy contributes to the achievement of the objective but not significantly.	+
Neutral	The preferred option/policy does not have any effect on the achievement of the objective	0
Minor Negative Effect	The preferred option/policy detracts from the achievement of the objective but not significantly.	-
Significant Negative Effect	The preferred option/policy detracts significantly from the achievement of the objective.	--

Score	Description	Symbol
No Relationship	There is no clear relationship between the preferred option/policy and the achievement of the objective or the relationship is negligible.	~
Uncertain	The preferred option/policy has an uncertain relationship to the objective or the relationship is dependent on the way in which the aspect is managed. In addition, insufficient information may be available to enable an appraisal to be made.	?

2.4.5 The appraisal is presented in **Appendix D** as an update to the assessment matrices contained in Appendix F of the 2018 SA Report (as appropriate). Where the revision to matrices requires the removal of text, this is indicated using ~~striketrough~~; where new text has been added this is underlined. Similarly, where the score has been amended on a matrix, this is also indicated using ~~striketrough~~ for the previous score and underlining for the revised score.

Site Allocations

2.4.6 The 2018 SA Report included an appraisal of 43 preferred site allocations across three Local Plan Growth Areas. Where modifications to these site allocations are deemed significant, the respective sites have been re-appraised against the SA objectives that comprise the SA Framework using the same tailored appraisal criteria and associated thresholds of significance as adopted in the 2018 SA Report. The site appraisal criteria and results of the assessment are presented in **Appendix E**.

Local Plan Policies

2.4.7 In the 2018 SA Report, the proposed Local Plan policies were appraised against the SA objectives by plan chapter/subsection with a score awarded both for each constituent policy and for the cumulative effect of each chapter/subsection. Those policy modifications identified as being significant for the purposes of the SA following the screening stage have been assessed against the SA objectives. This has been undertaken by re-appraising the relevant policy and updating the matrices contained in Appendix H to the 2018 SA Report (including, where relevant, the cumulative effects of the policy chapter). As per the development requirements and Spatial Strategy, where the revision to matrices requires the removal of text, this is indicated using ~~striketrough~~; where new text has been added this is underlined. Similarly, where the score has been amended on a matrix, this is also indicated using ~~striketrough~~ for the previous score and underlining for the revised score. The amended matrices are contained at **Appendix F**.

2.4.8 As the policies contained in Chapter 7 of the draft Local Plan are area/site specific, they were appraised separately in the 2018 SA Report. Those policies that relate to specific site allocations were assessed by taking forward the findings of the initial site assessment and applying the associated development requirements (as set out in the related policies). This enabled consideration of the extent to which the policies of Chapter 7 may help to mitigate adverse effects and enhance positive effects associated with the delivery of the proposed site allocations and, subsequently, the identification of where there would be residual significant effects. The remaining strategic and development management policies of this chapter (including those related to Special Policy Areas) were also appraised. The appraisal of these policies was presented in Appendix I to the 2018 SA Report. Where, following screening, modifications to these policies are considered to be significant for the purposes of the SA, and/or where changes to the respective site allocations have affected the initial site assessment, the appraisal matrices have been updated and are presented in **Appendix G**.

Assessment of Secondary, Cumulative and Synergistic Effects

- 2.4.9 The SEA Directive and SEA Regulations require that the secondary, cumulative and synergistic effects of the Local Plan are assessed. In particular, it is important to consider the combined sustainability effects of the policies and proposals of the Local Plan both alone and in-combination with other plans and programmes.
- 2.4.10 The assessment of the proposed Local Plan policies contained in the 2018 SA Report and updated as part of this addendum has been undertaken by Local Plan chapter in order to determine the cumulative effects of each policy area. In addition, a cumulative effects appraisal was undertaken in order to clearly identify areas where policies work together. This appraisal is contained in Section 5.6 of the 2018 SA Report and is reviewed in **Section 3.6** of this addendum in order to reflect the proposed modifications to the draft Local Plan.

When the SA was Undertaken and by Whom

- 2.4.11 This SA of the proposed modifications to the draft Local Plan was undertaken by Wood in Spring/Summer 2019.

2.5 Difficulties Encountered in Undertaking the Appraisal

- 2.5.1 The SEA Directive requires the identification of any difficulties (such as technical deficiencies or lack of knowledge) encountered during the appraisal process. These uncertainties and assumptions are detailed in the appraisal matrices. Those uncertainties and assumptions common across the appraisal are outlined below.

Uncertainties

- The exact composition and design of future development proposals is unknown and would be subject to planning approval.
- The extent to which job creation is locally significant will depend on the type of jobs created (in the context of the local labour market) and the recruitment policies of prospective employers.
- The level of investment in community facilities and services that may be stimulated by new development is uncertain at this stage and will in part be dependent on the policies of the Local Plan, site specific proposals and viability.
- The exact scale of greenhouse gas emissions associated with the implementation of the policies and proposals contained in the draft Local Plan (as modified) will be dependent on a number of factors including: the exact design of new development; future travel patterns and trends; individual energy consumption behaviour; and the extent to which energy supply has been decarbonised over the plan period.
- The exact scale of waste arisings associated with the Local Plan will be dependent on a number of factors including: the design of new development; waste collection and disposal regimes; and individual behaviour with regard to recycling and reuse.

Assumptions

- It is assumed that the Council will continue to liaise with Anglian Water and Essex and Suffolk Water with regard to infrastructure requirements for future development.

- Measures contained in Essex and Suffolk Water's Water Resources Management Plan would be expected to help ensure that future water resource demands are met.
- There will be no development that will require diversion or modification of existing watercourses. However, if such measures are required, this could affect local water quality.
- It is assumed that, where appropriate, development proposals would be accompanied by a Flood Risk Assessment (FRA) and that suitable flood alleviation measures would be incorporated into the design of new development where necessary to minimise flood risk.
- It is assumed that the emerging replacement Essex Waste Local Plan will make provision to accommodate additional waste associated with growth in the City Area.

3. Appraisal of the Proposed Modifications

3.1 Introduction

3.1.1 This section summarises the appraisal of the proposed modifications. **Section 3.2** details the outcome of the screening used to determine the significance of the proposed modifications. **Sections 3.3** to **3.5** then summarise the appraisal of those modifications deemed to be significant for the purposes of the SA, and consider the implications for the appraisal of the draft Local Plan contained in the 2018 SA Report, in respect of the following components of the draft Local Plan:

- Development requirements and the Spatial Strategy (**Section 3.3**);
- Growth areas and associated proposed site allocations (**Section 3.4**);
- Local Plan policies (**Section 3.5**).

3.1.2 **Section 3.6** considers the implications of the modifications for the appraisal of cumulative effects contained in the 2018 SA Report before **Section 3.7** outlines whether any further mitigation measures are required.

3.2 Screening Outcomes

3.2.1 A total of 98 Main Modifications, 68 Additional Modifications and 56 Policies Map Changes to the draft Local Plan are proposed by the Council. In accordance with the approach detailed in **Section 2.2**, each modification has been screened in order to determine its significance. **Appendix B** presents this analysis in full.

3.2.2 Based on the screening exercise, a total of 35 Main Modifications and six Policies Map Changes have been identified as significant for the purposes of the SA. None of the Additional Modifications proposed by the Council have been identified as being significant which reflects the minor nature of these changes and the fact that they do not affect the soundness of the draft Local Plan.

3.2.3 **Sections 3.3** to **3.5** summarise the appraisal of those modifications identified above as being significant for the purposes of the SA.

Local Plan Strategic Priorities, Vision and Spatial Principles

3.2.4 The draft Local Plan contains nine Strategic Priorities for Chelmsford. The Strategic Priorities were not assessed separately because they were reflected through the Local Plan Vision and Spatial Principles, as well as the policies, of the draft Local Plan.

3.2.5 The Vision of the Local Plan and accompanying 11 Spatial Principles were assessed for their compatibility with the SA objectives with the findings presented in Section 5.2 of the 2018 SA Report. The screening presented in **Appendix B** has confirmed that the proposed modifications will not result in significant changes to the Vision or Spatial Principles and therefore the 2018 assessment remains valid. In consequence, this component of the draft Local Plan is not considered further in this addendum.

3.3 Development Requirements and the Spatial Strategy

- 3.3.1 The draft Local Plan makes provision for 21,893 dwellings, nine permanent pitches for Gypsies and Travellers, 24 permanent plots for Travelling Showpeople, 55,000 square metres (sqm) of employment floorspace and 13,400 sqm of retail floorspace over the plan period (see Strategic Policy S8). The Spatial Strategy seeks to focus this growth on the higher order settlements of Chelmsford and South Woodham Ferrers, and the Key Service Settlements outside of the Green Belt (see Strategic Policy S9). Together, the development requirements and Spatial Strategy form the overarching strategy for the Local Plan.
- 3.3.2 Section 5.3 of the 2018 SA Report describes the evolution of the development requirements and Spatial Strategy, including the outcomes of the appraisal of associated preferred options and reasonable alternatives. An outline summary of the reasons for identifying the options dealt with and the reasons for their selection or rejection are provided in **Table 3.1**; this rationale remains unchanged for both the development requirements and Spatial Strategy options.

Table 3.1 Development Requirements and Spatial Strategy Options

Option	Reason for including the option	Reason for selecting/rejecting the option
Spatial Strategy Options		
Option 1: Urban Focus	Included as this is a suitable spatial option when the Spatial Principles are applied and combined with the amount of development needed.	Rejected as it would be contrary to the Settlement Hierarchy by not focusing growth in all Key Service Settlements (e.g. Bicknacre and Danbury) and failing to maximise opportunities to locate development at well-connected sustainable locations (e.g. in East Chelmsford).
Option 2: Urban Focus and Growth on Key Transport Corridors	Identified as this option sought to utilise the accessibility of places along key transport corridors and their potential to be able to accommodate growth including the opportunity provided by new transport infrastructure planned for the A130 / A131 corridor.	Rejected as it promoted a higher amount of growth on brownfield sites that were not considered to be deliverable over the plan period. It would have furthered resulted in substantially larger amounts of growth in areas including West Chelmsford, Great Leighs and Broomfield which attracted significant public opposition.
Option 3: Urban Focus and Growth in Key Villages	Identified as this option sought to distribute growth throughout the Chelmsford area to those villages lower down the settlement hierarchy in order to support local businesses and provide new facilities and amenities for local communities.	Rejected as it promoted growth in Service and Small settlements (e.g. Ford End, Rettendon Common and Woodham Ferrers) contrary to the Settlement Hierarchy. It would further have resulted in a substantially larger amount of growth in West Chelmsford which attracted significant public opposition.
Urban Focus at Hammonds Farm and Key Service Settlements	Identified following consultation on the Issues and Options Consultation Document and SA Report. The Hammonds Farm site is available and being actively promoted.	Rejected as although the Hammonds Farm site is available, it is considered to perform less well compared with Location 4 when assessed against the SA objectives, the preferred Spatial Strategy and the Local Plan evidence base.
Preferred Spatial Strategy	Identified following consultation on the Issues and Options Consultation Document with further revisions following consultation on the Preferred Options Consultation Document. The focus on Key Service Settlements is in accordance with the settlement hierarchy for Chelmsford.	Selected as it will focus growth in the most sustainable locations by making the best use of previously developed land in Chelmsford Urban Area. Growth in South and East Chelmsford will support and strengthen South Woodham Ferrers' important local role and help deliver improvements to the A132 corridor. In

Option	Reason for including the option	Reason for selecting/rejecting the option
		addition, small allocations in the Key Service Settlement of Bicknacre and Danbury will help to support the villages' services and facilities.
Housing Requirement Option		
Option 1: National Household Projections	Included as it tests the demographic starting point based on the latest household projections for calculating how many new homes will be required.	Rejected as this option would fall short of the City Area's objectively assessed housing need and in consequence, it would be likely to result in the current and future housing needs of the City Area going unmet.
Option 2: Objectively Assessed Need	This represents the Council's Objectively Assessed Housing need, which has been calculated taking into account various adjustment factors including in particular anticipated employment growth.	Rejected as this option would potentially conflict with the Government's proposals within the Proposed National Approach to Calculate Local Housing Need and increase the risk that insufficient land is available to meet identified needs for housing. This could risk the Council failing to demonstrate a five-year supply of deliverable housing land.
Option 3: Objectively Assessed Need and a 20% buffer	Included as this option tests whether the Local Plan will plan positively for the housing required and because the housing requirement might increase when the final assessment of the need for affordable housing is determined.	Selected as this option offers the greatest flexibility in meeting housing demand in accordance with the Housing White Paper.
Employment Requirement Option		
Option 1: 2012 Sub-National Population Projections (EPOA Phase 7) and EEFM 2014 Baseline Projections	Included as it utilises data from the East of England Forecasting Model (EEFM) 2014 and the Sub-National Population Projection (SNPP) 2012. The number of jobs identified to align with the SNPP 2012 population was 727 new jobs per year.	Selected as the approach of linking forecast job growth to population projections would be expected to deliver significant positive effects in respect of the economy and positive effects in respect of Urban Renaissance and to ensure a match between homes and jobs. With the publication of the EEFM 2016 forecasts and after considering the 2014-based Sub-National Population Projections, the number of jobs changes slightly to 725 new jobs a year. The Preferred Options and Pre-Submission SA Reports show the same significant positive impacts as the Issues and Options SA.
Option 2: 2012 Sub-National Population Projections (EPOA Phase 7) Employed People Scenario and EEFM 2014 Baseline Projections	Included as when taking into account past growth and forecasts within the EEFM 2014, alongside demographic forecasts (Greater Essex Demographic Forecasts - Edge Analytics Phase 7 Report), the employed people growth scenario projects a need of 887 jobs per year.	Rejected as the need for this level of jobs was not supported by the employment needs and land availability evidence. Considering the forecast jobs growth from the EEFM 2016 and population growth from the 2014-based Sub-National Population Projections, the analysis would not warrant this level of jobs per year.

3.3.3 The proposed modifications include a minor decrease in the number of new homes to be provided over the plan period, from 21,893 dwellings (as assessed in the 2018 SA Report) to 21,843 dwellings. Whilst this decrease is unlikely to materially affect the conclusions of the 2018 SA Report (as the housing requirement is consistent with Option 3 outlined in **Table 3.1** above and given the relatively minor reduction in housing provision), on a precautionary basis, the appraisal of development requirements in respect of housing has been updated and this is presented in **Appendix D**. No changes to employment or retail requirements are proposed.

3.3.4 No significant changes to the Spatial Strategy of the draft Local Plan are proposed in terms of the overarching approach of focusing growth on the higher order settlements of Chelmsford and South Woodham Ferrers, and the Key Service Settlements outside of the Green Belt. The distribution of development across the three Growth Areas has, however, been revised, predominantly to reflect changes to completions and commitments (as opposed to substantive changes to the quantum of new development to be accommodated in each Growth Area). The amended development distribution as a result of the proposed modifications is shown in **Table 3.2**. The proposed modifications also delete Green Corridors that were a feature of the draft Local Plan Spatial Strategy.

Table 3.2 Spatial Strategy: Revised Development Locations and Allocations

Development Allocations to 2036		New Homes	Traveller Pitches	Travelling Showpeople Plots	Net new Employment Floorspace
Growth Area 1 – Central and Urban Chelmsford					
Site/Location					
1	Previously developed sites in Chelmsford Urban Area	2,381			4,000s qm Office, 11,500 sqm Food Retail

Total		10,779	10	24	55,000 sqm Office/Business Space, 13,400 sqm Food Retail

3.3.5 In light of the proposed changes to the distribution of development and removal of Green Corridors from the draft Local Plan, the appraisal of the Spatial Strategy contained in the 2018 SA Report has been updated on a precautionary basis and this is presented in **Appendix D**.

3.3.6 **Table 3.3** summarises the findings of the updated appraisals of development requirements (in respect of housing) and the Spatial Strategy; for completeness, the summary of the appraisal of employment/retail requirements contained in the 2018 SA Report is reproduced. In this instance, the revisions to the housing requirement and Spatial Strategy have not resulted in any changes to the scoring of these elements of the draft Local Plan against the SA objectives.

3.3.7 Section 5.3 (paras 5.3.2 to 5.3.10) of the 2018 SA Report includes a summary of the findings of the development requirements and Spatial Strategy appraisal. Set out below are the amendments made to this summary to reflect the modifications outlined above. New text added is shown as underlined and extant text to be deleted is ~~struckthrough~~.

5.3.2 The provision of ~~21,893~~ 21,843 dwellings over the plan period would meet and exceed the City Area's objectively assessed housing need of 805 net new homes per-year, as identified in the Objectively Assessed Housing Needs (OAHN) Study (2016). This housing requirement includes an uplift from the demographic start to cover projections for future jobs, past delivery and market signals. The provision of 21,843 dwellings amounts to together with close to a further 20% supply capacity, ~~all of which equates to an annualised average total supply requirement of 952 dwellings per annum.~~ 950 dwellings per annum. The development requirements are in accordance with the recommendations of the OAHN Study, which states that an uplift is needed to respond to issues related to the past provision of homes and to address 'market signals,' including London-related migration needs. The development requirements are also expected to help provide a degree of flexibility by ensuring choice and competition in the market by increasing the supply of housing land, which is consistent with the NPPF's direction that local planning authorities should seek to boost significantly the supply of housing (see para 47) and the broad aim of the Housing White Paper (2017). The provision of nine permanent pitches for Gypsies and Travellers and 24 permanent plots for Travelling Showpeople, meanwhile, would also meet the requirements

identified in the Gypsy and Traveller Accommodation Assessment¹⁵. Overall, the development requirements set out in the Pre-Submission Local Plan are expected to have a significant positive effect on housing (SA Objective 2).

5.3.3 The provision of 55,000 sqm of employment floorspace and 13,400 sqm of retail floorspace has been appraised as having a significant positive effect in respect of the economy (SA Objective 3). The Council's Employment Land Review (ELR) (2015) highlights that Chelmsford has been a major driver of growth within the Heart of Essex sub-region (which comprises the local authority areas of Chelmsford, Brentwood and Maldon) and has the largest economy, contributing £3.4 billion to the UK economy in 2011 (around 60% of the total Heart of Essex contribution). However, the ELR found that Chelmsford has a relatively limited supply of land to accommodate future growth, particularly in respect of office uses. In this context, the provision of a minimum of 55,000 sqm of employment floorspace over the plan period to support 725 jobs per annum and retail provision would be expected to help maintain and enhance Chelmsford's strategic economic role in the Heart of Essex sub-region, supporting existing businesses and attracting inward investment. Jobs growth would, in-turn, increase the amount of money spent in the local economy and there may also be supply chain benefits associated with new businesses.

5.3.4 Focusing the majority of growth in and adjacent to Chelmsford Urban Area, to the north of South Woodham Ferrers and at Key Service Settlements (outside the Green Belt) should ensure that prospective residents and workers have good access to key services, facilities and employment opportunities by virtue of the wide range of services, facilities and jobs these settlements provide and their good transport links. It is also anticipated that growth will promote investment in additional facilities, services and infrastructure, stimulating urban regeneration, minimising the need to travel by car and promoting walking and cycling. In this regard, the Spatial Strategy includes a number of proposed transport infrastructure improvements including a proposed new Chelmsford North-East By-pass, new radial distributor roads to the north east of Chelmsford, highways improvements (including at the Army and Navy Junction and to the A132) and two park and ride schemes (one located to the south west of Chelmsford around the A414 and the other located to the north east of Chelmsford around the A12 and A138) as well as existing planned infrastructure including a new rail station to the north east of Chelmsford. The Spatial Strategy also defines Special Policy Areas within and around existing facilities and institutions including Broomfield Hospital and Writtle University College which is expected to support the continued growth and expansion of these institutions, generating benefits in terms of continued access to services and facilities.

5.3.5 Overall, significant positive effects have therefore been identified in respect of sustainable living and revitalisation (SA Objective 4), health and wellbeing (SA Objective 5) and transport (SA Objective 6). However, it is recognised that growth (if unmitigated) could place pressure on existing facilities and services as well as on the strategic highways network and in consequence, minor negative effects have also been identified in respect of these objectives.

5.3.6 No further cumulative significant positive effects have been identified during the appraisal of the development requirements and Spatial Strategy.

5.3.7 The Spatial Strategy would deliver approximately 2,200 dwellings, 4,000 sqm of office floorspace and 11,500 sqm of retail floorspace on brownfield sites. This will generate a positive effect on land use (SA Objective 7). However, the scale of development requirements and the limited number of suitable brownfield sites that have not already been earmarked for future development in the City Area mean that greenfield land adjacent to the urban areas of Chelmsford

¹⁵ The Gypsy and Traveller Accommodation Assessment covers the period 2016 to 2033 and identifies a requirement of 8 additional nomadic Gypsy and Traveller pitches and 20 additional nomadic Travelling Showpeople plots to be developed by 2033. Extrapolating these figures up to 2036 by calculating the average numbers required per year from 2016 to 2033 and adding them on to 2016 to 2033 requirements results in the total requirements of 9 Gypsy and Traveller pitches and 24 Travelling Showpeople plots up to 2036.

(including East of Great Baddow / North of Sandon and North of Broomfield) and South Woodham Ferrers and at Boreham, Great Leighs, Danbury, Bicknacre, Writtle and Galleywood would be required to deliver approximately 75% of new development (greenfield/mixed greenfield and brownfield sites). This will lead to a loss of approximately 446 hectares (ha) of Grade 3 agricultural land and approximately 252 ha of Grade 2 land (land in grades 1, 2 and 3a is classified as the best and most versatile agricultural land at Annex 2 of the National Planning Policy Framework) which equates to around 2.5% of the total Grade 2 and around 2.2% of the total Grade 3 land in the City Area. Allied with the potential construction of a Chelmsford North-East By-pass (as well as other infrastructure), the area of greenfield land required over the plan period is expected to be significant. In consequence, a significant negative effect has also been identified in respect of SA Objective 7.

5.3.8 No further cumulative significant negative effects have been identified during the appraisal of the development requirements and Spatial Strategy.

5.3.9 New development will result in increased resource use and the generation of waste and in consequence, a cumulative negative effect is expected in respect of SA Objective 13.

5.3.10 The development requirements and Spatial Strategy have been assessed as having cumulative mixed positive and negative effects on the remaining SA objectives. Sustainable, well-located development will present an opportunity to enhance the natural and built environment of the City Area. In particular, the redevelopment of brownfield sites and the protection of the Green Wedge within the City Area ~~and the designation of Green Corridors~~, allied with the delivery of strategic scale sustainable urban extensions which follow Garden City principles, could help to both minimise the adverse effects of development and deliver environmental enhancement by extending the City Area's green infrastructure networks. Green infrastructure provision may also present opportunities for recreation and climate change adaptation (including flood risk management). However, growth in the City Area is likely to have a range of adverse environmental and social effects during both the construction and operation of new development and arising from, for example, land take, disturbance (e.g. noise), recreational pressure (in respect of nature conservation sites), increased vehicle movements and associated emissions to air, the use of energy and resources, and impacts on landscape and townscape character. These adverse effects are likely to be minimised through the implementation of Local Plan policies and mitigation at the site level and are therefore not considered likely to be significant. Nonetheless, some uncertainty remains, particularly in respect of biodiversity (SA Objective 1), cultural heritage (SA Objective 13) and landscape and townscape (SA Objective 13) as the likelihood of positive and negative effects on these objectives will be dependent on the exact type, location and design of new development as well as the proximity and sensitivity of nearby receptors.

3.4 Growth Areas and Associated Proposed Site Allocations

3.4.1 To deliver the Spatial Strategy, the draft Local Plan directs growth to locations within the following three Growth Areas:

- Growth Area 1 - Central and Urban Chelmsford;
- Growth Area 2 - North Chelmsford; and
- Growth Area 3 - South and East Chelmsford.

3.4.2 The site allocations identified in each Growth Area include Strategic Growth Sites (SGS), Growth Sites, Opportunity Sites¹⁶ and Existing Commitments. Each site allocation is assessed in the 2018

¹⁶ It should be noted that the term 'Opportunities Site' has been removed from the draft Local Plan and these allocations are now referred to as 'Growth Sites'. This modification does not materially affect the findings of the 2018 SA Report.

SA Report; the detailed assessment is presented in Appendix G with a summary included in Section 5.4 (Special Policy Areas relating to particular existing establishments in the countryside are also designated and are assessed separately in Section 5.5 of the 2018 SA Report).

- 3.4.3 The proposed modifications include amendments to seven of the site allocations assessed in the 2018 SA Report. As part of the screening exercise presented in **Appendix B**, these amendments have been reviewed to determine whether they are significant for the purposes of the SA. Where the proposed modifications involve changes to the boundaries of sites, the sites have been re-appraised as part of this addendum. The boundaries of the following four housing allocations have been amended (although no change to the number of dwellings to be provided at each site is proposed):
- SGS2: West Chelmsford;
 - SGS3a: East Chelmsford, Manor Farm;
 - SGS4: North East Chelmsford; and
 - SGS5a: Great Leighs, Land at Moulsham Hall.
- 3.4.4 Consistent with the approach adopted in the 2018 SA Report, these sites have been re-appraised using the tailored appraisal criteria and associated thresholds of significance contained in **Appendix E**. The findings of the appraisal are also presented in **Appendix E**. It should be noted that this appraisal does not take into account the provisions of the associated site allocation policies contained in Chapter 7 of the draft Local Plan (as amended by the modifications) nor the mitigation provided by the other proposed Local Plan policies. This is to ensure that all sites are considered equally and is again consistent with the approach adopted in the 2018 SA Report.
- 3.4.5 Two housing allocations have been deleted, namely SGS1b: Essex Police Headquarters and Sports Ground, New Court Road and SGS1c: North of Gloucester Avenue (John Shennan), and the capacities of two sites (EC4: East of Boreham and GS8: South of Bicknacre) have been revised. These changes are not considered to be significant for the purposes of the SA and have not, therefore, been appraised. However, the consequences of the modifications in terms of the quantum of development to be provided at each Growth Area has been considered.
- 3.4.6 The subsections that follow summarise the implications of the modifications outlined above for each of the Growth Areas considered in the 2018 SA Report.

Growth Area 1 - Central and Urban Chelmsford

- 3.4.7 In respect of Growth Area 1, the total number of dwellings (including existing commitments and new allocations) has reduced from 4,014 to 3,619 homes (employment and retail provision remains unchanged). This is principally due to site allocations SGS1b (Essex Police Headquarters and Sports Ground, New Court Road) and SGS1c (North of Gloucester Avenue (John Shennan)) being removed from the draft Local Plan. These sites are no longer available so cannot be considered deliverable and developable and as such, their removal is not considered significant for the purposes of the SA. This conclusion also reflects the fact that Growth Area 1 will continue to make a significant positive contribution to housing (SA Objective 2).
- 3.4.8 The proposed amendments to the boundaries of site allocations SGS2 (West Chelmsford) and SGS3a (East Chelmsford, Manor Farm) do not affect the number of dwellings to be provided at these sites. No changes to the effects recorded against the SA objectives for these sites in the 2018 SA Report have been identified.

Growth Area 2 – North Chelmsford

- 3.4.9 The quantum of housing to be provided in Growth Area 2 has reduced from 7,219 to 4,793 dwellings and employment floorspace from 85,000 sqm to 45,000 sqm. This principally reflects the removal of an existing commitment from the draft Local Plan that is being implemented, as opposed to any substantive changes to the site allocations assessed as part of the 2018 SA Report (there is a very small reduction to the capacity of site EC4: East of Boreham that does not affect the findings of the appraisal in respect of this site).
- 3.4.10 The proposed amendments to SGS4 (North East Chelmsford) and SGS5a (Great Leighs, Land at Moulsham Hall) do not affect the number of dwellings to be accommodated at these sites, and by extension, within Growth Area 2 as a whole. In consequence, the findings of the appraisal presented in the 2018 SA Report for these sites remain valid.

Growth Area 3 – South and East Chelmsford

- 3.4.11 The proposed modifications include a minor increase in the capacity of South of Bicknacre (Growth Site 8) from 30 to 35 dwellings, increasing the number of new homes to be provided in Growth Area 3 from 1,162 to 1,167 homes (no changes to employment or retail provision are proposed). This increase will further enhance the positive effect that this allocation will have on housing (SA Objective 2) (as identified in the 2018 SA Report), although not to a scale considered to be significant.
- 3.4.12 Reflecting the relatively small amount of additional housing to be provided as a result of the modification to Growth Site 8, the findings of the 2018 SA Report in respect of the effects of the allocation on the remaining SA objectives are unchanged.

Reasons for the Selection of the Preferred Site Allocations and for the Rejection of Alternatives

- 3.4.13 The reasons for the selection of the proposed site allocations contained in the draft Local Plan and for the rejection of alternatives considered by the Council and appraised as part of the SA are set out in Appendix G to the 2018 SA Report. This rationale has been reviewed in light of the proposed modifications and is presented at **Appendix E** to this report.

3.5 Local Plan Policies

- 3.5.1 The screening of the proposed modifications summarised in **Section 3.2** has identified a total of 33 proposed changes to the draft Local Plan policies that are considered to be significant for the purposes of the SA. The detailed policy appraisal matrices contained in Appendix H and Appendix I to the January 2018 SA Report have been revised to reflect these changes and are presented in **Appendix F** and **Appendix G** of this addendum.
- 3.5.2 Section 5.5 of the 2018 SA Report includes a summary of the performance of each policy chapter of the draft Local Plan against the SA objectives. Commentary is provided in the following subsections on how the proposed draft Local Plan modifications affect the findings of the 2018 SA Report with amendments made to Section 5.5, as appropriate. New text added is shown as underlined and extant text to be deleted is ~~struckthrough~~.

Creating Sustainable Development

- 3.5.3 Under the proposed modifications, Strategic Policy S2 (Securing Sustainable Development) and Strategic Policy S4 (Promoting Community Inclusion and Neighbourhood Planning) have been

deleted. Whilst the deletion of these policies has resulted in Chapter 5 of the draft Local Plan being assessed as having a cumulative mixed neutral and minor negative effect on housing (SA Objective 2) as opposed to a mixed significant positive and minor negative on this SA objective (as identified in the 2018 SA Report), given the generic nature of these policies and the fact that their intent is captured across other policies of the draft Local Plan, overall the modifications do not affect the sustainability performance of the draft Local Plan (when all policies are considered).

3.5.4 Within Strategic Policy S6 (Conserving and Enhancing the Natural Environment), the proposed modifications insert specific reference to minimising the loss of best and most versatile agricultural land and introduce a requirement for contributions in respect of the Essex Recreational disturbance Avoidance and Mitigation Strategy (RAMS) and Hatfield Forest Sites of Special Scientific Interest (SSSI) and National Nature Reserve (NNR) (as appropriate). No consequential changes to the scoring of Policy S6 against the SA objectives are required as the modifications further enhance the significant positive effects already identified in the 2018 SA Report in respect of, in particular, biodiversity (SA Objective 1) and land use (SA Objective 7).

3.5.5 In light of the amendments outlined above, the text of the 2018 SA Report is amended as follows:

5.5.3 Chapter 5 of the Pre-Submission Local Plan contains policies that relate to sustainable development in the City Area. This suite of policies is wide-ranging, they: ~~embed the presumption in favour of sustainable development~~; ensure development mitigates and adapts to the effects climate change and is safe from all types of flooding; promote social inclusion; minimise the loss of the best and most versatile agricultural land; promote the conservation and enhancement of the historic and natural environment; and safeguard community facilities.

5.5.4 Reflecting the broad range of topics covered by the policies that comprise this chapter of the Pre-Submission Local Plan, and their emphasis on sustainable development, cumulative significant positive effects have been identified for the majority of the SA objectives.

5.5.5 No cumulative significant negative effects have been identified during the appraisal of the policies that comprise Chapter 5. The policies have been assessed as having minor negative effects on housing (SA Objective 2) and the economy (SA Objective 3) (alongside cumulative significant positive effects). This is because Strategic Policy S5 (Conserving and Enhancing the Historic Environment) and S6 (Conserving and Enhancing the Natural Environment) may, by protecting built and natural environment assets, affect the delivery of housing and employment land. However, there is some uncertainty with regard to the potential for negative effects in this regard which will be dependent on the exact location and design of new development.

How Will Future Development Growth be Accommodated?

3.5.6 The proposed modifications to Strategic Policies S8 (Housing and Employment Requirements) and S9 (The Spatial Strategy) of the draft Local Plan include a minor decrease in the number of new homes to be provided over the plan period, from 21,893 to 21,843 dwellings, alongside changes to the Spatial Strategy in terms of the distribution of growth across the three Growth Areas. The implications of these modifications for the SA have already been summarised in **Sections 3.3** and **3.4** and are therefore not repeated here.

3.5.7 With regard to Strategic Policy S11 (Infrastructure Requirements), the proposed modifications introduce a number of additional mitigation measures including in respect of waste management facilities and the historic environment, alongside specific reference to the Essex RAMs. These modifications enhance the performance of the policy in respect of, in particular, biodiversity (SA Objective 1), waste and resources (SA Objective 12) and cultural heritage (SA Objective 13). In respect of SA Objective 13, the assessment of the policy has moved from a minor negative effect to a mixed minor positive and minor negative effect. With regard to cultural heritage, the assessment

of the policy has moved from a mixed minor positive and negative effect to a significant positive effect.

3.5.8 The proposed modifications replace Strategic Policy S13 (The Role of the Countryside) and combine it with Policy CO1 (Green Belt, Green Wedge, Green Corridors and Rural Areas), removing the designation of Green Corridors. Whilst the modifications remove Green Corridors from the draft Local Plan, the significant positive effects identified in the 2018 SA Report in respect of, for example, biodiversity (SA Objective 1) and landscape (SA Objective 14) will be maintained, as will other positive effects identified in relation to, for example, health (SA Objective 5) air (SA Objective 10) and climate change (SA Objective 11). This reflects the strong protection given to (inter alia) the Green Belt, Green Wedge and the Rural Area by Strategic Policy 13 (as amended) and the fact that no development is proposed within the formerly designated Green Corridors.

3.5.9 The proposed modifications to Strategic Policy S14 (Role of City, Town and Neighbourhood Centres) introduce an additional requirement for a retail/viability impact assessment on proposals of greater than 500 sqm in edge and out-of-centre locations. This change is judged to reinforce the existing significant positive effects identified in 2018 SA Report in relation to the economy (SA Objective 3) and sustainable living and revitalisation (SA Objective 4).

3.5.10 In light of the amendments outlined above, the text of the 2018 SA Report is amended as follows:

5.5.6 Chapter 6 of the Pre-Submission Local Plan sets out the development requirements for the City Area (Strategic Policy S8) and the Local Plan Spatial Strategy (Strategic Policy S9). The appraisal of the development requirements and Spatial Strategy against the SA objectives has already been summarised in Section 5.3 and is therefore not repeated here.

5.5.7 Strategic Policy S10 (Delivering Economic Growth) specifically supports economic growth through a flexible and market-responsive allocation of employment land. The policy seeks to (inter alia): safeguard allocated employment areas; support the growth of rural businesses; and support large new office development in the City Centre. In addition, the policy encourages links between businesses and the two universities in the area. By seeking to focus employment growth in locations well-served by public transport, this policy should also ensure that jobs are accessible. The implementation of Strategic Policies S11 and S12, meanwhile, will enable the delivery of infrastructure and services, helping to ensure that new development is supported by commensurate infrastructure investment to make it sustainable and which, alongside housing and jobs provision, will help to address deprivation in the City Area. Strategic Policy S14 promotes a City/town centre first approach to retail uses. This will support retail development in these locations, strengthening the role of the City Centre and helping to ensure that employment opportunities are accessible. Overall, the policies in Chapter 6 have been assessed as having a cumulative significant positive effect on housing (SA Objective 2), the economy (SA Objective 3), sustainable living and revitalisation (SA Objective 4) and health (SA Objective 5).

5.5.8 Strategic Policy S11 includes a range of transportation infrastructure development requirements including (inter alia): a new Beaulieu Railway Station; additional park and ride sites to serve West Chelmsford and North East Chelmsford; new and improved cycling and walking routes; bus priority and rapid transit measures; and highways improvements and new infrastructure including a Chelmsford North East By-pass and an additional new Radial Distributor Road 2 in North East Chelmsford. The policy also supports public transport use, sustainable transport measures and other transport improvements in the locality of, or directly related to, development. Once implemented, these measures will help to mitigate the adverse impacts of new development, relieve existing congestion and promote sustainable modes of transport. Alongside Strategic Policy 10, which requires that employment uses are developed in sustainable locations well-served by existing or planned public transport provision, and Strategic Policy S14, that requires retail development and other uses follow the 'town centre first', this has been assessed as having a

cumulative significant positive effect on transport (SA Objective 6). Strategic Policy S11 requires that the infrastructure necessary to support new development seeks to preserve or enhance the historic environment and mitigate adverse effects on nearby heritage assets and their settings, which is assessed as having a significant positive effect on the historic environment (SA Objective 13).

5.5.9 The delivery of infrastructure, including that related to water supply, wastewater treatment and strategic flood defences, will contribute positively to water resources and quality and contribute towards mitigating flood risk. Cumulative significant positive effects have therefore been identified in respect of water (SA Objective 8) and flood risk (SA Objective 9).

5.5.10 No further cumulative significant positive effects have been identified during the appraisal of policies that comprise Chapter 6 of the Pre-Submission Local Plan.

5.5.11 Strategic Policy S10 (and S9) seeks to make the best use of previously developed land. However, it is recognised that there are a limited number of suitable brownfield sites (i.e. sites that are not significantly constrained or with no valuable existing use) that have not been earmarked for development in the City Area and therefore a larger area of greenfield land will be required to accommodate the housing and employment land supported by the policies in this chapter. Cumulatively, the policies have therefore been assessed as having mixed positive and significant negative effects on land use (SA Objective 7).

5.5.12 No further significant negative effects have been identified during the appraisal of policies that comprise Chapter 6 of the Pre-Submission Local Plan. The delivery housing, economic development and infrastructure and facilities may place pressure on the City Area's built and natural environments and resources as well as on highways capacity. In consequence, minor negative effects have been identified in respect of many of the SA objectives (although in most cases, significant or minor positive effects have also been identified). Through the protection of Green Belt, recognised areas of ecological and historical value and locally recognised landscapes, Strategic Policy S13 may impact on the ability of the area to deliver housing and employment land. Negative effects have therefore also been identified in respect of housing (SA Objective 2) and the economy (SA Objective 3).

Where Will Development Growth be Focused?

- 3.5.11 The proposed modifications introduce a number of amendments to the suite of location specific policies contained in Chapter 7 of the draft Local Plan. These modifications, broadly, enhance the performance of the policies when assessed against the SA objectives, particularly with regard to: biodiversity (SA Objective 1), reflecting the requirement for proposals to contribute towards mitigation identified in the Essex RAMS and the inclusion of further mitigation in respect of SSSIs in the City Area; water (SA Objective 8), due to requirements for waste water treatment provision in respect of sites at Great Leighs; and cultural heritage (SA Objective 13), due to the inclusion of specific reference to the conservation and enhancement of designated assets.
- 3.5.12 The text presented in the main body of the 2018 SA Report (paragraphs 5.5.13 to 5.5.17) is unaffected by the modifications; however, the appraisal matrices presented in Appendix I of the 2018 SA Report have been updated where necessary and are presented in **Appendix G**.

Protecting and Securing Important Assets

Securing the Right Type of Homes

- 3.5.13 The proposed modifications to this subsection of the draft Local Plan are not considered significant and as such, no changes are required to this section of the 2018 SA Report.

Securing Economic Growth

- 3.5.14 The proposed modifications to this subsection of the draft Local Plan are not considered significant and as such, no changes are required to this section of the 2018 SA Report.

Protecting the Countryside

- 3.5.15 The proposed modifications delete Policy CO1 (Green Belt, Green Wedges, Green Corridors and Rural Areas). This has resulted in changes to the appraisal of the cumulative effects of this subsection of the draft Local Plan on the SA objectives, as follows:

- SA Objective 1 (Biodiversity) from ++/? to +/?;
- SA Objective 2 (Housing) from +/-/? to +;
- SA Objective 3 (Economy) from +/-/? To +;
- SA Objective 8 (Water) from + to 0;
- SA Objective 9 (Flood Risk) from + to 0;
- SA Objective 10 (Air) from +/? to 0; and
- SA Objective 11 (Climate Change) from + to 0.

- 3.5.16 Despite the changes outlined above, it should be noted that Policy CO1 has been combined with Strategic Policy S13 (The Role of the Countryside) such that, overall, the provisions provided by Policy CO1 have not been lost. Whilst the modifications have removed reference to Green Corridors from Policies CO3, CO5, CO6 and CO8, there remains strong protection given to (inter alia) the Green Belt, Green Wedge and the Rural Area.

- 3.5.17 In light of the amendments outlined above, the text of the 2018 SA Report is amended as follows:

- 3.5.18 5.5.25 Collectively, the policies in this subsection seek to conserve the Green Belt, Green Wedge, ~~Green Corridors~~ and the Rural Area outside of the Green Belt, as designated in the Pre-Submission Local Plan. ~~This will serve to encourage the redevelopment of urban, brownfield sites, restrict inappropriate development of greenfield land and avoid adverse impacts on biodiversity (including designated nature conservation sites) in these areas (although it is noted that new development to meet local needs and which is in accordance with the Local Plan Spatial Principles and Strategic Policies can be allocated through relevant Neighbourhood Plans where appropriate and justified).~~ Cumulative significant positive effects have therefore been identified in respect of biodiversity (SA Objective 1). The protection of designated Green Belt, Green Wedge, ~~Green Corridors~~ and the Rural Area will contribute to the protection and enhancement of landscape character and in consequence, significant positive effects have also been identified in respect of landscape and townscape (SA Objective 14).

5.5.26 No further significant positive effects have been identified. The policies in this subsection have been assessed as having minor positive effects on biodiversity (SA Objective 1), housing (SA Objective 2), economy (SA Objective 3), sustainable living and revitalisation (SA Objective 4), health and wellbeing (SA Objective 5), transport (SA Objective 6), ~~water (SA Objective 8)~~, ~~flood risk (SA Objective 9)~~, ~~air quality (SA Objective 10)~~, ~~climate change (SA Objective 11)~~ and cultural heritage (SA Objective 13).

5.5.27 No significant negative effects have been identified in respect of the policies contained in this subsection. The policies have been assessed as having mixed positive and negative effects in respect of ~~housing (SA Objective 2) and employment (SA Objective 3) as the designation/protection of Green Belt, Green Wedges, Green Corridors and the Rural Area may restrict the delivery of housing and employment land.~~ Mixed minor positive and negative effects have also been

identified in relation to land use (SA Objective 7) as development allowed under these policies may take place on greenfield land.

Protecting the Historic Environment

- 3.5.19 The proposed modifications to this subsection of the draft Local Plan are not considered significant and as such, no changes are required to this section of the 2018 SA Report.

Protecting the Natural Environment

- 3.5.20 Policy NE1 (Ecology and Biodiversity) seeks to ensure that biodiversity assets are conserved by protecting them from harm and encouraging biodiversity enhancement. The proposed modifications introduce a requirement for proposals to contribute towards mitigation measures identified in the Essex RAMS, where appropriate. This modification reinforces the significant positive effect identified in respect of biodiversity (SA Objective 1) in the 2018 SA Report; it does not affect the scoring of Policy NE1 against the other SA objectives.

- 3.5.21 The text of the 2018 SA Report is amended as follows:

5.5.31 This subsection makes a positive contribution to a number of the SA objectives. Policy NE1 seeks to ensure that biodiversity assets are conserved by protecting them from harm and encouraging biodiversity enhancement. It also seeks so ensure that, where appropriate, contributions from developments will be secured towards mitigation measures identified in the Essex Recreational disturbance Avoidance and Mitigation Strategy (RAMS). Policy NE2, meanwhile, seeks the conservation of protected trees, woodland and landscape features. This has been assessed as having a significant positive effect on biodiversity (SA Objective 1) as well as on cultural heritage (SA Objective 13) and landscape and townscape (SA Objective 14). The implementation of Policy NE3, meanwhile, will help to ensure that development does not take place in areas of flood risk whilst Policy NE4 will support the development of appropriate low carbon and renewable technologies. Cumulatively, the policies have therefore been assessed as having a significant positive effect on flood risk (SA Objective 9) and climate change (SA Objective 11).

5.5.32 No further significant positive effects have been identified for the policies in this subsection. The policies have been assessed as having minor positive effects on health and wellbeing (SA Objective 5), water (SA Objective 8), air quality (SA Objective 10) and waste and resources (SA Objective 12).

5.5.33 No significant negative effects have been identified in respect of the policies contained in this subsection. The policies have been assessed as having minor negative effects in relation to housing (SA Objective 2), as the policies may constrain housing delivery, whilst cumulatively mixed positive and negative effects have been identified in relation to the economy (SA Objective 3).

Delivering and Protecting Community Facilities

- 3.5.22 The proposed modifications to this subsection of the draft Local Plan are not considered significant and as such, no changes are required to this section of the 2018 SA Report.

Making High Quality Places

Making Places

- 3.5.23 The proposed modifications remove Policy MP7 (Provision of Broadband) which duplicates the requirements of the Buildings Regulations. This modification does not affect the cumulative effects

of the subsection on the SA objectives and as such, no changes are required to this section of the 2018 SA Report.

Protecting Amenity

- 3.5.24 The proposed modifications to this subsection of the draft Local Plan are not considered significant and as such, no changes are required to this section of the 2018 SA Report.

3.6 Cumulative, Synergistic and Secondary Effects

- 1.1.5 In determining the significance of effects of a plan or programme, the SEA Directive requires that consideration is given to the cumulative nature of the effects. Section 5.6 of the 2018 SA Report considers the potential for the policies and proposals contained within the draft Local Plan to act in-combination both with each other and other plans and programmes to generate cumulative (including synergistic and secondary) effects.

Cumulative Effects Arising from the Draft Local Plan

- 1.1.6 The 2018 SA Report presents the appraisal of the cumulative effects of the draft Local Plan by summarising the cumulative effects of each policy chapter (Chapters 5 to 9) on the SA objectives and by providing an overall judgement on the cumulative effect of the plan policies (including proposed site allocations) as a whole. This appraisal has been updated to reflect the proposed modifications and the consequential changes to the findings of the 2018 SA Report as set out in the preceding sections. The updated appraisal is presented in **Table 3.4**; new text added is shown as underlined and extant text to be deleted is ~~struckthrough~~. No changes to the supporting text in this section of the 2018 SA Report (paragraphs 5.6.2 to 5.6.5) are required.

Table 3.4 Results of the Cumulative Effects Appraisal

SA Objective	Pre-Submission Local Plan Policy Chapter						Commentary on cumulative effects (including secondary and synergistic effects)
	Creating Sustainable Development	How will Future Development Growth be Accommodated?	Where will Development Growth be Focused?	Protecting and Securing Important Assets	Making High Quality Places	Cumulative effect of the Pre-Submission Local Plan	
<p>1. Biodiversity and Geodiversity: To conserve and enhance biodiversity and geodiversity and promote improvements to the green infrastructure network.</p>	++	+/-/?	-/?	++/?	+	+/-/?	<p>Growth in terms of new housing and economic development together with the delivery of new infrastructure is likely to have adverse effects on biodiversity through, for example, land take and disturbance with associated impacts on habitats and species. However, the policies contained in the Pre-Submission Local Plan such as Strategic Policy S6 and Policy NE1, as well as the site specific policies contained in Chapter 7, provide a strong framework that is expected to help ensure that development does not have adverse effects on designated nature conservation sites and protect habitats and species thereby minimising or offsetting adverse ecological effects arising from development and avoiding significant harm to the City Area's assets. Through the Green Wedge and Green Corridors and the requirements for onsite provision of green infrastructure at site allocations, there will also be opportunities to enhance biodiversity.</p> <p>The HRA of the Pre-Submission Local Plan highlights that those European sites that are associated with the Mid-Essex coast estuaries (i.e. Crouch and Roach Estuaries SPA / Ramsar; Blackwater Estuary SPA / Ramsar; Foulness SPA / Ramsar; Dengie SPA / Ramsar; and the associated areas of the Essex Estuaries SAC) plus the Thames Estuary and Marshes SPA / Ramsar and Benfleet and Southend Marshes SPA / Ramsar are potentially vulnerable to regional 'in combination' effects due to visitor pressure, to which the Local Plan will contribute. The HRA also highlights that the proposed North of South Woodham Ferrers allocation, which is within 500m of the Crouch Estuary, may affect the site by increasing recreational pressure and, potentially, urbanisation effects. However, the Pre-Submission Local Plan includes a commitment to the adoption of a Recreational Disturbance Avoidance and Mitigation Strategy (RAMS), which is currently being developed by Essex County Council in collaboration with relevant local planning authorities and Natural England requires that proposals, where appropriate, contribute towards mitigation identified in the</p>

SA Objective	Pre-Submission Local Plan Policy Chapter						Commentary on cumulative effects (including secondary and synergistic effects)
	Creating Sustainable Development	How will Future Development Growth be Accommodated?	Where will Development Growth be Focused?	Protecting and Securing Important Assets	Making High Quality Places	Cumulative effect of the Pre-Submission Local Plan	
							<p><u>Essex RAMS</u>. Additional provisions and masterplanning requirements are also included in the policy for allocation SGS7, identifying allocation-specific measures (e.g. the provision of greenspace and walking routes away from the Estuary) that will be required to minimise effects on the Crouch and Roach Estuaries SPA / Ramsar.</p> <p>The HRA identifies that growth supported by the Pre-Submission Local Plan has the potential to contribute to 'in combination' air quality effects on sensitive sites (principally Epping Forest SAC). However, further assessment through the HRA has demonstrated that the 'in combination' contribution of the Local Plan is likely to be too small to be 'significant'.</p> <p>Growth supported by the Pre-Submission Local Plan also has the potential to affect water quality (due to current limitations in waste water treatment capacity at some treatment works) which may in-turn affect European designated sites and local ecology. However, the improvements required to support growth are possible using wastewater treatment technologies currently available; and achievable before the capacity limitations expose European sites to potential effects. The Pre-Submission Local Plan includes policies that require the provision of the infrastructure for new development (including utilities provision and SuDS), which will (in conjunction with the existing waste water planning and consents regime), ensure no significant effects on European sites alone or in combination due to changes in water quality.</p> <p>Overall, the HRA therefore concludes that <i>"most aspects of the plan will have no significant effects on any European sites, alone or in combination. Where residual effect pathways remain, appropriate policy-based mitigation measures have been incorporated into the plan policies to ensure that proposals coming forward under the Local Plan either avoid affecting European sites entirely (no significant effect) or will have no adverse effect on site integrity."</i></p>

SA Objective	Pre-Submission Local Plan Policy Chapter						Commentary on cumulative effects (including secondary and synergistic effects)
	Creating Sustainable Development	How will Future Development Growth be Accommodated?	Where will Development Growth be Focused?	Protecting and Securing Important Assets	Making High Quality Places	Cumulative effect of the Pre-Submission Local Plan	
							Overall, the Pre-Submission Local Plan has been assessed as having cumulative positive and negative effects on this objective, although some uncertainty remains.
2. Housing: To meet the housing needs of the Chelmsford City Area and deliver decent homes.	0/-	++/-/?	++	++/-/?	++	++	<p>The policies and proposed site allocations of the Pre-Submission Local Plan will deliver 21,893 21,843 dwellings over the plan period, meeting the City Area's objectively assessed housing requirement and providing additional flexibility. The provision of nine permanent pitches for Gypsies and Travellers and 24 permanent plots for Travelling Showpeople, meanwhile, would also meet the requirements identified in the Gypsy and Traveller Accommodation Assessment.</p> <p>Those policies of the Pre-Submission Local Plan that relate to housing will help to ensure that an appropriate mix of size, type and tenure of well-designed housing is delivered to meet local needs.</p> <p>Overall, the Pre-Submission Local Plan has been assessed as having a cumulative significant positive effect on this objective.</p>
3. Economy, Skills and Employment: To achieve a strong and stable economy which offers rewarding and well located employment opportunities to everyone.	++/-	++/-	++	++/-/?	++	++	<p>The provision of a minimum of 55,000 sqm of employment floorspace over the plan period to support 725 jobs per annum and retail provision would be expected to help maintain and enhance Chelmsford's strategic economic role in the Heart of Essex sub-region, supporting existing businesses, attracting inward investment and facilitating economic diversification. Jobs growth would, in-turn, increase the amount of money spent in the local economy and there may also be supply chain benefits associated with new businesses. Through the proposed site allocations and Local Plan policies, it is expected that this provision will help to support the creation of accessible employment opportunities that will benefit the City Area's communities.</p> <p>The policies of the Pre-Submission Local Plan including the development requirements related to specific site allocations (in Chapter 7) will help to ensure that there is sufficient investment in educational facilities to</p>

SA Objective	Pre-Submission Local Plan Policy Chapter						Commentary on cumulative effects (including secondary and synergistic effects)
	Creating Sustainable Development	How will Future Development Growth be Accommodated?	Where will Development Growth be Focused?	Protecting and Securing Important Assets	Making High Quality Places	Cumulative effect of the Pre-Submission Local Plan	
							<p>accommodate future growth and that links with the two universities are capitalised upon.</p> <p>Overall, the Pre-Submission Local Plan has been assessed as having a cumulative significant positive effect on this objective.</p>
<p>4. Sustainable Living and Revitalisation: To promote urban renaissance and support the vitality of rural centres, tackle deprivation and promote sustainable living.</p>	++	++/-	++	++	++	++	<p>The Spatial Strategy, associated site allocations and plan policies seek to focus growth in and adjacent to the Chelmsford Urban Area, to the north of South Woodham Ferrers and at Key Service Settlements outside the Green Belt. Allied with the provision of community facilities, services and employment land on many of the proposed site allocations, this will help to ensure that new development is accessible to key services, facilities and employment opportunities, stimulates urban regeneration, tackles deprivation and promotes community inclusion.</p> <p>Whilst growth could place pressure on existing services, facilities and infrastructure, the proposed Local Plan policies including site specific development requirements (as detailed in Chapter 7) are expected to help mitigate any such effects through, for example, protecting existing facilities and infrastructure, seeking on-site provision/developer contributions towards new provision and by providing a positive planning framework for investment in facilities in accessible locations. The Pre-Submission Local Plan also defines Special Policy Areas within and around existing facilities and institutions including Broomfield Hospital and Writtle University College which is expected to support the continued growth and expansion of these institutions, generating benefits in terms of continued access to services and facilities.</p> <p>It is anticipated that, in directing growth and investment towards/adjacent to urban areas and promoting high quality design including enhancement of the public realm, the Pre-Submission Local Plan will enhance the City Centre and the vitality and viability of South Woodham Ferrers town centre.</p>

							Overall, the Pre-Submission Local Plan has been assessed as having a cumulative significant positive effect on this objective.
5. Health and Wellbeing: To improve the health and wellbeing being of those living and working in the Chelmsford City Area.	++	++/-	+	++	++	++	<p>As noted above, the Spatial Strategy seeks to focus growth in and adjacent to the Chelmsford Urban Area, to the north of South Woodham Ferrers and at Key Service Settlements. New development will therefore be accessible to key services and facilities such as GP surgeries. Whilst growth could place pressure on existing healthcare facilities, the Pre-Submission Local Plan policies are expected to help mitigate such effects through, for example, protecting existing facilities, delivering healthcare provision on large strategic sites, seeking developer contributions towards new provision and by providing a positive planning framework for investment in facilities in accessible locations.</p> <p>Focusing the majority of new residential and employment development in and adjacent to the Chelmsford Urban Area and to the north of South Woodham Ferrers, promoting mixed used schemes and the adoption of Garden City principles at strategic sites are together likely to encourage walking/cycling as services and employment opportunities would be physically accessible. Allied with proposed improvements to highway circulation, public transport and walking and cycling (including through Green Corridors), as well as the protection of existing green infrastructure including open space and recreational facilities and new provision, this is expected to generate a positive effect in relation to the promotion of healthy lifestyles.</p> <p>The proposed Local Plan policies provide a strong framework to protect amenity and maintain and enhance environmental quality (see, for example, Policy PA1).</p> <p>Overall, the Pre-Submission Local Plan has been assessed as having a cumulative significant positive effect on this objective.</p>

SA Objective	Pre-Submission Local Plan Policy Chapter						Commentary on cumulative effects (including secondary and synergistic effects)
	Creating Sustainable Development	How will Future Development Growth be Accommodated?	Where will Development Growth be Focused?	Protecting and Securing Important Assets	Making High Quality Places	Cumulative effect of the Pre-Submission Local Plan	
<p>6. Transport: To reduce the need to travel, promote more sustainable modes of transport and align investment in infrastructure with growth.</p>	++	++/-	+	+	+/?	++/-	<p>Growth over the plan period will result in increased vehicle movements which could have adverse effects on the highways network. In this regard, the baseline analysis presented in Section 3 notes that development could result in increased pressure on the local road network and public transport infrastructure with congestion on key trunk roads including the A12, A130 and A414 east and west of Chelmsford (a number of junctions on the strategic highway network have capacity constraints and pinch points). However, the concentration of new residential and employment development in and adjacent to urban areas, the promotion of mixed use sustainable urban extensions that reflect Garden City principles and the delivery of strategic improvements to the walking/cycling network (including through Green Corridors) are all likely to reduce the need to travel by car and encourage walking/cycling (as services and employment opportunities would be physically accessible). New development should also be well connected to the existing public transport network (including existing planned infrastructure such as the proposed new rail station and transport hub to the north east of Chelmsford as part of the Beaulieu development).</p> <p>The Pre-Submission Local Plan identifies a number of transport infrastructure improvements including a proposed new Chelmsford North-East Bypass, highways improvements (including at the Army and Navy Junction and to the A132) and two park and ride schemes (one located to the south west of Chelmsford around the A414 and the other located to the north east of Chelmsford around the A12 and A138). These measures, together with the development requirements for proposed site allocations contained in Chapter 7, are expected to help mitigate adverse impacts associated with new development and enhance the City Area's transport network.</p> <p>Overall, the Pre-Submission Local Plan has been assessed as having a cumulative mixed significant positive and minor negative effect on this objective.</p>

SA Objective	Pre-Submission Local Plan Policy Chapter						Commentary on cumulative effects (including secondary and synergistic effects)
	Creating Sustainable Development	How will Future Development Growth be Accommodated?	Where will Development Growth be Focused?	Protecting and Securing Important Assets	Making High Quality Places	Cumulative effect of the Pre-Submission Local Plan	
<p>7. Land Use and Soils: To encourage the efficient use of land and conserve and enhance soils.</p>	++	+/-	++/--	+/-	++	++/--	<p>The policies and proposals of the Pre-Submission Local Plan seek to make efficient use of land and promote the reuse of previously developed sites in sustainable locations. The Spatial Strategy seeks to deliver approximately 2,200 dwellings, 4,000 sqm of office floorspace and 11,500 sqm of retail floorspace on brownfield sites. However, the scale of development requirements and the limited number of suitable brownfield sites that have not already been earmarked for future development in the City Area mean that greenfield land adjacent to the urban areas of Chelmsford (including East Chelmsford and North of Broomfield) and South Woodham Ferrers and at Boreham, Great Leighs, Danbury and Bicknacre would be required to deliver approximately 75% of new development. This will lead to a loss of approximately 446 ha of Grade 3 agricultural land and approximately 252 ha of Grade 2 land which equates to around 2.5% of the total Grade 2 and around 2.2% of the total Grade 3 land in the City Area.</p> <p>Overall, the Pre-Submission Local Plan has been assessed as having a cumulative mixed significant positive and significant negative effect on this objective.</p>
<p>8. Water: To conserve and enhance water quality and resources.</p>	++	++/-	-	+	++	+/-	<p>Growth will result in the increased use of water which, if unmitigated, could place pressure on water resources and associated infrastructure. However, the WCS concludes that there are no constraints with respect to water service infrastructure and the water environment to deliver development, on the basis that strategic water resource options and wastewater solutions are developed in advance of development coming forward. Further, the policies of the Pre-Submission Local Plan promote sustainable design (which is expected to help minimise the consumption of water at new developments), seek to protect existing utilities infrastructure and will help ensure that there is sufficient infrastructure capacity to accommodate growth (see, for example, Strategic Policy S11). Hanningfield Reservoir Treatment Works, a major site containing water treatment facilities, is also designated as a Special Policy Area. Through these provisions, the Pre-Submission Local</p>

SA Objective	Pre-Submission Local Plan Policy Chapter						Commentary on cumulative effects (including secondary and synergistic effects)
	Creating Sustainable Development	How will Future Development Growth be Accommodated?	Where will Development Growth be Focused?	Protecting and Securing Important Assets	Making High Quality Places	Cumulative effect of the Pre-Submission Local Plan	
							<p>Plan is expected to help lessen the adverse effects of development on water resources.</p> <p>Depending on the exact location of new development, the proximity to waterbodies and the prevailing quality of the waterbody, there is potential for adverse effects on water quality associated with construction activities (through, for example, accidental discharges or uncontrolled surface water runoff from construction sites). In this context, a number of the proposed site allocations are within close proximity to waterbodies. However, it is anticipated that potential effects on water could be lessened through the application of the proposed Local Plan policies (such as Policy NE3) and through mitigation measures agreed at the individual planning application stage. Other plan policies relating to the conservation and enhancement of the City Area's natural environment and provision of green infrastructure may also help to enhance water quality (see, for example, Strategic Policy S6).</p> <p>On balance, the Pre-Submission Local Plan has been assessed as having a cumulative mixed positive and negative effect on this objective.</p>
<p>9. Flood Risk and Coastal Erosion: To reduce the risk of flooding and coastal erosion to people and property, taking into account the effects of climate change.</p>	++	++/-	-	++/?	+	+/-	<p>A number of proposed site allocations are within areas of flood risk. However, the policies of the Pre-Submission Local Plan seek to minimise flood risk and ensure that development does not give rise to flood risk elsewhere, in accordance with a sequential, risk-based approach. In particular, Policy NE3 stipulates that planning permissions for all types of development will only be granted where it can be demonstrated that the site is safe from all types of flooding and it does not worsen flood risk elsewhere. It also sets out that development within areas of flood risk will be required to: provide a safe access and egress route; attenuate surface water run-off so that the run-off rate is no greater than the run-off prior to development taking place or, if the site is previously developed, development reduces run-off rates; and locate the most vulnerable development in areas of lowest flood risk unless there are overriding reasons for a different location. In addition, all major development will be required to incorporate water</p>

SA Objective	Pre-Submission Local Plan Policy Chapter						Commentary on cumulative effects (including secondary and synergistic effects)
	Creating Sustainable Development	How will Future Development Growth be Accommodated?	Where will Development Growth be Focused?	Protecting and Securing Important Assets	Making High Quality Places	Cumulative effect of the Pre-Submission Local Plan	
							<p>management measures to reduce surface water run-off and ensure that it does not increase flood risk elsewhere. In consequence, it is anticipated that the potential for significant adverse effects on flood risk will be reduced. Through the plan's emphasis on green infrastructure provision including the designation of Green Corridors, there may also be opportunities to enhance flood storage and reduce surface water run-off</p> <p>Overall, the Pre-Submission Local Plan has been assessed as having a cumulative mixed positive and negative effect on this objective.</p>
10. Air: To improve air quality.	++	+/-	-	+	++	+/-	<p>Growth over the plan period will result in increased emissions to air during both the construction of new development and once development is complete. However, the concentration of new residential and employment development in and adjacent to urban areas, the promotion of strategic mixed use sustainable urban extensions that reflect Garden City principles and the delivery of strategic improvements to the walking/cycling network (including through the Green Wedge) are all likely to reduce the need to travel by car and associated emissions to air. Investment in transportation infrastructure may also help to address air quality issues including at the Army and Navy Junction (which is within an AQMA).</p> <p>As noted above, the HRA identifies that growth supported by the Pre-Submission Local Plan has the potential to contribute to 'in combination' air quality effects on sensitive sites (principally Epping Forest SAC). However, further assessment through the HRA has demonstrated that the 'in combination' contribution of the Local Plan is likely to be too small to be 'significant'.</p> <p>Policy PA2 of the Pre-Submission Local Plan stipulates that for developments in or adjacent to an AQMA, or where an air quality impact assessment has been provided, permission will only be granted where the Council is satisfied that (after selection of appropriate mitigation) the development will not have an unacceptable significant impact on air quality, health and wellbeing. Policy PA1, meanwhile, requires that proposals are</p>

SA Objective	Pre-Submission Local Plan Policy Chapter						Commentary on cumulative effects (including secondary and synergistic effects)
	Creating Sustainable Development	How will Future Development Growth be Accommodated?	Where will Development Growth be Focused?	Protecting and Securing Important Assets	Making High Quality Places	Cumulative effect of the Pre-Submission Local Plan	
							<p>compatible with neighbouring uses and protect the wider amenities of the area by ensuring that development does not give rise to unacceptable levels of polluting emissions.</p> <p>Overall, the Pre-Submission Local Plan has been assessed as having a cumulative mixed positive and negative effect on this objective.</p>
<p>11. Climate Change: To minimise greenhouse gas emissions and adapt to the effects of climate change.</p>	++	+/-	-	++	++/?	+/-	<p>New development will result in increased energy use and associated greenhouse gas emissions. However, as noted above, the concentration of new residential and employment development in and adjacent to urban areas, the promotion of strategic mixed use sustainable urban extensions that reflect Garden City principles and the delivery of strategic improvements to the walking/cycling network (including through Green Wedges) are all likely to reduce the need to travel by car and associated emissions of greenhouse gases.</p> <p>The Pre-Submission Local Plan also provides a strong policy framework that seeks to minimise energy use and greenhouse gas emissions and promote climate change adaptation through the siting and design of development (see, for example, Strategic Policy S3). Policy NE4, meanwhile, supports the delivery of appropriate renewable and low carbon energy development.</p> <p>Overall, the Pre-Submission Local Plan has been assessed as having a cumulative mixed positive and negative effect on this objective.</p>
<p>12. Waste and Natural Resources: To promote the waste hierarchy (reduce, reuse, recycle, recover) and ensure the sustainable use of natural resources.</p>	++	+/-	--/?	+	+/?	+/-/?	<p>The construction of new development will require raw materials (such as aggregates, steel and timber) which may place pressure on local mineral assets. However, the volume of materials required is not expected to be significant (in a regional or national context). Further, it is anticipated that there would be opportunities to utilise recycled and sustainably sourced construction materials as part of new developments and in this regard, the policies contained in the Pre-Submission Local Plan (such as Policy MP3) promote the sustainable use of natural resources. Growth will also generate</p>

SA Objective	Pre-Submission Local Plan Policy Chapter						Commentary on cumulative effects (including secondary and synergistic effects)
	Creating Sustainable Development	How will Future Development Growth be Accommodated?	Where will Development Growth be Focused?	Protecting and Securing Important Assets	Making High Quality Places	Cumulative effect of the Pre-Submission Local Plan	
							<p>waste, although it is anticipated that a proportion of arisings would be reused or recycled.</p> <p>Several of the proposed site allocations are located within Minerals Safeguarding Areas and in consequence, there is the potential for significant negative effects on this objective due to sterilisation of the mineral resource. However, it is anticipated that the policies of the Pre-Submission Local Plan will help to avoid significant adverse impacts in some cases (through the requirements for Minerals Resource Assessment).</p> <p>On balance, the Pre-Submission Local Plan has been assessed as having a cumulative mixed positive and negative effect on this objective, although some uncertainty remains.</p>
<p>13. Cultural Heritage: To conserve and enhance the historic environment, cultural heritage, character and setting.</p>	++	+/-/?	+/--	++/?	+	+/-/?	<p>New development has the potential to affect the City Area's cultural heritage assets both directly (through the loss of, or damage to, assets) or indirectly (through effects on setting). In this regard, the potential for negative effects on cultural heritage has been identified in respect of a number of the proposed site allocations. However, the policies contained in the Pre-Submission Local Plan such as Strategic Policy S5 and Policies HE1, as well as the development requirements for specific sites set out in Chapter 7, seek to conserve and enhance the City Area's cultural heritage assets and are expected to help ensure that adverse effects are minimised and that opportunities are sought to enhance assets and their settings.</p> <p>Locating new development in close proximity to heritage assets may increase the accessibility of prospective residents to them, generating a positive effect on this objective. There may also be opportunities for heritage-led development which could serve to protect and enhance areas or buildings of historical, archaeological and cultural value and potentially enhance the setting of assets (for example, through the sensitive redevelopment of brownfield sites such as Sandford Mill which is designated as a Special Policy Area).</p>

SA Objective	Pre-Submission Local Plan Policy Chapter						Commentary on cumulative effects (including secondary and synergistic effects)
	Creating Sustainable Development	How will Future Development Growth be Accommodated?	Where will Development Growth be Focused?	Protecting and Securing Important Assets	Making High Quality Places	Cumulative effect of the Pre-Submission Local Plan	
							Overall, the Pre-Submission Local Plan has been assessed as having a cumulative mixed positive and negative effect on this objective, although some uncertainty remains.
14. Landscape and Townscape: To conserve and enhance landscape character and townscapes.	++	+/-/?	+/--	++/?	++	+/-/?	<p>Development will affect the character of the City Area's landscapes and townscapes, particularly given the area of greenfield land that will be required to accommodate growth over the plan period. However, it is anticipated that the application of the proposed Local Plan policies such as Policy NE2 and the site specific development requirements contained in Chapter 7 will help to minimise adverse effects in this regard.</p> <p>Under the Spatial Strategy, the existing Green Wedge would be largely retained and Green Corridors designated. Together with the adoption of Garden City principles at proposed strategic urban extensions, these measures would be expected to help mitigate adverse effects on landscape character arising from new development and maintain separation between built-up areas.</p> <p>The redevelopment of brownfield sites and the provision of green infrastructure present opportunities to enhance landscape and townscape. In this regard, the policies contained in the Pre-Submission Local Plan (including site-specific development requirements) seek to conserve and enhance landscape, promote good design and protect visual amenity.</p> <p>On balance, the Pre-Submission Local Plan has been assessed as having a cumulative mixed positive and negative effect on this objective, although some uncertainty remains.</p>

Cumulative Effects Arising from other Plans and Programmes

- 3.6.1 The policies and proposals contained in the draft Local Plan sit within the context of a number of other plans and programmes including the local plans of surrounding local authorities. In addition to the cumulative effects arising from the draft Local Plan, Section 5.6 of the SA Report also considers cumulative effects of the Local Plan in-combination with other plans and programmes.
- 3.6.2 The 2018 appraisal concludes that no significant negative cumulative effects are identified. Whilst increased development in the City Area and neighbouring local authorities will be likely to generate adverse cumulative effects on a number of the SA objectives, the 2018 SA Report highlights that these effects could be minimised through the policy measures contained across a number of the emerging/adopted local plans including the draft Local Plan. This conclusion remains valid in light of the proposed modifications and the limited number of other plans and programmes adopted since the 2018 SA Report was published.

3.7 Mitigation and Enhancement

- 3.7.1 As set out in **Section 1.3**, the SA has been undertaken iteratively alongside and informing the development of the Local Plan. The appraisal of the draft Local Plan identifies measures to help address potential negative effects and enhance positive effects associated with the implementation of the Local Plan. These measures are highlighted within the detailed appraisal matrices contained at Appendices F, H and I of the 2018 SA Report, the majority of which have been addressed through the proposed modifications.
- 3.7.2 No additional mitigation measures have been identified as a result of the appraisal of the proposed modifications.

4. Conclusions, Monitoring and Next Steps

4.1 Conclusions

4.1.1 This addendum to the January 2018 SA Report has presented the findings of the appraisal of the proposed modifications (comprising of Main Modifications, Additional Modifications and Changes to the Policies Map) to the Pre-Submission Local Plan. The appraisal has confirmed that the conclusions of the 2018 SA Report (Section 6.1) remain valid in that:

"the majority of the SA objectives will experience positive effects as a result of the implementation of the policies and proposals contained in the Pre-Submission Local Plan. Whilst negative effects have also been identified against many of the SA objectives, particularly associated with proposed site allocations, the Pre-Submission Local Plan includes policies which seek to manage these effects such that significant adverse effects will be largely avoided."

Reasonable alternatives, in terms of development requirements, the Spatial Strategy and site allocations, have been considered as part of the SA of the Pre-Submission Local Plan and earlier plan development stages. The appraisal of these alternatives has demonstrated that, overall, the proposals of the Pre-Submission Local Plan perform similar to, or better than, the alternatives considered when assessed against the SA objectives."

4.1.2 No additional significant adverse effects have been identified through the appraisal of the proposed modifications. In a number of instances, however, the proposed modifications have been found to enhance a positive effect that was already identified as a significant positive effect. Modifications to the site specific policies contained in Chapter 7 of the draft Local Plan in particular have been found to enhance the performance of the policies when assessed against the SA objectives, particularly with regard to: biodiversity (SA Objective 1), reflecting the requirements for proposals to contribute towards mitigation identified in the Essex RAMS and the inclusion of further mitigation in respect of SSSIs in the City Area; water (SA Objective 8), due to requirements for waste water treatment provision in respect of sites at Great Leighs; and cultural heritage (SA Objective 13), due to the inclusion of reference to the conservation and enhancement of designated assets and/or specific heritage assets.

4.1.3 As highlighted in **Section 1.3**, at paragraph 14 of her Post Hearing Advice, the Inspector has requested that the SA should consider whether the removal of Green Corridors from the Local Plan "would make any difference to the SA findings". **Section 3** of this report has demonstrated that the removal of Green Corridors does not affect the findings of the 2018 SA Report in terms of the cumulative effects of the draft Local Plan when assessed against the SA objectives, although there are some minor changes to the cumulative effects of the relevant subsection of the draft Local Plan. Overall, the changes do not affect the strong protection given to (inter alia) the Green Belt, Green Wedge and the Rural Area and no development is proposed in the areas formerly designated as Green Corridors.

4.2 Monitoring

4.2.1 It is a requirement of the SEA Directive to establish how the significant sustainability effects of implementing the Local Plan will be monitored. Appendix K to the 2018 SA Report identifies a number of potential indicators that could be used for monitoring the sustainability impacts of the emerging Local Plan. In addition, the Council produces an Authority Monitoring Report (AMR) each year. This report contains both authority-wide and local level data which could be used to monitor the effects of the Local Plan against a number of the SA objectives. Where appropriate, these

indicators (including those identified in Chapter 11 of the Pre-Submission Local Plan) informed the proposed monitoring framework in the 2018 SA Report.

4.2.2 Additional indicators have been identified following consultation on the 2018 SA Report and the proposed modifications to the draft Local Plan include a revised Local Plan monitoring framework. The additional indicators suggested by consultees and the revised Local Plan monitoring framework have been reviewed in preparing this addendum and an updated list of potential monitoring indicators for the purposes of the SA is presented in **Appendix H** of this report.

4.2.3 The monitoring framework will be confirmed in the Post Adoption Statement.

4.3 Next Steps

4.3.1 This addendum to the 2018 SA Report is being issued for consultation. We would welcome your views on any aspect of this SA Report. In particular, we would like to hear your views as to whether the effects which are predicted are likely and whether there are any significant effects which have not been considered.

4.3.2 The consultation will run from 1st August to 19th September 2019. The Council encourages people to submit comments via its consultation portal at: www.chelmsford.gov.uk/planningpolicyconsult. Alternatively, comments can be sent to:

- By email - planning.policy@chelmsford.gov.uk.
- By post - Planning and Housing Policy, Chelmsford City Council, Civic Centre, Duke Street, Chelmsford, CM1 1XP.
- By hand - During normal opening hours to Chelmsford City Council Customer Service Centre (Duke Street, Chelmsford).

4.3.3 A specially designed response form is available online at www.chelmsford.gov.uk/pre-submission or on request by telephoning (01245) 606330.

4.3.4 Following the close of the consultation, the Inspector will consider the representations received and complete and publish her final report, recommending any changes that are considered necessary to make the Local Plan sound.

4.3.5 After adoption of the Local Plan, a Post Adoption Statement will be completed, consistent with the requirements of the SEA regulations 16(4).

Appendix A

Schedule of Consultation Responses

Ref	Consultee	Consultee Response Summary	Response/Action
PS SA25	<p>Terence O'Rourke Ltd and Jam Consulting Ltd on behalf of Hammonds Estate LLP</p> <p><i>(It should be noted that the consultee's response is contained in the document entitled 'Response to Pre-Submission Document' together with nine supporting appendices. Appendix 1 specifically comprises a review of the Chelmsford Local Plan Sustainability Appraisal (SA). This provides additional detail to the points set out in the main report. To avoid undue repetition, key points from both the Response to Pre-Submission Document and Appendix 1 are drawn together here and presented in accordance with the stages of the SA process. The exception to this concerns the treatment of alternatives in the SA which is an issue raised frequently at all assessment stages in both documents. As a result, this issue is considered at the outset to provide the context for subsequent responses).</i></p>	<p>Equal Treatment of Reasonable Alternatives</p> <p>The respondent states on a number of occasions that the Hammonds Farm site has not been assessed with mitigation applied. The respondent considers that:</p> <ul style="list-style-type: none"> As Hammonds Farm has not been assessed with mitigation, it has not been assessed equally compared to the preferred options; and The SA does not meet regulatory requirements as it has not considered such mitigation. <p>In this context, the respondent states: <i>"The SA has not appraised all reasonable alternatives in the same level of detail as the preferred approach; only the preferred options have included mitigation measures and cumulative effects. The alternative spatial strategies received very similar scores before mitigation was applied and the reasons for the selection of the Preferred Strategy are not supported by the evidence. A proper comparison of the results cannot be made and the SA is therefore not compliant with the regulations or guidance."</i> The respondent also states: <i>"Whilst the initial assessment of sites and alternatives without mitigation is understood and is compliant with the regulations and guidance, the SA should then have considered the implications of mitigation measures upon the options. Given the very slight difference in the results between the two spatial options, an assessment of the alternatives with 'mitigation on' should have been carried out. The results are a misrepresentation of the facts and fail to demonstrate a transparent approach"</i>.</p> <p>Consequently, the respondent contends that the SA process does not meet the requirements of <i>The Environmental Assessment of Plans and Programmes Regulations 2004</i> (the SEA Regulations), National Planning Practice Guidance (NPPG) or the National Planning Policy Framework (NPPF).</p>	<p>Disagree. The SA has appraised all reasonable alternatives in the same manner, and to the same depth, at both the strategic and site level. In this context, the proposed Hammonds Farm site referred to in this response has been appraised as both an alternative Spatial Strategy option and as an individual site allocation option.</p> <p>The alternative Spatial Strategy options identified for appraisal during the SA process are described in Section 5.3 of the Pre-Submission Local Plan SA Report (January 2018) (the 2018 SA Report) with the reasons for their rejection set out in Appendix F; the options appraised include 'Urban Focus with Growth at Hammonds Farm and Key Service Settlements' which included the proposed Hammonds Farm site. The findings of the appraisal of this option are contained in Appendix F to the Preferred Options Consultation Document SA Report (March 2017) (the 2017 SA Report).</p> <p>The respondent states that the <i>"alternative spatial strategies received very similar scores before mitigation was applied and the reasons for the selection of the Preferred Strategy are not supported by the evidence. A proper comparison of the results cannot be made and the SA is therefore not compliant with the regulations or guidance."</i> This is incorrect. The approach to assessing the Spatial Strategy options (including the preferred option and reasonable alternatives) identified by the Council has been consistent and has followed the methodology detailed in Section 4.3 of the 2018 SA Report. To confirm, the appraisal of these options, including the preferred Spatial Strategy option, has not taken into account the mitigation provided by the draft Local Plan policies in order to ensure that all options are treated equally. Paras 5.3.59 of the 2017 SA Report state <i>"...there is considered to be greater uncertainty with regard to the deliverability of this alternative ... and, relative to the preferred Spatial Strategy, the potential for significant landscape effects is considered to be greater. Further, as this option would involve the creation of a new settlement that is detached from the existing urban area, accessibility to key services, facilities and employment opportunities would be reduced."</i> Para 5.3.60 concludes <i>"Overall, when compared to the preferred Spatial Strategy, the findings of the SA indicate that this alternative spatial strategy performs less well in terms of its sustainability."</i></p>

Ref	Consultee	Consultee Response Summary	Response/Action
			<p>Hammonds Farm has also been appraised as a site allocation (CFS 83 'Land West of the A12 and East of Sandford Mill Road'). The full appraisal of this site and the other reasonable alternatives identified by the Council can be found in Appendix G of the 2018 SA Report together with the reasons for the selection of the proposed site allocations and for the rejection of alternatives.</p> <p>All of the proposed site allocations and reasonable alternatives including Hammonds Farm have been appraised against the SA objectives that comprise the SA Framework using tailored appraisal criteria and associated thresholds of significance, as per the approach set out in Section 4.3 of the 2018 SA Report. In all instances, the methodology has been applied consistently to all sites and has not taken into account the mitigation that could be provided by the draft Local Plan policies. In this regard, para 4.3.11 of the 2018 SA Report states <i>"It should be noted that the site appraisal does not take into account the provisions of the associated site allocation policies contained in Chapter 7 of the Pre-Submission Local Plan nor the mitigation provided by the other proposed Local Plan policies contained in the document. This is to ensure that all sites are considered equally."</i></p> <p>Chapter 7 of the Pre-Submission Local Plan includes policies that are area/site specific and which have been appraised separately (see Appendix I of the 2018 SA Report). Those policies that relate to specific site allocations have been assessed by taking forward the findings of the site appraisal (Appendix G) and applying the associated development requirements (as set out in the related policies). This has enabled consideration of the extent to which the <i>policies</i> of Chapter 7 may help to mitigate adverse effects and enhance positive effects associated with the delivery of the proposed site allocations and, subsequently, the identification of where there would be residual significant effects.</p> <p>It is important to recognise that the appraisal presented in Appendix I is of the proposed Chapter 7 policies as opposed to a further (re)appraisal of site allocations. The appraisal of these policies has not informed the Council's selection of the proposed site allocations nor have the policies been taken into account in the site appraisal (Appendix G). In this context, as Hammonds Farm has not been taken forward by the Council</p>

Ref	Consultee	Consultee Response Summary	Response/Action
			<p>as a site allocation and does not therefore have an associated policy, it is not included within the matrices in Appendix I.</p> <p>The respondent states that the requirements of Schedule 2 (7) of the SEA Regulations and paragraph 018 of the NPPG on SEA/SA have not been met as mitigation measures have not been taken into account in the site appraisal. For the avoidance of doubt, the mitigation measures that the respondent is referring to are the development proposals for Hammonds Farm, which the respondent would like included within the assessment as they contend that this would lead to a more favourable appraisal of Hammonds Farm. It would be inappropriate to accept mitigation proposed by a developer as site submissions received by the Council during the preparation of the Local Plan are accompanied by proposals of differing level of detail and commitment. In addition, there are no certainties that proposals made in regard to mitigation at the site allocation stage will become fact, prior to consideration through the planning application process. To ensure all sites are considered in the same manner, mitigation proposals are therefore excluded from the site appraisal and SHLAA process. However, where factual (baseline) information has been provided by developers, this has informed the SA.</p> <p>In accordance with the SEA Regulations, measures have been identified to mitigate adverse effects and enhance positive effects associated with the emerging Local Plan throughout the SA process, as summarised in Section 5.7 of the SA Report. With specific regard to Hammonds Farm, the appraisal of the spatial option 'Urban Focus with Growth at Hammonds Farm and Key Service Settlement' contained in Appendix F to the 2017 SA Report identifies mitigation measures to be considered should the option be taken forward as a preferred option. In consequence, the assertion that the SA Report does not accord with the SEA Regulations and NPPG is incorrect.</p> <p>No change.</p>
		<p>Scoping Considers that the SA Scoping Report (2015) provides a comprehensive framework for the SA and is compliant with the regulations with regard to: the identifications of plans, policies and programmes; baseline information and identification of sustainability issues; SA Framework and</p>	<p>Comment noted.</p> <p>No change.</p>

Ref	Consultee	Consultee Response Summary	Response/Action
		<p>proposed methodology and use of significance criteria as specified in the regulations, including the secondary, cumulative and synergistic effects.</p>	
		<p>States that the SA Framework fails to consider the proportion of sites that may be affected by a constraint. For example, flood risk receives a double negative effect if any of the site is in an area of risk. The matrix therefore runs the risk of misrepresenting the results.</p>	<p>Disagree. The Site Appraisal Criteria do not distinguish between the area of a site that may be affected by a given constraint because the methodology has been designed to enable the identification of potentially significant effects on a worst-case basis in order to ensure that the assessment is sufficiently rigorous.</p> <p>The SA Framework including the Site Appraisal Criteria were subject to full consultation at the scoping stage and revised as a result of the responses received. In consequence, it is not considered appropriate to amend the SA Framework or criteria at this stage.</p> <p>No change.</p>
		<p>Issues and Options Sustainability Appraisal The respondent states: <i>"At Issues and Options Stage CCC considered three spatial options. As part of this process, CCC states that it had considered but discounted a 'Large New Settlement' because a large settlement was not considered suitable, justified or reasonable. Two options for a new settlement were considered, one of which was Hammonds Farm with the other at Bull's Lodge Quarry Farm. However, the alternative of a Large New Settlement was not assessed against the SA Framework and its performance against other alternatives was not compared. Furthermore, this option was not consulted upon. The justification for the decision not to pursue this is not evident. The SA should inform the council's decision, not the other way round."</i></p> <p>This issue is further discussed in the SA Appendix, which states:</p> <p><i>"The Council's decision should be informed by the SA, not the other way around, as set out in the NPPG (017 SEA/SA). The SA has therefore failed to comply with the regulations and guidance."</i></p>	<p>Disagree. As noted in the response, a range of alternatives for the Spatial Strategy were considered in the Issues and Options Consultation Document SA Report (October 2015) (the 2015 SA Report). Consideration was explicitly given to the alternative of a large new settlement (with the two candidate locations of Hammonds Farm and Bull's Lodge Quarry Farm) considered. However, at that stage, for the reasons set out in paragraphs 1.4.21 – 1.4.27 of the 2015 SA Report, the alternative was not considered reasonable, suitable or justified.</p> <p>Following further consideration by the Council including a review of the Issues and Options Consultation responses and the Local Plan evidence base, a further reasonable spatial strategy alternative was identified – Urban Focus with Growth at Hammonds Farm and Key Service Settlements. This was identified by the Council after the consideration of the Issues and Options responses and subsequently tested in the Preferred Options SA Report. The reasons the alternative spatial strategy was selected are set out below.</p> <ul style="list-style-type: none"> • The option to include Hammonds Farm was not considered as a 'non-starter' as it is being actively promoted for development and

Ref	Consultee	Consultee Response Summary	Response/Action
			<p>could provide for the quantum of new development required in the new Local Plan,</p> <ul style="list-style-type: none"> • The option to include Hammonds Farm broadly satisfies the distribution of development in the proposed Spatial Strategy, for example by locating development in East Chelmsford (despite its being severed from Chelmsford Urban Area) • The option to include Hammonds Farm could potentially deliver benefits including significant supporting infrastructure alongside new housing and employment growth in line with the Strategic Priorities • The site is within a single land ownership and being actively promoted for development (based on the submitted site promoter proposals and information provided to Officers) • Although major road infrastructure upgrades would likely be required to implement the development, there is some uncertainty regarding what road infrastructure/upgrades would be required and how achievable these would be including widening of the A12. • The representations to the Issues and Options consultation in which there was some support for a proposed new settlement at this location from some stakeholders and members of the public (however, it is important to note that there was also support for the rejection of this proposal in the consultation responses). <p>To inform the development of the Preferred Options Consultation Document, an alternative spatial strategy including a new settlement at Hammonds Farm, 'Urban Focus with Growth at Hammonds Farm and Key Service Settlements', was therefore appraised and the findings presented in the 2017 SA Report that accompanied the Preferred Option Consultation Document (see Appendix F and Section 5). Hammonds Farm was also assessed at this stage as a possible site allocation (CFS 83 'Land West of the A12 and East of Sandford Mill Road') (see Appendix G).</p> <p>The iterative nature of local plan preparation is such that new reasonable alternatives may be identified throughout the plan development process. Provided these reasonable alternatives are subject to SA, this should not result in a local planning authority having to return to earlier stages of the plan making process. In this content, whilst a Spatial Strategy option including Hammonds Farm was not assessed at the Issues and Options stage, it was subsequently reconsidered by the Council and subject to SA</p>

Ref	Consultee	Consultee Response Summary	Response/Action
			<p>at the Preferred Options stage (which itself is not a statutory stage in the local plan process). In this way, the SA helped to inform the Council's decision to take forward the preferred Spatial Strategy.</p> <p>In this context, the findings of the SA, alongside the evidence base, other assessments and consultation, have informed the Council's selection and refinement of preferred options for the Local Plan, as detailed in Section 5.3 of the 2017 SA Report. The SA has played an integral role in shaping and influencing the Local Plan throughout its preparation. The SA has assisted with the identification of sustainable options, taking into account the likely social, environmental and economic effects of implementing different Spatial Strategies, site allocations and policies, and reasonable alternatives. The SA process has also helped to illustrate how policies and objectives could be made more sustainable and has identified issues relating to specific locations or policies early and throughout the planning process for these to be considered and addressed.</p> <p>In consequence, the SA has fully considered reasonable alternatives, the appraisal of which has informed the preferred approach set out in the Pre-Submission Local Plan.</p> <p>No change.</p>
		<p>Preferred Options Sustainability Appraisal Notes that the three options tested at Issues and Options stage became a hybrid option - the Council's preferred option at this stage. The new hybrid option included a large proportion of the Bulls Lodge Quarry Farm site, which was previously discounted. States that the inclusion of this area of land raises fundamental issues with regard to deliverability, which have not been addressed in the SA. It is not known why Bulls Lodge Quarry has been retained in the option.</p>	<p>Disagree. As noted above, a range of alternatives for the Spatial Strategy were considered in the Issues and Options Consultation Document SA Report (October 2015) (the 2015 SA Report). Consideration was explicitly given to the alternative of a large new settlement (with the two candidate locations of Hammonds Farm and Bull's Lodge Quarry Farm) considered. However, at that stage, for the reasons set out in paragraphs 1.4.21 – 1.4.27 of the 2015 SA Report, the alternative was not considered reasonable, suitable or justified.</p> <p>Following further consideration by the Council including a review of the Issues and Options Consultation responses and the Local Plan evidence base, land around Bulls Lodge Quarry was proposed for inclusion within Strategic Growth Site 4 – NE Chelmsford. This was identified by the Council and subsequently tested in the Pre-Submission SA Report. The reasons for its selection are set out below.</p>

Ref	Consultee	Consultee Response Summary	Response/Action
			<ul style="list-style-type: none"> • The option to include land around Bulls Lodge Quarry was not considered as a 'non-starter' as it is being actively promoted for development as part of development in North East Chelmsford that could help to deliver a sustainable new garden community in this location. • The option accords with the distribution of development in the proposed Spatial Strategy, for example by directing development in North Chelmsford and to sustainable urban extensions around Chelmsford in line with the Settlement Hierarchy. • The option to include land around Bulls Lodge Quarry could benefit from significant supporting infrastructure being delivered as part of the existing Channels and Beaulieu Park developments, as well as deliver new and improved infrastructure such as the Chelmsford North East Bypass alongside new housing and employment growth in line with the Strategic Priorities. • Representations in which there was some support for more growth in North East Chelmsford to maximise benefits arising from the proposed Chelmsford North East bypass and new railway station. <p>Reflecting the iterative nature of the plan preparation process, land at Bulls Lodge Quarry Farm was therefore reconsidered and appraised as part of the proposed North East Chelmsford site allocation.</p> <p>No Change.</p>
		<p>The Response to Pre-Submission Document states "<i>As a result of the consultation on the Issues and Options local plan, which elicited considerable support for a large new settlement option at Hammonds Farm, CCC introduced a new spatial option - Urban Focus with Growth at Hammonds Farm and Key Service Settlements, the 'Alternative Spatial Strategy'. However, the Preferred Option had been selected by the council prior to consultation. Given the fact that the two options perform very similarly, it was premature to select the Preferred Option prior to consultation. The Preferred Options SA report states that the appraisal of Hammonds Farm has demonstrated that the type and range of effects across the SA objectives are likely to be similar to those identified in respect of the preferred Spatial Strategy' (paragraph 5.3.59).</i>"</p>	<p>Disagree. As set out above, to inform the development of the Preferred Options Consultation Document, an alternative spatial strategy including a new settlement at Hammonds Farm, 'Urban Focus with Growth at Hammonds Farm and Key Service Settlements', was appraised and the findings presented in the 2017 SA Report that accompanied the Preferred Options Consultation Document (see Appendix F and Section 5). Section 5.3.59 of the 2017 SA Report states "...there is considered to be greater uncertainty with regard to the deliverability of this alternative (related to the transportation infrastructure requirements necessary to bring forward a new settlement at Hammonds Farm and to ensure connectivity with the Chelmsford Urban Area) and, relative to the preferred Spatial Strategy, the potential for significant landscape effects is considered to be greater. Further, as this option would involve the creation of a new settlement that is detached from the existing urban area, accessibility to</p>

Ref	Consultee	Consultee Response Summary	Response/Action
		<p>In addition, the SA Appendix disagrees with the 2017 SA Report where it states: "5.3.102 The Council has had regard to the main issues raised in the responses to the Issues and Options Consultation Document. These are summarised in a feedback report published in June 2016. Although this revealed significant support for a potential new settlement of up to 5,000 new homes at Hammonds Farm, there was also support for discounting a large new settlement.</p> <p>5.3.103 Overall, although this site is available, it is considered to perform less well compared with Location 4 when assessed against the SA objectives (see Appendix G), the preferred Spatial Strategy and the Local Plan evidence base."</p> <p>The respondent considers that the results of the SA and the evidence base available do not support the decision taken.</p>	<p><i>key services, facilities and employment opportunities would be reduced."</i> It concludes in paragraph 5.3.60 that "Overall, when compared to the preferred Spatial Strategy, the findings of the SA indicate that this alternative spatial strategy performs less well in terms of its sustainability."</p> <p>Hammonds Farm was also assessed at this stage as a possible site allocation (CFS 83 'Land West of the A12 and East of Sandford Mill Road') (see Appendix G).</p> <p>The iterative nature of local plan preparation is such that new reasonable alternatives may be identified throughout the plan development process. This should not result in a local planning authority having to return to earlier stages of the plan making process. In this content, it is not considered that the selection of the preferred Spatial Strategy option in the Preferred Options Consultation Document was premature; this decision was based on the findings of the SA, other assessments, consultation and the evidence base (as detailed in Section 5.3 of the 2017 SA Report).</p> <p>In any case, Hammonds Farm was identified in the Preferred Options Consultation Document as an 'alternative considered' such that consultees had an opportunity to comment on this option.</p> <p>No change.</p>
		<p>The respondent states that, in the absence of appropriate supporting information, it appears that the SA has been prepared on the basis of pre-determined decisions made by the Council, rather than the SA informing the decision. States that the SA Report should clearly identify the significant positive and negative effects of each alternative and provide conclusions on the sustainability of each alternative (NPPG SEA/SA 018).</p> <p>The respondent considers that the SA has not demonstrated that the Council's chosen approach is the most appropriate strategy given the reasonable alternatives considered because it has not assessed the alternative spatial strategy to the same level of detail. States that the assessment has taken a 'mitigation off' approach to the selection of options. Given the similarity in the spatial strategy assessment results,</p>	<p>Disagree. The significant effects of the Council's preferred options and all reasonable alternatives have been identified and appraised in accordance with the approach detailed in Section 4 of the 2017 and 2018 SA Reports; the findings of this appraisal are summarised in Section 5 of the respective reports. This appraisal has been informed by the baseline information presented in Section 3 and the Council's evidence base as well factual (baseline) information provided by developers.</p> <p>The reasons for the selection of the preferred Spatial Strategy option are clearly set out in paras 5.3.56 to 5.3.73 of the 2017 SA Report (and at paras 5.3.40 to 5.3.57 of the 2018 SA Report). The reasons for the rejection of the alternative Spatial Strategy options considered in preparing the Local Plan including 'Urban Focus with Growth at Hammonds Farm and Key Service Settlements' are set out in paras 5.3.74</p>

Ref	Consultee	Consultee Response Summary	Response/Action
		<p>the respondent considers that it is not clear why the preferred approach was selected.</p> <p>States that the SA has only considered mitigation measures in respect of the preferred options and that it cannot, therefore, accurately show how the different options perform. Considers that mitigation measures should have been considered in the assessment of alternatives.</p> <p>The SA Appendix goes on to add that the Council decided that the sustainability benefits of the preferred option were significantly better to justify its selection, prior to consultation and without consideration of mitigation measures for the alternative option, contrary to the regulations and guidance. (Reg 12 (3) Sch 2 (7); NPPF Para 152; NPPG SEA/SA 013; 17).</p>	<p>to 5.3.103 of the 2017 SA Report and in Appendix F to the 2018 SA Report.</p> <p>Para 17 of the NPPG on SEA/SA identifies the need to consider ways of mitigating adverse effects. Schedule 2 of the SEA Regulations, also referred to, requires an Environmental Report (in this case an SA Report) to identify the measures envisaged to prevent, reduce and as fully as possible offset any significant adverse effects on the environment of implementing the plan or programme. In accordance with the SEA Regulations, measures have been identified to mitigate adverse effects and enhance positive effects associated with the emerging Local Plan throughout the SA process, as summarised in Section 5.7 of the SA Report. With specific regard to Hammonds Farm, the appraisal of the spatial option 'Urban Focus with Growth at Hammonds Farm and Key Service Settlement' contained in Appendix F to the 2017 SA Report identifies mitigation measures to be considered should the option be taken forward as a preferred option.</p> <p>As noted above, all options have been assessed equally within the SA.</p> <p>No change.</p>
		<p>States that the assessment of the alternative spatial strategies has failed to take into account the cumulative effects of the different options, which could have a significant bearing on the decision-making process and is contrary to the SEA Regulations.</p>	<p>Disagree. The cumulative effects of the Local Plan are assessed in Section 5.6 of the 2017 and 2018 SA Reports and in accordance with Schedule 2 of the SEA Regulations.</p> <p>Schedule 2 of the SEA Regulations requires the consideration of cumulative, secondary and synergistic effects as part of consideration of likely significant effects; however, it is not explicit that this requirement applies to reasonable alternatives and in consequence, it is considered that such an appraisal is not necessary. Indeed, the hypothetical cumulative effects of various alternative options in combination would be too numerous to be reasonably assessed. Notwithstanding this, in assessing the effects of each alternative Spatial Strategy option, the SA has sought to include the consideration of cumulative effects as far as is possible.</p> <p>No change.</p>

Ref	Consultee	Consultee Response Summary	Response/Action
		<p>States that the assessment of Hammonds Farm has not taken into account information submitted to the Council and therefore misrepresents the likely effects of the alternative spatial strategy, particularly in respect of landscape, flood risk and transport. Considers that the results of the SA are therefore inaccurate.</p> <p>States that when mitigation measures are applied the SA shows that Hammonds Farm performs better than the preferred option.</p>	<p>Comment noted. For the avoidance of doubt, the mitigation measures that the respondent is referring to are the development proposals for Hammonds Farm, which the respondent would like included within the assessment as they contend that this would lead to a more favourable appraisal of Hammonds Farm. It would be inappropriate to accept mitigation proposed by a developer as site submissions received by the Council during the preparation of the Local Plan are accompanied by proposals of differing level of detail and commitment. In addition, there are no certainties that proposals made in regard to mitigation at the site allocation stage will become fact, prior to consideration through the planning application process. To ensure all sites are considered in the same manner, mitigation proposals are therefore excluded from the site appraisal and SHLAA process. However, where factual (baseline) information has been provided by developers, this has informed the SA.</p> <p>No change.</p>
		<p>The SA Appendix identifies the representations made by Terence O'Rourke at the Preferred Options stage, stating:</p> <p><i>"4.17 Instead, the approach taken in the SA has been to select the preferred approach for the spatial strategy and site allocations and then apply mitigation to the preferred strategy through the application of the Local Plan policies and site requirements. By failing to consider the potential mitigation of each of the alternatives in the assessment (e.g. flood risk), the results cannot be relied upon and risk being a misrepresentation of the facts. It is not known how the other options will perform with the addition of mitigation measures. The SA report has failed to show that the potential adverse impacts identified for Hammonds Farm cannot be mitigated."</i></p>	<p>Disagree. The response to Terence O'Rourke's comments made at the Preferred Options stage can be found in Appendix B of the 2018 SA Report.</p> <p>As set out above, the appraisal of the Spatial Strategy option 'Urban Focus with Growth at Hammonds Farm and Key Service Settlement' contained in Appendix F to the 2017 SA Report identifies mitigation measures to be considered should the option be taken forward as a preferred option.</p> <p>For the avoidance of doubt, all of the proposed site allocations and reasonable alternatives including Hammonds Farm have been appraised against the SA objectives that comprise the SA Framework using tailored appraisal criteria and associated thresholds of significance, as per the approach set out in Section 4.3 of the 2018 SA Report. In all instances, the methodology has been applied consistently to all sites and has not taken into account the mitigation that could be provided by the draft Local Plan policies. In this regard, para 4.3.11 of the 2018 SA Report states <i>"It should be noted that the site appraisal does not take into account the provisions of the associated site allocation policies contained in Chapter 7 of the Pre-Submission Local Plan nor the mitigation provided by</i></p>

Ref	Consultee	Consultee Response Summary	Response/Action
			<p><i>the other proposed Local Plan policies contained in the document. This is to ensure that all sites are considered equally."</i></p> <p>Chapter 7 of the Pre-Submission Local Plan includes policies that are area/site specific and which have been appraised separately (see Appendix I of the 2018 SA Report). Those policies that relate to specific site allocations have been assessed by taking forward the findings of the site appraisal (Appendix G) and applying the associated development requirements (as set out in the related policies). This has enabled consideration of the extent to which the policies of Chapter 7 may help to mitigate adverse effects and enhance positive effects associated with the delivery of the proposed site allocations and, subsequently, the identification of where there would be residual significant effects.</p> <p>It is important to recognise that the appraisal presented in Appendix I is of the proposed policies as opposed to a further (re)appraisal of site allocations. The appraisal of these policies has not informed the Council's selection of the proposed site allocations nor have the policies been taken into account in the site appraisal (Appendix G); instead the appraisal is intended to help refine the provisions of the policies. In this context, as Hammonds Farm has not been taken forward by the Council as a proposed site allocation and does not therefore have an associated policy, it is not included within the matrices in Appendix I.</p> <p>No change.</p>
		<p>Considers that the results of the responses to the consultation process are not explained within the SA Report nor how they have been taken into account in the revisions to the Local Plan and SA.</p> <p>Highlights that the SA states: <i>"The Council has had regard to the main issues raised in the responses to the Issues and Options Consultation Document. These are summarised in a feedback report published in June 2016. Although this revealed significant support for a potential new settlement of up to 5,000 new homes at Hammonds Farm, there was also support for discounting a large new settlement. Overall, although this site is available, it is considered to perform less well compared with Location 4 when assessed against the SA objectives (see Appendix G), the preferred Spatial Strategy and the Local Plan evidence base"</i> and considers that the</p>	<p>Disagree. Appendix B to the 2018 SA Report contains a schedule of the consultation responses received to the SA Reports, indicating how (where appropriate) they have been taken into account in the SA process.</p> <p>As noted above, the findings of the SA, alongside the evidence base, other assessments and consultation, have informed the Council's selection and refinement of preferred options for the Local Plan, as detailed in Section 5.3 of the 2017 and 2018 SA Reports.</p> <p>No change.</p>

Ref	Consultee	Consultee Response Summary	Response/Action
		statement is not correct as the results of the SA and the evidence base available do not support the decision taken.	
		<p>Pre-Submission Sustainability Appraisal</p> <p>The respondent identifies a list of what are considered to be the failings of the 2018 SA Report, as follows:</p> <ol style="list-style-type: none"> 1. Failure to show how the findings of consultation undertaken have been considered or influenced the plan's development or the SA. The appendix states: <i>"The SA report fails to include a summary of the consultation responses, particularly from the statutory consultees (Historic England, Natural England, The Environment Agency, Highways England and the neighbouring authorities). The Preferred Options Consultation Feedback report (January 2018) reveals that the majority of respondents (168 out of 238) are opposed to the Preferred Spatial Strategy, yet this is not mentioned within the SA. The SA report has not shown how the consultations have been taken into account in decision-making in accordance with the regulations and guidance (EU Directive 2001/42/EC Article 8)."</i> <p>The SA Appendix states that the SA has made comments against the representations submitted by Terence O'Rourke in Appendix B, but these raise additional issues. In response to the perceived different approach taken between the competing sites and the lack of consideration of the Council's evidence, the respondent notes that SA Report states: <i>"Comment noted. This response principally relates to the Local Plan as opposed to the SA. The Council's response to the main issues raised in comments to the Preferred Options Consultation Document will be included in a separate document which will accompany the next stage of consultation."</i></p> <p>The respondent considers that the response implies that the evidence base has not been used to inform the SA, contrary to the regulations and guidance and that it appears that the SA is testing pre-determined decisions made by the Council rather than testing options and the</p>	<p>Disagree. Appendix B to the 2018 SA Report contains a schedule of the consultation responses received to the SA Reports, indicating how (where appropriate) they have been taken into account in the SA process. Consultation responses have been received from, amongst others: the Environment Agency, Historic England, Natural England, Highways England, Essex County Council and Rochford District Council. The 2018 SA Report references how consultation responses have been taken into account in the development of the plan, and the selection of options (e.g. paragraphs 5.3.53 and paragraphs 5.3.56). In accordance with the SEA regulation 16, at adoption of the Local Plan, a Post Adoption Statement will be prepared that sets out how consultation responses have been taken into account.</p> <p>For clarity, the comment provided by Terence O'Rourke was summarised as: <i>"Considers it extremely disappointing that the scenarios which included Hammonds Farm that were tested through the Chelmsford Strategic Model appear to provide a limited level of the supporting highway infrastructure identified by Hammonds Estates (HEst). It is also considered that the draft Local Plan fails to recognise the substantial sustainability benefits that could be achieved by locating new growth in locations which are close to areas of economic activity and existing or planned transport infrastructure, such as; the City Centre and stations, the Sandon Park and Ride, the A414 corridor, the A12 corridor; and Beaulieu Park Railway Station. This would maximise the use of existing infrastructure and maximise the value of the investment that Chelmsford has already secured."</i></p> <p>The comment is not on the SA and as such a cross reference was provided to where the respondent could find an appropriate response. Notwithstanding this, the SA has been informed by the baseline information presented in Section 3 and the Council's evidence base as well factual (baseline) information provided by developers.</p> <p>The Local Plan itself has been developed alongside a comprehensive process of SA and HRA. This has allowed sustainability issues to be identified and iteratively addressed through each stage of the plan-</p>

Ref	Consultee	Consultee Response Summary	Response/Action
		<p>underpinning evidence to inform the Local Plan and the decision-making process.</p>	<p>making process by the Council. At key stages of plan preparation, changes have been made to address the SA process (see Appendix J of Pre-Submission SA).</p> <p>The SA has informed the selection of plan options by appraising reasonable alternatives in respect of, in particular, different volumes of growth, spatial distributions and site allocations whilst at the same time helping to make the decision-making process more transparent. The SA process has not been used to test pre-determined decisions made by the Council.</p> <p>No change.</p>
		<p>2. Discrepancies in the accuracy of evidence raised at the Preferred Options stage have not been addressed in the Pre-submission SA.</p>	<p>Disagree. The SA has been informed by the most recent and up-to-date information. In this context, over 100 international/European, national, regional/sub-regional and local level plans and programmes have been reviewed and the baseline presented in Section 3 of the 2018 SA Report covering 11 topics was updated to ensure that the information continues to provide an up-to-date evidence base for the SA.</p> <p>It would be inappropriate to accept mitigation proposed by a developer as site submissions received by the Council during the preparation of the Local Plan are accompanied by proposals of differing level of detail and commitment. In addition, there are no certainties that proposals made in regard to mitigation at the site allocation stage will become fact, prior to consideration through the planning application process. To ensure all sites are considered in the same manner, mitigation proposals are therefore excluded from the site appraisal and SHLAA process. However, where factual (baseline) information has been provided by developers, this has informed the SA.</p> <p>No change.</p>
		<p>3. Failure to demonstrate that the SA has been used to test the evidence underpinning the Local Plan. The SA appendix states: <i>"The above statement from Amec demonstrates that an integrated approach to the development of the Local Plan has not been followed. The issues between the Local Plan and SA are intrinsically</i></p>	<p>Comment noted. The NPPG (SA/SEA para 001) states <i>"It [SA] can be used to test the evidence underpinning the plan and help to demonstrate how the tests of soundness have been met"</i>. As noted above, the SA has been informed by the most recent and up-to-date baseline information including the Local Plan evidence base. In this context, the baseline presented in Section 3 of the 2018 SA Report was updated to ensure that</p>

Ref	Consultee	Consultee Response Summary	Response/Action
		<p><i>linked and should inform each other. The evidence should be tested through the SA to identify if the plan will achieve sustainable development. The SA results should then be used to inform the development of the plan."</i></p>	<p>the information continues to provide an up-to-date evidence base for the SA. In this context, it is considered that the evidence base has been considered when undertaking the SA.</p> <p>We would concur that the SA should be undertaken iteratively alongside and informing the development of the Local Plan. For example, a number of measures were identified in the 2017 SA Report that accompanied the Preferred Options Consultation Document concerning recommended changes to the proposed Local Plan policies and the site-specific development requirements. Appendix J to the 2018 SA Report lists the recommendations together with the Council's response.</p> <p>No change.</p>
		<p>4. Selection of the preferred option was made prior to consultation on the two alternative spatial strategies.</p>	<p>Comment noted. This matter primarily relates to the Local Plan as opposed to the SA.</p> <p>A range of alternatives for the Spatial Strategy were considered in the Issues and Options Consultation Document SA Report (October 2015) (the 2015 SA Report). Consideration was explicitly given to the alternative of a large new settlement (with the two candidate locations of Hammonds Farm and Bull's Lodge Quarry Farm) considered. However, at that stage, for the reasons set out in paragraphs 1.4.21 – 1.4.27 of the 2015 SA Report, the alternative was not considered reasonable, suitable or justified.</p> <p>Taking into account representations received to the Issues and Options Consultation Document and the accompanying 2015 SA Report, the Council determined that Hammonds Farm should be considered as a reasonable alternative. To inform the development of the Preferred Options Consultation Document, an alternative spatial strategy including a new settlement at Hammonds Farm, 'Urban Focus with Growth at Hammonds Farm and Key Service Settlements', was therefore appraised and the findings presented in the 2017 SA Report that accompanied the Preferred Option Consultation Document (see Appendix F and Section 5). Hammonds Farm was also assessed at this stage as a possible site allocation (CFS 83 'Land West of the A12 and East of Sandford Mill Road') (see Appendix G).</p>

Ref	Consultee	Consultee Response Summary	Response/Action
			<p>The iterative nature of local plan preparation is such that new reasonable alternatives may be identified throughout the plan development process. Provided these reasonable alternatives are subject to SA, this should not result in a local planning authority having to return to earlier stages of the plan making process.</p> <p>Whilst a Spatial Strategy option including Hammonds Farm was not assessed at the Issues and Options stage, it was subsequently subject to SA at the Preferred Options stage (which itself is not a statutory stage in the local plan process), as part of the iterative plan making process. In this way, the SA helped to inform the Council's decision to take forward the preferred Spatial Strategy.</p> <p>No change.</p>
		<p>5. Failure to consider information provided by the site promoter.</p>	<p>Disagree. Developer supplied information was reviewed in preparing the SA of the Pre-Submission Local Plan and the SA updated where necessary. The mitigation measures that the respondent is referring to are the development proposals for Hammonds Farm, which the respondent would like included within the assessment as they contend that this would lead to a more favourable appraisal of Hammonds Farm. It would be inappropriate to accept mitigation proposed by a developer as site submissions received by the Council during the preparation of the Local Plan are accompanied by proposals of differing level of detail and commitment. In addition, there are no certainties that proposals made in regard to mitigation at the site allocation stage will become fact, prior to consideration through the planning application process. To ensure all sites are considered in the same manner, mitigation proposals are therefore excluded from the site appraisal and SHLAA process. However, where factual (baseline) information has been provided by developers, this has informed the SA.</p> <p>No change.</p>
		<p>6. Cumulative impacts of the alternative spatial strategy have not been considered.</p>	<p>Disagree. The cumulative effects of the Local Plan are assessed in Section 5.6 of the 2017 and 2018 SA Reports and in accordance with Schedule 2 of the SEA Regulations.</p>

Ref	Consultee	Consultee Response Summary	Response/Action
			<p>Schedule 2 of the SEA Regulations requires the consideration of cumulative, secondary and synergistic effects as part of consideration of likely significant effects; however, it is not explicit that this requirement applies to reasonable alternatives and in consequence, it is considered that such an appraisal is not necessary. Indeed, the hypothetical cumulative effects of various alternative options in combination would be too numerous to be reasonably assessed. Notwithstanding this, in assessing the effects of each alternative Spatial Strategy option, the SA has sought to include the consideration of cumulative effects as far as is possible.</p> <p>No change.</p>
		<p>7. Failure to assess the alternative spatial strategy in the same level of detail or to consider mitigation measures of the alternative option.</p>	<p>Disagree. As set out above, the SA has appraised all reasonable alternatives in the same manner, and to the same depth, at both the strategic and site level. In this context, the proposed Hammonds Farm site referred to in this response has been appraised as both an alternative Spatial Strategy option and as an individual site allocation option.</p> <p>The alternative Spatial Strategy options identified for appraisal during the SA process are described in Section 5.3 of the Pre-Submission Local Plan SA Report (January 2018) (the 2018 SA Report) with the reasons for their rejection set out in Appendix F; the options appraised include 'Urban Focus with Growth at Hammonds Farm and Key Service Settlements' which included the proposed Hammonds Farm site. The findings of the appraisal of this option are contained in Appendix F to the Preferred Options Consultation Document SA Report (March 2017) (the 2017 SA Report).</p> <p>The respondent states that the "<i>alternative spatial strategies received very similar scores before mitigation was applied and the reasons for the selection of the Preferred Strategy are not supported by the evidence. A proper comparison of the results cannot be made and the SA is therefore not compliant with the regulations or guidance.</i>" This is incorrect. The approach to assessing the Spatial Strategy options (including the preferred option and reasonable alternatives) identified by the Council has been consistent and has followed the methodology detailed in Section 4.3 of the 2018 SA Report. To confirm, the appraisal of these</p>

Ref	Consultee	Consultee Response Summary	Response/Action
			<p>options, including the preferred Spatial Strategy option, has not taken into account the mitigation provided by the draft Local Plan policies in order to ensure that all options are treated equally. Paras 5.3.59 of the 2017 SA Report state "...there is considered to be greater uncertainty with regard to the deliverability of this alternative ... and, relative to the preferred Spatial Strategy, the potential for significant landscape effects is considered to be greater. Further, as this option would involve the creation of a new settlement that is detached from the existing urban area, accessibility to key services, facilities and employment opportunities would be reduced." Para 5.3.60 concludes "Overall, when compared to the preferred Spatial Strategy, the findings of the SA indicate that this alternative spatial strategy performs less well in terms of its sustainability."</p> <p>Hammonds Farm has also been appraised as a site allocation (CFS 83 'Land West of the A12 and East of Sandford Mill Road'). The full appraisal of this site and the other reasonable alternatives identified by the Council can be found in Appendix G of the 2018 SA Report together with the reasons for the selection of the proposed site allocations and for the rejection of alternatives.</p> <p>All of the proposed site allocations and reasonable alternatives including Hammonds Farm have been appraised against the SA objectives that comprise the SA Framework using tailored appraisal criteria and associated thresholds of significance, as per the approach set out in Section 4.3 of the 2018 SA Report. In all instances, the methodology has been applied consistently to all sites and has not taken into account the mitigation that could be provided by the draft Local Plan policies. In this regard, para 4.3.11 of the 2018 SA Report states "It should be noted that the site appraisal does not take into account the provisions of the associated site allocation policies contained in Chapter 7 of the Pre-Submission Local Plan nor the mitigation provided by the other proposed Local Plan policies contained in the document. This is to ensure that all sites are considered equally."</p> <p>Chapter 7 of the Pre-Submission Local Plan includes policies that are area/site specific and which have been appraised separately to the site allocations (see Appendix I of the 2018 SA Report). Those policies that relate to specific site allocations have been assessed by taking forward the findings of the site appraisal (Appendix G) and applying the</p>

Ref	Consultee	Consultee Response Summary	Response/Action
			<p>associated development requirements (as set out in the related policies). This has enabled consideration of the extent to which the <i>policies</i> of Chapter 7 may help to mitigate adverse effects and enhance positive effects associated with the delivery of the proposed site allocations and, subsequently, the identification of where there would be residual significant effects.</p> <p>It is important to recognise that the appraisal presented in Appendix I is of the proposed Chapter 7 policies as opposed to a further (re)appraisal of site allocations. The appraisal of these policies has not informed the Council's selection of the proposed site allocations nor have the policies been taken into account in the site appraisal (Appendix G). In this context, as Hammonds Farm has not been taken forward by the Council as a site allocation and does not therefore have an associated policy, it is not included within the matrices in Appendix I.</p> <p>No change.</p>
		<p>8. Failure to demonstrate that the SA has informed the development of the local plan.</p>	<p>Disagree. As set out in Section 1.4 of the 2018 SA Report, SA has been undertaken during the key stages of the plan preparation process with the findings presented in a series of interim SA Reports. Initially, the SA considered options concerning the amount and broad location of growth identified in the Issues and Options Consultation Document. These options were assessed and the findings presented in the 2015 SA Report that was issued for consultation alongside that document. The Council's preferred options including proposed site allocations and further reasonable alternatives were then subject to SA with the findings presented in the 2017 SA Report that was published alongside the Preferred Options Consultation Document. The 2018 SA Report considers the effects of the Pre-Submission Local Plan.</p> <p>In this context, the findings of the SA, alongside the evidence base, other assessments and consultation, have informed the Council's selection and refinement of preferred options for the Local Plan, as detailed in Section 5.3 of the 2018 SA Report.</p> <p>Additionally, through the SA process, measures have been identified concerning recommended changes to the proposed Local Plan policies. Appendix J to the 2018 SA Report lists these recommendations together</p>

Ref	Consultee	Consultee Response Summary	Response/Action
			<p>with the Council's response. The appraisal of the Pre-Submission Local Plan has identified further measures to help address potential negative effects and enhance positive effects associated with the implementation of the Local Plan. These measures are highlighted within the detailed appraisal matrices contained at Appendices F, H and I and will be considered by the Council in preparing the final Local Plan.</p> <p>In accordance with the SEA Regulations, the Post Adoption Statement will include details relating to how the SA has informed the Local Plan.</p> <p>Overall, it considered that the SA has fully informed the development of the Local Plan.</p> <p>No change.</p>
		<p>Paragraphs 5.6 to 5.19 of the SA Appendix make the same points again with regards to assessing the developer proposals (referred to as mitigation) and using the SA to test the evidence base, noting that at Preferred Options stage Terence O'Rourke raised a number of concerns with regards to the evidence base. In particular, the viability and deliverability of the North East Chelmsford Bypass, the accuracy of the Landscape Sensitivity and Capacity Assessment and the proposed mitigation measures to address flood risk.</p>	<p>With regards to incorporating the development proposals, please refer to the response on 'Equal Treatment of Reasonable Alternatives' above.</p> <p>As noted above, the NPPG (SA/SEA para 001) states "<i>It [SA] can be used to test the evidence underpinning the plan and help to demonstrate how the tests of soundness have been met</i>". As noted above, the SA has been informed by the most recent and up-to-date baseline information including the Local Plan evidence base. In this context, the baseline presented in Section 3 of the 2018 SA Report was updated to ensure that the information continues to provide an up-to-date evidence base for the SA. In this context, it is considered that the evidence base have been considered when undertaking the SA.</p> <p>No change.</p>
PS SA1	Mr Stephen Parker	<p>Objects to the proposals affecting Writtle on grounds of traffic congestion, loss of habitat for local wildlife, parking and the merging of Writtle into westlands and the City Centre. States that traffic is almost at a standstill at the moment and another 2,000 houses will bring the City to a stop.</p>	<p>Comment noted. This response principally relates to the Local Plan as opposed to the SA. The Council's response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the submission of the Local Plan.</p> <p>No change.</p>

Ref	Consultee	Consultee Response Summary	Response/Action
PS SA2	Mr Derek Cooley	Raises concern with regard to the dividing of the town (Writtle Parish); states that it is better to develop between the A414 and current village.	<p>Comment noted. This response principally relates to the Local Plan as opposed to the SA. The Council's response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the submission of the Local Plan.</p> <p>No change.</p>
PS SA3	Mrs F L Emmett	States that South Woodham Ferrers is positioned in the bottom of the Crouch Valle and that frequent tidal surges can cause serious flooding, protected only by man-made sea walls. Considers that any further large scale development, on land north of the B1012 would exacerbate an already serious local flood risk problem that exists today.	<p>Comment noted. Effects in respect of flood risk have been identified and assessed within the SA on a site-by-site basis based on the latest flood risk mapping provided by the Environment Agency (see Appendix G). In this regard, North of South Woodham Ferrers has been assessed as having a significant negative effect on flood risk. However, the SA Report highlights (at Appendix I) that the associated site allocation policy requires the use of flood mitigation measures which should help minimise flood risk.</p> <p>No change.</p>
PS SA4	Mr Michael Benning	States that the SA Report includes policies which are purely speculative and based upon the supposition that proposals would improve the infrastructure to cope with the increase.	<p>Comment noted. The draft Local Plan policies seek to ensure that appropriate infrastructure is provided in support of new development and which has been reflected in the SA.</p> <p>No change.</p>
PS SA5	Mrs Linda Morgan	States that infrastructure is not capable of accommodating the kind of development proposed especially when taken into account Tabrums Farm. Raised concern for lack of a crossing from the town centre to health facilities, lack of public transport, flood risk and lack of school funding.	<p>Comment noted. The SA has noted the potential adverse effect on infrastructure associated with strategic-scale development in this area, primarily adverse highway impacts and as result of additional congestion.</p> <p>The SA has also identified a broad range of services and facilities in close proximity to Location 7: North of South Woodham Ferrers. Policy SGS 7, meanwhile, includes requirements for additional infrastructure, including a potential new primary school, health centre and improvements to transport infrastructure including public transport. This is expected to help mitigate any adverse effects associated with this site.</p> <p>No change.</p>

Ref	Consultee	Consultee Response Summary	Response/Action
PS SA6	Mrs Linda Morgan	States that infrastructure does not exist for any development in South Woodham Ferrers of the size proposed. Highlights that there is overwhelming support for no further development in the town or surrounding area.	<p>Comment noted. The SA has identified a broad range of services and facilities in close proximity to Location 7: North of South Woodham Ferrers. Policy SGS 7 also includes a requirement for additional infrastructure, including a new primary school, health centre and improvements to transport infrastructure including public transport.</p> <p>The SA has noted the potential adverse effect on infrastructure associated with strategic-scale development in this area, primarily adverse highway impacts and as result of additional congestion.</p> <p>Reference should also be made to the Chelmsford Infrastructure Delivery Plan (January 2018) for further details.</p> <p>No change.</p>
PS SA7	Dr Reza Hossain	Highlights that the Council states that it wishes to reduce greenhouse gas emissions and congestion but this will be very difficult in the centre of Chelmsford. States that Perth imposed very high car parking charges in the centre of Perth. People who resided in the centre of Perth didn't have to pay the charge, but anyone coming to work or shop or visit had very high car parking charges. Would like to encourage to try to use a Perth model of transportation to really reduce congestion, and increase public transport and cycling/walking.	<p>Comment noted. This response principally relates to the Local Plan as opposed to the SA. The Council's response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the submission of the Local Plan.</p> <p>No change.</p>
PS SA8	Mr William Adshead-Grant (Great Waltham Parish Council)	Identifies that measures to provide sustainable non-car transportation are assumed in the Local Plan to reduce the road infrastructure needed for the planned developments in the growth areas. The adequacy of the road infrastructure as planned will depend on achieving these reductions.	<p>Comment noted. This response principally relates to the Local Plan as opposed to the SA. The Council's response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the submission of the Local Plan.</p> <p>No change.</p>
PS SA9	Mr Keith Francis	Feels that the Local Plan will fail to satisfy an overall Sustainability Appraisal test that is vital for the future of the plan area and the regional context in which it is situated.	<p>Comment noted. The SA Report, which has been prepared in accordance with the SEA regulations, concludes (Section 6.1) that: <i>"the majority of the SA objectives will experience positive effects as a result of the implementation of the policies and proposals contained in the Pre-Submission Local Plan. Whilst negative effects have also been identified against many of the SA objectives, particularly associated with proposed site allocations, the Pre-Submission Local Plan includes policies which seek</i></p>

Ref	Consultee	Consultee Response Summary	Response/Action
			<p><i>to manage these effects such that significant adverse effects will be largely avoided. Reasonable alternatives, in terms of development requirements, the Spatial Strategy and site allocations, have been considered as part of the SA of the Pre-Submission Local Plan and earlier plan development stages. The appraisal of these alternatives has demonstrated that, overall, the proposals of the Pre-Submission Local Plan perform similar to, or better than, the alternatives considered when assessed against the SA objectives."</i></p> <p>No change.</p>
PS SA 10	Mrs Carol McMaster	Suggests that development in South Woodham Ferrers will have a negative effect on biodiversity. States that the proposed site allocation will not integrate sustainably and raises concern for parking provision, GP/healthcare provision, lack of public transport, regeneration and flooding.	<p>Comment noted. With regard to North of South Woodham Ferrers, the SA (at Appendix G) has identified the potential for a significant adverse effect on biodiversity based on the site's proximity to sites designated for nature conservation; however, the associated draft Local Plan policy (Policy SGS7) includes a specific requirement relating to the mitigation of potential impacts on biodiversity, including landscape buffers to the development edges and Local Wildlife sites. The policy also requires the provision of and/or financial contributions towards, recreation disturbance avoidance and mitigation measures for European designated sites including the Crouch Estuary. These measures are expected to minimise the risk of significant negative effect on biodiversity.</p> <p>The SA has demonstrated that the site benefits from good accessibility to public transport and key services and facilities. Further, Policy SGS 7 identifies additional infrastructure to be provided on site including a new primary school, health centre and improvements to transport infrastructure including public transport.</p> <p>No change.</p>
PS SA 11	Mr Matthew Winslow, Basildon Borough Council	No comment.	Noted.
PS SA12	Mr Steve Rogers, Castle Point Council	No comment.	Noted.

Ref	Consultee	Consultee Response Summary	Response/Action
PS SA13	Mrs Mary Dove	With regard to Site 6: Broomfield, states that traffic will increase as a result of people travelling to Broomfield School and the station. Considers that Hammonds Farm is a better alternative as infrastructure (the A12) is already in place and that it is preferential to have a “big build” in one place rather than causing congestion in Chelmsford where there is no infrastructure and no space for improvement.	<p>Comment noted. This response principally relates to the Local Plan as opposed to the SA. The Council’s response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the submission of the Local Plan.</p> <p>The findings of the SA indicate that there is considered to be greater uncertainty with regard to the deliverability of the Hammonds Farm alternative (related to the transportation infrastructure requirements necessary to bring forward a new settlement at Hammonds Farm and to ensure connectivity with the Chelmsford Urban Area) but does highlight that a new settlement would present an opportunity to deliver a new sustainable neighbourhood which could help to offset adverse effects in this regard and deliver some sustainability benefits (such as reduce traffic in the Chelmsford Urban Area). Overall, when compared to the preferred Spatial Strategy, the findings of the SA indicate that this alternative spatial strategy performs less well in terms of its sustainability.</p> <p>The specific reasons for the selection of Broomfield and for the rejection of Hammonds Farm are set out in Appendix G of the SA Report. This includes capacity issues on the A12</p> <p>No change.</p>
PS SA14	Mr Peter Wyatt	With regard to North of South Woodham Ferrers, states that the Local Plan is not sustainable. Considers that there is no guarantee of any significant infrastructure to support the number of houses that are proposed. Highlights that the new development will be separated from the town of South Woodham Ferrers and that the road will need to be crossed by children attending the school. States that there is a lack of public transport with no improvements and that fluvial flooding and sewerage leakage in parts of the town have not been investigated.	<p>Comment noted. This response principally relates to the Local Plan as opposed to the SA. The Council’s response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the submission of the Local Plan.</p> <p>With regard to North of South Woodham Ferrers, the SA Report (at Appendix G) has demonstrated that the site benefits from good accessibility to public transport and key services and facilities. Further, Policy SGS 7 identifies additional infrastructure to be provided on site including a potential new primary school, health centre and improvements to transport infrastructure including public transport. With regard to flood risk, the site has been assessed as having a significant negative effect. However, the SA Report highlights (at</p>

Ref	Consultee	Consultee Response Summary	Response/Action
			<p>Appendix I) that the associated site allocation policy requires the use of flood mitigation measures which should help minimise flood risk.</p> <p>No change.</p>
PS SA15	Mr Paul Grundy	See response of the North West Parishes Group.	Comment noted. See responses to PS SA45 – PS SA49 .
PS SA16	Dr Simon Heffer	Identifies that development at Moulsham Hall is separated from Great Leighs Village. States that there will be effects on the environment, ecology and heritage and impact on landscape, economy, ancient parkland and wildlife habitat. Considers that the site is detached from a local village, and removed from established amenities and that traffic congestion on by-pass will be an issue. States that Hammonds Farm should be developed as an alternative.	<p>Comment noted. This response principally relates to the Local Plan as opposed to the SA. The Council's response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the submission of the Local Plan.</p> <p>The anticipated effects of development at Moulsham Hall have been assessed within the SA (see Appendix G) and adverse impacts have been identified, including in respect of biodiversity, landscape, transport and heritage.</p> <p>The findings of the SA indicate that there is considered to be greater uncertainty with regard to the deliverability of the Hammonds Farm alternative (related to the transportation infrastructure requirements necessary to bring forward a new settlement at Hammonds Farm and to ensure connectivity with the Chelmsford Urban Area). The specific reasons for the selection of Moulsham Hall and for the rejection of Hammonds Farm are set out in Appendix G of the SA Report.</p> <p>No change.</p>
PS SA17	Ms Angela Thompson	States that greenfield land lost to development should be of Grade 4 and 5 agricultural land quality and not Grade 2.	<p>Comment noted. This response principally relates to the Local Plan as opposed to the SA. The Council's response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the submission of the Local Plan.</p> <p>No change.</p>

Ref	Consultee	Consultee Response Summary	Response/Action
PS SA18	Mrs Gillian Ketland	States that development of North of South Woodham Ferrers would result in urban sprawl and divide the community. Considers that proposed infrastructure does not meet or support the need of the Local Plan and highlights that there are no proposed improvements to existing rail service. Does not consider that the impact of the proposals on the environment and quality of life of residents has been taken into account.	<p>Disagree. This response principally relates to the Local Plan as opposed to the SA. The Council's response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the submission of the Local Plan.</p> <p>The SA has, however, appraised the social, economic and environmental effects of the Pre-Submission Local Plan in accordance with the approach set out in Section 4 of the SA Report. This has included an assessment of the proposed development of North of South Woodham Ferrers (see, for example, Section 5.4 and Appendix G of the SA Report).</p> <p>With regards to infrastructure, reference should be made to the Chelmsford Infrastructure Delivery Plan (January 2018) for further details.</p> <p>No change.</p>
PS SA19	Mr Daniel Goodman, Rochford District Council	No comment.	Noted.
PS SA20	Tayler Wimpey Strategic Land	<p>Considers that the Spatial Strategy underestimates the Local Plan's housing needs and the ability of the draft Plan's allocated brownfield sites to meet that need over the plan period. States that the plan does not therefore recognise that there are exceptional circumstances which require the amendment of Green Belt boundaries to accommodate the Local Plan's housing needs - including the allocation of a sustainable urban extension to the south of the Chelmsford at land to the south of Galleywood Road would help meet that need.</p> <p>States that Table NT3 'housing spatial strategy' does not, therefore have a significant positive affect on SA Objective 2 (housing) and should be amended to a significant negative effect. Also considers that the Spatial Strategy is not justified as the Council has failed to adequately consider alternatives to the preferred strategy and that the plan is not positively prepared because it fails to adequately assess both housing need and infrastructure needs to implement its strategy.</p>	<p>Disagree. National planning policy is clear that Green Belts should be protected. The protection of the Green Belt from inappropriate development is an important national and local principle. The Local Plan evidence base supports the principle that Chelmsford's strategic housing and employment development needs can be clearly accommodated without encroaching into the Green Belt. Therefore, no areas of search within the Green Belt are being put forward by the Council as Spatial Options in the new Local Plan.</p> <p>As set out in Section 5.3 of the SA Report, "<i>The provision of 21,893 dwellings over the plan period would meet and exceed the City Area's objectively assessed housing need of 805 net new homes per-year, as identified in the Objectively Assessed Housing Needs (OAHN) Study (2016). This housing requirement includes an uplift from the demographic start to cover projections for future jobs, past delivery and market signals together with close to a further 20% supply capacity, all of which equates to a total requirement of 952 dwellings per annum. The development requirements are in accordance with the recommendations of the OAHN Study, which</i></p>

Ref	Consultee	Consultee Response Summary	Response/Action
			<p><i>states that an uplift is needed to respond to issues related to the past provision of homes and to address 'market signals,' including London-related migration needs. The development requirements are also expected to help provide a degree of flexibility by ensuring choice and competition in the market by increasing the supply of housing land, which is consistent with the NPPF's direction that local planning authorities should seek to boost significantly the supply of housing (see para 47) and the broad aim of the Housing White Paper (2017)."</i> In this context, the findings of the SA in terms of the significant positive effects of the Spatial Strategy on housing are considered to be appropriate.</p> <p>The comment relating to the soundness of the Local Plan principally relates to the Local Plan as opposed to the SA. The Council's response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the submission of the Local Plan.</p> <p>No change.</p>
PS SA21	Tayler Wimpey Strategic Land	Repeats PS SA20 above. Additionally highlights that national policy sets out that there is no need to include land in the Green Belt which is unnecessary to keep permanently open and that, where necessary, local planning authorities should identify in their plans areas of safeguarded land between the urban area and the Green Belt.	<p>Comment noted. This response principally relates to the Local Plan as opposed to the SA. The Council's response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the submission of the Local Plan.</p> <p>No change.</p>
PS SA22	Tayler Wimpey Strategic Land	Repeats PS SA21 .	Please see responses to PS SA20 and PS SA21 .
PS SA23	Tayler Wimpey Strategic Land	Repeats PS SA21 .	Please see responses to PS SA20 and PS SA21 .
PS SA24	Tayler Wimpey Strategic Land	Repeats PS SA21 .	Please see responses to PS SA20 and PS SA21 .

Ref	Consultee	Consultee Response Summary	Response/Action
PS SA26	Mr Peter Marriage	States that the housing allocation (North of Broomfield) has been cut but the boundary of the village envelope has not been reduced accordingly. Considers that this should be reduced from the west to the line shown for the new hospital approach road to avoid damage to the very important landscape / Pleshey Plateau to the west.	<p>Comment noted. This response principally relates to the Local Plan as opposed to the SA. The Council's response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the submission of the Local Plan.</p> <p>No change.</p>
PS SA27	Ms N Pippen	With regard to West Chelmsford, does not consider that the effects on traffic volume and the assumption that residents will follow transport plans not personal cars are realistic. Also raises concern about the lack of secondary school plans in Writtle.	<p>Comment noted. This response principally relates to the Local Plan as opposed to the SA. The Council's response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the submission of the Local Plan.</p> <p>No change.</p>
PS SA28	Mrs Sarah Clark	<p>Notes that the SA under the 2004 Act has been designed to incorporate the full requirements of European Directive 2001/42/EC on the 'assessment of the effects of certain plans and programmes on the environment' and in particular to provide a summary of assessment against objectives, covering alternatives and secondary/cumulative effects.</p> <p>States that there has been no Local Plan provision option that is alternative to pro-growth and the SA is therefore not legally compliant.</p>	<p>Disagree. The SEA Directive and transposing regulations require the assessment of 'reasonable alternatives'. The NPPF requires that local plans include strategic policies to deliver (inter alia) the homes and jobs needed in the area. In this context, to be considered 'sound' the NPPF sets out (at para 182) that local plans "<i>should be prepared based on a strategy which seeks to meet objectively assessed development and infrastructure requirements</i>". In consequence, an alternative 'no growth' option is not considered to be a reasonable alternative and has therefore not be subject to appraisal as part of the SA process.</p> <p>No change</p>
PS SA29	Mrs Sarah Clark	States that the Local Plan plan is contrary to NPPF para 14. Considers that the B1008 cannot accommodate the population growth and the SA Report uses inaccurate population data to make predictions of road capacity which invalids Broomfield as an option.	<p>Disagree. The population data cited in Section 3.4 of the January 2018 SA Report was the latest data available from the Office for National Statistics at the time of publication. The SA has also been informed by traffic modelling prepared in support of the Local Plan.</p> <p>With regards to road infrastructure capacity, reference should be made to the Chelmsford Infrastructure Delivery Plan (January 2018) for further details.</p> <p>No change.</p>

Ref	Consultee	Consultee Response Summary	Response/Action
PS SA30	Mrs Karen Hawkes, South Woodham Ferrers Town Council	States that the entry for Strategic Growth Site 7 in Appendix G under PF36 should be re-worded.	Comment noted. No reasoning has been given for a change of wording, so no change will be made.
PS SA32	Mr John Whitlock	Identifies that the SA Report (at 5.3.13) refers to the earlier SA iteration at the Issues and Options stage, and whilst the then housing targets of Option 2 – 775 dwelling per annum and Option 3 – 930 dwellings per annum can be expected to offer the greatest benefits in terms of housing delivery and economic growth, the lower two option (Options 1 – 657 dwelling per annum and Option 2 – 775 per annum) are preferable in terms of lower negative effects across a number of environmental SA objectives.	Comment noted. No change.
PS SA33	Mr Michael Petty	States that the development of the Warren Farm site will generate pollution, noise and traffic congestion issues.	Comment noted. Effects on air quality, noise and congestion associated with this allocation have been considered in the site appraisal contained in Appendix G of the SA Report. In this regard, a significant negative effect has been identified in respect of transport; however, the Pre-Submission Local Plan requires measures to enable travel by sustainable modes and improvements to the local and strategic road network which are expected to help mitigate these effects. No change.
PS SA34	Sarah Grimes, Burnham-on-Crouch Town Council	States that the rail section of the SA Report does not cover the finite sustainable capacity of CVL Railway.	Comment noted. The SA has considered the accessibility of the rail network in appraising proposed site allocations, in accordance with the SA Framework and site appraisal criteria set out in Section 4 and Appendix G of the SA Report. For further details of forthcoming rail upgrades, reference should be made to the Chelmsford Infrastructure Delivery Plan (January 2018). No change.
PS SA35	Miss Jessica Davis	Raises concern with regard to traffic impacts along Roxwell Road and whether new services will be provided, when services are currently being cut.	Comment noted. This response principally relates to the Local Plan as opposed to the SA. The Council's response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the submission of the Local Plan.

Ref	Consultee	Consultee Response Summary	Response/Action
			<p>With regards to road infrastructure capacity, reference should be made to the Chelmsford Infrastructure Delivery Plan (January 2018) for further details.</p> <p>No change.</p>
PS SA36	Mrs Teresa Gibson	Agrees with the proposed cycling route from City Centre to Great Waltham. However, raises concern about the traffic impact on Main Road and states that the proposed 450 dwellings in Broomfield should not be increased.	<p>Comment noted. This response principally relates to the Local Plan as opposed to the SA. The Council's response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the submission of the Local Plan.</p> <p>With regards to road infrastructure capacity, reference should be made to the Chelmsford Infrastructure Delivery Plan (January 2018) for further details.</p> <p>No change.</p>
PS SA37	Mr Phil Bamford, Gladman Developments Ltd	States that the Council should ensure that the results of the SA process clearly justify its policy choices. In meeting the development needs of the area, it should be clear from the results of the assessment why some policy options have been progressed and others have been rejected.	Agreed. The SA has been undertaken iteratively alongside and informing the development of the Local Plan. The reasons for the selection of the preferred options and for the rejection of alternatives are set out in Section 5.3 of the SA Report.
PS SA38	Mr Richard Kelly, Croudace Homes	<p>States that the Local Plan is not legally compliant because an adequate SA has not been prepared to assess the proposed Spatial Strategy against the other "reasonable alternatives".</p> <p>Notes that the SA Report confirms at page B79 that the land to the north and east of Rettendon Place (i.e. site reference 15SLAA40) "has not been subject to assessment as part of the SA process" and that as "Spatial Strategy Options 2 and 3 have not been progressed, this site would not be consistent with the Preferred Spatial Strategy, and, therefore, is not considered to be a reasonable alternative for the purposes of the SA." States that this approach is flawed as the Council has selected its preferred Spatial Strategy first and then discounted sites (without assessment in the SA) for not complying with that strategy.</p>	<p>Comment noted. The decision to progress Spatial Strategy Option 1 reflects the objective to focus development within the top two tiers of the settlement hierarchy.</p> <p>Site 15SLAA40 has not been subject to assessment as part of the SA process. As Spatial Strategy Options 2 and 3 have not been progressed, this site would not be consistent with the Preferred Spatial Strategy and, therefore, is not considered to be a reasonable alternative for the purposes of the SA.</p> <p>No change.</p>

Ref	Consultee	Consultee Response Summary	Response/Action
		<p>Considers that the SA's reasoning that the land at Rettendon Place is not a "reasonable alternative" is wrong and highlights that this site was included in two of the three Spatial Options at the Issues & Options stage and that the land to the north and east of Rettendon Place must therefore be a realistic option considered by the plan-maker (and therefore a reasonable alternative), otherwise why was it included in two of the three Spatial Options at the Issues & Options stage.</p>	
PS SA39	Stonebound Properties Ltd	<p>Requests that promoted site (CFS154) Land to the South of Brooklands should be considered as a reasonable alternative in the SA.</p>	<p>Agreed. CFS154 has been assessed as a reasonable alternative. Please refer to Section 3.4 of the SA Addendum.</p>
PS SA40	Tritton Family Trust	<p>Considers that site SGS5A Great Leighs - Land at Moulsham Hall fails to conform with the priorities, vision, principles and strategy stated, citing landscape and accessibility concerns. With regards to G40 - Great Leighs - 17SLAA21, 17SLAA22, 17SLAA23, 17SLAA24, 17SLAA26, considers the rationale made for rejection of these sites to be significantly flawed. States that they are in close proximity to the existing village centre of Great Leighs, are on the eastern side of the by-pass and comply better with the Spatial Principles and Spatial Strategy. Also states that these sites are better located from a landscape perspective.</p> <p>States that no assessment appears to have been made of the supporting information on ecology, landscaping and transport matters submitted as part of the development of these sites. No consideration has been given to the fact that these sites plan for an extension along the principles of a Garden village i.e. with a new primary school, neighbourhood facilities and new spine road to Boreham Road and the village.</p>	<p>Comment noted. This response principally relates to the Local Plan and supporting evidence base as opposed to the SA. The Council's response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the submission of the Local Plan. The reasons for the selection and rejection of these sites in set out in Appendix G of the SA Report.</p> <p>Developer supplied information was reviewed in preparing the SA of the Pre-Submission Local Plan and the SA updated where necessary.</p> <p>All of the proposed site allocations and reasonable alternatives have been appraised against the SA objectives that comprise the SA Framework using tailored appraisal criteria and associated thresholds of significance, as per the approach set out in Section 4.3 of the 2018 SA Report. In all instances, the methodology has been applied consistently to all sites. It would be inappropriate to accept mitigation proposed by a developer as site submissions received by the Council during the preparation of the Local Plan are accompanied by proposals of differing level of detail and commitment. In addition, there are no certainties that proposals made in regard to mitigation at the site allocation stage will become fact, prior to consideration through the planning application process. To ensure all sites are considered in the same manner, mitigation proposals are therefore excluded from the site appraisal and SHLAA process. However, where factual (baseline) information has been provided by developers, this has informed the SA.</p>

Ref	Consultee	Consultee Response Summary	Response/Action
			No change.
PS SA41	Mr Edward Baldock	Is astonished that the Local Plan fails to consider the effects of the increasing use of electrically powered vehicles and driverless vehicles.	<p>Comment noted. This response principally relates to the Local Plan as opposed to the SA. The Council's response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the submission of the Local Plan.</p> <p>No change.</p>
PS SA42	Mrs Mary Rance	States that site CFS81 (17SLAA32) is partly a brownfield site and its location, in close proximity to Boreham, does not constitute isolated development in the countryside. States that it is perfectly feasible to walk or cycle into the village from the site along a very short stretch of road which mainly encompasses the bridge over the A12 trunk road and that the site is as close as many of the other residential properties within the village to the services of the village and public transport. Considers that for the Specialist Residential Accommodation use, the site location is absolutely appropriate, it will make best use of a brownfield site and will provide a sustainable form of development meeting a dire, identified need.	<p>Comment noted. This response principally relates to the Local Plan as opposed to the SA. The Council's response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the submission of the Local Plan.</p> <p>The SA identified the potential for a minor negative effects on the local landscape, noting that the site is partially brownfield and that there is the potential for development to be in keeping with the local landscape. Access is also scored as a minor negative, noting the site's close proximity to a bus stop and that whilst Waltham Lane is a narrow road, there is the potential for limited scale development.</p> <p>No change.</p>
PS SA43	Seven Capital Plc	<p>States that in light of the transitional arrangements and the timescale for submission of the Local Plan for examination, the emerging Local Plan should be employing the Government's standard methodology for housing targets/requirements across the plan period, with any departure fully insisted, in accordance with Paragraph 61 of the draft NPPF. States that this hasn't been considered as part of the SA.</p> <p>Also states that the Council has failed to consider all reasonable alternatives for the delivery of housing as the housing requirement for Eastwood House Car Park should be stated as a minimum.</p>	<p>The approach used to calculate the OAN is a matter for the Local Plan. The Council's response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the Submission Local Plan.</p> <p>All sites within the SA are assessed on the basis of an estimated capacity. In the case of Eastwood House (Car Park) Glebe Road, the site has been assessed as having capacity for 100 dwellings, scoring a significant positive against SA Objective 2. If the wording were amended to reflect a minimum housing level, this would not materially affect the performance</p>

Ref	Consultee	Consultee Response Summary	Response/Action
			of the site for the purposes of the SA as a significant positive effect has already been identified. No change.
PS SA44	Katie Parsons, Historic England	Identifies that Historic England has published guidance which may be helpful. States that the SA objectives and guide questions that comprise the SA Framework are generally appropriate and welcome particularly SA Objectives 13 and 14. States that the key sustainability issues relating SA Objective 13 outlined on page 65 of the SA Report are appropriate and reasonable.	Comments noted.
PS SA45	Lynn Ballard, North West Parishes Group	Notes that the SA identifies that greenfield land will be required to accommodate strategic growth sites and that this will have an overall negative impact on the land/landscape/townscape. States that this is particularly relevant to the proposed extension of West Chelmsford (SGS2). Also notes that a negative effect on waste and resources has been identified due to the location of the site being within a Minerals Safeguarding Area. Considers that there are significant impacts on landscape and environment as a result of the proposed development, which will also have significant challenges in terms of infrastructure delivery and sustainable travel. States that there are not adequate mitigation measures secured in the planning policy to address these considerations and as such, if the Plan had been justified in giving adequate consideration to alternative sites for development, the relative impacts of this site would have been suitably considered. Contents that it is therefore the case that alternative sites, where these are located close to existing infrastructure and in locations better able to accommodate additional growth in a sustainable manner, would be more suitable for this growth than the extension to the West of Chelmsford.	Comment noted. This response principally relates to the Local Plan as opposed to the SA. The Council's response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the submission of the Local Plan. No change.
PS SA46	Lynn Ballard, North West Parishes Group	Has concerns relating to the loss of higher grade agricultural land over Green Belt land, Green Wedge and Green Corridors and states that the Council should have undertaken a Green Belt review. Considers that without mitigation, the impact of the proposed growth could place	Comment noted. This response principally relates to the Local Plan as opposed to the SA. The Council's response to the main issues raised in comments to the Pre-Submission Consultation Document will be

Ref	Consultee	Consultee Response Summary	Response/Action
		<p>pressure on key services and facilities.</p> <p>Notes that effects identified in the SA are deemed to be minimised through the characteristics of individual sites and also the delivery of development in/adjacent to urban areas and Key Service Settlements, which have greater capacity in terms of their sustainability to receive growth. Considers that there is inconsistency in the definition of these Key Service Settlements; although they are treated similarly in terms of the amount of development they should or could accommodate, the settlements themselves considerably vary in terms of the existing scale and facilities, therefore the increase in growth is not of the same or comparable impact.</p> <p>Also raises concerns regarding adverse effects on the environment and whether these can be mitigated as implied by the SA.</p> <p>Questions whether the level of housing is right and the extent to which this will need to be altered again in the context of a change in the means of calculation of housing figures.</p>	<p>included in a separate document which will accompany the submission of the Local Plan.</p> <p>No change.</p>
PS SA47	Lynn Ballard, North West Parishes Group	<p>Raises concern with regard to development of North East Chelmsford (SGS4) in terms of the scale and nature of development and the delivery challenges of this, the sustainability impacts of the development (as the site is located within a Minerals Safeguarding Area) and impact on cultural heritage. States that there are considerable impacts as a result of this proposed development, which are not reflected in the Local Plan.</p> <p>States that significant risks in terms of the delivery of this site and the associated required infrastructure are not fully reflected in this SA.</p>	<p>Disagree. The appraisal of this site presented in Appendix G to the SA Report has identified a range of potential effects associated with this proposed site allocation.</p> <p>The Council is confident that the allocated site can be delivered at an appropriate point within the plan period having regard to the likely planning impacts. Policy SGS 4, meanwhile, includes requirements for appropriate re-phasing of minerals extraction and restoration and Minerals Resource Assessment and measures to mitigate the impact of the development.</p> <p>No change.</p>
PS SA48	Lynn Ballard, North West Parishes Group	<p>Suggests that development at Hammonds Farm (and other sites) could be in addition to that at North East Chelmsford (rather than instead of) to spread the burden of growth.</p> <p>States that Hammonds Farm is close to the proposed train station and this fact has not been adequately reflected in terms of sustainability.</p>	<p>Disagree. The proximity of the Hammonds Farm site to existing and proposed infrastructure was considered in the appraisal of the associated spatial strategy option (see Appendix F of the 2017 SA Report). At Appendix F of the 2018 SA Report it states: <i>"A large development at Hammonds Farm would also be expected to significantly increase the use of the city centre rail station, which is already close to capacity, more so</i></p>

Ref	Consultee	Consultee Response Summary	Response/Action
		<p>Also highlights that the evidence provided by the promoters of this site deems the A12 to have capacity to accommodate development.</p> <p>Objects to the rejection of the Hammonds Farm site, particularly in light of the consultation responses received in support of its development.</p>	<p><i>than the site in NE Chelmsford which will be in close proximity to the proposed station at Beaulieu Park and will be connected into the walking and cycling routes serving the new NE Chelmsford neighbourhood."</i></p> <p>The reasons for rejection of Hammonds Farm are set out in Appendix F and Appendix G of the SA Report. This includes greater uncertainty with regard to the deliverability of the Hammonds Farm alternative (related to, inter alia, the transportation infrastructure requirements necessary to bring forward a new settlement at Hammonds Farm and to ensure connectivity with the Chelmsford Urban Area).</p> <p>No change.</p>
PS SA49	Lynn Ballard, North West Parishes Group	Opposes the reasons for Hammonds Farm being rejected as a site allocation. States that the site should be reconsidered as a sustainable location for growth which would reflect the wider aspirations of the Local Plan.	<p>Comment noted. This response principally relates to the Local Plan as opposed to the SA. The Council's response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the submission of the Local Plan.</p> <p>No change.</p>
PS SA50	Eastern Approach Investments Ltd	Requests that site CFS137 should be assessed as a reasonable alternative for employment within the SA.	<p>Disagree. CFS137 is not considered a reasonable alternative as the developable area is within the Green Belt.</p> <p>No change.</p>
PS SA51	North West Chelmsford Community Group	States that the data the GTAA 2016 is based upon fails to demonstrate up to date cross-authority target setting. Contends that the data and the report cannot be fully relied upon.	<p>Comment noted. This response principally relates to the Local Plan as opposed to the SA. The Council's response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the submission of the Local Plan.</p> <p>No change.</p>
PS SA52	North West Chelmsford Community Group	Repeats PS SA51 .	Please see responses to PS SA51 .

Ref	Consultee	Consultee Response Summary	Response/Action
PS SA53	Bellway Homes	<p>Considers that the rationale for the selection of Growth Site 5a is unsupported and inaccurate. Considers that this site does not conform or align well with the Strategic Priorities, Vision, Spatial Principles and Spatial Strategy, that is divorced from the settlement and that development will require additional vehicle/pedestrian connections.</p> <p>Disagrees with the findings of the SA which considers that there are no overriding physical constraints to bringing forward the allocation in this location. States that the site is divorced from the settlement, severed by the A131 and that delivering a new housing development in this location will require the creation of a number of pedestrian, cycle and vehicular connections across the A131 into the village to encourage community cohesion.</p>	<p>Comment noted. This response principally relates to the Local Plan as opposed to the SA. The Council's response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the submission of the Local Plan.</p> <p>The Council is, however, confident that the allocated site can be delivered at an appropriate point within the plan period having regard to the likely planning impacts. Policy SGS 5a, meanwhile, recognises that good connections exist between the site and the existing village of Great Leighs e.g. via a pedestrian/cycle footbridge and underpass and that these should be utilised and improved by the new development.</p> <p>No change.</p>
PS SA54	Bellway Homes	<p>Contests the conclusion to reject CFS120. States that CFS120 is situated immediately adjacent the Great Leighs settlement boundary, within walking distance from two bus routes, village services such as the shop, post office and playing fields and immediately adjacent to the primary school. Considers that site CFS120 is better located than the preferred sites within Great Leighs.</p> <p>Notes that the SA considers Site CFS120 to be adjacent to areas considered to be of high landscape sensitivity, when compared to sites 5b and 5c. States that the conclusion makes no reference to Site 5a. Referring to the Council's Landscape Sensitivity and Capacity Assessment – Additional Site Assessments (November 2017) Figure 3.2 it is apparent that Site 5a, a preferred location for development in the Local Plan, lies immediately adjacent a landscape of high sensitivity. In addition to this Site 5a appears to encompass parcels of high landscape sensitivity, where site CFS120 does not.</p> <p>Considers that it is therefore unclear how the Council reached its conclusion without recognising the possible landscape impact of Site 5a.</p>	<p>Comment noted. This response principally relates to the Local Plan and supporting evidence base as opposed to the SA. The Council's response to the main issues raised in comments to the Pre-Submission Consultation Document will be included in a separate document which will accompany the submission of the Local Plan.</p> <p>The Council considers, however, that overall the site performs less well than the preferred site against the Spatial Strategy and Spatial Principles, for example it is less well connected to the strategic road network and closer to the SSSI. More information is set out within Appendix G of the Pre-Submission SA Report.</p> <p>No change.</p>
PS SA55	North West Chelmsford Community Group	<p>States that it is not apparent within the SA that it has been updated to take account of the fact that the Gravel Pit bus stop is no longer present and there is no bus service.</p>	<p>Disagree. Appendix G of the SA Report identifies a minor negative effect for GT1 Drakes Lane against SA Objective 6, which is correct in the absence of the Gravel Pit bus stop.</p>

Ref	Consultee	Consultee Response Summary	Response/Action
			No change.
PS SA56	North West Chelmsford Community Group	Notes that the SA Report demonstrates that site GT1 will create a number of minor negative effects and significant negative effects. Queries whether the sustainable living and revitalisation, health and well-being and transport scoring of the site will fall further in the complete absence of public transport following the closure of the Gravel Pit bus stop and service is taken into account.	Disagree. Appendix G of the SA Report identifies a minor negative for GT1 Drakes Lane against SA Objective 6, which is correct in the absence of the Gravel Pit bus stop. No change.
PS SA57	North West Chelmsford Community Group	Repeats PS SA56 .	Please see responses to PS SA56 .
PS SA58	Cliffords Ltd	Requests that site CFS212/Land at Saxon Way be appraised.	Comment noted. This site has been assessed as a reasonable alternative. The name given to the site in the assessment is 'Land adjacent to Campion Farm, Saxon Way, Broomfield'. The assessment is set out in Appendix G, page G18 of the SA Report. No change.
PS SA59	Cliffords Ltd	Requests that Site CFS125 should be assessed as a reasonable alternative for employment as it is considered a sustainable location for development.	Agreed. CFS 125 has been assessed as a reasonable alternative. Please refer to Section 3.3 of the SA Addendum.
PS SA60	Jessica Dawson, Great and Little Leighs Parish Council	With regard to Land East of Banters Lane (15SLAA16), the respondent notes the findings of the assessment. With regard to site 15SLAA28 (Land East of 52 Main Road), notes that the assessment states that the nearest supermarket is 327m away which is considered to be incorrect. Considers that the local store noted cannot be classed as a supermarket. Also highlights that the nearest primary school is full. With regard to site CFS105 (Land East of Nos 170 – 194 Main Road), agrees that this site is within 100m of two Nature Reserves and actually	Comments noted. With regard to the appraisal of site 15SLAA28, supermarkets are taken to include local stores for the purposes of the SA. This will be clarified in the Pre-Submission SA/SEA Report. It should be noted that the Council does not propose to allocate sites 15SLAA17 and 15SLAA28. No change.

Ref	Consultee	Consultee Response Summary	Response/Action
		<p>butts onto these in at least two places. Considers that light, noise and air pollution will impact on these sites.</p> <p>With regard site PF33/34 (Moulsham Hall and Great North Leighs), the respondent notes the assessment findings.</p> <p>Considers that the findings of the SA indicate that the sites East of Main Road and North East of Banters Lane will have a negative effect on Great Leighs with light, noise and traffic pollution, lack of open space, pressure on health services and schools and changing the very local distinctiveness of Great Leighs which the Council states is high on its agenda but is not borne out by this Local Plan.</p>	
PS SA61	Cogent Land	<p>Relates to alternative site at Boreham (Land SE of Lion Inn). A Sustainable Development Scorecard Report has been produced to summarise the analysis and demonstrate that the proposals show a high level of agreement with the NPPF, aiding the case for the allocation of the site. This will contain additional background on the Scorecard methodology and assessment process to ensure the analysis is given due weight by Chelmsford City Council. Added as attachment.</p>	<p>Comment noted. Information set out in the sustainability scorecard has been given due consideration. No significant information was identified as such the appraisal remains unchanged.</p>
PS SA62	The North East Chelmsford Garden Village Consortium	<p>The Consortium has no substantive comments on the SA Report and recognises that the iterative nature of the SA process has been undertaken in accordance with best practice.</p> <p>With regard to Strategic Growth Site 4 (North East Chelmsford), and the assessment set out at pages 597/598 of the SA Report, the Consortium notes the likely significant effects identified in the commentary, and in particular that SA Objectives 1 (Biodiversity), 2 (Housing), 3 (Economy), 4 (Sustainable Living and Revitalisation), 5 (Health and Wellbeing), 6 (Transport) and 11 (Climate Change) are now appraised as being positive or significant positive. States that this compares well with other major strategic allocations, and also in comparison to potential alternative strategic sites such as Hammonds Farm (CFS83). In particular, the Consortium notes, with regard to Hammonds Farm, that the rationale for its rejection states that "This site compares less well with Location 4 (NE Chelmsford) and the Spatial Principles and Spatial Strategy of the PSLP, in particular by not respecting the existing pattern of settlements or</p>	<p>Comment noted.</p>

Ref	Consultee	Consultee Response Summary	Response/Action
		<p>locating development in well-connected locations". The Consortium concurs with this assessment and considers that the SA has been undertaken on an objective basis. Furthermore, the Consortium considers that its continuing masterplanning work will be able to mitigate the potentially significant negative effects identified in the SA Report regarding Objectives 13 (Cultural Heritage) and 14 (Landscape and Townscape).</p> <p>The Consortium concurs with, and supports, the overall appraisal of Growth Area 2 – North Chelmsford, set out at paragraphs 5.4.12-5.4.19 of the SA Report, and the reasons for the selection of Strategic Growth Site 4 set out on page 461 of the Report</p>	
PS SA63	Ms Kate Ginn, Natural England	States that Natural England broadly supports the methodology used in the SA and is generally supportive of the proposed indicators for monitoring purposes, acknowledging the positive amendments made in line with its previous consultation response dated.	Comment noted.
		<p>Recommends that a further indicator is added to the monitoring framework. The following wording is suggested:</p> <p>'Number of planning approvals leading to loss of 'best and most versatile' (BMV) agricultural land (i.e. that classified as Grades 1, 2 and 3a land within the Agricultural Land Classification (ALC) system).'</p>	Agreed. This indicator has been included in the monitoring framework contained in the SA Report Addendum.
		Advises that the Key Sustainability Issues for Biodiversity and Green Infrastructure should include the need to protect designated sites from increased recreational pressure.	<p>Comment noted. The SA has now reached an advanced stage and as such, the amendment to the key sustainability issues proposed in this response is not considered to be appropriate and would not be expected to materially affect the outcome of the appraisal in any case.</p> <p>No change.</p>
		Proposes an additional guide question and an amendment to an existing guide questions under the Biodiversity and Green Infrastructure SA objective.	Comment noted. The SA has now reached an advanced stage and as such, the amendments to guide questions that comprise the SA Framework as proposed in this response are not considered to be appropriate and would not be expected to materially affect the outcome of the appraisal.

Ref	Consultee	Consultee Response Summary	Response/Action
			No change.

Appendix B

Assessment of the Significance of the Proposed Modifications

Main Modifications

This schedule sets out the main modifications to the Chelmsford Pre-Submission Local Plan proposed by the Council; the paragraph and policy numbers refer to the submitted Local Plan. New text is shown as underlined. Deleted text is shown as ~~strikethrough~~. Actions are shown in *italic*.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
MM1	1.5	<p><i>Amend para 1.5:</i> This new Local Plan will outline the strategic priorities and long-term vision for Chelmsford and identify locations for delivering housing and other strategic development needs such as employment, retail, leisure, community and transport development. It contains a Spatial Strategy to deliver this vision. This will <u>Plan sets</u> out the amount and location of new development, and how places will change and be shaped throughout the Local Plan period and beyond.</p> <p><i>Add to end of para 1.5:</i> <u>The Local Plan together with the adopted Minerals and Waste Local Plans and any adopted Neighbourhood Plans form the development plan for the area. Planning applications will be determined against the Development Plan, unless material considerations deem otherwise. The Local Plan policies should be read as a whole and alongside the National Planning Policy Framework (NPPF).</u></p> <p><u>The Local Plan supersedes previous Development Plan Documents and Policies. A schedule of these is included at Appendix # of this document.</u></p> <p><u>The Local Plan includes site allocation policies for future development including Strategic Growth Sites and Growth Sites. All site allocation policies within the Local Plan are also classified as Strategic Policies.</u></p> <p><i>Insert a new Appendix #: Schedule of Superseded Documents and Policies (as set out in Annex 1).</i></p>	For clarity and effectiveness for the purpose of the policies in the Local Plan and to comply with Regulation 8 (5) of the Town and Country Planning (Local Planning) (England) Regulations 2012	No. The main modification relates to supporting text and is for clarification. As such, it is not considered significant for the purposes of the SA.
MM2	Paras 2.25, 7.18, 7.232	<i>Delete reference to Green Corridor(s) and make the consequential grammatical amendments to paragraph 2.25, 7.18 and 7.232</i>	To ensure the Plan is justified, the Green Corridor designation is to be	No. The main modification relates to supporting text. The

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
			deleted from the Plan. (See also MM71, MM73, MM74, MM75 and MM76 where policy changes are to be made)	implications of the removal of Green Corridors for the SA are considered in respect of the relevant policies below.
MM3	Strategic Priority 7	<p><i>Amend title to:</i> Strategic Priority 7 – Protecting and enhancing the Natural, Historic Environment, <u>and</u> the Green Belt and valued landscapes</p>	To ensure the Plan is justified, the valued landscapes designation/reference is to be deleted from the Plan. (See also MM4 and MM13 where other policy changes are to be made)	No. The main modification relates to the Strategic Priorities for the Local Plan which are captured in the Spatial Principles that have been subject to SA. No implications for the findings of the SA are anticipated.
MM4	Policy S1 and paras 4.4 - 4.18	<p><i>Amend Policy S1 as follows:</i> The Council will apply the following guiding Spatial Principles to deliver the Strategic Priorities and Vision in order to underpin the Spatial Strategy: <u>The Council will require all new development to accord with the following spatial principles where relevant:</u></p> <ul style="list-style-type: none"> • Maximise Optimise the use of suitable previously developed land for development • Continue the renewal of Chelmsford City Centre and <u>its</u> the Urban Area • Locate development at well-connected <u>and</u> sustainable locations • Locate development to avoid or manage flood risk • Protect the Green Belt • Protect and enhance <u>Respect</u> the character <u>and appearance of</u> <u>landscapes and the built environment</u>, of valued landscapes, <u>heritage and preserve or enhance the historic environment and biodiversity</u> • Respect the pattern and hierarchy of existing settlements <u>Focus development at the higher order settlements outside the Green Belt and respect the existing development pattern and hierarchy of other settlements</u> • Ensure development is deliverable • Ensure new development is served by necessary infrastructure 	To provide clarity for decision making. It also ensures effectiveness and consistency with other policies. There are also consequential changes to the reasoned justification following changes to Policy S1 and to clarify implementation of the policy.	No. The main modification provides clarity for decision making and ensures consistency with other policies. The amendments would not have implications for the SA.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<ul style="list-style-type: none"> • Use development to secure new infrastructure Utilise existing and planned infrastructure effectively • Plan for the longer term <p><i>Rename or delete titles in reasoned justification to reflect changes to Policy S1.</i></p> <p><i>Add final sentence to paragraph 4.4: They will be applied as relevant to all development proposals and related applications.</i></p> <p><i>Replace para 4.13 with: Chelmsford contains a number of rich and varied landscapes and new development proposals will need to respect their character and appearance and their role for wildlife and increasing biodiversity. The river valleys where they permeate into Chelmsford's Urban Area have a unique role and function and are identified as the Green Wedge. New development proposals will also need to respond to the character and appearance of the built environment in particular to preserve or enhance the historic environment.</i></p> <p><i>Delete paragraph 4.18</i></p>		
MM5	Policy S2 and paras 5.4-5.6	<i>Delete Policy S2 and paragraphs 5.4-5.6</i>	This policy and reasoned justification is to be removed to ensure there is consistency with national planning policy and effectiveness of the plan. It was based on the 'model policy' which is no longer a requirement for Local Plans.	Yes. Whilst Policy S2 is no longer a requirement for local plans, its deletion may have implications for the findings of the SA.
MM6	Policy S4 and paras 5.15-5.17	<i>Delete Policy S4 and paragraphs 5.15-5.17</i>	This policy and reasoned justification is to be removed as it does not provide a clear purpose or indication of how this policy can be applied to decision making when reacting to a development proposal. Change ensures the plan is effective.	Yes. The deletion of Policy S4 may have implications for the findings of the SA.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
MM7	Policy S5 5.18-5.25	<p><i>Amend Policy S5:</i></p> <p>The Council will protect <u>conserve and where appropriate enhance the historic environment recognising the positive contribution it makes to the character and distinctiveness of Chelmsford through the diversity and quality of heritage assets. This includes wider social, cultural, economic and environmental benefits.</u></p> <p>The Council will designate and keep under review Conservation Areas in order to protect <u>preserve and where opportunities arise enhance their special architectural or historic interest and will seek to protect and enhance the character and setting of Listed Buildings, Scheduled Monuments and Registered Parks and Gardens with an emphasis on retaining and where appropriate improving the buildings and/or features that make a positive contribution to their character or appearance.</u></p> <p><u>The Council will conserve and where appropriate enhance the character and setting of Listed Buildings, Scheduled Monuments and Registered Parks and Gardens with an emphasis on preserving and where appropriate enriching the social, cultural, economic and environmental benefits that these heritage assets provide.</u></p> <p><u>The Council maintains a buildings at risk register which includes designated and non-designated heritage assets. The Council will seek their protection, conservation, and where appropriate and important to their significance, re-use and/or enhancement.</u></p> <p><u>When assessing applications for development, there will be a presumption in favour of the Council will place great weight on the preservation and or enhancement of designated heritage assets and their setting. The Council will encourage applicants to put heritage assets to viable and appropriate use, to secure their future protection, preservation and where appropriate enhancement, as appropriate to their significance. Policy HE1 sets out how the</u></p>	<p>See also MM13.</p> <p>For effectiveness and consistency with national policy. This change ensures consistency with other policies.</p>	<p>No. The main modification ensures consistency with national policy in respect of the historic environment. Policy S5 has already been assessed as having a significant positive effect on cultural heritage (SA Objective 13) and, whilst important for alignment with the national policy, the proposed amendments would not affect this conclusion.</p>

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p><u>Council will consider proposals affecting the different types of designated heritage assets and their significance.</u></p> <p><u>The Council will seek to protect conserve and where appropriate enhance the significance of non-designated heritage assets and their settings, including which includes buildings, structures, features, gardens of local interest, and protected lanes and archaeological sites. Policy HE2 sets out the Council's approach to the protection and retention of these assets. Chelmsford contains a number of sites of archaeological importance. As set out in Policy HE3, the Council will seek the preservation and where appropriate the enhancement of sites and their setting of archaeological interest.</u></p> <p><i>Replace paras 5.18-5.25 with:</i> <u>Chelmsford has a rich and diverse heritage. It has many heritage assets which are worthy of protection for their significance and for their contribution to the special character Chelmsford. Within Chelmsford's administrative area there are 1,010 listed buildings. There are also 25 Conservation Areas, 19 Ancient Monuments, and 6 Registered Parks and Gardens all of which are shown on the Policies Map. With the exception of Conservation Areas these Designated Heritage Assets are identified within the National Heritage List for England.</u></p> <p><u>Buildings are listed on the basis of their special architectural or historic interest. These buildings are subject to special planning controls over their demolition, partial demolition, alteration or extension in any manner which affects their special character. Within Chelmsford there are a high number of timber frame buildings from the fourteenth-seventeenth centuries reflecting the property of area in this period and displaying vernacular building techniques, notably within the rural areas and village centres, such as Stock, Writtle, Boreham and Great Waltham. The survival of vernacular buildings across the administrative area contributes to its distinctiveness. There are 64 Grade I and II* listed buildings, including medieval parish churches, structures at Pleshey Castle, Henry VIII's palace at New Hall, country houses (such as Langleys,</u></p>		

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p><u>Leez Priory and Boreham House) and exceptionally complete timber frame buildings.</u></p> <p><u>Conservation Areas are designated under the Planning (Listed Building and Conservation Areas) Act 1990. Conservation Areas are defined and designated by the Council. They are areas of special architectural or historic interest where the Council has a statutory duty to preserve or enhance their character or appearance. The Council will produce character appraisals and management plans for its Conservation Area. 5 Conservation Areas cover the City Centre, 17 historic village centres, St Johns Hospital and John Keene Alms houses and are designated for their special character.</u></p> <p><u>The Chelmer and Blackwater Navigation is also designated as a Conservation Area. This historic waterway, which extends through Braintree and Maldon districts, resulted in Chelmsford's expansion and development as an industrial centre from the late eighteenth century. It is significant for its structures, including 13 locks, landscape character, leisure and recreational value.</u></p> <p><u>There are 6 Registered Parks and Gardens, including 800m long Avenue at New Hall, the rare 'canal' water feature at Boreham House and the Humphry Repton landscape at Hylands Park. The public parks at Hylands and Danbury have an important role in the distinctness of Chelmsford and social well-being. They also contribute to the local economy through organised events and formal and informal recreation. The Council recognises that Registered Parks and Gardens should be protected.</u></p> <p><u>Archaeological and/or historical features represent a finite and non-renewable resource that are vulnerable to damage and destruction. Any works to Scheduled Monuments require the consent of the Secretary of State. There are 19 Scheduled Monuments, including a number of moated sites, Roman villas, the Iron Age Hillfort at Danbury, the late twelfth century earthwork castle at Pleshey and medieval salt works at South Woodham Ferrers. The Essex Site and Monument Record records over 2,500 archaeological sites in Chelmsford.</u></p>		

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p><u>In addition to designated heritage assets, Chelmsford has many non-designated assets which are worthy of protection and conservation for their architectural, townscape, landscape or historic interest. The Council will continue to update a list of heritage assets which have local value. This is titled Buildings of Local Value and includes buildings, structures or features of local architectural or historic interest which make a positive contribution to their locality. 509 buildings are included on the current list of Register of Buildings of Local Value, and 12 sites identified on the Inventory of Design Landscapes of Local Interest prepared by the Essex Gardens Trust. Both the designated and non designated heritage assets reflect the expansion of Chelmsford as a manufacturing and technology centre in the early twentieth century, when Hoffmans, Marconi, Crompton's were located in the town.</u></p> <p><u>The Council maintains a buildings at risk register (including designated and non-designated heritage assets) and proactively works to seek their protection and conservation. Sustaining appropriate uses is part of a strategy to ensure their conservation and their economic contribution. The 2019 at risk register includes 12 entries. In determining planning applications, the Council will take account of the desirability of sustaining and promoting opportunities to enhancing the significance of both designated and non-designated assets and their setting.</u></p> <p><u>There are a number of country lanes and byways which are of historic and landscape value, and which make an important contribution to the rural character of certain areas, as set out in the Essex County Council Protected Lanes Studies. The Council intends to protect these lanes and byways by preserving, as far as possible, the trees and hedgerows, banks, ditches and verges which contribute to their character, and by resisting development proposals which have a detrimental effect upon them.</u></p> <p><u>The role of historic assets can also contribute towards the area's wider green infrastructure network, to local character and distinctiveness, and the economy. The council will seek opportunities to promote the local</u></p>		

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<u>distinctiveness of Chelmsford through heritage interpretation, blue plaques and public art.</u>		
MM8	Policy S6 and para 5.27, 5.31 and 5.33	<p><i>Amend second para of Policy S6:</i></p> <p>The needs and potential of biodiversity will be considered together with those of natural, historic and farming landscapes, the promotion of health and wellbeing, sustainable travel, water management <u>including water resources</u>, and climate change adaptation.</p> <p><i>Add to end of Policy S6:</i></p> <p><u>The Council will ensure that new development seeks to improve water-related biodiversity taking account of Water Framework Directive objectives and River Basin Management Plan actions.</u></p> <p><u>The Council will seek to minimise the loss of the best and most versatile agricultural land (Grades 1, 2 and 3a) to major new development.</u></p> <p><u>Where appropriate, contributions from developments will be secured towards mitigation measures identified in the Essex Recreational disturbance Avoidance and Mitigation Strategy (RAMS) which will be completed by the time the Local Plan is adopted. Prior to RAMS completion, the authority will seek contributions, where appropriate, from proposed residential development to deliver all measures identified (including strategic measures) through project level HRAs, or otherwise, to mitigate any recreational disturbance impacts in compliance with the Habitat Regulations and Habitats Directive.</u></p> <p><u>Where appropriate, contributions from proposed residential developments will be secured towards recreational mitigation measures at Hatfield Forest Site of Special Scientific Interest (SSSI) and National Nature Reserve (NNR).</u></p> <p><i>Add new para after 5.27:</i></p>	To ensure the policy is effective and is consistent with national policy.	<p>Yes. The main modification introduces specific reference to minimising the loss of best and most versatile agricultural land, RAMS and contributions in respect of Hatfield Forest which is likely to have implications for the appraisal of Policy S6 in respect of biodiversity (SA Objective 1) and land use and soils (SA Objective 2).</p> <p>The other amendments will further enhance the already significant positive contribution the policy makes to conserving and enhancing the natural environment and in this regard, would not have implications for the findings of the SA.</p>

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p><u>New development should minimise pollution on the natural environment including potential light pollution from glare and spillage on intrinsically dark landscapes and nature conservation.</u></p> <p><i>Add new penultimate sentence to para 5.31:</i> <u>In addition, new development should seek to improve water-related biodiversity taking account of Water Framework Directive objectives and River Basin Management Plan actions.</u></p> <p><i>Add two new paras after 5.33:</i> <u>Natural England and the National Trust is formulating a package of on-site Strategic Access Management Measures (SAMM) for the Hatfield Forest Site of Special Scientific Interest (SSSI) and National Nature Reserve (NNR). The SAMM will describe a range of mitigation measures available to offset the recreational impacts from proposed new housing development within the Hatfield Forest Zones of Influence. Ahead of the SAMM being finalised, financial contributions may be sought towards mitigation measures on larger residential development proposals of 50 or more units in consultation with Natural England and the National Trust. At this stage, a small area in the north-west of CCC's administrative area falls within the Zone of Influences. None of the residential site allocations allocated within this Local Plan are within these Zones of Influence.</u></p> <p><u>The Council recognises the importance of the best and most versatile agricultural land. This is defined as Grades 1, 2 and 3a, by the Department of Environment, Farming and Rural Affairs (DEFRA), and is recognised as a national resource for the future. Effective use of brownfield land of low environmental value will be encouraged to minimise the loss of higher quality agricultural land. Furthermore the Council will seek the provision of high quality green infrastructure will protect, enhance and create wildlife corridors to maintain ecological connectivity when greenfield land will be lost.</u></p>		
MM9	Policy S8	<p><i>Amend Policy S8 as follows:</i> The Council will make provision for the following new development requirements:</p>	Part A – Text is deleted and table moved to Reasoned Justification as it does not provide a clear purpose or	Yes. The main modification includes a minor decrease in the number of new homes to be

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p>A. HOUSING In order to meet the full objectively-assessed housing need in the period 2013-2036, provision is made for a minimum of 18,515 net new homes at an average annual rate of 805 net new homes per year. Housing completions and outstanding commitments total 11,408 new homes. To ensure flexibility in delivery and help significantly boost housing supply over the Plan period, the Local Plan provides for a total of 21,893 new homes. This represents nearly 20% more homes than the total objectively assessed housing need.</p> <p><i>Delete the housing table from the policy and move to the supporting text. Delete the other tables from the policy</i></p> <p><i>B: Employment and Retail:</i> <i>Delete first para and replace with:</i> <u>In order to meet the forecast growth in total employment of 725 jobs per annum in 2013-36, the plan allocates development sites to accommodate a minimum of 55,000 sqm of new business floorspace (Use Classes B1-B8), in addition to existing commitments.</u></p> <p><i>Amend second para:</i> <u>Provision is made to meet the need for additional In order to meet future convenience retail floorspace of growth, the plan makes provision for 11,500 sq m of floorspace either within the City Centre or Designated Centres within Chelmsford's Urban Area and additional convenience retail floorspace of 1,900 sq m at South Woodham Ferrers.</u></p>	<p>indication of how this policy can be applied to decision making when reacting to a development proposal. Therefore, this is not a policy requirement. Change ensures the plan is effective.</p> <p>Part B – Text changes ensure the Local Plan is positively prepared, aligns employment land need and provision with the plan period, 2013-36 (as the previous version considered the period 2014-36). It also makes clear that objectively assessed need relates to employment land (the need is derived from the forecast job growth of 725 jobs per year, which is not an objectively assessed need for development in the meaning of the NPPF and PPG).</p> <p>It also clarifies the provision for 11,500sq m floorspace in line with the Retail Capacity Study 2015.</p>	<p>provided over the plan period, from 21,893 to 21,843. Whilst this is unlikely to materially affect the conclusions of the SA, for completeness and on a precautionary basis, it has been taken forward for detailed appraisal.</p>
MM10	6.7 to 6.9, Strategic Policy S15 Monitoring and Review, 6.90 and 6.91	<p><i>Delete paras 6.7 to 6.9</i></p> <p><i>Delete final sentence of Policy S15</i></p> <p><i>Delete paras 6.90 and 6.91</i></p>	<p>This text is not relevant for this Local Plan due to transitional arrangements under the NPPF</p>	<p>No. The main modification relates to supporting text and as such, is not considered significant for the purposes of the SA.</p>

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?														
MM11	6.11, 6.12, 6.13, 6.14 and 6.16	<p><i>Amend para 6.11 as follows:</i> When taking the supply buffer into account, provision is made for a total of 21,893 <u>21,843</u> new homes in the period 2013-2036. When considering existing housing completions (3,090 <u>5,348</u>), <u>existing sites with planning permission and a windfall allowance for the period 2019 - 2024 (5,399+317)</u>, existing commitments with and without planning permission (8,098 + 220), and a windfall allowance of <u>1,200</u> for 2024-2036, 20223-36 (1,4300), the residual <u>New Local Plan Allocations requirement</u> for the period to 2036 is 9,085 <u>9,579</u> new homes:</p> <table border="1"> <thead> <tr> <th>Housing</th> <th>Net new homes</th> </tr> </thead> <tbody> <tr> <td>Completions 2013-20179</td> <td>3,090 <u>5,348*</u></td> </tr> <tr> <td>Existing Commitments <u>Sites with planning permission (excludes new Local Plan sites) (including windfall allowance for the period 20179 - 224)</u></td> <td>8,098 <u>5,716</u></td> </tr> <tr> <td>SUB-TOTAL</td> <td>11,408 <u>11,064</u></td> </tr> <tr> <td>New Local Plan Allocations</td> <td>9,085 <u>9,579</u></td> </tr> <tr> <td>Windfall allowance (20224-36)</td> <td>1,400 <u>1,200</u></td> </tr> <tr> <td>TOTAL SUPPLY</td> <td>21,893 <u>21,843</u></td> </tr> </tbody> </table> <p><i>*It should be noted that for the purposes of this table were Local Plan sites have commenced any completions have been deducted from this figure and are included within the 'New Local Plan Allocations' figure.</i> <i>Amend fourth sentence of para 6.12:</i> The evidence shows that around 150 <u>217</u> new homes have been built on windfall sites per-year. <i>Delete paragraphs 6.13, 6.14 and 6.16</i></p>	Housing	Net new homes	Completions 2013-20179	3,090 <u>5,348*</u>	Existing Commitments <u>Sites with planning permission (excludes new Local Plan sites) (including windfall allowance for the period 20179 - 224)</u>	8,098 <u>5,716</u>	SUB-TOTAL	11,408 <u>11,064</u>	New Local Plan Allocations	9,085 <u>9,579</u>	Windfall allowance (20224-36)	1,400 <u>1,200</u>	TOTAL SUPPLY	21,893 <u>21,843</u>	Change to reflect the latest position and to ensure the plan is effective. It also removes information that is not relevant to the Reasoned Justification to Policy S8 as the Council's position is explained in the Housing Implementation Strategy.	Yes. The main modification includes a minor decrease in the number of new homes to be provided over the plan period, from 21,893 to 21,843. Whilst this is unlikely to materially affect the conclusions of the SA, for completeness and on a precautionary basis, it has been taken forward for detailed appraisal.
Housing	Net new homes

TOTAL SUPPLY	21,893 <u>21,843</u>																	
MM12	6.25	<p><i>Replace paragraph 6.25 with:</i> <u>The Council is planning for total job growth of 725 net additional jobs p.a. over the plan period 2013-36, based on the growth forecasts. This translates into an identified need for employment land to accommodate 64,407 sq m of net additional floorspace over the period. To meet this need, the Plan makes new allocations to accommodate 55,000 sqm of net additional business floorspace. This new supply is additional to the</u></p>	To ensure the Local Plan is positively prepared, aligns employment land need and provision with the plan period, 2013-36 (as the previous version considered the period 2014-36). It also makes clear that identified need relates to employment land (the need is derived from the forecast job growth of 725 jobs per year, which is	No. The main modification does not affect the quantum of development to be delivered through the Local Plan and as such, it is not considered significant for the purposes of the SA.														

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<u>existing net supply provided by completions between the base date of the Plan (2013) and 2018 and planning permissions outstanding at 2018.</u>	not an objectively assessed need for development in the meaning of the NPPF and PPG).	
MM13	Policy S9 and Key Diagram (Figure 8) Figure 9 Figure 10 Figure 11 and paras 6.29, 6.35, 6.36 and site policies 1a, 1c, 1d, 1e, 1f, 1g, 1h, 8, EC1, EC2, EC3, EC4 and EC5	<p><i>Amend Spatial Strategy – Development Locations and Allocations Table contained within Policy as follows and as shown in Annex 2:</i></p> <p>Growth Area 1:</p> <ul style="list-style-type: none"> • <i>Delete all reference to 'Existing Commitments'</i> • <i>Add figures from existing commitments with and without planning permission for Peninsula Site, Wharf Road, Lockside, Navigation Road and Waterhouse Lane into Location 1 total</i> • <i>Add figures for existing commitments without planning permission (re-allocations) for Writtle Telephone Exchange and Galleywood Reservoir as new site locations under Growth Area 1</i> • <i>Location 1 Previously developed sites in Chelmsford Urban Area Amend: 2,205 <u>2,381</u></i> • <i>Area Total Amend 4,014 <u>3,619</u></i> <p>Growth Area 2:</p> <ul style="list-style-type: none"> • <i>Delete all reference to 'Existing Commitments'</i> • <i>Add figures for existing commitments with planning permission for Land East of Main Road Great Leighs and Land East of Plantation Road Boreham as new site locations under Growth Area 2</i> • <i>Area Total Amend 7,219 <u>4,793</u></i> <p>Growth Area 3:</p> <ul style="list-style-type: none"> • <i>Delete all reference to 'Existing Commitments'</i> • <i>Add figures for existing commitments without planning permission for St Giles, Bicknacre as new site locations under Growth Area 3</i> • <i>Delete the word "flexible" in relation to the new employment floorspace provision at South Woodham Ferrers (Location 7)</i> • <i>Amend Site 8 South of Bicknacre from 30 to <u>35</u></i> 	Change to ensure the plan is justified and effective and to ensure consistency with other proposed MMs. It reflects the latest position with regards to approving masterplans. The Key Diagram has changed to better reflect the location of North East Chelmsford and to reflect changes to site status. To also clarify the policy for the decision maker a change is proposed to remove the word "flexible" from the wording. Other changes are consequential following deletion of Policy S4. These changes provide clarification about the role and importance of community inclusion and community-led planning including the production of Neighbourhood Plans.	Yes. The main modification reflects the minor decrease in the number of new homes to be provided over the plan period, from 21,893 to 21,843. Whilst this increase is unlikely to materially affect the conclusions of the SA, for completeness and on a precautionary basis, it has been taken forward for detailed appraisal.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p><i>Amend Windfall Allowance 2021-2036 and Amend Total 1,400 1,200</i> <i>New Local Plan Allocations Amend Total: 9,085 9579</i> <i>Total Amend: 10,485 10,779</i></p> <p><i>Amend second to last paragraph of Policy S9:</i> New development will be delivered in a manner that phased according to deliverability and identified need to support a five-year rolling supply of specific deliverable housing sites and to ensures the timely provision of new necessary supporting infrastructure. Strategic Growth Sites will be delivered in accordance with masterplans to be approved by the Council.</p> <p><i>Figure 8: Key Diagram – make the following amendments:</i> <i>Update site numbers once final numbering is agreed.</i> <i>Renumber sites EC1 to EC5 to reflect the change of status to Strategic Growth Sites or Growth Sites.</i> <i>Amend location of New Garden Community at Strategic Growth Site 4.</i> <i>Delete Green Corridor notation and delete from key</i> <i>Change notation along A132/B1012 to Rettendon Turnpike Improvements from Proposed Strategic New Road to <u>Improvements to Road Corridor</u> and amend key</i></p> <p><i>Replace figures 9-11 with extracts from updated Figure 8: Key Diagram – for all changes see Annex 3</i></p> <p><i>Amend 2nd sentence of para 6.29:</i> This includes the protection of the Green Belt, and the valued landscapes of Green Wedges and Corridors.</p> <p><i>Insert the following paragraphs after paragraph 6.35:</i> <u>For the avoidance of doubt the use of the words ‘area total’ and ‘total’ contained within the tables in Strategic Policy S9 are not intended to create a ceiling for housing or employment floorspace. They are simply a sum of the housing numbers and floorspace contained within each one of the site allocation policies. Strategic Policy S8 makes it clear that the overall housing provision is a minimum number.</u></p>		

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p><u>The Council recognises the importance of social and economic services and facilities; and the impact this has on the quality of people's lives and wellbeing. The Council will consider favourably proposals which support and strengthen local services, with a particular focus of encouraging development that improves existing deficiencies and weaknesses in services or facilities.</u></p> <p><u>The Council, in partnership with other stakeholders, will seek to reduce levels of social and economic deprivation. This will be achieved by coordinating planning and other relevant strategies to ensure that improved services, community facilities and infrastructure are provided particularly in those areas where indices of deprivation require targeted improvements. Sport England and Public Health England's Active Design guidance is one way in which a more healthy lifestyle can be achieved through design. The use of masterplans for strategic new development can help ensure the integration of new and existing communities, as well as creating attractive places to live. Green infrastructure can also provide opportunities for the focus for community engagement, at various levels from Neighbourhood Plans to local interest groups.</u></p> <p><u>Neighbourhood Plans will play an important role in implementing the Local Plan. They will enable local communities to influence the detailed policies to promote community inclusion and proposals at the neighbourhood level within the strategic framework set out in the Local Plan, and help shape new developments in their area. The Council will support neighbourhood plan groups in the preparation of their plans and has published guidance within the adopted Statement of Community Involvement.</u></p> <p><i>Insert following text at end of 6.36:</i> <u>Strategic Growth Sites and other types of sites allocated for development are defined at Table 3 in the Plan.</u></p> <p><u>Where identified under the relevant Strategic Growth Site policies, the Council will expect a masterplan for each site to be submitted for approval. The masterplans will cover the details of how sites will satisfy</u></p>		

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p><u>the requirements of the respective Site Policies. The Council will consider the use of Planning Briefs and Design Codes on other site allocations. The Council will review and consider whether they are relevant and/or still up-to-date to determine whether further masterplanning is required and whether the masterplan process can be adapted to take account of them.</u></p> <p><i>Add the following text to Strategic Growth Site Policies 1a, 1c and 1d:</i> <u>Development proposals will accord with a masterplan approved by the Council to provide:</u></p> <p><i>Amend sub-heading within Strategic Growth Site Policies 1a, 1c and 1d:</i> <u>Site development principles Site masterplanning principles</u></p> <p><i>Amend sub-heading within Site Policies 1e, 1f and 1g, 1h, 8, EC1, EC2, EC3, EC4, and EC5:</i> <u>Site masterplanning principles Site development principles</u></p> <p><u>Amend para 7.322:</u> This Growth Area (see figure X) will accommodate around 1,130 <u>1,160</u> new homes...</p> <p><u>Amend para 7.323:</u> In addition, development at two sustainable Key Service Settlements of Bicknacre (Location 8) and Danbury (Location 9) will provide 30 <u>35</u> and 100 homes respectively, alongside ...</p>		
MM14	6.39	<p><i>Amend para 6.39:</i> <u>The site has outline planning permission and development has commenced. As it will continue to be delivered in accordance with an approved Masterplan it does not require a new site allocation policy within this Local Plan. The Area for Masterplanning for Existing Committed Development, and Area for Conservation/Strategic Landscape Enhancement and other notations, are brought forward onto the new Local Plan Policies Map. The new Local Plan will supersede the NCAAP document. Some of the provisions in NCAAP have already been</u></p>	Consequential change following removal of Appendix D from the plan	No. The main modification draws through text that was previously appended to the Local Plan. As such, it is not considered significant for the purposes of the SA.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		delivered. Other provisions Appendix D carries forward provisions within the NCAAP that are not yet fully implemented but and that will continue to be relied on into the next plan period and beyond, <u>have been approved as separate planning guidance by the Council.</u>		
MM15	Policy S10, 6.48 and 6.52	<p><i>Amend second para of Policy S10:</i> <u>In determining planning applications for delivering economic growth the Council will assess development proposals against the following principles: will underpin the approach to economic growth and diversification</u></p> <p><i>Amend second bullet of Policy S10:</i> <u>'Existing Employment Areas and Rural Employment Areas...'</u></p> <p><i>Amend last bullet of Policy S10:</i> <u>New employment development will be a key component of growth within specific proposed new Strategic Growth Locations particularly the New Garden Community in North East Chelmsford.</u></p> <p><i>Add to end of para. 6.48:</i> <u>For the purposes of this policy, large new office development will be developments of 1,000sqm gross floorspace or above.</u></p> <p><i>Amend para 6.52:</i> Other relevant policies of the Local Plan provide the criteria for the detailed implementation of economic growth, including allocations containing new employment. <u>These include policies for the protection of existing employment areas and allocations containing new employment development including a 45,000sqm new office/business park as part of the new Garden Community in North East Chelmsford.</u> Other policies will also ensure that new employment developments will be of a-high quality design and incorporate sustainable design features.</p>	To provide clarity for the decision-maker and to correct typographical error.	No. The main modification provides clarity and addresses a typographical error. It would not affect the findings of the appraisal of Policy S10 in terms of the significant positive effects identified in respect of (inter alia) the economy (SA Objective 3) and sustainable living and revitalisation (SA Objective 4).
MM16	Policy S11 and 6.56, 6.57, 6.60	<p><i>Replace 5th bullet under Transport and Highways section with two separate bullets:</i></p> <ul style="list-style-type: none"> • <u>Safeguarded land for the expansion of Chelmer Valley and Sandon Park and Ride sites</u> 	Changes ensure effectiveness of the plan and provide clarification in response to issues raised in Regulation 19 consultation responses.	Yes. The main modification includes reference to additional mitigation which may enhance positive effects already identified in respect of biodiversity (SA

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<ul style="list-style-type: none"> • <u>Additional Park and Ride facilities will be provided in West Chelmsford and North East Chelmsford within the broad locations shown on the Policies Map</u> <p><i>Amend 9th bullet under Transport and Highways section:</i> Capacity improvements to the A132 between the Rettendon Turnpike and South Woodham Ferrers, including necessary junction improvements to be brought forward as early as possible <u>in tandem with the delivery of development to mitigate its impact.</u></p> <p><i>Amend 10th bullet under Transport and Highways section:</i> Multi-user <u>crossings bridge across the B1012 in South Woodham Ferrers which may include a bridge or underpass.</u></p> <p><i>Add new last bullet under Community Facilities:</i> • <u>Municipal waste/recycling facilities</u></p> <p><i>Amend Green and Natural Infrastructure as follows:</i> Green and Natural Infrastructure and Natural Environment Infrastructure necessary to support new development must provide or contribute towards ensuring a range of green and natural infrastructure, <u>net gain in biodiversity</u> and public realm improvements. These include but are not limited to:</p> <p><i>Amend fourth bullet point under Green and Natural Infrastructure:</i> Contributions towards recreational disturbance avoidance and mitigation measures for European designated sites <u>as identified in the Essex Recreational disturbance Avoidance and Mitigation Strategy.</u></p> <p><i>Add new sub-heading:</i> <u>Historic Environment Infrastructure necessary to support new development must seek to preserve or enhance the historic environment and mitigate any adverse impacts on nearby heritage assets and their settings.</u></p>	<p>The change avoids unnecessary duplication and requirements have been added to the policy instead of being in the supporting text.</p>	<p>Objective 1) and cultural heritage (SA Objective 13). The inclusion of community recycling facilities has the potential for positive effects on waste and resources (SA Objective 12).</p>

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p><i>Add to end of para 6.56:</i> <u>Where appropriate, mitigation identified through the RAMS needs to be in place prior to occupancy of new developments.</u></p> <p><i>Replace para 6.57 with:</i> <u>The preferred route for the Chelmsford North East Bypass and the new Beaulieu Rail Station are allocated on the Policies Map and those areas will be safeguarded from development. Areas of search for an additional Park and Ride in West Chelmsford and North East Chelmsford are shown on the Policies Map as indicative broad locations for new Park and Ride facilities which support Essex County Council's strategy.</u></p> <p><i>Add to end of paragraph 6.60:</i> <u>The Local Plan traffic modelling evidence base is supported by Essex County Council, as Highways Authority, and Highways England. The junction modelling report assesses the likely impacts of planned growth on the highway network in the Chelmsford area. This has included a high-level analysis of cross boundary traffic flows on key corridor routes including A130 to/from Basildon Borough and A414 East to/from Maldon District. More detailed analysis of traffic impacts and mitigation options testing will be required through the preparation of Transport Assessments/Statements as part of future planning applications. These will be required to consider the transport implications and mitigation measures (where appropriate) necessary in the adjoining Maldon, Basildon and Rochford Districts in respect to the Strategic Site Allocation at South Woodham Ferrers.</u></p>		
MM17	Policy S13, 6.76 to 6.81, Policy CO1, 8.40 to 8.44	<p><i>Replace Policy S13 with:</i> <u>When determining planning applications, the Council will carefully balance the requirement for new development within the countryside to meet identified development needs in accordance with the Spatial Strategy, and to support thriving rural communities whilst ensuring that development does not have an adverse impact on the different roles and character of the countryside. All new development within the countryside will be considered within this context and against the specific planning objectives for each of the following areas:</u></p>	<p>Change provides greater clarification and ensure effectiveness for implementation of the strategic policy. Policy combined with Policy CO1 to create a more effective strategic policy and avoid repetition.</p> <p>The reasoned justification for Policy CO1 has also been merged, where appropriate, under this revised strategic policy following deletion of</p>	<p>Yes. The main modification is a replacement of Policy S13 and combines Policy CO1 whilst deleting Green Corridors.</p>

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p>A) Green Belt <u>The openness and permanence of the Green Belt will be protected and opportunities for its beneficial use will be supported where consistent with the purposes of the Green Belt. Inappropriate development will not be approved except in very special circumstances.</u></p> <p>B) Green Wedge <u>The Green Wedge has an identified intrinsic character and beauty and is a multi-faceted distinctive landscape providing important open green networks, which have been instrumental in shaping the City's growth, character and appearance. These networks prevent urban sprawl and settlement coalescence and provide for wildlife, flood storage capacity, leisure and recreation and travel by cycling and walking, which allows for good public access which will be further improved through the requirements of development allocated in the Local Plan. Development which materially harms the role, function and intrinsic character and beauty of the Green Wedge will not be approved.</u></p> <p>C) Rural Area <u>The countryside outside of the Urban Areas and Defined Settlements, not within the Green Belt, is designated as the Rural Area. The intrinsic character and beauty of the Rural Area outside of the Green Belt, and not designated as the Green Wedge, will be recognised, assessed and development will be permitted where it would not adversely impact on its identified value.</u></p> <p><u>The relevant Development Management Policies set out what development is appropriate in each of the above areas and provide detailed criteria by which development proposals will be assessed.</u></p> <p><i>Replace paras 6.76-6.81 with:</i> The role and function of land in Chelmsford beyond the Urban Areas and Defined Settlements is wide-ranging and encompasses different</p>	<p>CO1 to ensure that the Local Plan avoids repetition.</p> <p>The re-wording of para 6.76-6.81 also removes reference to minor alterations to the green belt boundary. There are no exceptional circumstances to make these changes and therefore it is necessary to revert back to the existing green belt boundary.</p>	

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p><u>national and local planning designations. For the purposes of implementing this Policy, this wider area across Chelmsford is defined as countryside and includes Green Belt, Green Wedge, and Rural Area.</u></p> <p><u>Within the countryside there are areas protected for their value for ecology and wildlife, heritage, and functional requirements such as flood zones, open spaces and areas safeguarded for important infrastructure. The countryside also has a role as part of the green infrastructure network by providing connectivity between the countryside and the Urban Areas and preventing settlement coalescence.</u></p> <p><u>Over one third of the Council's area falls within the Green Belt. Although much of the Green Belt forms attractive landscapes, it is not designated for its character or beauty. It is a national policy designation to ensure that the openness and permanence of the Green Belt is maintained to prevent urban sprawl. As such, the NPPF defines the purposes of the Green Belt and provides the limited circumstances where new development could be acceptable .</u></p> <p><u>The countryside outside of the Urban Areas and Defined Settlements, not within the Green Belt, is designated as the Rural Area. Within this designation, a detailed landscape assessment of the areas around the main river valleys has been undertaken for the Council which identifies these areas having distinctive landscape qualities and an important multifunctional role. These areas are locally designated as the Green Wedge.</u></p> <p><u>Where the main river valleys permeate into the existing or proposed built-up areas of Chelmsford, the role and value of these areas is amplified and development pressure is at its greatest. The unchecked erosion of open land in these sections of the river valleys would be harmful to the character and function of these areas and therefore it should be afforded greater protection. The Green Wedge designations within the river valleys reflect this multi-faceted green network.</u></p>		

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p><u>The designation of Green Wedge on the Policies Map is in addition to the underlying notation of either Green Belt or Rural Area. As the Green Belt is a national planning policy designation, development proposals will need to accord with both Green Belt policies and relevant policies covering the Green Wedge in the Local Plan. Where this is the case within the Rural Area, development proposals will need to accord with the relevant Green Wedge and Rural Area policies. Any development in the Green Wedge should not adversely affect the identified character and function of these distinctive landscapes.</u></p> <p><u>Any development in the Rural Area must be suitable and compatible with its character, as set out in other relevant policies in the Local Plan. Development will be supported provided it does not adversely impact the identified intrinsic character and beauty of the Rural Area and complies with other relevant policies of the Local Plan as well. The Council will use its Landscape Character Assessments, Historic Landscape Characterisation Study, Sensitivity and Capacity Assessments, alongside any other appropriate and relevant evidence which could include that being prepared to support a Neighbourhood Plan, to assess the character of the area and its sensitivity to change.</u></p> <p><u>The Council's Green Infrastructure Strategic Plan provides a framework for the planning and management of Chelmsford's green and blue infrastructure resources including parks, river valleys, green spaces and gardens, some of which is within the countryside.</u></p> <p><i>Delete Policy CO1 and all paras from 8.40 to 8.44</i></p>		
MM18	Policy S14 and para 6.87	<p><i>Add to end of Policy S14:</i> Add New title: <u>Retail development outside Designated Centres</u></p> <p><u>Retail proposals outside of Designated Centres above 500 sqm gross floorspace will be required to undertake an impact assessment.</u></p> <p><i>Replace para 6.87 with:</i> <u>The NPPF states that when assessing applications for retail, office and leisure development outside Designated Centres which are not in</u></p>	Council change to reflect evidence in the Retail Capacity Study and ensure the Plan's effectiveness.	Yes. The main modification introduces additional criteria in respect of retail development outside Designated Centres.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p><u>accordance with an up-to-date local plan, local planning authorities should require an impact assessment if the development exceeds a proportionate, locally-set floorspace threshold or a default threshold of 2,500 square metres.</u></p> <p><u>The Chelmsford Retail Capacity Study 2015 found that retail developments of less than the default national threshold of 2,500 square metres could have an impact on existing centres outside Designated Centres. It concluded that unrestricted comparison goods retail floorspace outside of Chelmsford City Centre has the potential to impose a competing retail destination and thus potentially harm both the health of the centre and investment within it. Whilst comparison goods floorspace is smaller in scale in some of the smaller neighbourhood centres and South Woodham Ferrers town centre, it is nevertheless important to the overall health and function of these centres and therefore a 500sq m gross threshold should apply across the whole of the City Council administrative area (for proposals in edge and out of centre locations).</u></p> <p><u>For convenience goods, the Chelmsford Retail Capacity Study 2015 also concluded that with a trend for the development of smaller discount stores and the rise in popularity for convenience goods stores, even smaller foodstore proposals can have a harmful impact on defined centres, particularly those which are anchored by an existing foodstore. Therefore, a 500sq m gross threshold is also applied to development proposals for convenience goods floorspace over this amount in edge and out of centre locations.</u></p> <p><u>Applicants will be required to demonstrate how the impact assessment will be addressed and provide justification for the extent of the catchment area for each particular proposal.</u></p> <p><u>Development proposals below the 500sq m gross threshold will still need to comply with the other requirements of national policy, in particular the sequential approach.</u></p>		

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
MM19	Strategic Growth Site 1a – 1h Growth Site 1i – 1v Travellers Site GT1	<p><i>Strategic Growth Site 1a to 1h - add the word Policy; e.g. Strategic Growth Site <u>Policy XX</u> – NAME</i></p> <p><i>Growth Site 1i to 1v – add the word Policy; e.g. Growth Site <u>Policy XX</u> – NAME</i></p> <p><i>Growth Site 1i to 1v, add text to Policy after heading and before bullet points: <u>Development will be permitted at this site subject to meeting the requirements of Policy GR1, and the following site-specific criteria:</u></i></p> <p><i>Growth Site 1i to 1v - Remove bullet point referring to Phasing</i></p> <p><i>Travellers Site GT1 – add the word Policy as follows: Travellers Site <u>Policy</u> GT1</i></p>	For clarity and effectiveness to ensure that it is clear these are site policies within the Plan.	No. The main modification is for clarity and as such, is not considered significant for the purposes of the SA.
MM20	Strategic Growth Site 1a – Chelmer Waterside Sites	<p><i>Amend first para under amount and type of development: <u>Strategic Growth Site Policy 1a comprises six sites</u></i></p> <p><i>Amend the second bullet under Supporting on-site development:</i></p> <ul style="list-style-type: none"> <u>Integration of flexible workspace facilities Supporting commercial uses including B1a, the A Use Classes and Use Classes D1 and D2</u> <p><i>Amend bullet point 1 and 3 and add new bullet under historic and natural environment heading:</i></p> <ul style="list-style-type: none"> <u>Protect Preserve and where appropriate enhance the setting of designated and non-designated heritage assets</u> <u>Undertake an a pre-application Archaeological Assessment</u> <u>Provide suitable SuDS and flood risk management</u> <p><i>Amend to bullet 7 under Site Infrastructure Requirements: Financial contributions to early years, primary and secondary education provision, and community facilities including healthcare provision as required by the NHS/CCG.</i></p>	Change to ensure compliance with the NPPF and for consistency with other site policies and to satisfy the EA in accordance with their SoCG.	Yes. The main modification introduces an additional requirement with regard to flood risk management and commercial uses. Other text amendments provide clarity and enhance the performance of the policy with regards to cultural heritage (SA Objective 13) but are not considered significant for the purposes of the SA.
MM21	Strategic Growth Site 1b – Essex Police	<i>Delete site allocation Strategic Growth Site 1b – Essex Police Headquarters and Strategic Growth Site 1c – North of Gloucester Avenue (John Shennan) in its entirety from the Local Plan</i>	This site is no longer available for development so its removal from the	No. This site is no longer available for development and has been withdrawn from the plan and as

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
	Headquarters and Sports Ground, New Court Road and paras 7.30 -7.37	Delete paras 7.30 to 7.37 and para 7.38 to 7.47	plan is necessary together with the reasoned justification.	such does not require appraisal. The change in the site allocations is reflected when considering the revisions to Policy S9.
MM22	SGS1a to SGS1h, SGS2, SGS4, SGS5a-c, SGS6, Policy GR1, Opportunity Sites OS1a and OS1b, Existing Commitments EC1 and EC2	<p>Add the following text as a paragraph/bullet point under 'Site Infrastructure Requirements' in Strategic Growth Sites SGS1a to SGS1h, SGS2, SGS4, SGS5a-c, SGS6, Policy GR1, Opportunity Sites OS1a and OS1b, Existing Commitments EC1 and EC2:</p> <p><u>Where appropriate, contributions from developments will be secured towards mitigation measures identified in the Essex Recreational Disturbance Avoidance and Mitigation Strategy (RAMS) which will be completed by the time the Local Plan is adopted. Prior to RAMS completion, the authority will seek contributions, where appropriate, from proposed residential development to deliver all measures identified (including strategic measures) through project level HRAs, or otherwise, to mitigate any recreational disturbance impacts in compliance with the Habitat Regulations and Habitats Directive.</u></p>	Since the close of consultation on the Pre-Submission Local Plan, new evidence has been provided by Natural England which means that all residential site allocations in the Local Plan are located in the coastal European Sites Zones of Influence, and therefore must contribute to the emerging Essex-wide Recreational Disturbance Avoidance and Mitigation Strategy (RAMS). This change will ensure that the Local Plan is justified and effective.	Yes. The main modification has the potential to have a significant effect on biodiversity (SA Objective 1) for the purposes of the SA.
MM23	Reasoned Justification in Strategic Growth Sites SGS1a to SGS1h, SGS2, SGS4, SGS5a-c, SGS6, Policy GR1, Opportunity Sites OS1a and OS1b, Existing Commitments EC1 and EC2	<p>Add the following text to the Reasoned Justifications in Strategic Growth Sites SGS1a to SGS1h, SGS2, SGS4, SGS5a-c, SGS6, Policy GR1, Opportunity Sites OS1a and OS1b, Existing Commitments EC1 and EC2:</p> <p><u>Following consultation with Natural England, an Essex-wide Recreational Disturbance Avoidance and Mitigation Strategy (RAMS) is being prepared to include all coastal European Sites. The strategy will identify where recreational disturbance is happening and the main recreational uses causing the disturbance. New residential development that is likely to affect the integrity of the European Sites will be required to contribute towards the implementation of the mitigation. At this stage, it is considered that development allocations in this location will be required to pay for the implementation of mitigation measures to protect the interest features of European designated sites along the Essex Coast which include the Crouch and Roach Estuaries Special Protection Area, Ramsar site and Site of Special Scientific Interest, and the Essex Estuaries Special Area of Conservation. The appropriate mechanisms will be identified in the RAMS.</u></p>	Since the close of consultation on the Pre-Submission Local Plan, new evidence has been provided by Natural England which means that all residential site allocations in the Local Plan are located in the coastal European Sites Zones of Influence, and therefore must contribute to the emerging Essex-wide Recreational Disturbance Avoidance and Mitigation Strategy (RAMS). This change will ensure that the Local Plan is justified and effective.	No. The main modification provides details on the applicability of RAMS which is considered above.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
MM24	Strategic Growth Site 1d – Former St. Peters College, Fox Crescent, 7.51	<p>Add new bullet under site infrastructure requirements:</p> <ul style="list-style-type: none"> <u>Provide, or make financial contributions to new or enhanced sport, leisure and recreation facilities</u> <p>Insert additional para after 7.51: <u>The site contains open space comprising former school playing fields, as shown on the Policies Map. Notwithstanding the provisions of Policy CF2 a commuted sum will be secured in lieu of the loss of any open space, as agreed with the County Council who own the land. The scale of financial contributions should be at least that required to provide an equivalent replacement playing field (including essential ancillary facilities). If the playing fields are to be retained or replaced on-site the development will be required to enhance the open space (including essential ancillary facilities) and to facilitate its sustainable community use.</u></p>	For effectiveness and consistency across the Plan.	No. The main modification would be expected to enhance the performance of Policy 1d in respect of health which already includes reference to the provision of open space. This policy has already been assessed as having a significant positive effect on health and wellbeing (SA Objective 13) and, whilst helpful, the modification would not have implications for the conclusions of the SA in this regard.
MM25	Strategic Growth Site 1f – Riverside Ice and Leisure, Victoria Road, 7.71	<p>Amend bullet 1 under Historic and natural environment:</p> <ul style="list-style-type: none"> <u>Ensure protection and enhancement Preserve or enhance the character and or appearance of the adjoining Chelmsford Central Conservation Area and its setting.</u> <p>Amend para 7.71: protect <u>preserve or</u> and seek to enhance the character and or appearance of the adjoining Chelmsford Central Conservation Area <u>and its setting.</u></p>	For effectiveness and consistency with national policy.	No. The main modification enhances the performance of the policy with regards to cultural heritage (SA Objective 13) by including specific reference to setting; however, this does not affect the overall score of this policy against this objective.
MM26	Strategic Growth Site 1g – Civic Centre Land, Fairfield Road, 7.74, 7.78	<p>Amend bullet under Historic and natural environment:</p> <ul style="list-style-type: none"> <u>Ensure protection or enhancement of Preserve and where appropriate enhance the setting of the Grade II listed War Memorial , conserve and where appropriate enhance the setting of the locally listed Civic Centre entrance building, and preserve or enhance the character and or appearance of the West End Conservation Area and its setting.</u> <p>Amend bullet 2 under Site Infrastructure Requirements:</p> <ul style="list-style-type: none"> <u>Financial contributions to primary and secondary education provision, and community facilities including healthcare provision as required by the NHS/CCG.</u> 	For effectiveness and consistency with national policy. This change also ensures that there is consistency with other policies and to reflect the latest position.	No. The main modification enhances the performance of the policy with regards to cultural heritage (SA Objective 13) by including specific reference to setting; however, this does not affect the overall score of this policy against this objective. The main modification does introduce specific reference to primary education provision.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p><i>Amend para 7.78:</i> Development on a wider site should protect and seek to enhance <u>preserve the setting of</u> the Grade II listed War Memorial on Duke Street, <u>conserve the setting of</u> the locally listed Civic Centre main entrance building, and <u>preserve or enhance</u> the character and or appearance of the adjoining West End Conservation Area <u>and its setting</u>. <u>The West End Conservation Area is on the Conservation Areas at Risk Register in 2018.</u> <u>The Council will support development that provides opportunities to enhance the Conservation Area.</u></p>		However, the provision of educational facilities has already been taken into account in the assessment and the amendment would not affect the conclusions of the SA in this regard.
MM27	Strategic Growth Site 1h – Eastwood House Car Park, Glebe Road and 7.92	<p><i>Amend bullet under Historic and natural environment:</i></p> <ul style="list-style-type: none"> Ensure protection or enhancement of <u>Preserve or enhance the character and or appearance of the adjoining West End Conservation Area and its setting.</u> <p><i>Amend bullet 2 under Site Infrastructure Requirements:</i> <u>Financial contributions to primary and secondary education provision, and community facilities including healthcare provision as required by the NHS/CCG.</u></p> <p><i>Amend para 7.92:</i> Although there are no heritage assets on the site, development should protect <u>preserve or</u> and seek to enhance the character and or appearance of the adjoining West End Conservation Area <u>and its setting</u>. <u>The West End Conservation Area is on the Conservation Areas at Risk Register in 2018. The main modification introduces additional criteria in respect of the historic environment which could influence the findings of the SA of this policy in respect of cultural heritage (SA Objective 13).

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
MM37	Growth Site 1r – British Legion, New London Road	<p><i>Amend bullet point 4:</i></p> <ul style="list-style-type: none"> <u>Architecture Development should respect preserve or enhance the character and or appearance of the New London Road Conservation Area, preserve and where appropriate enhance the setting of the Grade II listed Southborough House and conserve and where appropriate enhance the setting of the adjacent locally listed building at 176 New London Road.</u> 	For effectiveness and consistency with national policy. This change ensures consistency with other policies.	No. The main modification enhances the performance of the policy with regards to cultural heritage (SA Objective 13) by including specific reference to the enhancement of assets and their setting; however, this does not affect the overall score of this policy against this objective.
MM38	Growth Site 1v – Car Park R/O Bellamy Court, Broomfield Road	<p><i>Amend bullet point 3:</i></p> <ul style="list-style-type: none"> <u>Respect Preserve and where appropriate enhance the setting of the Grade II listed Coval Hall to the west, and protection or enhancement of preserve or enhance the character and or appearance of the adjoining West End Conservation Area and its setting.</u> 	For effectiveness and consistency with national policy. This change ensures consistency with other policies.	No. The main modification enhances the performance of the policy with regards to cultural heritage (SA Objective 13) by including specific reference to the enhancement of Coval Hall; however, this does not affect the overall score of this policy against this objective.
MM39	Opportunity Site 1a and 1b; Strategic Policy S9; Tables 3, 5 and 6; and para 7.10 and 7.104-7.110, Table 5 and 6	<p><i>Opportunity Site 1a and Opportunity Site 1b – change status to Growth Site Policy as follows; and remove bullet point referring to Phasing:</i></p> <p>Opportunity Growth Site Policy 1# – Rivermead, Bishop Hall Lane</p> <p>Opportunity Growth Site Policy 1# – Railway Sidings, Brook Street</p> <p><i>Amend 3rd Para after table in Strategic Policy S9:</i></p> <p>...will be delivered on Opportunity Sites and as part of ...</p> <p><i>Delete entire 3rd row of Table 3, page 85</i></p> <p><i>Delete text of Para 7.10:</i></p> <p>...which comprises sites 1a -1v and Opportunity Sites 1a and 1b.</p> <p><i>Delete Para 7.104 to 7.110</i></p> <p><i>Delete two references to Opportunity Sites in Tables 5 and 6</i></p>	For clarity and effectiveness to ensure that it is clear these are site policies within the Plan and to make it clear that these are sites for development. Also to make consequential changes following renaming of Opportunity Sites	No. Whilst the main modification changes the status of Opportunity Sites 1a and 1b, this does not affect the findings of the SA as the sites have already been assessed as site allocations.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
MM40	Opportunity Site OS1a – Rivermead Bishop Hall Lane	<p><i>Amend bullet point 7:</i></p> <ul style="list-style-type: none"> • Respect Preserve and where appropriate enhance for the waterside character and <u>the setting of the adjacent listed Mill House and pond</u> 	For effectiveness and consistency with national policy. This change ensures consistency with other policies.	No. The main modification enhances the performance of the policy with regards to cultural heritage (SA Objective 13) by including specific reference to the enhancement of assets and setting; however, this does not affect the overall score of this policy against this objective.
MM41	Strategic Growth Site 2 West Chelmsford, 7.111, 7.113, 7.119 and 7.121	<p><i>Delete bullet 2 under Historic and Natural Environment:</i></p> <ul style="list-style-type: none"> • Enhance the historic environment <p><i>Amend 2nd bullet under site infrastructure requirements:</i></p> <ul style="list-style-type: none"> • Land (circa 0.13 hectares) for a stand-alone early years and childcare nursery (Use Class D1) and <u>or contributions towards the cost of physical scheme provision with delivery through the Local Education Authority</u> <p><i>Add additional bullet under site infrastructure requirements:</i></p> <ul style="list-style-type: none"> • <u>Multi-user crossing of Roxwell Road</u> <p><i>Add new para before 7.111:</i> <u>The boundary of this Strategic Growth Site allocation is defined on the Policies Map and comprises a site for new housing and land allocated for future recreation use and/or SUDS.</u></p> <p><i>Expand first sentence of para 7.113:</i> As this is a Strategic Growth site and in order to achieve a mixed and balanced new community, the development will be required to provide a Travelling Showpeople site for 5 plots <u>will be required within the Strategic Growth Site allocation. The location of these plots will be determined through the masterplanning process.</u></p> <p><i>Delete last sentence of para 7.113</i></p> <p><i>Add to end of para 7.119:</i></p>	Change to ensure the plan is effective and clearly defines the area for the Strategic Growth Site.	No. The main modification provides clarity and greater consistency with national policy. Whilst the modification removes specific reference to the enhancement of the historic environment, this is not considered significant for the purposes of the SA when taking into account the existing assessment of this policy (which identified a neutral effect on cultural heritage (SA Objective 13)).

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p>The development will also be required to provide a safe multi-use crossing along Roxwell Road.</p> <p>Expand final sentence of para 7.121: For these reasons, the land to the west of the site is allocated for future recreation use/SuDS, <u>as shown on the Policies Map. Ancillary development to support the Strategic Growth Site allocation may be acceptable in this area. This will be determined through the masterplanning process.</u></p>		
MM42	Strategic Growth Site 3a – East Chelmsford (Manor Farm), 7.125, 7.131, 7.134 and 7.142	<p>Amend bullet 1, 2 and delete bullet 4 under Historic and natural environment:</p> <ul style="list-style-type: none"> • Conserve and Preserve or enhance the character and or appearance of the Chelmer and Blackwater Conservation Area • Protect and where appropriate enhance the nationally significant Bronze Age monument and its setting • Enhance the historic and natural environment <p>Amend 2nd bullet under design and layout:</p> <ul style="list-style-type: none"> • Remove <u>low voltage</u> electricity lines and pylons from the site allocation and install electricity cables underground. <p>Amend last para: Where appropriate, contributions will be collected towards recreation disturbance avoidance and mitigation measures for European designated sites. Where appropriate, contributions from developments will be secured towards mitigation measures identified in the Essex Recreational disturbance Avoidance and Mitigation Strategy (RAMS) which will be completed by the time the Local Plan is adopted. Prior to RAMS completion, the authority will seek contributions, where appropriate, from proposed residential development to deliver all measures identified (including strategic measures) through project level HRAs, or otherwise, to mitigate any recreational disturbance impacts in compliance with the Habitat Regulations and Habitats Directive.</p> <p>Add new paragraph before 7.125:</p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies and clearly defines the area for the Strategic Growth Site. It also provides clarification on electricity lines.	Yes. The main modification in respect of the inclusion of reference to RAMS has the potential to have a significant effect on biodiversity (SA Objective 1) for the purposes of the SA. The remaining amendments provide consistency with national policy and other local plan policies and greater clarity. Whilst important for alignment with the national policy, they are not considered significant for the purposes of the SA.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p>The boundary of this Strategic Growth Site allocation is defined on the <u>Policies Map and comprises the following notations:</u></p> <ul style="list-style-type: none"> • <u>Site for new housing</u> • <u>Proposed Country Park, and</u> • <u>Proposed Link Road into Sandford Mill.</u> <p><i>Delete the final sentence of para 7.125</i> Due to the heritage, landscape and utility constraints at this site, proposals significantly in excess of 250 homes are unlikely to be acceptable.</p> <p><i>Add new paragraph after 7.131</i> <u>This site policy states that around 250 homes is an appropriate number of homes for this site. However, this number of homes is based upon the Council's initial and precautionary assessment of the heritage, landscape and utility constraints which has been undertaken ahead of the detailed masterplanning process. The masterplanning process will determine the final number of new homes, which could be in excess of 250 homes, whilst ensuring that the overall objectives of the site policy are not compromised.</u></p> <p><i>Amend para 7.134:</i> The development will be required to provide direct, safe and convenient access-connections to and crossings at Maldon Road including to existing bus stops on Maldon Road. <u>In addition, where appropriate and in consultation with the Local Highway Authority, the development is expected to provide a safe multi-use crossing at Maldon Road.</u></p> <p><i>Amend fourth sentence of para 7.142:</i> At this stage, it is considered that development allocations in this location will be required to pay for the implementation of mitigation measures to protect <u>the interest features of European designated sites along the Essex Coast which include the Crouch and Roach Estuaries Special Protection Area, Ramsar site and Site of Special Scientific Interest, and potentially the Essex Estuaries Special Area of Conservation.</u></p>

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p>primary school with co-located 56 place early years and childcare nursery. A The new school is proposed early on in the development to be located on site 5a: Great Leighs – Land at Moulsham Hall <u>and Site 5c will contribute proportionately towards its provision.</u> It is essential that this school is available ahead of development of <u>Whilst site 5c Great Leighs – Land north and south of Banters Lane may come forward prior to Site 5a in the event of there being sufficient capacity at Great Leighs Primary School and/or White Court Primary School to the north, commencement of both sites 5a and 5c should otherwise be coincident to ensure viability of the primary school programmed to receive the pupils from both sites. However, in the event that site 5a does not proceed on programme, as set out in the housing trajectory and Infrastructure Delivery Plan, and there remains insufficient places at Great Leighs Primary School, the developer of site 5c will need to work with Essex County Council to agree an alternative strategy to mitigate the impact of their development on the availability of school places. Any such alternative strategy should not undermine the SGS 5 policy ability to deliver a new primary school provision in respect of Site 5a.</u> The nearest secondary schools to Great Leighs are located in Braintree town. The City Council together with Braintree District Council and Essex County Council (as Local Education Authority) have jointly considered the potential implications arising from both Chelmsford's and Braintree's emerging Local Plans, and the provision of secondary school provision. Proposals for the future expansion of Notley High School in Braintree can provide secondary place capacity for this site allocation. Effort should therefore be made <u>Therefore, as part of site infrastructure requirements there is a need to provide connections from the site and improvements to the surrounding footpath and cycleway network to ensure safe and direct walking and cycling routes between Great Leighs and Notley High School and White Court Primary School in Braintree.</u></p> <p><i>Amend para 7.274:</i> The development will take its vehicular access from Banters Lane <u>or through site EC3, via Main Road,</u> and be expected to mitigate its impacts on the local and strategic road network, both individually and collectively with the other allocations in Great Leighs.</p>		

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p><i>Amend para 7.277:</i> Development design and layout should also take into consideration the setting of other <u>nearby</u> heritage assets, including the listed buildings and scheduled monument at Gubbions Hall. <u>The development will be required to provide appropriate mitigation to avoid adverse impacts to the River Ter Site of Special Scientific Interest (SSSI) located to south of the site.</u></p> <p><i>Amend and move para 7.278 to the beginning of para 7.277:</i> Layout should also positively use existing topographical, heritage, ecological and landscape site features such as <u>shallow valleys,</u> established field boundaries, mature trees and vegetation, and nearby Local Wildlife Sites.</p> <p><i>Add additional para after 7.278:</i> <u>The development will be required to provide appropriate habitat mitigation and creation, and appropriate buffers to the adjacent Essex Wildlife Trust Nature Reserve, Sandylay/Moat Woods. This may include financial contributions towards mitigating increased recreational impacts.</u></p> <p><i>Add new para after 7.281:</i> <u>Great Leighs Waste Water Treatment Works (WWTW) does not currently have sufficient capacity to deal with the proposed growth at Great Leighs. Although this is not a barrier to new development to growth, additional capacity will need to be provided to the satisfaction of Anglian Water and the Environment Agency. Additional capacity could include improvements to the existing Great Leighs WWTW and/or on-site wastewater treatment systems solutions.</u></p>		
MM53	Strategic Growth Site 6 – North of Broomfield and 7.287, 7.283, 7.293	<p><i>Amend bullet 1 under Historic and Natural Environment:</i></p> <ul style="list-style-type: none"> <u>Protect Conserve and where appropriate enhance the setting historic properties and of the listed buildings on Blasford Hill and the non-designated heritage assets Wood House, the Coach House and Wood House Lodge adjoining the site</u> 	For effectiveness and consistency with national policy. This change ensures consistency with other policies.	Yes. The additional mitigation in respect of a new vehicular access into Broomfield Road Hospital has the potential for a significant effect for the purposes of the SA. The inclusion of specific reference to

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p>Add new second bullet under Historic and Natural Environment:</p> <ul style="list-style-type: none"> <u>Protect and where appropriate enhance the setting of the nearby Scheduled Monument to the north of the site</u> <p>Amend first sentence of para 7.287: The development will provide a multi-secondary purpose link <u>new vehicular access</u> road into Broomfield Hospital Campus.</p> <p>Delete para 7.293</p>		the protection and enhancement of Schedule Monuments may also affect the assessment of this policy against SA Objective 13 (cultural heritage).
MM54	Existing Commitment EC3 – Great Leighs, Land East of Main Road	<p>Amend bullet 3 and add new bullet 4 under site planning principles:</p> <ul style="list-style-type: none"> <u>Protect-Preserve and where appropriate enhance the setting of Gubbions Hall and listed buildings along Main Road</u> <u>Protect and where appropriate enhance the Gubbions Hall Scheduled Monument and its setting</u> 	For effectiveness and consistency with national policy. This change ensures consistency with other policies.	Yes. The inclusion of specific reference to the protection and enhancement of Gubbions Hall may affect the assessment of this policy against SA Objective 13 (cultural heritage).
MM55	Existing Commitment EC4 – East of Boreham	<p>Amend bullet 3 and 4 and delete bullet 8 under site planning principles:</p> <ul style="list-style-type: none"> <u>Protect Preserve or and where possible enhance the character and or appearance of the two conservation areas and their setting in the vicinity of the site</u> <u>Preserve and where appropriate enhance the setting of surrounding listed buildings</u> <u>Enhance the historic environment</u> 	For effectiveness and consistency with national policy. This change ensures consistency with other policies.	No. The main modification enhances the performance of the policy with regards to cultural heritage (SA Objective 13) by including specific reference to the setting of conservation areas; however, this does not affect the overall score of this policy against this objective.
MM56	Strategic Growth Site Policy SGS7, 7.330, 7.339, 7.341, 7.342	<p>Amend first sentence:</p> <p>Land to the north of Burnham Road (B1012) and east and west of the B1418, as shown on the Policies Map, is allocated for a high-quality comprehensively-planned sustainable extension to the existing town neighbourhood, that maximises opportunities for sustainable travel, in a landscaped setting.</p> <p>Amend bullet 3 under amount and type of development:</p> <ul style="list-style-type: none"> <u>1,000sqm of flexible business floorspace providing a range of unit sizes and types</u> <p>Split second bullet under Supporting On-Site development:</p>	For effectiveness and consistency with national policy. This change ensures consistency with Reasoned Justification and ensure the plan is up to date.	<p>Yes. The main modification introduces additional mitigation which has the potential to reduce adverse effects on biodiversity (SA Objective 1) and cultural heritage (SA Objective 13).</p> <p>The remaining amendments enhance the performance of the policy with regards to transport (SA Objective 6) and cultural heritage (SA Objective 13) in</p>

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<ul style="list-style-type: none"> • Neighbourhood Centre incorporating provision for convenience food retail (1,900sqm) • Flexible neighbourhood scale business (1,000sqm) and community and healthcare provision <p><i>Amend 3rd and 7th bullet under Movement and Access:</i></p> <ul style="list-style-type: none"> • Main vehicular access to the eastern parcel will be from Burnham Road <u>and/or</u> Woodham Road roundabout (B1012) • Provide additional <u>and/or improved</u> pedestrian and cycle connections to the Town Centre <u>and railway station</u> <p><i>Additional bullet under historic and natural environment:</i></p> <ul style="list-style-type: none"> • <u>Preserve and where appropriate enhance the setting of the listed buildings at Edwins Hall, Shaws Farmhouse, Tabrums, Wellington Farmhouse and Barn and Ilgars and the non-designated asset Hambert's Farm</u> <p><i>Add additional bullet points under Site Infrastructure Requirements:</i></p> <ul style="list-style-type: none"> ○ <u>Capacity improvements to the A132 between Rettendon Turnpike and South Woodham Ferrers, including necessary junction improvements</u> ○ <u>Multi-user crossings of the B1012 in South Woodham Ferrers which may include a bridge or underpass</u> <p><i>Amend sixth bullet:</i></p> <p><u>Provision of and/or financial contributions towards, recreation disturbance avoidance and mitigation measures for European designated sites including the Crouch Estuary Where appropriate, contributions from developments will be secured towards mitigation measures identified in the Essex Recreational disturbance Avoidance and Mitigation Strategy (RAMS) which will be completed by the time the Local Plan is adopted. 		along the Essex Coast which include the Crouch and Roach Estuaries Special Protection Area, Ramsar site and Site of Special Scientific Interest, and potentially the Essex Estuaries Special Area of Conservation.		
MM58	Strategic Growth Site 9 – Danbury, 7.360, 7.362	<p><i>Amend Policy SGS9:</i></p> <p>An allocation of <u>around 100 new homes to be accommodated within or adjoining the Defined Key-Service Settlement Boundary of Danbury. The site(s) to accommodate this allocation will be identified and consulted upon through the emerging Danbury Neighbourhood Plan.</u></p> <p><i>Add new sub-section to end of Policy:</i></p> <p><u>Site Masterplanning principles:</u></p> <p><u>Conserve and enhance the Sites of Special Scientific Interest (SSSI) in and around Danbury (Blake’s Wood and Lingwood Common SSSI, Woodham Walter Common SSSI, Danbury Common SSSI) ensuring any new development avoids direct impacts and mitigates indirect impacts (i.e. recreational damage) as a priority and provides any required mitigation measures where necessary (including those set within any emerging visitor impact studies / strategic solutions).</u></p> <p><i>Amend last para of Policy:</i></p> <p><u>Where appropriate, contributions will be collected towards recreation disturbance avoidance and mitigation measures for European designated sites. Where appropriate, contributions from developments will be secured towards mitigation measures identified in the Essex Recreational disturbance Avoidance and Mitigation Strategy (RAMS) which will be completed by the time the Local Plan is adopted. Prior to RAMS completion, the authority will seek contributions, where appropriate, from proposed residential development to deliver all measures identified (including strategic measures) through project level HRAs, or otherwise, to mitigate any recreational disturbance impacts in compliance with the Habitat Regulations and Habitats Directive.</u></p> <p><i>Amend 1st sentence of para 7.360:</i></p> <p>...the Spatial strategy makes an allocation of <u>around 100</u> homes.</p>	For effectiveness and consistency with national policy. This change also removes typographical errors and ensures the Local Plan is up to date.	<p>Yes. The main modification has the potential to have a significant effect on biodiversity (SA Objective 1) for the purposes of the SA.</p> <p>The other amendments provide consistency with national policy and other local plan policies, greater clarity and ensure that the Local Plan reflects the most recent information. These changes are not considered significant for the purposes of the SA.</p>

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p>Delete quote marks at end of last sentence of para 7.360</p> <p>Amend fourth sentence of para 7.362: At this stage, it is considered that development allocations in this location will be required to pay for the implementation of mitigation measures to protect <u>the interest features of European designated sites along the Essex Coast which include the Crouch and Roach Estuaries Special Protection Area, Ramsar site and Site of Special Scientific Interest, and potentially the Essex Estuaries Special Area of Conservation.</u></p>		
MM59	Policy SPA1	<p>Amend Policy SPA1 as follows:</p> <p>New development proposals at Strategic Growth Site 6 – North of Broomfield, to the north of the Hospital will provide <u>incorporate a new access road from Main Road (B1008) providing the opportunity for the Hospital to extend this road across land to be safeguarded within the Hospital campus to the hospital from Main Road (B1008).</u> Development within this Special Policy Area should safeguard the route of this new road and ensuring successful integration with the existing internal road network of the Hospital.</p>	For effectiveness and consistency with national policy. This change ensures consistency with Policy SGS6.	No. The main modification provides consistency with national policy and other local plan policies. As such, it is not considered significant for the purposes of the SA.
MM60	Policy SPA2	<p>Amend Policy SPA2 as follows:</p> <p><u>Development will be permitted for proposals</u> The Council will support proposals which provide ancillary functions to support the operation of the Racecourse, subject to good design quality; promoting more sustainable means of transport to the site and reducing use of individual trips by car; protecting and enhancing existing trees and hedgerows; preserving nearby listed buildings and their settings; minimising the impact of floodlighting; minimising environmental impacts including in respect of ecology and landscape, and ensuring the full restoration of the existing minerals site.</p>	For effectiveness and consistency with other policies.	No. The main modification enhances the performance of the policy with regards to cultural heritage (SA Objective 13) by including specific reference to listed buildings and their setting; however, this does not affect the overall score of this policy against this objective.
MM61	Policy SPA3	<p>Replace Policy SPA3 with:</p> <p><u>Development will be permitted for proposals that are not inappropriate development in the Green Belt as set out in the National Planning Policy Framework. Inappropriate development is harmful to the Green Belt and will not be permitted except in very special circumstances. Very special circumstances will not exist</u></p>	For effectiveness and consistency with other policies.	Yes. The main modification constitutes a replacement of Policy SPA3.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p><u>unless the potential harm to the Green Belt by reason of inappropriateness, and any other harm, is clearly outweighed by other considerations. Very special circumstances may include proposals for water infrastructure and ancillary development where there is a demonstrable need and directly associated with the role, function and operation of the Hanningfield Reservoir Treatment Works Site.</u></p> <p><u>Subject to national policy on Green Belt, development proposals should; optimise opportunities for sustainable means of transport to the site and reduce individual trips by car; provide high quality buildings; focus built form around existing buildings; protect and enhance trees and hedgerows; avoid adverse impacts in respect of biodiversity and landscape, and promote the nature conservation interests and recreational uses of the reservoir without impact upon the nature conservation interests of Hanningfield Reservoir SSSI through recreational disturbance. Development proposals are also expected to provide suitable SuDS and flood risk management.</u></p>		
MM62	Policy SPA4	<p><i>Amend first sentence of Policy SPA4:</i> The Council will support Development will be permitted for proposals which promote the continued role of these nationally important gardens.</p>	For effectiveness and consistency with other policies.	No. The main modification ensures consistency with other policies and as such, is not considered significant for the purposes of the SA.
MM63	Policy SPA5	<p><i>Amend Policy SPA5 as follows:</i> The Council will support Development will be permitted for proposals for a mix of uses to support Sandford Mill's cultural, leisure and recreational focus which, improves the access into and within the Special Policy Area;...</p> <p>Any proposals should protect conserve and or enhance nature and conservation interests, including the Green Wedge and Chelmer and Blackwater Navigation Conservation Area.</p>	For effectiveness and consistency with other policies.	No. The main modification ensures consistency with other policies and as such, is not considered significant for the purposes of the SA.
MM64	Policy SPA6	<p><i>Replace Policy SPA6 with:</i> Development will be permitted for proposals that are not inappropriate development in the Green Belt as set out in the</p>	For effectiveness and consistency with other policies.	Yes. The main modification constitutes a replacement of Policy SPA6.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p><u>National Planning Policy Framework. Inappropriate development is harmful to the Green Belt and will not be permitted except in very special circumstances. Very special circumstances will not exist unless the potential harm to the Green Belt by reason of inappropriateness, and any other harm, is clearly outweighed by other considerations. Very special circumstances may include development directly associated with the role, function and operation of Writtle University College and there is a demonstrable need.</u></p> <p><u>Subject to national policy on Green Belt, development proposals should; look for opportunities to improve circulation through and links with existing College buildings; promote more sustainable means of transport to the site and reduce individual trips by car and improve the facilities of the University College. This includes replacing existing buildings or structures of poor design quality and materials with well-designed high-quality buildings and structures that would not have a greater impact on the openness of the Green Belt and the purpose of including land within it than the existing development.</u></p>		
MM65	Policy HO1, 8.4, 8.5	<p><i>Amend Policy HO1 A) ii as follows:</i> each dwelling 50% <u>50% of new dwellings</u> to be constructed to meet requirement M4(2) of the Building Regulations 2015 (accessible or adaptable dwellings), or subsequent government standard.</p> <p><i>Amend Policy HO1 B) i as follows:</i> a minimum <u>a minimum</u> of 5% of new affordable dwellings should be built to meet requirement M4(3) of the Building Regulations 2015 (wheelchair user dwellings), or subsequent government standard.</p> <p><i>Amend Policy HO1 C) i as follows:</i> a minimum <u>a minimum</u> of 5% self-build homes which can include custom housebuilding. <u>At the time an application is submitted, the Council will review this percentage against the latest local housing need requirement for self-build/custom build homes; and</u></p>	For effectiveness and consistency with other policies.	No. The main modification ensures consistency with other policies and provides clarification. It is not considered significant for the purposes of the SA.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p><i>Add the following text to the end of paragraph 8.4:</i> <u>Where the 5% requirement does not result in whole numbers of units, the number of affordable dwellings meeting requirement M4(3) of the Building Regulations 2015, will be rounded up.</u></p> <p><i>Add the following text after the 4th sentence of paragraph 8.5:</i> <u>Where the 5% requirement does not result in whole numbers of units, the number will be rounded up.</u></p> <p><i>Delete the following wording for para 8.5:</i> At the time an application is submitted, the Council will review this percentage against the latest local housing need requirement for self-build/custom build.</p>		
MM66	Policy HO2, 8.10, 8.11, 8.12, 8.15	<p><i>Delete HO2 A) ii:</i> ii. comprise a maximum combined floorspace of more than 1,000 square metres (gross internal area).</p> <p><i>Amend the last sentence of paragraph 8.10 to:</i> This assessment identified a total affordable housing need in Chelmsford of 179 <u>affordable dwellings for rent</u> per-annum.</p> <p><i>Replace paragraph 8.11 with:</i> <u>The SHMA reviewed a range of affordable housing products available to meet housing need. The SHMA calculates 22% of overall housing should be provided as either social or affordable rented accommodation. The SHMA also shows demand for discounted market housing and shared ownership housing, which meets the definition of affordable housing, from households already in the market sector is around 16% of the overall housing. Where major development involving the provision of housing is proposed, national planning policy (NPPF 2019) requires (with some exceptions) at least 10% of homes to be available for affordable home ownership. The Local Plan Viability Study including the CIL Viability Review incorporated a series of assumptions including 35% affordable housing consisting of 13% shared ownership and 67% affordable rent housing.</u></p>	For effectiveness and compliance with national policy. This change ensures consistency with other policies. The text has been incorporated in amended paragraph 8.11.	No. The main modification ensures consistency with other policies and provides clarification. It is not considered significant for the purposes of the SA.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p><u>In order to meet the need for affordable homes for rent identified in the SHMA and the demand for affordable home ownership housing that the Government requires, Policy HO2 A) requires the provision of 35% of the total number of residential units to be provided and maintained as affordable housing. The results of the Local Plan Viability Study including CIL Viability Review demonstrates that the threshold and types of affordable housing contributions identified in the Local Plan are achievable and the cumulative impact of policies in the Local Plan will not put development at serious risk.</u></p> <p><i>Amend paragraph 8.12:</i> There is a requirement to provide 23.1% of the overall housing need as either social or affordable rented accommodation in the SHMA. The SHMA indicates there is a net need for all sizes of affordable housing. The largest net need is for two bedroom units, followed by one bedroom units.</p> <p><i>Delete paragraph 8.15</i></p>		
MM67	Policy HO3	<p><i>Amend 1st para of Policy HO3:</i> The Council will make provision for the accommodation needs of Gypsy, Traveller or Travelling Showpeople, who meet the national Planning Policy for Traveller Sites (PPTS) definition, through an allocated sites within the Local Plan.</p> <p><i>Delete Criterion A) iii and B) iv of Policy HO3</i></p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies.	No. The main modification ensures consistency with other policies and provides clarification. It is not considered significant for the purposes of the SA.
MM68	Policy EM1 and para 8.28	<p><i>Amend first sentence of Policy EM1 as follows:</i> Within the Employment Areas, Rural Employment Areas and new employment site allocations, which include existing as shown on the Policies Map, the Council will seek to provide and retain Class B uses or other 'sui generis' uses of a similar employment nature <u>unless it can be demonstrated that there is no reasonable prospect for the site to be used for these purposes.</u> Planning permission will be granted for the redevelopment or change of use for non-Class B uses where:</p> <p><i>Amend para 8.28:</i></p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies.	No. The main modification provides consistency with national policy and other local plan policies. As such, it is not considered significant for the purposes of the SA.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		The protection of the City Centre and other designated centres for their retail function is a key objective of this Plan. A proliferation of A1 uses in the Employment Areas could be harmful to this objective and will be resisted, <u>with the exception of small scale proposals (in terms of floorspace) and it being ancillary in nature by supplementing the predominant employment offering within the Employment Area. Only in exceptional circumstances, where it can be demonstrated that the use would not materially harm the function, character and purpose of the employment area or other designated retail centres limited in relation to overall floorspace and the extent of contained in the employment area and ancillary Class A uses may be acceptable.</u>		
MM69	8.39	<i>Amend para 8.39 to:</i> For the purposes of all relevant policies of the Local Plan, the term Countryside includes Green Belt, the Green Wedge, Green Corridors and the Rural Area. All of these designations are defined on the Policies Map. The Green Wedge and Green Corridors overlie overlays both the Green Belt and Rural Area.	To ensure the Plan is justified, the Green Corridor designation is to be deleted from the Plan. (See also MM71, MM73, MM74, MM75 and MM76 where policy changes are to be made)	No. The main modification relates to supporting text. The implications of the removal of Green Corridors for the SA are considered in respect of the relevant policies elsewhere.
MM70	Policy CO2, 8.48, 8.49	<i>Amend Policy CO2:</i> POLICY CO2- NEW BUILDINGS AND STRUCTURES IN THE GREEN BELT Where new buildings or structures are proposed within the Green Belt, inappropriate development will not be approved except in very special circumstances. <i>Delete criterion A. (iv), A. (x) and D) of Policy CO2.</i> <i>Delete the last two sentences of paragraph 8.48</i> <i>Replace para 8.49 with:</i> <u>The Council acknowledges that due to the extent of the Green Belt in Chelmsford there may be instances where new buildings related to community or educational uses may be proposed e.g. a new village hall, new ancillary buildings related to an existing school. In accordance with the NPPF, these types of uses will be considered inappropriate development. However, the locational need for these types of uses will</u>	For effectiveness and consistency with national policy. This change ensures consistency with other policies.	No. The main modification provides consistency with national policy and other local plan policies. As such, it is not considered significant for the purposes of the SA.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<u>be given appropriate weight when considering whether there are very special circumstances that weigh in favour of the proposals.</u>		
MM71	Policy CO3, 8.53, 8.55, 8.56, 8.57, 8.59, 8.58	<p><i>Amend Policy title, Criterion A title and first sentence to:</i> POLICY CO3 – NEW BUILDINGS AND STRUCTURES IN <u>THE GREEN WEDGE AND GREEN CORRIDORS</u></p> <p>A) <u>New buildings and structures</u></p> <p>Planning permission will be granted for new buildings <u>and structures</u> where the development does not conflict with the purposes of the Green Wedge designation or Green Corridors designation, and is for:</p> <p><i>Amend criterion A) ii. to:</i> a local community facility that supports the role and function of the Green Wedge or Green Corridor; or</p> <p><i>Amend criterion A) iv. to:</i> local transport infrastructure and other essential infrastructure <u>or development which supports existing or potential utility infrastructure where which can demonstrate a requirement for a <u>the Green Wedge or Green Corridor location is appropriate and the benefits of which override the impact on the designation</u></u>; or</p> <p><i>Amend criterion B) to:</i> Where the development is located within a Green Wedge, p Planning permission will only be granted where the role and function of the Green Wedge, in maintaining open land between built-up areas, protecting biodiversity and promoting recreation, would not be materially harmed, and where the development would have no greater impact on the character and appearance of the area than the existing use and/or development. <u>The Council will assess the development based on the following:</u></p> <p>Where the development is located within a Green Corridor, planning permission will be granted where the development would</p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies.	Yes. The main modification removes reference to Green Corridors. The other amendments provide consistency with national policy and other local plan policies as well as greater clarity. These changes are not considered significant for the purposes of the SA.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p>have no greater impact on the character and appearance of the landscape along these river valley corridors than the existing use and/or development.</p> <p>In both a Green Wedge and Green Corridor, the Council will assess the development based on the following:</p> <ul style="list-style-type: none"> i. the size, scale, massing and spread of the new development compared to the existing; and ii. the visual impact of the development compared to the existing; and iii. the impact of the activities/use of the new development compared to the existing. <p><i>Amend criterion C) iv. to:</i> where the development is located within a Green Wedge, the new building is not materially larger than the one it replaces.</p> <p><i>Replace para 8.53 with:</i> <u>The Green Wedge is a local landscape designation that recognises the crucial role of the main river valleys in providing important open green networks for wildlife, flood storage capacity, leisure and recreation and sustainable means of transport. It also has an important role in preventing settlement coalescence and maintaining a sense of place and identity for neighbourhoods. New buildings within the Green Wedge will be restricted to ensure that the openness, role and function of these landscapes are not adversely affected.</u></p> <p><i>Amend para 8.55 to:</i> Essential infrastructure is defined as being infrastructure that must be situated in the location proposed for connection purposes <u>and the benefits of which override the impact of the designation</u> e.g. sewage or water connections, <u>power sources</u>, waste water recycling/treatment sites, electricity substations, emergency services or telecommunications, <u>including on-site and off-site reinforcements to existing networks</u>. Local transport infrastructure is defined as being infrastructure that must be</p>		

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p>situated in the location proposed e.g. a Park and Ride facility, new roads and bridges. Essential infrastructure will also be recognised as that proposed by statutory undertakers.</p> <p><i>Remove Green Corridor reference from paras 8.56, 8.57 & 8.59</i></p> <p><i>Amend para 8.58 to:</i> Economic growth in the Green Wedge and Green Corridors is encouraged but new buildings will only be permitted in circumstances where the proposal supports the sustainable growth and expansion of an existing, authorised and viable rural business. The need for a the Green Wedge or Corridor location would need to be justified. The Council must be satisfied that the new building is necessary for the existing business and that it is likely to continue to grow and prosper. New buildings for start-up businesses will not be permitted in the Green Wedge or Corridor. This is to avoid the proliferation of new buildings which are unconnected to existing sites and uses and may result in harm to the valued open <u>openness and landscape character of the landscapes and river valleys.</u></p>		
MM72	Policy CO4, 8.64, 8.65, 8.66, 8.68	<p><i>Amend criterion A) title and first sentence to:</i> A) <u>New buildings and structures</u></p> <p><u>Planning permission will be granted for new buildings and structures....</u></p> <p><i>Amend criterion A) iii. to:</i> <u>iii. local transport infrastructure and other essential infrastructure or development which supports existing or potential utility infrastructure</u></p> <p><i>Amend first sentence of para. 8.64 to:</i> Proposals for new buildings <u>and structures...</u></p> <p><i>Amend para. 8.65 to:</i> Essential infrastructure is defined as being infrastructure that must be situated in the location proposed for connection purposes <u>and the</u></p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies	No. The main modification provides consistency with national policy and other local plan policies as well as greater clarity. As such, it is not considered significant for the purposes of the SA.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p><u>benefits of which override any adverse impacts on the intrinsic character and beauty of the countryside. e.g. electricity substation, waste water treatment sites, emergency services or telecommunications. e.g. sewage or water connections, power sources, waste water recycling/treatment sites, electricity substations, emergency services or telecommunications, including on-site and off-site reinforcements to existing networks.</u> Local transport infrastructure is defined as being infrastructure that must be situated in the location proposed e.g. a Park and Ride facility, new roads and bridges. <u>Essential infrastructure will also be recognised as that proposed by statutory undertakers.</u></p> <p><i>Amend first sentence of para. 8.66 to:</i> Buildings <u>and structures</u>.....</p> <p><i>Amend first sentence of para. 8.68 to:</i> Economic growth in the Rural Area is encouraged but new buildings <u>and structures</u>....</p>		
MM73	Policy CO5	<p><i>Amend Policy title, Criterion B title and first sentence to:</i> POLICY CO5 – INFILLING IN THE GREEN BELT, GREEN WEDGE, GREEN CORRIDOR AND RURAL AREA</p> <p>B) Green Wedge, Green Corridors and or Rural Area</p> <p>Planning permission will be granted for infilling in the Green Wedge, Green Corridors and or Rural Area provided that:.....</p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies.	Yes. The main modification removes reference to Green Corridors.
MM74	Policy CO6, 8.76, 8.77, 8.78	<p><i>Amend Criterion B title and first sentence to:</i> B) Green Wedge and Green Corridors Planning permission will be granted for the change of use of buildings in the Green Wedge and Green Corridors where:</p> <p><i>Amend Criterion B iii. to:</i> iii. the use of any land within the curtilage of the building, and which is to be used in association with that building, would not conflict with the purposes of the Green Wedge or Green Corridor Designations; and</p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies.	Yes. The main modification removes reference to Green Corridors.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p><i>Amend last para of Criterion B to:</i> Changes of use of land and engineering operations will be permitted where the development would not adversely impact on the role, function, character and appearance of the Green Wedge and Green Corridors as set out in Policy CO1- Strategic Policy S13.</p> <p><i>Delete para. 8.76</i></p> <p><i>Amend first sentence of para 8.77 to:</i> Within the Green Belt, and Green Wedge and Green Corridors, any alteration or extension included as part of a change of use will require careful scrutiny in order to ensure that it is not disproportionate in relation to the existing building.</p> <p><i>Amend first and second sentence of para 8.78 to:</i> Buildings will normally have an identified curtilage. It is important to consider how the curtilage may alter as part of the change of use to the host building; for example, through storage or domestication. In the Green Belt, the Council will be mindful about the impact on openness. In the Green Wedge and Green Corridors, the ancillary use of the land should not conflict with the purpose of the designations.</p>		
MM75	Policy CO7, 8.84	<p><i>Amend policy title, criterion B title and first sentence to:</i> POLICY CO7 – EXTENSIONS TO EXISTING BUILDINGS WITHIN THE GREEN BELT, GREEN WEDGE, GREEN-CORRIDORS AND RURAL AREA</p> <p>B) Green Wedge and Green Corridors Planning permission will be granted for extensions or alterations to existing buildings where the building is located within the Green Wedge or Green Corridor and the extension or alteration would not:</p> <p><i>Amend Criterion B ii. & iii. to:</i> ii. be out of keeping with its context and surroundings or result in any other unacceptable harm; and iii. conflict with the purposes of the Green Wedge or Green Corridor designation.</p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies.	Yes. The main modification removes reference to Green Corridors.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p><i>Amend criterion C) i. to:</i></p> <p><u>i. be disproportionate in size, scale and proportions, such that the form and appearance would be out of keeping with the existing building, its context and surroundings be out of keeping with its context and surroundings and does not result in any other unacceptable harm; and</u></p> <p><i>Amend para 8.84 to:</i></p> <p>B) Green Wedge and Green Corridors The role of the main river valleys will be protected and enhanced as a valued and multi-faceted landscapes for their openness and preventing settlement coalescence and its function as an important green networks for wildlife, leisure and recreation. Some parts of the Green Wedge and Green Corridors may also fall within the Green Belt. In these cases, the objectives and purpose of the Green Belt will still apply; Green Belt is a national designation, subject to national policies and will still be given full weight in planning decisions. <u>The Green Wedge and Green Corridors will also covers parts of the designated Rural Area and</u> in these cases the proposal will need to conform with both Parts B and C of the policy.</p>		
MM76	Policy CO8	<p><i>Amend second paragraph of policy to:</i></p> <p>Planning permission will be granted for a new dwelling or caravan in the Green Wedge or Rural Area, Green Wedge or Green Corridor where there is a proven essential need for the purposes of agriculture or forestry, horse breeding and training, livery or other land-based rural business.</p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies.	Yes. The main modification removes reference to Green Corridors.
MM77	Policy HE1	<p><i>Amend criterion A):</i></p> <p>The impact of any development proposal on the significance of a designated heritage asset or its setting, and the level of any harm, will be <u>considered weighed</u> against any public benefits arising from the proposed development. Where there is substantial harm or total loss of significance of the designated heritage asset, <u>this will be weighed against any substantial public benefits, unless consent will be refused unless it can be demonstrated that the substantial harm</u></p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies.	No. The revised criteria provides enhanced protection for the historic environment. Policy HE1 has already been assessed as having a significant positive effect on cultural heritage (SA Objective 13).

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p><u>or loss is necessary to achieve substantial public benefits that outweigh that harm or loss; or all of the following apply:</u></p> <p><i>Amend first para and delete last para under B) Listed Buildings:</i> In addition to the above Criteria A) the Council will preserve Listed Buildings and will <u>permit only support</u> proposals where:</p> <p>Applications involving the demolition of a Listed Building will only be granted in exceptional circumstances, where the substantial public benefit derived from the proposals outweighs the loss.</p> <p><i>Amend first para under C) Conservation Area:</i> In addition to the above Criteria A) development will only be permitted in Conservation Areas where:</p> <p><i>Amend criterion D):</i> <u>Development proposals should protect Registered Parks and Gardens and their settings. Harm should be assessed in accordance with the tests within Part A of this policy. In addition, to the above Criteria A) planning permission will only be granted for proposals that would not cause harm to the character or setting of Registered Parks or Gardens unless there is a the harm is outweighed by public benefit.</u></p> <p><i>Amend criterion E):</i> <u>Development proposals should protect Scheduled Monuments and their settings. Harm should be assessed in accordance with the tests within Part A of this policy. In addition, to the above Criteria A) planning permission will only be granted for proposals that would not adversely affect a Scheduled Monument or its setting unless there is a the harm is outweighed by public benefit.</u></p>		
MM78	Policy HE3	<p><i>Amend first sentence of Policy HE3:</i> Planning permission will be granted for development affecting archaeological sites providing it protects, enhances <u>and</u> or preserves sites of archaeological interest and their settings.</p>	For consistency with national policy as some assets of archaeological interest may not require protecting, enhancing and preserving so 'and' is replaced with 'or'.	No. The main modification provides consistency with national policy and as such, it is not considered significant for the purposes of the SA.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
MM79	Policy NE1, 8.109	<p><i>Add to end of (A) Internationally Designated Sites:</i></p> <p><u>Where appropriate, contributions from developments will be secured towards mitigation measures identified in the Essex Recreational disturbance Avoidance and Mitigation Strategy (RAMS) which will be completed by the time the Local Plan is adopted. Prior to RAMS completion, the authority will seek contributions, where appropriate, from proposed residential development to deliver all measures identified (including strategic measures) through project level HRAs, or otherwise, to mitigate any recreational disturbance impacts in compliance with the Habitat Regulations and Habitats Directive.</u></p> <p><i>Amend para 8.109:</i></p> <p>The development proposal should be informed by the results of the checklist and any relevant survey <u>and apply the mitigation hierarchy</u> and have regard to the Council's Green Infrastructure Strategy: <u>Strategic Plan.</u></p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies	Yes. The additional text introduced by the main modification has the potential to have a significant effect on biodiversity (SA Objective 1) for the purposes of the SA.
MM80	Policy NE2, 8.113	<p><i>Amend A) first para:</i></p> <p><u>Planning permission will only be granted for development proposals that do not result in unacceptable harm to the health of a preserved tree, trees in a Conservation Area or Registered Park and Garden, preserved woodlands or ancient woodlands. Consideration will also be given to the impact of a development on aged or veteran trees found outside ancient woodlands.</u></p> <p><i>Amend A) second para:</i></p> <p><u>Development proposals that have the potential to affect preserves trees, trees in a Conservation Area or Registered Park and Garden ...</u></p> <p><i>Amend B) as follows:</i></p> <p><u>B) Non-Protected Other Landscape Features</u></p> <p><u>Planning permission will only be granted for development proposals that do not result</u></p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies	No. The main modification is for consistency and whilst it may enhance the performance of Policy NE2 when assessed against SA Objective 13 (Cultural Heritage), it is not considered significant for the purposes of the SA
MM81	Policy NE3	<p><i>Amend Policy NE3, part A (ii) as follows:</i></p> <p><u>ii. it seeks to achieve betterment and does not worsen flood risk elsewhere.</u></p>	For effectiveness, legally compliant and consistency with national policy.	No. The main modification is for consistency and as such, is not considered significant for the

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p><i>Amend Policy NE3, part B (ii) as follows:</i> ii. manage surface water run-off so that the run-off rate is no greater than the run-off prior to development taking place or if the site is previously developed, development reduces run-off rates and volumes as far as is reasonably practical; and</p> <p><i>Amend Policy NE3, part C, final sentence, as follows:</i> As well as providing appropriate water management measures, where possible SuDS should be multi-functional to deliver benefits for wildlife, amenity and landscape the built, natural and historic environment.</p>	This change ensures consistency with other policies.	purposes of the SA. Whilst the removal of reference to betterment in respect of flood risk narrows the focus of the policy, this would not affect the scoring of the policy against SA Objective 9 (Flood Risk).
MM82	Policy NE4	<p><i>Amend first criteria:</i> i. do not cause demonstrable harm to residential amenity living environment; and</p> <p><i>Amend fourth criterion:</i> iv. do not have an unacceptable visual impact which would be harmful to its setting the character of the area; and</p>	For effectiveness and consistency with other policies.	No. The main modification is for consistency and as such is not considered significant for the purposes of the SA
MM83	Policy CF1, 8.125	<p><i>Amend Policy CF1(iv):</i> iv. there would be no unacceptable impact on the character, appearance or amenities of the area local environment; and</p> <p><i>Amend paragraph 8.125:</i> New development should be physically compatible in form and appearance with its surroundings. It should not adversely impact <u>the local environment of the area by reason of impact on residential its neighbours and should avoid adverse impacts on, noise, pollution, biodiversity, air or and water quality.</u></p>	For effectiveness and consistency with other policies.	No. The main modification is for consistency and as such is not considered significant for the purposes of the SA
MM84	Policy CF2	<p><i>Amend Policy CF2 A) by adding a new sentence under the criteria:</i> <u>In relation to the loss of a locally valued community facility that is commercial in nature, such as public houses, and private healthcare, evidence will need to be submitted to demonstrate that the use is not economically viable and that it is no longer required to meet the needs of the local community.</u></p>	For effectiveness and consistency with other policies.	No. The main modification enhances the performance of the policy and provides greater clarity. However, the additional text would not materially affect the conclusions of the appraisal of Policy CF2, which already identifies

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
				significant positive effects on, inter alia, sustainable living and revitalisation (SA Objective 4).
MM85	Policy MP1	<p><i>Amend policy title:</i> POLICY MP1 – HIGH QUALITY AND INCLUSIVE DESIGN</p> <p><i>Amend part (B) (vi) to:</i> vi. create safe, accessible and inclusive environments</p> <p><i>Amend vii to:</i> vii. minimise the use of natural resources in accordance with Policy MP3.</p> <p><i>Add end of para 9.3:</i> <u>Consideration should be given to the detailed guidance contained within the Council's Making Places Supplementary Planning Document.</u></p>	For effectiveness and consistency with national planning policy	No. The main modification enhances the performance of the policy by including specific reference to accessibility and inclusivity. However, this would not materially affect the conclusions of the appraisal of Policy MP1 which already identifies significant positive effects on, inter alia, sustainable living and revitalisation (SA Objective 4).
MM86	Policy MP2, 9.9 and 9.14	<p><i>Amend first para of Policy MP2:</i> The Council will require all new major development to meet the highest standards <u>be of high quality of built form</u> and urban design.</p> <p><i>Amend first bullet point of MP2:</i></p> <ul style="list-style-type: none"> • Respect the historic and natural environment of biodiversity and amenity interests through the provision of a range of <u>greenspaces</u> <p><i>Amend 11th bullet to of MP2:</i></p> <ul style="list-style-type: none"> • Provide public open space <u>or larger scale and contribute to green infrastructure</u> <p><i>Amend 14th bullet of MP2:</i></p> <ul style="list-style-type: none"> • Minimise use of natural resources in accordance with Policy MP3. <p><i>Add to end of Policy:</i> <u>Where relevant, new residential development must be in accordance with the standards as set out in Appendix A, unless it</u></p>	For effectiveness and consistency with other policies.	No. The main modification enhances the performance of the policy by including specific reference to biodiversity. However, this would not materially affect the conclusions of the appraisal of Policy MP2 which already identifies positive effects on, inter alia, biodiversity (SA Objective 1).

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p><u>can be demonstrated that the particular site circumstances require a different design approach allow for a lower provision.</u></p> <p><i>Amend references to 'high standards' within para 9.9 to <u>high quality</u>.</i></p> <p><i>Add the following as penultimate sentence to 9.9: <u>The Council will encourage developers to have regard to the design principles set out in the Essex Design Guide.</u></i></p> <p><i>Add new para after 9.14: <u>All new residential development will be required to comply with the development standards within Appendix A. Applicants should consult the Council's Making Places Supplementary Planning Document for detailed guidance.</u></i></p>		
MM87	Policy MP3 and 9.20	<p><i>Amend first para of Policy MP3:</i></p> <p>The Council will expect all new dwellings and non-residential buildings to incorporate sustainable design features to reduce carbon dioxide and nitrogen dioxide emissions, and the use of natural resource, as follows where relevant.</p> <p><i>Re-order policy to the following order:</i></p> <p>All new dwellings shall meet the Building Regulations optional requirement for water efficiency of 110 litres/person/day.</p> <p><i>Expand the next para to the following:</i></p> <p>New dwellings and non-residential buildings shall provide convenient access to Electric Vehicle (EV) charging point infrastructure as follows:</p> <ul style="list-style-type: none"> • <u>Residential development should provide Electric Vehicle (EV) charging point infrastructure at the rate of 1 charging point per unit (for a dwelling with dedicated off-road parking) and/or 1 charging point per 10 spaces (where off-road parking is unallocated).</u> • <u>Non-residential development should provide charging points equivalent to 10% of the total parking provision.</u> 	For effectiveness and consistency with other policies and includes the requirements against which applications should be judged in the policy text.	No. The main modification is for consistency with other policies and is not considered significant for the purposes of the SA.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<ul style="list-style-type: none"> <u>Public charging points should be located in highly visible, accessible locations close to building entrances.</u> <p>Delete the paragraph: Non-residential developments of 1000sqm or more will be required to achieve at least a 10% reduction in carbon dioxide emissions above the requirements of current Building Regulations.</p> <p>All new non-residential buildings with a floor area in excess of 500sqm shall achieve a minimum BREEAM rating (or its successor) of 'Very Good'.</p> <p>Replace paragraph 9.20 with: <u>The standards for electrical vehicle charging points for new residential development are taken from The Institute of Air Quality Managements guidance document 'Land-Use Planning & Development Control: Planning for Air Quality (2017)' and is now the standard in many Councils across the UK. Standards for non-residential developments are set by the Low Emission Partnership's 2013 guidance document Low Emission Topic Note 1 Provision of EV charging points.</u></p> <p>Add end of para 9.22: <u>Detailed guidance is contained within the Council's Making Places Supplementary Planning Document.</u></p>		
MM88	Policy MP4 and 9.25	<p>Amend title of policy: POLICY MP4-- DESIGN SPECIFICATION FOR DWELLINGS AND HOUSES IN MULTIPLE OCCUPATION</p> <p>Amend Policy MP4 A) v): v. Provide appropriate and well designed refuse and recycling recycling and waste storage.</p> <p>Amend Policy MP4 (B) (i) and iii): i. achieve sufficient amenity communal garden space; and iii. Provide refuse and recycling appropriate and well designed recycling and waste storage within the plot of the building in which</p>	<p>For effectiveness and consistency with other policies. The title is changed as it currently suggests the Policy only applies to HMO's.</p> <p>The change also clarifies matters relating to recycling and waste storage. It also removes elements that are dealt with under the Building Regulations.</p>	<p>No. Whilst the main modification removes criteria within Policy MP4, this would be unlikely to have implications for the findings of the SA.</p>

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
		<p>the property is located, or a communal store where the development relates to more than one property; and</p> <p><i>Delete Policy MP4 (B) (v) and para 9.25</i></p> <p><i>Add end of para 9.23:</i> <u>Consideration should be given to the detailed guidance contained within the Council's Making Places Supplementary Planning Document.</u></p>		
MM89	Policy MP5	<p><i>Amend first para:</i> The Council will have regard to All development will be required to comply with the vehicle parking standards set out in the Essex Parking Standards - Design and Good Practice (2009), or as subsequently amended, when determining planning applications.</p>	For effectiveness of the policy	No. The main modification is a minor change to policy wording and is not considered significant for the purposes of the SA.
MM90	Policy MP6, 9.31 and 9.32	<p><i>Amend Policy MP6:</i> The Council will permit support proposals for buildings above 6.5 storeys or above 16m high in part of the City Centre, provided:</p> <p><i>Amend third sentence of para 9.31</i> Suitable locations for tall buildings may be areas <u>that are the most well-connected by public transport whilst providing opportunities to make the most efficient use of land; and around the transport interchange of the train and bus stations or large public spaces where tall structures are able to make a positive contribution to the existing character and context of an area subject to all of the above justifications.</u></p> <p><i>Add to end of para 9.32:</i> <u>Consideration should be given to the detailed guidance contained within the Council's Making Places Supplementary Planning Document.</u></p>	For effectiveness and consistency with other policies and to provide clear reference to the SPD being produced to support the Local Plan.	No. The main modification is for consistency with other policies and provides greater clarity. It is not considered significant for the purposes of the SA.
MM91	Policy MP7 and paragraphs 9.33-9.36	<p><i>Delete Policy MP7 and paragraphs 9.33-9.36</i></p>	The policy duplicates the requirements within the Building Regulations Approved Document R and it is proposed to be deleted, along with the relevant reasoned justification. The aspirations to support the expansion of high	Yes. Whilst Policy MP7 duplicates requirements within the Building Regulations, it's deletion may have implications for the findings of the SA.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
			speed broadband is suitably captured within Strategic Policy S11.	
MM92	Policy PA1, 9.37 and 9.38	<p><i>Amend Section Title to:</i> <u>PROTECTING AMENITY LIVING AND WORKING ENVIRONMENTS</u></p> <p><i>Amend para 9.37:</i> An essential part of high-quality design should be the safeguarding of the living <u>and working</u> environments of existing and future residents.</p> <p><i>Amend policy title:</i> <u>POLICY PA1 - PROTECTING AMENITY LIVING AND WORKING ENVIRONMENTS</u></p> <p><i>Substitute the word 'amenities' for the term 'living environments' in PA1 (i):</i> i. safeguards the amenities living environments of the occupiers of any nearby residential property by ensuring that the development is not overbearing and does not result in unacceptable overlooking or overshadowing. The development shall also not result in excessive noise, activity or vehicle movements; and</p> <p><i>Amend PA1 (ii):</i> ii. is compatible with neighbouring or existing uses in the vicinity of the development and protects the wider amenities of the area by ensuring that the development, and its relationship with the surrounding area, avoids unacceptable levels of polluting emissions by reason of noise, light, smell, fumes, vibrations or other issues, unless appropriate mitigation measures can be put in place and permanently maintained.</p> <p><i>Substitute the word 'amenities' for the term 'living environments' in second sentence of para 9.38:</i> This includes the protection of existing amenity <u>living environments</u> by ensuring there is not excessive noise or unacceptable overlooking created by new development.</p>	To provide clarity to the reader and make clear this policy deals with both living and working environments. The criterion is split into (i) and (ii) to reflect this consideration.	No. The main modification is for clarity and is not considered significant for the purposes of the SA.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
MM93	Tables 5-8 Monitoring Framework	<i>Replace with table in Annex 4</i>	To update the monitoring framework in light of the proposed main modifications and to ensure monitoring is effective	Yes. The revised monitoring framework may include new indicators of particular relevance for inclusion in Appendix K of the SA (Revised Monitoring Framework).
MM94	Appendix A	<p><i>Amend Para A1:</i> This Appendix provides information about standards that apply to all new residential developments in Chelmsford including conversions, whether apartments, houses, or houses in Multiple Occupation (HMO's) or extensions. The standards also apply to extensions to existing dwellings in most circumstances, unless it can be demonstrated that the particular site circumstances require a different design approach.</p> <p><i>Amend Para A2:</i> These standards are provided as an Appendix rather than set out in policies within the Local Plan to enable them to be reviewed and updated more readily. They standards are guidance to be applied to planning applications and seek to ensure new developments will meet the needs of their occupiers, minimise the impact of new developments on surrounding occupiers and encourage higher rates of recycling. Detailed guidance is contained within the Council's Making Places Supplementary Planning Document. Where relevant, links have been provided to other Council documents or national standards.</p> <p><i>Amend Para A3:</i> ...and a good standard of amenity living environment ...</p> <p><i>Amend text following Table 9:</i> * For tall buildings (above 6 5 storeys or 16 metres) ...</p> <p><i>Amend caption for Figure 12:</i> Separation distances and amenity standards private garden space for a small ...</p>	Consequential changes to Appendix A following changes to term 'amenity' in Policy PA1 to be consistent. Changes also correct the status of Appendix A within the Local Plan.	No. The main modification will not have implications for the SA.
MM95	Appendix B	<i>Delete Appendix B</i>	Appendix B was intended to assist with the understanding of how elements of	No. The main modification will not have implications for the SA.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
	Housing Site Breakdown		the housing numbers were derived to assist with the consultation process. It is not referred to anywhere in the Plan and the status of sites has now moved on so it is no longer required.	
MM96	Appendix C	<p>Update Housing Trajectory to include Windfall figures for year 6 onwards in accordance with Annex 5 attached to this Schedule.</p> <p><i>Replace with Local Plan Housing Trajectory, Employment Trajectory and Gypsy, Traveller and Travelling Showpeople Trajectory 2019 in Annex 5.</i></p> <p><i>Replace Figure 15: 2013-2036 Housing Trajectory in Annex 5.</i></p> <p><i>Reflect the updates to the Housing Trajectory delivery timescales in reasoned justification for the following paragraphs 7.48, 7.58, 7.64, 7.74, 7.84, 7.111, 7.125, 7.172, 7.188, 7.197, 7.242, 7.257, 7.269, 7.282, 7.306, 7.313, 7.325 and 7.346.</i></p> <p><i>In addition, amend the format of dates for example 20XX/XX and 20XX/20XX to <u>20XX</u> and <u>20XX</u> for the following paragraph 7.143, 7.156, 7.209 and 7.301.</i></p> <p><i>Amend C2:</i> C2 For each of the above, timeframes for development have been projected based on the following information:</p> <ul style="list-style-type: none"> • Published housing completions for years 2013/14 to 2018/19<u>16/17</u> • Known planning permissions and expected time frames for development, based on developers' projected build out rates (sourced from the April 2019<u>7</u>-Housing Site Schedule) for years 2019<u>7</u>/19<u>8</u> to 2023<u>1</u>/24<u>2</u> • Expected time frames for the development of Pre-Submission Local Plan allocations, based on projected build out rates and information from site promoters for years 2019<u>7</u>/19<u>8</u> to 2023<u>1</u>/23<u>2</u> as applicable 	To ensure the numbers in Strategic Policy S9 are correctly reflected in the Trajectory and to provide an annual update which will need to be taken into account at the time of publication.	No. The consequential changes to Strategic Policy S9 as a result of amendments to the Housing Trajectory have been considered above.

Main Modification Reference Number	Paragraph/ Policy	Main Modification	Reasons for Main Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Main Modifications?
MM97	APPENDIX D	<i>Delete Appendix D – North Chelmsford Area Action Plan</i>	Deletion to ensure the plan is sound by removing this extract of the AAP as it is to be superseded by the Plan (see also MM14)	No. The main modification will not have implications for the SA.
MM98	11.2	<i>Amend third sentence of para 11.2 to: These include a Review of the Defined Settlement and Urban Area Boundaries 2018; <u>and</u> an Open Space Assessment 2016. and a review of Green Wedges and Green Corridors 2017.</i>	For effectiveness and consistency with other policies.	No. The main modification will not have implications for the SA.

Additional Modifications

This schedule sets out the additional modifications to the Chelmsford Pre-Submission Local Plan proposed by the Council; the paragraph and policy numbers refer to the submitted Local Plan. New text is shown as underlined. Deleted text is shown as ~~strike through~~. Actions are shown in *italic*.

Additional Modification Reference Number	Paragraph/ Policy Number	Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Additional Modifications?
AM1	Front Cover	<i>Add to cover:</i> Our Planning Strategy <u>2013</u> to 2036	No. The additional modification is presentational and not considered significant for the purposes of the SA.
AM2	Whole Plan	<i>Change all references to 'Green Wedges' to the singular and where appropriate proceed by 'the'</i> <i>Change all references of 'a Green Wedge' to 'the Green Wedge'</i>	No. The additional modification is presentational and not considered significant for the purposes of the SA.
AM3	1.1	<i>Amend last sentence of para 1.1:</i> The Council's is preparing a new Local Plan to provide a new planning framework to meet local development needs for the period up to 2013-2036 and consists of a Written Statement (this document) and a Policies Map	No. The additional modification relates to supporting text and is not considered significant for the purposes of the SA.
AM4	1.6	<i>Amend Box:</i> Section 1 - introduces the Local Plan, its purpose, the timetable <u>the plan period</u> , the Sustainability Appraisal and community-led planning, alongside details of how you can make comments. <i>Section 11 – add space between 'the' and 'Policies'. Delete 'to' before identify.</i>	No. The additional modification relates to supporting text and is not considered significant for the purposes of the SA.
AM5	1.7 to 1.35, 1.40 to 1.45 and 1.46, 1.47 and 1.48	<i>Update introductory text to the Local Plan to reflect current status.</i>	No. The additional modification relates to supporting text and is not considered significant for the purposes of the SA.
AM6	1.36	<i>Amend para 1.36:</i> The supporting documents which the Council can require to validate an application include a Design and Access Statement <u>Agricultural Land Classification Survey</u> , Transport Assessment and Travel Plan and Education Land Compliance Assessments.	No. The additional modification provides additional clarity and is not considered significant for the purposes of the SA.
AM7	2.24	<i>Insert additional para before 2.24:</i> <u>Chelmsford is well served by a range of urban and inter urban bus services between key centres in Essex. Chelmsford also has two Park and Ride facilities (Chelmer Valley and Sandon) with frequent connections to the City Centre for commuters and shoppers. North Chelmsford is also served by a bus-based rapid transit (ChART) connecting the new neighbourhood with the City Centre and rail station.</u>	No. The additional modification relates to the existing baseline and is not considered significant for the purposes of the SA.
AM8	2.28	<i>Amend para 2.28:</i>	No. The additional modification relates to the existing baseline and is not

Additional Modification Reference Number	Paragraph/ Policy Number	Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Additional Modifications?
		Chelmsford is also rich in history, with over 1,000 listed buildings, 25 Conservation Areas, 19 scheduled monuments and 6 historic park gardens <u>Registered Parks and Gardens of Special Interest</u> . Its historic landscape contains many archaeological sites dating back to pre-historic times.	considered significant for the purposes of the SA.
AM9	3.14	<i>Amend last sentence of para 3.14:</i> However, some additional capacity in certain areas may come about from promoting a change in behaviour, for example in how people choose to travel. However, to transport people exists on sustainable networks such as bus, walking and cycling. Subsequently, additional capacity in certain areas may come about from promoting a change in behaviour, for example in how people choose to travel.	No. The additional modification is presentational and is not considered significant for the purposes of the SA.
AM10	3.15	<i>Amend fourth sentence of para 3.15:</i> The modelling outputs indicate that the patterns and severity of congestion across Chelmsford in the modelling would remain broadly consistent regardless of differences in Local Plan development allocation and the mitigation measures identified.	No. The additional modification is presentational not considered significant for the purposes of the SA.
AM11	3.23	<i>Amend para 3.23:</i> A key infrastructure challenge will be ensuring that the local and strategic transport network can accommodate the proposed future growth. The traffic modelling evidence base work has assessed the transport implications of the Local Plan throughout its preparation, <u>and identified junction mitigation and sustainable infrastructure requirements, where appropriate.</u>	No. The additional modification relates to supporting text and is not considered significant for the purposes of the SA.
AM12	3.27	<i>Amend para 3.27:</i> Chelmsford has a wide range of planning designations such as Green Belt and other national environmental and heritage designations such as SSSI's, local wildlife habitats and woodlands providing biodiversity and ecological benefits. Chelmsford's historic environment is also important with a range of Scheduled Monuments, Listed Buildings, <u>Conservation Areas and Registered Parks and Gardens</u> . All of these contribute towards the local distinctiveness of the area and need to be protected and enhanced at the same time as achieving the growth required.	No. The additional modification relates to the existing baseline and is not considered significant for the purposes of the SA.
AM13	3.28	<i>Amend para 3.28:</i> The Local Plan will also protect and enhance local distinctiveness and plan positively for the creation, protection and enhancement of networks <u>to ensure a net gain for</u> of biodiversity and green infrastructure in line with the Council's Green Infrastructure Strategy . <u>Strategic Plan</u> .	No. The additional modification relates to supporting text and is not considered significant for the purposes of the SA.
AM14	3.29	<i>Add new para after 3.29:</i> <u>High quality green infrastructure will be used to protect, enhance and create wildlife corridors to maintain ecological connectivity when greenfield land will be lost. In line with the Spatial Principles (Policy S1), the Local Plan will also maximise the use of suitable previously developed land (brownfield land), provided that it is not of high environmental value and represents a sustainable location.</u>	No. The additional modification relates to supporting text and is not considered significant for the purposes of the SA.

Additional Modification Reference Number	Paragraph/ Policy Number	Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Additional Modifications?
AM15	3.33	<p><i>Amend para 3.33:</i> <u>The Local Plan policies will seek to achieve a net gain for biodiversity by providing new green spaces including high quality green infrastructure built into the designs and masterplans of new development.</u> The new Local Plan will <u>also</u> seek to ensure that all new development meets the highest standards of design. The Plan will <u>further</u> also encourage the use of masterplans and design codes where appropriate for strategic scale developments.</p>	No. The additional modification relates to supporting text and is not considered significant for the purposes of the SA.
AM16	3.37	<p><i>Add to end of para 3.37:</i> <u>A Cultural Development Trust has also been established to work in partnership with the Council to strengthen Chelmsford's cultural identity. Through close engagement with the public, the mutual objective is to inspire participation in the arts and culture, to build awareness of the City's historic heritage and to ignite interest in developing creative and cultural legacies for the future. The Trust will contribute to the ideas for a shared Cultural Vision "Towards 2040" and participate in encouraging investment in the City's museums and theatres.</u></p>	No. The additional modification relates to supporting text and is not considered significant for the purposes of the SA.
AM17	The Vision	<p><i>Amend second para of the Vision:</i> This positive change will optimise the opportunities for new and upgraded infrastructure including <u>cultural</u>, leisure and recreation facilities, shops, education and healthcare services historic environment.</p> <p><i>Amend bullets on page 37 and 38:</i></p> <ul style="list-style-type: none"> • Move towards a low carbon future for Chelmsford <u>seeking to mitigate and adapt to climate change and to promote the sustainable use of natural resources</u> • Protect and enhance the rich and diverse natural, built, and historic <u>and natural</u> environment <u>including the coast</u> 	No. The additional modification will not affect the existing assessment of the Local Plan Vision. It is therefore not considered significant for the purposes of the SA.
AM18	5.18	<p><i>Amend para 5.18:</i> Chelmsford has a rich and diverse heritage. It has many heritage assets which are worthy of protection for their significance. Within Chelmsford's administrative area there are 1,006 <u>1,008</u> listed buildings. There are also 25 Conservation Areas, 19 Ancient <u>Scheduled</u> Monuments, and 6 Registered Parks and Gardens all of which are shown on the Policies Map. With the exception of Conservation Areas, these Designated Heritage Assets are identified within the National Heritage List for England.</p>	No. The additional modification relates to the existing baseline and is not considered significant for the purposes of the SA.
AM19	6.24	<p><i>Amend para 6.24:</i> An Employment Land Review, Retail Capacity Study and Office Needs Assessment have also been carried <u>out</u> which set out the amount and types of employment and retail floorspace that will be required within the Local Plan period.</p>	No. The additional modification is presentational and is not considered significant for the purposes of the SA.
AM20	6.32	<p><i>Second to last sentence of para 6.32 replace 'are' with 'also'</i></p>	No. The additional modification is presentational and is considered significant for the purposes of the SA.

Additional Modification Reference Number	Paragraph/ Policy Number	Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Additional Modifications?
AM21	6.54 and 6.65	<p><i>Add new para following 6.54:</i> <u>The Council is cooperating with broadband infrastructure providers and the County Council to ensure as wide a coverage as possible with high speed, reliable broadband. National broadband operators can offer superfast broadband connection for new developments, either free of charge or as part of a co-funded partnership.</u></p> <p><i>Add new para before 6.65:</i> <u>The Chelmsford City Growth Package (£15m), which is jointly funded by Essex County Council and the South East Local Enterprise Partnership, for implementation by March 2021, will deliver a package of short term measures to achieve this vision. Once approved the final package will help to accommodate the existing, and future, transport needs of Chelmsford. A Housing Infrastructure Fund (HIF) forward funding bid submitted by Essex County Council in partnership with the City Council has also been successful at the expression of interest stage to move to the final stage for up to £250m grant to be directed to the delivery of the Chelmsford North East Bypass and Beaulieu Rail Station.</u></p>	No. The additional modification relates to supporting text and is not considered significant for the purposes of the SA.
AM22	6.65	<p><i>Add to last sentence of 6.65:</i> The overarching approach of Essex County Council is to develop three strategic zonal focuses (<u>Table 2 below</u>):</p>	No. The additional modification is presentational and is not considered significant for the purposes of the SA.
AM23	6.67	<p><i>Amend para 6.67:</i> For the purposes of this policy the widest reasonable definition of infrastructure and infrastructure providers will be applied. The term infrastructure can include any structure, building, system facility and/or provision required by an area for its social and/or economic function and/or wellbeing including (but not exclusively): footways, cycleways, <u>bridleways</u> and highways; such as youth or the elderly.</p>	No. The additional modification relates to supporting text and is not considered significant for the purposes of the SA.
AM24	6.75	<p><i>Add to start of para 6.75:</i> <u>Applicants should consult the Council's Planning Obligations Supplementary Planning Document for more guidance.</u> Essex County Council's Developer's Guide to Infrastructure Contributions sets out ECC's standards for the receipt of relevant infrastructure funding.</p>	No. The additional modification provides further clarity and is not considered significant for the purposes of the SA.
AM25	6.89	<p><i>Amend para 6.89:</i> The Council will review the Local Plan every five years. On the basis that it takes around two years to formally complete this process, a formal review, <u>including a formal Regulation 18 consultation</u>, will commence three years after the adoption of the Local Plan. This is envisaged to be in 2022.</p>	No. The additional modification provides further clarity to supporting text and is not considered significant for the purposes of the SA.
AM26	7.5	<p><i>Delete para 7.5</i></p>	No. The additional modification relates to supporting text and is not considered significant for the purposes of the SA.
AM27	7.9	<p><i>Amend first sentence of para 7.9:</i> This Growth Area will accommodate around <u>3,150</u> 3,400 new homes</p>	No. The additional modification relates to supporting text and is not considered significant for the purposes of the SA.

Additional Modification Reference Number	Paragraph/ Policy Number	Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Additional Modifications?
AM28	Policy SGS1c, 7.41	<p><i>Amend bullet 3 under Site Infrastructure Requirements of Policy SGS1c:</i></p> <ul style="list-style-type: none"> Financial contributions to primary and secondary education provision, and community facilities including healthcare provision <u>as required by the NHS/CCG.</u> <p><i>Add after first sentence of para 7.41:</i> <u>Due to the poor quality of the existing open space on site, in this instance, improving the quality of the open space to be provided on site as part of the development is appropriate in lieu of the Policy CF2 requirement to provide the same quantity of open space.</u></p>	No. The additional modification provides clarity and consistency with other Local Plan policies. It is not considered significant for the purposes of the SA.
AM29	Policy SGS1d	<p><i>Amend bullet 3 under Site Infrastructure Requirements:</i></p> <ul style="list-style-type: none"> Financial contributions to early years, primary and secondary education provision, and community facilities including healthcare provision <u>as required by the NHS/CCG.</u> 	No. The additional modification provides clarity and consistency with other Local Plan policies. It is not considered significant for the purposes of the SA.
AM30	Policy SGS1e	<p><i>Amend bullet 2 under Site Infrastructure Requirements:</i></p> <ul style="list-style-type: none"> Financial contributions to primary and secondary education provision, and community facilities including healthcare provision <u>as required by the NHS/CCG.</u> 	No. The additional modification provides clarity and consistency with other Local Plan policies. It is not considered significant for the purposes of the SA.
AM31	Policy SGS1f	<p><i>Amend bullet 2 under Site Infrastructure Requirements:</i></p> <ul style="list-style-type: none"> Financial contributions to primary and secondary education provision, and community facilities including healthcare provision <u>as required by the NHS/CCG.</u> 	No. The additional modification provides clarity and consistency with other Local Plan policies. It is not considered significant for the purposes of the SA.
AM32	7.86	<p><i>Add additional sentence to end of para 7.86:</i> <u>There is also scope for alternative land uses across the wider site including cultural or entertainment uses.</u></p>	No. The additional modification relates to supporting text and is not considered significant for the purposes of the SA.
AM33	7.95	<p><i>Add a new heading before para 7.95 (or as renumbered), as follows:</i> <u>Growth Sites in Chelmsford Urban Area</u></p>	No. The additional modification is presentational and is not considered significant for the purposes of the SA.
AM34	Policy GR1	<p><i>Amend 4th bullet under Site Infrastructure Requirements:</i></p> <ul style="list-style-type: none"> Financial contributions to early years, primary and secondary education provision, and community facilities including healthcare provision <u>as required by the NHS/CCG.</u> 	No. The additional modification provides clarity and consistency with other Local Plan policies. It is not considered significant for the purposes of the SA.

Additional Modification Reference Number	Paragraph/ Policy Number	Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Additional Modifications?
AM35	7.121	<i>Amend second to last sentence of para 7.121:</i> Layout should also positively use existing topographical, heritage, ecological and landscape site features such as shallow valleys, established field boundaries, mature trees and vegetation, and nearby Local Wildlife Sites.	No. The additional modification is presentational and is not considered significant for the purposes of the SA.
AM36	7.129	<i>Add to end of para 7.129:</i> <u>Any further contributions to provide, or make financial contributions towards new or enhanced sport, leisure or recreation facilities will be considered having regard to the provision of the new Country Park.</u>	No. The additional modification relates to supporting text and whilst providing greater clarity, is not considered significant for the purposes of the SA.
AM37	7.137	<i>Amend third sentence of para. 7.137:</i> The feature is <u>potentially considered</u> of national importance and therefore in accordance with para 139 of the NPPF it should be treated as if it were a Scheduled Monument.	No. The additional modification relates to supporting text, is presentational and is not considered significant for the purposes of the SA.
AM38	7.140	<i>Amend para. 7.140:</i> <u>As t</u> The site may contain archaeological deposits, <u>these</u> which will need to be considered by future development proposals, through an archaeological evaluation.	No. The additional modification relates to supporting text, is presentational and is not considered significant for the purposes of the SA.
AM39	7.233	<i>Amend para 7.233:</i> Flood risk management and natural , on-site SuDs are necessary to ensure there is no increased flood risk on site, or to adjacent areas and to ensure a sustainable form of development. Such features should not limit or adversely overlap with the main function of public open spaces	No. The additional modification relates to supporting text, is presentational and is not considered significant for the purposes of the SA.
AM40	7.236	<i>Amend para 7.236:</i> The allocation includes areas which have been consented for long-term minerals extraction. The masterplanned development will require careful phasing together with an application from the mineral operator to modify the phasing programme for mineral extraction, which would be <u>determined approved</u> by the Minerals Planning Authority.	No. The additional modification relates to supporting text, is presentational and is not considered significant for the purposes of the SA.
AM41	Policy SGS5a	<i>Move bullet 4 from 'Movement and Access' to 'Historic and Natural Environment':</i> <ul style="list-style-type: none"> • Ensure appropriate habitat mitigation and creation is provided 	No. The additional modification is presentational and is not considered significant for the purposes of the SA.
AM42	7.253	<i>Amend 1st sentence of para 7.253:</i> An area around the Grade II listed Moulsham Hall is allocated for conservation and strategic landscape enhancement, <u>as shown on the Policies Map.</u>	No. The additional modification is presentational and is not considered significant for the purposes of the SA.
AM43	7.277	<i>Amend para 7.277:</i> Development design and layout should also take into consideration the setting of other heritage assets, including the <u>nearby listed buildings including Blue Barnes Farm, The Cottage, Jasmine Cottage, Millers Cottage and Rose Cottage,</u> and <u>s</u> Scheduled <u>m</u> Monument at Gubbions Hall.	No. The additional modification relates to supporting text and whilst providing greater clarity, is not considered significant for the purposes of the SA.

Additional Modification Reference Number	Paragraph/ Policy Number	Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Additional Modifications?
AM44	7.287	<i>Amend second sentence of para 7.287:</i> This will help serve Broomfield Hospital, Fairleigh Hospice and King Edward VI Grammar School playing fields. <i>Add additional sentence to the end of para 7.287:</i> <u>Site developers should work in partnership with the Mid-Essex Hospital Trust to facilitate this proposed new vehicular access road to the Hospital.</u>	No. The additional modification relates to supporting text and whilst providing greater clarity, is not considered significant for the purposes of the SA.
AM45	7.291	<i>Amend last sentence of para 7.291:</i> Where the new link road affects Puddings Wood, compensatory measures which replaces and provides additional net habitat must be provided as part of the new development.	No. The additional modification is presentational and is not considered significant for the purposes of the SA.
AM46	7.293	<i>Amend para 7.293:</i> Development design and layout should also take into consideration the setting of nearby historic properties along Blasford Hill, Wood House, the Coach House and Wood House Lodge, and the scheduled monument site to the north of the site, <u>and other non-listed residential properties adjoining the site.</u>	No. The additional modification relates to supporting text and whilst providing greater clarity, is not considered significant for the purposes of the SA.
AM47	7.304	<i>Delete para 7.304</i>	No. The additional modification relates to supporting text and is not considered significant for the purposes of the SA.
AM48	7.309	<i>Amend para 7.309:</i> Moet Wood to <u>Moat Wood</u>	No. The additional modification is presentational and is not considered significant for the purposes of the SA.
AM49	7.328	<i>Delete quote marks at end of second sentence of para 7.328</i>	No. The additional modification is presentational and is not considered significant for the purposes of the SA.
AM50	7.330	<i>Capitalise Showpeople in the last sentence of para 7.330</i>	No. The additional modification is presentational and is not considered significant for the purposes of the SA.
AM51	7.332	<i>Amend first sentence of para 7.332:</i> Locations for <u>business</u> , office , retail and community space will need to be incorporated in a logical way to relate to local needs and maintain a balance of uses on the site and the adjoining town.	No. The additional modification is presentational and is not considered significant for the purposes of the SA.
AM52	8.5	<i>Add new sentence at end of para 8.5:</i> <u>Further information on the implementation of Policy HO1 Ci will be set out in the Planning Obligations Supplementary Planning Document.</u>	No. The additional modification relates to supporting text and whilst providing greater clarity, is not considered significant for the purposes of the SA.
AM53	8.8	<i>Add new sentence at end of para 8.8:</i> <u>Further information on the implementation of Policy HO1 Cii will be set out in the Planning Obligations Supplementary Planning Document.</u>	No. The additional modification relates to supporting text and whilst providing

Additional Modification Reference Number	Paragraph/ Policy Number	Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Additional Modifications?
			greater clarity, is not considered significant for the purposes of the SA.
AM54	Policy EM2	<i>Amend para E) to:</i> E) On upper floors, proposals for separate units of retail, office, tourism, leisure, cultural, community or residential accommodation will be supported provided that a separate access from the ground floor is maintained or created, a separate refuse and recycling and waste store is provided, and the use does not prejudice the retail function and viability of the ground floor.	No. The additional modification is presentational and is not considered significant for the purposes of the SA.
AM55	8.104	<i>Amend first sentence of para 8.104:</i> For development effecting Nationally Designated Sites, proposals will need to take account of the Chelmsford Green Infrastructure Strategy <u>Strategic Plan</u> .	No. The additional modification is presentational and is not considered significant for the purposes of the SA.
AM56	8.106	<i>Add new sentence to end of para 8.106:</i> <u>Developments adjacent to main rivers should take opportunities to improve water related biodiversity through a variety of initiatives including buffer strips, riparian tree planting, alien species removal and increasing in-channel morphology diversity.</u>	No. The additional modification relates to supporting text and whilst providing greater clarity, is not considered significant for the purposes of the SA.
AM57	8.108	<i>Amend para 8.108:</i> Biodiversity enhancements in and around development should have regard to the Council's Green Infrastructure <u>Strategic Plan</u> and be led by an understanding of ecological networks such as:	No. The additional modification is presentational and is not considered significant for the purposes of the SA.
AM58	8.128	<i>Amend para 8.128:</i> Community facilities and services include local shops, meeting places, sports and recreation venues (indoor and outdoor, including allotments), <u>tourism attractions</u> , cultural buildings, public houses and places of worship. <u>Tourist attractions would include uses such as museums, other buildings and uses of land used for cultural or other leisure purposes.</u>	No. The additional modification relates to supporting text and whilst providing greater clarity, is not considered significant for the purposes of the SA.
AM59	8.133 and 8.134	<i>Amend para 8.133:</i> The retention of all community facilities, including existing sport and leisure facilities, <u>tourist attractions and places of recreation</u> and public open spaces <u>and playing fields</u> , is paramount unless a case can be made that alternative provision will be provided in an acceptable and timely manner. <i>Move existing paragraphs 8.133 and 8.134 above existing 8.131 and re-number accordingly.</i>	No. The additional modification relates to supporting text and whilst providing greater clarity, is not considered significant for the purposes of the SA.
AM60	9.3	<i>Amend second sentence of para 9.3:</i> Good design rests upon analysis of the character of the area to create coherent and interesting places <u>rather than imposing arbitrary density requirements.</u>	No. The additional modification relates to supporting text and whilst providing greater clarity, is not considered significant for the purposes of the SA.
AM61	9.8	<i>Insert new para. after 9.8:</i> <u>Applicants should consult the Council's Making Places Supplementary Planning Document for detailed guidance.</u>	No. The additional modification relates to supporting text and whilst providing

Additional Modification Reference Number	Paragraph/ Policy Number	Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Additional Modifications?
			greater clarity, is not considered significant for the purposes of the SA.
AM62	9.22	<p><i>Amend para 9.22:</i> Part G of Building Regulations were changed in 2015 to include an optional requirement <u>for water efficiency i.e. so that</u> new homes should be designed to use no more than 110 litres of water/person/day.</p> <p><i>Add new para after 9.22:</i> <u>Applicants should consult the Council's Making Places Supplementary Planning Document for detailed guidance.</u></p>	No. The additional modification relates to supporting text and whilst providing greater clarity, is not considered significant for the purposes of the SA.
AM63	9.26	<p><i>Add new para after 9.26:</i> <u>Applicants should consult the Council's Making Places Supplementary Planning Document for detailed guidance.</u></p>	No. The additional modification relates to supporting text and whilst providing greater clarity, is not considered significant for the purposes of the SA.
AM64	9.43	<p><i>Amend para 9.43:</i> The Council has designated an <u>two</u> Air Quality Management Areas (AQMA) <u>covering the area around the Army & Navy roundabout and a small section of the A414 in Danbury, both of which are shown on the Policies Map.</u> Both of these areas have been designated because of arising from road traffic emissions. on the Army & Navy roundabout and surrounding roads, as shown on the Policies Map. The presence of an AQMA should not stop new development, but careful consideration should be given to proposals that may increase traffic flows or exposure to poor air quality. Proposals that fall outside of an AQMA can still have an impact on the air quality due to the nature of the development including, but not limited to, size, use, vehicle movements and traffic generation. The Council will consider each application on a site-by-site basis regarding its effect on the AQMA and its objectives, and/or whether the development would cause unacceptable harm to the air quality of the area.</p>	No. The additional modification relates to supporting text and whilst providing greater clarity, is not considered significant for the purposes of the SA.
AM65	A.12 Appendix A	<p><i>Amend second sentence:</i> They should benefit from casual surveillance so that they feel safe and be <u>are</u> accessible to all intended users. For city/town centre schemes, a communal garden area will be encouraged.</p>	No. The additional modification is presentational and is not considered significant for the purposes of the SA.
AM66	Appendix A Table 17	<p><i>Amend Title:</i> Recycling and waste collection <u>receptacles required</u> for flats and apartments</p>	No. The additional modification is presentational and is not considered significant for the purposes of the SA.
AM67	Appendix E – Evidence Base List	<p><i>Delete the Evidence Base List</i></p>	No. The additional modification is presentational and is not considered significant for the purposes of the SA.

Additional Modification Reference Number	Paragraph/ Policy Number	Modification	Sustainability Appraisal (SA): Are there implications for the SA arising from the Additional Modifications?
AM68	Appendix F Glossary	<i>Delete the glossary</i>	No. The additional modification is presentational and is not considered significant for the purposes of the SA.

Appendix C

Definitions of Significance

SA Objective	Guide Questions	Effect	Description	Illustrative Guidance
1. Biodiversity and Geodiversity: To conserve and enhance biodiversity and geodiversity and promote improvements to the green infrastructure network.	<ul style="list-style-type: none"> Will it conserve and enhance international designated nature conservation sites (Special Areas of Conservation, Special Protection Areas and Ramsars)? 	++	Significant Positive	<p>The policy/proposal would have a positive effect on European or national designated sites, habitats or species (e.g. enhancing habitats, creating additional habitat or increasing protected species populations).</p> <p>The policy/proposal would create new habitat and link it with existing habitats or significantly improve existing habitats to support local biodiversity.</p> <p>The policy/proposal would have major positive effects on protected geologically important sites.</p> <p>The policy/proposal would significantly enhance Chelmsford City Area's green infrastructure network.</p>
	<ul style="list-style-type: none"> Will it conserve and enhance nationally designated nature conservation sites such as Sites of Special Scientific Interest? 	+	Positive	<p>The policy/proposal would have a positive effect on sub-regional/local designated sites, habitats or species.</p> <p>The policy/proposal would improve existing habitats to support local biodiversity.</p> <p>The policy/proposal would have positive effects on protected geologically important sites.</p> <p>The policy/proposal would enhance Chelmsford City Area's green infrastructure network.</p>
	<ul style="list-style-type: none"> Will it conserve and enhance Local Nature Reserves, Local Wildlife Sites and Ancient Woodland? 	0	Neutral	<p>The policy/proposal would not have any effect on the achievement of the objective.</p>
	<ul style="list-style-type: none"> Will it avoid damage to, and protect, geologically important sites? 	-	Negative	<p>The policy/proposal would have negative effects on sub-regional or local designated sites, habitats or species (e.g. short term loss of habitats, loss of species and temporary effects on the functioning of ecosystems).</p>
	<ul style="list-style-type: none"> Will it conserve and enhance species diversity, and in particular avoid harm to indigenous species of principal importance, or priority species and habitats? 			<p>The policy/proposal would lead to short-term disturbance of existing habitat but would not have long-term effects on local biodiversity.</p> <p>The policy/proposal would have minor negative effects on protected geologically important sites.</p> <p>The policy/proposal would adversely affect Chelmsford City Area's green infrastructure network.</p>
	<ul style="list-style-type: none"> Will it provide opportunities for new habitat creation or restoration and link existing habitats as part of the development process? 	--	Significant Negative	<p>The policy/proposal would have negative effects on European or national designated sites, habitats and/or protected species (i.e. on the interest features and integrity of the site, by preventing any of the conservation objectives from being achieved or resulting in a long term decrease in the population of a priority species). These effects could not be reasonably mitigated.</p>
<ul style="list-style-type: none"> Will it enhance ecological connectivity and maintain and improve the green infrastructure network, providing green spaces that are well connected and biodiversity rich? 	<p>The policy/proposal would result in significant, long term negative effects on non-designated sites (e.g. through significant loss of habitat leading to a long term loss of ecosystem structure and function).</p> <p>The policy/proposal would have significant negative effects on protected geologically important sites.</p> <p>The policy/proposal would have a significant adverse effect on Chelmsford City Area's green infrastructure network.</p>			
		~	No Relationship	<p>There is no clear relationship between the policy/proposal and the achievement of the objective or the relationship is negligible.</p>

SA Objective	Guide Questions	Effect	Description	Illustrative Guidance
	<ul style="list-style-type: none"> Will it provide opportunities for people to access the natural environment including green and blue infrastructure? Will it conserve and enhance species diversity, and in particular, avoid harm to indigenous Biodiversity Action Plan priority habitats and species and protected species? 	?	Uncertain	The policy/proposal has an uncertain relationship to the objective or the relationship is dependent on the way in which the aspect is managed. In addition, insufficient information may be available to enable an assessment to be made.
2. Housing: To meet the housing needs of the Chelmsford City Area and deliver decent homes.	<ul style="list-style-type: none"> Will it meet the City's objectively assessed housing need, providing a range of housing types to meet current and emerging need for market and affordable housing? Will it reduce the level of homelessness? Will it help to ensure the provision of good quality, well designed homes? Will it deliver pitches required for Gypsies, Travellers and Travelling Showpeople? 	++	Significant Positive	The policy/proposal would provide a significant increase to housing supply and would provide access to decent, affordable housing for residents with different needs (e.g. housing sites with capacity for 100 or more units).
		+	Positive	The policy/proposal would provide an increase to housing supply and would provide access to decent, affordable housing for residents with different needs (e.g. housing sites of between 1 and 99 units). The policy/proposal would make use of/improve existing buildings or unfit, empty homes. The policy/proposal would promote high quality design. The policy/proposal would deliver sufficient pitches to meet requirements for Gypsies, Travellers and Travelling Showpeople.
		0	Neutral	The policy/proposal would not have any effect on the achievement of the objective.
		-	Negative	The policy/proposal would reduce the amount of affordable, decent housing available (e.g. a net loss of between 1 and 99 dwellings).
		--	Significant Negative	The policy/proposal would significantly reduce the amount of affordable, decent housing available. (e.g. a net loss of 100+ dwellings).
		~	No Relationship	There is no clear relationship between the policy/proposal and the achievement of the objective or the relationship is negligible.
		?	Uncertain	The policy/proposal has an uncertain relationship to the objective or the relationship is dependent on the way in which the aspect is managed. In addition, insufficient information may be available to enable an assessment to be made.
3. Economy, Skills and Employment: To achieve a strong and stable economy which offers rewarding and well	<ul style="list-style-type: none"> Will it provide a flexible supply of high quality employment land to meet the needs of existing 	++	Significant Positive	The policy/proposal would significantly encourage investment in businesses, people and infrastructure which would lead to a more diversified economy, maximising viability of the local economy and reducing out-commuting (e.g.it would deliver over 1 ha of employment land). The policy/proposal would result in the creation of new educational institutions.

SA Objective	Guide Questions	Effect	Description	Illustrative Guidance
located employment opportunities to everyone.	<ul style="list-style-type: none"> businesses and attract inward investment? Will it maintain and enhance economic competitiveness? Will it strengthen the convenience shopping role in Chelmsford City Centre and ensure that the neighbourhood and local centres continue to perform a strong convenience goods role which serves local needs? Will it support the growth of new sectors including those linked to the Anglia Ruskin University? Will it help to diversify the local economy? Will it provide good quality, well paid employment opportunities that meet the needs of local people? Will it improve the physical accessibility of jobs? Will it support rural diversification and economic development? Will it promote a low carbon economy? Will it reduce out-commuting? Will it improve access to training to raise employment potential? Will it promote investment in educational establishments? 	+	Positive	<p>The policy/proposal would encourage investment in businesses, people and infrastructure (e.g. delivering between 0.1 and 0.99 ha of employment land).</p> <p>The policy/proposal would provide accessible employment opportunities.</p> <p>The policy/proposal would support diversification of the rural economy.</p> <p>The policy/proposal would deliver residential development in close proximity to a major employment site (i.e. within 2,000m walking distance or 30mins travel time by public transport).</p> <p>The policy/proposal would support existing educational institutions.</p> <p>The policy/proposal would support economic growth in the low carbon sector.</p>
		0	Neutral	The policy/proposal would not have any effect on the achievement of the objective.
		-	Negative	The policy/proposal would have negative effects on businesses, the local economy and local employment (e.g. it would result in the loss of between 0.1 and 0.99 ha of employment land).
		--	Significant Negative	The policy/proposal would have significant negative effects on business, the local economy and local employment (e.g. policy/proposal would lead to the closure or relocation of existing significant local businesses, loss of employment land of 1 ha or more, or would affect key sectors).
		~	No Relationship	The policy/proposal would result in the loss of existing educational establishments without replacement provision elsewhere within the Chelmsford City Area.
		?	Uncertain	There is no clear relationship between the policy/proposal and the achievement of the objective or the relationship is negligible.
			<p>The policy/proposal has an uncertain relationship to the objective or the relationship is dependent on the way in which the aspect is managed. In addition, insufficient information may be available to enable an assessment to be made.</p>	

SA Objective	Guide Questions	Effect	Description	Illustrative Guidance
4. Sustainable Living and Revitalisation: To promote urban renaissance and support the vitality of rural centres, tackle deprivation and promote sustainable living.	<ul style="list-style-type: none"> Will it support and enhance the City of Chelmsford by attracting new commercial investment and reinforcing the City's attractiveness? Will it encourage more people to live in urban areas? Will it enhance the public realm? Will it enhance the viability and vitality of South Woodham Ferrers town centre and secondary local centres? Will it tackle deprivation in the most deprived areas, promote social inclusion and mobility and reduce inequalities in access to education, employment and services? Will it support rural areas by providing jobs, facilities and housing to meet needs? Will it maintain and enhance community facilities and services? Will it increase access to schools and colleges? Will it enhance accessibility to key community facilities and services? Will it align investment in services, facilities and infrastructure with growth? Will it contribute to regeneration initiatives? 	++	Significant Positive	<p>The policy/proposal would significantly enhance the attractiveness of the main urban area of Chelmsford as a place to invest, live, work and visit.</p> <p>The policy/proposal would create new, or significantly enhance existing, community facilities and services.</p> <p>The policy/proposal would significantly improve social and environmental conditions within deprived areas and support regeneration.</p> <p>The policy/proposal would ensure that new residential development is located in close proximity to a wide range of services and facilities (e.g. within 800 m of a wide range of services and/or the City Centre or South Woodham Ferrers town centre).</p> <p>The policy/proposal would significantly enhance the vitality and viability of South Woodham Ferrers town centre and/or villages.</p>
		+	Positive	<p>The policy/proposal would enhance the attractiveness of the main urban area of Chelmsford as a place to invest, live, work and visit.</p> <p>The policy/proposal would enhance existing community facilities and services.</p> <p>The policy/proposal would improve social and environmental conditions within deprived areas.</p> <p>The policy/proposal would ensure that new residential development is located in close proximity to some services and facilities (e.g. within 800 m of a key service).</p> <p>The policy/proposal would enhance the vitality and viability of South Woodham Ferrers town centre and/or villages.</p>
		0	Neutral	<p>The policy/proposal would not have any effect on the achievement of the objective.</p>
		-	Negative	<p>The policy/proposal would undermine the attractiveness of the main urban area of Chelmsford as a place to invest, live, work and visit.</p> <p>The policy/proposal would reduce the accessibility, availability and quality of existing community facilities and services.</p> <p>The policy/proposal would result in new residential development being located away from existing services and facilities (e.g. in excess of 2,000 m from a wide range of services).</p> <p>The policy/proposal would have an adverse effect on the vitality and viability of South Woodham Ferrers town centre and/or villages.</p>
		--	Significant Negative	<p>The policy/proposal would substantially undermine the attractiveness of the main urban area of Chelmsford as a place to invest, live, work and visit leading to an outflow of the population and disinvestment.</p> <p>The policy/proposal would result in the loss of existing community facilities and services without their replacement elsewhere within the Chelmsford City Area.</p> <p>The policy/proposal would have a significantly adverse effect on the vitality and viability of South Woodham Ferrers town centre and villages.</p> <p>The policy/proposal would result in new residential development being inaccessible to existing services and facilities.</p>

SA Objective	Guide Questions	Effect	Description	Illustrative Guidance
	<ul style="list-style-type: none"> Will it foster social cohesion? 	~	No Relationship	There is no clear relationship between the policy/proposal and the achievement of the objective or the relationship is negligible.
		?	Uncertain	The policy/proposal has an uncertain relationship to the objective or the relationship is dependent on the way in which the aspect is managed. In addition, insufficient information may be available to enable an assessment to be made.
5. Health and Wellbeing: To improve the health and wellbeing being of those living and working in the Chelmsford City Area.	<ul style="list-style-type: none"> Will it avoid locating development where environmental circumstances could negatively impact on people's health? 	++	Significant Positive	<p>The policy/proposal would have strong and sustained impacts on healthy lifestyles and improve well-being through physical activity, recreational activity, improved environmental quality, etc. Different groups within the society are taken into consideration.</p> <p>The policy/proposal would ensure that new residential development is located in close proximity to a range of healthcare facilities (e.g. within 800 m of a GP surgery and open space).</p> <p>The policy/proposal would deliver new healthcare facilities and/or open space.</p> <p>The policy/proposal would significantly reduce the level of crime through design and other safety measures.</p>
	<ul style="list-style-type: none"> Will it maintain and improve access to green infrastructure, open space, leisure and recreational facilities? 	+	Positive	<p>The policy/proposal would promote healthy lifestyles and improve well-being through physical activity, recreational activity, improved environmental quality, etc. Different groups within the society are taken into consideration.</p> <p>The policy/proposal would ensure that new residential development is located in close proximity to a healthcare facility (e.g. within 800 m of a GP surgery or open space).</p> <p>The policy/proposal would reduce crime through design and other safety measures.</p>
	<ul style="list-style-type: none"> Will it maintain and enhance Public Rights of Way and Bridleways? 	0	Neutral	The policy/proposal would not have any effect on the achievement of the objective.
	<ul style="list-style-type: none"> Will it promote healthier lifestyles? 	-	Negative	The policy/proposal would reduce access to healthcare facilities and open space.
	<ul style="list-style-type: none"> Will it meet the needs of an ageing population? 	-	Negative	The policy/proposal would deliver residential development in excess of 800 m from a GP surgery and/or open space.
	<ul style="list-style-type: none"> Will it support those with disabilities? 	-	Negative	The policy/proposal would lead to an increase in reported crime and the fear of crime in the district.
	<ul style="list-style-type: none"> Will it support the needs of young people? 	-	Negative	The policy/proposal would have effects which could cause deterioration of health.
	<ul style="list-style-type: none"> Will it maintain and enhance healthcare facilities and services? 	--	Significant Negative	<p>The policy/proposal would result in the loss of healthcare facilities and open space without their replacement elsewhere within the Chelmsford City Area.</p> <p>The policy/proposal would lead to a significant increase in reported crime and the fear of crime.</p>
	<ul style="list-style-type: none"> Will it align investment in healthcare facilities and services with growth to ensure that there is capacity to meet local needs? 	--	Significant Negative	The policy/proposal would have significant effects which would cause deterioration of health within the community (i.e. increase in pollution)
	<ul style="list-style-type: none"> Will it encourage sustainable food production to reduce 	~	No Relationship	There is no clear relationship between the policy/proposal and the achievement of the objective or the relationship is negligible.

SA Objective	Guide Questions	Effect	Description	Illustrative Guidance
	<p>food miles, such as community gardens or allotments?</p> <ul style="list-style-type: none"> • Will it improve access to healthcare facilities and services? • Will it promote community safety? • Will it reduce actual levels of crime and anti-social behaviour? • Will it reduce the fear of crime? • Will it promote design that discourages crime? 	?	Uncertain	The policy/proposal has an uncertain relationship to the objective or the relationship is dependent on the way in which the aspect is managed. In addition, insufficient information may be available to enable an assessment to be made.
6. Transport: To reduce the need to travel, promote more sustainable modes of transport and align investment in infrastructure with growth.	• Will it reduce travel demand and the distance people travel for jobs, employment, leisure and services and facilities?	++	Significant Positive	The policy/proposal would significantly reduce need for travel, road traffic and congestion (e.g. new development is within 400 m walking distance of all services). The policy/proposal would create opportunities/incentives for the use of sustainable travel/transport of people/goods. The policy/proposal would significantly reduce out-commuting. The policy/proposal would support investment in transportation infrastructure and/or services.
	• Will it reduce out-commuting?	+	Positive	The policy/proposal would reduce need for travel (e.g. new development is within 400m of one or more services). The policy/proposal would encourage the use of sustainable travel/transport of people/goods.
	• Will it encourage a shift to more sustainable modes of transport?			
	• Will it encourage walking, cycling and the use of public transport?	0	Neutral	The policy/proposal would not have any effect on the achievement of the objective.
	• Will it help to reduce traffic congestion and improve road safety?	-	Negative	The policy/proposal would increase the need for travel by less sustainable forms of transport, increasing road traffic and congestion. The policy/proposal would deliver new development in excess of 400 m from public transport services/cycle routes.
	• Will it deliver investment in transportation infrastructure that supports growth in the Chelmsford City Area?	--	Significant Negative	The policy/proposal would significantly increase the need for travel by less sustainable forms of transport, substantially increasing road traffic and congestion. The policy/proposal would result in the loss of transportation infrastructure and/or services.
		~	No Relationship	There is no clear relationship between the policy/proposal and the achievement of the objective or the relationship is negligible.

SA Objective	Guide Questions	Effect	Description	Illustrative Guidance
	<ul style="list-style-type: none"> Will it locate new development in locations that support and make best use of committed investment in strategic infrastructure? Will it support the expansion, or provision of additional, park and ride facilities? Will it enhance Chelmsford's role as a key transport node? Will it reduce the level of freight movement by road? 	?	Uncertain	The policy/proposal has an uncertain relationship to the objective or the relationship is dependent on the way in which the aspect is managed. In addition, insufficient information may be available to enable an assessment to be made.
7. Land Use and Soils: To encourage the efficient use of land and conserve and enhance soils.	Will it promote the use of previously developed (brownfield) land and minimise the loss of greenfield land?	++	Significant Positive	The policy/proposal would encourage significant development on brownfield land. The policy/proposal would result in existing land / soil contamination being removed. The policy/proposal would protect best and most versatile agricultural land.
	Will it avoid the loss of agricultural land including best and most versatile land?	+	Positive	The policy/proposal would encourage development on brownfield.
	Will it reduce the amount of derelict, degraded and underused land?	0	Neutral	The policy/proposal would not have any effect on the achievement of the objective.
	Will it reduce the amount of derelict, degraded and underused land?	-	Negative	The policy/proposal would result in development on greenfield or would create conflicts in land-use. The policy/proposal would result in the loss of agricultural land.
	Will it encourage the reuse of existing buildings and infrastructure?	--	Significant Negative	The policy/proposal would result in the loss of best and most versatile agricultural land. The policy/proposal would result in land contamination.
	Will it prevent land contamination and facilitate remediation of contaminated sites?	~	No Relationship	There is no clear relationship between the policy/proposal and the achievement of the objective or the relationship is negligible.
	Will it prevent land contamination and facilitate remediation of contaminated sites?	?	Uncertain	The policy/proposal has an uncertain relationship to the objective or the relationship is dependent on the way in which the aspect is managed. In addition, insufficient information may be available to enable an assessment to be made.
8. Water: To conserve and enhance water quality and resources.	Will it result in a reduction of run-off of pollutants to nearby water courses that lead to a deterioration in existing status and/or failure	++	Significant Positive	The policy/proposal would lead to a significant reduction of wastewater, surface water runoff and pollutant discharge so that the quality of groundwater and/or surface water would be significantly improved and all water targets (including those relevant to biological and chemical quality) would be met/exceeded. The policy/proposal would lead to a significant reduction in the demand for water. The policy/proposal would support investment in water resources infrastructure.

SA Objective	Guide Questions	Effect	Description	Illustrative Guidance
	<p>to achieve the objective of good status under the Water Framework Directive?</p> <ul style="list-style-type: none"> Will it improve ground and surface water quality? Will it reduce water consumption and encourage water efficiency? Will it ensure that new water/wastewater management infrastructure is delivered in a timely manner to support new development? 	<p>+</p> <p>0</p> <p>-</p> <p>--</p> <p>~</p> <p>?</p>	<p>Positive</p> <p>Neutral</p> <p>Negative</p> <p>Significant Negative</p> <p>No Relationship</p> <p>Uncertain</p>	<p>The policy/proposal would lead to a reduction of wastewater, surface water runoff and/or pollutant discharge so that the quality of groundwater or surface water would be improved and some water targets (including those relevant to biological and chemical quality) would be met/exceeded.</p> <p>The policy/proposal would lead to a reduction in the demand for water.</p> <p>The policy/proposal would not have any effect on the achievement of the objective.</p> <p>The policy/proposal would lead to an increase in the amount of waste water, surface water runoff and pollutant discharge so that the quality of groundwater or surface water would be reduced.</p> <p>The policy/proposal would lead to an increase in the demand for water.</p> <p>The policy/proposal would lead to a significant increase in the amount of wastewater, surface water runoff and pollutant discharge so that the quality of groundwater or surface water would be decreased and water targets would not be met.</p> <p>The policy/proposal would lead to deterioration of the current WFD classification.</p> <p>The policy/proposal would lead to a significant increase in the demand for water placing the Essex Water Resources Zone in deficit over the lifetime of the Essex and Suffolk Water Resources Management Plan.</p> <p>The policy/proposal would result in the capacity of existing wastewater management infrastructure being exceeded without appropriate mitigation.</p> <p>There is no clear relationship between the policy/proposal and the achievement of the objective or the relationship is negligible.</p> <p>The policy/proposal has an uncertain relationship to the objective or the relationship is dependent on the way in which the aspect is managed. In addition, insufficient information may be available to enable an assessment to be made.</p>
9. Flood Risk and Coastal Erosion: To reduce the risk of flooding and coastal erosion to people and property, taking into account the effects of climate change.	<ul style="list-style-type: none"> Will it help to minimise the risk of flooding to existing and new developments/infrastructure? Will it manage effectively, and reduce the likelihood of, flash flooding, taking into account the capacity of sewerage systems? Will it discourage inappropriate development in areas at risk from flooding and promote the sequential test? 	<p>++</p> <p>+</p> <p>0</p> <p>-</p> <p>--</p>	<p>Significant Positive</p> <p>Positive</p> <p>Neutral</p> <p>Negative</p> <p>Significant Negative</p>	<p>The policy/proposal would significantly reduce flood risk to new or existing infrastructure or communities (currently located within the 1 in 100 year floodplain).</p> <p>The policy/proposal would reduce flood risk to new or existing infrastructure or communities (currently located 1 in 1000 year floodplain).</p> <p>The policy/proposal would not have any effect on the achievement of the objective. It is anticipated that the policy will neither cause nor exacerbate flooding in the catchment.</p> <p>The policy/proposal would result in an increased flood risk within the 1 to 1000 year floodplain.</p> <p>The policy/proposal would result in development being located within Flood Zone 2.</p> <p>The policy/proposal would result in an increased flood risk within the 1 to 100 year floodplain.</p> <p>The policy/proposal would result in development being located within Flood Zone 3.</p>

SA Objective	Guide Questions	Effect	Description	Illustrative Guidance
	<ul style="list-style-type: none"> Will it ensure that new development does not give rise to flood risk elsewhere? Will it deliver Sustainable Drainage Systems (SUDs) and promote investment in flood defences that reduce vulnerability to flooding? Will it encourage the use of multifunctional areas and landscape design for drainage? Will it help to discourage inappropriate development in areas at risk from coastal erosion? Will it help to manage and reduce the risks associated with coastal erosion and support the implementation of the Essex and South Suffolk Shoreline Management Plan? 	<p>~</p> <p>?</p>	<p>No Relationship</p> <p>Uncertain</p>	<p>There is no clear relationship between the policy/proposal and the achievement of the objective or the relationship is negligible.</p> <p>The policy/proposal has an uncertain relationship to the objective or the relationship is dependent on the way in which the aspect is managed. In addition, insufficient information may be available to enable an assessment to be made.</p>
10. Air: To improve air quality.	<ul style="list-style-type: none"> Will it maintain and improve air quality? Will it address air quality issues in the Army and Navy Air Quality Management Area and prevent new designations of Air Quality Management Areas? Will it avoid locating development in areas of existing poor air quality? Will it minimise emissions to air from new development? 	<p>++</p> <p>+</p> <p>0</p> <p>-</p> <p>--</p> <p>~</p>	<p>Significant Positive</p> <p>Positive</p> <p>Neutral</p> <p>Negative</p> <p>Significant Negative</p> <p>No Relationship</p>	<p>The policy/proposal would significantly improve air quality and result in air quality targets being met/exceeded and the Army and Navy Air Quality Management Area (AQMA) being removed (or the area under the AQMA being reduced).</p> <p>The policy/proposal would improve air quality.</p> <p>The policy/proposal would not have any effect on the achievement of the objective.</p> <p>The policy/proposal would lead to a decrease in air quality.</p> <p>The policy/proposal would result in new development being located within 500 m of the Army and Navy AQMA.</p> <p>The policy/proposal would lead to a decrease in air quality and would result in the area of the Army and Navy AQMA having to be extended or new AQMAs being declared.</p> <p>The policy/proposal would result in new development being located within the Army and Navy AQMA.</p> <p>There is no clear relationship between the policy/proposal and the achievement of the objective or the relationship is negligible.</p>

SA Objective	Guide Questions	Effect	Description	Illustrative Guidance
		?	Uncertain	The policy/proposal has an uncertain relationship to the objective or the relationship is dependent on the way in which the aspect is managed. In addition, insufficient information may be available to enable an assessment to be made.
11. Climate Change: To minimise greenhouse gas emissions and adapt to the effects of climate change.	<ul style="list-style-type: none"> Will it minimise energy use and reduce or mitigate greenhouse gas emissions? Will it plan or implement adaptation measures for the likely effects of climate change? Will it support the delivery of renewable and low carbon energy and reduce dependency on non-renewable sources? Will it promote sustainable design that minimises greenhouse emissions and is adaptable to the effects of climate change? 	++	Significant Positive	The policy/proposal would significantly reduce greenhouse gas emissions from the Chelmsford City Area. The policy/proposal would significantly reduce energy consumption or increase the amount of renewable energy being used/generated.
		+	Positive	The policy/proposal would reduce greenhouse gas emissions from the Chelmsford City Area. The policy/proposal would increase resilience/decrease vulnerability to climate change effects. The policy/proposal would reduce energy consumption or increase the amount of renewable energy being used/generated. The policy/proposal would support/encourage sustainable design.
		0	Neutral	The policy/proposal would not have any effect on the achievement of the objective.
		-	Negative	The policy/proposal would lead to an increase in greenhouse gas emissions from the Chelmsford City Area. The policy/proposal would not increase resilience/decrease vulnerability to climate change effects.
		--	Significant Negative	The policy/proposal would lead to a significant increase in greenhouse gas emissions from the Chelmsford City Area. The policy/proposal would increase vulnerability to climate change effects.
		~	No Relationship	There is no clear relationship between the policy/proposal and the achievement of the objective or the relationship is negligible.
		?	Uncertain	The policy/proposal has an uncertain relationship to the objective or the relationship is dependent on the way in which the aspect is managed. In addition, insufficient information may be available to enable an assessment to be made.
12. Waste and Natural Resources: To promote the waste hierarchy (reduce, reuse, recycle, recover) and ensure the sustainable use of natural resources.	<ul style="list-style-type: none"> Will it minimise the demand for raw materials? Will it promote the use of local resources? Will it reduce minerals extracted and imported? Will it increase efficiency in the use of raw materials and promote recycling? 	++	Significant Positive	The policy/proposal would reduce the amount of waste generated through prevention, minimisation and re-use. The policy/proposal would significantly reduce the amount of waste going to landfill through recycling and energy recovery. The policy/proposal would support/encourage investment in waste management facilities.
		+	Positive	The policy/proposal would reduce the amount of waste going to landfill through recycling and energy recovery. The policy/proposal would encourage the use of sustainable materials.
		0	Neutral	The policy/proposal would not have any effect on the achievement of the objective.

SA Objective	Guide Questions	Effect	Description	Illustrative Guidance
	<ul style="list-style-type: none"> Will it avoid sterilising minerals extraction sites identified by the Essex Minerals Local Plan? Will it reduce waste arisings? Will it increase the reuse and recycling of waste? Will it support investment in waste management facilities to meet local needs? Will it support the objectives and proposals of the Essex Minerals Local Plan? 	<p>-</p> <p>--</p> <p>~</p> <p>?</p>	<p>Negative</p> <p>Significant Negative</p> <p>No Relationship</p> <p>Uncertain</p>	<p>The policy/proposal would result in an increased amount of waste going to landfill. The policy/proposal would increase the demand for local resources.</p> <p>The policy/proposal would result in a significantly increased amount of waste going to landfill. The policy/proposal would significantly increase the demand for local resources. The policy/proposal would result in inappropriate development within a Minerals Safeguarding Area.</p> <p>There is no clear relationship between the policy/proposal and the achievement of the objective or the relationship is negligible.</p> <p>The policy/proposal has an uncertain relationship to the objective or the relationship is dependent on the way in which the aspect is managed. In addition, insufficient information may be available to enable an assessment to be made.</p>
<p>13. Cultural Heritage: To conserve and enhance the historic environment, cultural heritage, character and setting.</p>	<ul style="list-style-type: none"> Will it help to conserve and enhance existing features of the historic environment and their settings, including archaeological assets? Will it tackle heritage assets identified as being 'at risk'? Will it promote sustainable repair and reuse of heritage assets? Will it protect or enhance the significance of designated heritage assets? Will it protect or enhance the significance of non-designated heritage assets? Will it promote local cultural distinctiveness? Will it help to conserve historic buildings, places and spaces that enhance local distinctiveness, character and appearance through 	<p>++</p> <p>+</p> <p>0</p> <p>-</p> <p>--</p> <p>~</p>	<p>Significant Positive</p> <p>Positive</p> <p>Neutral</p> <p>Negative</p> <p>Significant Negative</p> <p>No Relationship</p>	<p>The policy/proposal would protect and enhance the sites, areas and features of historic, cultural, archaeological and architectural interest with national designations (including their setting). The policy/proposal will make use of historic buildings, spaces and places through sensitive adaption and re-use allowing these distinctive assets to be accessed. The policy/proposal would result in an assets(s) being removed from the At Risk Register.</p> <p>The policy/proposal would protect and enhance the sites, areas and features of historic, cultural, archaeological and architectural interest with local designations (including their setting). The policy/proposal will increase access to historical/cultural/archaeological/architectural buildings/spaces/places.</p> <p>The policy/proposal would not have any effect on the achievement of the objective.</p> <p>The policy/proposal would lead to deterioration of the sites, areas and features of historic, cultural, archaeological and architectural interest with local designations. The policy/proposal would temporarily restrict access to historical/cultural/archaeological/architectural buildings/spaces/places.</p> <p>The policy/proposal would lead to deterioration of the sites, areas and features of historic, cultural, archaeological and architectural interest with national designation or result in the destruction of heritage assets (national or local). The policy/proposal would permanently restrict access to historical/cultural/archaeological/architectural buildings/spaces/places. The policy/proposal would result in an asset being placed on the At Risk Register.</p> <p>There is no clear relationship between the policy/proposal and the achievement of the objective or the relationship is negligible.</p>

SA Objective	Guide Questions	Effect	Description	Illustrative Guidance
	<p>sensitive adaptation and re-use?</p> <ul style="list-style-type: none"> • Will it improve and promote access to buildings and landscapes of historic/cultural value? • Will it recognise, conserve and enhance the inter-relationship between the historic and natural environment? 	?	Uncertain	The policy/proposal has an uncertain relationship to the objective or the relationship is dependent on the way in which the aspect is managed. In addition, insufficient information may be available to enable an assessment to be made.
14. Landscape and Townscape: To conserve and enhance landscape character and townscapes.	• Will it conserve and enhance landscape character and townscapes?	++	Significant Positive	The policy/proposal would offer potential to significantly enhance landscape/townscape character. The policy/proposal would ensure the long term protection of the Green Belt.
	• Will it promote high quality design in context with its urban and rural landscape?	+	Positive	The policy/proposal would offer potential to enhance landscape/townscape character.
	• Will it avoid inappropriate development in the Green Belt and ensure the Green Belt endures?	0	Neutral	The policy/proposal would not have any effect on the achievement of the objective.
	• Will it help to conserve and enhance the character of the undeveloped coastline?	-	Negative	The policy/proposal would have an adverse effect on landscape/townscape character.
	• Will it avoid inappropriate erosion to the Green Wedge?	--	Significant Negative	The policy/proposal would have a significant adverse effect on landscape/townscape character. The policy/proposal would result in inappropriate development in the Green Belt or affect the permanence of the Green Belt boundary.
		~	No Relationship	There is no clear relationship between the policy/proposal and the achievement of the objective or the relationship is negligible.
		?	Uncertain	The policy/proposal has an uncertain relationship to the objective or the relationship is dependent on the way in which the aspect is managed. In addition, insufficient information may be available to enable an assessment to be made.

Appendix D

Revised Appraisal of Preferred Development Requirements (Housing) and Spatial Strategy

Key to Appraisals

Score	Description	Symbol
Significant Positive Effect	The preferred option contributes significantly to the achievement of the objective.	++
Minor Positive Effect	The preferred option contributes to the achievement of the objective but not significantly.	+
Neutral	The preferred option does not have any effect on the achievement of the objective	0
Minor Negative Effect	The preferred option detracts from the achievement of the objective but not significantly.	-
Significant Negative Effect	The preferred option detracts significantly from the achievement of the objective.	--
No Relationship	There is no clear relationship between the preferred option and the achievement of the objective or the relationship is negligible.	~
Uncertain	The preferred option has an uncertain relationship to the objective or the relationship is dependent on the way in which the aspect is managed. In addition, insufficient information may be available to enable an appraisal to be made.	?

NB: where more than one symbol/colour is presented in a box it indicates that the appraisal has identified both positive and negative effects. Where a box is coloured but also contains a '?', this indicates uncertainty over whether the effect could be a minor or significant effect although a professional judgement is expressed in the colour used. A conclusion of uncertainty arises where there is insufficient evidence for expert judgement to conclude an effect.

Housing Requirement: ~~21,893~~ 21,843 dwellings, 9 permanent pitches for Gypsies and Travellers and 24 permanent plots for Travelling Showpeople

SA Objective	Guide Questions	Score	Commentary
<p>1. Biodiversity and Geodiversity: To conserve and enhance biodiversity and geodiversity and promote improvements to the green infrastructure network.</p>	<ul style="list-style-type: none"> • Will it conserve and enhance international designated nature conservation sites (Special Areas of Conservation, Special Protection Areas and Ramsars)? • Will it conserve and enhance nationally designated nature conservation sites such as Sites of Special Scientific Interest? • Will it conserve and enhance Local Nature Reserves, Local Wildlife Sites and Ancient Woodland? • Will it avoid damage to, and protect, geologically important sites? • Will it conserve and enhance species diversity, and in particular avoid harm to indigenous species of principal importance, or priority species and habitats? • Will it provide opportunities for new habitat creation or restoration and link existing habitats as part of the development process? • Will it enhance ecological connectivity and maintain and improve the green infrastructure network, providing green spaces that are well connected and biodiversity rich? 	<p>-/?</p>	<p>Likely Significant Effects</p> <p>Within the Chelmsford City Council administrative area (the City Area) there are three European sites: Crouch and Roach Estuaries (Mid-Essex Coast Phase 3) SPA; Crouch and Roach Estuaries Ramsar; and the Essex Estuaries SAC together with four additional sites within approximately 10km. In addition, there are eight Sites of Special Scientific Interest (SSSI) covering an area of 2,412.77 hectares (ha) including the River Ter; Newney Green Pit; Blake's Wood & Lingwood Common; Woodham Walter Common; Danbury Common; Thrift Wood, Woodham Ferrers; Hanningfield Reservoir; and Crouch and Roach Estuaries. There are also three Local Nature Reserves (LNRs) and 150 Local Wildlife Sites (LoWS).</p> <p>It is assumed that residential development would not directly affect these designated sites although housing growth could have indirect negative effects on these assets due to, for example, disturbance arising from increased recreational activity and wild bird and mammal loss from cat predation. However, this would be dependent on the exact location of future development, the proximity of the development to the designated sites and the ease of access to the sites. In this regard, the HRA of the Pre-Submission Local Plan highlights that those European sites that are associated with the Mid-Essex coast estuaries (i.e. Crouch and Roach Estuaries SPA / Ramsar; Blackwater Estuary SPA / Ramsar; Foulness SPA / Ramsar; Dengie SPA / Ramsar; and the associated areas of the Essex Estuaries SAC) plus the Thames Estuary and Marshes SPA / Ramsar and Benfleet and Southend Marshes SPA / Ramsar are potentially vulnerable to regional 'in combination' effects due to visitor pressure, to which the Local Plan will contribute. The HRA also identifies that growth has the potential to contribute to 'in combination' air quality effects on sensitive sites (principally Epping Forest SAC). However, further assessment through the HRA has demonstrated that the 'in combination' contribution of the Local Plan is likely to be too small to be 'significant'.</p> <p>Residential development requirements and the limited number of brownfield sites that have not already been earmarked for future development in the Chelmsford City Area will mean that greenfield land is required for development. The development of greenfield land could have a</p>

SA Objective	Guide Questions	Score	Commentary
	<ul style="list-style-type: none"> Will it provide opportunities for people to access the natural environment including green and blue infrastructure? 		<p>negative effect in relation to this objective (e.g. due to the direct loss of habitats or adverse impacts such as noise and emissions associated with the construction and occupation of new development). The magnitude of any negative effects in this regard will be dependent on the scale of greenfield land lost to development and the existing biodiversity value of the sites that would be affected. Notwithstanding the above, it should be noted that planning permission has already been granted for a proportion of the housing requirement and/or sites have been built out and it is assumed that impacts on biodiversity have been duly considered, including proximity to sensitive sites and species.</p> <p>Residential development may provide opportunities to enhance existing, or incorporate new, green infrastructure. This could potentially have a significant positive effect on this objective by improving the quality and extent of habitats and by increasing the accessibility of both existing and prospective residents to such assets.</p> <p>Overall, the housing requirement has been assessed as having a negative effect on this objective due to the potential for indirect, adverse effects on designated sites, and the loss of habitats from the use of greenfield land, although uncertainty remains with regard to the exact type, magnitude and duration of effects.</p> <p>Mitigation</p> <ul style="list-style-type: none"> Local Plan policies and proposals should seek to avoid negative effects on the City Area's biodiversity assets and identify opportunities for enhancing their quality where appropriate, consistent with the NPPF. Careful consideration should be given to the selection of site allocations in order to avoid significant adverse effects on European sites, or significant harm to nationally and locally designated sites. Appropriate mitigation should be identified where necessary. Local Plan policies should plan for a network of green infrastructure assets, closely linked with existing and new development. <p>Assumptions</p> <ul style="list-style-type: none"> For the Local Plan to be found sound it will need to demonstrate that it will not have a significant adverse effect on the integrity of a European site, or if it does and the Plan proceeds it will need to be demonstrated that there are imperative reasons of overriding public interest. <p>Uncertainties</p>

<p>1. Biodiversity and Geodiversity: To conserve and enhance biodiversity and geodiversity and promote improvements to the green infrastructure network.</p>	<ul style="list-style-type: none"> • Will it conserve and enhance international designated nature conservation sites (Special Areas of Conservation, Special Protection Areas and Ramsars)? • Will it conserve and enhance nationally designated nature conservation sites such as Sites of Special Scientific Interest? • Will it conserve and enhance Local Nature Reserves, Local Wildlife Sites and Ancient Woodland? • Will it avoid damage to, and protect, geologically important sites? • Will it conserve and enhance species diversity, and in particular avoid harm to indigenous species of principal importance, or priority species and habitats? • Will it provide opportunities for new habitat creation or restoration and link existing habitats as part of the development process? • Will it enhance ecological connectivity and maintain and improve the green infrastructure network, providing green spaces that are well connected and biodiversity rich? • Will it provide opportunities for people to access the natural 	<p>+/-/?</p>	<p>Likely Significant Effects</p> <p>The Crouch and Roach Estuaries (Mid-Essex Coast Phase 3) Special Protection Area (SPA), Ramsar and Site of Special Scientific Interest (SSSI) and the Essex Estuaries Special Area of Conservation (SAC) extend around three sides of South Woodham Ferrers. There are also a number of SSSIs to the east and west of the Chelmsford Urban Area (including Newney Green Pit to the west and Blake's Wood & Lingwood Common, Woodham Walter Common and Danbury Common to the east) and to the south of Great Leighs (the River Ter SSSI). In addition to these European and nationally designated sites, there are a number of Local Nature Reserves (LNRs), Essex Wildlife Trust Nature Reserves and Wildlife Sites within and adjacent to the settlements including a Wildlife Site to the north of South Woodham Ferrers. Whilst it is assumed that new development would not be located on land designated for nature conservation (or where sites include such designations, appropriate mitigation is implemented), there is the potential for indirect adverse effects on these sites (for example, due to disturbance arising from increased recreational activity, emissions to air, impacts on water quality and wild bird and mammal loss from cat predation). In this regard, the HRA of the Pre-Submission Local Plan highlights that those European sites that are associated with the Mid-Essex coast estuaries (i.e. Crouch and Roach Estuaries SPA / Ramsar; Blackwater Estuary SPA / Ramsar; Foulness SPA / Ramsar; Dengie SPA / Ramsar; and the associated areas of the Essex Estuaries SAC) plus the Thames Estuary and Marshes SPA / Ramsar and Benfleet and Southend Marshes SPA / Ramsar are potentially vulnerable to regional 'in combination' effects due to visitor pressure, to which the Local Plan will contribute. The HRA also identifies that growth has the potential to contribute to 'in combination' air quality effects on sensitive sites (principally Epping Forest SAC). However, further assessment through the HRA has demonstrated that the 'in combination' contribution of the Local Plan is likely to be too small to be 'significant'.</p> <p>The Spatial Strategy would support the redevelopment of brownfield sites in the Chelmsford Urban Area (equivalent to approximately 2,205 dwellings, 4,000 sqm of office floorspace and 11,500 sqm of retail floorspace). It is recognised that in some cases brownfield land can have significant biodiversity value although it is considered that, on balance, development of brownfield sites will help minimise the risk of both direct (e.g. the loss of habitat) and indirect (e.g. noise and emissions) impacts on habitats and species. Notwithstanding the above,</p>

SA Objective	Guide Questions	Score	Commentary
	environment including green and blue infrastructure?		<p>development requirements and the limited number of brownfield sites that have not already been earmarked for future development in the Chelmsford City Area means that greenfield land adjacent to the urban areas of Chelmsford (including East of Great Baddow / North of Sandon and North of Broomfield) and South Woodham Ferrers and at Boreham, Great Leighs, Danbury, Bicknacre, Writtle and Galleywood will be required (it is also noted that new development in other locations to meet local needs and which is in accordance with the Local Plan Spatial Principles and Strategic Policies can be allocated through relevant Neighbourhood Plans where appropriate and justified). Allied with the potential construction of a Chelmsford North-East Bypass as well as other infrastructure, this will have a negative effect in relation to this objective (e.g. due to the direct loss of habitat or adverse impacts such as noise and emissions associated with the construction and operation of new development). The magnitude of any negative effects in this regard will be dependent on the existing biodiversity value of sites.</p> <p>The maintenance of the existing Green Wedge within the City Area and the designation of Green Corridors, allied with the delivery of sustainable urban extensions, could help to both minimise adverse effects on biodiversity associated with new development and deliver enhancements by extending the City Area's green infrastructure network.</p> <p>Overall, the Spatial Strategy has been assessed as having a mixed positive and negative effect on this objective. However, due to the potential for adverse effects on designated sites and the expected scale of greenfield land required to support growth, the magnitude of negative effect on this objective is uncertain. This is considered further in the appraisal of cumulative effects contained in Section 5.6 of the SA Report [Section 3.6 of this addendum] and HRA.</p> <p>Mitigation</p> <ul style="list-style-type: none"> Local Plan policies and proposals should seek to avoid negative effects on the City Area's biodiversity assets and identify opportunities for enhancing their quality where appropriate. Careful consideration should be given to appropriate mitigation to avoid adverse impacts on designated sites. Local Plan policies should plan for a network of green infrastructure assets, closely linked with existing and new development. <p>Assumptions</p> <ul style="list-style-type: none"> It is assumed that new development would not be located on land designated for nature conservation (or where new development includes such designations, appropriate mitigation will be implemented to ensure no direct effects).

SA Objective	Guide Questions	Score	Commentary
			<ul style="list-style-type: none"> It is assumed that, on balance, the biodiversity value of brownfield sites is less than that of greenfield land. <p>Uncertainties</p> <ul style="list-style-type: none"> The exact biodiversity value of sites is unknown.
<p>2. Housing: To meet the housing needs of the Chelmsford City Area and deliver decent homes.</p>	<ul style="list-style-type: none"> Will it meet the City's objectively assessed housing need, providing a range of housing types to meet current and emerging need for market and affordable housing? Will it reduce the level of homelessness? Will it help to ensure the provision of good quality, well designed homes? Will it deliver pitches required for Gypsies and Travellers and Travelling Showpeople? 	++	<p>Likely Significant Effects</p> <p>The Spatial Strategy would deliver the majority of the City Area's new housing allocations in and adjacent to the Chelmsford Urban Area with smaller scale provision adjacent to South Woodham Ferrers and key service settlements including (inter alia) Great Leighs, Broomfield, Bicknacre and Danbury. This would help to meet housing needs in these settlements.</p> <p>Whilst there is the potential that housing needs in other settlements will not be met under the Spatial Strategy, it is noted that new development to meet local needs and which is in accordance with the Local Plan Spatial Principles and Strategic Policies can be allocated through relevant Neighbourhood Plans where appropriate and justified. Opportunities for small-scale rural exception sites providing affordable homes to meet identified local needs will also be supported.</p> <p>Overall, the Spatial Strategy has been assessed as having a significant positive effect on this objective.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified. <p>Assumptions</p> <ul style="list-style-type: none"> None identified. <p>Uncertainties</p> <ul style="list-style-type: none"> The extent to which new housing development meets local needs will be dependent on the mix of housing delivered (in terms of size, type and tenure).

<p>6. Transport: To reduce the need to travel, promote more sustainable modes of transport and align investment in infrastructure with growth.</p>	<ul style="list-style-type: none"> Will it reduce travel demand and the distance people travel for jobs, employment, leisure and services and facilities? Will it reduce out-commuting? Will it encourage a shift to more sustainable modes of transport? Will it encourage walking, cycling and the use of public transport? Will it help to reduce traffic congestion and improve road safety? 	<p>++/-</p>	<p>Likely Significant Effects</p> <p>The concentration of new residential and employment development in and adjacent to urban areas, the promotion of mixed use sustainable urban extensions and the delivery of strategic improvements to the walking/cycling network (including through the Green Wedge and Green Corridors) are all likely to reduce the need to travel by car and encourage walking/cycling (as services and employment opportunities would be physically accessible). New development should also be well connected to the existing public transport network (including existing planned infrastructure such as the proposed new rail station and transport hub to the north east of Chelmsford as part of the Beaulieu development). Development may also help to maintain existing, and stimulate investment in, new public transport provision. In this regard, it is noted</p>

SA Objective	Guide Questions	Score	Commentary
	<ul style="list-style-type: none"> • Will it deliver investment in transportation infrastructure that supports growth in the Chelmsford City Area? • Will it locate new development in locations that support and make best use of committed investment in strategic infrastructure? • Will it support the expansion, or provision of additional, park and ride facilities? • Will it enhance Chelmsford's role as a key transport node? • Will it reduce the level of freight movement by road? 		<p>that the Spatial Strategy includes two park and ride schemes (one located to the south west of Chelmsford around the A414 and the other located to the north east of Chelmsford around the A12 and A138). The delivery of local employment opportunities may also help to reduce out-commuting in the longer term.</p> <p>The Spatial Strategy would direct a proportion of the City Area's housing requirement to the key service settlements of Great Leighs, Broomfield, Bicknacre, Boreham and Danbury. This could result in increased car use given the existing size of the settlements and the more limited range of services and jobs they provide. However, new development does present an opportunity to enhance the sustainability of these settlements by supporting investment in community facilities and services.</p> <p>The baseline analysis presented in Section 3 of the 2018 SA Report highlights that one of the City Area's strengths is its good connectivity to London. However, the high levels of both in and out-commuting experienced by the City Area is also an issue. Under the Spatial Strategy, an increase in population and households within the Chelmsford Urban Area in particular will generate more transport movements. Based on current trends, these movements are expected to be by car with a continuation of (net) out-commuting but substantial in-commuting. This could result in increased pressure on the road network, with congestion on the A12, A130 and A414 (a number of junctions on the strategic highway network have capacity constraints and pinch points) and on local road networks. In this regard, the 'Preferred Option Strategic & Local Junction Modelling' (January 2018) assessment found a number of routes where increases in congestion might be expected by 2036 under the local plan scenario. These include corridor routes approaching junctions with Parkway – notably the A1060 Rainsford Road and A1016 Rainsford Lane, Springfield Road in the vicinity of Victoria Road, and B1008 Main Road through Broomfield. The junction of Chignal Road and Roxwell Road is also modelled to experience greater levels of congestion as a result of development proposals in the west of Chelmsford.</p> <p>The Spatial Strategy could deliver a number of highways improvements including at the Army and Navy Junction and to the A132. Additionally, growth could facilitate the delivery of a Chelmsford North-East By-pass and other highways infrastructure improvements which would help to enhance connectivity to the strategic road network and alleviate congestion.</p> <p>Overall, the Spatial Strategy has been assessed as having a mixed significant positive and negative effect on this objective.</p>

<p>7. Land Use and Soils: To encourage the efficient use of land and conserve and enhance soils.</p>	<ul style="list-style-type: none"> Will it promote the use of previously developed (brownfield) land and minimise the loss of greenfield land? Will it avoid the loss of agricultural land including best and most versatile land? Will it reduce the amount of derelict, degraded and underused land? Will it encourage the reuse of existing buildings and infrastructure? Will it prevent land contamination and facilitate remediation of contaminated sites? 	+/--	<p>Likely Significant Effects</p> <p>In order to assess the potential future development capacity in Chelmsford's Urban Area, the Council has undertaken detailed assessments to calculate the type and level of development that could come forward. These assessments provide housing capacity estimates for brownfield sites and indicate that up to 2,500 new homes could be built in this area. Reflecting the findings of this assessment work, the preferred Spatial Strategy would deliver approximately 2,205 dwellings, 4,000 sqm of office floorspace and 11,500 sqm of retail floorspace on brownfield sites.</p> <p>Notwithstanding the above, development requirements and the limited number of brownfield sites that have not already been earmarked for future development in the City Area mean that greenfield land adjacent to the urban areas of Chelmsford (including East of Great Baddow / North of Sandon and North of Broomfield) and South Woodham Ferrers and at Boreham, Great Leighs, Danbury and Bicknacre would be required to deliver approximately 80% of new development (greenfield/mixed greenfield and brownfield sites). This will lead to a loss of approximately 446 hectares (ha) of Grade 3 agricultural land and approximately 252 ha of Grade 2 land which equates to around 2.5% of the total Grade 2 and around 2.2% of the total Grade 3 land in the City Area. Allied with the potential construction of a Chelmsford North-East By-pass (as well as other infrastructure), the area of greenfield land required over the plan period is expected to be significant.</p> <p>Overall, the Spatial Strategy has been assessed as having a mixed positive and significant negative effect on this objective.</p>

SA Objective	Guide Questions	Score	Commentary
			<p>Mitigation</p> <ul style="list-style-type: none"> Local Plan policies should encourage the effective use of land by re-using land that has been previously developed (brownfield land). Local Plan policies should prioritise the development of brownfield over greenfield land where possible. Local Plan policies should resist the development of best and most versatile agricultural land. Local Plan policies should encourage the management of soils on development sites. <p>Assumptions</p> <ul style="list-style-type: none"> None identified. <p>Uncertainties</p> <ul style="list-style-type: none"> None identified.
<p>8. Water: To conserve and enhance water quality and resources.</p>	<ul style="list-style-type: none"> Will it result in a reduction of run-off of pollutants to nearby water courses that lead to a deterioration of existing status and/or failure to achieve the objective of good status under the Water Framework Directive? Will it improve ground and surface water quality? Will it reduce water consumption and encourage water efficiency? Will it ensure that new water/wastewater management infrastructure is delivered in a timely manner to support new development? 	<p>+/-</p>	<p>Likely Significant Effects</p> <p>The Water Cycle Study Update (2017) concludes that there are no constraints with respect to water service infrastructure and the water environment to deliver development, on the basis that strategic water resource options and wastewater solutions are developed in advance of development coming forward.</p> <p>As noted above, the Spatial Strategy defines Special Policy Areas within and around existing facilities and institutions. These Areas include Hanningfield Reservoir Treatment Works which is a major site containing water treatment facilities. Through this policy provision, the preferred Spatial Strategy is therefore expected to help ensure that there will be long-term provision of water supplies.</p> <p>Depending on the exact location of new development, the proximity to waterbodies and the prevailing quality of the waterbody, there is potential for adverse effects on water quality associated with construction activities (through, for example, accidental discharges or uncontrolled surface water runoff from construction sites). Given the confluence of rivers within Chelmsford it could be considered that development will be within close proximity of a waterbody however, the Green Wedge within the City Area and the proposed Green Corridors is defined by the valleys and flood plains for the Rivers Chelmer, Wid and Can which should reduce the likelihood of significant adverse effects in this regard. Further, it is assumed that the design of new development will include sustainable urban drainage systems (SuDS) to ensure that all subsequent rainfall will</p>

			<p>infiltrate surfaces rather than exacerbate any downstream flood risks (which also have temporary effects on water quality).</p> <p>Overall, the Spatial Strategy has been assessed as having a mixed positive and negative effect on this objective.</p> <p>Mitigation</p> <ul style="list-style-type: none"> It is recommended that the Local Plan includes policies that promote water attenuation systems due to the underlying geology of the area. <p>Assumptions</p> <ul style="list-style-type: none"> New development will increase water resource use within the City Area in both the short term during construction and in the longer term once development is complete. This has been considered as part of the appraisal of the preferred growth options. It is assumed that the Council will liaise with Essex and Suffolk Water with regard to infrastructure requirements for future development. Measures contained in the Essex and Suffolk Water Water Resources Management Plan would be expected to help ensure that future water resource demands are met. There will be no development that will require diversion or modification of existing watercourses. However, if such measures are required, this could affect local water quality. <p>Uncertainties</p> <ul style="list-style-type: none"> None identified.
<p>9. Flood Risk and Coastal Erosion: To reduce the risk of flooding and coastal erosion to people and property, taking into account the effects of climate change.</p>	<ul style="list-style-type: none"> Will it help to minimise the risk of flooding to existing and new developments/infrastructure? Will it manage effectively, and reduce the likelihood of, flash flooding, taking into account the capacity of sewerage systems? Will it discourage inappropriate development in areas at risk from flooding and promote the sequential test? 	<p>+/-</p>	<p>Likely Significant Effects</p> <p>The baseline analysis presented in Section 3 of the <u>2018</u> SA Report highlights that flood risk is a potentially significant constraint to future development in the City Area with large parts of the Chelmsford Urban Area in particular being at risk of fluvial flooding. However, given requirements for proposals to be accompanied by a Flood Risk Assessment (FRA) where appropriate, it is considered unlikely that new development would be at significant risk of flooding, although this is dependent on the exact location of development.</p> <p>Large parts of South Woodham Ferrers are at risk of coastal flooding. However, land to the north of the town, and which is identified as an area for growth, is in Flood Zone 1. Flood risk adjacent to the Chelmsford Urban Area is more limited and is unlikely to be a significant constraint to development at urban extensions.</p>

SA Objective	Guide Questions	Score	Commentary
	<ul style="list-style-type: none"> • Will it ensure that new development does not give rise to flood risk elsewhere? • Will it deliver Sustainable Drainage Systems (SUDs) and promote investment in flood defences that reduce vulnerability to flooding? • Will it encourage the use of multifunctional areas and landscape design for drainage? • Will it help to discourage inappropriate development in areas at risk from coastal erosion? • Will it help to manage and reduce the risks associated with coastal erosion and support the implementation of the Essex and South Suffolk Shoreline Management Plan? 		<p>Environment Agency flood maps indicate that surface water flooding is a potential constraint within the main urban areas of Chelmsford and South Woodham Ferrers. Some land adjacent to the main urban areas and around Great Leighs are also at risk of surface water flooding. In this context, the loss of greenfield land could lead to an increased risk of flooding off site (as a result of the increase in impermeable surfaces). However, it can be reasonably assumed that new development proposals which may result in an increase in flood risk will be accompanied by an FRA and incorporate suitable flood alleviation measures (thereby minimising the risk of flooding).</p> <p>The City Area's existing Green Wedge is defined by the valleys and flood plains of the River Chelmer, Wid and Can. The proposed Green Corridors will also follow the valleys and adjacent flood plains of these rivers. This could help to ensure that development is not located near to flood zones and provide space for flood waters to flow through and additional areas for future flood storage.</p> <p>Overall, the Spatial Strategy has been assessed as having a mixed positive and negative effect on this objective.</p> <p>Mitigation</p> <ul style="list-style-type: none"> • Local Plan policies should avoid development in areas of flood risk (i.e. Flood Zones 2 and 3). • Local Plan policies should ensure that any new development avoids increasing the risk of existing development flooding. • Local Plan policies should plan for a network of green infrastructure assets to provide opportunities for flood storage where appropriate. • Local Plan policies should seek to promote as close to greenfield runoff rates as possible. <p>Assumptions</p> <ul style="list-style-type: none"> • It is assumed that, where appropriate, development proposals would be accompanied by a FRA and that suitable flood alleviation measures would be incorporated into the design of new development where necessary to minimise flood risk. • The Local Planning Authority will apply a sequential risk-based approach, including the application of the 'exception test,' consistent with the NPPF. <p>Uncertainties</p> <ul style="list-style-type: none"> • None identified.

		pressure on existing educational facilities.	
		Development would result in the loss of an existing educational establishment/building without replacement provision elsewhere in the Chelmsford City Area.	--
4. Sustainable Living and Revitalisation: To promote urban renaissance and support the vitality of rural centres, tackle deprivation and promote sustainable living.	Walking distance to key services including: -GP surgeries -Primary schools -Secondary schools -Post Offices -Supermarkets (including local stores) Proximity to town centres. Accessibility by public transport.	Within 800m walking distance of all services and/or the City Centre/South Woodham Ferrers town centre.	++
		Within 800m of one or more key services and/or within 2,000m of all services/the City Centre or South Woodham Ferrers town centre and/or within 400m of public transport.	+
		Within 2,000m of a key service.	0
		In excess of 2,000m from all services/public transport/the City Centre or South Woodham Ferrers town centre.	-
	Provision/loss of community facilities and services.	Development would provide key services and facilities on site.	++
		Development would contribute to the provision of additional services and facilities.	+
		Development would not provide or result in the loss of key services and facilities.	0
		Development would not contribute to the provision of additional services and facilities and would increase pressure on existing services and facilities.	-
		Development would result in the loss of key services and facilities without their replacement elsewhere within the Chelmsford City Area.	--
	5. Health and Wellbeing: To improve the health and wellbeing being of those living and working in the Chelmsford City Area.	Access to: -GP surgeries -open space (including sports and recreational facilities)	Within 800m walking distance of a GP surgery and open space.
Within 800m of a GP surgery or open space.			+

SA Objective	Appraisal Criteria	Threshold	Score	
		Within 2,000m of a GP surgery or open space.	0	
		In excess of 2,000m from a GP surgery and/or open space.	-	
	Provision/loss of open space or health facilities.	Would provide open space and/or health facilities on site.	++	
		Development would contribute to the provision of additional open space and/or health facilities.	+	
		Would not affect current provision of open space or health facilities.	0	
		Development would not contribute to the provision of additional open space and/or health facilities and would increase pressure on existing open space and/or health facilities.	-	
		Would result in the loss of open space and/or health facilities without their replacement elsewhere within the District.	--	
	Neighbouring uses.	Not located in close proximity to unsuitable neighbouring uses.	0	
		Located in close proximity to unsuitable neighbouring uses and which could have an adverse effect on human health.	-	
		Located in close proximity to unsuitable neighbouring uses and which could have a significant adverse effect on human health.	--	
	6. Transport: To reduce the need to travel, promote more sustainable modes of transport and align investment in infrastructure with growth.	Access to: -bus stops -railway stations -existing or proposed park and ride facility	Within 400m walking distance of all services or within a City, Town or Key Service Settlement.	++
			Within 400m or more of one or more services.	+
In excess of 400m from all services.			-	

SA Objective	Appraisal Criteria	Threshold	Score
	Impact on highway network.	Sites has good access to the strategic road network (employment uses only).	+
		No impact on highway network.	0
		Potential adverse impact on highway network.	-
		Potential significant adverse impact on highway network.	--
	Infrastructure investment.	Development would support investment in transportation infrastructure and/or services.	++
		Development would not support investment in, or result in the loss of, transportation infrastructure and/or services.	0
		Development would result in the loss of transportation infrastructure and/or services.	--
7. Land Use and Soils: To encourage the efficient use of land and conserve and enhance soils.	Development of brownfield / greenfield/ mixed land Development of agricultural land including best and most versatile agricultural land (Agricultural Land Classification (ALC) grades 1, 2 and 3)).	Previously developed (brownfield) land.	++
		Mixed greenfield/brownfield land.	+/-
		Greenfield (not in ALC Grades 1, 2 or 3).	-
		Greenfield (in ALC Grade 1, 2 or 3).	--
	Soil contamination.	Development would result in existing land / soil contamination being remediated.	++
		Development would not affect the contamination of land/soils.	0
		Development could be affected by existing contaminated land.	-
		Development would result in the contamination of land/soils.	--

SA Objective	Appraisal Criteria	Threshold	Score
8. Water: To conserve and enhance water quality and resources.	Proximity to waterbodies	In excess of 50m of a waterbody.	0
		Within 10-50m of a waterbody.	-
		Within 10m of a waterbody.	--
	Requirement for new or upgraded water management infrastructure.	No requirement to upgrade water management infrastructure.	0
Requirement to upgrade water management infrastructure.		--	
9. Flood Risk and Coastal Erosion: To reduce the risk of flooding and coastal erosion to people and property, taking into account the effects of climate change.	Presence of Environment Agency Flood Zones.	Within Flood Zone 1.	0
		Within Flood Zone 2.	-
		Within Flood Zone 3a/b.	--
10. Air: To improve air quality.	Proximity to Army and Navy Air Quality Management Areas (AQMA)	In excess of 500m from the AQMA.	0
		Within 500m of the AQMA.	-
		Within the AQMA.	--
11. Climate Change: To minimise greenhouse gas emissions and adapt to the effects of climate change.	It has not been possible to identify specific site level criteria for this SA objective.	N/A	N/A
12. Waste and Natural Resources: To promote the waste hierarchy (reduce, reuse, recycle, recover) and ensure the sustainable use of natural resources.	Development in Minerals Safeguarding Areas.	Outside a Minerals Safeguarding Area.	0
		Within a Minerals Safeguarding Areas.	--
13. Cultural Heritage: To conserve and enhance the historic environment, cultural heritage, character and setting.	Effects on designated heritage assets (for example, Scheduled Monuments, Listed Buildings, Conservation Areas, Registered Park and Gardens). Effects on non-designated heritage assets.	Development would enhance designated heritage assets or their settings.	++
		Development would result in an assets(s) being removed from the At Risk Register.	
		Development would enhance non-designated heritage assets or their settings.	+

SA Objective	Appraisal Criteria	Threshold	Score
		Development would increase access to heritage assets.	
		Development is unlikely to affect heritage assets or their settings.	0
		Development may have an adverse effect on designated heritage assets and/or their settings. Development may affect non-designated sites or their settings.	-
		Development may have a significant adverse effect on a designated heritage assets or their settings	--
14. Landscape and Townscape: To conserve and enhance landscape character and townscapes.	Effects on landscape/townscape character. Presence of Green Belt. Presence of Green Wedge. Presence of Coastal Protection Belt.	Development offers potential to significantly enhance landscape/townscape character.	++
		Development offers potential to enhance landscape/townscape character.	+
		Development is unlikely to have an effect on landscape/townscape character.	0
		Development may have an adverse effect on landscape/townscape character and/or site is located in a Green Wedge or the Coastal Protection Belt.	-
		Development may have a significant adverse effect on landscape/townscape character and/or site is located in the Green Belt.	--

NB: where more than one symbol/colour is presented in a box it indicates that the appraisal has identified both positive and negative effects. Where a box is coloured but also contains a '?', this indicates uncertainty over whether the effect could be a minor or significant effect although a professional judgement is expressed in the colour used. A conclusion of uncertainty arises where there is insufficient evidence for expert judgement to conclude an effect.

At the Pre-Submission stage an additional criteria was added to SA Objective 6 to recognise that those sites within a City, Town or Key Service Settlement would have good access to existing facilities and amenities via sustainable modes of transport.

SA07.1 Development of brownfield / greenfield / mixed land / Development of agricultural land including best and most versatile agricultural land.	SA07.1 Development of brownfield / greenfield / mixed land / Development of agricultural land including best and most versatile agricultural land.
SGS2	PF26	WEST CHELMSFORD	There are residential areas to the east of the site. There are agricultural fields to the north, west and south of the site. To the south east of the site and over the side of A1060 is the Old Chelmsfordians association which includes tennis courts and a football pitch which could cause disturbance from noise and therefore adversely impact on human health. However, it is noted that there is some existing vegetation cover which may provide screening and given the size of the site impacts would likely be confined to any residents closest to this recreation area.	-	-	Within Chelmsford. Closest Bus Stop is Lordship Road 5m away. Closest Rail Station is Chelmsford Rail Station 1917m away. Closest Park and Ride is Chelmer Valley Park and Ride 4968m away.	++	This large site would be accessed from the A1066, so there is good access to the major highway network. However, and notwithstanding the edge of urban settlement location the significant scale of development proposed for this site has the potential for significant adverse highway impacts and to significantly exacerbate existing congestion problems in Chelmsford.	-/?	Unknown	?	++/-/?	Comprises Grade 2 & 3 agricultural land.	-
SGS3a	PF27	EAST CHELMSFORD - MANOR FARM	There are residential areas to the south of the site, with agricultural fields to the north and east of the site. To the east of the site is the A1114 which is a dual carriageway and then the junction, Maldon Road, which runs to the south of the site. There is potential for noise disturbance from these roads which could have an adverse impact on human health.	-	-	Within Chelmsford. Closest Bus Stop is Manor Farm Shop 2m away. Closest Rail Station is Chelmsford Rail Station 2941m away. Closest Park and Ride is Sandon Park and Ride 385m away.	++	This large site is in close proximity to the A1114 and Manor Road and there is also the A12 in close proximity to the east of the site so there is good access to the major road network. The scale of development is significant, however given the location of the site and good proximity this would help to mitigate any adverse highway impacts to an extent. Further assessment would be needed at any planning application stage to determine the extent of any residual adverse highway impacts.	?	Unknown	?	++/?	Comprises Grade 2 agricultural land.	-
SGS4	PF31	NORTH EAST CHELMSFORD	There is a light industrial area and an old quarry bordering the site to the east. There is the potential for these to adversely affect the health of prospective residents due to, for example, noise and vibration.	-	-	Within Chelmsford. The closest bus stop is Chelmer Valley Park-and-Ride, which is adjacent to western boundary of the site. The closest Rail Station is Chelmsford Rail Station 4,100m away.	++	Accessed by Essex Regiment Way, Cranham Road and Domsey Lane. Domsey Lane is a narrow road which would struggle with the increase in traffic produced by this development. Due to the size of the scheme there could be significant impacts on the local highway network.	-	Unknown	?	++/-	Comprises Grade 2 & 3 agricultural land and some previously developed (brownfield) land.	-/?
SGS5a	PF33/34	MOULSHAM HALL AND NORTH GREAT LEIGHS	Great Leigh's Racecourse is on the opposing side of Moulsham Hall Lane. There is the potential for it to adversely affect the health of prospective residents due to, for example, noise from the operation of the racecourse and its attendees.	-	-	Within Great Leighs. Closest Bus Stop is Moulsham Hall 94.0m away. Closest Rail Station is Cressing Rail Station 4849.0m away. Closest Park and Ride is Chelmer Valley Park and Ride 5785.0m away.	++	Accessed by Moulsham Hall Lane and school lane, there would be significant impacts on the local highway network.	-	Unknown	?	++/-	Comprises Grade 2 & 3 agricultural land.	-

SGS2	PF26	WEST CHELMSFORD	Development would not affect the contamination of land/soils.	0	--	Within 10m of waterbody.	--	Assume that SUDs and other water management infrastructure would be required due to the size of the site. An update of the Chelmsford Water Cycle Study concludes that there are no constraints with respect to water service infrastructure in delivering the development in the emerging new local plan.	--	--	Eastern boundary of the site in flood zone 3 (though it is recognised that it may be possible given size of the site to located development away from flood zone 3).	--	In excess of 500m from the AQMA.	0	N/A	N/A	A large part of the site falls within a Sand and Gravel Mineral Safeguarding Area.	--
SGS3a	PF27	EAST CHELMSFORD - MANOR FARM	Development would not affect the contamination of land/soils.	0	--	Within 10m of waterbody Surface waterbodies are within the site boundary, albeit within the proposed Country Park element.	--	An update of the Chelmsford Water Cycle Study concludes that there are no constraints with respect to water service infrastructure in delivering the development in the emerging new local plan.	0	--	FZ2	--	In excess of 500m from the AQMA.	0	N/A	N/A	A large part of the site falls within a Sand and Gravel Mineral Safeguarding Area.	--
SGS4	PF31	NORTH EAST CHELMSFORD	Development would result in existing land / soil contamination being remediated.	++	-/++	Surface water bodies are within the site boundary, including both ponds and a river draining to the south.	--	Assume that SUDs and other water management infrastructure would be required due to the size of the site. An update of the Chelmsford Water Cycle Study concludes that there are no constraints with respect to water service infrastructure in delivering the development in the emerging new local plan.	--	--	FZ1	0	In excess of 500m from the AQMA.	0	N/A	N/A	Site falls within a Sand and Gravel Mineral Safeguarding Area.	--
SGS5a	PF33/34	MOULSHAM HALL AND NORTH GREAT LEIGHS	Development would result in existing land / soil contamination being remediated.	++	-/++	Within 10m of a waterbody.	--	Assume that SUDs and other water management infrastructure would be required due to the size of the site. An update of the Chelmsford Water Cycle Study concludes that there are no constraints with respect to water service infrastructure in delivering the development in the emerging new local plan.	--	--	FZ1	0	In excess of 500m from the AQMA.	0	N/A	N/A	Site falls within a Sand and Gravel Mineral Safeguarding Area.	--

PS Ref	Site ID	Site Name	SA13 Effects on designated heritage assets (for example Scheduled Monuments, Listed Buildings, Conservation Areas, Registered Park and Gardens). Effects on non designated heritage assets.	SA13 13. To conserve and enhance the historic environment, cultural heritage, character and setting.	SA14 Effects on landscape and townscape character. Presence of Green Belt. Presence of Green Wedge. Presence of Coastal Protection Belt.	SA14 14. To conserve and enhance landscape character and townscapes.
SGS2	PF26	WEST CHELMSFORD	There are 3 Grade II listed buildings located within 500m of the site, the closest of which is 412m from the site. There are no other designated heritage assets within 500m of the site. Notwithstanding the scale of development given the absence of designated heritage assets within 500m of the site (except for the one listed building as noted) effects on heritage are considered to be neutral.	0	Development of this site would result in a considerable extension of Chelmsford centre into the adjacent countryside given the size of the site and scale of development. Whilst there is potential for a well designed site to tie in with the existing residential areas to the east of the site (which could have a positive townscape impact), the scale of development could have adverse impacts on the openness of the countryside to the north, west and south of the site and views of the countryside for existing residential areas from the east. On this basis it is considered that there would be significant adverse effects on landscape character. The 2017 Landscape Sensitivity and Capacity Assessment confirms that West Chelmsford has a mixture of high and moderate landscape sensitivity and capacity to accommodate new development ranges from medium to low-medium. The site is not in the green belt, but it is located to the south of the site and the openness of the green belt but could be indirectly affected by development of this site. Overall, taking into account the scale of development proposed, a significant negative effect on landscape is predicted.	-
SGS3a	PF27	EAST CHELMSFORD - MANOR FARM	Chelmer and Blackwater Navigation conservation area is adjacent to the north of the site (the proposed Country Park is within this Conservation Area). Great Baddow conservation area is 267m south west of the site. There are 19 Grade II listed buildings within 500m of the site, the closest of which is located 344m south west of the site (Barnes Mill Lock Grade II Listed Building is located adjacent to the northern boundary of the proposed Country Park). Given the scale of development and proximity to a conservation area immediately to the north of the site, there is potential for adverse effects on this conservation area.	-	Development of this site would see a significant extension of Great Baddow village into the countryside to the north of the village. Notwithstanding that a well designed site could tie into the existing residential areas to the south of the site, development of this site would affect the openness of the countryside and views into the countryside from existing residents in Great Baddow, all of which would have adverse landscape character impacts. Furthermore the 2017 Landscape Sensitivity and Capacity Assessment confirms that Sandon (adjacent to Great Baddow) has a mixture of high and moderate landscape sensitivity and capacity to accommodate new development ranges from medium to medium - high. The site is not in the green belt.	-
SGS4	PF31	NORTH EAST CHELMSFORD	There are 18 grade II listed buildings located within 500m of the site. The Little Waltham conservation area lies 393m to the west. There are 3 listed buildings located on site and 7 are located within 100m of the site. Given the scale of development there is potential for significant adverse effects on the conservation area and listed buildings located on the site. The scale of development would be difficult to screen from surrounding heritage assets and so there is potential for significant adverse effects on these also.	-	Development of this site would result in a considerable extension of Little Waltham to the east. Due to the scale of the development and the loss of agricultural greenfield land, it would result in a substantial change to the local landscape character and could affect long distance views from the surrounding countryside as well as the visual amenity of residential and other receptors. Site is not in the Green Belt. Overall, due to the scale of the development and loss of agricultural land there is potential for significant adverse effects on landscape character, although it is recognised that a well designed site and landscaping could help to mitigate adverse impacts. The 2017 Landscape Sensitivity and Capacity Assessment confirms that North East Chelmsford has a moderate landscape sensitivity and capacity to accommodate new development ranges from low to medium - high. The site is not in the green belt. Taking into account the scale of development proposed, a significant negative effect has been identified with respect to landscape.	-
SGS5a	PF33/34	MOULSHAM HALL AND NORTH GREAT LEIGHS	There are 19 Grade II listed buildings located within 500m of the site. Dumney Lane cottage is within 50m of the northern site boundary, whilst there is the potential for the effect on these buildings to be reduced as a result of the intervening built environment, some tree screening and any screening as part of the development, it is considered that there is potential for significant residual negative adverse effects	-	Due to the scale of the development and the loss of agricultural greenfield land, development of this site would result in a substantial change to the local landscape character and could affect long distance views from the surrounding countryside as well as the visual amenity of residential and other receptors (including Great Leighs Racecourse), which are in close proximity to the site. The site is also crossed by public footpaths, with a public bridleway running along the north western boundary of the site along Dumney lane and views from these paths may be affected. Overall, due to the scale of the development and loss of agricultural land there is potential for significant adverse effects on landscape character, although it is recognised that a well designed site and landscaping could help to mitigate adverse impacts. Furthermore the 2017 Landscape Sensitivity and Capacity Assessment confirms that Great Leigh has a mixture of high and moderate landscape sensitivity and capacity to accommodate new development ranges from low to medium - high. The site is not in the green belt.	-

Results of the Appraisal of Revised Site Allocations

A summary of the results of the re-appraisal of those site allocations 'screened in' is provided below by Growth Area. It should be noted that no changes to the appraisal findings presented in the 2018 SA Report have been identified.

Reasons for the Selection of the Proposed Site Allocations and for the Rejection of Alternatives

Reasons for the Selection of the Proposed Site Allocations

The reasons for the selection of the proposed site allocations contained in the draft Local Plan are set out below.

Location	Rationale
1. Chelmsford Urban Area	<p>Complies well with Strategic Priorities, Vision, Spatial Principles and Spatial Strategy in particular by making the best use of previously developed land and existing infrastructure, reinforcing Chelmsford's regional role as 'Capital of Essex' and, facilitating urban renewal and focussing development at well-connected locations and in accordance with the Settlement Hierarchy.</p> <p>Supported by the Plan evidence base e.g. Traffic Modelling, Archaeological Assessment and Urban Housing Capacity Study.</p> <p>Viable and available. No overriding physical constraints to bringing forward the allocations in this location.</p>
2. West Chelmsford	<p>Complies well with Strategic Priorities, Vision, Spatial Principles and Spatial Strategy in particular by focussing development at well-connected locations and in accordance with the Settlement Hierarchy, maximising opportunities for sustainable travel and delivering new and improved local infrastructure including a new primary school, neighbourhood centre and bus link.</p> <p>Supported by the Plan evidence base e.g. Traffic Modelling, Archaeological Assessment, Landscape Sensitivity Assessment and Heritage Assessment.</p> <p>Viable and available. No overriding physical constraints to bringing forward the allocation in this location.</p>
3A. East Chelmsford (Manor Farm)	<p>Complies well with Strategic Priorities, Vision, Spatial Principles and Spatial Strategy in particular by focussing development at well-connected locations and in accordance with the Settlement Hierarchy, making the best use of existing infrastructure including capacity at Sandon School, maximising opportunities for sustainable travel, increasing opportunities for greater access to the Green Wedge, river valley and waterways and, delivering new and improved local infrastructure including a new Country Park and visitor centre and access into Sandford Mill.</p> <p>Supported by the Plan evidence base e.g. Traffic Modelling, Green Wedge and Green Corridor Study, Archaeological Assessment and Landscape Sensitivity Assessment.</p> <p>Viable and available. No overriding physical constraints to bringing forward the allocation in this location.</p>
3B. East Chelmsford - Land North of Maldon Road (Employment)	<p>Complies well with Strategic Priorities, Vision, Spatial Principles and Spatial Strategy in particular by focussing development at well-connected locations and in accordance with the Settlement Hierarchy, fostering growth and investment and providing new jobs, increasing opportunities for greater use of the Green Wedge, and delivering new and improved local infrastructure including a new early years nursery and expansion of Sandon Park & Ride.</p> <p>Supported by the Plan evidence base e.g. Traffic Modelling, Green Wedge and Green Corridor Study, Archaeological Assessment and Landscape Sensitivity Assessment.</p> <p>Viable and available. No overriding physical constraints to bringing forward the allocation in this location.</p>
3C. East Chelmsford - Land South of Maldon Road	<p>Complies well with Strategic Priorities, Vision, Spatial Principles and Spatial Strategy in particular by focussing development at well-connected locations and in accordance with the Settlement Hierarchy and, making the best use of existing infrastructure including capacity at Sandon School.</p> <p>Supported by the Plan evidence base e.g. Traffic Modelling, Green Wedge and Green Corridor Study and Landscape Sensitivity Assessment.</p> <p>Viable and available. No overriding physical constraints to bringing forward the allocation in this location.</p>
3D. East Chelmsford - Land North of Maldon Road (Residential)	<p>Complies well with Strategic Priorities, Vision, Spatial Principles and Spatial Strategy in particular by focussing development at well-connected locations and in accordance with the Settlement Hierarchy and, making the best use of existing infrastructure including capacity at Sandon School.</p>

Location	Rationale
	<p>Supported by the Plan evidence base e.g. Traffic Modelling, Green Wedge and Green Corridor Study and Landscape Sensitivity Assessment.</p> <p>Viable and available. No overriding physical constraints to bringing forward the allocation in this location.</p>
EC1. Land North of Galleywood Reservoir, Galleywood	<p>Complies well with Strategic Priorities, Vision, Spatial Principles and Spatial Strategy in particular by focussing development at well-connected locations and in accordance with the Settlement Hierarchy and, providing opportunities to contribute towards and enhance existing services and facilities.</p> <p>Viable and available and supported by the Plan evidence base. No overriding physical constraints to bringing forward the allocation in this location.</p>
EC2. Land Surrounding Telephone Exchange, Ongar Road, Writtle	<p>Complies well with Strategic Priorities, Vision, Spatial Principles and Spatial Strategy in particular by focussing development at well-connected locations and in accordance with the Settlement Hierarchy, making the best use brownfield land and, providing opportunities to contribute towards and enhance existing services and facilities.</p> <p>Viable and available and supported by the Plan evidence base. No overriding physical constraints to bringing forward the allocation in this location.</p>
4. North East Chelmsford	<p>Complies well with Strategic Priorities, Vision, Spatial Principles and Spatial Strategy in particular by focussing development at well-connected locations and in accordance with the Settlement Hierarchy, fostering growth and investment and providing new jobs, maximising opportunities for sustainable travel, increasing opportunities for greater access to the Green Wedge and river valley and delivering new and improved infrastructure including new schools, areas for employment, Country Park, neighbourhood centres, a second radial distributor road and phase one of the Chelmsford North-East By-pass.</p> <p>Supported by the Plan evidence base e.g. Traffic Modelling and Landscape Sensitivity Assessment.</p> <p>Viable and available with re-phasing of minerals extraction. No overriding physical constraints to bringing forward the allocation in this location.</p>
5A. Great Leighs – Land at Moulsham Hall	<p>Complies well with Strategic Priorities, Vision, Spatial Principles and Spatial Strategy in particular by focussing development at well-connected locations and in accordance with the Settlement Hierarchy, delivering new and improved infrastructure including a new school, neighbourhood centre and contributions towards the Chelmsford North-East By-pass.</p> <p>Supported by the Plan evidence base e.g. Traffic Modelling, Heritage Assessment and Archaeological Assessment.</p> <p>Viable and available. No overriding physical constraints to bringing forward the allocation in this location.</p>
5B. Great Leighs – Land East of London Road	<p>Complies well with Strategic Priorities, Vision, Spatial Principles and Spatial Strategy in particular by focussing development at well-connected locations and in accordance with the Settlement Hierarchy and providing contributions towards the Chelmsford North-East By-pass.</p> <p>Supported by the Plan evidence base e.g. Traffic Modelling, Heritage Assessment and Archaeological Assessment.</p> <p>Viable and available. No overriding physical constraints to bringing forward the allocation in this location.</p>
5C. Great Leighs – Land North and South of Banter's Lane	<p>Complies well with Strategic Priorities, Vision, Spatial Principles and Spatial Strategy in particular by focussing development at well-connected locations and in accordance with the Settlement Hierarchy, by providing homes for all and providing contributions towards the Chelmsford North-East By-pass.</p> <p>Supported by the Plan evidence base e.g. Traffic Modelling, Heritage Assessment and Archaeological Assessment.</p> <p>Viable and available. No overriding physical constraints to bringing forward the allocation in this location.</p>
6. North of Broomfield	<p>Complies well with Strategic Priorities, Vision, Spatial Principles and Spatial Strategy in particular by focussing development at well-connected locations and in accordance with the Settlement Hierarchy, maximising opportunities for sustainable travel, increasing opportunities for greater access to the Green Wedge and river valley, delivering new and improved infrastructure including a neighbourhood centre, a secondary access into Broomfield Hospital and Farleigh Hospice and contributions towards the Chelmsford North-East By-pass.</p> <p>Supported by the Plan evidence base e.g. Traffic Modelling, Heritage Assessment, Landscape Sensitivity Assessment and Archaeological Assessment.</p> <p>Viable and available. No overriding physical constraints to bringing forward the allocation in this location.</p>

Location	Rationale
EC3. Great Leighs – Land East of Main Road	<p>Complies well with Strategic Priorities, Vision, Spatial Principles and Spatial Strategy in particular by focussing development at well-connected locations and in accordance with the Settlement Hierarchy, and providing opportunities to contribute towards and enhance existing services and facilities.</p> <p>Supported by the Plan evidence base e.g. Landscape Sensitivity Assessment, Heritage Assessment and Archaeological Assessment.</p> <p>The site has planning permission and is under construction.</p>
EC4. East of Boreham	<p>Complies well with Strategic Priorities, Vision, Spatial Principles and Spatial Strategy in particular by focussing development at well-connected locations and in accordance with the Settlement Hierarchy, and providing opportunities to contribute towards and enhance existing services and facilities.</p> <p>Supported by the Plan evidence base e.g. Landscape Sensitivity Assessment, Heritage Assessment and Archaeological Assessment.</p> <p>The site has planning permission and is under construction.</p>
GT1. Drakes Lane Gypsy and Traveller Site	<p>Complies well with Strategic Priorities, Vision, Spatial Principles and Spatial Strategy in particular by providing homes for all.</p> <p>The site has planning permission, is supported by the Plan evidence base and viable and available. No overriding physical constraints to bringing forward the allocation in this location. Drainage on site subject to further investigation.</p>
7. North of South Woodham Ferrers	<p>Complies well with Strategic Priorities, Vision, Spatial Principles and Spatial Strategy in particular by focussing development at well-connected locations and in accordance with the Settlement Hierarchy, development at well-connected locations and in accordance with the Settlement Hierarchy, delivering new and improved infrastructure including new employment opportunities and road capacity improvements along the A132 between Rettendon Turnpike Junction and South Woodham Ferrers.</p> <p>Supported by the Plan evidence base e.g. Traffic Modelling, Landscape Sensitivity Assessment, Heritage Assessment and Archaeological Assessment.</p> <p>Viable and available. No overriding physical constraints to bringing forward the allocation in this location. National Grid are investigating the removal of the pylons.</p>
8. South of Bicknacre	<p>Complies well with Strategic Priorities, Vision, Spatial Principles and Spatial Strategy in particular by focussing development at well-connected locations and in accordance with the Settlement Hierarchy, and providing opportunities to contribute towards and enhance existing services and facilities.</p> <p>Supported by the Plan evidence base e.g. Landscape Sensitivity Assessment and Archaeological Assessment.</p> <p>Viable and available. No overriding physical constraints to bringing forward the allocation in this location.</p>
9. Danbury	<p>Principles and Spatial Strategy in particular by focussing development in well-connected locations, in accordance with the Settlement Hierarchy and providing opportunities to contribute towards and enhance existing services and facilities.</p> <p>Danbury is preparing a Neighbourhood Plan. There are several potential sites considered viable and available over the Plan period. An allocation of 100 homes is considered acceptable in terms of existing constraints (landscape, highways) and opportunities.</p>
EC5. St Giles, Moor Hall Lane, Bicknacre	<p>Principles and Spatial Strategy in particular by focussing development in accordance with the Settlement Hierarchy and by providing homes for all.</p> <p>Supported by the Plan evidence base and viable and available. No overriding physical constraints to bringing forward the allocation in this location.</p>

Reasons for the Rejection of Alternatives

The following sites were identified as potential reasonable alternatives and assessed in the 2018 SA Report. The sites had been promoted through the Council's SLAA, fell within a Growth Area and were in proximity to a site being promoted for preferred housing and/or employment growth. The rationale for rejecting the sites as preferred site allocations is described below.

The Council has also had regard to the outputs from the SA appraisal. The appraisal of alternative sites has revealed that as the majority of sites are located on greenfield land outside existing settlement boundaries, therefore the preferred sites typically performed better against the SA objectives in respect of land use (SA Objective 7) and landscape and townscape (SA Objective 14).

RA Location	Rationale for Rejection
Boreham CFS81 (17SLAA32)	When compared to the preferred site, this site complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of the existing settlement of Boreham. This site is severed from Boreham village by the A12 and would result in isolated development in the countryside. It also has poorer access and connectivity to services and facilities available in Boreham village.
Boreham CFS160	When compared to the preferred site, this site complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of the existing settlement of Boreham. This site is severed from Boreham village by the A12 and would result in isolated development in the countryside. It also has poorer access and connectivity to services and facilities available in Boreham village.
Boreham CFS59	This site provides an important separation between Boreham Village and the Chelmsford Urban Area and is no longer considered a reasonable alternative to the preferred options site.
Boreham CFS13	This site provides an important separation between Boreham Village and the Chelmsford Urban Area and is no longer considered a reasonable alternative to the preferred options site.
Boreham CFS49	This site provides an important separation between Boreham Village and the Chelmsford Urban Area and is no longer considered a reasonable alternative to the preferred options site.
Boreham CFS9	This site provides an important separation between Boreham Village and the Chelmsford Urban Area and is no longer considered a reasonable alternative to the preferred options site.
Boreham CFS51	This site would result in development further away from the DSB compared with the preferred site. This complies less well with the Spatial Principles and Spatial Strategy by not respecting the pattern of the existing settlement of Boreham. It would be a smaller scale development and less likely to deliver as much new and improved local infrastructure.
Boreham CFS145	A western portion of this site comprises an existing commitment (EC4 - East of Boreham). preferred option site. The remaining non-allocated part of the site extends south and eastwards. It would result in development further away from the DSB compared with the preferred site. This complies less well with the Spatial Principles and Spatial Strategy by not respecting the pattern of the existing settlement of Boreham. It is also less supported by the Plan evidence base i.e. The Landscape Sensitivity and Capacity Study 2017.
Boreham CFS52	This site would result in development further away from the DSB compared with the preferred site. This complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of the existing settlement of Boreham. The site also has poorer access and connectivity to services and facilities available in Boreham village and is less supported by the Plan evidence base i.e. The Landscape Sensitivity and Capacity Study 2017.
Boreham CFS16	This site has a capacity of less than 10 dwelling and is therefore not allocated. It is only a reasonable alternative if considered as a cluster site with CFS52. However, this site has been rejected for reasons set out above.
Boreham 15SLAA3	When compared to the preferred site, this site complies less well with the Spatial Principles and Spatial Strategy. It would be a smaller scale development and less likely to deliver as much new and improved local infrastructure. It also has the potential to be more harmful to the adjoining Conservation Area. It could be considered as a cluster site with either CFS145 and/or CFS52. However, these sites have also both been rejected for reasons set out above. The Council has also not been advised that the site promoters are working together to promote a joint development.
Boreham CFS10	This site is adjacent to proposed site allocation 4 (NE Chelmsford). The Council's SLAA identifies this site has a potential capacity of 25 dwellings, and as such, the site will not deliver a comprehensively-planned new sustainable Garden Community with a range of supporting local and strategic infrastructure. Overall, this site is considered to perform less well than the preferred site against the Spatial Strategy and Spatial Principles. The Council has also not been advised that the site promoters are working together to promote a joint development.
Boreham CFS50 /CFS77	The site provides an important separation between Boreham Village and the Chelmsford Urban Area and is detached from the Village of Boreham and separated from the Urban Area by the Boreham Interchange and is no longer considered a reasonable alternative to the preferred options site.
East Chelmsford CFS54	The site is situated adjacent to A12 Junction 19; consequently the expected traffic generation from a site in this location would be expected to have an additional impact on the A12 carriageway. The site is also less well supported by the Plan evidence base including the Landscape Capacity and Sensitivity Assessment 2017 so is no longer considered a reasonable alternative to the preferred options site.
East Chelmsford CFS83	This site compares less well with Location 4 (NE Chelmsford) and the Spatial Principles and Spatial Strategy of the Local Plan, in particular by not respecting the existing pattern of settlements or locating development in well-connected locations. The site is also less well supported by the Plan evidence base including the Landscape Capacity and Sensitivity Assessment 2017. This location is within the Lower Chelmer Valley which has a landscape character that has a high sensitivity to change with significant portions of land within the floodplain. A proportion of this area is also identified by the existing Chelmer and Navigation Landscape Conservation Area designation.

RA Location	Rationale for Rejection
	<p>Furthermore, the area of the site proposed for future housing and employment development is east of the A12 Chelmsford By-pass and therefore there is uncertainty on highway access into this area for a new settlement which potentially requires a new junction or significantly improved junction on the A12 which raises issues of deliverability.</p> <p>The Hammonds Farm site is severed by the A12, Maldon Road and the A414, all of which are close to capacity and experience congestion and delays to traffic. The site is situated adjacent to A12 Junction 18; consequently the expected traffic generation from a site in this location would be expected to have an additional impact on the A12 carriageway.</p> <p>A new settlement at Hammonds Farm could mean that benefits arising from development on the edge of the Chelmsford Urban Area are reduced as a large proportion of new development would be detached from the existing urban area, which could lead to an increase in car/traffic movements to those facilities in the city centre.</p> <p>The site would require access to the A414, which is a strategic route linking Maldon with Chelmsford, and the wider network. Significant growth is planned in the Maldon Local Plan, along this busy 'strategic' route which passes through urban areas, including Danbury towards the A12, Junction 18.</p> <p>Although the site is located close to the Sandon Park and Ride site, traffic from Hammonds Farm site would have to travel through Junction 18 to the Park and Ride facility with consequent impact on that junction. A further Park and Ride site has been suggested within the Hammonds Farm site. However, an additional Park and Ride is likely to have an effect on the viability of the neighbouring Sandon site, Chelmer Valley, and the potential additional two sites proposed in the Pre-Submission Local Plan.</p> <p>A large development at Hammonds Farm would also be expected to significantly increase the use of the city centre rail station, which is already close to capacity, more so than the site in NE Chelmsford which will be in close proximity to the proposed station at Beaulieu Park and will be connected into the walking and cycling routes serving the new NE Chelmsford neighbourhood.</p> <p>Although the Hammonds Farm site is relatively close to the proposed new rail station at Beaulieu Park travel between the two would be via the dual carriageway A12 which, as explained above, currently experiences congestion, or by rat running through minor roads to the north of the site which is unlikely to be considered acceptable.</p>
East Chelmsford CFS100	<p>A western portion of this site comprises the preferred option (Location 3c).</p> <p>The remaining site extends further to the east and to the edge of Sandon village in the south. When compared to the preferred sites (Locations 3a-3d), this site complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of existing settlements. Development here could undermine the distinct and separate identities of Great Baddow and Sandon and risk their coalescence. It would also not deliver or be suitable to deliver significant new employment growth as proposed in Location 3b.</p>
East Chelmsford CFS99	<p>When compared to the preferred sites (Locations 3a-3d), this site complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of existing settlements. Development here could undermine the distinct and separate identity of Sandon. It would also not deliver or be suitable to deliver significant new employment growth as proposed in Location 3b.</p>
East Chelmsford CFS102	<p>When compared to the preferred sites (Locations 3a-3d), this site complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of existing settlements. Development here could undermine the distinct identity of Sandon. It would also not deliver or be suitable to deliver significant new employment growth as proposed in Location 3b.</p>
East Chelmsford 15SLAA21	<p>When compared to the preferred sites (Locations 3a-3d), this site complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of existing settlements. This site is remote from Sandon village and would result in more isolated development in the Rural Area. It also has poorer access and connectivity to services and facilities available in CUA. It would also not deliver or be suitable to deliver significant new employment growth as proposed in Location 3b.</p>
Essex Police HQ and Sports Ground, New Court Road	<p>Promoted for development at Pre-Submission stage by the site owners. Circumstances later changed and the site is now to be retained for use by the police so is no longer available and deliverable as a housing development site.</p>
North of Gloucester Avenue (John Shennan)	<p>Promoted for development at Pre-Submission stage by the site owners. Circumstances later changed and the site owners are re-considering the future use of the site and currently no longer wish to promote it for housing so it is no longer available and deliverable as a housing development site.</p>
Great Leighs CFS141 (Little Leighs)	<p>When compared to the preferred sites (Location 5), this site complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of existing settlements. Development here could undermine the distinct identity of Great Leighs.</p> <p>The site is severed from Great Leighs village by the A130 and would result in more isolated development in the countryside. It also has poorer access and connectivity to services and facilities available in Great Leighs village.</p>

RA Location	Rationale for Rejection
Great Leighs CFS119 (Little Leighs) (17SLAA25)	The Council's SLAA identifies this site has a potential capacity of 43 dwellings. When compared to the preferred sites (Location 5), this site complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of existing settlements. Development here could undermine the distinct identity of Great Leighs. The site is severed from Great Leighs village by the A130 and would result in more isolated development in the countryside. It also has poorer access and connectivity to services and facilities available in Great Leighs village.
Great Leighs 15SLAA28	When compared to the preferred sites (Location 5), this site is less well connected to the strategic road network and closer to the SSSI. Compared with sites 5b and 5c, this site is adjacent to areas considered to be of high landscape sensitivity.
Great Leighs CFS195 (17SLAA23)	When compared to the preferred sites (Location 5), this site is less well connected to the strategic road network and closer to the SSSI. Compared with sites 5b and 5c, this site is adjacent to areas considered to be of high landscape sensitivity.
Great Leighs CFS90	The preferred sites at location 5 will create sustainable new growth to the west, north and north-east of the village. The Council's SLAA identifies this site has a potential capacity of 22 dwellings. It is not adjacent to other promoted sites. Being much smaller in scale compared with the proposed sites, it will be less likely to deliver new and improved local infrastructure. Overall, this site is considered to perform less well than the preferred site against the Spatial Strategy and Spatial Principles.
Great Leighs CFS223	The preferred sites (Location 5) will create will create sustainable growth to the west, north and north-east of Great Leighs village. The Council's SLAA identifies this site has a potential capacity of 8 dwellings. As such, it is only a reasonable alternative if considered as a cluster site e.g. with CFS105 (comprising an Existing Commitment in the Local Plan) although the Council has also not been advised that the site promoters are working together to promote a joint development and EC3 already has planning permission.
Great Leighs CFS120	The preferred sites (Location 5) will create will create sustainable growth to the west, north and north-east of Great Leighs village. The Council's SLAA identifies this site has a potential capacity of 294 dwellings. Overall, this site is considered to perform less well than the preferred site against the Spatial Strategy and Spatial Principles. It is less well connected to the strategic road network and closer to the SSSI. Compared with sites 5b and 5c, this site is also adjacent to areas considered to be of high landscape sensitivity.
Great Leighs CFS19	This comprises part of preferred site and should be deleted from this table as a rejected reasonable alternative.
Great Leighs 15SLAA16	This comprises two land parcels north and south of Banters Lane. When compared to the preferred sites (Location 5), the northern parcel site would result in more isolated development in the Rural Area which would not respect the pattern of the existing settlement of Great Leighs. It could also have poorer access and connectivity to services and facilities available in Great Leighs village. As such, it complies less well with the Spatial Principles and Spatial Strategy. Part of the southern parcel comprises part of preferred site. The remaining unallocated part, when compared to the preferred site, would result in more isolated development in the Rural Area and have the potential to adversely affect the adjoining LoWS and heritage assets. Being smaller in scale compared with the preferred site, it is also less likely to be able to deliver new and improved local infrastructure. Overall, this site is considered to perform less well than the preferred site against the Spatial Strategy and Spatial Principles.
Great Leighs 17SLAA14	The preferred sites (Location 5) will create sustainable growth to the west, north and north-east of Great Leighs village. The Council's SLAA identifies that the site has a potential capacity of 163 dwellings. When compared to the preferred sites (Location 5), this site is less well connected to the strategic road network and would result in more isolated development in the Rural Area which would not respect the pattern of the existing settlement of Great Leighs.
Great Leighs 17SLAA1	This site comprises a small parcel of land north Banters Lane. The Council's SLAA identifies that the site has a potential capacity of 11 dwellings, so by itself is not a reasonable alternative to proposed sites in Great Leighs. Being significantly smaller in scale compared with the preferred sites, it is less likely to be able to deliver new and improved local infrastructure and as such, this site is only a reasonable alternative if considered as a cluster site with adjoining site 15SLAA16. However, when compared to the proposed sites, both these comply less well with the Spatial Principles and Spatial Strategy e.g. they would result in more isolated development in the Rural Area which would not respect the pattern of the existing settlement of Great Leighs. They could also have poorer access and connectivity to services and facilities available in Great Leighs village. As such, they comply less well with the Spatial Principles and Spatial Strategy.
Great Leighs Cluster – 17SLAA1 and 15SLAA16	These could be considered a reasonable alternative to proposed sites if part of a cluster site. However, when compared to the preferred site, both these sites comply less well with the Spatial Principles and Spatial Strategy e.g. they would result in more isolated development in the Rural Area which would not respect the pattern of the existing settlement of Great Leighs. They could also have poorer access and connectivity to services and facilities available in Great Leighs village. The Council has also not been advised that the site promoters are working together to promote a joint development.
Great Leighs 17SLAA26	When compared to the preferred sites (Location 5), this site complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of existing settlements. Development here could undermine the distinct identity of Great Leighs. The site is severed from Great Leighs village by the A130 and

RA Location	Rationale for Rejection
	would result in more isolated development in the countryside. It also has poorer access and connectivity to services and facilities available in Great Leighs village.
Great Leighs 17SLAA23	The Council's SLAA identifies this site has a potential capacity of 293 dwellings. However, when compared to the proposed sites, it complies less well with the Spatial Principles and Spatial Strategy e.g. it would result in more isolated development in the Rural Area which would not respect the pattern of the existing settlement of Great Leighs and it would have poorer access and connectivity to services and facilities available in Great Leighs village. It is also closer to the SSSI and less well connected to the strategic road network. Compared with sites 5b and 5c, this site is also partly within an area considered to be of high landscape sensitivity.
Great Leighs 17SLAA22	The Council's SLAA identifies this site has a potential capacity of 198 dwellings. However, when compared to the proposed sites, it complies less well with the Spatial Principles and Spatial Strategy e.g. it would result in more isolated development in the Rural Area which would not respect the pattern of the existing settlement of Great Leighs and it would have poorer access and connectivity to services and facilities available in Great Leighs village. It is also closer to the SSSI and less well connected to the strategic road network. Compared with sites 5b and 5c, this site is also partly within an area considered to be of high landscape sensitivity.
Great Leighs 17SLAA24	The Council's SLAA identifies this site has a potential capacity of 99 dwellings. However, when compared to the proposed sites, it complies less well with the Spatial Principles and Spatial Strategy e.g. it would result in more isolated development in the Rural Area which would not respect the pattern of the existing settlement of Great Leighs and it would have poorer access and connectivity to services and facilities available in Great Leighs village. It is also closer to the SSSI and less well connected to the strategic road network. Compared with sites 5b and 5c, this site is also partly within an area considered to be of high landscape sensitivity.
Great Leighs 17SLAA25	The Council's SLAA identifies this site has a potential capacity of 24 dwellings. When compared to the preferred sites (Location 5), this site complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of existing settlements. Development here could undermine the distinct identity of Great Leighs. The site is severed from Great Leighs village by the A130 and would result in more isolated development in the countryside. It also has poorer access and connectivity to services and facilities available in Great Leighs village.
West Chelmsford CFS182	<p>The preferred site (Location 2) proposes a high quality development of 800 new homes and new primary school adjoining Chelmsford's Urban Area with sustainable travel at its heart. The preferred site is adjacent to the A1060 which is the main link into Chelmsford City Centre from the west. It is considered within walking and cycling distance of the City Centre.</p> <p>The Council's SLAA identifies that CFS182 a potential capacity of 780 dwellings. However, when compared to the preferred site, this site complies less well with the Spatial Principles and Spatial Strategy in particular by having poorer access and connectivity into Chelmsford UA.</p>
West Chelmsford CFS82	<p>The preferred site (Location 2) proposes a high quality development of 800 new homes and new primary school adjoining Chelmsford's Urban Area with sustainable travel at its heart. The preferred site is adjacent to the A1060 which is the main link into Chelmsford City Centre from the west. It is considered within walking and cycling distance of the City Centre.</p> <p>The Council's SLAA identifies that CFS82 a potential capacity of 48 dwellings. Being smaller in scale compared with the preferred site, it is less likely to be able to deliver new and improved local infrastructure and as such, this site is only a reasonable alternative if considered as a cluster site with adjoining sites such as CFS80 and CFS182. However, when compared to the preferred site, all of these sites comply less well with the Spatial Principles and Spatial Strategy e.g. they have poorer access and connectivity into Chelmsford UA when considered individually or in combination. The Council has also not been advised that the site promoters are working together to promote a joint development.</p>
West Chelmsford CFS80	<p>The preferred site (Location 2) proposes a high quality development of 800 new homes and new primary school adjoining Chelmsford's Urban Area with sustainable travel at its heart. The preferred site is adjacent to the A1060 which is the main link into Chelmsford City Centre from the west. It is considered within walking and cycling distance of the City Centre.</p> <p>The Council's SLAA identifies that CFS80 a potential capacity of 16 dwellings. Being smaller in scale compared with the preferred site, it is less likely to be able to deliver new and improved local infrastructure. As such, this site is only a reasonable alternative if considered as a cluster site with adjoining sites such as CFS82 and CFS182. However, when compared to the preferred site, all of these sites comply less well with the Spatial Principles and Spatial Strategy e.g. they have poorer access and connectivity into Chelmsford UA when considered individually or in combination. The Council has also not been advised that the site promoters are working together to promote a joint development.</p>
West Chelmsford Cluster CFS182, CFS82 and CFS80	<p>The preferred site (Location 2) proposes a high quality development of 800 new homes and new primary school adjoining Chelmsford's Urban Area with sustainable travel at its heart. The preferred site is adjacent to the A1060 which is the main link into Chelmsford City Centre from the west. It is considered within walking and cycling distance of the City Centre.</p> <p>The Council's SLAA identifies that CFS182 has a potential capacity of 780 dwellings, CFS82 a potential capacity of 48 dwellings and CFS80 for a potential 16 dwellings. These sites could be considered a reasonable alternative if part of a cluster site. However, when compared to the preferred site, all of these sites comply less well with the Spatial Principles and Spatial Strategy e.g. they have poorer access and connectivity into Chelmsford UA when considered individually or in combination. The Council has also not been advised that the site promoters are working together to promote a joint development.</p>

RA Location	Rationale for Rejection
West Chelmsford/ Broomfield CFS115	<p>Location 2 proposes 800 new homes and new primary school adjoining Chelmsford's Urban Area with sustainable travel at its heart. The preferred site is adjacent to the A1060 which is the main link into Chelmsford City Centre from the west. It is considered within walking and cycling distance of the City Centre. Location 6 North of Broomfield lies directly adjacent to Broomfield village and the B1008 (a main link into Chelmsford City Centre from the north). Location 6 is considered in close proximity to Chelmsford's largest employer - Broomfield Hospital and Chelmer Valley Secondary School. Location 6 will also deliver a new secondary vehicular access into the Hospital.</p> <p>The Council's SLAA identifies that CFS115 has a potential capacity of 30 dwellings. Being smaller in scale compared with the preferred sites, it is less likely to be able to deliver new and improved local infrastructure. As such, this site is only considered a reasonable alternative if part of a cluster site with adjoining sites such as CFS182 and/or CFS183. However, when compared to the preferred site, these sites comply less well with the Spatial Principles and Spatial Strategy e.g. they have poorer access and connectivity into Chelmsford UA when treated individually or in combination. The Council has also not been advised that the site promoters are working together to promote a joint development.</p>
West Chelmsford/ Broomfield CFS210	<p>Location 2 proposes 800 new homes and new primary school adjoining Chelmsford's Urban Area with sustainable travel at its heart. The preferred site is adjacent to the A1060 which is the main link into Chelmsford City Centre from the west. It is considered within walking and cycling distance of the City Centre. Location 6 North of Broomfield lies directly adjacent to Broomfield village and the B1008 (a main link into Chelmsford City Centre from the north). Location 6 is considered in close proximity to Chelmsford's largest employer - Broomfield Hospital and Chelmer Valley Secondary School. Location 6 will also deliver a new secondary vehicular access into the Hospital.</p> <p>The Council's SLAA identifies that CFS210 has a potential capacity of 37 dwellings. Being smaller in scale compared with the preferred site, it is less likely to be able to deliver new and improved local infrastructure. As such, this site is only a reasonable alternative if considered as a cluster site with adjoining sites such as CFS209, CFS182 and/or CFS183. However, when compared to the preferred site, these sites comply less well with the Spatial Principles and Spatial Strategy e.g. they have poorer access and connectivity into Chelmsford UA when treated individually or in combination. The Council has also not been advised that the site promoters are working together to promote a joint development.</p>
West Chelmsford/ Broomfield CFS209	<p>Location 2 proposes 800 new homes and new primary school adjoining Chelmsford's Urban Area with sustainable travel at its heart. The preferred site is adjacent to the A1060 which is the main link into Chelmsford City Centre from the west. It is considered within walking and cycling distance of the City Centre. Location 6 North of Broomfield lies directly adjacent to Broomfield village and the B1008 (a main link into Chelmsford City Centre from the north). Location 6 is considered in close proximity to Chelmsford's largest employer - Broomfield Hospital and Chelmer Valley Secondary School. Location 6 will also deliver a new secondary vehicular access into the Hospital.</p> <p>The Council's SLAA identifies that CFS209 has a potential capacity of 950 dwellings. When compared to the preferred sites, this site complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of the existing settlement of Broomfield or CUA. This site is separated from Broomfield village and CUA and, would result in isolated development in the countryside. It also has poorer access and connectivity to services and facilities available in Broomfield village and CUA. It could not deliver a new secondary vehicular access into the Hospital and is more remote from Chelmer Valley Secondary School.</p>
CUA/Broomfield CFS26	<p>The preferred site (Location 6 North of Broomfield) lie directly adjacent to Broomfield village and the B1008 (a main link into Chelmsford City Centre from the north). Location 6 is considered in close proximity to Chelmsford's largest employer - Broomfield Hospital and Chelmer Valley Secondary School. Location 6 will also deliver a new secondary vehicular access into the Hospital.</p> <p>The Council's SLAA identifies that CFS26 has a potential capacity of 4 dwellings. Being significantly smaller in scale compared with the preferred site, it is unlikely to be able to deliver new and improved local infrastructure. As such, this could only be a reasonable alternative if considered as a cluster site with CFS156 and/or CFS183. However, when compared to the preferred site, all these sites comply less well with the Spatial Principles and Spatial Strategy e.g. they have poorer access and connectivity into Broomfield village and Chelmsford UA. They would also weaken the gap between Broomfield village and CUA harming their distinct settlement characteristics and risking their coalescence. They would not deliver a new secondary vehicular access into the Hospital and are more remote from Chelmer Valley Secondary School.</p>
CUA/Broomfield CFS156	<p>The preferred site (Location 6 North of Broomfield) lies directly adjacent to Broomfield village and the B1008 (a main link into Chelmsford City Centre from the north). Location 6 is considered in close proximity to Chelmsford's largest employer - Broomfield Hospital and Chelmer Valley Secondary School. Location 6 will also deliver a new secondary vehicular access into the Hospital.</p> <p>The Council's SLAA identifies that CFS156 a potential capacity of 228 dwellings. Being smaller in scale compared with the preferred site, it is less likely to be able to deliver new and improved local infrastructure. As such, this by itself it is not a reasonable alternative to Location 6. When compared to the preferred site, this site either individually or in combination with other alternative nearby e.g. CFS183 complies less well with the Spatial Principles and Spatial Strategy. It has poorer access and connectivity into Broomfield village and Chelmsford UA. It would also erode the gap between Broomfield village and CUA harming their distinct settlement characteristics and risking their coalescence. It could not deliver a new secondary vehicular access into the Hospital and is more remote from Chelmer Valley Secondary School.</p>

RA Location	Rationale for Rejection
CUA/Broomfield CFS183	<p>The preferred site (Location 6 North of Broomfield) lies directly adjacent to Broomfield village and the B1008 (a main link into Chelmsford City Centre from the north). Location 6 is considered in close proximity to Chelmsford's largest employer - Broomfield Hospital and Chelmer Valley Secondary School. Location 6 will also deliver a new secondary vehicular access into the Hospital.</p> <p>The Council's SLAA identifies that CFS183 has a potential capacity for 1317 homes. However, when compared to the preferred site, this site complies less well with the Spatial Principles and Spatial Strategy e.g. it would result in development within the gap between Broomfield village and CUA contrary to existing settlement patterns. It could also not deliver a new secondary vehicular access into the Hospital.</p>
CUA - CFS25	<p>The Council's SLAA identifies this as a rejected site. This site lies within an existing and proposed Green Wedge and as such it is not considered a reasonable alternative to the proposed sites in CUA. The site is not supported by the Plan evidence base i.e. The Green Wedge and Green Corridor Review 2017. The Council has successfully won planning appeals against the residential development of this site.</p>
CUA/Broomfield CFS143	<p>The Council's SLAA identifies this as a rejected site. This site lies within an existing and proposed Green Wedge, and largely within a designated open space. As such, it is not considered a reasonable alternative to the proposed sites in CUA. The site is not supported by the Plan evidence base i.e. The Green Wedge and Green Corridor Review 2017. This site comprises open space and therefore when compared to the proposed sites, it complies less well with the Spatial Principles by reducing residents access to open spaces.</p>
Broomfield cluster – CFS26 CFS183 and CFS156	<p>The preferred site (Location 6 North of Broomfield) lies directly adjacent to Broomfield village and the B1008 (a main link into Chelmsford City Centre from the north). Location 6 is considered in close proximity to Chelmsford's largest employer - Broomfield Hospital and Chelmer Valley Secondary School. Location 6 will also deliver a new secondary vehicular access into the Hospital.</p> <p>When compared to the preferred sites, these sites comply less well with the Spatial Principles and Spatial Strategy e.g. they have poorer access and connectivity into Broomfield village. Development would remove the gap between Broomfield village and CUA contrary to the existing settlement pattern. It could also not deliver a new secondary vehicular access into the Hospital.</p>
Broomfield CFS277	<p>The preferred site (Location 6 North of Broomfield) lies directly adjacent to Broomfield village and the B1008 (a main link into Chelmsford City Centre from the north). Location 6 is considered in close proximity to Chelmsford's largest employer - Broomfield Hospital and Chelmer Valley Secondary School. Location 6 will also deliver a new secondary vehicular access into the Hospital.</p> <p>The Council's SLAA identifies that this site has a capacity of 32 dwellings so by itself would not be a reasonable alternative to the preferred site in Broomfield (Location 6). It would deliver far less new and improved local infrastructure. When compared to the preferred site in Broomfield, this site complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of existing settlements. Development here could undermine the distinct and separate identities of Broomfield and CUA. It could also not deliver a new secondary vehicular access into the Hospital.</p>
Broomfield CFS78	<p>The preferred site (Location 6 North of Broomfield) lies directly adjacent to Broomfield village and the B1008 (a main link into Chelmsford City Centre from the north). Location 6 is considered in close proximity to Chelmsford's largest employer - Broomfield Hospital and Chelmer Valley Secondary School. Location 6 will also deliver a new secondary vehicular access into the Hospital.</p> <p>The Council's SLAA identifies that CFS78 has a potential capacity for 1020 homes. However, when compared to the preferred site, this site complies less well with the Spatial Principles and Spatial Strategy e.g. it would not respect the pattern of the existing settlement of Broomfield and result in development within the gap between Broomfield village and CUA contrary to existing settlement patterns and risking their coalescence. It could not deliver a new secondary vehicular access into the Hospital and potentially be more harmful in landscape terms.</p>
Broomfield CFS157	<p>The preferred site (Location 6 North of Broomfield) lies directly adjacent to Broomfield village and the B1008 (a main link into Chelmsford City Centre from the north). Location 6 is considered in close proximity to Chelmsford's largest employer - Broomfield Hospital and Chelmer Valley Secondary School. Location 6 will also deliver a new secondary vehicular access into the Hospital.</p> <p>The Council's SLAA identifies that CFS157 has a potential capacity for 971 homes. However, when compared to the preferred site, this site complies less well with the Spatial Principles and Spatial Strategy e.g. it would not respect the pattern of the existing settlement of Broomfield and result in development within the gap between Broomfield village and CUA contrary to existing settlement patterns and risking their coalescence. It could not deliver a new secondary vehicular access into the Hospital and potentially be more harmful in landscape terms.</p>
Broomfield Cluster - CFS78 and CFS157	<p>The preferred site (Location 6 North of Broomfield) lies directly adjacent to Broomfield village and the B1008 (a main link into Chelmsford City Centre from the north). Location 6 is considered in close proximity to Chelmsford's largest employer - Broomfield Hospital and Chelmer Valley Secondary School. Location 6 will also deliver a new secondary vehicular access into the Hospital.</p> <p>Together these could deliver a significant amount of new homes, well over that proposed for Broomfield village. When compared to the preferred sites in Broomfield, these sites comply less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of the existing settlement of Broomfield. These sites would weaken the gap between Broomfield and CUA and risk their coalescence. They are also less well connected into the existing local road network, and potentially be more harmful in landscape terms and could not deliver a new secondary vehicular access into the Hospital.</p>

RA Location	Rationale for Rejection
Broomfield - CFS181	<p>The preferred site (Location 6 North of Broomfield) lies directly adjacent to Broomfield village and the B1008 (a main link into Chelmsford City Centre from the north). It is considered in close proximity to Chelmsford's largest employer - Broomfield Hospital and Chelmer Valley Secondary School. It will also deliver a new secondary vehicular access into the Hospital.</p> <p>The Council's SLAA identifies that CFS181 has a potential capacity for 2040 homes. Part of this site forms preferred site. The whole site could deliver a significant amount of new homes, well over that proposed for Broomfield village. When compared to the preferred site, the remainder of the promoted site complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of the existing settlement of Broomfield. It would result in some development within the gap between Broomfield village and CUA contrary to existing settlement patterns, and would significantly alter the character and setting of the village. The rest of the site is also less well connected into the existing local road network and potentially be more harmful in landscape terms.</p>
Broomfield - 15SLAA47	<p>The preferred site (Location 6 North of Broomfield) lies directly adjacent to Broomfield village and the B1008 (a main link into Chelmsford City Centre from the north). It is considered in close proximity to Chelmsford's largest employer - Broomfield Hospital and Chelmer Valley Secondary School and will also deliver a new secondary vehicular access into the Hospital.</p> <p>The Council's SLAA identifies that 15SLAA47 has a potential capacity for 312 homes. The site is adjacent to the western boundary of the preferred site. When compared to the preferred site, this site complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of the existing settlement of Broomfield. This site is less well connected into the existing local road network, could not deliver a new secondary vehicular access into the Hospital, would result in more isolated development in the Rural Area and potentially be more harmful in landscape terms. By itself it would not be a reasonable alternative to deliver 800 new homes and a new primary school.</p>
Broomfield - CFS212	<p>The Council's SLAA identifies this as a rejected site. This site lies within an existing and proposed Green Wedge and as such it is not considered a reasonable alternative to the proposed sites in CUA. The site is not supported by the Plan evidence base i.e. The Green Wedge and Green Corridor Review 2017.</p>
Broomfield - CFS 211	<p>The Council's SLAA identifies this as a rejected site. This site lies within an existing and proposed Green Wedge and as such it is not considered a reasonable alternative to the proposed sites in CUA. The site is not supported by the Plan evidence base i.e. The Green Wedge and Green Corridor Review 2017.</p>
Broomfield CFS140	<p>The Council's SLAA identifies this as a rejected site. This site lies within an existing and proposed Green Wedge and as such it is not considered a reasonable alternative to the proposed sites in CUA. The site is not supported by the Plan evidence base i.e. The Green Wedge and Green Corridor Review 2017.</p>
Broomfield CFS53 and CFS62	<p>The preferred site (Location 6 North of Broomfield) lies directly adjacent to Broomfield village and the B1008 (a main link into Chelmsford City Centre from the north). Location 6 is considered in close proximity to Chelmsford's largest employer - Broomfield Hospital and Chelmer Valley Secondary School. Location 6 will also deliver a new secondary vehicular access into the Hospital.</p> <p>The Council's SLAA identifies CFS53 and CFS62 to have capacities of 247 and 221 respectively, but also as rejected sites. By themselves they would not be a reasonable alternative to the proposed site. This area also lies within an existing and proposed Green Wedge and are not considered a reasonable alternative to the proposed site. The site is not supported by the Plan evidence base i.e. The Green Wedge and Green Corridor Review 2017. Part of the site also lies within Flood Zones 2 and 3.</p>
Broomfield CFS219	<p>The preferred site (Location 6 North of Broomfield) lies directly adjacent to Broomfield village and the B1008 (a main link into Chelmsford City Centre from the north). Location 6 is considered in close proximity to Chelmsford's largest employer - Broomfield Hospital and Chelmer Valley Secondary School. Location 6 will also deliver a new secondary vehicular access into the Hospital.</p> <p>The Council's SLAA identifies that this site has a capacity of 202 dwellings, but also as a rejected site. By itself it would not be a reasonable alternative to the proposed site. This area also lies within an existing and proposed Green Wedge and is not considered a reasonable alternative to the proposed site. The site is not supported by the Plan evidence base i.e. The Green Wedge and Green Corridor Review 2017. Part of the site also lies within Flood Zones 2 and 3.</p>
Broomfield Cluster – CFS53/62 and CFS219	<p>The preferred site (Location 6 North of Broomfield) lies directly adjacent to Broomfield village and the B1008 (a main link into Chelmsford City Centre from the north). Location 6 is considered in close proximity to Chelmsford's largest employer - Broomfield Hospital and Chelmer Valley Secondary School. Location 6 will also deliver a new secondary vehicular access into the Hospital.</p> <p>When compared to the preferred site in Broomfield, these sites comply less well with the Spatial Principles and Spatial Strategy and would not be a reasonable alternative. The sites lie within an existing and proposed Green Wedge and are not supported by the Plan evidence base i.e. The Green Wedge and Green Corridor Review 2017. Part of the combined site also lies within Flood Zones 2 and 3 and development here would not respect the pattern of the existing settlement of Broomfield. The sites are less well connected into the existing local road network, would result in more isolated development in the countryside and potentially be more harmful in landscape terms.</p>
Broomfield CFS98	<p>The preferred site (Location 6 North of Broomfield) lies directly adjacent to Broomfield village and the B1008 (a main link into Chelmsford City Centre from the north). Location 6 is considered in close proximity to Chelmsford's largest employer - Broomfield Hospital and Chelmer Valley Secondary School. Location 6 will also deliver a new secondary vehicular access into the Hospital.</p>

RA Location	Rationale for Rejection
	The Council's SLAA identifies that this site has a capacity of 45 dwellings so by itself would not be a reasonable alternative to the proposed site. In combination with the proposed site, it could deliver an even larger development although this scale of development would not be supported in education terms. The Council has also not been advised that the site promoters are working together to promote a joint development.
Broomfield 15SLAA13	The preferred site (Location 6 North of Broomfield) lies directly adjacent to Broomfield village and the B1008 (a main link into Chelmsford City Centre from the north). Location 6 is considered in close proximity to Chelmsford's largest employer - Broomfield Hospital and Chelmer Valley Secondary School. Location 6 will also deliver a new secondary vehicular access into the Hospital. The Council's SLAA identifies that this site has a capacity of 88 dwellings so by itself would not be a reasonable alternative to the preferred site. In combination with CFS181, it could deliver a large development although this site has also been rejected for reasons set out above. When compared to the preferred site, it also complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of the existing settlement of Broomfield. This site is less well connected into the existing local road network.
Broomfield 15SLAA13, 15SLAA47 and CFS181 Cluster	The preferred site (Location 6 North of Broomfield) lies directly adjacent to Broomfield village and the B1008 (a main link into Chelmsford City Centre from the north). Location 6 is considered in close proximity to Chelmsford's largest employer - Broomfield Hospital and Chelmer Valley Secondary School. Location 6 will also deliver a new secondary vehicular access into the Hospital. When compared to the preferred site in Broomfield, these sites (excluding the area comprising part of preferred site 6) comply less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of the existing settlement of Broomfield. They are less well connected into the existing local road network, would result in more isolated development in the countryside and potentially be more harmful in landscape terms. They would deliver significantly more development than being proposed in Broomfield.
Danbury – 15SLAA45, CFS190, CFS243, CFS159, CFS173, 15SLAA49, CFS15, CFS274 and CFS188	There are no proposed site(s) proposed in Danbury as these will be identified through the emerging Neighbourhood Plan. The sites selected for assessment in the SA are identified in the SLAA having been submitted through the Council's 'call for sites' processes. It will be for the Danbury community and other stakeholders to consider this information and use it to inform the selection of preferred development site(s) for future growth.
Bicknacre CFS104 (East of village)	This site was subject to a recent planning appeal for 110 dwellings (Appeal Ref: APP/W1525/W/153129306). The Inspector dismissed the appeal concluding that the proposal would harm the character and appearance of the surrounding area and the rural setting of the village, and in this regard, would fail to comply with paragraph 17 of the NPPF. The Inspector also found that the adverse impacts of the proposal would significantly and demonstrably outweigh the benefits. As such, this site has been rejected by the Council.
Bicknacre CFS46 (North East of village)	The development would result in backland development to the north of the village. When compared to the preferred sites, this site complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of the existing settlement of Bicknacre.
Bicknacre 15SLAA29 (North East of village)	The development would result in backland development to the north of the village. When compared to the preferred sites, this site complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of the existing settlement of Bicknacre. It would also be less well connected to the existing village.
Bicknacre CFS158	When compared to the preferred sites, this site complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of the existing settlement of Bicknacre. This site would result in more isolated development in the countryside. It would also have poorer access and connectivity to services and facilities available in Bicknacre village.
Bicknacre 15SLAA43	The western portion of this site comprises an existing commitment for specialist residential development that will be rolled over in the new Local Plan (EC4 St Giles). This will complement the existing specialist residential provision available at this location. When compared to the preferred site, remainder of this site complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of the existing settlement of Bicknacre. The site is also less supported by the Plan evidence base i.e. The Landscape Sensitivity and Capacity Study 2017 which identifies that it as having a low landscape capacity and high landscape sensitivity.
CUA – 15SLAA31	This site comprises open space and therefore when compared to the proposed sites, it complies less well with the Spatial Principles by reducing residents access to open spaces.
CUA – 17SLAA29	The site comprises an existing and proposed Employment Area. It complies less well with the Spatial Principles by reducing residents access to employment.
CUA – 15SLAA41	This site lies within an existing and proposed Green Wedge and as such it is not considered a reasonable alternative to the proposed sites in CUA. The site is not supported by the Plan evidence base i.e. The Green Wedge and Green Corridor Review 2017.
CUA – CFS275	The site already has planning permission for residential development. Construction has started so it is not considered a reasonable alternative.

RA Location	Rationale for Rejection
CUA – CFS196	The sites lies within a proposed Green Wedge and open space designation, so is not considered a reasonable alternative to the proposed sites within the Local Plan. The site is not supported by the Plan evidence base including The Green Wedge and Green Corridor Review 2017. It complies less well with the Spatial Principles by reducing residents access to open spaces.
CUA – 15SLAA20	The western parcel of the site is proposed for allocation (Site 1h). The remaining eastern parcel comprises Eastwood House which is in employment use. Therefore allocation for residential development would comply less well with the Spatial Principles by reducing residents access to employment.
West Chelmsford CFS165	Part of the eastern parcel comprises the preferred site (Location 2) and Area for Future Recreational Use and/or SuDS. The remaining unallocated part, when compared to the preferred site, would result in more isolated development in the Rural Area and have the potential to have greater landscape impacts. The entire site would deliver a significant amount of new homes, well over that proposed for this location. When. Overall, this site is considered to perform less well than the preferred site against the Spatial Strategy and Spatial Principles.
SWF CFS282 (now 17SLAA30)	The southern area of this site comprises the preferred option (North of SWF - Location 7). The remaining part of the alternative site extends further northwards. When compared to the preferred site, this area complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of the existing settlement of SWF. Development of the wider site would erode the gap between Woodham Ferrers and SWF Urban Area harming their distinct settlement characteristics and risking their coalescence.
SWF CFS280	The majority of the site comprises the preferred option (North of SWF - Location 7). The remaining part of the alternative site extends further northwards. When compared to the preferred site, this area complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of the existing settlement of SWF. Development of the wider site would erode the gap between Woodham Ferrers and SWF Urban Area harming their distinct settlement characteristics and risking their coalescence.
SWF 17SLAA12	The Council's SLAA identifies that this site has a capacity of 39 dwellings so by itself would not be a reasonable alternative to the preferred site. In combination with the proposed site, it could deliver a larger development. However, the site is severed from the allocated site by open space and Local Wildlife Site designations. It is also within a very prominent location considered an area of high landscape sensitivity. It is not supported by the Plan evidence base i.e. The Landscape Sensitivity and Capacity Assessment Review 2016. The Council has also not been advised that the site promoters are working together to promote a joint development. When compared to the preferred site, it complies less well with the Spatial Principles and Spatial Strategy and is less well connected into the existing local road network.
NE Chelmsford CFS94	The eastern portion of the site comprises the preferred option (NE Chelmsford - Location 4). The remaining part of the alternative site extends further westwards, west of Essex Regiment Way. This area lies within an existing and proposed Green Wedge and is not considered a reasonable alternative to the proposed site. This part of the site is not supported by the Plan evidence base i.e. The Green Wedge and Green Corridor Review 2017.

Reasons for the Rejection of Housing Led Alternatives Considered in the Additional Changes SA Report Addendum

The following reasonable alternative housing sites/clusters were assessed in the Additional Changes SA Report Addendum. The rationale for rejecting the sites as preferred site allocations is described below.

Site ID	Site Name	Rationale for Rejection
18SLAA01	Land South of Rennie Place and Clements Close Chelmer Village	This site lies within a proposed Green Wedge and as such it is not considered a reasonable alternative to the proposed sites in Chelmsford's Urban Area (CUA). The site is not supported by the Plan evidence base i.e. The Green Wedge and Green Corridor Review 2017.
18SLAA02	Land North of School Lane, Great Leighs	The preferred sites (Location 5) will create sustainable growth to the west, north and north-east of Great Leighs village. When compared to the preferred sites (Location 5), this site is less well connected to the strategic road network and would result in more isolated development in the Rural Area which would not respect the pattern of the existing settlement of Great Leighs.

Site ID	Site Name	Rationale for Rejection
18SLAA04	Land North of Elm Green Lane and East of Riffhams Lane, Danbury	<p>There are no proposed site(s) proposed in Danbury as these will be identified through the emerging Neighbourhood Plan.</p> <p>The sites selected for assessment in the SA are identified in the SLAA having been submitted through the Council's 'call for sites' processes. It will be for the Danbury community and other stakeholders to consider this information and use it to inform the selection of preferred development site(s) for future growth.</p>
18SLAA07	Land West of Patching Hall Lane North of Barnaby Rudge, Broomfield	<p>The preferred site (Location 6 North of Broomfield) lies directly adjacent to Broomfield village and the B1008 (a main link into Chelmsford City Centre from the north). Location 6 is considered in close proximity to Chelmsford's largest employer - Broomfield Hospital and Chelmer Valley Secondary School. Location 6 will also deliver a new secondary vehicular access into the Hospital.</p> <p>When compared to the preferred site, this site complies less well with the Spatial Principles and Spatial Strategy e.g. it would result in development within the gap between Broomfield village and CUA contrary to existing settlement patterns. It could also not deliver a new secondary vehicular access into the Hospital.</p>
18SLAA08	Land East of Patching Hall Lane North of Oatleys, Broomfield	<p>The preferred site (Location 6 North of Broomfield) lies directly adjacent to Broomfield village and the B1008 (a main link into Chelmsford City Centre from the north). Location 6 is considered in close proximity to Chelmsford's largest employer - Broomfield Hospital and Chelmer Valley Secondary School. Location 6 will also deliver a new secondary vehicular access into the Hospital.</p> <p>When compared to the preferred site, this site complies less well with the Spatial Principles and Spatial Strategy e.g. it would result in development within the countryside contrary to existing settlement patterns. It could also not deliver a new secondary vehicular access into the Hospital.</p>
18SLAA09	Land South of Mashbury Road, Chignall	<p>The preferred site (Location 2) proposes a high quality development of 800 new homes and new primary school adjoining CUA with sustainable travel at its heart. The preferred site is adjacent to the A1060 which is the main link into Chelmsford City Centre from the west. It is considered within walking and cycling distance of the City Centre.</p> <p>When compared to the preferred site, this site complies less well with the Spatial Principles and Spatial Strategy in particular by having poorer access and connectivity into CUA.</p>
18SLAA11	Land West of Main Road and South of School Road, Broomfield	<p>The preferred site (Location 6 North of Broomfield) lies directly adjacent to Broomfield village and the B1008 (a main link into Chelmsford City Centre from the north). Location 6 is considered in close proximity to Chelmsford's largest employer - Broomfield Hospital and Chelmer Valley Secondary School. Location 6 will also deliver a new secondary vehicular access into the Hospital.</p> <p>When compared to the preferred site, this site complies less well with the Spatial Principles and Spatial Strategy e.g. it would result in development within the gap between Broomfield village and CUA contrary to existing settlement patterns. It could also not deliver a new secondary vehicular access into the Hospital.</p>
18SLAA12	Land North of Mashbury Road and West of Chignall Road, Chignall	<p>The preferred site (Location 2) proposes a high quality development of 800 new homes and new primary school adjoining Chelmsford's Urban Area with sustainable travel at its heart. The preferred site is adjacent to the A1060 which is the main link into Chelmsford City Centre from the west. It is considered within walking and cycling distance of the City Centre.</p> <p>When compared to the preferred site, this site complies less well with the Spatial Principles and Spatial Strategy in particular by having poorer access and connectivity into CUA.</p>

Site ID	Site Name	Rationale for Rejection
18SLAA13	Land West of Avon Road and South of Mashbury Road, Chignall	<p>The preferred site (Location 2) proposes a high quality development of 800 new homes and new primary school adjoining Chelmsford's Urban Area with sustainable travel at its heart. The preferred site is adjacent to the A1060 which is the main link into Chelmsford City Centre from the west. It is considered within walking and cycling distance of the City Centre.</p> <p>When compared to the preferred site, this site complies less well with the Spatial Principles and Spatial Strategy in particular by having poorer access and connectivity into CUA. Land to the south of Mashbury Road also has a high landscape sensitivity and low to medium landscape capacity (as identified in the Landscape Sensitivity and Capacity Assessment). As such it is no longer considered a reasonable alternative to the preferred option site.</p>
18SLAA14	Land South of Broom Wood and North of Hollow Lane, Chignall	<p>The preferred site (Location 6 North of Broomfield) lies directly adjacent to Broomfield village and the B1008 (a main link into Chelmsford City Centre from the north). Location 6 is considered in close proximity to Chelmsford's largest employer - Broomfield Hospital and Chelmer Valley Secondary School. Location 6 will also deliver a new secondary vehicular access into the Hospital.</p> <p>When compared to the preferred site, this site complies less well with the Spatial Principles and Spatial Strategy e.g. it would result in development within the gap between Broomfield village and CUA contrary to existing settlement patterns. It could also not deliver a new secondary vehicular access into the Hospital.</p>
18SLAA16	Land South of Hoffmans Way, Chelmsford	The site comprises an existing and proposed Employment Area. It complies less well with the Spatial Principles by reducing resident's access to employment through the loss of an employment area.
18SLAA20	Land North of Peartree Lane, Bicknacre	The development would result in backland development to the north of the village. When compared to the preferred sites, this site complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of the existing settlement of Bicknacre.
CFS154	Land East of Broomfield Library, 180 Main Road, Broomfield	<p>This site lies within a proposed Green Wedge and as such it is not considered a reasonable alternative to the proposed site in Broomfield. The site is not supported by the Plan evidence base i.e. The Green Wedge and Green Corridor Review 2017.</p> <p>The Council's SLAA identifies that this site has a capacity of 12 dwellings so by itself would not be a reasonable alternative to the preferred site in Broomfield (Location 6). It would deliver far less new and improved local infrastructure. It could also not deliver a new secondary vehicular access into the Hospital.</p>
18SLAA2 and 17SLAA14	Great Leighs Cluster	<p>The preferred site (Location 5) will create sustainable growth to the west, north and north-east of Great Leighs village.</p> <p>When compared to the preferred sites, these sites comply less well with the Spatial Principles and Spatial Strategy e.g. this site is less well connected to the strategic road network and would result in more isolated development in the Rural Area which would not respect the pattern of the existing settlement of Great Leighs.</p>
18SLAA09 and 18SLAA13 and CFS82 and CFS80	Land West of Chelmsford and South of Mashbury Road Cluster	<p>The preferred site (Location 2) proposes a high quality development of 800 new homes and new primary school adjoining CUA with sustainable travel at its heart. The preferred site is adjacent to the A1060 which is the main link into Chelmsford City Centre from the west. It is considered within walking and cycling distance of the City Centre.</p> <p>The Council's SLAA identifies that CFS182 has a potential capacity of 780 dwellings, CFS82 a potential capacity of 48 dwellings and CFS80 for a potential 16 dwellings. These sites could be considered a reasonable alternative if part of a cluster site. However, when compared to the preferred site, all of these sites comply less well with the Spatial Principles and Spatial Strategy e.g. they have poorer access and connectivity into CUA when</p>

Site ID	Site Name	Rationale for Rejection
		considered individually or in combination. The Council has also not been advised that the site promoters are working together to promote a joint development.

Reasons for the Rejection of Employment Led Alternatives Considered in the Additional Changes SA Report Addendum

The following reasonable alternative housing sites were assessed in the Additional Changes SA Report Addendum. The rationale for rejecting the sites as preferred site allocations is described below.

Site ID	Site Name	Rationale for Rejection
CFS125	Marriages Mill	<p>The preferred sites (for example, locations 3b and 4), propose new employment development within and adjacent to existing and proposed built-up areas in line with the Spatial Strategy and Settlement Hierarchy. New employment development will come forward alongside new housing development to maximise opportunities for new communities to be well connected to new local job areas.</p> <p>When compared to the preferred sites for employment (Locations 1, 3b and 4), this site complies less well with the Spatial Principles and Spatial Strategy in particular by not respecting the pattern of the existing settlement of Chelmsford's settlements. This site would also result in isolated development in the countryside.</p>

Appendix F

Revised Appraisal of Local Plan Policies

Key to Appraisals

Score	Description	Symbol
Significant Positive Effect	The policy contributes significantly to the achievement of the objective.	++
Minor Positive Effect	The policy contributes to the achievement of the objective but not significantly.	+
Neutral	The policy does not have any effect on the achievement of the objective	0
Minor Negative Effect	The policy detracts from the achievement of the objective but not significantly.	-
Significant Negative Effect	The policy detracts significantly from the achievement of the objective.	--
No Relationship	There is no clear relationship between the policy and the achievement of the objective or the relationship is negligible.	~
Uncertain	The policy has an uncertain relationship to the objective or the relationship is dependent on the way in which the aspect is managed. In addition, insufficient information may be available to enable an appraisal to be made.	?

NB: where more than one symbol/colour is presented in a box it indicates that the appraisal has identified both positive and negative effects. Where a box is coloured but also contains a '?', this indicates uncertainty over whether the effect could be a minor or significant effect although a professional judgement is expressed in the colour used. A conclusion of uncertainty arises where there is insufficient evidence for expert judgement to conclude an effect.

Creating Sustainable Development (Strategic Policies S2 – S7)

SA Objective	S2	S3	S4	S5	S6	S7	Cumulative Effect	Commentary
<p>1. Biodiversity and Geodiversity: To conserve and enhance biodiversity and geodiversity and promote improvements to the green infrastructure network.</p>	+	+	0	0	++	+	++	<p>Likely Significant Effects</p> <p>The Chelmsford City Council Administrative Area (the City Area) has a rich and diverse biodiversity including three designated European sites: Crouch and Roach Estuaries (Mid-Essex Coast Phase 3) SPA; Crouch and Roach Estuaries Ramsar; and the Essex Estuaries SAC and eight SSSIs as well as a range of LNRs and LoWSs. It also contains examples of 14 of the 20 habitats included in the Essex Biodiversity Action Plan. Its extensive green infrastructure includes the valleys and flood plain of the Rivers Chelmer, Wid and Can. The policies in this section of the Pre-Submission Local Plan will help to protect and enhance the Chelmsford City Area's biodiversity and green infrastructure. In particular, Policy S6 specifically concerns the protection and enhancement of networks of biodiversity and green infrastructure in the Chelmsford City Area including designated sites. It sets out that <i>"The Council will plan for a multifunctional network of green infrastructure which protects, enhances and, where possible, restores ecosystems, securing a net gain in biodiversity across the Council's area. The needs and potential of biodiversity will be considered together with those of natural, historic and farming landscapes, the promotion of health and wellbeing, sustainable travel, water management and climate change adaptation."</i> <u>It also requires that "Where appropriate, contributions from developments will be secured towards mitigation measures identified in the Essex Recreational disturbance Avoidance and Mitigation Strategy (RAMS) which will be completed by the time the Local Plan is adopted..."</u> The policy also requires that: <i>"Effective use of brownfield land of low environmental value will be encouraged to minimise the loss of higher quality agricultural land. Furthermore the Council will seek the provision of high quality green infrastructure will protect, enhance and create wildlife corridors to maintain ecological connectivity when greenfield land will be lost."</i> The protection of water quality and use of SUDS, as supported by the reasoned justification to this policy, can also protect biodiversity promote opportunities for habitat and species enhancement in the area. Overall, Policy S6 has therefore been assessed as having a significant positive effect on this objective.</p> <p>Policy S2 promotes sustainable development and sets out that the Council will support proposals which (inter alia) secure development that improves the environmental conditions in the area. Policy S3, meanwhile, may generate positive effects on biodiversity by reducing greenhouse gas emissions and supporting climate change adaptation. Policy S7 will help to ensure that existing green spaces are protected and that provision is made as part of new residential and employment development. These spaces will provide important elements of green infrastructure</p>

SA Objective	S2	S3	S4	S5	S6	S7	Cumulative Effect	Commentary
								<p>in the Chelmsford City Area which can also provide habitats for a variety of species. Overall, Policies S2, S3 and S7 have been assessed as having a positive effect on this objective.</p> <p>Policies S4 and S5 have <u>Policy S5</u> has been assessed as having a neutral effect on this objective.</p> <p>Cumulatively, the policies in this section have been assessed as having a significant positive effect on this objective.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified. <p>Uncertainties</p> <ul style="list-style-type: none"> None identified. <p>Assumptions</p> <ul style="list-style-type: none"> None identified.
<p>2. Housing: To meet the housing needs of the Chelmsford City Area and deliver decent homes.</p>	++	0	0/?	-/?	-/?	0	++0/-	<p>Likely Significant Effects</p> <p>The presumption in favour of sustainable development set out in Policy S2 and the commitment that the Council “will work proactively with applicants to find solutions which mean that proposals can be approved wherever possible, and to secure development that improves the economic, social and environmental conditions in the area” will help to ensure that the housing needs of the Chelmsford City Area are met. This has been assessed as having a significant positive effect on this objective.</p> <p>The conservation and enhancement of the historic environment (Policy S5) and natural environment (Policy S6) may restrict the delivery of housing and in consequence, negative effects have been identified in respect of these policies (although this would be dependent on the exact location of development proposals).</p> <p>Policies S3, S4 and S7 are considered to have a neutral effect on achievement of this objective. Although the promotion of Neighbourhood Plans in the area under Policy S4 may increase the supply of housing, the effect is uncertain and dependent on the scope/content of any Neighbourhood Plans that come forward.</p>

SA Objective	S2	S3	S4	S5	S6	S7	Cumulative Effect	Commentary
								<p>Overall, the policies in this section are considered to have a mixed <u>neutral significant positive</u> and minor negative effect on this objective.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified. <p>Uncertainties</p> <ul style="list-style-type: none"> The extent to which the protection and enhancement of the historic environment and natural environment restrict housing delivery is uncertain. Although the promotion of Neighbourhood Plans in the area under Policy S4 may increase the supply of housing, the effect is uncertain and dependent on the scope/content of any Neighbourhood Plans that come forward. <p>Assumptions</p> <ul style="list-style-type: none"> None identified.
<p>3. Economy, Skills and Employment: To achieve a strong and stable economy which offers rewarding and well located employment opportunities to everyone.</p>	++	0	++	-/?	-/?	++	++/-	<p>Likely Significant Effects</p> <p>The presumption in favour of sustainable development set out in Policy S2 will help to ensure that the economic development needs of the Chelmsford City Area are met. The implementation of Policy S4 and Policy S7, meanwhile, will help to ensure the protection of existing, and provision of new, educational facilities and access to employment that will support improvements in skills and training across the area and the provision of accessible employment opportunities. Policies S2, S4 and Policy S7 has have therefore been assessed as having a significant positive effect on this objective.</p> <p>The conservation and enhancement of the historic environment (Policy S5) and natural environment (Policy S6) may restrict the delivery of employment land and in consequence, negative effects have been identified in respect of these policies (although this would be dependent on the exact location of development proposals).</p> <p>Policy S3 has been assessed as having a neutral effect on this objective.</p>

SA Objective	S2	S3	S4	S5	S6	S7	Cumulative Effect	Commentary
								<p>Overall, the policies in this section are considered to have a mixed significant positive and minor negative effect on this objective.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified. <p>Uncertainties</p> <ul style="list-style-type: none"> The extent to which the protection and enhancement of the historic environment and natural environment restrict employment land delivery is uncertain. <p>Assumptions</p> <ul style="list-style-type: none"> None identified.
<p>4. Sustainable Living and Revitalisation: To promote urban renaissance and support the vitality of rural centres, tackle deprivation and promote sustainable living.</p>	+	0	++	+	0	++	++	<p>Likely Significant Effects</p> <p>There is a high concentration of services and facilities within Chelmsford City Centre, a good range at South Woodham Ferrers, and a more limited range available at the Principal Neighbourhood Centres of Newlands Spring, Chelmer Village, Vineyards (Great Baddow), Moulsham Lodge/Gloucester Avenue and Beaulieu Park. In the rural areas beyond the Green Belt, the settlements of Bicknacre, Broomfield, Boreham, Danbury and Great Leighs have access to a good range of facilities and are located on important public transport corridors.</p> <p>The policies in this section of the Pre-Submission Local Plan will serve to protect these existing services and facilities and support new provision, enabling regeneration and reducing levels of deprivation. In particular, Policy S4 promotes community inclusion and proposals that support and strengthen local services. The reasoned justification sets out that <i>"The Council will consider favourably proposals which support and strengthen local services, with a particular focus of encouraging development that improves existing deficiencies and weaknesses in services or facilities."</i> It also makes clear that the Council will coordinate planning and regeneration strategies to ensure that improved services, community facilities and infrastructure are provided in those areas where indices of deprivation require targeted improvements.</p> <p>Policy S7 seeks to ensure that existing community facilities are protected and that new residential and employment development incorporates new facilities as an integral part of the scheme.</p>

SA Objective	S2	S3	S4	S5	S6	S7	Cumulative Effect	Commentary
								<p>Policies S4 and S7 have therefore been assessed as having a significant positive effect on this objective.</p> <p>Policy S2 will ensure development which (inter alia) supports the social, economic and environmental dimensions of sustainability is secured. Policy S5 will help to protect and conserve character of urban areas and the public realm <u>and has</u>. Policies S2 and S5 have therefore been assessed as having a minor positive effect on this objective.</p> <p>Policy S3 has been assessed as having a neutral effect on this objective.</p> <p>Overall, the policies of this section will have a significant positive effect on achieving this objective.</p> <p><u>Mitigation</u></p> <ul style="list-style-type: none"> • None identified. <p><u>Uncertainties</u></p> <ul style="list-style-type: none"> • None identified. <p><u>Assumptions</u></p> <ul style="list-style-type: none"> • None identified.

<p>5. Health and Wellbeing: To improve the health and wellbeing of those living and working in the Chelmsford City Area.</p>	+	+	++	0	++	++	++	<p>Likely Significant Effects</p> <p>The Public Health England 2015 Health Profile for Chelmsford identified that, overall, the health of Chelmsford’s population is generally good. However, there are inequalities within the area. In this context, the policies of this section will help to promote healthy lifestyles and protect and enhance health services.</p> <p>Policy S4 seeks to maintain and improve access to social services which could include open space, leisure facilities and recreational activities. Their use can promote healthy and active lifestyles. Policy S6, meanwhile, will help to ensure that new development does not affect water quality and will protect and enhance green infrastructure, thereby supporting the health of Chelmsford City Area’s communities. Policy S7 will ensure that existing healthcare facilities and open space are protected and that new residential development is accompanied by commensurate facilities, including health facilities, as an integral part of the development. Policies S4, S6 and S7 have therefore been assessed as having a significant positive effect on this objective.</p> <p>Policy S2 will ensure development in the Chelmsford City Area which (inter alia) secures improvements to its social and environmental conditions. Policy S3 will ensure new development is (inter alia) designed to reduce greenhouse gas emissions and is safe from all types of flooding. Policies S2 and <u>Policy S3</u> <u>has</u> have therefore been assessed as having a minor positive effect on this objective.</p> <p>Policy S5 has been assessed as having a neutral effect on this objective.</p> <p>Cumulatively, the policies of this section will have a significant positive effect on the achievement of this objective.</p> <p>Mitigation</p> <ul style="list-style-type: none"> • None identified. <p>Uncertainties</p> <ul style="list-style-type: none"> • None identified. <p>Assumptions</p> <ul style="list-style-type: none"> • None identified.
---	---	---	----	---	----	----	----	--

SA Objective	S2	S3	S4	S5	S6	S7	Cumulative Effect	Commentary
<p>6. Transport: To reduce the need to travel, promote more sustainable modes of transport and align investment in infrastructure with growth.</p>	+	++	+	0	0	+	++	<p>Likely Significant Effects</p> <p>Policy S3 sets out that the Council will encourage new development that reduces the need to travel, thereby explicitly supporting the achievement of this objective and generating a significant positive effect.</p> <p>Policy S2 will support sustainable development by (inter alia) seeking improvements to social, environmental and economic conditions. Policy S4 will promote community inclusion and states that the Council will consider favourably proposals which support and strengthen local services, which will have a positive effect on this objective. The integration of community facilities with new development, as required by Policy S7, may also help to reduce the need to travel to access such facilities. Policies S2, S4 and Policy S7 has have therefore been assessed as having a minor positive effect on this objective.</p> <p>Policies S5 and S6 have been assessed as having a neutral effect on this objective.</p> <p>Overall, the policies of this section will have a significant positive effect on achievement of the objective.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified. <p>Uncertainties</p> <ul style="list-style-type: none"> None identified. <p>Assumptions</p> <ul style="list-style-type: none"> None identified.
<p>7. Land Use and Soils: To encourage the efficient use of land and conserve and enhance soils.</p>	+	0	0	0	0++	0	++	<p>Likely Significant Effects</p> <p>The majority of the policies in this section of the Pre-Submission Local Plan are considered to have a neutral effect on this objective. Policy S2 will seek, wherever possible, to secure development that improves the (inter alia) environmental conditions in the area. This is</p>

SA Objective	S2	S3	S4	S5	S6	S7	Cumulative Effect	Commentary
								<p>considered to have a positive effect on this objective. Policy S6 seeks to minimise the loss of the best and most versatile agricultural land, which is considered to be a significant positive effect.</p> <p>Overall, the policies of this section will have a significant positive effect on achievement of the objective.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified. <p>Uncertainties</p> <ul style="list-style-type: none"> None identified. <p>Assumptions</p> <ul style="list-style-type: none"> None identified.
<p>8. Water: To conserve and enhance water quality and resources.</p>	+	++	0	0	++	0	++	<p>Likely Significant Effects</p> <p>New development will place pressure on water resources. In this context, Policy S3 will help to promote the efficient use of natural resources including water. Policy S6, meanwhile, will help to ensure that new development does not contribute to water pollution and, where appropriate, enhances water quality. It also requires water management measures. Policies S3 and S6 have therefore been assessed as having a significant positive effect on this objective.</p> <p>Policy S2 will also seek, wherever possible, to secure development that improves the (inter alia) environmental conditions in the area. This is considered to have a positive effect on this objective.</p> <p>The remaining policies in this section have been assessed as having a neutral effect on this objective.</p> <p>Overall, the policies contained in this section are considered to have a significant positive effect on this objective.</p> <p>Mitigation</p>

SA Objective	S2	S3	S4	S5	S6	S7	Cumulative Effect	Commentary
								<ul style="list-style-type: none"> None identified. <p>Uncertainties</p> <ul style="list-style-type: none"> None identified. <p>Assumptions</p> <ul style="list-style-type: none"> None identified.
<p>9. Flood Risk and Coastal Erosion: To reduce the risk of flooding and coastal erosion to people and property, taking into account the effects of climate change.</p>	+	++	0	0	++	0	++	<p>Likely Significant Effects</p> <p>The 2017 Strategic Flood Risk Assessment (SFRA) for the Chelmsford City Area highlights that Chelmsford has been subject to flooding from several sources of flood risk, including a significant fluvial event affecting Chelmsford City in 1947 and South Woodham Ferrers significantly affected by the 1953 North Sea storm surge. The primary fluvial flood risk is associated with the River Chelmer and its tributaries. The main urban areas at risk is Chelmsford City. Other areas that are shown to be at risk include Margaretting, Bicknacre and Writtle. The primary tidal flood risk is associated with the tidal River Crouch, Fenn Creek and Clements Green Creek. The main urban area at risk is South Woodham Ferrers. However, much of the area benefits from defences consisting of sea walls and embankments.</p> <p>Policy S3 specifically concerns climate change and flood risk and sets out that the Council will require that all development is safe from all types of flooding and that appropriate mitigation measures are identified, secured and implemented. In consequence, Policy S3 has been assessed as having a significant positive effect on this objective.</p> <p>Enhancing green infrastructure through Policy S6 can positively contribute to addressing flood risk in the Chelmsford City Area including by providing space for flood storage and increased infiltration. As recognised in the reasoned justification to Policy S6, the integration of SUDS can also help to mitigate flood risk. This policy also requires the appropriate management water on sites. Policy S6 is therefore considered to have a significant positive effect on this objective.</p> <p>Policy S2 will also seek, wherever possible, to secure development that improves (inter alia) the environmental conditions in the area. This is considered to have a positive effect on this objective.</p>

SA Objective	S2	S3	S4	S5	S6	S7	Cumulative Effect	Commentary
								<p>The remaining policies of this section have been assessed as having a neutral effect on this objective.</p> <p>Cumulatively, the policies of this section are considered to have a significant positive effect on achieving this objective.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified. <p>Uncertainties</p> <ul style="list-style-type: none"> None identified. <p>Assumptions</p> <ul style="list-style-type: none"> None identified.
10. Air: To improve air quality.	+	++	+	0	0	+	++	<p>Likely Significant Effects</p> <p>By supporting proposals which reduce the need to travel (and associated emissions to air) and are designed to reduce greenhouse gas emissions, Policy S3 will help to maintain and enhance air quality in the Chelmsford City Area. This has been assessed as having a significant positive effect on this objective.</p> <p>Together, Policies S4 and Policy S7 seeks to promote community inclusion and ensure that both existing and new community facilities are accessible. This is likely to help reduce the need to travel. They have therefore been assessed as having a positive effect on this objective. The provision of open space can also provide 'green lungs' that can assist in maintaining and improving air quality. Policy S2 will also seek, wherever possible, to secure development that improves the (inter alia) the environmental conditions in the area. This has been assessed as having a positive effect on this objective.</p> <p>The remaining policies in this section have been assessed as having a neutral effect on this objective.</p>

SA Objective	S2	S3	S4	S5	S6	S7	Cumulative Effect	Commentary
								<p>Cumulatively, the policies in this section are considered to have a significant positive effect on achieving this objective.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified. <p>Uncertainties</p> <ul style="list-style-type: none"> None identified. <p>Assumptions</p> <ul style="list-style-type: none"> None identified.
<p>11. Climate Change: To minimise greenhouse gas emissions and adapt to the effects of climate change.</p>	+	++	+	0	+	++	++	<p>Likely Significant Effects</p> <p>Policy S3 provides the overarching policy to help mitigate and adapt to the effects of climate change. It will help to ensure that new development reduces the need to travel (and associated greenhouse gas emissions) and promotes resource (including water) efficiency. It will also ensure that development is safe from flood risk and not to worsen flood risk elsewhere. The policy has therefore been assessed as having a significance positive effect on this objective. Policy S6 is also considered to have a significant positive effect on this objective. Enhancing green infrastructure can positively contribute to addressing flood risk in the Chelmsford City Area including by providing space for flood storage and increased infiltration. The integration of SUDS can also help to mitigate flood risk. This policy also requires the appropriate management of water on sites.</p> <p>Together, Policies S4 and Policy S7 promotes community inclusion along with ensuring and ensure that both existing and new community facilities are accessible. This is likely to help reduce the need to travel (and associated greenhouse gas emissions) and they have therefore been assessed as having a positive effect on this objective.</p> <p>Policy S2 will seek, wherever possible, to secure development that improves the (inter alia) environmental conditions in the area. This has been assessed as having a positive effect on this objective.</p> <p>Policies S5 has been assessed as having a neutral effect on this objective.</p>

SA Objective	S2	S3	S4	S5	S6	S7	Cumulative Effect	Commentary
								<p>Overall, the effect of the policies in this section on achieving this objective is considered to be significantly positive.</p> <p><u>Mitigation</u></p> <ul style="list-style-type: none"> None identified. <p><u>Uncertainties</u></p> <ul style="list-style-type: none"> None identified. <p><u>Assumptions</u></p> <ul style="list-style-type: none"> None identified.
<p>12. Waste and Natural Resources: To promote the waste hierarchy (reduce, reuse, recycle, recover) and ensure the sustainable use of natural resources.</p>	+	++	0	0	+	0	++	<p><u>Likely Significant Effects</u></p> <p>Policy S3 encourages new development that minimises the use of natural resources which has been assessed as having a significant positive effect on this objective.</p> <p>Policy S2 will seek, wherever possible, to secure development that improves the (inter alia) environmental conditions in the area. Policy S6, meanwhile, will ensure that development does not contribute to the pollution of water and seeks enhancements to water quality where appropriate. These policies have therefore been assessed as having <u>This policy has</u> a positive effect on this objective.</p> <p>The remaining policies in this section have been assessed as having a neutral effect on this objective.</p> <p>Cumulatively, the policies in this section will have a significant positive effect on this objective.</p> <p><u>Mitigation</u></p> <ul style="list-style-type: none"> None identified. <p><u>Uncertainties</u></p> <ul style="list-style-type: none"> None identified.

SA Objective	S2	S3	S4	S5	S6	S7	Cumulative Effect	Commentary
								<p>Assumptions</p> <ul style="list-style-type: none"> None identified.
<p>13. Cultural Heritage: To conserve and enhance the historic environment, cultural heritage, character and setting.</p>	+	0	0	++	0	0	++	<p>Likely Significant Effects</p> <p>The Chelmsford City Area's cultural heritage is a key feature of the local authority area. There are 1,006 Listed Buildings, 19 Scheduled Monuments, 6 Registered Parks and Gardens of Special Interest and 25 Conservation Areas. There are also currently 1 Conservation Area, 1 Listed Building and 2 Scheduled Monuments on the Historic England 'At Risk' Register.</p> <p>Policy S5 is the overarching policy to conserve and enhance the historic environment. The policy will ensure a presumption in favour of the preservation and enhancement of heritage assets and their setting and a presumption in favour of protecting the significance of non-designated heritage assets are applied. This will help to protect and enhance the cultural heritage of the area and may help reduce the number of assets at risk. In consequence, the policy has been assessed as having a significant positive effect on this objective.</p> <p>Policy S2 will seek, wherever possible, to secure development that improves (inter alia) the environmental conditions in the area. This policy is therefore considered to have a minor positive effect on the protection and enhancement of cultural heritage.</p> <p>The remaining policies in this section have been assessed as having a neutral effect on this objective.</p> <p>The policies in this section are considered to have a significant positive effect on achievement of this objective.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified. <p>Uncertainties</p> <ul style="list-style-type: none"> None identified.

SA Objective	S2	S3	S4	S5	S6	S7	Cumulative Effect	Commentary
								<p>Assumptions</p> <ul style="list-style-type: none"> None identified.
<p>14. Landscape and Townscape: To conserve and enhance landscape character and townscapes.</p>	+	0	0	++	+	+	++	<p>Likely Significant Effects</p> <p>Policy S6 seeks to conserve and enhance the natural environment by (inter alia) directing development away from landscapes of ecological value. This will help to conserve the landscape of the Chelmsford City Area. The conservation and enhancement of the historic environment (Policy S5) will also help to ensure that key historic features that contribute to the landscape and townscape of the area are protected and enhanced. Policies S5 and S6 have therefore been assessed as having a significant positive effect on this objective.</p> <p>Policy S2 seeks development that improves (inter alia) the environmental conditions in the area as part of the presumption in sustainable development. This policy will therefore have a minor positive effect on the protection and enhancement of landscape and townscape.</p> <p>Policy S7 promotes the provision of open space which can provide landscape and amenity value and mitigate adverse impacts associated with new development. Policy S5 notes that land south of New Hall School, east and west of Avenue Approach and land around Moulsham Hall, Great Leighs is allocated for conservation/strategic landscape enhancement to protect the setting of Moulsham Hall and to create an enhanced parkland setting to the Hall. Overall, these policies have been assessed as having a positive effect on this objective.</p> <p>Policies <u>Policy S3 and S4</u> have <u>has</u> been assessed as having a neutral effect on this objective.</p> <p>The policies in this section are considered to have a significant positive effect on this objective.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified. <p>Uncertainties</p> <ul style="list-style-type: none"> None identified (except those above).

How will Future Development Growth be Accommodated?

Policy S8 sets out the overall level of development that will be provided over the plan period. The appraisal of development requirements is contained in **Appendix D** and is therefore not repeated here. Policy S9, meanwhile, sets out the Spatial Strategy. This has also been assessed separately (see **Appendix D**) and is not repeated here. In both instances, the scores are still shown for ease of reference.

SA Objective	S8	S9	S10	S11	S12	S13	S14	S15	Cumulative Effect	Commentary
1. Biodiversity and Geodiversity: To conserve and enhance biodiversity and geodiversity and promote improvements to the green infrastructure network.	-/?	+/-/?	-/?	+/-/?	+	++	0	0	+/-/?	<p>Likely Significant Effects</p> <p>Within the Chelmsford City Council administrative area (the City Area) there are three European sites: Crouch and Roach Estuaries (Mid-Essex Coast Phase 3) SPA; Crouch and Roach Estuaries Ramsar; and the Essex Estuaries SAC together with the Blackwater, Crouch, Roach and Colne Estuaries Marine Conservation Zone three additional sites within approximately 10km. In addition, there are eight Sites of Special Scientific Interest (SSSI), five Local Nature Reserves (LNRs) and 171 Local Wildlife Sites (LoWS). Policy S13 defines the role of the countryside and seeks to protect areas of ecological value from inappropriate development. The designation of the Green Wedge and Green Corridors will also help to conserve and enhance biodiversity by protecting important habitats. Overall, this policy has been assessed as having a significant positive effect on this objective.</p> <p>Policy S10 prioritises the use of previously developed land in sustainable locations for employment development. However, greenfield releases will be required, which may have an effect on biodiversity. Policy S10 has therefore been assessed as having a negative effect on this objective, although the magnitude of effect is uncertain and will be dependent on the exact location of development and the ecological value of sites.</p> <p>Policy S11 explicitly refers to supporting green infrastructure, which would have positive effect on this objective. However the policy will also support development of a range of infrastructure, including significant transport projects, which may adversely affect biodiversity, <u>but it should be noted that contributions towards recreational disturbance avoidance and mitigation measures for European designated sites as identified in the Essex Recreational disturbance Avoidance and Mitigation Strategy are required.</u></p> <p>Policies S14 and S15 have been assessed as having a neutral effect on this objective.</p>

<p>3. Economy, Skills and Employment: To achieve a strong and stable economy which offers rewarding and well located employment opportunities to everyone.</p>	++ /?	++	++	++	++	0	++	0	++/-	<p>Likely Significant Effects</p> <p>Policy S10 specifically supports economic growth through a flexible and market-responsive allocation of employment land. The policy seeks to (inter alia): safeguard allocated employment areas; support the growth of rural businesses; and support large new office development in the City Centre. In addition, the policy encourages links between businesses and the two universities in the area. By seeking to focus employment growth in locations well-served by public transport, this policy should also ensure that jobs are accessible. Overall, the policy has been assessed as having a significant positive effect on this objective.</p> <p>The implementation of Policy S11 and Policy S12 will enable the delivery of infrastructure and services in line with new development. This provision is considered to have a positive effect on this objective by ensuring employment development is supported by commensurate infrastructure investment and which could also help to attract inward investment. The delivery of infrastructure itself could also support the creation of employment opportunities. It is noted that the infrastructure listed in Policy S11 includes educational facilities, the delivery of which could help to ensure that there is sufficient schools capacity to accommodate future growth, and neighbourhood centres, which could support the City Area's retail offer. Overall, Policies S11 and S12 have been assessed as having a significant positive effect on this objective.</p> <p>Chelmsford has a strong retail sector that supports over 10,000 jobs. The implementation of Policy S14 will ensure that development follows the town centre first approach, which concentrates retail development in Chelmsford City Centre, South Woodham Ferrers Town Centre and Principal and Local Neighbourhood Centres. This will support retail development in these locations, strengthening the role of the City Centre and will help to ensure that employment opportunities are accessible. <u>The policy includes the requirement for a retail/viability impact assessment on proposals of greater than 500sqm in edge and out-of-centre locations which should better inform the likely effects on existing provision.</u> This policy has therefore also been assessed as having a significant positive effect on this objective.</p> <p>Policies S10 and S15 have been assessed as having a neutral effect on this objective.</p>

SA Objective	S8	S9	S10	S11	S12	S13	S14	S15	Cumulative Effect	Commentary
										<p>Overall, the policies in this section are considered to have an overall mixed significant positive and minor negative effect on this objective, although some uncertainty remains.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified. <p>Uncertainties</p> <ul style="list-style-type: none"> None identified (except those identified above). <p>Assumptions</p> <ul style="list-style-type: none"> None identified.
<p>4. Sustainable Living and Revitalisation: To promote urban renaissance and support the vitality of rural centres, tackle deprivation and promote sustainable living.</p>	+/-	++/-	++	++	++	+	++	0	++/-	<p>Likely Significant Effects</p> <p>Policy S10 will support rural businesses and reinforce the City Centre as a location for economic investment and growth. Similarly, Policy S14 will ensure that the vitality and vibrancy of the Designated Centres is maintained through a town centre first approach to main town centre uses. <u>The policy also includes the requirement for a retail/viability impact assessment on proposals of greater than 500sqm in edge and out-of-centre locations which should better inform the likely effects on existing provision.</u> Both policies are expected to promote sustainable living and urban renaissance and may help to ensure that employment opportunities, facilities and services are accessible to all. In consequence, they have been assessed as having a significant positive effect on this objective.</p> <p>The implementation of Policy S11 will support the delivery of infrastructure and services in line with new development. This provision is considered to have a significant positive effect on this objective by ensuring new development is supported by commensurate infrastructure investment to make it sustainable. The policy may also support improvements to the public realm and help to address deprivation. Similarly, Policy S12 will ensure timely delivery of infrastructure, services and facilities to support new development.</p> <p>Policy S13 will indirectly contribute to ensuring most new development takes place within or around the urban areas and Key Service Settlements. This will help to ensure that development</p>

SA Objective	S8	S9	S10	S11	S12	S13	S14	S15	Cumulative Effect	Commentary
										<p>is accessible to key services and facilities as well as public transport thereby reducing the need to travel by car. This has been assessed as having a positive effect on this objective.</p> <p>Policy S15 has been identified as having a neutral effect on this objective.</p> <p>Overall, the policies in this section are considered to have a mixed significant positive and minor negative effect on this objective.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified. <p>Uncertainties</p> <ul style="list-style-type: none"> None identified. <p>Assumptions</p> <ul style="list-style-type: none"> None identified.
<p>5. Health and Wellbeing: To improve the health and wellbeing of those living and working in the Chelmsford City Area.</p>	+/- ?	++ /-	+	++ /-	++	+	+	0	++/-	<p>Likely Significant Effects</p> <p>Policy S11 is assessed as having a significant positive effect on this objective by enabling delivery of infrastructure and services in line with new development, including healthcare facilities, open space, green infrastructure, recreation provision, and cycle lanes and walking routes. The Policy also specifically notes improvements to the Army and Navy Junction (which is identified as within an Air Quality Management Area (AQMA)) as a key requirement. This could help reduce emission here and have positive impacts on human health. Additionally, the provision of facilities and services alongside new development could reduce the need to travel and promote walking and cycling, thereby encouraging healthy lifestyles. The construction of some of the infrastructure required may have localised impacts on health for those close to the development sites. However, these effects are expected to be temporary and not significant. New development may place pressure on existing facilities and services such as healthcare.</p> <p>Policy S12 will help to ensure the timely delivery of infrastructure, services and facilities to meet this increased demand and has therefore also been assessed as having a significant positive effect on this objective.</p>

SA Objective	S8	S9	S10	S11	S12	S13	S14	S15	Cumulative Effect	Commentary
										<p>The implementation of Policy S10 would help to retain employment land across the City Area and create further employment opportunities in the urban and rural areas. The implementation of Policy S14, meanwhile, will support vibrant and vital town centres. Together, these policies could ensure that employment opportunities and services facilities are accessible, helping to promote healthy lifestyles. There is also strong evidence showing that work is generally good for physical and mental health and well-being. In this context, these policies have been assessed as having a positive effect on this objective.</p> <p>By restricting development in the countryside, Policy S13 is expected to encourage growth in the Chelmsford Urban Area, South Woodham Ferrers and Key Service Settlements outside the Green Belt, thereby helping to ensure that development is accessible to healthcare facilities. Development in accessible locations may also help to promote walking and cycling. The protection of the Green Corridors and Green Wedge will also provide opportunities for outdoor recreation, thereby supporting healthy and active lifestyles <u>and the promotion of quality of life enhancement more generally.</u></p> <p>Policy S15 has been identified as having a neutral effect on this objective.</p> <p>Overall, the policies in this section are considered to have a mixed significant positive and minor negative effect on this objective.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified. <p>Uncertainties</p> <ul style="list-style-type: none"> None identified. <p>Assumptions</p> <ul style="list-style-type: none"> None identified.
6. Transport: To reduce the need to travel, promote more sustainable	+/- /?	++ /-	++ /-	++	++	+	++	0	++/-	<p>Likely Significant Effects</p> <p>Policy S10 specifically requires that employment development is located in sustainable locations well-served by existing or planned public transport provision. This is expected to help reduce the need to travel by car by ensuring that jobs are accessible. The creation of local employment opportunities could also help to reduce out-commuting from the City Area.</p>

SA Objective	S8	S9	S10	S11	S12	S13	S14	S15	Cumulative Effect	Commentary
modes of transport and align investment in infrastructure with growth.										<p>However, development is likely to lead to an increase in vehicle movements both during construction and when complete. Therefore, a minor negative effect has also been identified.</p> <p>The Chelmsford City Area includes several primary road routes which can suffer from congestion on and around them. These roads include: the main A12, which connects Chelmsford to the M25 and London; the A130, which runs north-south across Essex; and the A414. Chelmsford rail station is one of the busiest in the East of England, accommodating up to 7.5 million passenger trips per year.</p> <p>Policy S11 includes a range of transportation infrastructure development requirements including: additional Park and Ride sites to serve West Chelmsford and North East Chelmsford; cycle routes and footway improvements; bus priority and rapid transit measures; and highways improvements including a Chelmsford North East By-pass. The policy also supports public transport use, sustainable transport measures and other transport improvements in the locality or directly related to development. Once implemented, these measures will help to mitigate the adverse impacts of new development and would help to relieve existing congestion and promote sustainable modes of transport. Policy S11 has therefore been assessed as having a significant positive effect on this objective. Policy S12 will help to ensure the timely delivery of transport infrastructure and has therefore also been assessed as having a positive effect on this objective.</p> <p>The implementation of Policy S14 would ensure that retail development and other uses follow the 'town centre first' approach which contributes to the delivery of vibrant and viable town centres and is expected to reduce the need to travel to meet daily shopping needs/access jobs. Policy S14 has therefore been assessed as having a significant positive effect on this objective.</p> <p>As set out above, by restricting development in the countryside, Policy S13 is expected to encourage growth in and around existing built-up or urban areas. This will help to ensure that development is accessible to key services and facilities as well as public transport thereby reducing the need to travel by car. <u>The promotion of investment in the Green Infrastructure network should encourage by sustainable travel modes using the current and planned network of off-road routes.</u> This has been assessed as having a positive effect on this objective.</p> <p>Policy S15 has been identified as having a neutral effect on this objective.</p> <p>Overall, the policies in this section are considered to have a mixed significant positive and minor negative effect on this objective.</p> <p>Mitigation</p>

<p>7. Land Use and Soils: To encourage the efficient use of land and conserve and enhance soils.</p>	+/- -	+/- -	+/- -	+/- -	0	++	+	0	+/--	<p>Likely Significant Effects</p> <p>Policy S13 directs development to and around the urban areas and Designated Settlements, which is expected to support opportunities for the reuse of brownfield land in turn could help to protect agricultural land. This has been assessed as having a significant positive effect on this objective. The implementation of Policy S14, meanwhile, would support the City, Town and Neighbourhood Centres; concentrating retail development in towns and designated centres, which is also expected to encourage the reuse of previously developed land. This has been assessed as having a positive effect on this objective.</p> <p>The implementation of Policy S10 will ensure that brownfield land is maximised in meeting employment need and prioritised in developing employment land. However, it is recognised that there are a limited number of brownfield sites that have not been earmarked for employment development and a large area of greenfield land will therefore be required to accommodate future growth. In consequence, a mixed positive and significant negative effect has been identified on this objective in respect of Policy S10.</p> <p>Policy S11 promotes (inter alia) the provision of green infrastructure and open space within new development. This is assessed as having a minor positive effect on this objective. However, the Policy also identifies the development of (inter alia) road improvement schemes, Park and Ride facilities, and education facilities as key infrastructure requirements. The development of this infrastructure will necessitate the development of greenfield land.</p> <p>Policies S12 and S15 has been assessed as having a neutral effect on this objective.</p> <p>Overall, the policies in this section are considered to have a mixed positive and significant negative effect on this objective.</p> <p>Mitigation</p>

9. Flood Risk and Coastal Erosion: To reduce the risk of flooding and coastal erosion to people and property, taking into account the effects of climate change.	-/?	+/-	+/?	++	++	+	0	0	++/-	<p>Likely Significant Effects</p> <p>The baseline analysis highlights that flood risk is a potentially significant constraint to future development in the City Area with large parts of the Chelmsford Urban Area in particular being at risk of fluvial flooding and parts of South Woodham Ferrers at risk from coastal flooding.</p> <p>In this context, ensuring that economic growth is supported (Policy S10) may have an impact on flood risk, the requirement for sites to be in a sustainable location is likely to ensure flood risk is not increased (although this will be in part dependent on the exact location of development). The loss of greenfield land to support development could lead to an increased risk of flooding off site (as a result of the increase in impermeable surfaces). However, it can be reasonably assumed that new development proposals which may result in an increase in flood risk will be accompanied by an FRA and incorporate suitable flood alleviation measures (thereby minimising the risk of flooding). Overall, Policy S10 has been assessed as having a positive effect on this objective although the overall effect is uncertain dependent on location and design.</p> <p>Policy S11 specifically refers to the requirement for strategic flood defence measures for Chelmsford City Centre and may lead to other flood risk management measures being delivered in addition to green infrastructure which can help to manage flood risk. In consequence, this policy, together with Policy S12, are considered to have a significant positive effect on this objective. Policy S13, meanwhile, will help protect (inter alia) river corridors, which often act as floodplains, thereby having a positive effect on this objective.</p> <p>Policies S14 and S15 have been assessed as having a neutral effect on this objective.</p> <p>Overall, the policies in this section are considered to have a significant positive and minor negative effect on this objective.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified.

<p>1. Biodiversity and Geodiversity: To conserve and enhance biodiversity and geodiversity and promote improvements to the green infrastructure network.</p>	++	+/?	+/?	+/?	+/?	+/?	+/?	+/?	++/?	<p>Likely Significant Effects</p> <p>The policies in this section of the Pre-Submission Local Plan will make a significant contribution to the protection and enhancement of the Chelmsford City Council Administrative Area's (the City Area's) rich and varied natural environment and the biodiversity it supports. In particular, Policy CO1 seeks to conserve the Green Belt and Green Wedges, Green Corridors and the Rural Area outside of the Green Belt, as designated in the Pre-Submission Local Plan. This will serve to encourage the redevelopment of urban, brownfield sites, restrict inappropriate development of greenfield land and avoid adverse impacts on biodiversity (including designated nature conservation sites in these areas) in these areas. Through the Green Wedge and Green Corridors, this policy will also support the provision of multifunctional, green infrastructure assets that provide important habitats and connectivity for a variety of species. Overall, this policy has been assessed as having a significant positive effect on this objective.</p> <p>Policies CO2 to CO8 will together help to avoid inappropriate development in the Green Belt, Green Wedge, Green Corridors and Rural Area and have therefore been assessed as having a positive effect on this objective. Whilst these policies do allow some limited types of development, its scale is considered unlikely to generate significant adverse effects on this objective, although some uncertainty remains.</p> <p>Overall, the policies in this section have been assessed as having a significant positive but uncertain effect on this objective.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified. <p>Uncertainties</p> <ul style="list-style-type: none"> None identified (beyond that referred to above).

										<ul style="list-style-type: none"> None identified.
<p>6. Transport: To reduce the need to travel, promote more sustainable modes of transport and align investment in infrastructure with growth.</p>	+	+	+	+	0	0	0	0	+	<p>Likely Significant Effects</p> <p>By restricting development in the countryside, Policy CO1 is expected to help encourage growth in urban areas (although as noted above, new development to meet local needs and which is in accordance with the Local Plan Spatial Principles and Strategic Policies can be allocated through relevant Neighbourhood Plans where appropriate and justified). This will help to ensure that development is accessible to key services and facilities as well as public transport thereby reducing the need to travel by car. This has been assessed as having a positive effect on this objective.</p> <p>Policies CO2, CO3 and CO4 would allow the development of local community facilities in rural areas where there is a demonstrable need (new development to meet local needs and which is in accordance with the Local Plan Spatial Principles and Strategic Policies can be allocated through relevant Neighbourhood Plans where appropriate and justified). The development of community facilities could enable access to facilities locally and therefore reduce the need to travel. The policies also support development of essential infrastructure, with Policy CO2 specifically identifying transport infrastructure as appropriate development in the Green Belt. This may contribute to improved transport infrastructure in the wider Chelmsford City Area. The policies are therefore assessed as having minor positive effects on this objective.</p> <p>The remaining policies in this section have been assessed as having a neutral effect on this objective.</p> <p>The policies in this section have been assessed as having a minor positive effect on this objective.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified. <p>Uncertainties</p> <ul style="list-style-type: none"> None identified.

SA Objective	CO1	CO2	CO3	CO4	CO5	CO6	CO7	CO8	Cumulative Effect	Commentary
										<p>Assumptions</p> <ul style="list-style-type: none"> None identified.
<p>7. Land Use and Soils: To encourage the efficient use of land and conserve and enhance soils.</p>	++	+/- /?	+/- /?	+/- /?	-/?	+/- /?	-/?	0	+/-/?	<p>Likely Significant Effects</p> <p>Policy CO1 seeks to protect the Chelmsford City Area's Green Belt, Green Wedges, Green Corridors and Rural Areas. Indirectly, this is expected to help encourage the reuse of previously developed sites in Chelmsford's urban areas and Designated Settlements ahead of greenfield land and help to protect agricultural land.</p> <p>Part C of Policies CO2, CO3, CO4 would support the redevelopment of previously developed land in the Green Belt, Green Wedge and Green Corridors, and Rural Areas. However, the policies would also allow some new build and replacement buildings, which could be developed on greenfield land. The policies have therefore been assessed as having a positive and negative effect on this objective, although the extent is uncertain.</p> <p>Policy CO6 supports the change of use of land and buildings, thereby supporting the development of brownfield land, but also would allow engineering operations, which may make use of greenfield land. The policy has therefore been assessed as having a positive and negative effect on this objective, although the extent is uncertain.</p> <p>The implementation of policies CO5 and CO7 could result in the loss of greenfield land. These policies have therefore been assessed as having a minor negative effect on this objective, although this is uncertain and will be dependent on the exact scale and location of new development.</p> <p>Policy CO8 only allows for development where the need cannot be met by re-using, extending or adapting an existing building on the holding and as such has been assessed as having a negligible effect.</p> <p>Cumulatively, the policies in this section are considered to have a positive and negative effect on this objective.</p>

<p>13. Cultural Heritage: To conserve and enhance the historic environment, cultural heritage, character and setting.</p>	+	?	?	+	?	?	0	?	+/?	<p><u>Likely Significant Effects</u></p> <p>Policy CO1 seeks to protect Chelmsford City Area's Green Belt, Green Wedges, Green Corridors and Rural Areas. Whilst this may place development pressure on cultural heritage assets in the towns and larger settlements, on balance it is expected to help conserve historic character and setting. The policy has therefore been assessed as having a positive effect on this objective. Policy CO4 is also considered to have a positive effect on this objective by allowing residential development in rural areas that (inter alia) secures the optimal viable use of a heritage asset or enables the future of a heritage asset to be secured.</p> <p>Policy CO5 would allow infilling within the villages in the Green Belt, Green Wedge, Green Corridors and Rural Areas. The policy requires that development does not detract from the existing character of the area, which may help limit any impact on the setting of heritage assets. However, the effect on this objective is uncertain dependent on location and design. Policy CO6 would ensure that in changing the use of buildings no substantial reconstruction works are required and that buildings are in keeping with its surroundings. This may help to reduce adverse impacts on heritage assets although this is uncertain. There may also be impacts from engineering operations although this is also uncertain. The implementation of policies CO2, CO3 and CO8 could also result in positive or adverse effects on the historic environment. However, this is uncertain and will be dependent on the exact scale, location and design of new development that is permitted under these policies.</p> <p>Policy CO7 would not allow development that is out of keeping with context and surroundings or would result in any other harm. The policy is therefore considered to have a neutral effect on this objective by ensuring that harm is considered when development proposals are put forward.</p> <p>Overall, the policies are considered to have a minor positive effect on achieving this objective, although some uncertainty remains.</p> <p><u>Mitigation</u></p> <ul style="list-style-type: none"> • None identified. <p><u>Uncertainties</u></p>

										<ul style="list-style-type: none"> None identified (except those identified above). <p>Assumptions</p> <ul style="list-style-type: none"> None identified.
<p>14. Landscape and Townscape: To conserve and enhance landscape character and townscapes.</p>	++	++	++	++	++	++	++	?	++	<p>Likely Significant Effects</p> <p>The landscape character of the Chelmsford City Area is divided into two National Landscape Character Areas (NCAs): South Suffolk and North Essex Clayland to the north and Northern Thames Basin to the south. These areas have distinctive character and the policies of this section will ensure that this is conserved and enhanced.</p> <p>The implementation of Policy CO1 in particular would have positive effects on this objective as it seeks to protect designated Green Belt, Green Wedges, Green Corridors and the Rural Area. This would contribute to the protection and enhancement of the character and quality of the landscape.</p> <p>Other The policies in this section would ensure that new buildings in the countryside do not adversely impact on the openness of the Green Belt (Policy CO2), conflict with the purpose of the Green Wedge and Green Corridors (Policy CO3) or adversely impact on the intrinsic character and quality of the Rural Area (Policy CO4). Additionally, Policy CO5 will ensure infilling in these designated areas does not detract from the existing character of the area. These policies are therefore expected to help maintain landscape and townscape character by (inter alia) preventing settlement coalescence, urban sprawl and encroachment on the countryside. In addition, Policies CO6 and CO7 would ensure that changes of use, engineering operations and extensions would not harm these designations.</p> <p>The implementation of Policy CO8 could result in positive or adverse effects on landscape, although this is uncertain and will be dependent on the exact scale, location and design of new development supported by this policy.</p> <p>Overall, the policies in this section are considered to have a significant positive effect on achieving this objective.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified.

						<p>Uncertainties</p> <ul style="list-style-type: none"> None identified. <p>Assumptions</p> <ul style="list-style-type: none"> None identified.
<p>9. Flood Risk and Coastal Erosion: To reduce the risk of flooding and coastal erosion to people and property, taking into account the effects of climate change.</p>	0	+	++	0	++	<p>Likely Significant Effects</p> <p>The 2008 Strategic Flood Risk Assessment (SFRA) for the Chelmsford City Area highlights that there are 502 properties at risk of flooding in the River Chelmer Catchment. Surface water flooding is also a potential constraint, particularly in the urban areas of Chelmsford and South Woodham Ferrers where a number of areas are identified as being at a medium or high risk of coastal flooding. Policy NE3 will ensure that inappropriate development in areas at risk of flooding is discouraged/effects are mitigated in accordance with a sequential, risk-based approach and that new development does not give rise to flood risk elsewhere. The incorporation of techniques such as Sustainable Urban Drainage Systems (SUDS) in major development is also required by Policy NE3.</p> <p>The retention of tree cover (Policy NE2) can also contribute positively to the management of flood risk. Trees use more water than other vegetation types, and can also delay the passage of rainwater to streams and rivers.</p> <p>Policies NE1 and NE4 have been assessed as having a neutral effect on this objective.</p> <p>Overall, the policies in this section will have a significant positive effect on this objective.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified. <p>Uncertainties</p> <ul style="list-style-type: none"> None identified. <p>Assumptions</p> <ul style="list-style-type: none"> None identified.

SA Objective	NE1	NE2	NE3	NE4	Cumulative Effect	Commentary
10. Air: To improve air quality.	+	+	0	+	+	<p><u>Likely Significant Effects</u></p> <p>The implementation of Policies NE1 and NE2 will help to protect and enhance the City Area's habitats which can provide 'green lungs' that assist in maintaining and improving air quality. In this context, the policies have been assessed as having a positive effect on this objective. Policy NE4 will support the transition towards a low carbon economy. This will have positive effects on air quality by reducing the emissions associated with the combustion of fossil fuels.</p> <p>Policy NE3 has been assessed as having a neutral effect on this objective.</p> <p><u>Mitigation</u></p> <ul style="list-style-type: none"> None identified. <p><u>Uncertainties</u></p> <ul style="list-style-type: none"> None identified. <p><u>Assumptions</u></p> <ul style="list-style-type: none"> None identified.
11. Climate Change: To minimise greenhouse gas emissions and adapt to the effects of climate change.	0	+	++	++	++	<p><u>Likely Significant Effects</u></p> <p>Policy NE4 is the primary policy in the Pre-Submission Local Plan relating to the development of renewable and low carbon technologies and it is expected to help reduce greenhouse gas emissions associated with energy use. The policy has therefore been assessed as having a significant positive effect on this objective (although it is recognised that renewable energy development can result in greenhouse gas emissions during construction and through the embodied carbon in materials).</p> <p>Policy NE3 will contribute to mitigating the effects of climate change by ensuring that new development avoids areas of flood risk. This has been assessed as having a significant positive effect on this objective.</p> <p>Policy NE2 is considered to have a minor positive effect on this objective. Trees have an important role in managing the effects of climate change as well as natural variability in climate, through flood alleviation, the temporary storage of flood water and shading of buildings, for example. Their protection can therefore contribute to meeting this objective.</p> <p>Policy NE1 has been assessed as having a neutral effect on this objective.</p>

SA Objective	NE1	NE2	NE3	NE4	Cumulative Effect	Commentary
						<p>Overall, the policies in this section are considered to have a significant positive effect on this objective.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified. <p>Uncertainties</p> <ul style="list-style-type: none"> None identified. <p>Assumptions</p> <ul style="list-style-type: none"> None identified.
<p>12. Waste and Natural Resources: To promote the waste hierarchy (reduce, reuse, recycle, recover) and ensure the sustainable use of natural resources.</p>	0	0	0	+	+	<p>Likely Significant Effects</p> <p>Low carbon and renewable energy development will help reduce the use of fossil fuels, thereby having a positive effect on this objective. Their development will result in increased resource use and the generation of waste. However, given the scale of anticipated development, this is not expected to be significant, and overall the policy is assessed as having a positive effect on this objective.</p> <p>Other policies in this section are considered to have a minor positive effect on this objective.</p> <p>The policies in this section are considered to have a minor positive effect on achieving this objective.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified. <p>Uncertainties</p> <ul style="list-style-type: none"> None identified. <p>Assumptions</p> <ul style="list-style-type: none"> None identified.

<p>13. Cultural Heritage: To conserve and enhance the historic environment, cultural heritage, character and setting.</p>	0	++	0	+/?	++/?	<p><u>Likely Significant Effects</u></p> <p>Policy NE2 seeks to protect preserved trees, woodland and non-protected landscapes which contribute to character and setting. It also seeks to preserve trees in Conservation Areas, which often form a significant part of the character of these assets. Overall, Policy NE2 has been assessed as having a significant positive effect on this objective.</p> <p>The implementation of Policy NE4 will ensure that renewable energy development does not have an unacceptable visual impact which may help to avoid adverse impacts on heritage assets arising from development, although some uncertainty remains.</p> <p>Policies NE1 and NE3 have been assessed as having a neutral effect on this objective.</p> <p>Overall, the policies in this section have been assessed as having a significant positive effect on this objective, although some uncertainty remains.</p> <p><u>Mitigation</u></p> <ul style="list-style-type: none"> None identified. <p><u>Uncertainties</u></p> <ul style="list-style-type: none"> None identified (beyond those noted above). <p><u>Assumptions</u></p> <ul style="list-style-type: none"> None identified.
<p>14. Landscape and Townscape: To conserve and enhance landscape character and townscapes.</p>	+	++	0	+	++	<p><u>Likely Significant Effects</u></p> <p>The implementation of Policy NE1 would protect designated sites and other areas where protected species are likely to be present. Designated sites often form part of broader landscapes and contribute to their character. Policy NE1 has therefore been assessed as having a positive effect on this objective.</p> <p>Policy NE2 seeks protection of preserved trees, trees in conservation areas, woodland and non-protected landscapes. The policy would therefore support the important contribution that these elements make to the Chelmsford City Area's landscapes and townscapes. This has been assessed as having a significant positive effect on this objective.</p>

SA Objective	NE1	NE2	NE3	NE4	Cumulative Effect	Commentary
						<p>Policy NE4 would not allow renewable energy development that would have an unacceptable visual impact. This has been assessed as having a positive effect on this objective.</p> <p>Policy NE3 has been assessed as having a neutral effect on this objective.</p> <p>Overall, the policies in this section are considered to have a significant positive effect on the achievement of this objective.</p> <p><u>Mitigation</u></p> <ul style="list-style-type: none"> • None identified. <p><u>Uncertainties</u></p> <ul style="list-style-type: none"> • None identified. <p><u>Assumptions</u></p> <ul style="list-style-type: none"> • None identified.

Making High Quality Places: Making Places

SA Objective	MP1	MP2	MP3	MP4	MP5	MP6	MP7	Cumulative Effect	Commentary
<p>1. Biodiversity and Geodiversity: To conserve and enhance biodiversity and geodiversity and promote improvements to the green infrastructure network.</p>	0	+	0	0	0	0	0	+	<p>Likely Significant Effects</p> <p>The majority of the policies in this section of the Pre-Submission Local Plan are considered to have a neutral effect on this objective. Policy MP2, however, seeks to ensure the provision of public open space or larger scale green infrastructure and the retention of existing trees/planting of new trees in new developments. Open spaces and green infrastructure can provide habitats for a range of species whilst trees can, for example, support nesting birds and bats. Policy MP2 is therefore considered to have a minor positive effect on this objective.</p> <p>The remaining policies in this section have been assessed as having a neutral effect on this objective.</p> <p>Overall, the policies in this section are considered to have a minor positive effect on this objective.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified. <p>Uncertainties</p> <ul style="list-style-type: none"> None identified. <p>Assumptions</p> <ul style="list-style-type: none"> None identified.
<p>2. Housing: To meet the housing needs of the Chelmsford City Area and deliver decent homes.</p>	++	++	+	++	0	0	0	++	<p>Likely Significant Effects</p> <p>Together, the policies in this section will help to ensure the delivery of well-designed homes. In particular, Policy MP2 promotes well designed, good quality development. Policy MP1 will achieve high quality development that responds to its local context and is well proportioned. Policy MP3 will ensure that sustainable design features are incorporated into new dwellings, thereby supporting quality housing developments. Policy MP4 will ensure that new housing</p>

									<ul style="list-style-type: none"> None identified. <p>Uncertainties</p> <ul style="list-style-type: none"> None identified. <p>Assumptions</p> <ul style="list-style-type: none"> None identified.
<p>5. Health and Wellbeing: To improve the health and wellbeing of those living and working in the Chelmsford City Area.</p>	++	++	+	+	0	0	0	++	<p>Likely Significant Effects</p> <p>The 2015 Health Profile for Chelmsford produced by Public Health England highlights that the health of Chelmsford's population is generally good with life expectancy for both men and women higher than the England average. However, inequalities exist across the area.</p> <p>In this context, Policy MP2 is assessed as having a significant positive effect on this objective. It specifically includes a principle for new development to provide opportunities to promote healthy living and to improve health and wellbeing. The Policy seeks the provision of green infrastructure and open space in new development, which are recognised as contributing to the health and wellbeing of communities. The policy will also encourage walking and cycling which will support active lifestyles and help to protect the amenity of existing and future residents with regard to noise, vibration, smell and residential living environments.</p> <p>Policy MP1 will (inter alia) ensure active elevations and safe environments, which can contribute to reducing crime and the fear of crime. Both policies have been assessed as having a significant positive effect on this objective.</p> <p>Policy MP3 specifically seeks the implementation of design measures in buildings to reduce emissions, including nitrogen dioxide. Such emissions can be harmful to human health, especially for those with pre-existing conditions. Policy MP4 will seek the integration of sufficient private amenity space and open space in new development, both of which contribute to a healthy living environment. These policies have been assessed as having a positive effect on this objective.</p> <p>The remaining policies in this section have been assessed as having a neutral effect on this objective.</p> <p>Overall, the policies in this section are considered to have a significant positive effect on this objective.</p>

The implementation of Policy MP2 in particular would have positive effects on this objective as it sets out specific requirements for new development proposals to (inter alia) meet the highest standards of built and urban design and enhance the public realm. Policy MP1, meanwhile, would contribute to the protection and enhancement of the character and appearance of the area by ensuring development responds to its context.</p>

SA Objective	MP1	MP2	MP3	MP4	MP5	MP6	MP7	Cumulative Effect	Commentary
									<p>Policy MP6 requires the visibility of taller buildings to contribute to townscape and, from longer views, to the skyline and provide positive addition to views into and around the City. These requirements would help to protect and enhance the landscape and townscape.</p> <p>The remaining policies in this section have been assessed as having a neutral effect on this objective.</p> <p>Overall, it is considered that the policies in this section will have a significant positive effect on the achievement of this objective.</p> <p><u>Mitigation</u></p> <ul style="list-style-type: none"> • None identified. <p><u>Uncertainties</u></p> <ul style="list-style-type: none"> • None identified. <p><u>Assumptions</u></p> <ul style="list-style-type: none"> • None identified.

Appendix G

Revised Appraisal of Growth Site Policies

This appendix presents the revised appraisal of the growth site policies. The appraisal scores shown within the appraisal matrices are the residual scores taking into account other policies within the draft Local Plan (including proposed modifications). The growth site policies do not repeat the requirements of other development management policies, for example, they do not list the key infrastructure needed to support the delivery of the Local Plan as set out in Strategic Policy S11 – Infrastructure Requirements and Strategic Policy S12 – Securing Infrastructure and Impact mitigation. Policies such as S11 and S12 and other policies relating to development management provide the framework that the growth policies are intended to act within. Where particularly relevant, certain development management policies have been identified within the appraisal text. To avoid unnecessary repetition, each appraisal briefly identifies further policies that would act in mitigation of the anticipated effects of the policy under the heading ‘Mitigation’ and the scores within the matrices reflect this.

Where there is reference to Appendix G in the matrices, this refers to the site appraisal contained in the 2018 SA Report.

Key to Appraisals

Score	Description	Symbol
Significant Positive Effect	The policy contributes significantly to the achievement of the objective.	++
Minor Positive Effect	The policy contributes to the achievement of the objective but not significantly.	+
Neutral	The policy does not have any effect on the achievement of the objective	0
Minor Negative Effect	The policy detracts from the achievement of the objective but not significantly.	-
Significant Negative Effect	The policy detracts significantly from the achievement of the objective.	--
No Relationship	There is no clear relationship between the policy and the achievement of the objective or the relationship is negligible.	~
Uncertain	The policy has an uncertain relationship to the objective or the relationship is dependent on the way in which the aspect is managed. In addition, insufficient information may be available to enable an appraisal to be made.	?

NB: where more than one symbol/colour is presented in a box it indicates that the appraisal has identified both positive and negative effects. Where a box is coloured but also contains a '?', this indicates uncertainty over whether the effect could be a minor or significant effect although a professional judgement is expressed in the colour used. A conclusion of uncertainty arises where there is insufficient evidence for expert judgement to conclude an effect.

Growth Area 1: Central and Urban Chelmsford

Please note that whilst potentially significant effects were noted for Strategic Growth Sites 3A, 3C and 3D, these sites already had a negligible score for biodiversity (SA Objective 1) and the potential additional Recreational disturbance Avoidance and Mitigation Strategy (RAMS) mitigation would not have affected the score. As such, the score and supporting commentary remain the same but are provided here for clarity.

POLICY GR1 - GROWTH IN CHELMSFORD URBAN AREA	0	++	++	++	++	+	0	0	0	+	+	0	++	0	<p>Likely Significant Effects</p> <p>The policy does not have any specific provision in relation to biodiversity, hence a neutral effect is identified in relation to SA Objective 1 (Biodiversity).</p> <p>The policy encourages a range of housing, including affordable housing to be provided, hence a significant positive effect has been identified in respect SA Objective 2 (Housing). The policy requires contributions towards education facilities and integration of workspace and community facilities, which could provide employment. A significant positive effect is therefore identified in relation to SA Objective 3 (Economy).</p> <p>A significant positive effect is identified in relation to sustainable living and revitalisation (SA Objective 4) as the policy encourages development within the City Centre and Urban Area.</p> <p>A significant positive effect is anticipated in respect of SA Objective 5 (Health) as the policy requires financial contributions towards new healthcare facilities and new or enhanced sport and leisure facilities.</p>

Policy	1. Biodiversity	2. Housing	3. Economy	4. Sustainable living and Revitalisation	5. Health and Wellbeing	6. Transport	7. Land Use	8. Water	9. Flood Risk	10. Air Quality	11. Climate Change	12. Waste and Natural Resources	13. Cultural Heritage	14. Landscape and Townscape	Commentary
															<p>A minor positive effect is anticipated in relation to SA Objective 6 (Transport) as the policy encourages access to public transport.</p> <p>A neutral effect is identified in relation to SA Objectives 7, 8, 9 12 and 14) as the policy does not discuss these issues.</p> <p>A minor positive effect has been identified for objectives 10 and 11 as the policies emphasis on sustainable transport would be expected to improve air quality and reduce greenhouse gas emissions.</p> <p>Significant positive has been identified for SA Objective 13 due to the policy's emphasis on the need to protect both designated and non-designated heritage assets and preserve or enhance Conservation Areas.</p> <p>Additional mitigation</p> <ul style="list-style-type: none"> None identified. General policies in the Pre-Submission Local Plan, e.g. Policy NE1 'Ecology and Biodiversity' and Strategic Policy S6 'Conserving and Enhancing the Natural Environment' should help ensure that potential effects are considered when sites associated with this policy come forward for development.
STRATEGIC GROWTH SITE 1a – CHELMER WATERSIDE	-/?	++	+/?	++	+	++	++	0	-	-	~	0	+/-/?	+	<p>Likely Significant Effects</p> <p>A number of sites that sit within this policy are adjacent to the Chelmer Valley Riverside and Chelmsford Watermeadows LoWS and the potential for a minor negative effect (with some uncertainty) is identified for SA Objective 1 (Biodiversity) on this basis.</p>

Policy	1. Biodiversity	2. Housing	3. Economy	4. Sustainable living and Revitalisation	5. Health and Wellbeing	6. Transport	7. Land Use	8. Water	9. Flood Risk	10. Air Quality	11. Climate Change	12. Waste and Natural Resources	13. Cultural Heritage	14. Landscape and Townscape	Commentary
															<p>A significant positive effect is anticipated in relation to SA Objective 2 (Housing) given the combined contribution of sites that sit within this policy to housing need (1,100 homes).</p> <p>The policy encourages and facilitates <u>specific</u> commercial uses so some employment could be provided as a result of this. Development would be required to make a financial contribution to early years, primary and secondary education. A minor positive effect has therefore been identified (with some uncertainty) against SA Objective 3 (Economy).</p> <p>A significant positive effect is anticipated in relation to Objective 4 'Sustainable Living and Revitalisation' (as was the case at individual site level).</p> <p>A minor positive effect is anticipated in relation to SA Objective 5 (Health and Wellbeing) on the grounds that the policy includes an allowance for open space (e.g., generous waterside margins, green infrastructure and improved or new facilities for water-based clubs), which could enable increased participation in recreation.</p> <p>A significant positive effect is anticipated in relation to SA Objective 6 (Transport) on the grounds that the policy includes improved pedestrian and cycle connections and the site is well located towards the centre of Chelmsford. A car club is also required. The need for improvements to local and strategic road network are identified.</p> <p>A significant positive effect is anticipated in relation to SA Objective 7 (Land Use) given the use of previously developed land.</p>

Policy	1. Biodiversity	2. Housing	3. Economy	4. Sustainable living and Revitalisation	5. Health and Wellbeing	6. Transport	7. Land Use	8. Water	9. Flood Risk	10. Air Quality	11. Climate Change	12. Waste and Natural Resources	13. Cultural Heritage	14. Landscape and Townscape	Commentary
															<p>The potential for negative and significant negative effects in relation to water were identified for individual sites because of their proximity to the river. However, <u>the policy includes a requirement for the provision of SUDS and flood risk management measures. In addition</u>, Policy NE3 requires the use of SuDS which should help maintain water quality. Strategic Policy S6 is also relevant in this respect. No significant effects are therefore anticipated.</p> <p>A residual minor negative effect is anticipated in relation to flood risk. The site includes areas within Flood Zones 2 and 3 and the potential for significant negative effects was therefore identified for some sites that sit within the policy on that basis. The policy requires natural flood risk and surface water management measures which is expected to help manage this risk.</p> <p>Sites are within 500m of the Chelmsford Army and Navy AQMA so there is potential for a minor negative effect in relation to SA Objective 10 (Air Quality) (reflecting the appraisal for individual sites). Whilst the policy for this site does not contain any criteria in relation to air quality, it does encourage alternatives to the car (and car sharing) which could help reduce impacts on air quality. Policy PA2 'Contamination and Pollution' also requires developments to demonstrate that they will not have an unacceptable significant impact on air quality, health and wellbeing.</p> <p>The performance of the policy against SA Objective 11 (Climate Change) is assessed as 'no relationship' for individual sites. The policy for this site does not contain any requirements in relation to climate change adaptation and mitigation and is assessed on the same basis.</p>

Policy	1. Biodiversity	2. Housing	3. Economy	4. Sustainable living and Revitalisation	5. Health and Wellbeing	6. Transport	7. Land Use	8. Water	9. Flood Risk	10. Air Quality	11. Climate Change	12. Waste and Natural Resources	13. Cultural Heritage	14. Landscape and Townscape	Commentary
															<p>The performance of the policy against SA Objective 12 (Waste and Resource Use) is assessed as 'no significant effect' for individual sites. The policy does not contain any requirements in relation to natural resources and is assessed on the same basis.</p> <p>At the individual site level, the potential for significant negative effects was identified in relation to SA Objective 13 (Cultural Heritage) due to proximity to listed buildings and the fact that the site is within a Conservation Area. Strategic Policy S5 provides the policy context for ensuring that these features are taken into account when the site comes forward for development. In addition, the site may contain archaeological deposits and as such the policy requires an archaeological evaluation, the effects of which are uncertain pending the results of the assessment. The policy for the site requires a layout that contributes towards the distinct identity of Chelmer Waterside and encourages use of the waterways and their environs and the provision of public art among other landscape and design requirements. A minor positive effect is therefore anticipated in relation to SA Objective 14 (Landscape and Townscape).</p> <p>Mitigation</p> <ul style="list-style-type: none"> General policies in the Pre-Submission Local Plan (e.g. NE1 'Ecology and Biodiversity' and Strategic Policy S6 'Conserving and Enhancing the Natural Environment') should help ensure that potential effects are considered when sites associated with this policy come forward for development.

Policy	1. Biodiversity	2. Housing	3. Economy	4. Sustainable living and Revitalisation	5. Health and Wellbeing	6. Transport	7. Land Use	8. Water	9. Flood Risk	10. Air Quality	11. Climate Change	12. Waste and Natural Resources	13. Cultural Heritage	14. Landscape and Townscape	Commentary
1b— ESSEX POLICE HQ AND SPORTS GROUND, NEW COURT ROAD															<p>The scoring for this policy is largely unchanged from the scoring for the associated site (see Appendix G). The policy requires the provision of land for a new primary school with a co-located early years and childcare nursery. Financial contributions to primary and secondary education provision, and community facilities including health provision are also required. As such a significant positive effect has been identified in respect of SA Objective 3 (Economy). A significant positive effect is also identified against SA Objective 5 (Health and Wellbeing) as the policy seeks to bring private sports fields into public use. A major positive has been identified against objective 6 (transport) as the policy seeks to improve existing footpaths and provide pedestrian and cycle connections within an already accessible location.</p> <p>With regards to objective 1 (biodiversity) and 13 (cultural heritage) the scores have been identified as negligible as the policies with regards to the historic and natural environment would maintain the existing baseline.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified. General policies in the Pre-Submission Local Plan (e.g. NE1 'Ecology and Biodiversity' and Strategic Policy S6 'Conserving and Enhancing the Natural Environment') should help ensure that potential effects are considered when the site associated with this policy comes forward for development.

															<p>Mitigation</p> <ul style="list-style-type: none"> None identified. General policies in the Pre-Submission Local Plan (e.g. NE1 'Ecology and Biodiversity' and Strategic Policy S6 'Conserving and Enhancing the Natural Environment') should help ensure that potential effects are considered when the site associated with this policy comes forward for development.
EXISTING COMMITMENT EC2 - LAND SURROUNDING TELEPHONE EXCHANGE, ONGAR ROAD, WRITTLE	0/?	+	+/-	++	+	++	++/-	0	0	0	~	0	-	+/0	<p>Likely Significant Effects</p> <p>The scoring for this policy is unchanged from the scoring for the associated site (see Appendix G) as the policy does not introduce any significant factors.</p> <p>It is noted that the policy requires that proposals respect surrounding listed buildings and Conservation Area, although until further details are known, negative effect in respect of SA Objective 13 (Cultural Heritage) remain.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified. General policies in the Pre-Submission Local Plan (e.g. NE1 'Ecology and Biodiversity' and Strategic Policy S6 'Conserving and Enhancing the Natural Environment') should help ensure that potential effects are considered when the site associated with this policy comes forward for development.

Growth Area 2: North Chelmsford

Policy	1. Biodiversity	2. Housing	3. Economy	4. Sustainable Living and Revitalisation	5. Health and Wellbeing	6. Transport	7. Land Use	8. Water	9. Flood Risk	10. Air Quality	11. Climate Change	12. Waste and Natural Resources	13. Cultural Heritage	14. Landscape and Townscape	Commentary
STRATEGIC GROWTH SITE 4 – NORTH EAST CHELMSFORD	+/-/?	++	++	++	++	++	--	-	0	0	+	--/?	--/?	--	<p>Likely Significant Effects</p> <p>This policy requires a new garden community incorporating a Country Park, Neighbourhood Centres, land for a co-located secondary school, two co-located primary schools and a standalone nursery schools with delivery through the Local Education Authority. It also includes 45,000 sqm of retail floorspace and 9 serviced plots for travelling showpeople. In consequence, the appraisal of the associated site against SA Objective 4 (Sustainable Living and Revitalisation) (see Appendix G Appendix E) has moved from a minor positive effect to a significant positive effect (significant positive effects on SA Objective 3 are also expected to be further strengthened). As a result of the supporting on-site development, the minor negative effect for the site identified against SA Objective 5 (Health and Wellbeing) has moved to a significant positive effect. The provision of a Country Park has also been assessed as having a positive effect on biodiversity (SA Objective 1).</p> <p><u>Where appropriate, contributions from developments will be secured towards mitigation measures identified in the Essex Recreational disturbance Avoidance and Mitigation Strategy (RAMS). There remains the potential for an adverse effect of local wildlife sites affected by development of the site.</u></p> <p>The assessment of the site against SA Objective 6 (Transport) has also moved from mixed negative and positive effects to a significant positive effect. This reflects the type/scale of required transportation improvements including a single carriageway road (or Phase 1) of the Chelmsford North East Bypass, extension to</p>

Policy	1. Biodiversity	2. Housing	3. Economy	4. Sustainable Living and Revitalisation	5. Health and Wellbeing	6. Transport	7. Land Use	8. Water	9. Flood Risk	10. Air Quality	11. Climate Change	12. Waste and Natural Resources	13. Cultural Heritage	14. Landscape and Townscape	Commentary
															<p>the Chelmsford Area Bus Based Rapid Transit (ChART) infrastructure, improvements to the highways network and the provision of pedestrian and cycling links and a car club.</p> <p>The site is predominantly greenfield with a limited area of brownfield associated with the Channels Lodge Bar and Brasserie. As such, the site has been assessed as a significant negative against SA Objective 7.</p> <p>The potential for a significant negative effect in relation to water (SA Objective 8) has been identified for this site because of proximity to a water course (see Appendix G Appendix E). However, the policy requires the use of flood mitigation measures which should help maintain water quality. No significant effects are therefore anticipated.</p> <p>The policy states that renewable, low carbon and decentralised energy schemes will be encouraged on site alongside the proposed sustainable transport improvements, As a result, the score for SA Objective 11 (Climate Change) has moved from no relationship to minor positive.</p> <p>The policy identifies the need for a Minerals Resource Assessment and in consequence, the appraisal of the associated site against SA Objective 12 (Waste and Resource Use) has moved from significant negative to significant/uncertain, pending the results of this Assessment. It should be noted that there may be an opportunity to utilise sand and gravel within the former site as part of the development.</p> <p><u>The policy requires provision of a generous landscape buffer to preserve the setting of nearby heritage assets.</u> In addition, the site may contain archaeological deposits and as such the policy requires an archaeological evaluation, the effects of which are</p>

Policy	1. Biodiversity	2. Housing	3. Economy	4. Sustainable Living and Revitalisation	5. Health and Wellbeing	6. Transport	7. Land Use	8. Water	9. Flood Risk	10. Air Quality	11. Climate Change	12. Waste and Natural Resources	13. Cultural Heritage	14. Landscape and Townscape	Commentary
															<p>uncertain pending the results of the assessment. <u>Overall, a minor adverse effect is anticipated.</u></p> <p>The policy includes a requirement for development to be planned around a coherent framework of routes, blocks and spaces that deliver areas of distinct character, <u>nonetheless</u> it is considered that the potential for significant negative effects on SA Objective 13 (Cultural Heritage) and SA Objective 14 (Landscape and Townscape) remain.</p> <p>Mitigation</p> <ul style="list-style-type: none"> • General policies in the Pre-Submission Local Plan (e.g. NE1 'Ecology and Biodiversity' and Strategic Policy S6 'Conserving and Enhancing the Natural Environment') should help ensure that potential effects are considered when the site associated with this policy comes forward for development. • Supporting text to the policy could make reference to the opportunity to utilise sand and gravel within the former site as part of the development.
STRATEGIC GROWTH SITE 5a – GREAT LEIGHS – LAND AT MOUSLSHAM HALL	-0/?	++	++	++	++	++	++/-	-0	0	0	~	--/?	--/?	--	<p>Likely Significant Effects</p> <p>The policy includes requirements for the provision of a neighbourhood centre, a new primary school and employment space on site.</p> <p>This site has been assessed as having a <u>significant negative negligible</u> effect on biodiversity (SA Objective 1), <u>due to the presence of nature conservation sites within/in close proximity to the site boundary including The River Ter SSSI is in close</u></p>

Policy	1. Biodiversity	2. Housing	3. Economy	4. Sustainable Living and Revitalisation	5. Health and Wellbeing	6. Transport	7. Land Use	8. Water	9. Flood Risk	10. Air Quality	11. Climate Change	12. Waste and Natural Resources	13. Cultural Heritage	14. Landscape and Townscape	Commentary
															<p><u>proximity to the site boundary, however the policy requires any new development to protect and enhance this feature. Mitigation measures are also required to minimise effects on the Local Wildlife site Phyllis Currie/Dumney Lane Woods.</u> (see Appendix G Appendix E). This policy requires the creation of a network of green infrastructure alongside park space. In consequence, effects on this objective have moved to minor negative, although some uncertainty remains.</p> <p>In light of the supporting development on site which includes employment space, the score for this site against SA Objective 3 (Economy) (see Appendix G) has moved from a minor negative effect to a significant positive effect (these measures may also enhance the positive effects identified in respect of SA Objective 4, although the score awarded remains as detailed in Appendix G Appendix E).</p> <p>This policy seeks appropriate provision of open space and healthcare and leisure facilities together with walking and cycling links. In consequence, the negative effects identified during the appraisal of this site in respect of SA Objective 5 (Health and Wellbeing) (see Appendix G Appendix E) have moved to a significant positive effect.</p> <p>The assessment of this site against SA Objective 6 (Transport) has also moved to a significant positive effect in recognition of the requirements for sustainable transport infrastructure provision set out in the policy.</p> <p>The potential for a significant negative effect in relation to water (SA Objective 8) has been identified for this site because of proximity to a water course (see Appendix G Appendix E). However, the policy requires the use of flood mitigation</p>

Policy	1. Biodiversity	2. Housing	3. Economy	4. Sustainable Living and Revitalisation	5. Health and Wellbeing	6. Transport	7. Land Use	8. Water	9. Flood Risk	10. Air Quality	11. Climate Change	12. Waste and Natural Resources	13. Cultural Heritage	14. Landscape and Townscape	Commentary
															<p>moved from significant negative to significant/uncertain, pending the results of this Assessment.</p> <p>Whilst the policy includes a requirement for landscaping to mitigate the visual impact of the development, it is considered that the potential for significant negative effects on SA Objective 13 (Cultural Heritage) and SA Objective 14 (Landscape and Townscape) remain. In addition, the site may contain archaeological deposits and as such the policy requires an archaeological evaluation, the effects of which are uncertain pending the results of the assessment.</p> <p>Mitigation</p> <ul style="list-style-type: none"> • General policies in the Pre-Submission Local Plan (e.g. NE1 'Ecology and Biodiversity' and Strategic Policy S6 'Conserving and Enhancing the Natural Environment') should help ensure that potential effects are considered when the site associated with this policy comes forward for development. • Consideration should be given to the inclusion of specific requirements relating to the avoidance of adverse impacts on the River Ter SSSI.
STRATEGIC GROWTH SITE 6 – NORTH OF BROOMFIELD	-/?	++	++	++	++	++	++/-	-	0	0	~	--/?	-/?	-	<p>Likely Significant Effects</p> <p><u>The policy requires a new vehicular access road into Broomfield Hospital Campus which would pass through the Puddings Wood Local Wildlife Site. Ecological surveys including arboricultural surveys and a Phase 1 Habitats Assessment have identified no sensitive receptors that would be adversely affected and the policy requires that compensatory habitat be created. As such, the minor negative score remains.</u></p>

Policy	1. Biodiversity	2. Housing	3. Economy	4. Sustainable Living and Revitalisation	5. Health and Wellbeing	6. Transport	7. Land Use	8. Water	9. Flood Risk	10. Air Quality	11. Climate Change	12. Waste and Natural Resources	13. Cultural Heritage	14. Landscape and Townscape	Commentary
															<p>This policy requires a new neighbourhood centre and standalone nursery school with delivery through the local education authority. Financial contributions are required towards primary and secondary education provision. In consequence, the appraisal of the associated site against SA Objective 4 (Sustainable Living and Revitalisation) (see Appendix G) has moved from a minor positive effect to a significant positive effect (positive effects on SA Objective 3 are also expected to be further strengthened). The policy also requires (inter alia) walking/cycling links public open space, formal and informal sport, recreation and community space within the site (including to the surrounding countryside). As a result, the neutral effect for the site identified against SA Objective 5 (Health and Wellbeing) has moved to a significant positive effect.</p> <p>The assessment of the site against SA Objective 6 (Transport) has moved to a significant positive as the policy requires measures to enable travel by sustainable modes (including walking and cycling) and improvements to the local road network.</p> <p>The policy identifies the need for a Minerals Resource Assessment and in consequence, the appraisal of the associated site against SA Objective 12 (Waste and Resource Use) has moved from significant negative to significant/uncertain, pending the results of this Assessment.</p> <p>Whilst the The policy includes a requirement for landscaping to mitigate the visual impact of the development and for design to respond to the local landscape context, <u>as well as specific consideration of the protection and enhancement of nearby cultural heritage assets.</u> Nevertheless, it is considered that the potential for <u>uncertain</u> negative effects on SA Objective 13</p>

Policy	1. Biodiversity	2. Housing	3. Economy	4. Sustainable Living and Revitalisation	5. Health and Wellbeing	6. Transport	7. Land Use	8. Water	9. Flood Risk	10. Air Quality	11. Climate Change	12. Waste and Natural Resources	13. Cultural Heritage	14. Landscape and Townscape	Commentary
															<p>(Cultural Heritage) and SA Objective 14 (Landscape and Townscape) remain. In addition, the site may contain archaeological deposits and as such the policy requires an archaeological evaluation, the effects of which are uncertain pending the results of the assessment.</p> <p>Mitigation</p> <ul style="list-style-type: none"> The policy could include protection for LoWSs in close proximity to the site. General policies in the Pre-Submission Local Plan (e.g. NE1 'Ecology and Biodiversity' and Strategic Policy S6 'Conserving and Enhancing the Natural Environment') should help ensure that potential effects are considered when the site associated with this policy comes forward for development.
EXISTING COMMITMENT EC3 - GREAT LEIGHS - LAND EAST OF MAIN ROAD	-/?	++	+/-	++/-	+	++	--	-	0	0	~	--	-	-	<p>The scoring for this policy is largely unchanged from the scoring for the associated site (see Appendix G).</p> <p>The reasoned justification for this policy requires that the layout should incorporate compensation measures for landscape impact from the development including, appropriate tree and hedge planting along countryside edges, and green buffers to protect the Sandylay and Moot Wood Local Wildlife Sites to the south east of the site. Therefore, the score for objective 1 (biodiversity has been moved from a significant negative to a minor negative).</p> <p>The assessment of the site against SA Objective 6 (Transport) has moved to a positive as the policy requires the provision of pedestrian and cycle connections.</p>

Policy	1. Biodiversity	2. Housing	3. Economy	4. Sustainable Living and Revitalisation	5. Health and Wellbeing	6. Transport	7. Land Use	8. Water	9. Flood Risk	10. Air Quality	11. Climate Change	12. Waste and Natural Resources	13. Cultural Heritage	14. Landscape and Townscape	Commentary
															<p>The effect on SA objective 9 (water) has been moved to a minor negative as a result of the result of the policy requirement for SuDS and flood risk management measures.</p> <p>The policy requires protection for the listed buildings along <u>Main Road and in relation to Gubbions Hall in particular</u>, and mitigation to reduce the visual impact of the development. As such, a minor negative is identified in relation to SA objective 13 (cultural heritage) and SA objective 14 (landscape and townscape)</p> <p>Mitigation</p> <p>None identified. General policies in the Pre-Submission Local Plan (e.g.,' NE1 'Ecology and Biodiversity' and Strategic Policy S6 'Conserving and Enhancing the Natural Environment') should help ensure that potential effects are considered when the site associated with this policy comes forward for development</p>

Growth Area 3: South and East Chelmsford

Policy	1. Biodiversity	2. Housing	3. Economy	4. Sustainable Living and Revitalisation	5. Health and Wellbeing	6. Transport	7. Land Use	8. Water	9. Flood Risk	10. Air Quality	11. Climate Change	12. Waste and Natural Resources	13. Cultural Heritage	14. Landscape and Townscape	Commentary
STRATEGIC GROWTH SITE 7 – NORTH OF SOUTH WOODHAM FERRERS	-	++	++	++	++	++	--	-	-	0	?	0	--?	--	<p>Likely Significant Effects</p> <p><u>The significant negative identified for biodiversity (SA Objective 1) has been moved to a minor as the policy requires that where appropriate, contributions from developments will be secured towards mitigation measures identified in the Essex Recreational disturbance Avoidance and Mitigation Strategy (RAMS). The remains the potential for an adverse effect of local wildlife sites affected by development of the site.</u></p> <p>This policy requires a new neighbourhood centre, potential primary school and nursery provision. Additionally, the policy requires the provision of flexible business floorspace and flexible retail floorspace.</p> <p>The policy includes a specific requirement relating to the mitigation of potential impacts on biodiversity, including landscape buffers to the development edges and Local Wildlife sites. The policy also requires the provision of and/or financial contributions towards, recreation disturbance avoidance and mitigation measures for European designated sites including the Crouch Estuary.</p> <p>Due to the development required on site, the appraisal of the associated site against SA Objective 3 (Economy) (see Appendix G) has moved from a mixed minor positive and negative effect to a significant positive effect (positive effects on SA Objective 4 are also expected to be further strengthened). The policy also requires (inter alia) open space, health facilities, leisure facilities and walking/cycling links. As a result, the positive effect for the</p>

Policy	1. Biodiversity	2. Housing	3. Economy	4. Sustainable Living and Revitalisation	5. Health and Wellbeing	6. Transport	7. Land Use	8. Water	9. Flood Risk	10. Air Quality	11. Climate Change	12. Waste and Natural Resources	13. Cultural Heritage	14. Landscape and Townscape	Commentary
															<p>site identified against SA Objective 5 (Health and Wellbeing) has moved to a significant positive effect.</p> <p>The assessment of the site against SA Objective 6 (Transport) has moved to a significant positive as the policy requires measures to enable travel by sustainable modes (including walking and cycling) and improvements to the local road network (supported by a traffic management strategy). The policy also requires a car club.</p> <p>The potential for significant negative effects in relation to water (SA Objective 8) and flood risk (SA Objective 9) has been identified for this site because of its proximity to a water course and presence of Flood Zones 2 and 3 (see Appendix G). However, the policy requires the use of flood mitigation measures which should help maintain water quality and minimise flood risk. No significant effects are therefore anticipated.</p> <p>Whilst the policy includes requirements relating to landscaping and design in order to mitigate the landscape/visual and heritage impacts of the development, it is considered that the potential for significant negative effects on SA Objective 13 (Cultural Heritage) and SA Objective 14 (Landscape and Townscape) remain. <u>The policy requires development to conserve and enhance nearby listed buildings and their settings, mitigating the potentially significant adverse effect on cultural heritage (SA Objective 13) to a minor effect, noting that,</u> In addition, the site may contain archaeological deposits and as such the policy requires an archaeological evaluation, the effects of which are uncertain pending the results of the assessment.</p>

Policy	1. Biodiversity	2. Housing	3. Economy	4. Sustainable Living and Revitalisation	5. Health and Wellbeing	6. Transport	7. Land Use	8. Water	9. Flood Risk	10. Air Quality	11. Climate Change	12. Waste and Natural Resources	13. Cultural Heritage	14. Landscape and Townscape	Commentary
															<p>Mitigation</p> <ul style="list-style-type: none"> None identified. General policies in the Pre-Submission Local Plan (e.g. NE1 'Ecology and Biodiversity' and Strategic Policy S6 'Conserving and Enhancing the Natural Environment') should help ensure that potential effects are considered when the site associated with this policy comes forward for development.
GROWTH SITE 8 – SOUTH OF BICKNACRE	-0/?	+	+/-	+	+/-	++	--	0	0	0	~	0	-	-	<p>Likely Significant Effects</p> <p>The scoring for this policy is largely unchanged from the scoring for the associated site (see Appendix G) as the policy does not introduce any significant factors.</p> <p>The policy requires that the Thrift Wood Site of Special Scientific Interest (SSSI) to the southeast of the site be respected <u>protected and enhanced</u> and that any new development provides any required mitigation measures. and that contributions be collected towards recreation disturbance avoidance and mitigation measures for European sites as a part of the Essex-wide Recreational Disturbance Avoidance and Mitigation Strategy (RAMS). Where appropriate, contributions from developments will be secured towards mitigation measures identified in the Essex Recreational disturbance Avoidance and Mitigation Strategy (RAMS). Therefore the anticipated effect on SA objective 1 (biodiversity) has been moved from significant negative to minor negative negligible.</p> <p>The policy includes requirements relating to transport, landscape and heritage, however these have not changed the scores for the site.</p> <p>Mitigation</p>

Policy	1. Biodiversity	2. Housing	3. Economy	4. Sustainable Living and Revitalisation	5. Health and Wellbeing	6. Transport	7. Land Use	8. Water	9. Flood Risk	10. Air Quality	11. Climate Change	12. Waste and Natural Resources	13. Cultural Heritage	14. Landscape and Townscape	Commentary
															<ul style="list-style-type: none"> None identified. General policies in the Pre-Submission Local Plan (e.g. NE1 'Ecology and Biodiversity' and Strategic Policy S6 'Conserving and Enhancing the Natural Environment') should help ensure that potential effects are considered when the site associated with this policy comes forward for development.
GROWTH SITE 9 - DANBURY	?	++	?	?	?	?	?	?	?	?	?	?	?	?	<p>Likely Significant Effects</p> <p>This policy is a statement of intent to provide 100 dwellings in Danbury through sites allocated in a Neighbourhood Development Plan. A significant positive effect has therefore been identified in respect of SA Objective 2 (Housing). Uncertainties in relation to other objectives are identified at this stage until the exact location of development is known.</p> <p><u>Where appropriate, contributions from developments will be secured towards mitigation measures identified in the Essex Recreational disturbance Avoidance and Mitigation Strategy (RAMS). There remains the potential for an adverse effect of local wildlife sites affected by development of the site.</u></p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified.

Special Policy Areas

Policy	1. Biodiversity	2. Housing	3. Economy	4. Sustainable Living and Revitalisation	5. Health and Wellbeing	6. Transport	7. Land Use	8. Water	9. Flood Risk	10. Air Quality	11. Climate Change	12. Waste and Natural Resources	13. Cultural Heritage	14. Landscape and Townscape	Commentary
POLICY SPA3 – HANNINGFIELD RESERVOIR SPECIAL POLICY AREA	++/-	0	0	0	+	+/?	0/?	++/-/?	-	0/?	~	0/?	0/?	0	<p>Likely Significant Effects</p> <p>This Special Policy Area covers the main campus of buildings, store building and staff offices associated with Hanningfield Reservoir. The site also includes two Local Wildlife Sites. The policy seeks to avoid adverse impacts in respect of biodiversity and promote nature conservation interests (the reservoir is a SSSI) and in consequence, the potential for a significant positive effect on biodiversity (SA Objective 1) has been identified. Development (including recreational use) may, however, have adverse effects on biodiversity, although the type, scale and magnitude of effects would be dependent on specific proposals.</p> <p>The policy specifically promotes the recreational use of the reservoir and a positive effect has therefore been identified in respect of SA Objective 5 (Health and Wellbeing).</p> <p>The policy seeks to support the role, function and operation of the works which is expected to help maintain and enhance water resources and quality. A significant positive effect has therefore been identified in respect of water (SA Objective 8), although there is the potential for new development/uses of the reservoir to have adverse effects on water quality (if unmitigated).</p> <p>The policy specifically supports proposals for sustainable transport which has been assessed as having a positive effect on SA Objective 6 (Transport).</p> <p>The western part of the area lies within Flood Zones 2 and 3 so there is the potential for significant effects in relation to SA</p>

Policy	1. Biodiversity	2. Housing	3. Economy	4. Sustainable Living and Revitalisation	5. Health and Wellbeing	6. Transport	7. Land Use	8. Water	9. Flood Risk	10. Air Quality	11. Climate Change	12. Waste and Natural Resources	13. Cultural Heritage	14. Landscape and Townscape	Commentary
															<p>Objective 9 (Flood Risk). However, the uses proposed on site are assumed to be less vulnerable because of their nature and the policy requires development proposals to provide suitable SuDS and flood risk management. A minor negative effect has therefore been identified in respect of this objective.</p> <p>There is the potential for development associated with this Special Policy Area to result in adverse landscape impacts. However, the policy supports proposals that protect and enhance trees and hedgerows and comprise high quality design and the policy requires proposals to avoid adverse impacts on the landscape. Therefore, a negligible effect has been identified.</p> <p>Effects on the remaining SA objectives are considered to be neutral at this stage, although some uncertainty remains.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified.
STRATEGIC POLICY SPA6 – WRITTLE UNIVERSITY COLLEGE SPECIAL POLICY AREA	0/?	0	++	++	0	+	0	-	-	0	~	0/?	0/?	0/?	<p>Likely Significant Effects</p> <p>Writtle University College is a nationally-recognised land-based technologies college which is seeking to expand and broaden its educational facilities and opportunities. It is also a key employer in Chelmsford. By supporting the role, function and operation of Writtle University College, this policy has been assessed as having a significant positive effect on the economy (SA Objective 3) and sustainable living and revitalisation (SA Objective 4).</p> <p>This policy specifically supports proposals that improve circulation through, and links with, existing College buildings, promote more sustainable means of transport to the site and reduce individual trips by car. Overall, the policy has therefore</p>

Policy	1. Biodiversity	2. Housing	3. Economy	4. Sustainable Living and Revitalisation	5. Health and Wellbeing	6. Transport	7. Land Use	8. Water	9. Flood Risk	10. Air Quality	11. Climate Change	12. Waste and Natural Resources	13. Cultural Heritage	14. Landscape and Townscape	Commentary
															<p>been assessed as having a positive effect on transport (SA Objective 6).</p> <p>This area is within Flood Zone 3 but it is an existing facility so a minor negative effect only has been identified in relation to SA Objective 9 (Flood Risk) and SA Objective 8 (Water).</p> <p>Whilst development in this area could result in adverse environmental impacts including in respect of biodiversity and landscape, it is noted that the policy supports proposals that protect and enhance trees and hedgerows, the setting of listed buildings and King John's Hunting Lodge and nature conservation interests. On balance, the policy has been assessed as having a neutral effect on the remaining SA objectives, although some uncertainty remains.</p> <p>Mitigation</p> <ul style="list-style-type: none"> None identified.

Appendix H

Revised Monitoring Framework

SA Objective	Possible Indicator(s)	Sources(s)
1. Biodiversity and Geodiversity: To conserve and enhance biodiversity and geodiversity and promote improvements to the green infrastructure network.	Number of planning approvals that generated any adverse impacts on sites of acknowledged biodiversity importance.	Natural England/Chelmsford City Council
	Change in area of designated biodiversity sites.	Authority Monitoring Report (AMR)
	Number of TPO trees or woodland removed as a result of development permitted.	AMR
	Area of priority habitat delivered.	Natural England/Chelmsford City Council
	Number of major developments generating overall biodiversity enhancement.	Natural England/Chelmsford City Council
	Hectares of accessible open space per 1,000 population.	Chelmsford City Council
	Proportion of dwellings completed with access to natural greenspace within 400m.	Chelmsford City Council
2. Housing: To meet the housing needs of the Chelmsford City Area and deliver decent homes.	Number of net new dwellings completed including by size and type.	AMR
	Housing land available.	AMR
	Housing affordability ratio.	Department for Communities and Local Government
	Net affordable housing completions.	AMR
	Number of market homes provided on rural exception sites.	AMR
	Number of new Gypsy, Traveller and Travelling Showpeople pitches and plots approved and completed.	AMR
	Number of existing Gypsy, Traveller and Travelling Showpeople pitches and plots approved for a change of use to other uses.	AMR
	Number of new dwellings on developments of 10 or more not achieving M4(2) of the Building Regulations 2015.	AMR
	Number of new affordable dwellings on developments of 30 or more dwellings achieving M4(3) of the Building Regulations 2015	AMR
	Number of dwellings achieving the Nationally Described Space Standards.	AMR
	Number of self-build homes achieved on developments of more than 100 dwellings.	AMR
	Number and type of Specialist Residential Accommodation achieved on developments of more than 100 dwellings.	AMR
	3. Economy, Skills and Employment: To achieve a strong and stable economy which offers rewarding and well located employment opportunities to everyone.	Net additional employment floorspace completed including by type.
Loss of employment floorspace by type.		AMR
Loss of allocated employment areas for non-employment uses		AMR

SA Objective	Possible Indicator(s)	Sources(s)
	Employment land availability by type.	AMR
	Location of large new office development.	AMR
	Number of businesses.	Nomis
	Jobs density.	Nomis
	Proportion of residents economically active/inactive.	Nomis
	Unemployment rates.	Nomis
	Employment by occupation.	Nomis
	Mean full time workers gross weekly pay.	Nomis
	The percentage of working age people with qualifications at, or equivalent to, NVQ Level 2 and above.	Nomis.
	School capacity/number of school places created.	Essex County Council
	Tourist and visitor numbers and spend.	Chelmsford City Council.
	4. Sustainable Living and Revitalisation: To promote urban renaissance and support the vitality of rural centres, tackle deprivation and promote sustainable living.	Overall City Area ranking in English Indices of Deprivation.
Ranking of Lower Super Output Areas (LSOAs) of deprivation in the City Area, out of the whole of England.		Department for Communities and Local Government
Amount of retail floorspace completed.		AMR
Loss of retail floorspace.		AMR
New retail and leisure development in Chelmsford City Centre and South Woodham Ferrers Town Centre.		Chelmsford City Council
Loss of retail floorspace in Chelmsford City Centre and South Woodham Ferrers Town Centre.		Chelmsford City Council
Vacancy rates in Chelmsford City Centre and South Woodham Ferrers Town Centre.		Chelmsford City Council
Number of applications permitted for new community facilities.		AMR
Number of community facilities lost to other uses.		AMR
Amount of new residential development within 30 minutes public transport time of: a GP; a hospital; a primary school; a secondary school; areas of employment; and major retail centres.		Chelmsford City Council
Neighbourhood Plans and other community-led planning tools being put in place.		AMR
Provision of key infrastructure.		AMR
Amount of non-A1 uses permitted on ground floors within primary frontages in Chelmsford City Centre and South Woodham Ferrers Town Centre.		AMR
5. Health and Wellbeing: To improve the health and wellbeing of those living and working in the Chelmsford City Area.	Life expectancy at birth.	Public Health England
	Amount of eligible open spaces managed to Green Flag Award standard.	AMR
	Any planning permissions given contrary to Health and Safety Executive advice.	Chelmsford City Council

SA Objective	Possible Indicator(s)	Sources(s)
	Level of open space and sports facility provision.	AMR
6. Transport: To reduce the need to travel, promote more sustainable modes of transport and align investment in infrastructure with growth.	Average distance travelled to work.	Office for National Statistics
	Commuting flows.	Office for National Statistics
	Car ownership - % of households owning one or more car/van.	Office for National Statistics
	Travel to work by different modes (e.g. bus, train, car, bike, foot).	Office for National Statistics
	Traffic volumes.	Department for Transport
	Amount of completed development Complying with Car-Parking Standards.	Chelmsford City Council
	Bus and rail service provision.	Chelmsford City Council
	Park and ride provision.	Chelmsford City Council
	Residential development within 30 minutes public transport of: GP; hospital; primary school; a secondary school; and Chelmsford City Centre and/or South Woodham Ferrers Town Centre.	Chelmsford City Council
	Amount of development complying with the most up-to-date adopted car-parking standards	Chelmsford City Council
7. Land Use and Soils: To encourage the efficient use of land and conserve and enhance soils.	Net dwelling completions on previously developed land.	AMR
	Total amount of employment floorspace on previously developed land.	AMR
	New residential densities.	AMR
	Number of planning approvals leading to loss of 'best and most versatile' (BMV) agricultural land (i.e. that classified as Grades 1, 2 and 3a land within the Agricultural Land Classification (ALC) system).	AMR
	Area of Grade 3a or above lost to agricultural use as a result of all development.	AMR
8. Water: To conserve and enhance water quality and resources.	% of river stretches with good/very good biological water quality.	Environment Agency
	% of river stretches with good/very good chemical water quality.	Environment Agency
	Number of planning permissions granted contrary to the advice of the Environment Agency on water quality grounds.	AMR
	Number of dwellings not achieving Building Regulations optional requirement for water efficiency of 110 litres/person/day.	AMR
9. Flood Risk and Coastal Erosion: To reduce the risk of flooding and coastal erosion to people and property, taking into account the effects of climate change.	Number of planning permissions granted contrary to the advice of the Environment Agency on flood defence grounds.	AMR
	Number of new major developments that incorporate SUDS and reduce water run-off.	AMR
10. Air: To improve air quality.	Air Quality Management Areas declared as a consequence of development.	Chelmsford City Council

SA Objective	Possible Indicator(s)	Sources(s)
11. Climate Change: To minimise greenhouse gas emissions and adapt to the effects of climate change.	Renewable energy capacity installed by type.	Chelmsford City Council
	Number of applications permitted for renewable and low carbon energy development by type.	Chelmsford City Council
	Reduction in carbon dioxide emissions above the requirements of current Building Regulations for non-residential developments of 1,000 sqm or more.	AMR
	Number of new non-residential buildings with a floor area in excess of 500sqm achieving a minimum BREEAM rating (or its successor) of 'Very Good'.	AMR
	CO2 emissions per capita.	Department for Business, Energy and Industry Strategy (BEIS)
	Energy consumption.	BEIS
	Number of EV charging points for new residential dwellings and the percentage of EV charging points for non-residential buildings.	AMR
12. Waste and Natural Resources: To promote the waste hierarchy (reduce, reuse, recycle, recover) and ensure the sustainable use of natural resources.	Volumes of municipal and commercial and industrial waste generated.	Essex County Council
13. Cultural Heritage: To conserve and enhance the historic environment, cultural heritage, character and setting.	Number of listed buildings demolished.	Chelmsford City Council
	Number of developments permitted leading to substantial harm or loss of significance of designated heritage assets.	Chelmsford City Council
	Number of sites and buildings added to National Heritage at Risk Register	Historic England
	Number of sites and buildings removed from the National Heritage at Risk Register	Historic England
	Number of sites and buildings added to the local Buildings at Risk Register	AMR
	Number of sites and buildings removed from the local Buildings at Risk Register	AMR
	Number of developments permitted leading to substantial harm or loss of significance of non-designated heritage assets.	Chelmsford City Council
	Number of developments permitted that are extensively harmful to archaeological sites.	Essex County Council (and Chelmsford City Council)
	Completion of Conservation Area Appraisals and Management Plans	AMR
	Number of parishes assessed for the Register of Buildings of Local Value	AMR
14. Landscape and Townscape: To conserve and enhance landscape character and townscapes.	Harm to non-protected landscape features.	Chelmsford City Council

Chelmsford Local Plan Habitats Regulations Assessment (HRA)

Review of Pre-Submission Local Plan Modifications and HRA Conclusions

1. Introduction

1.1 Overview

Chelmsford City Council (the Council) is currently preparing a new Local Plan for its administrative area¹. The new Local Plan will set out the vision, spatial principles, planning policies and site allocations that will guide development in the local authority area in the period up to 2036.

The Council published the Chelmsford Draft Local Plan: Pre-Submission Document² (hereafter referred to as the 'draft Local Plan') for public consultation between 31st January and 14th March 2018, in accordance with Regulation 19 of the Town and Country Planning (Local Planning) (England) Regulations 2012³. Amec Foster Wheeler Environment and Infrastructure UK Ltd (Amec Foster Wheeler, now Wood) has been assisting the Council with its Habitats Regulations Assessment (HRA) of the new Local Plan and provided an HRA report⁴ to support the consultation on the draft Local Plan.

Following consideration of the representations received to the consultation on the draft Local Plan alongside updates to evidence base, the Council identified a number of proposed 'Additional Changes' to the draft Local Plan⁵. These Additional Changes were reviewed in an addendum⁶ to the 2018 HRA.

The draft Local Plan and proposed Additional Changes, together with the 2018 HRA and addendum, were submitted to the Secretary of State for Housing, Communities and Local Government on 29th June 2018 for independent examination (known as an Examination in Public or EiP) by a Planning Inspector. The EiP hearing sessions subsequently took place in November and December 2018. In light of the hearings, a number of modifications to the draft Local Plan have been proposed, comprising of 'Main Modifications', 'Additional Modifications' and 'Policies Map Changes'. These modifications take into account and supersede

¹ For brevity, the term 'the City Area' is used throughout this document to describe the Council's administrative area.

the Additional Changes identified by the Council following consultation on the draft Local Plan in January 2018.

1.2 The Chelmsford Local Plan: Proposed Modifications

The Inspector's Post Hearing Advice⁷ was published on 8th February 2019 stating that, at this stage, the Local Plan "*is a plan which could be found sound subject to main modifications*". The Post Hearing Advice contained a number of actions for the Council in respect of the following elements of the draft Local Plan: Gypsy, Travellers and Travelling Showpeople sites; Green Belt; and Green Wedges, Green Corridors and Valued Landscapes. The Council issued its response⁸ to the Inspector's Post Hearing Advice on 21st February 2019 which confirmed its intention to prepare, and consult on, modifications to the draft Local Plan in light of the previously identified Additional Changes, modifications considered during the hearing sessions and the Inspector's Post Hearing Advice.

Under Section 20(7) of the Planning and Compulsory Purchase Act (2004), as revised by Section 112 of the Localism Act (2011), modifications are either classified as "main" or "additional" modifications:

- "Main Modifications" are required to resolve issues in order to make the Local Plan sound or to ensure its legal compliance. They involve changes or insertions to policies and text that are essential to enable the plan to be adopted. Main Modifications are therefore changes that have an impact on the implementation of a policy.
- "Additional Modifications" are of a more minor nature and do not materially affect the policies set out in the draft Local Plan. Additional modifications mainly relate to points where a need has been identified to clarify the text, include updated facts, or make typographical or grammatical revisions which improve the readability of the Local Plan.

The Council has also identified a number of proposed changes to the Local Plan Policies Map. These changes are in response to, and ensure alignment with, the Main Modifications and Additional Modifications.

The proposed Main Modifications, Additional Modifications and Policies Map Changes are set out in **Appendices A, B and C** respectively of this document.

The Main Modifications proposed by the Council will be the subject of consultation from **1st August to 19th September 2019**. The Inspector will take into account the responses to the consultation before finally concluding whether or not a change along the lines of the Main Modifications is required to make the Local Plan sound. The Additional Modifications will not be considered by the Inspector as they do not relate to the soundness of the plan. Whilst the Additional Modifications are being published for information purposes, they do not form part of the Main Modifications consultation.

⁸ Letter from David Green, Director of Sustainable Communities dated 21.02.19. Available from <https://www.chelmsford.gov.uk/planning-and-building-control/planning-policy-and-new-local-plan/new-local-plan/local-plan-examination/> [Accessed May 2019].

1.3 Habitats Regulations Assessment

Regulation 105 of the *Conservation of Habitats and Species Regulations 2017* (the 'Habitats Regulations') states that if a land-use plan is "(a) is likely to have a significant effect on a European site⁹ or a European offshore marine site¹⁰ (either alone or in combination with other plans or projects); and (b) is not directly connected with or necessary to the management of the site" then the plan-making authority must "...make an appropriate assessment of the implications for the site in view of that site's conservation objectives" before the plan is given effect.

The process by which Regulation 105 is met is known as Habitats Regulations Assessment (HRA)¹¹. An HRA determines whether there will be any 'likely significant effects' (LSE) on any European site as a result of a plan's implementation (either on its own or 'in combination' with other plans or projects) and, if so, whether these effects will result in any adverse effects on the site's integrity. The Council has a statutory duty to prepare the Local Plan and is therefore the Competent Authority for an HRA.

Regulation 105 essentially provides a test that the final plan must pass; there is no statutory requirement for HRA to be undertaken on draft plans or similar developmental stages (e.g. issues and options; preferred options). However, as with Sustainability Appraisal (SA), it is accepted best-practice for the HRA of strategic planning documents to be run as an iterative process alongside plan development, with the emerging policies or options reviewed during development to ensure that potentially significant effects on European sites can be identified at an early stage, so providing time for the effects (and any mitigation) to be appropriately assessed. This is undertaken in consultation with Natural England (NE) and other appropriate consultees.

In this context, Wood has been assisting the Council with its HRA of the new Local Plan, and has previously provided:

- an HRA report¹² to support the consultation on the Local Plan Preferred Options;
- an HRA report¹³ to support the consultation on the draft Local Plan;
- an addendum document¹⁴ assessing the 'Additional Changes' made prior to submission; and

⁹ Strictly, 'European sites' are: any Special Area of Conservation (SAC) from the point at which the European Commission and the UK Government agree the site as a 'Site of Community Importance' (SCI); any classified Special Protection Area (SPA); any candidate SAC (cSAC); and (exceptionally) any other site or area that the Commission believes should be considered as an SAC but which has not been identified by the Government. However, the term is also commonly used when referring to potential SPAs (pSPAs), to which the provisions of Article 4(4) of Directive 2009/147/EC (the 'new wild birds directive') apply; and to possible SACs (pSACs) and listed Ramsar Sites, to which the provisions of the Habitats Regulations are applied a matter of Government policy (NPPF para. 176) when considering development proposals that may affect them. "European site" is therefore used in this report in its broadest sense, as an umbrella term for all of the above designated sites.

¹⁰ 'European offshore marine sites' are defined by Regulation 15 of *The Offshore Marine Conservation (Natural Habitats, &c.) Regulations 2007* (as amended); these regulations cover waters (and hence sites) over 12 nautical miles from the coast.

¹¹ The term 'Appropriate Assessment' has been historically used to describe the process of assessment; however, the process is now more accurately termed 'Habitats Regulations Assessment' (HRA), with the term 'Appropriate Assessment' limited to the specific stage within the process.

¹² Amec Foster Wheeler (2017) *Chelmsford Draft Local Plan Preferred Options Habitats Regulations Assessment*: Report for Chelmsford City Council, ref. S3170180rr008i1. Amec Foster Wheeler, Shrewsbury.

- an updated version of the HRA report¹⁵ supporting the submission version of the plan, which accounted for the 'Additional Changes' noted above and changes in case-law relating to HRA.

1.4 Purpose of this Addendum

The proposed modifications have been reviewed to ensure that the HRA conclusions remain robust; this Technical Note summarises the review process and its findings, and sets out the proposed conclusions of the HRA process. It does not repeat the baseline or assessments set out in the main HRA report¹⁶, and should therefore be read in conjunction with this.

2. Approach

The review of the Council's proposed modifications follows the assessment approach outlined in Sections 2.3 and 4.2 of the main HRA document. In summary, the proposed modifications have been reviewed to determine whether they would:

- lead to any new effects on any European sites (alone or in combination) that have not been considered by the HRA to date; or
- alter the magnitude (etc.) of any effects previously considered through the HRA, such that the proposed conclusions of the HRA (see Section 9 of the main report) are no longer valid.

The review also considers any new evidence that has become available since the EiP hearings took place.

3. Summary of Assessment

3.1 Main Modifications

The review of the Main Modifications is set out in **Appendix A**. This identifies the proposed change, the reasons for this, and whether the change alters the conclusions of the HRA such that additional assessment is required.

There are 98 Main Modifications which relate to the following principal changes:

- Amendments to the suite of location-specific policies contained in Chapter 7 of the draft Local Plan including the application of the Essex 'Recreational disturbance Avoidance and Mitigation Strategy' (RAMS).
- The removal of 'Green Corridors' from the draft Local Plan;
- A minor decrease in the number of dwellings to be provided over the plan period;
- Amendments to draft Local Plan policies;

¹⁵ Amec Foster Wheeler (2018) *Chelmsford Pre-Submission Local Plan Habitats Regulations Assessment (Update): Information to support an assessment under Regulation 105 of the Conservation of Habitats and Species Regulations 2017*. Report for Chelmsford City Council, ref. S38170rr012i3. Amec Foster Wheeler, Shrewsbury. Available from <https://www.chelmsford.gov.uk/EasySiteWeb/GatewayLink.aspx?allId=1399058> [Accessed May 2019]

¹⁶ *Ibid.* Footnote 15.

- Amendments to proposed housing allocations and the deletion of two site allocations (SGS1b: Essex Police Headquarters and Sports Ground, New Court Road and SGS1c: North of Gloucester Avenue (John Shennan)).

The effects of these changes on the conclusions of the HRA are summarised in the following sections.

Application of the Essex 'Recreational disturbance Avoidance and Mitigation Strategy' (RAMS)

NE's position regarding the application of the RAMS has changed since the submission of the draft Local Plan for examination, and its previously proposed recreational 'Zones of Influence' (RZOI) around the coastal European sites (on which the HRA and Local Plan were based) have been increased. As a result, virtually all of the proposed allocations in the Council's area are within one or more of the revised RZOIs.

Several plan policies have therefore been amended to reflect this change, to ensure that all allocations within the RZOIs are specifically required by policy to contribute to the RAMS. In themselves, these policy amendments do not alter the conclusions of the HRA although the expanded RZOIs may create a perception that the scale of recreational pressure is understated in the HRA. This is not the case. In practice, the change in RZOIs does not alter the core elements of the appropriate assessments within the HRA: a 'significant effect' on some European sites as a result of 'in combination' recreational pressure has been recognised; and the appropriate mitigation for this effect has been identified and agreed with NE. NE's position is that the RAMS will be sufficient to mitigate any effects on European sites due to 'in combination' recreational pressure, and that increasing the area over which RAMS contributions are sought will not alter this position (i.e. the mitigation provided by the RAMS is scalable). Increasing the area over which RAMS contributions are required will not alter the broader conclusions of the HRA in this respect (i.e. there will be a significant effect as a result of recreational pressure, but adverse effects will not occur due to the RAMS) and in reality, the increase in area is likely to increase the effectiveness of the RAMS as more contributions are received.

In summary, therefore, the identified amendments regarding RAMS contributions will be sufficient to ensure that the conclusions of the HRA (i.e. that the Local Plan will have no adverse effects, alone or in combination) remain valid for the adopted plan.

Green Corridors

In her Advice Note, the Inspector has recommended changes to those policy aspects of the draft Local Plan relating to 'Green Corridors', particularly in terms of Strategic Policy S13 (The Role of the Countryside) and combine it with Policy CO1 (Green Belt, Green Wedges, Green Corridors and Rural Areas). This has resulted in the 'Green Corridors' designation being removed from these policies which arguably reduces the safeguards applied to these areas during planning determinations.

In HRA terms, whilst the specific inclusion of 'Green Corridors' in these policies may have had some incidental benefits for European sites (principally by providing some additional safeguarding for linear natural and semi-natural areas located away from the coast), this effect was uncertain and is not relied on to mitigate any otherwise adverse effects associated with the draft Local Plan. Amending the policies in this regard will not, therefore, alter the likely scale of effects on European sites or the effectiveness of the principal mitigation (RAMS) within the plan. This policy change will not alter the conclusions of the HRA.

Decrease in Housing Provision

The number of dwellings to be provided over the plan period has decreased by 50 homes (from 21,893 to 21,843 dwellings). From an HRA perspective, this change is minor and will not alter the conclusions regarding either (a) the likely scale of effects on European sites or (b) the effectiveness of the mitigation (specifically the RAMS) for ensuring that adverse effects do not occur.

Other Main Modifications

None of the other Main Modifications, including policy amendments and changes to the suite of proposed site allocations, have any potentially significant implications for the HRA of the Local Plan, and will not affect its conclusions.

Summary

In summary, none of the proposed Main Modifications will lead to any new effects on any European sites (alone or in combination) that have not been previously considered by the HRA to date; nor do they alter the magnitude (etc.) of any effects previously considered through the HRA. The provisional conclusions of the HRA set out in Section 9 of the main HRA report therefore remain valid.

3.2 Additional Modifications

The review of the Additional Modifications is set out in **Appendix B**. This identifies the proposed change and whether the modification alters the conclusions of the HRA such that additional assessment is required.

A total of 68 Additional Modifications are proposed; most of these are minor typographical changes or small alterations and do not affect the soundness of the Local Plan. In summary, none of the proposed Additional Modifications will lead to any new effects on any European sites (alone or in combination) that have not been previously considered by the HRA to date; nor do they alter the magnitude (etc.) of any effects previously considered through the HRA. The provisional conclusions of the HRA set out in Section 9 of the main HRA report therefore remain valid.

3.3 Policies Map Modifications

The review of the Policies Map Modifications is set out in **Appendix C**. This identifies the proposed change and whether the change alters the conclusions of the HRA such that additional assessment is required.

A total of 56 Policies Map Modifications are proposed; most of these are minor typographical changes or small alterations related to the Main and Additional Modifications. In summary, none of these modifications will lead to any new effects on any European sites (alone or in combination) that have not been previously considered by the HRA to date; nor do they alter the magnitude (etc.) of any effects previously considered through the HRA. The provisional conclusions of the HRA set out in Section 9 of the main HRA report therefore remain valid.

4. Conclusions

The proposed modifications to the draft Local Plan do not affect the HRA conclusions outlined in the main HRA report, i.e.

- most aspects of the Local Plan will have no significant effects on any European sites, alone or in combination due to the absence of effect pathways; and
- where effect pathways exist, appropriate policy-based mitigation measures have been incorporated into the plan policies to ensure that proposals coming forward under the Local Plan either avoid affecting European sites entirely (no significant effect) or will have no adverse effect on site integrity.

Therefore, additional assessment of the modifications against the Habitats Regulations is not required. It will remain necessary to review any further changes that are made to the Local Plan prior to adoption in order to

ensure that the HRA conclusions remain robust, and a formal assessment conclusion against the requirements of Regulation 105 will be made on adoption; however, the current conclusion of the HRA process is that the Local Plan will have no adverse effects on the integrity of any European sites as a result of its implementation.

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM4	Policy S1 and paras 4.4 - 4.18	<p><i>Amend Policy S1 as follows:</i></p> <p>The Council will apply the following guiding Spatial Principles to deliver the Strategic Priorities and Vision in order to underpin the Spatial Strategy:</p> <p><u>The Council will require all new development to accord with the following spatial principles where relevant:</u></p> <ul style="list-style-type: none"> • Maximise-Optimise the use of suitable previously developed land for development • Continue the renewal of Chelmsford City Centre and its the Urban Area • Locate development at well-connected and sustainable locations • Locate development to avoid or manage flood risk • Protect the Green Belt • Protect and enhance <u>Respect the character and appearance of landscapes and the built environment, of valued landscapes, heritage and preserve or enhance the historic environment and biodiversity</u> • Respect the pattern and hierarchy of existing settlements <u>Focus development at the higher order settlements outside the Green Belt and respect the existing development pattern and hierarchy of other settlements</u> • Ensure development is deliverable • Ensure new development is served by necessary infrastructure • Use development to secure new infrastructure <u>Utilise existing and planned infrastructure effectively</u> • Plan for the longer term <p><i>Rename or delete titles in reasoned justification to reflect changes to Policy S1.</i></p> <p><i>Add final sentence to paragraph 4.4:</i> <u>They will be applied as relevant to all development proposals and related applications.</u></p> <p><i>Replace para 4.13 with:</i> <u>Chelmsford contains a number of rich and varied landscapes and new development proposals will need to respect their character and appearance and their role for wildlife and increasing biodiversity. The river valleys where they permeate into Chelmsford's Urban Area have a unique role and function and are identified as the Green Wedge. New development proposals will also need to respond to the character and appearance of the built environment in particular to preserve or enhance the historic environment.</u></p> <p><i>Delete paragraph 4.18</i></p>	To provide clarity for decision making. It also ensures effectiveness and consistency with other policies. There are also consequential changes to the reasoned justification following changes to Policy S1 and to clarify implementation of the policy.	None.

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM5	Policy S2 and paras 5.4-5.6	<i>Delete Policy S2 and paragraphs 5.4-5.6</i>	This policy and reasoned justification is to be removed to ensure there is consistency with national planning policy and effectiveness of the plan. It was based on the 'model policy' which is no longer a requirement for Local Plans.	None.
MM6	Policy S4 and paras 5.15-5.17	<i>Delete Policy S4 and paragraphs 5.15-5.17</i>	This policy and reasoned justification is to be removed as it does not provide a clear purpose or indication of how this policy can be applied to decision making when reacting to a development proposal. Change ensures the plan is effective. See also MM13.	None.

<p>MM7</p>	<p>Policy S5 5.18-5.25</p>	<p><i>Amend Policy S5:</i></p> <p><u>The Council will protect conserve and where appropriate enhance the historic environment recognising the positive contribution it makes to the character and distinctiveness of Chelmsford through the diversity and quality of heritage assets. This includes wider social, cultural, economic and environmental benefits.</u></p> <p><u>The Council will designate and keep under review Conservation Areas in order to protect preserve and where opportunities arise enhance their special architectural or historic interest and will seek to protect and enhance the character and setting of Listed Buildings, Scheduled Monuments and Registered Parks and Gardens with an emphasis on retaining and where appropriate improving the buildings and/or features that make a positive contribution to their character or appearance.</u></p> <p><u>The Council will conserve and where appropriate enhance the character and setting of Listed Buildings, Scheduled Monuments and Registered Parks and Gardens with an emphasis on preserving and where appropriate enriching the social, cultural, economic and environmental benefits that these heritage assets provide.</u></p> <p><u>The Council maintains a buildings at risk register which includes designated and non-designated heritage assets. The Council will seek their protection, conservation, and where appropriate and important to their significance, re-use and/or enhancement.</u></p> <p><u>When assessing applications for development, there will be a presumption in favour of the Council will place great weight on the preservation and or enhancement of designated heritage assets and their setting. The Council will encourage applicants to put heritage assets to viable and appropriate use, to secure their future protection preservation and where appropriate enhancement, as appropriate to their significance. Policy HE1 sets out how the Council will consider proposals affecting the different types of designated heritage assets and their significance.</u></p> <p><u>The Council will seek to protect conserve and where appropriate enhance the significance of non-designated heritage assets and their settings, including which includes buildings, structures, features, gardens of local interest, and protected lanes and archaeological sites. Policy HE2 sets out the Council's approach to the protection and retention of these assets. Chelmsford contains a number of sites of archaeological importance. As set out in Policy HE3, the Council will seek the preservation and where appropriate the enhancement of sites and their setting of archaeological interest.</u></p> <p><i>Replace paras 5.18-5.25 with:</i> <u>Chelmsford has a rich and diverse heritage. It has many heritage assets which are worthy of protection for their significance and for their contribution to the special character Chelmsford.</u></p>	<p>For effectiveness and consistency with national policy. This change ensures consistency with other policies.</p>	<p>None.</p>
-------------------	--------------------------------	--	---	--------------

		<p><u>Within Chelmsford's administrative area there are 1,010 listed buildings. There are also 25 Conservation Areas, 19 Ancient Monuments, and 6 Registered Parks and Gardens all of which are shown on the Policies Map. With the exception of Conservation Areas these Designated Heritage Assets are identified within the National Heritage List for England.</u></p> <p><u>Buildings are listed on the basis of their special architectural or historic interest. These buildings are subject to special planning controls over their demolition, partial demolition, alteration or extension in any manner which affects their special character. Within Chelmsford there are a high number of timber frame buildings from the fourteenth-seventeenth centuries reflecting the property of area in this period and displaying vernacular building techniques, notably within the rural areas and village centres, such as Stock, Writtle, Boreham and Great Waltham. The survival of vernacular buildings across the administrative area contributes to its distinctiveness. There are 64 Grade I and II* listed buildings, including medieval parish churches, structures at Pleshey Castle, Henry VIII's palace at New Hall, country houses (such as Langleys, Leez Priory and Boreham House) and exceptionally complete timber frame buildings.</u></p> <p><u>Conservation Areas are designated under the Planning (Listed Building and Conservation Areas) Act 1990. Conservation Areas are defined and designated by the Council. They are areas of special architectural or historic interest where the Council has a statutory duty to preserve or enhance their character or appearance. The Council will produce character appraisals and management plans for its Conservation Area. 5 Conservation Areas cover the City Centre, 17 historic village centres, St Johns Hospital and John Keene Alms houses and are designated for their special character.</u></p> <p><u>The Chelmer and Blackwater Navigation is also designated as a Conservation Area. This historic waterway, which extends through Braintree and Maldon districts, resulted in Chelmsford's expansion and development as an industrial centre from the late eighteenth century. It is significant for its structures, including 13 locks, landscape character, leisure and recreational value.</u></p> <p><u>There are 6 Registered Parks and Gardens, including 800m long Avenue at New Hall, the rare 'canal' water feature at Boreham House and the Humphry Repton landscape at Hylands Park. The public parks at Hylands and Danbury have an important role in the distinctness of Chelmsford and social well-being. They also contribute to the local economy through organised events and formal and informal recreation. The Council recognises that Registered Parks and Gardens should be protected.</u></p> <p><u>Archaeological and/or historical features represent a finite and non-renewable resource that are vulnerable to damage and destruction. Any works to Scheduled Monuments require the consent of the Secretary of State. There are 19 Scheduled Monuments, including a number of moated sites, Roman villas, the Iron Age Hillfort at Danbury, the late twelfth century earthwork castle at Pleshey and medieval salt works at South Woodham Ferrers. The Essex Site and Monument Record records over 2,500 archaeological sites in Chelmsford.</u></p>		
--	--	---	--	--

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
		<p><u>In addition to designated heritage assets, Chelmsford has many non-designated assets which are worthy of protection and conservation for their architectural, townscape, landscape or historic interest. The Council will continue to update a list of heritage assets which have local value. This is titled Buildings of Local Value and includes buildings, structures or features of local architectural or historic interest which make a positive contribution to their locality. 509 buildings are included on the current list of Register of Buildings of Local Value, and 12 sites identified on the Inventory of Design Landscapes of Local Interest prepared by the Essex Gardens Trust. Both the designated and non designated heritage assets reflect the expansion of Chelmsford as a manufacturing and technology centre in the early twentieth century, when Hoffmans, Marconi, Crompton's were located in the town.</u></p> <p><u>The Council maintains a buildings at risk register (including designated and non-designated heritage assets) and proactively works to seek their protection and conservation. Sustaining appropriate uses is part of a strategy to ensure their conservation and their economic contribution. The 2019 at risk register includes 12 entries. In determining planning applications, the Council will take account of the desirability of sustaining and promoting opportunities to enhancing the significance of both designated and non-designated assets and their setting.</u></p> <p><u>There are a number of country lanes and byways which are of historic and landscape value, and which make an important contribution to the rural character of certain areas, as set out in the Essex County Council Protected Lanes Studies. The Council intends to protect these lanes and byways by preserving, as far as possible, the trees and hedgerows, banks, ditches and verges which contribute to their character, and by resisting development proposals which have a detrimental effect upon them.</u></p> <p><u>The role of historic assets can also contribute towards the area's wider green infrastructure network, to local character and distinctiveness, and the economy. The council will seek opportunities to promote the local distinctiveness of Chelmsford through heritage interpretation, blue plaques and public art.</u></p>		
MM8	Policy S6 and para 5.27, 5.31 and 5.33	<p><i>Amend second para of Policy S6:</i> The needs and potential of biodiversity will be considered together with those of natural, historic and farming landscapes, the promotion of health and wellbeing, sustainable travel, water management <u>including water resources</u>, and climate change adaptation.</p> <p><i>Add to end of Policy S6:</i> The Council will ensure that new development seeks to improve water-related biodiversity taking account of Water Framework Directive objectives and River Basin Management Plan actions.</p>	To ensure the policy is effective and is consistent with national policy.	None; the modifications to Policy S6 will enhance the safeguarding of European sites.

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
		<p><u>The Council will seek to minimise the loss of the best and most versatile agricultural land (Grades 1, 2 and 3a) to major new development.</u></p> <p><u>Where appropriate, contributions from developments will be secured towards mitigation measures identified in the Essex Recreational disturbance Avoidance and Mitigation Strategy (RAMS) which will be completed by the time the Local Plan is adopted. Prior to RAMS completion, the authority will seek contributions, where appropriate, from proposed residential development to deliver all measures identified (including strategic measures) through project level HRAs, or otherwise, to mitigate any recreational disturbance impacts in compliance with the Habitat Regulations and Habitats Directive.</u></p> <p><u>Where appropriate, contributions from proposed residential developments will be secured towards recreational mitigation measures at Hatfield Forest Site of Special Scientific Interest (SSSI) and National Nature Reserve (NNR).</u></p> <p><i>Add new para after 5.27:</i> <u>New development should minimise pollution on the natural environment including potential light pollution from glare and spillage on intrinsically dark landscapes and nature conservation.</u></p> <p><i>Add new penultimate sentence to para 5.31:</i> <u>In addition, new development should seek to improve water-related biodiversity taking account of Water Framework Directive objectives and River Basin Management Plan actions.</u></p> <p><i>Add two new paras after 5.33:</i> <u>Natural England and the National Trust is formulating a package of on-site Strategic Access Management Measures (SAMM) for the Hatfield Forest Site of Special Scientific Interest (SSSI) and National Nature Reserve (NNR). The SAMM will describe a range of mitigation measures available to offset the recreational impacts from proposed new housing development within the Hatfield Forest Zones of Influence. Ahead of the SAMM being finalised, financial contributions may be sought towards mitigation measures on larger residential development proposals of 50 or more units in consultation with Natural England and the National Trust. At this stage, a small area in the north-west of CCC's administrative area falls within the Zone of Influences. None of the residential site allocations allocated within this Local Plan are within these Zones of Influence.</u></p> <p><u>The Council recognises the importance of the best and most versatile agricultural land. This is defined as Grades 1, 2 and 3a, by the Department of Environment, Farming and Rural Affairs (DEFRA), and is recognised as a national resource for the future. Effective use of brownfield land of low environmental value will be encouraged to minimise the loss of higher quality agricultural land.</u></p>		

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
		<p><u>Furthermore the Council will seek the provision of high quality green infrastructure will protect, enhance and create wildlife corridors to maintain ecological connectivity when greenfield land will be lost.</u></p>		
MM9	Policy S8	<p><i>Amend Policy S8 as follows:</i> The Council will make provision for the following new development requirements:</p> <p>A. HOUSING In order to meet the full objectively-assessed housing need in the period 2013-2036, provision is made for a minimum of 18,515 net new homes at an average annual rate of 805 net new homes per-year. Housing completions and outstanding commitments total 11,408 new homes. To ensure flexibility in delivery and help significantly boost housing supply over the Plan period, the Local Plan provides for a total of 21,893 new homes. This represents nearly 20% more homes than the total objectively assessed housing need.</p> <p><i>Delete the housing table from the policy and move to the supporting text. Delete the other tables from the policy</i></p> <p><i>B: Employment and Retail:</i> <i>Delete first para and replace with:</i> <u>In order to meet the forecast growth in total employment of 725 jobs per annum in 2013-36, the plan allocates development sites to accommodate a minimum of 55,000 sqm of new business floorspace (Use Classes B1-B8), in addition to existing commitments.</u></p> <p><i>Amend second para:</i> Provision is made to meet the need for additional <u>In order to meet future convenience retail floorspace of growth, the plan makes provision for 11,500 sq m of floorspace either within the City Centre or Designated Centres within Chelmsford's Urban Area and additional convenience retail floorspace of 1,900 sq m at South Woodham Ferrers.</u></p>	<p>Part A – Text is deleted and table moved to Reasoned Justification as it does not provide a clear purpose or indication of how this policy can be applied to decision making when reacting to a development proposal. Therefore, this is not a policy requirement. Change ensures the plan is effective. Part B – Text changes ensure the Local Plan is positively prepared, aligns employment land need and provision with the plan period, 2013-36 (as the previous version considered the period 2014-36). It also makes clear that objectively assessed need relates to employment land (the need is derived from the forecast job growth of 725 jobs per year, which is not an objectively assessed need for development in the meaning of the NPPF and PPG). It also clarifies the provision for 11,500sq m floorspace in line with the Retail Capacity Study 2015.</p>	None.
MM10	6.7 to 6.9, Strategic Policy S15 Monitoring and Review, 6.90 and 6.91	<p><i>Delete paras 6.7 to 6.9</i></p> <p><i>Delete final sentence of Policy S15</i></p> <p><i>Delete paras 6.90 and 6.91</i></p>	<p>This text is not relevant for this Local Plan due to transitional arrangements under the NPPF</p>	None.

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA														
MM11	6.11, 6.12, 6.13, 6.14 and 6.16	<p><i>Amend para 6.11 as follows:</i> When taking the supply buffer into account, provision is made for a total of 21,893 <u>21,843</u> new homes in the period 2013-2036. When considering existing housing completions (3,090 <u>5,348</u>), existing sites with planning permission and a windfall allowance for the period 2019 -2024 (5,399+317), existing commitments with and without planning permission (8,098 + 220), and a windfall allowance of 1,200 for 2024-2036, 2023-36 (1,430), the residual <u>New Local Plan Allocations</u> requirement for the period to 2036 is 9,085 <u>9,579</u> new homes:</p> <table border="1" data-bbox="421 533 1209 799"> <thead> <tr> <th>Housing</th> <th>Net new homes</th> </tr> </thead> <tbody> <tr> <td>Completions 2013-20179</td> <td>3,090 <u>5,348*</u></td> </tr> <tr> <td>Existing Commitments Sites with planning permission (excludes new Local Plan sites) (including windfall allowance for the period 20179 – 224)</td> <td>8,098 <u>5,716</u></td> </tr> <tr> <td>SUB-TOTAL</td> <td>11,408 <u>11,064</u></td> </tr> <tr> <td>New Local Plan Allocations</td> <td>9,085 <u>9,579</u></td> </tr> <tr> <td>Windfall allowance (2024-36)</td> <td>1,400 <u>1,200</u></td> </tr> <tr> <td>TOTAL SUPPLY</td> <td>21,893 <u>21,843</u></td> </tr> </tbody> </table> <p><i>*It should be noted that for the purposes of this table where Local Plan sites have commenced any completions have been deducted from this figure and are included within the 'New Local Plan Allocations' figure.</i></p> <p><i>Amend fourth sentence of para 6.12:</i> The evidence shows that around 150 <u>217</u> new homes have been built on windfall sites per-year.</p> <p><i>Delete paragraphs 6.13, 6.14 and 6.16</i></p>	Housing	Net new homes	Completions 2013-2017 9	3,090 <u>5,348*</u>	Existing Commitments Sites with planning permission (excludes new Local Plan sites) (including windfall allowance for the period 20179 – 224)	8,098 <u>5,716</u>	SUB-TOTAL	11,408 <u>11,064</u>	New Local Plan Allocations	9,085 <u>9,579</u>	Windfall allowance (202 4 -36)	1,400 <u>1,200</u>	TOTAL SUPPLY	21,893 <u>21,843</u>	Change to reflect the latest position and to ensure the plan is effective. It also removes information that is not relevant to the Reasoned Justification to Policy S8 as the Council's position is explained in the Housing Implementation Strategy.	None; the modification reduces housing provision. The reduction is minor and does not alter (a) the likely scale of effects on European sites or (b) the effectiveness of the mitigation (e.g. RAMS) for ensuring that adverse effects do not occur.
Housing	Net new homes																	
Completions 2013-2017 9	3,090 <u>5,348*</u>																	
Existing Commitments Sites with planning permission (excludes new Local Plan sites) (including windfall allowance for the period 20179 – 224)	8,098 <u>5,716</u>																	
SUB-TOTAL	11,408 <u>11,064</u>																	
New Local Plan Allocations	9,085 <u>9,579</u>																	
Windfall allowance (202 4 -36)	1,400 <u>1,200</u>																	
TOTAL SUPPLY	21,893 <u>21,843</u>																	

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM12	6.25	<p><i>Replace paragraph 6.25 with:</i></p> <p><u>The Council is planning for total job growth of 725 net additional jobs p.a. over the plan period 2013-36, based on the growth forecasts. This translates into an identified need for employment land to accommodate 64,407 sq m of net additional floorspace over the period. To meet this need, the Plan makes new allocations to accommodate 55,000 sqm of net additional business floorspace. This new supply is additional to the existing net supply provided by completions between the base date of the Plan (2013) and 2018 and planning permissions outstanding at 2018.</u></p>	<p>To ensure the Local Plan is positively prepared, aligns employment land need and provision with the plan period, 2013-36 (as the previous version considered the period 2014-36). It also makes clear that identified need relates to employment land (the need is derived from the forecast job growth of 725 jobs per year, which is not an objectively assessed need for development in the meaning of the NPPF and PPG).</p>	None.
MM13	Policy S9 and Key Diagram (Figure 8) Figure 9 Figure 10 Figure 11 and paras 6.29, 6.35, 6.36 and site policies 1a, 1c, 1d, 1e, 1f, 1g, 1h, 8, EC1, EC2, EC3, EC4 and EC5	<p><i>Amend Spatial Strategy – Development Locations and Allocations Table contained within Policy as follows and as shown in Annex 2:</i></p> <p>Growth Area 1:</p> <ul style="list-style-type: none"> • <i>Delete all reference to 'Existing Commitments'</i> • <i>Add figures from existing commitments with and without planning permission for Peninsula Site, Wharf Road, Lockside, Navigation Road and Waterhouse Lane into Location 1 total</i> • <i>Add figures for existing commitments without planning permission (re-allocations) for Writtle Telephone Exchange and Galleywood Reservoir as new site locations under Growth Area 1</i> • <i>Location 1 Previously developed sites in Chelmsford Urban Area Amend: 2,205 <u>2,381</u></i> • <i>Area Total Amend 4,014 <u>3,619</u></i> <p>Growth Area 2:</p> <ul style="list-style-type: none"> • <i>Delete all reference to 'Existing Commitments'</i> • <i>Add figures for existing commitments with planning permission for Land East of Main Road Great Leighs and Land East of Plantation Road Boreham as new site locations under Growth Area 2</i> • <i>Area Total Amend 7,219 <u>4,793</u></i> <p>Growth Area 3:</p> <ul style="list-style-type: none"> • <i>Delete all reference to 'Existing Commitments'</i> • <i>Add figures for existing commitments without planning permission for St Giles, Bicknacre as new site locations under Growth Area 3</i> 	<p>Change to ensure the plan is justified and effective and to ensure consistency with other proposed MMs. It reflects the latest position with regards to approving masterplans.</p> <p>The Key Diagram has changed to better reflect the location of North East Chelmsford and to reflect changes to site status.</p> <p>To also clarify the policy for the decision maker a change is proposed to remove the word "flexible" from the wording.</p> <p>Other changes are consequential following deletion of Policy S4.</p> <p>These changes provide clarification about the role and importance of community inclusion and community-led planning including the production of Neighbourhood Plans.</p>	None; the modification reduces housing provision. The reduction is minor and does not alter (a) the likely scale of effects on European sites or (b) the effectiveness of the mitigation (e.g. RAMS) for ensuring that adverse effects do not occur.

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
		<ul style="list-style-type: none"> • Delete the word "flexible" in relation to the new employment floorspace provision at South Woodham Ferrers (Location 7) • Amend Site 8 South of Bicknacre from 30 to 35 <p>Amend Windfall Allowance 2021-2036 and Amend Total 1,400 1,200 New Local Plan Allocations Amend Total: 9,085 9,579 Total Amend: 10,485 10,779</p> <p>Amend second to last paragraph of Policy S9: New development will be delivered in a manner that phased according to deliverability and identified need to support a five-year rolling supply of specific deliverable housing sites and to ensure the timely provision of new necessary supporting infrastructure. Strategic Growth Sites will be delivered in accordance with masterplans to be approved by the Council.</p> <p>Figure 8: Key Diagram – make the following amendments: Update site numbers once final numbering is agreed. 		<p>Site masterplanning principles Site development principles</p> <p><i>Amend para 7.9:</i> This Growth Area will accommodate around 3,400 3,600 new homes...</p> <p><i>Amend para 7.322:</i> This Growth Area (see figure X) will accommodate around 1,130 <u>1,160</u> new homes...</p> <p><i>Amend para 7.323:</i> In addition, development at two sustainable Key Service Settlements of Bicknacre (Location 8) and Danbury (Location 9) will provide 30 <u>35</u> and 100 homes respectively, alongside ...</p>		
MM14	6.39	<p><i>Amend para 6.39:</i> <u>The site has outline planning permission and development has commenced. As it will continue to be delivered in accordance with an approved Masterplan it does not require a new site allocation policy within this Local Plan.</u> The Area for Masterplanning for Existing Committed Development, and Area for Conservation/Strategic Landscape Enhancement and other notations, are brought forward onto the new Local Plan Policies Map. The new Local Plan will supersede the NCAAP document. Some of the provisions in NCAAP have already been delivered. Other provisions Appendix D carries forward provisions within the NCAAP that are not yet fully implemented but <u>and that will continue to be relied on into the next plan period and beyond, have been approved as separate planning guidance by the Council.</u></p>	Consequential change following removal of Appendix D from the plan	None.

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM15	Policy S10, 6.48 and 6.52	<p><i>Amend second para of Policy S10:</i> <u>In determining planning applications for delivering economic growth the Council will assess development proposals against the following principles: will underpin the approach to economic growth and diversification</u></p> <p><i>Amend second bullet of Policy S10:</i> <u>'Existing Employment Areas and Rural Employment Areas...'</u></p> <p><i>Amend last bullet of Policy S10:</i> <u>New employment development will be a key component of growth within specific proposed new Strategic Growth Locations particularly the New Garden Community in North East Chelmsford.</u></p> <p><i>Add to end of para. 6.48:</i> <u>For the purposes of this policy, large new office development will be developments of 1,000sqm gross floorspace or above.</u></p> <p><i>Amend para 6.52:</i> Other relevant policies of the Local Plan provide the criteria for the detailed implementation of economic growth, including allocations containing new employment. <u>These include policies for the protection of existing employment areas and allocations containing new employment development including a 45,000sqm new office/business park as part of the new Garden Community in North East Chelmsford.</u> Other policies will also ensure that new employment developments will be of a high quality design and incorporate sustainable design features.</p>	To provide clarity for the decision-maker and to correct typographical error.	None.
MM16	Policy S11 and 6.56, 6.57, 6.60	<p><i>Replace 5th bullet under Transport and Highways section with two separate bullets:</i></p> <ul style="list-style-type: none"> • <u>Safeguarded land for the expansion of Chelmer Valley and Sandon Park and Ride sites</u> • <u>Additional Park and Ride facilities will be provided in West Chelmsford and North East Chelmsford within the broad locations shown on the Policies Map</u> <p><i>Amend 9th bullet under Transport and Highways section:</i> <u>Capacity improvements to the A132 between the Rettendon Turnpike and South Woodham Ferrers, including necessary junction improvements to be brought forward as early as possible in tandem with the delivery of development to mitigate its impact.</u></p> <p><i>Amend 10th bullet under Transport and Highways section:</i> <u>Multi-user crossings bridge across the B1012 in South Woodham Ferrers which may include a bridge or underpass.</u></p>	Changes ensure effectiveness of the plan and provide clarification in response to issues raised in Regulation 19 consultation responses. The change avoids unnecessary duplication and requirements have been added to the policy instead of being in the supporting text.	None.

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
		<p><i>Add new last bullet under Community Facilities:</i></p> <ul style="list-style-type: none"> • <u>Municipal waste/recycling facilities</u> <p><i>Amend Green and Natural Infrastructure as follows:</i></p> <p><u>Green and Natural Infrastructure and Natural Environment</u> Infrastructure necessary to support new development must provide or contribute towards ensuring a range of green and natural infrastructure, net gain in biodiversity and public realm improvements. These include but are not limited to:</p> <p><i>Amend fourth bullet point under Green and Natural Infrastructure:</i></p> <p><u>Contributions towards recreational disturbance avoidance and mitigation measures for European designated sites as identified in the Essex Recreational disturbance Avoidance and Mitigation Strategy.</u></p> <p><i>Add new sub-heading:</i></p> <p><u>Historic Environment</u> <u>Infrastructure necessary to support new development must seek to preserve or enhance the historic environment and mitigate any adverse impacts on nearby heritage assets and their settings.</u></p> <p><i>Add to end of para 6.56:</i></p> <p><u>Where appropriate, mitigation identified through the RAMS needs to be in place prior to occupancy of new developments.</u></p> <p><i>Replace para 6.57 with:</i></p> <p><u>The preferred route for the Chelmsford North East Bypass and the new Beaulieu Rail Station are allocated on the Policies Map and those areas will be safeguarded from development. Areas of search for an additional Park and Ride in West Chelmsford and North East Chelmsford are shown on the Policies Map as indicative broad locations for new Park and Ride facilities which support Essex County Council's strategy.</u></p> <p><i>Add to end of paragraph 6.60:</i></p> <p><u>The Local Plan traffic modelling evidence base is supported by Essex County Council, as Highways Authority, and Highways England. The junction modelling report assesses the likely impacts of planned growth on the highway network in the Chelmsford area. This has included a high-level analysis of cross boundary traffic flows on key corridor routes including A130 to/from Basildon Borough and A414 East to/from Maldon District. More detailed analysis of traffic impacts and mitigation options testing will be required through the preparation of Transport</u></p>		

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
		<p><u>Assessments/Statements as part of future planning applications. These will be required to consider the transport implications and mitigation measures (where appropriate) necessary in the adjoining Maldon, Basildon and Rochford Districts in respect to the Strategic Site Allocation at South Woodham Ferrers.</u></p>		
MM17	Policy S13, 6.76 to 6.81, Policy CO1, 8.40 to 8.44	<p><i>Replace Policy S13 with:</i></p> <p><u>When determining planning applications, the Council will carefully balance the requirement for new development within the countryside to meet identified development needs in accordance with the Spatial Strategy, and to support thriving rural communities whilst ensuring that development does not have an adverse impact on the different roles and character of the countryside. All new development within the countryside will be considered within this context and against the specific planning objectives for each of the following areas:</u></p> <p><u>A) Green Belt</u> <u>The openness and permanence of the Green Belt will be protected and opportunities for its beneficial use will be supported where consistent with the purposes of the Green Belt. Inappropriate development will not be approved except in very special circumstances.</u></p> <p><u>B) Green Wedge</u> <u>The Green Wedge has an identified intrinsic character and beauty and is a multi-faceted distinctive landscape providing important open green networks, which have been instrumental in shaping the City's growth, character and appearance. These networks prevent urban sprawl and settlement coalescence and provide for wildlife, flood storage capacity, leisure and recreation and travel by cycling and walking, which allows for good public access which will be further improved through the requirements of development allocated in the Local Plan. Development which materially harms the role, function and intrinsic character and beauty of the Green Wedge will not be approved.</u></p> <p><u>C) Rural Area</u> <u>The countryside outside of the Urban Areas and Defined Settlements, not within the Green Belt, is designated as the Rural Area. The intrinsic character and beauty of the Rural Area outside of the Green Belt, and not designated as the Green Wedge, will be recognised, assessed and development will be permitted where it would not adversely impact on its identified value.</u></p> <p><u>The relevant Development Management Policies set out what development is appropriate in each of the above areas and provide detailed criteria by which development proposals will be assessed.</u></p>	<p>Change provides greater clarification and ensures effectiveness for implementation of the strategic policy. Policy combined with Policy CO1 to create a more effective strategic policy and avoid repetition. The reasoned justification for Policy CO1 has also been merged, where appropriate, under this revised strategic policy following deletion of CO1 to ensure that the Local Plan avoids repetition. The re-wording of para 6.76-6.81 also removes reference to minor alterations to the green belt boundary. There are no exceptional circumstances to make these changes and therefore it is necessary to revert back to the existing green belt boundary.</p>	<p>None. Whilst the 'green corridors' aspect of the policy may have had some incidental benefits for the protection of European sites (principally by providing some additional safeguarding for linear natural and semi-natural areas away from the coast) this aspect of the plan does not alter (a) the likely scale of effects on European sites or (b) the effectiveness of the mitigation (e.g. RAMS) for ensuring that adverse effects do not occur.</p>

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
		<p><i>Replace paras 6.76-6.81 with:</i></p> <p><u>The role and function of land in Chelmsford beyond the Urban Areas and Defined Settlements is wide-ranging and encompasses different national and local planning designations. For the purposes of implementing this Policy, this wider area across Chelmsford is defined as countryside and includes Green Belt, Green Wedge, and Rural Area.</u></p> <p><u>Within the countryside there are areas protected for their value for ecology and wildlife, heritage, and functional requirements such as flood zones, open spaces and areas safeguarded for important infrastructure. The countryside also has a role as part of the green infrastructure network by providing connectivity between the countryside and the Urban Areas and preventing settlement coalescence.</u></p> <p><u>Over one third of the Council's area falls within the Green Belt. Although much of the Green Belt forms attractive landscapes, it is not designated for its character or beauty. It is a national policy designation to ensure that the openness and permanence of the Green Belt is maintained to prevent urban sprawl. As such, the NPPF defines the purposes of the Green Belt and provides the limited circumstances where new development could be acceptable .</u></p> <p><u>The countryside outside of the Urban Areas and Defined Settlements, not within the Green Belt, is designated as the Rural Area. Within this designation, a detailed landscape assessment of the areas around the main river valleys has been undertaken for the Council which identifies these areas having distinctive landscape qualities and an important multifunctional role. These areas are locally designated as the Green Wedge.</u></p> <p><u>Where the main river valleys permeate into the existing or proposed built-up areas of Chelmsford, the role and value of these areas is amplified and development pressure is at its greatest. The unchecked erosion of open land in these sections of the river valleys would be harmful to the character and function of these areas and therefore it should be afforded greater protection. The Green Wedge designations within the river valleys reflect this multi-faceted green network.</u></p> <p><u>The designation of Green Wedge on the Policies Map is in addition to the underlying notation of either Green Belt or Rural Area. As the Green Belt is a national planning policy designation, development proposals will need to accord with both Green Belt policies and relevant policies covering the Green Wedge in the Local Plan. Where this is the case within the Rural Area, development proposals will need to accord with the relevant Green Wedge and Rural Area policies. Any development in the Green Wedge should not adversely affect the identified character and function of these distinctive landscapes.</u></p>		

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
		<p><u>Any development in the Rural Area must be suitable and compatible with its character, as set out in other relevant policies in the Local Plan. Development will be supported provided it does not adversely impact the identified intrinsic character and beauty of the Rural Area and complies with other relevant policies of the Local Plan as well. The Council will use its Landscape Character Assessments, Historic Landscape Characterisation Study, Sensitivity and Capacity Assessments, alongside any other appropriate and relevant evidence which could include that being prepared to support a Neighbourhood Plan, to assess the character of the area and its sensitivity to change.</u></p> <p><u>The Council's Green Infrastructure Strategic Plan provides a framework for the planning and management of Chelmsford's green and blue infrastructure resources including parks, river valleys, green spaces and gardens, some of which is within the countryside.</u></p> <p><i>Delete Policy CO1 and all paras from 8.40 to 8.44</i></p>		

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM18	Policy S14 and para 6.87	<p><i>Add to end of Policy S14:</i> <i>Add New title: Retail development outside Designated Centres</i></p> <p><u>Retail proposals outside of Designated Centres above 500 sqm gross floorspace will be required to undertake an impact assessment.</u></p> <p><i>Replace para 6.87 with:</i> <u>The NPPF states that when assessing applications for retail, office and leisure development outside Designated Centres which are not in accordance with an up-to-date local plan, local planning authorities should require an impact assessment if the development exceeds a proportionate, locally-set floorspace threshold or a default threshold of 2,500 square metres.</u></p> <p><u>The Chelmsford Retail Capacity Study 2015 found that retail developments of less than the default national threshold of 2,500 square metres could have an impact on existing centres outside Designated Centres. It concluded that unrestricted comparison goods retail floorspace outside of Chelmsford City Centre has the potential to impose a competing retail destination and thus potentially harm both the health of the centre and investment within it. Whilst comparison goods floorspace is smaller in scale in some of the smaller neighbourhood centres and South Woodham Ferrers town centre, it is nevertheless important to the overall health and function of these centres and therefore a 500sq m gross threshold should apply across the whole of the City Council administrative area (for proposals in edge and out of centre locations).</u></p> <p><u>For convenience goods, the Chelmsford Retail Capacity Study 2015 also concluded that with a trend for the development of smaller discount stores and the rise in popularity for convenience goods stores, even smaller foodstore proposals can have a harmful impact on defined centres, particularly those which are anchored by an existing foodstore. Therefore, a 500sq m gross threshold is also applied to development proposals for convenience goods floorspace over this amount in edge and out of centre locations.</u></p> <p><u>Applicants will be required to demonstrate how the impact assessment will be addressed and provide justification for the extent of the catchment area for each particular proposal.</u></p> <p><u>Development proposals below the 500sq m gross threshold will still need to comply with the other requirements of national policy, in particular the sequential approach.</u></p>	Council change to reflect evidence in the Retail Capacity Study and ensure the Plan's effectiveness.	None.

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM19	Strategic Growth Site 1a – 1h Growth Site 1i – 1v Travellers Site GT1	<p><i>Strategic Growth Site 1a to 1h - add the word Policy; e.g. Strategic Growth Site <u>Policy XX</u> – NAME</i> <i>Growth Site 1i to 1v – add the word Policy; e.g. Growth Site <u>Policy XX</u> – NAME</i></p> <p><i>Growth Site 1i to 1v, add text to Policy after heading and before bullet points:</i> <u>Development will be permitted at this site subject to meeting the requirements of Policy GR1, and the following site-specific criteria:</u></p> <p><i>Growth Site 1i to 1v - Remove bullet point referring to Phasing</i></p> <p><i>Travellers Site GT1 – add the word Policy as follows:</i> Travellers Site <u>Policy</u> GT1</p>	For clarity and effectiveness to ensure that it is clear these are site policies within the Plan.	None.
MM20	Strategic Growth Site 1a – Chelmer Waterside Sites	<p><i>Amend first para under amount and type of development:</i> <u>Strategic Growth Site Policy 1a comprises six sites</u></p> <p><i>Amend the second bullet under Supporting on-site development:</i></p> <ul style="list-style-type: none"> • <u>Integration of flexible workspace facilities Supporting commercial uses including B1a, the A Use Classes and Use Classes D1 and D2</u> <p><i>Amend bullet point 1 and 3 and add new bullet under historic and natural environment heading:</i></p> <ul style="list-style-type: none"> • <u>Protect Preserve and where appropriate enhance the setting of designated and non-designated heritage assets</u> • <u>Undertake an a pre-application Archaeological Assessment</u> • <u>Provide suitable SuDS and flood risk management</u> <p><i>Amend to bullet 7 under Site Infrastructure Requirements:</i> <u>Financial contributions to early years, primary and secondary education provision, and community facilities including healthcare provision as required by the NHS/CCG.</u></p>	Change to ensure compliance with the NPPF and for consistency with other site policies and to satisfy the EA in accordance with their SoCG.	None.

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM21	Strategic Growth Site 1b – Essex Police Headquarters and Sports Ground, New Court Road and paras 7.30 -7.37 and Strategic Growth Site 1c, and paras 7.38 – 7.47	<p><i>Delete site allocation Strategic Growth Site 1b – Essex Police Headquarters and Strategic Growth Site 1c – North of Gloucester Avenue (John Shennan) in its entirety from the Local Plan</i></p> <p><i>Delete paras 7.30 to 7.37 and para 7.38 to 7.47</i></p>	These sites are no longer available for development so its removal from the plan is necessary together with the reasoned justification.	None.
MM22	SGS1a to SGS1h, SGS2, SGS4, SGS5a-c, SGS6, Policy GR1, Opportunity Sites OS1a and OS1b, Existing Commitments EC1 and EC2	<p><i>Add the following text as a paragraph/bullet point under 'Site Infrastructure Requirements' in Strategic Growth Sites SGS1a to SGS1h, SGS2, SGS4, SGS5a-c, SGS6, Policy GR1, Opportunity Sites OS1a and OS1b, Existing Commitments EC1 and EC2:</i></p> <p><u>Where appropriate, contributions from developments will be secured towards mitigation measures identified in the Essex Recreational Disturbance Avoidance and Mitigation Strategy (RAMS) which will be completed by the time the Local Plan is adopted. Prior to RAMS completion, the authority will seek contributions, where appropriate, from proposed residential development to deliver all measures identified (including strategic measures) through project level HRAs, or otherwise, to mitigate any recreational disturbance impacts in compliance with the Habitat Regulations and Habitats Directive.</u></p>	Since the close of consultation on the Pre-Submission Local Plan, new evidence has been provided by Natural England which means that all residential site allocations in the Local Plan are located in the coastal European Sites Zones of Influence, and therefore must contribute to the emerging Essex-wide Recreational Disturbance Avoidance and Mitigation Strategy (RAMS). This change will ensure that the Local Plan is justified and effective.	None. NE's position regarding the application of the RAMS has changed since the submission of the draft Local Plan for examination, and the area included under the previously proposed Recreational 'Zones of Influence' (RZoI) has been extended. The RAMS will be sufficient to mitigate any effects on European sites due to 'in combination' recreational pressure, and increasing the area over which RAMS contributions are sought will not alter this position (i.e. the mitigation provided by the RAMS is scalable).

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM23	Reasoned Justification in Strategic Growth Sites SGS1a to SGS1h, SGS2, SGS4, SGS5a-c, SGS6, Policy GR1, Opportunity Sites OS1a and OS1b, Existing Commitments EC1 and EC2	<p>Add the following text to the Reasoned Justifications in Strategic Growth Sites SGS1a to SGS1h, SGS2, SGS4, SGS5a-c, SGS6, Policy GR1, Opportunity Sites OS1a and OS1b, Existing Commitments EC1 and EC2:</p> <p><u>Following consultation with Natural England, an Essex-wide Recreational Disturbance Avoidance and Mitigation Strategy (RAMS) is being prepared to include all coastal European Sites. The strategy will identify where recreational disturbance is happening and the main recreational uses causing the disturbance. New residential development that is likely to affect the integrity of the European Sites will be required to contribute towards the implementation of the mitigation. At this stage, it is considered that development allocations in this location will be required to pay for the implementation of mitigation measures to protect the interest features of European designated sites along the Essex Coast which include the Crouch and Roach Estuaries Special Protection Area, Ramsar site and Site of Special Scientific Interest, and the Essex Estuaries Special Area of Conservation. The appropriate mechanisms will be identified in the RAMS.</u></p>	Since the close of consultation on the Pre-Submission Local Plan, new evidence has been provided by Natural England which means that all residential site allocations in the Local Plan are located in the coastal European Sites Zones of Influence, and therefore must contribute to the emerging Essex-wide Recreational Disturbance Avoidance and Mitigation Strategy (RAMS). This change will ensure that the Local Plan is justified and effective.	No. The main modification provides details on the applicability of RAMS which is considered above.
MM24	Strategic Growth Site 1d – Former St. Peters College, Fox Crescent, 7.51	<p>Add new bullet under site infrastructure requirements:</p> <ul style="list-style-type: none"> <u>Provide, or make financial contributions to new or enhanced sport, leisure and recreation facilities</u> <p>Insert additional para after 7.51:</p> <p><u>The site contains open space comprising former school playing fields, as shown on the Policies Map. Notwithstanding the provisions of Policy CF2 a commuted sum will be secured in lieu of the loss of any open space, as agreed with the County Council who own the land. The scale of financial contributions should be at least that required to provide an equivalent replacement playing field (including essential ancillary facilities). If the playing fields are to be retained or replaced on-site the development will be required to enhance the open space (including essential ancillary facilities) and to facilitate its sustainable community use.</u></p>	For effectiveness and consistency across the Plan.	None.
MM25	Strategic Growth Site 1f – Riverside Ice and Leisure, Victoria Road, 7.71	<p>Amend bullet 1 under Historic and natural environment:</p> <ul style="list-style-type: none"> <u>Ensure protection and enhancement Preserve or enhance the character and or appearance of the adjoining Chelmsford Central Conservation Area and its setting.</u> <p>Amend para 7.71:</p> <p>Although there are no heritage assets on the site, development should protect <u>preserve or</u> and seek to enhance the character and or appearance of the adjoining Chelmsford Central Conservation Area <u>and its setting.</u></p>	For effectiveness and consistency with national policy.	None.

This change ensures consistency with other policies.	None.

<p>MM52</p>	<p>Strategic Growth Site 5c – Great Leighs – Land North and South of Banters Lane, 7.264, 7.273, 7.274, 7.277, 7.278, 7.281</p>	<p><i>Amend bullet point 1 under Movement and Access:</i> Main vehicular access to the site will be from Banters Lane or through EC3, via Main Road.</p> <p><i>Amend bullet 1 and add new second bullet under Historic and Natural Environment:</i></p> <ul style="list-style-type: none"> • <u>Protect Preserve and where appropriate enhance the setting of the listed buildings at Gubbions Hall, Blue Barnes Farm, The Cottage, Jasmine Cottage, Millers Cottage and Rose Cottage and other listed buildings</u> • <u>Protect and where appropriate enhance the Gubbions Hall Scheduled Monument and its setting</u> <p><i>Delete bullet 3 and add new bullet under Historic and Natural Environment:</i></p> <ul style="list-style-type: none"> • <u>Enhance the historic environment</u> • <u>Protect and enhance The River Ter Site of Special Scientific Interest (SSSI) to the south of the site ensuring any new development provides any required mitigation measures</u> <p><i>Add new bullet under Site infrastructure requirements:</i></p> <ul style="list-style-type: none"> • <u>Ensure appropriate waste water treatment provision, including any associated sewer connections</u> <p><i>Amend para 7.264:</i> Development design and layout should also take into consideration the setting of other heritage assets, including the nearby listed building <u>North Whitehouse</u> and sScheduled mMonument at Gubbions Hall.</p> <p><i>Amend para 7.273:</i> Great Leighs Primary School is full<u>does not currently have capacity to accommodate future pupil forecasts from this development and forecast to remain so</u>. The scale of development <u>proposed across Strategic Growth Location 5 in this location</u> will require a new two-form entry primary school with co-located 56 place early years and childcare nursery. A The new school is proposed <u>early on in the development to be located on site 5a: Great Leighs – Land at Moulsham Hall and Site 5c will contribute proportionately towards its provision</u>. <u>It is essential that this school is available ahead of development of Whilst site 5c Great Leighs – Land north and south of Banters Lane may come forward prior to Site 5a in the event of there being sufficient capacity at Great Leighs Primary School and/or White Court Primary School to the north, commencement of both sites 5a and 5c should otherwise be coincident to ensure viability of the primary school programmed to receive the pupils from both sites</u>. However, in the event that site 5a does not proceed on programme, as set out in the housing trajectory and Infrastructure Delivery Plan, and <u>there remains insufficient places at Great Leighs Primary School, the developer of site 5c will need to work with Essex County Council to agree an alternative strategy to mitigate the impact of their development on the availability of school places. Any such alternative strategy should not undermine the SGS 5 policy ability to deliver on new primary school provision in respect of Site 5a.</u></p>	<p>For effectiveness and consistency with national policy. This change ensures consistency with other policies.</p>	<p>None.</p>
--------------------	---	--	---	--------------

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
		<p>The nearest secondary schools to Great Leighs are located in Braintree town. The City Council together with Braintree District Council and Essex County Council (as Local Education Authority) have jointly considered the potential implications arising from both Chelmsford's and Braintree's emerging Local Plans, and the provision of secondary school provision. Proposals for the future expansion of Notley High School in Braintree can provide secondary place capacity for this site allocation. Effort should therefore be made <u>Therefore, as part of site infrastructure requirements there is a need to provide connections from the site and improvements to the surrounding footpath and cycleway network to ensure safe and direct walking and cycling routes between Great Leighs and Notley High School and White Court Primary School in Braintree.</u></p> <p><i>Amend para 7.274:</i> The development will take its vehicular access from Banters Lane <u>or through site EC3, via Main Road,</u> and be expected to mitigate its impacts on the local and strategic road network, both individually and collectively with the other allocations in Great Leighs.</p> <p><i>Amend para 7.277:</i> Development design and layout should also take into consideration the setting of other nearby <u>heritage assets, including the listed buildings and scheduled monument at Gubbions Hall. The development will be required to provide appropriate mitigation to avoid adverse impacts to the River Ter Site of Special Scientific Interest (SSSI) located to south of the site.</u></p> <p><i>Amend and move para 7.278 to the beginning of para 7.277:</i> Layout should also positively use existing topographical, heritage, ecological and landscape site features such as shallow valleys, established field boundaries, mature trees and vegetation, and nearby Local Wildlife Sites.</p> <p><i>Add additional para after 7.278:</i> <u>The development will be required to provide appropriate habitat mitigation and creation, and appropriate buffers to the adjacent Essex Wildlife Trust Nature Reserve, Sandylay/Moat Woods. This may include financial contributions towards mitigating increased recreational impacts.</u></p> <p><i>Add new para after 7.281:</i> <u>Great Leighs Waste Water Treatment Works (WWTW) does not currently have sufficient capacity to deal with the proposed growth at Great Leighs. Although this is not a barrier to new development to growth, additional capacity will need to be provided to the satisfaction of Anglian Water and the Environment Agency. Additional capacity could include improvements to the existing Great Leighs WWTW and/or on-site wastewater treatment systems solutions.</u></p>		

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM53	Strategic Growth Site 6 – North of Broomfield and 7.287, 7.283, 7.293	<p><i>Amend bullet 1 under Historic and Natural Environment:</i></p> <ul style="list-style-type: none"> • <u>Protect Conserve and where appropriate enhance the setting historic properties and of the listed buildings on Blasford Hill and the non-designated heritage assets Wood House, the Coach House and Wood House Lodge adjoining the site</u> <p><i>Add new second bullet under Historic and Natural Environment:</i></p> <ul style="list-style-type: none"> • <u>Protect and where appropriate enhance the setting of the nearby Scheduled Monument to the north of the site</u> <p><i>Amend first sentence of para 7.287:</i> The development will provide a multi-secondary purpose link <u>new vehicular access road</u> into Broomfield Hospital Campus.</p> <p><i>Delete para 7.293</i></p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies.	None.
MM54	Existing Commitment EC3 – Great Leighs, Land East of Main Road	<p><i>Amend bullet 3 and add new bullet 4 under site planning principles:</i></p> <ul style="list-style-type: none"> • <u>Protect Preserve and where appropriate enhance the setting of Gubbions Hall and listed buildings along Main Road</u> • <u>Protect and where appropriate enhance the Gubbions Hall Scheduled Monument and its setting</u> 	For effectiveness and consistency with national policy. This change ensures consistency with other policies.	None.
MM55	Existing Commitment EC4 – East of Boreham	<p><i>Amend bullet 3 and 4 and delete bullet 8 under site planning principles:</i></p> <ul style="list-style-type: none"> • <u>Protect Preserve or and where possible enhance the character and or appearance of the two conservation areas and their setting in the vicinity of the site</u> • <u>Preserve and where appropriate enhance the setting of surrounding listed buildings</u> • <u>Enhance the historic environment</u> A) 	For effectiveness and consistency with national policy. This change ensures consistency with other policies.	None.

<p>MM56</p>	<p>Strategic Growth Site Policy SGS7, 7.330, 7.339, 7.341, 7.342</p>	<p><i>Amend first sentence:</i> Land to the north of Burnham Road (B1012) and east and west of the B1418, as shown on the Policies Map, is allocated for a high-quality comprehensively-planned sustainable extension to the existing <u>town neighbourhood</u>, that maximises opportunities for sustainable travel, in a landscaped setting.</p> <p><i>Amend bullet 3 under amount and type of development:</i></p> <ul style="list-style-type: none"> • 1,000sqm of flexible business floorspace providing a range of unit sizes and types <p><i>Split second bullet under Supporting On-Site development:</i></p> <ul style="list-style-type: none"> • Neighbourhood Centre incorporating provision for convenience food retail (1,900sqm) • Flexible neighbourhood scale business (1,000sqm) and community and healthcare provision <p><i>Amend 3rd and 7th bullet under Movement and Access:</i></p> <ul style="list-style-type: none"> • Main vehicular access to the eastern parcel will be from Burnham Road <u>and/or</u> Woodham Road roundabout (B1012) • Provide additional <u>and/or improved</u> pedestrian and cycle connections to the Town Centre <u>and railway station</u> <p><i>Additional bullet under historic and natural environment:</i></p> <ul style="list-style-type: none"> • <u>Preserve and where appropriate enhance the setting of the listed buildings at Edwins Hall, Shaws Farmhouse, Tabrums, Wellington Farmhouse and Barn and Ilgars and the non-designated asset Hambert's Farm</u> <p><i>Add additional bullet points under Site Infrastructure Requirements:</i></p> <ul style="list-style-type: none"> ○ <u>Capacity improvements to the A132 between Rettendon Turnpike and South Woodham Ferrers, including necessary junction improvements</u> ○ <u>Multi-user crossings of the B1012 in South Woodham Ferrers which may include a bridge or underpass</u> <p><i>Amend sixth bullet:</i> Provision of and/or financial contributions towards, recreation disturbance avoidance and mitigation measures for European designated sites including the Crouch Estuary <u>Where appropriate, contributions from developments will be secured towards mitigation measures identified in the Essex Recreational disturbance Avoidance and Mitigation Strategy (RAMS) which will be completed by the time the Local Plan is adopted. Prior to RAMS completion, the authority will seek contributions, where appropriate, from proposed residential development to deliver all measures identified (including strategic measures) through</u></p>	<p>For effectiveness and consistency with national policy. This change ensures consistency with Reasoned Justification and ensure the plan is up to date.</p>	<p>None. NE's position regarding the application of the RAMS has changed since the submission of the draft Local Plan for examination, and the area included under the previously proposed Recreational 'Zones of Influence' (RZoI) has been extended. The RAMS will be sufficient to mitigate any effects on European sites due to 'in combination' recreational pressure, and increasing the area over which RAMS contributions are sought will not alter this position (i.e. the mitigation provided by the RAMS is scalable).</p>
--------------------	--	--	---	---

	<p><u>project level HRAs, or otherwise, to mitigate any recreational disturbance impacts in compliance with the Habitat Regulations and Habitats Directive.</u></p> <p><i>Add new seventh bullet under 'Site Infrastructure Requirement':</i> <u>Undertake a project-level Habitats Regulations Assessment to address the impacts other than recreational disturbance.</u></p> <p><i>Amend last sentence of para 7.330:</i> The location of the Travelling showpeople site within the Site Allocation will be addressed through the wider master planning process <u>for the site.</u></p> <p><i>Amend para 7.339:</i> Impacts from development on the local and strategic road network must be mitigated, and may include appropriate road and junction <u>highway</u> improvements along Burnham Road, the roundabout junctions at the B1418, Ferrers Road and Rettendon Turnpike, and the A132 and local junctions between the Town and the A130, in line with the Highway Authority requirements. Impacts of development in-from within and to <u>the adjoining areas including Basildon, Rochford and Maldon District need will</u> be part of this consideration.</p> <p><i>Inset new para after para 7.339:</i> <u>Any improvements to the existing highway required to mitigate the impact of development from this strategic growth site, will be primarily focussed on junction enhancements, such as to the A132/B1012 Rettendon Turnpike, in order to improve the flow of traffic onto the strategic road network. These should not encourage through-traffic movements to use the local road network through neighbouring settlements such as Runwell and Wickford. The road network to the south of Chelmsford City Council's area, is also proposed for improvement by the Highway Authority including the A130, A127, A13 corridors. These include the A127/A130 Fairglen Interchange improvement scheme. Where appropriate, off-site mitigation of this strategic growth site should complement other relevant Highway Authority schemes to help ensure the strategic road network provides the most attractive route for through-traffic.</u></p> <p><i>Amend fourth sentence of para 7.341:</i> At this stage, it is considered that development allocations in this location will be required to pay for the implementation of mitigation measures to protect <u>the interest features of European designated sites along the Essex Coast which include the</u> Crouch and Roach Estuaries Special Protection Area, Ramsar site and Site of Special Scientific Interest, and potentially the Essex Estuaries Special Area of Conservation.</p> <p><i>Add to end of para 7.341:</i></p>		
--	---	--	--

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
		<p><u>In addition, due to the proximity of the site to the Crouch and Roach Estuary SPA and Ramsar site, there is a need for a project level Habitats Regulations Assessment (HRA) to address the impacts other than recreational disturbance.</u></p> <p><i>Amend para 7.342:</i> Whilst there are no heritage assets within the site boundary, there are a number of listed buildings and a non-designated heritage asset around the site including Grade II* Edwins Hall north of the site, and nearby Grade II buildings including Shaws Farmhouse, William Tabrums Copyhold, Wellington Farmhouse and Barn and Ilgars Manor. Development of this site will need to mitigate any impact on these the listed buildings and their settings.</p>		

<p>MM57</p>	<p>Growth Site 8 – South of Bicknacre, 7.350, 7.353</p>	<p><i>Amend bullet under amount and type of development:</i></p> <ul style="list-style-type: none"> • Around 30 <u>35</u> new homes of mixed size and type including affordable housing. <p><i>Amend bullet 1 and 2 under historic and natural environment:</i></p> <ul style="list-style-type: none"> • <u>Protect Preserve and where appropriate enhance the setting of Grade II listed Star House</u> • <u>Respect Protect and enhance the Thrift Wood Site of Special Scientific Interest (SSSI) to the south east of the site ensuring any new development provides any required mitigation measures</u> <p><i>Amend last para:</i></p> <p><u>Where appropriate, contributions will be collected towards recreation disturbance avoidance and mitigation measures for European designated sites. Where appropriate, contributions from developments will be secured towards mitigation measures identified in the Essex Recreational disturbance Avoidance and Mitigation Strategy (RAMS) which will be completed by the time the Local Plan is adopted. Prior to RAMS completion, the authority will seek contributions, where appropriate, from proposed residential development to deliver all measures identified (including strategic measures) through project level HRAs, or otherwise, to mitigate any recreational disturbance impacts in compliance with the Habitat Regulations and Habitats Directive.</u></p> <p><i>Amend second sentence of para 7.346:</i></p> <p>This development allocation lies to the south of Bicknacre. It will provide around 30 <u>35</u> new homes expected...</p> <p><i>Amend para 7.350:</i></p> <p>The Main Road frontage includes dispersed houses and cottages where the spacing and set back position of buildings, together with mature trees and woodlands, field boundaries and tracks, gives a rural character. Development should respect this rural character, which also forms part of the setting of the Grade II listed Star House. Development should also respect the Thrift Wood Site of Scientific Interest (SSSI) to the south east of the site. The development will also be required to provide appropriate mitigation to avoid adverse impacts to the Thrift Wood Site of Scientific Interest (SSSI) to the south east of the site.</p> <p><i>Amend fourth sentence of para 7.353:</i></p> <p>At this stage, it is considered that development allocations in this location will be required to pay for the implementation of mitigation measures to protect <u>the interest features of European designated sites along the Essex Coast which include the Crouch and Roach Estuaries Special Protection Area, Ramsar site and Site of Special Scientific Interest, and potentially the Essex Estuaries Special Area of Conservation.</u></p>	<p>For effectiveness and consistency with national policy. This change ensures consistency with other policies and ensures the Plan is up to date.</p>	<p>None. NE's position regarding the application of the RAMS has changed since the submission of the draft Local Plan for examination, and the area included under the previously proposed Recreational 'Zones of Influence' (RZoI) has been extended. The RAMS will be sufficient to mitigate any effects on European sites due to 'in combination' recreational pressure, and increasing the area over which RAMS contributions are sought will not alter this position (i.e. the mitigation provided by the RAMS is scalable).</p>

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM58	Strategic Growth Site 9 – Danbury, 7.360, 7.362	<p><i>Amend Policy SGS9:</i> An allocation of <u>around</u> 100 new homes to be accommodated within or adjoining the <u>Defined Key-Service Settlement Boundary</u> of Danbury. The site(s) to accommodate this allocation will be identified and consulted upon through the emerging Danbury Neighbourhood Plan.</p> <p><i>Add new sub-section to end of Policy:</i> <u>Site Masterplanning principles:</u> <u>Conserve and enhance the Sites of Special Scientific Interest (SSSI) in and around Danbury (Blake’s Wood and Lingwood Common SSSI, Woodham Walter Common SSSI, Danbury Common SSSI) ensuring any new development avoids direct impacts and mitigates indirect impacts (i.e. recreational damage) as a priority and provides any required mitigation measures where necessary (including those set within any emerging visitor impact studies / strategic solutions).</u></p> <p><i>Amend last para of Policy:</i> <u>Where appropriate, contributions will be collected towards recreation disturbance avoidance and mitigation measures for European designated sites. Where appropriate, contributions from developments will be secured towards mitigation measures identified in the Essex Recreational disturbance Avoidance and Mitigation Strategy (RAMS) which will be completed by the time the Local Plan is adopted. Prior to RAMS completion, the authority will seek contributions, where appropriate, from proposed residential development to deliver all measures identified (including strategic measures) through project level HRAs, or otherwise, to mitigate any recreational disturbance impacts in compliance with the Habitat Regulations and Habitats Directive.</u></p> <p><i>Amend 1st sentence of para 7.360:</i> ...the Spatial strategy makes an allocation of <u>around</u> 100 homes.</p> <p><i>Delete quote marks at end of last sentence of para 7.360</i></p> <p><i>Amend fourth sentence of para 7.362:</i> At this stage, it is considered that development allocations in this location will be required to pay for the implementation of mitigation measures to protect <u>the interest features of European designated sites along the Essex Coast which include the</u> Crouch and Roach Estuaries Special Protection Area, Ramsar site and Site of Special Scientific Interest, and potentially the Essex Estuaries Special Area of Conservation.</p>	For effectiveness and consistency with national policy. This change also removes typographical errors and ensures the Local Plan is up to date.	None.

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM59	Policy SPA1	<p><i>Amend Policy SPA1 as follows:</i></p> <p>New development proposals at Strategic Growth Site 6 – North of Broomfield, to the north of the Hospital will provide <u>incorporate</u> a new access road <u>from Main Road (B1008) providing the opportunity for the Hospital to extend this road across land to be safeguarded within the Hospital campus to the hospital from Main Road (B1008).</u> Development within this Special Policy Area should safeguard the route of this new road and ensuring successful integration with the existing internal road network of the Hospital.</p>	<p>For effectiveness and consistency with national policy. This change ensures consistency with Policy SGS6.</p>	<p>None.</p>
MM60	Policy SPA2	<p><i>Amend Policy SPA2 as follows:</i></p> <p>Development will be permitted for proposals <u>The Council will support proposals which provide ancillary functions to support the operation of the Racecourse, subject to good design quality; promoting more sustainable means of transport to the site and reducing use of individual trips by car; protecting and enhancing existing trees and hedgerows; <u>preserving nearby listed buildings and their settings</u>; minimising the impact of floodlighting; minimising environmental impacts including in respect of ecology and landscape, and ensuring the full restoration of the existing minerals site.</u></p>	<p>For effectiveness and consistency with other policies.</p>	<p>None.</p>

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM61	Policy SPA3	<p><i>Replace Policy SPA3 with:</i></p> <p><u>Development will be permitted for proposals that are not inappropriate development in the Green Belt as set out in the National Planning Policy Framework. Inappropriate development is harmful to the Green Belt and will not be permitted except in very special circumstances. Very special circumstances will not exist unless the potential harm to the Green Belt by reason of inappropriateness, and any other harm, is clearly outweighed by other considerations. Very special circumstances may include proposals for water infrastructure and ancillary development where there is a demonstrable need and directly associated with the role, function and operation of the Hanningfield Reservoir Treatment Works Site.</u></p> <p><u>Subject to national policy on Green Belt, development proposals should: optimise opportunities for sustainable means of transport to the site and reduce individual trips by car; provide high quality buildings; focus built form around existing buildings; protect and enhance trees and hedgerows; avoid adverse impacts in respect of biodiversity and landscape, and promote the nature conservation interests and recreational uses of the reservoir without impact upon the nature conservation interests of Hanningfield Reservoir SSSI through recreational disturbance. Development proposals are also expected to provide suitable SuDS and flood risk management.</u></p>	For effectiveness and consistency with other policies.	None.
MM62	Policy SPA4	<p><i>Amend first sentence of Policy SPA4:</i></p> <p><u>The Council will support Development will be permitted for proposals which promote the continued role of these nationally important gardens.</u></p>	For effectiveness and consistency with other policies.	None.
MM63	Policy SPA5	<p><i>Amend Policy SPA5 as follows:</i></p> <p><u>The Council will support Development will be permitted for proposals for a mix of uses to support Sandford Mill's cultural, leisure and recreational focus which, improves the access into and within the Special Policy Area;...</u></p> <p><u>Any proposals should protect conserve and or enhance nature and conservation interests, including the Green Wedge and Chelmer and Blackwater Navigation Conservation Area.</u></p>	For effectiveness and consistency with other policies.	None.

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM64	Policy SPA6	<p><i>Replace Policy SPA6 with:</i></p> <p><u>Development will be permitted for proposals that are not inappropriate development in the Green Belt as set out in the National Planning Policy Framework. Inappropriate development is harmful to the Green Belt and will not be permitted except in very special circumstances. Very special circumstances will not exist unless the potential harm to the Green Belt by reason of inappropriateness, and any other harm, is clearly outweighed by other considerations. Very special circumstances may include development directly associated with the role, function and operation of Writtle University College and there is a demonstrable need.</u></p> <p><u>Subject to national policy on Green Belt, development proposals should: look for opportunities to improve circulation through and links with existing College buildings; promote more sustainable means of transport to the site and reduce individual trips by car and improve the facilities of the University College. This includes replacing existing buildings or structures of poor design quality and materials with well-designed high-quality buildings and structures that would not have a greater impact on the openness of the Green Belt and the purpose of including land within it than the existing development.</u></p>	For effectiveness and consistency with other policies.	None.

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM65	Policy HO1, 8.4, 8.5	<p><i>Amend Policy HO1 A) ii as follows:</i> each dwelling, 50% of new dwellings to be constructed to meet requirement M4(2) of the Building Regulations 2015 (accessible or adaptable dwellings), or subsequent government standard.</p> <p><i>Amend Policy HO1 B) i as follows:</i> a minimum of 5% of new affordable dwellings should be built to meet requirement M4(3) of the Building Regulations 2015 (wheelchair user dwellings), or subsequent government standard.</p> <p><i>Amend Policy HO1 C) i as follows:</i> a minimum of 5% self-build homes which can include custom housebuilding. <u>At the time an application is submitted, the Council will review this percentage against the latest local housing need requirement for self-build/custom build homes;</u> and</p> <p><i>Add the following text to the end of paragraph 8.4:</i> <u>Where the 5% requirement does not result in whole numbers of units, the number of affordable dwellings meeting requirement M4(3) of the Building Regulations 2015, will be rounded up.</u></p> <p><i>Add the following text after the 4th sentence of paragraph 8.5:</i> <u>Where the 5% requirement does not result in whole numbers of units, the number will be rounded up.</u></p> <p><i>Delete the following wording for para 8.5:</i> At the time an application is submitted, the Council will review this percentage against the latest local housing need requirement for self-build/custom build.</p>	For effectiveness and consistency with other policies.	None.

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM66	Policy HO2, 8.10, 8.11, 8.12, 8.15	<p><i>Delete HO2 A) ii:</i> ii. comprise a maximum combined floorspace of more than 1,000 square metres (gross internal area).</p> <p><i>Amend the last sentence of paragraph 8.10 to:</i> This assessment identified a total affordable housing need in Chelmsford of 179 <u>affordable dwellings for rent</u> per-annum.</p> <p><i>Replace paragraph 8.11 with:</i> <u>The SHMA reviewed a range of affordable housing products available to meet housing need. The SHMA calculates 22% of overall housing should be provided as either social or affordable rented accommodation. The SHMA also shows demand for discounted market housing and shared ownership housing, which meets the definition of affordable housing, from households already in the market sector is around 16% of the overall housing. Where major development involving the provision of housing is proposed, national planning policy (NPPF 2019) requires (with some exceptions) at least 10% of homes to be available for affordable home ownership. The Local Plan Viability Study including the CIL Viability Review incorporated a series of assumptions including 35% affordable housing consisting of 13% shared ownership and 67% affordable rent housing. In order to meet the need for affordable homes for rent identified in the SHMA and the demand for affordable home ownership housing that the Government requires, Policy HO2 A) requires the provision of 35% of the total number of residential units to be provided and maintained as affordable housing. The results of the Local Plan Viability Study including CIL Viability Review demonstrates that the threshold and types of affordable housing contributions identified in the Local Plan are achievable and the cumulative impact of policies in the Local Plan will not put development at serious risk.</u></p> <p><i>Amend paragraph 8.12:</i> There is a requirement to provide 23.1% of the overall housing need as either social or affordable rented accommodation in the SHMA. The SHMA indicates there is a net need for all sizes of affordable housing. The largest net need is for two bedroom units, followed by one bedroom units.</p> <p><i>Delete paragraph 8.15</i></p>	For effectiveness and compliance with national policy. This change ensures consistency with other policies. The text has been incorporated in amended paragraph 8.11.	None.

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM67	Policy HO3	<p><i>Amend 1st para of Policy HO3:</i></p> <p>The Council will make provision for the accommodation needs of Gypsy, Traveller or Travelling Showpeople, who meet the national Planning Policy for Traveller Sites (PPTS) definition, through an allocated sites within the Local Plan.</p> <p><i>Delete Criterion A) iii and B) iv of Policy HO3</i></p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies.	None.
MM68	Policy EM1 and para 8.28	<p><i>Amend first sentence of Policy EM1 as follows:</i></p> <p>Within the Employment Areas, Rural Employment Areas and new employment site allocations, which include existing as shown on the Policies Map, the Council will seek to <u>provide and retain Class B uses or other 'sui generis' uses of a similar employment nature unless it can be demonstrated that there is no reasonable prospect for the site to be used for these purposes.</u> Planning permission will be granted for the redevelopment or change of use for non-Class B uses where:</p> <p><i>Amend para 8.28:</i></p> <p>The protection of the City Centre and other designated centres for their retail function is a key objective of this Plan. A proliferation of A1 uses in the Employment Areas could be harmful to this objective and will be resisted, <u>with the exception of small scale proposals (in terms of floorspace) and it being ancillary in nature by supplementing the predominant employment offering within the Employment Area.</u> Only in exceptional circumstances, where it can be demonstrated that the use would not materially harm the function, character and purpose of the employment area or other designated retail centres limited in relation to overall floorspace and the extent of contained in the employment area and ancillary Class A uses may be acceptable.</p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies.	None.

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM69	8.39	<p><i>Amend para 8.39 to:</i></p> <p>For the purposes of all relevant policies of the Local Plan, the term Countryside includes Green Belt, Green Wedges, Green Corridors and the Rural Area. All of these designations are defined on the Policies Map. The Green Wedges and Green Corridors overlie overlays both the Green Belt and Rural Area.</p>	<p>To ensure the Plan is justified, the Green Corridor designation is to be deleted from the Plan. (See also MM71, MM73, MM74, MM75 and MM76 where policy changes are to be made)</p>	<p>None. Whilst the 'green corridors' aspect of the plan may have had some incidental benefits for the protection of European sites (principally by providing some additional safeguarding for linear natural and semi-natural areas away from the coast) this aspect of the plan does not alter (a) the likely scale of effects on European sites or (b) the effectiveness of the mitigation (e.g. RAMS) for ensuring that adverse effects do not occur.</p>
MM70	Policy CO2, 8.48, 8.49	<p><i>Amend Policy CO2:</i></p> <p>POLICY CO2– NEW BUILDINGS AND STRUCTURES IN THE GREEN BELT</p> <p>Where new buildings or structures are proposed within the Green Belt, inappropriate development will not be approved except in very special circumstances.</p> <p><i>Delete criterion A. (iv), A. (x) and D) of Policy CO2.</i></p> <p><i>Delete the last two sentences of paragraph 8.48</i></p> <p><i>Replace para 8.49 with:</i></p> <p><u>The Council acknowledges that due to the extent of the Green Belt in Chelmsford there may be instances where new buildings related to community or educational uses may be proposed e.g. a new village hall, new ancillary buildings related to an existing school. In accordance with the NPPE, these types of uses will be considered inappropriate development. However, the locational need for these types of uses will be given appropriate weight when considering whether there are very special circumstances that weigh in favour of the proposals.</u></p>	<p>For effectiveness and consistency with national policy. This change ensures consistency with other policies.</p>	<p>None.</p>

<p>MM71</p>	<p>Policy CO3, 8.53, 8.55, 8.56, 8.57, 8.59, 8.58</p>	<p><i>Amend Policy title, Criterion A title and first sentence to:</i> POLICY CO3 – NEW BUILDINGS AND STRUCTURES IN <u>THE GREEN WEDGES AND GREEN CORRIDORS</u></p> <p>A) <u>New buildings and structures</u></p> <p>Planning permission will be granted for new buildings <u>and structures</u> where the development does not conflict with the purposes of the Green Wedge designation or Green Corridors designation, and is for:</p> <p><i>Amend criterion A) ii. to:</i> a local community facility that supports the role and function of the Green Wedge or Green Corridor; or</p> <p><i>Amend criterion A) iv. to:</i> <u>local transport infrastructure and other essential infrastructure or development which supports existing or potential utility infrastructure where which can demonstrate a requirement for a the Green Wedge or Green Corridor location is appropriate and the benefits of which override the impact on the designation; or</u></p> <p><i>Amend criterion B) to:</i> Where the development is located within a Green Wedge, <u>Planning permission will only be granted where the role and function of the Green Wedge, in maintaining open land between built-up areas, protecting biodiversity and promoting recreation, would not be materially harmed, and where the development would have no greater impact on the character and appearance of the area than the existing use and/or development. <u>The Council will assess the development based on the following:</u></u></p> <p>Where the development is located within a Green Corridor, planning permission will be granted where the development would have no greater impact on the character and appearance of the landscape along these river-valley corridors than the existing use and/or development.</p> <p>In both a Green Wedge and Green Corridor, the Council will assess the development based on the following:</p> <ul style="list-style-type: none"> i. the size, scale, massing and spread of the new development compared to the existing; and ii. the visual impact of the development compared to the existing; and iii. the impact of the activities/use of the new development compared to the existing. 	<p>For effectiveness and consistency with national policy. This change ensures consistency with other policies.</p>	<p>None Whilst the ‘green corridors’ aspect of the plan may have had some incidental benefits for the protection of European sites (principally by providing some additional safeguarding for linear natural and semi-natural areas away from the coast) this aspect of the plan does not alter (a) the likely scale of effects on European sites or (b) the effectiveness of the mitigation (e.g. RAMS) for ensuring that adverse effects do not occur.</p>
--------------------	---	---	---	--

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
		<p><i>Amend criterion C) iv. to:</i> where the development is located within a Green Wedge, the new building is not materially larger than the one it replaces.</p> <p><i>Replace para 8.53 with:</i> <u>The Green Wedge is a local landscape designation that recognises the crucial role of the main river valleys in providing important open green networks for wildlife, flood storage capacity, leisure and recreation and sustainable means of transport. It also has an important role in preventing settlement coalescence and maintaining a sense of place and identity for neighbourhoods. New buildings within the Green Wedge will be restricted to ensure that the openness, role and function of these landscapes are not adversely affected.</u></p> <p><i>Amend para 8.55 to:</i> Essential infrastructure is defined as being infrastructure that must be situated in the location proposed for connection purposes <u>and the benefits of which override the impact of the designation</u> e.g. sewage or water connections, <u>power sources</u>, waste water recycling/treatment sites, electricity substations, emergency services or telecommunications, <u>including on-site and off-site reinforcements to existing networks</u>. Local transport infrastructure is defined as being infrastructure that must be situated in the location proposed e.g. a Park and Ride facility, new roads and bridges. Essential infrastructure will also be recognised as that proposed by statutory undertakers.</p> <p><i>Remove Green Corridor reference from paras 8.56, 8.57 & 8.59</i></p> <p><i>Amend para 8.58 to:</i> Economic growth in the Green Wedge and Green Corridors is encouraged but new buildings will only be permitted in circumstances where the proposal supports the sustainable growth and expansion of an existing, authorised and viable rural business. The need for a the Green Wedge or Corridor location would need to be justified. The Council must be satisfied that the new building is necessary for the existing business and that it is likely to continue to grow and prosper. New buildings for start-up businesses will not be permitted in the Green Wedge or Corridor. This is to avoid the proliferation of new buildings which are unconnected to existing sites and uses and may result in harm to the valued open <u>openness and landscape character of the landscapes and river valleys.</u></p>		

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM72	Policy CO4, 8.64, 8.65, 8.66, 8.68	<p><i>Amend criterion A) title and first sentence to:</i> A) New buildings and structures</p> <p>Planning permission will be granted for new buildings and structures....</p> <p><i>Amend criterion A) iii. to:</i> iii. local transport infrastructure and other essential infrastructure or development which supports existing or potential utility infrastructure</p> <p><i>Amend first sentence of para. 8.64 to:</i> Proposals for new buildings and structures...</p> <p><i>Amend para. 8.65 to:</i> Essential infrastructure is defined as being infrastructure that must be situated in the location proposed for connection purposes <u>and the benefits of which override any adverse impacts on the intrinsic character and beauty of the countryside. e.g. electricity substation, waste water treatment sites, emergency services or telecommunications. e.g. sewage or water connections, power sources, waste water recycling/treatment sites, electricity substations, emergency services or telecommunications, including on-site and off-site reinforcements to existing networks.</u> Local transport infrastructure is defined as being infrastructure that must be situated in the location proposed e.g. a Park and Ride facility, new roads and bridges. <u>Essential infrastructure will also be recognised as that proposed by statutory undertakers.</u></p> <p><i>Amend first sentence of para. 8.66 to:</i> Buildings and structures.....</p> <p><i>Amend first sentence of para. 8.68 to:</i> Economic growth in the Rural Area is encouraged but new buildings and structures....</p>	For effectiveness and consistency with national policy. Whilst the 'green corridors' aspect of the policy may have had some incidental benefits for the protection of European sites (principally by providing some additional safeguarding for linear natural and semi-natural areas away from the coast) this aspect of the plan does not alter (a) the likely scale of effects on European sites or (b) the effectiveness of the mitigation (e.g. RAMS) for ensuring that adverse effects do not occur.</p>

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM74	Policy CO6, 8.76, 8.77, 8.78	<p><i>Amend Criterion B title and first sentence to:</i> B) Green Wedges and Green Corridors Planning permission will be granted for the change of use of buildings in the Green Wedge and Green Corridors where:</p> <p><i>Amend Criterion B iii. to:</i> iii. the use of any land within the curtilage of the building, and which is to be used in association with that building, would not conflict with the purposes of the Green Wedge or Green Corridor Designations; and</p> <p><i>Amend last para of Criterion B to:</i> Changes of use of land and engineering operations will be permitted where the development would not adversely impact on the role, function, character and appearance of the Green Wedges and Green Corridors as set out in Policy CO1 Strategic Policy S13.</p> <p><i>Delete para. 8.76</i></p> <p><i>Amend first sentence of para 8.77 to:</i> Within the Green Belt, and Green Wedges and Green Corridors, any alteration or extension included as part of a change of use will require careful scrutiny in order to ensure that it is not disproportionate in relation to the existing building.</p> <p><i>Amend first and second sentence of para 8.78 to:</i> Buildings will normally have an identified curtilage. It is important to consider how the curtilage may alter as part of the change of use to the host building; for example, through storage or domestication. In the Green Belt, the Council will be mindful about the impact on openness. In the Green Wedges and Green Corridors, the ancillary use of the land should not conflict with the purpose of the designations.</p>	<p>For effectiveness and consistency with national policy. This change ensures consistency with other policies.</p>	<p>None. Whilst the 'green corridors' aspect of the policy may have had some incidental benefits for the protection of European sites (principally by providing some additional safeguarding for linear natural and semi-natural areas away from the coast) this aspect of the plan does not alter (a) the likely scale of effects on European sites or (b) the effectiveness of the mitigation (e.g. RAMS) for ensuring that adverse effects do not occur.</p>

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM75	Policy CO7, 8.84	<p><i>Amend policy title, criterion B title and first sentence to:</i> POLICY CO7 – EXTENSIONS TO EXISTING BUILDINGS WITHIN THE GREEN BELT, GREEN WEDGES, GREEN CORRIDORS AND RURAL AREA</p> <p>B) Green Wedges and Green Corridors Planning permission will be granted for extensions or alterations to existing buildings where the building is located within the Green Wedge or Green Corridor and the extension or alteration would not:</p> <p><i>Amend Criterion B ii. & iii. to:</i> ii. be out of keeping with its context and surroundings or result in any other <u>unacceptable harm</u>; and iii. conflict with the purposes of the Green Wedge or Green Corridor designation.</p> <p><i>Amend criterion C) i. to:</i> i. be disproportionate in size, scale and proportions, such that the form and appearance would be out of keeping with the existing building, its context and surroundings <u>be out of keeping with its context and surroundings and does not result in any other unacceptable harm; and</u></p> <p><i>Amend para 8.84 to:</i> B) Green Wedge and Green Corridors The role of the main river valleys will be protected and enhanced as a valued and multi-faceted landscapes for their openness and preventing settlement coalescence and its function as an important green networks for wildlife, leisure and recreation. Some parts of the Green Wedges and Green Corridors may also fall within the Green Belt. In these cases, the objectives and purpose of the Green Belt will still apply; Green Belt is a national designation, subject to national policies and will still be given full weight in planning decisions. The Green Wedge and Green Corridors will also covers parts of the designated Rural Area and, in these cases the proposal will need to conform with both Parts B and C of the policy.</p>	<p>For effectiveness and consistency with national policy. This change ensures consistency with other policies.</p>	<p>None. Whilst the 'green corridors' aspect of the policy may have had some incidental benefits for the protection of European sites (principally by providing some additional safeguarding for linear natural and semi-natural areas away from the coast) this aspect of the plan does not alter (a) the likely scale of effects on European sites or (b) the effectiveness of the mitigation (e.g. RAMS) for ensuring that adverse effects do not occur.</p>

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM76	Policy CO8	<p><i>Amend second paragraph of policy to:</i> Planning permission will be granted for a new dwelling or caravan in the <u>Green Wedge or Rural Area, Green Wedge or Green Corridor</u> where there is a proven essential need for the purposes of agriculture or forestry, horse breeding and training, livery or other land-based rural business.</p>	<p>For effectiveness and consistency with national policy. This change ensures consistency with other policies.</p>	<p>None. Whilst the 'green corridors' aspect of the policy may have had some incidental benefits for the protection of European sites (principally by providing some additional safeguarding for linear natural and semi-natural areas away from the coast) this aspect of the plan does not alter (a) the likely scale of effects on European sites or (b) the effectiveness of the mitigation (e.g. RAMS) for ensuring that adverse effects do not occur.</p>

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM77	Policy HE1	<p><i>Amend criterion A):</i> The impact of any development proposal on <u>the significance of a designated heritage asset or its setting</u>, and the level of any harm, will be <u>considered weighed</u> against any public benefits arising from the proposed development. Where there is substantial harm or total loss of significance of the designated heritage asset, this will be weighed against any substantial public benefits, unless consent will be refused unless it can be demonstrated that the substantial harm or loss is necessary to achieve substantial public benefits that outweigh that harm or loss; or all of the following apply:</p> <p><i>Amend first para and delete last para under B) Listed Buildings:</i> In addition <u>to the above Criteria A)</u> the Council will preserve Listed Buildings and will <u>permit only support</u> proposals where:</p> <p>Applications involving the demolition of a Listed Building will only be granted in exceptional circumstances, where the substantial public benefit derived from the proposals outweighs the loss.</p> <p><i>Amend first para under C) Conservation Area:</i> In addition <u>to the above Criteria A)</u> development will <u>only be permitted</u> in Conservation Areas where:</p> <p><i>Amend criterion D):</i> <u>Development proposals should protect Registered Parks and Gardens and their settings. Harm should be assessed in accordance with the tests within Part A of this policy.</u> In addition, to the above Criteria A) planning permission will only be granted for proposals that would not cause harm to the character or setting of Registered Parks or Gardens unless there is a the harm is outweighed by public benefit.</p> <p><i>Amend criterion E):</i> <u>Development proposals should protect Scheduled Monuments and their settings. Harm should be assessed in accordance with the tests within Part A of this policy. In addition, to the above Criteria A) planning permission will only be granted for proposals that would not adversely affect a Scheduled Monument or its setting unless there is a the harm is outweighed by public benefit.</u></p>	<p>For effectiveness and consistency with national policy. This change ensures consistency with other policies.</p>	<p>None.</p>

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM78	Policy HE3	<p><i>Amend first sentence of Policy HE3:</i></p> <p>Planning permission will be granted for development affecting archaeological sites providing it protects, enhances and <u>or</u> preserves sites of archaeological interest and their settings.</p>	For consistency with national policy as some assets of archaeological interest may not require protecting, enhancing and preserving so 'and' is replaced with 'or'.	None.
MM79	Policy NE1, 8.109	<p><i>Add to end of (A) Internationally Designated Sites:</i></p> <p><u>Where appropriate, contributions from developments will be secured towards mitigation measures identified in the Essex Recreational disturbance Avoidance and Mitigation Strategy (RAMS) which will be completed by the time the Local Plan is adopted. Prior to RAMS completion, the authority will seek contributions, where appropriate, from proposed residential development to deliver all measures identified (including strategic measures) through project level HRAs, or otherwise, to mitigate any recreational disturbance impacts in compliance with the Habitat Regulations and Habitats Directive.</u></p> <p><i>Amend para 8.109:</i></p> <p>The development proposal should be informed by the results of the checklist and any relevant survey <u>and apply the mitigation hierarchy</u> and have regard to the Council's Green Infrastructure Strategy. <u>Strategic Plan.</u></p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies	None. NE's position regarding the application of the RAMS has changed since the submission of the draft Local Plan for examination, and the area included under the previously proposed Recreational 'Zones of Influence' (RZoI) has been extended. The RAMS will be sufficient to mitigate any effects on European sites due to 'in combination' recreational pressure, and increasing the area over which RAMS contributions are sought will not alter this position (i.e. the mitigation provided by the RAMS is scalable).

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM80	Policy NE2, 8.113	<p><i>Amend A) first para:</i> Planning permission will only be granted for development proposals that do not result in unacceptable harm to the health of a preserved tree, trees in a Conservation Area <u>or Registered Park and Garden</u>, preserved woodlands or ancient woodlands. Consideration will also be given to the impact of a development on aged or veteran trees found outside ancient woodlands.</p> <p><i>Amend A) second para:</i> Development proposals that have the potential to affect preserves trees, trees in a Conservation Area <u>or Registered Park and Garden</u>, ...</p> <p><i>Amend B) as follows:</i> B) Non-Protected <u>Other Landscape Features</u> Planning permission will only be granted for development proposals that do not result</p>	For effectiveness and consistency with national policy. This change ensures consistency with other policies	None.
MM81	Policy NE3	<p><i>Amend Policy NE3, part A (ii) as follows:</i> ii. it seeks to achieve betterment and does not worsen flood risk elsewhere.</p> <p><i>Amend Policy NE3, part B (ii) as follows:</i> ii. <u>manage surface water run-off so that the run-off rate is no greater than the run-off prior to development taking place or if the site is previously developed, development reduces run-off rates and volumes as far as is reasonably practical;</u> and</p> <p><i>Amend Policy NE3, part C, final sentence, as follows:</i> As well as providing appropriate water management measures, where possible SuDS should be multi-functional to deliver benefits for <u>wildlife, amenity and landscape the built, natural and historic environment.</u></p>	For effectiveness, legally compliant and consistency with national policy. This change ensures consistency with other policies.	None.
MM82	Policy NE4	<p><i>Amend first criteria:</i> i. do not cause demonstrable harm to residential-amenity <u>living environment;</u> and</p> <p><i>Amend fourth criterion:</i> iv. <u>do not have an unacceptable visual impact which would be harmful to its-setting the character of the area;</u> and</p>	For effectiveness and consistency with other policies.	None.

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM83	Policy CF1, 8.125	<p><i>Amend Policy CF1(iv):</i> iv. there would be no unacceptable impact on the character, appearance or amenities of the area-local environment; and</p> <p><i>Amend paragraph 8.125:</i> New development should be physically compatible in form and appearance with its surroundings. It should not adversely impact <u>the local environment of the area by reason of impact on residential</u> its neighbours and should avoid adverse impacts on, noise, pollution, biodiversity, air or and water quality.</p>	For effectiveness and consistency with other policies.	None.
MM84	Policy CF2	<p><i>Amend Policy CF2 A) by adding a new sentence under the criteria:</i> <u>In relation to the loss of a locally valued community facility that is commercial in nature, such as public houses, and private healthcare, evidence will need to be submitted to demonstrate that the use is not economically viable and that it is no longer required to meet the needs of the local community.</u></p>	For effectiveness and consistency with other policies.	None.
MM85	Policy MP1	<p><i>Amend policy title:</i> POLICY MP1 – HIGH QUALITY AND INCLUSIVE DESIGN</p> <p><i>Amend part (B) (vi) to:</i> vi. create safe, <u>accessible and inclusive</u> environments</p> <p><i>Amend vii to:</i> vii. minimise the use of natural resources in accordance with Policy MP3.</p> <p><i>Add end of para 9.3:</i> <u>Consideration should be given to the detailed guidance contained within the Council's Making Places Supplementary Planning Document.</u></p>	For effectiveness and consistency with national planning policy	None.

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM86	Policy MP2, 9.9 and 9.14	<p><i>Amend first para of Policy MP2:</i> The Council will require all new major development to meet the highest standards <u>be of high quality of built form</u> and urban design.</p> <p><i>Amend first bullet point of MP2:</i></p> <ul style="list-style-type: none"> • Respect the historic and natural environment of biodiversity and amenity interests <u>through the provision of a range of greenspaces</u> <p><i>Amend 11th bullet to of MP2:</i></p> <ul style="list-style-type: none"> • Provide public open space or larger-scale <u>and contribute to</u> green infrastructure <p><i>Amend 14th bullet of MP2:</i></p> <ul style="list-style-type: none"> • Minimise use of natural resources in accordance with Policy MP3. <p><i>Add to end of Policy:</i> <u>Where relevant, new residential development must be in accordance with the standards as set out in Appendix A, unless it can be demonstrated that the particular site circumstances require a different design approach allow for a lower provision.</u></p> <p><i>Amend references to 'high standards' within para 9.9 to <u>high quality</u>.</i></p> <p><i>Add the following as penultimate sentence to 9.9:</i> <u>The Council will encourage developers to have regard to the design principles set out in the Essex Design Guide.</u></p> <p><i>Add new para after 9.14:</i> <u>All new residential development will be required to comply with the development standards within Appendix A. Applicants should consult the Council's Making Places Supplementary Planning Document for detailed guidance.</u></p>	For effectiveness and consistency with other policies.	None.

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM87	Policy MP3 and 9.20	<p><i>Amend first para of Policy MP3:</i> The Council will expect all new dwellings and non-residential buildings to incorporate sustainable design features to reduce carbon dioxide and nitrogen dioxide emissions, and the use of natural resource, as follows where relevant.</p> <p><i>Re-order policy to the following order:</i> All new dwellings shall meet the Building Regulations optional requirement for water efficiency of 110 litres/person/day.</p> <p><i>Expand the next para to the following:</i> New dwellings and non-residential buildings shall provide convenient access to Electric Vehicle (EV) charging point infrastructure as follows:</p> <ul style="list-style-type: none"> • <u>Residential development should provide Electric Vehicle (EV) charging point infrastructure at the rate of 1 charging point per unit (for a dwelling with dedicated off-road parking) and/or 1 charging point per 10 spaces (where off-road parking is unallocated).</u> • <u>Non-residential development should provide charging points equivalent to 10% of the total parking provision.</u> • <u>Public charging points should be located in highly visible, accessible locations close to building entrances.</u> <p><i>Delete the paragraph:</i> Non-residential developments of 1000sqm or more will be required to achieve at least a 10% reduction in carbon dioxide emissions above the requirements of current Building Regulations.</p> <p>All new non-residential buildings with a floor area in excess of 500sqm shall achieve a minimum BREEAM rating (or its successor) of 'Very Good'.</p> <p><i>Replace paragraph 9.20 with:</i> <u>The standards for electrical vehicle charging points for new residential development are taken from The Institute of Air Quality Managements guidance document 'Land-Use Planning & Development Control: Planning for Air Quality (2017)' and is now the standard in many Councils across the UK. Standards for non-residential developments are set by the Low Emission Partnership's 2013 guidance document Low Emission Topic Note 1 Provision of EV charging points.</u></p> <p><i>Add end of para 9.22:</i> <u>Detailed guidance is contained within the Council's Making Places Supplementary Planning Document.</u></p>	For effectiveness and consistency with other policies and includes the requirements against which applications should be judged in the policy text.	None.

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM88	Policy MP4 and 9.25	<p><i>Amend title of policy:</i> POLICY MP4- DESIGN SPECIFICATION FOR DWELLINGS AND HOUSES IN MULTIPLE OCCUPATION</p> <p><i>Amend Policy MP4 A) v):</i> v. Provide appropriate and well designed refuse and recycling recycling and waste storage.</p> <p><i>Amend Policy MP4 (B) (i) and iii):</i> i. achieve sufficient amenity communal garden space; and iii. Provide refuse and recycling appropriate and well designed recycling and waste storage within the plot of the building in which the property is located, or a communal store where the development relates to more than one property; and</p> <p><i>Delete Policy MP4 (B) (v) and para 9.25</i></p> <p><i>Add end of para 9.23:</i> <u>Consideration should be given to the detailed guidance contained within the Council's Making Places Supplementary Planning Document.</u></p>	For effectiveness and consistency with other policies. The title is changed as it currently suggests the Policy only applies to HMO's. The change also clarifies matters relating to recycling and waste storage. It also removes elements that are dealt with under the Building Regulations.	None.
MM89	Policy MP5	<p><i>Amend first para:</i> The Council will have regard to All development will be required to comply with the vehicle parking standards set out in the Essex Parking Standards - Design and Good Practice (2009), or as subsequently amended, when determining planning applications.</p>	For effectiveness of the policy	None.
MM90	Policy MP6, 9.31 and 9.32	<p><i>Amend Policy MP6:</i> The Council will permit support proposals for buildings above 6 5 storeys or above 16m high in part of the City Centre, provided:</p> <p><i>Amend third sentence of para 9.31</i> Suitable locations for tall buildings may be areas that are the most well-connected by public transport whilst providing opportunities to make the most efficient use of land; and around the transport interchange of the train and bus stations or large public spaces where tall structures are able to make a positive contribution to the existing character and context of an area subject to all of the above justifications.</p> <p><i>Add to end of para 9.32:</i> <u>Consideration should be given to the detailed guidance contained within the Council's Making Places Supplementary Planning Document.</u></p>	For effectiveness and consistency with other policies and to provide clear reference to the SPD being produced to support the Local Plan.	None.

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM91	Policy MP7 and paragraphs 9.33-9.36	<i>Delete Policy MP7 and paragraphs 9.33-9.36</i>	The policy duplicates the requirements within the Building Regulations Approved Document R and it is proposed to be deleted, along with the relevant reasoned justification. The aspirations to support the expansion of high speed broadband is suitably captured within Strategic Policy S11.	None.
MM92	Policy PA1, 9.37 and 9.38	<p><i>Amend Section Title to:</i> PROTECTING AMENITY <u>LIVING AND WORKING ENVIRONMENTS</u></p> <p><i>Amend para 9.37:</i> An essential part of high-quality design should be the safeguarding of the living <u>and working</u> environments of existing and future residents.</p> <p><i>Amend policy title:</i> POLICY PA1 - PROTECTING AMENITY <u>LIVING AND WORKING ENVIRONMENTS</u></p> <p><i>Substitute the word 'amenities' for the term 'living environments' in PA1 (i):</i> i. safeguards the <u>amenities living environments</u> of the occupiers of any nearby residential property by ensuring that the development is not overbearing and does not result in unacceptable overlooking or overshadowing. The development shall also not result in excessive noise, activity or vehicle movements; and</p> <p><i>Amend PA1 (ii):</i> ii. is compatible with neighbouring or existing uses in the vicinity of the development and protects the wider amenities of the area by ensuring that the development, and its relationship with the surrounding area, avoids unacceptable levels of polluting emissions by reason of noise, light, smell, fumes, vibrations or other issues, unless appropriate mitigation measures can be put in place and permanently maintained.</p> <p><i>Substitute the word 'amenities' for the term 'living environments' in second sentence of para 9.38:</i> This includes the protection of existing amenity <u>living environments</u> by ensuring there is not excessive noise or unacceptable overlooking created by new development.</p>	To provide clarity to the reader and make clear this policy deals with both living and working environments. The criterion is split into (i) and (ii) to reflect this consideration.	None.

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM93	Tables 5-8 Monitoring Framework	<i>Replace with table in Annex 4</i>	To update the monitoring framework in light of the proposed main modifications and to ensure monitoring is effective	None.
MM94	Appendix A	<p><i>Amend Para A1:</i> This Appendix provides information about standards that apply to all new residential developments in Chelmsford including conversions, whether apartments, houses, or houses in Multiple Occupation (HMO's) or extensions. The standards also apply to extensions to existing dwellings in most circumstances. <u>unless it can be demonstrated that the particular site circumstances require a different design approach.</u></p> <p><i>Amend Para A2:</i> These standards are provided as an Appendix rather than set out in policies within the Local Plan to enable them to be reviewed and updated more readily. They standards are guidance to be applied to planning applications and seek to ensure new developments will meet the needs of their occupiers, minimise the impact of new developments on surrounding occupiers and encourage higher rates of recycling. <u>Detailed guidance is contained within the Council's Making Places Supplementary Planning Document.</u> Where relevant, links have been provided to other Council documents or national standards.</p> <p><i>Amend Para A3:</i> ...and a good standard of amenity <u>living environment</u> ...</p> <p><i>Amend text following Table 9:</i> * For tall buildings (above 6 5 storeys or 16 metres) ...</p> <p><i>Amend caption for Figure 12:</i> Separation distances and amenity standards <u>private garden</u> space for a small ...</p>	Consequential changes to Appendix A following changes to term 'amenity' in Policy PA1 to be consistent. Changes also correct the status of Appendix A within the Local Plan.	None.
MM95	Appendix B Housing Site Breakdown	<i>Delete Appendix B</i>	Appendix B was intended to assist with the understanding of how elements of the housing numbers were derived to assist with the consultation process. It is not referred to anywhere in the Plan and the status of sites has now moved on so it is no longer required.	None.

Ref. No.	Para. / Policy	Main Modification	Reasons for Main Modification	Implications for HRA
MM96	Appendix C	<p>Update Housing Trajectory to include Windfall figures for year 6 onwards in accordance with Annex 5 attached to this Schedule.</p> <p><i>Replace with Local Plan Housing Trajectory, Employment Trajectory and Gypsy, Traveller and Travelling Showpeople Trajectory 2019 in Annex 5.</i></p> <p><i>Replace Figure 15: 2013-2036 Housing Trajectory in Annex 5.</i></p> <p><i>Reflect the updates to the Housing Trajectory delivery timescales in reasoned justification for the following paragraphs 7.48, 7.58, 7.64, 7.74, 7.84, 7.111, 7.125, 7.172, 7.188, 7.197, 7.242, 7.257, 7.269, 7.282, 7.306, 7.313, 7.325 and 7.346.</i></p> <p><i>In addition, amend the format of dates for example 20XX/XX and 20XX/20XX to <u>20XX and 20XX</u> for the following paragraph 7.143, 7.156, 7.209 and 7.301.</i></p> <p><i>Amend C2:</i> C2 For each of the above, timeframes for development have been projected based on the following information:</p> <ul style="list-style-type: none"> • Published housing completions for years 2013/14 to 2018/19<u>16/17</u> • Known planning permissions and expected time frames for development, based on developers' projected build out rates (sourced from the April 201<u>9</u>7-Housing Site Schedule) for years 201<u>9</u>7/<u>19</u>8 to 202<u>3</u>1/<u>24</u>2 • Expected time frames for the development of Pre-Submission Local Plan allocations, based on projected build out rates and information from site promoters for years 201<u>9</u>7/<u>19</u>8 to 202<u>3</u>1/<u>23</u>2 as applicable 	To ensure the numbers in Strategic Policy S9 are correctly reflected in the Trajectory and to provide an annual update which will need to be taken into account at the time of publication.	None.
MM97	Appendix D	<i>Delete Appendix D – North Chelmsford Area Action Plan</i>	Deletion to ensure the plan is sound by removing this extract of the AAP as it is to be superseded by the Plan (see also MM14)	None.
MM98	11.2	<i>Amend third sentence of para 11.2 to:</i> These include a Review of the Defined Settlement and Urban Area Boundaries 2018; <u>and an Open Space Assessment 2016.</u> and a review of Green Wedges and Green Corridors 2017.	For effectiveness and consistency with other policies.	None.

Appendix B – Additional Modifications

This schedule sets out the Additional Modifications to the Chelmsford Pre-Submission Local Plan proposed by the Council; the paragraph and policy numbers refer to the submitted Local Plan. New text is shown as underlined. Deleted text is shown as ~~strike through~~. Actions are shown in *italic*.

Table B1 Review of Additional Modifications

Ref No.	Para. / Policy No.	Modification	Implications for HRA
AM1	Front Cover	<i>Add to cover:</i> Our Planning Strategy <u>2013</u> to 2036	None.
AM2	Whole Plan	<i>Change all references to 'Green Wedges' to the singular and where appropriate proceed by 'the'</i> <i>Change all references of 'a Green Wedge' to 'the Green Wedge'</i>	None.
AM3	1.1	<i>Amend last sentence of para 1.1:</i> The Council is preparing a new Local Plan to provides a new planning framework to meet local development needs for the period up to 2013-2036 <u>and consists of a Written Statement (this document) and a Policies Map</u>	None.
AM4	1.6	<i>Amend Box:</i> Section 1 - introduces the Local Plan, its purpose, the timetable <u>the plan period</u> , the Sustainability Appraisal and community-led planning, alongside details of how you can make comments. Section 11 – <i>add space between 'the' and 'Policies'. Delete 'to' before identify.</i>	None.
AM5	1.7 to 1.35, 1.40 to 1.45 and 1.46, 1.47 and 1.48	<i>Update introductory text to the Local Plan to reflect current status.</i>	None.

Ref No.	Para. / Policy No.	Modification	Implications for HRA
AM6	1.36	<p><i>Amend para 1.36:</i></p> <p>The supporting documents which the Council can require to validate an application include a Design and Access Statement <u>Agricultural Land Classification Survey</u>, Transport Assessment and Travel Plan and Education Land Compliance Assessments.</p>	None.
AM7	2.24	<p><i>Insert additional para before 2.24:</i></p> <p><u>Chelmsford is well served by a range of urban and inter urban bus services between key centres in Essex. Chelmsford also has two Park and Ride facilities (Chelmer Valley and Sandon) with frequent connections to the City Centre for commuters and shoppers. North Chelmsford is also served by a bus-based rapid transit (ChART) connecting the new neighbourhood with the City Centre and rail station.</u></p>	None.
AM8	2.28	<p><i>Amend para 2.28:</i></p> <p>Chelmsford is also rich in history, with over 1,000 listed buildings, 25 Conservation Areas, 19 scheduled monuments and 6 historic park gardens <u>Registered Parks and Gardens of Special Interest</u>. Its historic landscape contains many archaeological sites dating back to pre-historic times.</p>	None.
AM9	3.14	<p><i>Amend last sentence of para 3.14:</i></p> <p>However, some additional capacity in certain areas may come about from promoting a change in behaviour, for example in how people choose to travel. However, to transport people exists on sustainable networks such as bus, walking and cycling. Subsequently, additional capacity in certain areas may come about from promoting a change in behaviour, for example in how people choose to travel.</p>	None.
AM10	3.15	<p><i>Amend fourth sentence of para 3.15:</i></p> <p>The modelling outputs indicate that the patterns and severity of congestion across Chelmsford in the modelling would remain broadly consistent regardless of differences in Local Plan development allocation and the mitigation measures identified.</p>	None.

Ref No.	Para. / Policy No.	Modification	Implications for HRA
AM11	3.23	<p><i>Amend para 3.23:</i></p> <p>A key infrastructure challenge will be ensuring that the local and strategic transport network can accommodate the proposed future growth. The traffic modelling evidence base work has assessed the transport implications of the Local Plan throughout its preparation, <u>and identified junction mitigation and sustainable infrastructure requirements, where appropriate.</u></p>	None.
AM12	3.27	<p><i>Amend para 3.27:</i></p> <p>Chelmsford has a wide range of planning designations such as Green Belt and other national environmental and heritage designations such as SSSI's, local wildlife habitats and woodlands providing biodiversity and ecological benefits. Chelmsford's historic environment is also important with a range of Scheduled Monuments, Listed Buildings, <u>Conservation Areas and Registered Parks and Gardens.</u> All of these contribute towards the local distinctiveness of the area and need to be protected and enhanced at the same time as achieving the growth required.</p>	None.
AM13	3.28	<p><i>Amend para 3.28:</i></p> <p>The Local Plan will also protect and enhance local distinctiveness and plan positively for the creation, protection and enhancement of networks <u>to ensure a net gain for</u> of biodiversity and green infrastructure in line with the Council's Green Infrastructure Strategy. Strategic Plan.</p>	None.
AM14	3.29	<p><i>Add new para after 3.29:</i></p> <p><u>High quality green infrastructure will be used to protect, enhance and create wildlife corridors to maintain ecological connectivity when greenfield land will be lost. In line with the Spatial Principles (Policy S1), the Local Plan will also maximise the use of suitable previously developed land (brownfield land), provided that it is not of high environmental value and represents a sustainable location.</u></p>	None.
AM15	3.33	<p><i>Amend para 3.33:</i></p> <p><u>The Local Plan policies will seek to achieve a net gain for biodiversity by providing new green spaces including high quality green infrastructure built into the designs and masterplans of new development.</u> The new Local Plan will also seek to ensure that all new development meets the highest standards of design. The Plan will further also encourage the use of masterplans and design codes where appropriate for strategic scale developments.</p>	None.

Ref No.	Para. / Policy No.	Modification	Implications for HRA
AM16	3.37	<p><i>Add to end of para 3.37:</i></p> <p><u>A Cultural Development Trust has also been established to work in partnership with the Council to strengthen Chelmsford's cultural identity. Through close engagement with the public, the mutual objective is to inspire participation in the arts and culture, to build awareness of the City's historic heritage and to ignite interest in developing creative and cultural legacies for the future. The Trust will contribute to the ideas for a shared Cultural Vision "Towards 2040" and participate in encouraging investment in the City's museums and theatres.</u></p>	None.
AM17	The Vision	<p><i>Amend second para of the Vision:</i></p> <p>This positive change will optimise the opportunities for new and upgraded infrastructure including <u>cultural</u>, leisure and recreation facilities, shops, education and healthcare services historic environment.</p> <p><i>Amend bullets on page 37 and 38:</i></p> <ul style="list-style-type: none"> • Move towards a low carbon future for Chelmsford <u>seeking to mitigate and adapt to climate change and to promote the sustainable use of natural resources</u> • Protect and enhance the rich and diverse natural, built, and historic <u>and natural</u> environment <u>including the coast</u> 	None.
AM18	5.18	<p><i>Amend para 5.18:</i></p> <p>Chelmsford has a rich and diverse heritage. It has many heritage assets which are worthy of protection for their significance. Within Chelmsford's administrative area there are 1,006 <u>1,008</u> listed buildings. There are also 25 Conservation Areas, 19 Ancient <u>Scheduled</u> Monuments, and 6 Registered Parks and Gardens all of which are shown on the Policies Map. With the exception of Conservation Areas, these Designated Heritage Assets are identified within the National Heritage List for England.</p>	None.
AM19	6.24	<p><i>Amend para 6.24:</i></p> <p>An Employment Land Review, Retail Capacity Study and Office Needs Assessment have also been carried <u>out</u> which set out the amount and types of employment and retail floorspace that will be required within the Local Plan period.</p>	None.
AM20	6.32	<p><i>Second to last sentence of para 6.32 replace 'are' with '<u>also</u>'</i></p>	None.

Ref No.	Para. / Policy No.	Modification	Implications for HRA
AM21	6.54 and 6.65	<p><i>Add new para following 6.54:</i></p> <p><u>The Council is cooperating with broadband infrastructure providers and the County Council to ensure as wide a coverage as possible with high speed, reliable broadband. National broadband operators can offer superfast broadband connection for new developments, either free of charge or as part of a co-funded partnership.</u></p> <p><i>Add new para before 6.65:</i></p> <p><u>The Chelmsford City Growth Package (£15m), which is jointly funded by Essex County Council and the South East Local Enterprise Partnership, for implementation by March 2021, will deliver a package of short term measures to achieve this vision. Once approved the final package will help to accommodate the existing, and future, transport needs of Chelmsford. A Housing Infrastructure Fund (HIF) forward funding bid submitted by Essex County Council in partnership with the City Council has also been successful at the expression of interest stage to move to the final stage for up to £250m grant to be directed to the delivery of the Chelmsford North East Bypass and Beaulieu Rail Station.</u></p>	None.
AM22	6.65	<p><i>Add to last sentence of 6.65:</i></p> <p>The overarching approach of Essex County Council is to develop three strategic zonal focuses (<u>Table 2 below</u>):</p>	None.
AM23	6.67	<p><i>Amend para 6.67:</i></p> <p>For the purposes of this policy the widest reasonable definition of infrastructure and infrastructure providers will be applied. The term infrastructure can include any structure, building, system facility and/or provision required by an area for its social and/or economic function and/or wellbeing including (but not exclusively): footways, cycleways, <u>bridleways</u> and highways; such as youth or the elderly.</p>	None.
AM24	6.75	<p><i>Add to start of para 6.75:</i></p> <p><u>Applicants should consult the Council's Planning Obligations Supplementary Planning Document for more guidance.</u> Essex County Council's Developer's Guide to Infrastructure Contributions sets out ECC's standards for the receipt of relevant infrastructure funding.</p>	None.
AM25	6.89	<p><i>Amend para 6.89:</i></p> <p>The Council will review the Local Plan every five years. On the basis that it takes around two years to formally complete this process, a formal review, <u>including a formal Regulation 18 consultation</u>, will commence three years after the adoption of the Local Plan. This is envisaged to be in 2022.</p>	None.

Ref No.	Para. / Policy No.	Modification	Implications for HRA
AM26	7.5	Delete para 7.5	None.
AM27	7.9	Amend first sentence of para 7.9: This Growth Area will accommodate around 3,150 3,400 new homes	None.
AM28	Policy SGS1c, 7.41	Amend bullet 3 under Site Infrastructure Requirements of Policy SGS1c: <ul style="list-style-type: none"> Financial contributions to primary and secondary education provision, and community facilities including healthcare provision <u>as required by the NHS/CCG.</u> <p>Add after first sentence of para 7.41:</p> <p><u>Due to the poor quality of the existing open space on site, in this instance, improving the quality of the open space to be provided on site as part of the development is appropriate in lieu of the Policy CF2 requirement to provide the same quantity of open space.</u></p>	None.
AM29	Policy SGS1d	Amend bullet 3 under Site Infrastructure Requirements: <ul style="list-style-type: none"> Financial contributions to early years, primary and secondary education provision, and community facilities including healthcare provision <u>as required by the NHS/CCG.</u> 	None.
AM30	Policy SGS1e	Amend bullet 2 under Site Infrastructure Requirements: <ul style="list-style-type: none"> Financial contributions to primary and secondary education provision, and community facilities including healthcare provision <u>as required by the NHS/CCG.</u> 	None.
AM31	Policy SGS1f	Amend bullet 2 under Site Infrastructure Requirements: <ul style="list-style-type: none"> Financial contributions to primary and secondary education provision, and community facilities including healthcare provision <u>as required by the NHS/CCG.</u> 	None.

Ref No.	Para. / Policy No.	Modification	Implications for HRA
AM32	7.86	<p>Add additional sentence to end of para 7.86:</p> <p><u>There is also scope for alternative land uses across the wider site including cultural or entertainment uses.</u></p>	None.
AM33	7.95	<p>Add a new heading before para 7.95 (or as renumbered), as follows:</p> <p><u>Growth Sites in Chelmsford Urban Area</u></p>	None.
AM34	Policy GR1	<p>Amend 4th bullet under Site Infrastructure Requirements:</p> <ul style="list-style-type: none"> Financial contributions to early years, primary and secondary education provision, and community facilities including healthcare provision as required by the NHS/CCG. 	None.
AM35	7.121	<p>Amend second to last sentence of para 7.121:</p> <p>Layout should also positively use existing topographical, heritage, ecological and landscape site features such as shallow valleys, established field boundaries, mature trees and vegetation, and nearby Local Wildlife Sites.</p>	None.
AM36	7.129	<p>Add to end of para 7.129:</p> <p><u>Any further contributions to provide, or make financial contributions towards new or enhanced sport, leisure or recreation facilities will be considered having regard to the provision of the new Country Park.</u></p>	None.
AM37	7.137	<p>Amend third sentence of para. 7.137:</p> <p>The feature is <u>potentially</u> considered of national importance and therefore in accordance with para 139 of the NPPF it should be treated as if it were a Scheduled Monument.</p>	None.
AM38	7.140	<p>Amend para. 7.140:</p> <p><u>As t</u>The site may contains archaeological deposits, <u>these</u> which will need to be considered by future development proposals, through an archaeological evaluation.</p>	None.

Ref No.	Para. / Policy No.	Modification	Implications for HRA
AM39	7.233	<p><i>Amend para 7.233:</i></p> <p>Flood risk management and natural, on-site SuDs are necessary to ensure there is no increased flood risk on site, or to adjacent areas and to ensure a sustainable form of development. Such features should not limit or adversely overlap with the main function of public open spaces</p>	None.
AM40	7.236	<p><i>Amend para 7.236:</i></p> <p>The allocation includes areas which have been consented for long-term minerals extraction. The masterplanned development will require careful phasing together with an application from the mineral operator to modify the phasing programme for mineral extraction, which would be <u>determined</u> approved by the Minerals Planning Authority.</p>	None.
AM41	Policy SGS5a	<p><i>Move bullet 4 from 'Movement and Access' to 'Historic and Natural Environment':</i></p> <ul style="list-style-type: none"> • Ensure appropriate habitat mitigation and creation is provided 	None.
AM42	7.253	<p><i>Amend 1st sentence of para 7.253:</i></p> <p>An area around the Grade II listed Moulsham Hall is allocated for conservation and strategic landscape enhancement, <u>as shown on the Policies Map.</u></p>	None.
AM43	7.277	<p><i>Amend para 7.277:</i></p> <p>Development design and layout should also take into consideration the setting of other heritage assets, including the <u>nearby</u> listed buildings <u>including Blue Barnes Farm, The Cottage, Jasmine Cottage, Millers Cottage and Rose Cottage,</u> and <u>s</u>Scheduled <u>m</u>Monument at Gubbions Hall.</p>	None.
AM44	7.287	<p><i>Amend second sentence of para 7.287:</i></p> <p>This will help serve Broomfield Hospital, Fairleigh Hospice and King Edward VI Grammar School playing fields.</p> <p><i>Add additional sentence to the end of para 7.287:</i></p> <p><u>Site developers should work in partnership with the Mid-Essex Hospital Trust to facilitate this proposed new vehicular access road to the Hospital.</u></p>	None.

Ref No.	Para. / Policy No.	Modification	Implications for HRA
AM45	7.291	<i>Amend last sentence of para 7.291:</i> Where the new link road affects Puddings Wood, compensatory measures which replaces and provides additional net habitat must be provided as part of the new development.	None.
AM46	7.293	<i>Amend para 7.293:</i> Development design and layout should also take into consideration the setting of nearby historic properties along Blasford Hill, Wood House, the Coach House and Wood House Lodge, and the scheduled monument site to the north of the site, <u>and other non-listed residential properties adjoining the site.</u>	None.
AM47	7.304	<i>Delete para 7.304</i>	None.
AM48	7.309	<i>Amend para 7.309:</i> Moet Wood to <u>Moat Wood</u>	None.
AM49	7.328	<i>Delete quote marks at end of second sentence of para 7.328</i>	None.
AM50	7.330	<i>Capitalise <u>Showpeople</u> in the last sentence of para 7.330</i>	None.
AM51	7.332	<i>Amend first sentence of para 7.332:</i> Locations for <u>business</u> , office , retail and community space will need to be incorporated in a logical way to relate to local needs and maintain a balance of uses on the site and the adjoining town.	None.
AM52	8.5	<i>Add new sentence at end of para 8.5:</i> <u>Further information on the implementation of Policy HO1 Ci will be set out in the Planning Obligations Supplementary Planning Document.</u>	None.
AM53	8.8	<i>Add new sentence at end of para 8.8:</i> <u>Further information on the implementation of Policy HO1 Cii will be set out in the Planning Obligations Supplementary Planning Document.</u>	None.

Ref No.	Para. / Policy No.	Modification	Implications for HRA
AM54	Policy EM2	<p><i>Amend para E) to:</i></p> <p>E) On upper floors, proposals for separate units of retail, office, tourism, leisure, cultural, community or residential accommodation will be supported provided that a separate access from the ground floor is maintained or created, a separate refuse and recycling and waste store is provided, and the use does not prejudice the retail function and viability of the ground floor.</p>	None.
AM55	8.104	<p><i>Amend first sentence of para 8.104:</i></p> <p>For development effecting Nationally Designated Sites, proposals will need to take account of the Chelmsford Green Infrastructure Strategy <u>Strategic Plan</u>.</p>	None.
AM56	8.106	<p><i>Add new sentence to end of para 8.106:</i></p> <p><u>Developments adjacent to main rivers should take opportunities to improve water related biodiversity through a variety of initiatives including buffer strips, riparian tree planning, alien species removal and increasing in-channel morphology diversity.</u></p>	None.
AM57	8.108	<p><i>Amend para 8.108:</i></p> <p>Biodiversity enhancements in and around development should have regard to the Council's Green Infrastructure Strategy <u>Strategic Plan</u> and be led by an understanding of ecological networks such as:</p>	None.
AM58	8.128	<p><i>Amend para 8.128:</i></p> <p>Community facilities and services include local shops, meeting places, sports and recreation venues (indoor and outdoor, including allotments), <u>tourism attractions</u>, cultural buildings, public houses and places of worship. <u>Tourist attractions would include uses such as museums, other buildings and uses of land used for cultural or other leisure purposes.</u></p>	None.
AM59	8.133 and 8.134	<p><i>Amend para 8.133:</i></p> <p>The retention of all community facilities, including existing sport and leisure facilities, <u>tourist attractions and places of recreation</u> and public open spaces <u>and playing fields</u>, is paramount unless a case can be made that alternative provision will be provided in an acceptable and timely manner.</p> <p><i>Move existing paragraphs 8.133 and 8.134 above existing 8.131 and re-number accordingly.</i></p>	None.

Ref No.	Para. / Policy No.	Modification	Implications for HRA
AM60	9.3	<i>Amend second sentence of para 9.3:</i> Good design rests upon analysis of the character of the area to create coherent and interesting places <u>rather than imposing arbitrary density requirements.</u>	None.
AM61	9.8	<i>Insert new para. after 9.8:</i> <u>Applicants should consult the Council's Making Places Supplementary Planning Document for detailed guidance.</u>	None.
AM62	9.22	<i>Amend para 9.22:</i> Part G of Building Regulations were changed in 2015 to include an optional requirement <u>for water efficiency i.e. so that</u> new homes should be designed to use no more than 110 litres of water/person/day. <i>Add new para after 9.22:</i> <u>Applicants should consult the Council's Making Places Supplementary Planning Document for detailed guidance.</u>	None.
AM63	9.26	<i>Add new para after 9.26:</i> <u>Applicants should consult the Council's Making Places Supplementary Planning Document for detailed guidance.</u>	None.
AM64	9.43	<i>Amend para 9.43:</i> The Council has designated <u>an two</u> Air Quality Management Areas (AQMA) <u>covering the area around the Army & Navy roundabout and a small section of the A414 in Danbury, both of which are shown on the Policies Map. Both of these areas have been designated because of arising from road traffic emissions. on the Army & Navy roundabout and surrounding roads, as shown on the Policies Map.</u> The presence of an AQMA should not stop new development, but careful consideration should be given to proposals that may increase traffic flows or exposure to poor air quality. Proposals that fall outside of an AQMA can still have an impact on the air quality due to the nature of the development including, but not limited to, size, use, vehicle movements and traffic generation. The Council will consider each application on a site-by-site basis regarding its effect on the AQMA and its objectives, and/or whether the development would cause unacceptable harm to the air quality of the area.	None.
AM65	A.12 Appendix A	<i>Amend second sentence:</i> They should benefit from casual surveillance so that they feel safe and <u>be are</u> accessible to all intended users. For city/town centre schemes, a communal garden area will be encouraged.	None.

Ref No.	Para. / Policy No.	Modification	Implications for HRA
AM66	Appendix A Table 17	<i>Amend Title:</i> Recycling and waste collection receptacles <u>required</u> for flats and apartments	None.
AM67	Appendix E – Evidence Base List	<i>Delete the Evidence Base List</i>	None.
AM68	Appendix F Glossary	<i>Delete the glossary</i>	None.

Appendix C – Policies Map Changes

AUDIT COMMITTEE ANNUAL REPORT 2018/19

In accordance with the Chartered Institute of Public Finance and Accountancy's (CIPFA) recommended practice, the Audit Committee, at its meeting on 19 March 2014, agreed that an annual report on the work of the Committee would be presented to the Council for consideration.

At its meeting on 18 June 2019 the Audit Committee considered its Annual Report for 2018/19 and recommended to Council that it be approved.

The Report is attached at Appendix 1 to this report and covers the following matters:

- terms of reference
- audit charter
- membership
- programme of meetings
- publication of information
- work programme for 2018/19
- announcements
- future work for 2019/20
- training and development
- assurance

RECOMMENDED that

the Audit Committee Annual Report for 2018/19 attached as Appendix 1 be approved.

Audit Committee

Annual Report

2018/19

Introduction from the Chair of Audit Committee

I am pleased to present the Annual Report of the Audit Committee which outlines the Committee's work and achievements over the year ending 31st March 2019.

I hope that this Annual Report helps to demonstrate to the City's residents and the Council's other stakeholders the role that is carried out by the Audit Committee and the contribution that it makes to the Council's overall governance. All meetings are open to Members of the public.

To provide ongoing assurance over the Council's internal controls and systems, the Committee was attended during 2018/19 by the Audit Services Manager, Elizabeth Brooks, the Director of Finance, Amanda Fahey, the Procurement and Risk Services Manager, Alison Chessell, and the Accountancy Services Manager, Phil Reeves, as well as representatives from the Council's External Auditors. Other Council officers also attended Audit Committee during the year as requested.

I would like to express my thanks to those officers and Members who have supported the work of this Committee by presenting and discussing reports.

Cllr Dan Clark

June 2019

1. Overview

- 1.1. Audit Committees are a key component of the Council's governance framework. Their function is to provide an independent and high-level resource to support good governance and strong public financial management.
- 1.2. The purpose of an Audit Committee is to provide those charged with governance in the Council, independent assurance on the adequacy of the Council's risk management framework, internal control environment and the integrity of the financial reporting and governance processes. By overseeing both Internal and External Audit, it makes an important contribution to ensuring that effective management arrangements are in place.
- 1.3. A number of recent legislative changes have emphasised the importance of the Audit Committee. Key developments include:
 - the new Delivering Good Governance in Local Government: Framework (CIPFA/Solace, 2016)
 - updates to the Public Sector Internal Audit Standards (PSIAS) in 2016 and 2017
 - the Code of Practice on Managing the Risk of Fraud and Corruption (CIPFA, 2014).
- 1.4. To this end, the Council's Audit Committee is an important source of assurance regarding the Council's arrangements for managing risk, maintaining an effective control environment and reporting on financial and other performance.
- 1.5. As outlined in the CIPFA publication "Audit Committees: Practical Guidance for Local Authorities (2018)", the core functions of the Audit Committee are to:
 - Be satisfied that the authority's assurance statements, including the Annual Governance Statement, properly reflect the risk environment and any actions required to improve it, and demonstrate how governance supports the achievement of the Council's objectives.
 - In relation to the Council's Internal Audit functions:
 - Oversee its independence, objectivity, performance and professionalism,
 - Support the effectiveness of the Internal Audit process
 - Promote the effective use of Internal Audit within the assurance framework.
 - Consider the effectiveness of the authority's risk management arrangements and the control environments. Review the risk profile of the organisation and assurances that action is being taken on risk-related issues.
 - Monitor the effectiveness of the control environment, including arrangements for ensuring value for money and for managing the authority's exposure to the risk of fraud and corruption.

- Consider the reports and recommendations of External Audit, and other inspection agencies where applicable, and their implications for governance, risk management or control.
- Support effective relationships between External Audit and Internal Audit, inspections agencies and other relevant bodies and encourage the active promotion of the value of the audit process.
- Review the financial statements, External Auditor's opinion and reports to Members, and monitor management actions in response to the issues raised by External Audit.

1.6. In addition, the CIPFA guidance advises that all Audit Committees should demonstrate their independence and effectiveness by:

- Acting as the principal non-executive advisory function supporting those charged with governance
- Being independent of both the executive and scrutiny functions
- Having clear rights of access to other committees e.g. Governance Committee
- Being properly accountable to Full Council
- Meeting regularly (at least four times a year) and have a clear policy on those items to be considered in private and considered in public
- Being able to meet privately and separately with the External Auditor and with the Audit Services Manager
- Including as regular attendees, the Director of Finance or substitute, the Audit Services Manager, and the appointed External Auditor.
- Reporting regularly on their work, and at least annually reporting an assessment of their performance. An annual public report should demonstrate how the committee has discharged its responsibilities.

2. Membership and Effectiveness

2.1. There were five meetings of the Committee during 2018/19 and details of the Committee's Membership are attached at Appendix A. The Audit Committee does not have any independent Members.

2.2. The work programme is based around the Committee's Terms of Reference, along with items requested during the year, and is reviewed at each Committee meeting. A list of the items that have been considered by the Committee is attached at Appendix B to the report.

2.3. The Committee is well supported by the Director of Finance (Section 151 Officer), Audit Services Manager, the Procurement and Risk Services Manager, the Accountancy Services Manager and External Audit (BDO from September 2018).

2.4. The Committee's Terms of Reference has been updated and refreshed in line with CIPFA guidance: Audit Committees (2018) and this is attached at Appendix C.

2.5. The agendas for the Committee's meetings are published on the Council's website not later than five clear days before the date of each meeting. The minutes of each meeting are also published on the website as soon as possible after each meeting has taken place. The agendas for meetings may be accessed from: Committees and Panels - Chelmsford City Council.

3. Good Governance and the Annual Governance Statement

3.1. Governance is defined in Delivering Good Governance in Local Government: Framework (CIPFA/Solace, 2016) as follows: *Governance comprises the arrangements put in place to ensure that the intended outcomes for stakeholders are defined and achieved. To deliver good governance in the public sector, both governing bodies and individuals working for public sector entities must try to achieve their entity's objectives while acting in the public interest at all times.*

3.2. As outlined in CIPFA publication "Audit Committees: Practical Guidance for Local Authorities (2018)", the overall aim of good governance is to ensure that:

- resources are directed in accordance with agreed policy and according to priorities
- there is sound and inclusive decision making
- there is clear accountability for the use of those resources in order to achieve desired outcomes for service users and communities.

3.3. Good governance is ultimately the responsibility of the governing body, as well as those with leadership roles and statutory responsibilities in the organisation, including the Chief Executive, the Director of Finance and the Monitoring Officer. In Local Government, the governing body is the Full Council. The Audit Committee should play a key role in supporting the discharge of these responsibilities by providing a high-level focus on audit, assurance and reporting.

3.4. The Council's Annual Governance Statement (AGS) forms part of the Council's Statement of Accounts and its purpose is to provide assurance regarding the Council's governance arrangements and the extent to which the Council complies with its Local Code of Corporate Governance.

3.5. The Audit Committee reviewed the Annual Governance Statement for 2017/18 jointly with Governance Committee in June 2018. Progress on outstanding governance issues from 2017/18 were noted along with areas identified for 2018/19, such as Riverside, Digital Transformation, Local Plan, Housing Transformation and Museum redevelopment.

4. Internal Audit

4.1. The original audit plan for 2018/19 was approved by Audit Committee in March 2018.

4.2. During 2018/19, Audit Committee received several reports from Internal Audit, updating them on Internal Audit progress against the plan and high-risk issues identified. This included Internal Audit's Annual Report for 2017/18 which

provided an overall annual opinion of “moderate” assurance and the Interim Annual Report 2018/19.

4.3. The Audit Committee approved the Internal Audit Charter in March 2019.

4.4. Public Sector Internal Audit Standards

4.4.1. The Public Sector Internal Audit Standards (PSIAS) requires an External Quality Assessment (EQA) to be carried out at least once every five years by a qualified independent assessor from outside the organisation. In September 2018, the Audit Committee received the outcome of Internal Audit’s EQA undertaken by an independent assessor, Gateway Assurance.

4.4.2. The assessment noted that:

- The Internal Audit provision within Chelmsford City Council complies with the expectations of the PSIAS.
- Following significant changes to the Internal Audit section during 2017/18, the team responded well to the introduction of the PSIAS by introducing new practices and a risk-based approach to its work and were increasingly working to a common methodology for delivery of Internal Audit services that is consistent with the international professional standards and those within the UK public sector.
- The service does adopt a risk-based approach through the development of its own risk assessment at a strategic planning level, and at an assignment level through recognition of risks which are agreed and documented in consultation with auditees; the terms of reference is considered to be a strength.
- It is hoped that the anticipated development of wider Council risk management, aligned with the new Corporate Plan, will further allow the enhancement of the recognition of risk as a basis for Internal Audit work. In this respect, it has been recommended that future opinions and recommendations relate directly to agreed risk definitions within the Council, once established. In addition, increasing transparency within the Council regarding the inherent risks being faced, and upon those controls in place and assurances available, would allow Internal Audit to clearly define risks and key mitigating controls and therefore provide a robust basis for communication with managers and with other assurance providers.

4.4.3. Findings and recommendations were raised by the assessor and the action plan was presented to Audit Committee in September 2018. A follow up of Internal Audit’s progress against the action plan will be presented to Audit Committee in September 2019.

5. Risk Management

- 5.1. The role of the Council's Risk Management function is to assist the Council to identify, understand and manage risks to its objectives. In January 2019, the Council initiated a project to refresh its risk management framework.
- 5.2. Audit Committee received a presentation on the proposed approach to the risk management framework in December 2018, that included the secondment of an officer from Internal Audit to Risk.
- 5.3. In March 2019, a further update on the project was provided. The initial phase of the project has focussed on: project planning and resources; familiarisation with and housekeeping on Pentana, the Council's Risk and Performance Management System; consultation with current Pentana users; consultation with Internal Audit and specialist risk functions across the Council (including Information Governance and Business Continuity Planning); and development of a revised Risk Management Strategy for the Council for 2019-20.
- 5.4. Additional (originally unplanned) duties have included: development and maintenance of the Council's UK Exit Impact Log (referred to in the Cabinet report of 5th March 2019); and involvement in the early scoping for the Council's forthcoming Cyber Risk Management Strategy.
- 5.5. Further activities scheduled until the end of the first project quarter (to 31 March 2019) included further consultation with Management Team on a revised Risk Management Strategy and the form and content of the Council's new Principal Risk Register
- 5.6. Audit Committee will receive risk management updates biannually during 2019/20.

6. Countering Fraud and Corruption

- 6.1. The Fraud Investigations Annual Report was presented to Audit Committee in March 2019, which also set out the Corporate Fraud Team's strategy and approach:
 - To provide an efficient and effective Counter Fraud resource that supports the Council's Anti-Fraud and Corruption Strategy by carrying out a planned programme of work to help prevent and detect fraud and provide resources to investigate suspected fraud cases. The team provides resources for the prevention and detection of fraud across all areas of Council services. The Council believes that this level of staffing is commensurate with the levels of risk.
 - To contribute to the commitment of keeping Council Tax low by preventing and detecting frauds which deliberately target and affect the Authority's tax base.
 - To ensure that the Council adopts an innovative approach to the delivery of its services and that they are not comprised by fraud and corruption.

6.2. The Committee were also informed about the work of the Council's Senior Financial Investigation Officer and were provided with a summary of his role and the past year of work, including the collaborative work with other local authorities. The Committee were informed that various costs had been received due to the work of the team and that percentages of funds claimed back for other authorities was received by the Council.

7. External Audit and Financial Reporting

7.1. The outgoing External Auditors (Ernst and Young) presented their Audit Results Report 2017/18 in July 2018 to Audit Committee in accordance with the provisions of the International Standard on Auditing (ISA) 260. The report covered two key areas, namely the Accounts for 2017/18 and the Value for Money conclusion. Audit Committee were advised that the External Auditors found no significant weaknesses or material errors that had not been adjusted in the accounts. This meant that the Council's Accounts met the statutory requirements of the Local Audit and Accountability Act 2014 and the Code of Audit Practice. The Audit Committee approved the 2017/18 Statement of Accounts on 17th July 2018.

7.2. Audit Committee were, however, advised that based on their findings, the External Auditors issued a qualified Value for Money conclusion relating to the Digital Transformation Programme. They also reviewed another of the Council's major projects, the Riverside Leisure Redevelopment and concluded that the Council's arrangements for the management of that project were adequate and were therefore satisfied that the weaknesses identified in relation to the Digital Transformation Programme were not reflective of wider governance weaknesses in the Council.

7.3. The External Auditors are also required to produce an Annual Audit Letter that sets out their findings on the Council's Financial Statements and whether the Council has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. Audit Committee received this Letter in September 2018 which reflected the above conclusions.

7.4. In September 2018, the Council's External Auditors changed to BDO. In March 2019, BDO presented their 2018/19 Annual Audit Plan to Audit Committee summarising their assessment of the key risks driving the development of an effective audit for Chelmsford City Council and outlined their planned audit strategy in response to those risks.

8. Digital Strategy

8.1. Updates on the Council's progress in its Digital Strategy (Digital Transformation Programme), as one of the Council's key risks, have been provided to Audit Committee during 2018/19 by the Director of Corporate Services and Digital Services Manager.

8.2. The Audit Committee have requested further financial information in relation to the Programme which will be presented in June 2019.

9. Housing Transformation and Modular Units

9.1. Updates on the Council's Housing Transformation and Modular Units have been provided to Audit Committee during 2018/19 by the Director of Finance.

10. Training and Development

10.1. Training and development has been provided to Members of the Audit Committee since its inception. In recent years Members have received training on final accounts, benefit fraud, the role of the Audit Committee, Local Government finance changes, External Audit, IT risks, local authority accounts, governance and risk management and fraud and irregularities.

10.2. In addition to normal Member involvement, Members also volunteer to specialise in particular activity areas as follows:

Area of knowledge	Officer Contact
Financial Planning	Amanda Fahey
Risk Management and Pentana	Alison Chessell
Insurance	Alison Chessell
Procurement	Alison Chessell
Investigations	Alison Chessell
Revenue Accounting	Phil Reeves
Financial Rules	Phil Reeves
Treasury Management	Phil Reeves
Capital Accounting	Sue Jones
Annual Accounts	Zuzana Clarke
Annual Governance Statement	Zuzana Clarke
Internal Audit	Elizabeth Brooks

Audit Committee
Terms of Reference

Statement of Purpose

1. Our Audit Committee is a key component of Chelmsford City Council's corporate governance. It provides an independent and high-level focus on the audit, assurance and reporting arrangements that underpin good governance and financial standards.
2. The purpose of our Audit Committee is to provide independent assurance to the Members (and others charged with governance in Chelmsford City Council e.g. Governance Committee) of the adequacy of the risk management framework and the internal control environment. It provides independent review of Chelmsford City Council's governance, risk management and control frameworks and oversees the financial reporting and annual governance processes. It oversees Internal Audit and External Audit, helping to ensure efficient and effective assurance arrangements are in place.

Governance, Risk and Control

3. To review the Council's corporate governance arrangements against the 'Good Governance Framework' including the ethical framework and consider the Local Code of Governance.
4. To review the Annual Governance Statement prior to approval and consider whether it properly reflects the risk environment and supporting assurances, taking into account Internal Audit's opinion on the overall adequacy and effectiveness of the Council's framework of governance, risk management and control.
5. To consider the Council's arrangements to secure value for money and review assurances and assessments on the effectiveness of these arrangements.
6. To consider the Council's framework of assurance and ensure that it adequately addresses the risks and priorities of the Council.
7. To monitor the effective development and operation of risk management in the Council.
8. To monitor progress in addressing risk-related issues reported to the Audit Committee.
9. To consider reports on the effectiveness of internal controls and monitor the implementation of agreed actions.
10. To review the assessment of fraud risks and potential harm to the Council from fraud and corruption.
11. To monitor the counter-fraud strategy, actions and resources.
12. To review the governance and assurance arrangements for significant partnerships or collaborations

Internal Audit

13. To approve the Internal Audit Charter.
14. To review proposals made in relation to the appointment of external providers of Internal Audit services and to make recommendations.
15. To approve the risk-based Internal Audit plan, including Internal Audit's resource requirements, the approach to using other sources of assurance and any work required to place reliance upon those other sources.
16. To approve significant interim changes to the risk-based Internal Audit plan and resource requirements.

17. To make appropriate enquiries of both management and the Audit Services Manager to determine if there are any inappropriate scope or resource limitations.
18. To consider any impairments to independence or objectivity arising from additional roles or responsibilities outside of internal auditing of the Audit Services Manager. To approve and periodically review safeguards to limit such impairments.
19. To consider reports from the Audit Services Manager on Internal Audit's performance during the year, including the performance of external providers of Internal Audit services. These will include:
 - a) Updates on the work of Internal Audit including key findings, issues of concern and action in hand as a result of Internal Audit work
 - b) Regular reports on the results of the Quality Assurance and Improvement Programme
 - c) Reports on instances where the Internal Audit function does not conform to the Public Sector Internal Audit Standards and Local Government Application Note, considering whether non-conformance is significant enough that it must be included in the Annual Governance Statement.
20. To consider the Audit Services Manager's annual report:
 - a) The statement of the level of conformance with the Public Sector Internal Audit Standards and Local Government Application Note and the results of the Quality Assurance and Improvement Programme that supports the statement – these will indicate the reliability of the conclusions of Internal Audit.
 - b) The opinion on the overall adequacy and effectiveness of the Council's framework of governance, risk management and control together with the summary of the work supporting the opinion – these will assist the Audit Committee in reviewing the Annual Governance Statement.
21. To consider summaries of specific Internal Audit reports as requested.
22. To receive reports outlining the action taken where the Audit Services Manager has concluded that management has accepted a level of risk that may be unacceptable to the authority or there are concerns about progress with the implementation of agreed actions.
23. To contribute to the Quality Assurance and Improvement Programme and in particular to the external quality assessment of Internal Audit that takes place at least once every five years.
24. To consider a report on the effectiveness of Internal Audit to support the Annual Governance Statement as required to do so by the Account and Audit Regulations (Regulation 6) which requires an annual review of the effectiveness of the Council's system of Internal Audit. The findings of the review of the effectiveness must be considered as part of the Audit Committee's view of the system of internal control.
25. To provide free and unfettered access to the Audit Committee Chair for the Audit Services Manager, including the opportunity for a private meeting with the Audit Committee.

External Audit

26. To support the independence of External Audit through consideration of the External Auditor's annual assessment of its independence and review of any issues raised by the PSAA.
27. To consider the External Auditor's annual letter, relevant reports, and the report to those charged with governance.
28. To consider specific reports as agreed with the External Auditor
29. To comment on the scope and depth of External Audit work and to ensure it gives value for money
30. To commission work from Internal and External Audit.
31. To advise and recommend on the effectiveness of relationships between External and Internal Audit and other inspection agencies or relevant bodies.

Financial Reporting

32. To review the annual statement of accounts. Specifically, to consider whether appropriate accounting policies have been followed and whether there are concerns arising from the financial statement or from the audit that need to be brought to the attention of the Council.
33. To consider the External Auditor's report to those charged with governance on issues arising from the audit of the accounts.

Accountability Arrangements

34. To report to those charged with governance on the Audit Committee's findings, conclusions and recommendations concerning the adequacy and effectiveness of their governance, risk management and internal control frameworks; financial reporting arrangement, and internal and External Audit functions.
35. To report to Full Council on a regular basis the Audit Committee's performance in relation to the terms of reference and effectiveness of the Audit Committee in meeting its purpose.
36. To publish an annual report on the work of the Audit Committee.

Agenda Item 10
Report from the Governance Committee on 18 June 2019
to the Council on 16 July 2019

ANNUAL REPORT OF THE GOVERNANCE COMMITTEE

1. Annual reports on the Audit and Overview & Scrutiny functions have been presented to and agreed by Full Council at its July meeting for a number of years. There is no statutory requirement to produce an annual report by the Governance Committee but it is recognised as good practice, and Full Council approved the first of such report in December 2016. This report seeks approval of the Annual Report for the Municipal year ending in May 2019 which appears at the **Appendix** to this report.
2. The report, which deals with the operation of the Standards Regime for 2018/19, is presented for discussion and recommended for approval.

RECOMMENDED that

the Annual Report of the Governance Committee for 2018/19 be approved for publication.

I. Background

Statutory and Procedural requirements under the Standards Regime

- I.1 The Localism Act 2011 places all local authorities under a duty to promote high standards of conduct by Councillors. Councils are required to adopt a Code of Conduct which is consistent with the principles set out in the Act, historically known as the “Nolan Principles”, namely selflessness, integrity, objectivity, accountability, openness, honesty and leadership. The definition of these principles is determined by the City Council’s Councillors Code of Conduct that is in [Part 5.1.1 of the Constitution](#) and was adopted in 2012.
- I.2 Local Authorities must also have in place arrangements for dealing with any allegations that the Code has been breached. The adopted Complaints Procedure, in [part 5.1.2 of the Council’s Constitution](#), deals with how complaints made about City Councillors, and those of the Town and Parish Councils in its administrative area, will be handled.
- I.3 The Council’s Monitoring Officer is Lorraine Browne, the Legal & Democratic Services Manager and they have appointed two deputies, Mr Brian Mayfield the Democratic Services Team Manager, and Mr William Butcher a Senior Lawyer in Legal Services.
- I.4 The Monitoring Officer has considerable responsibilities under the standards regime including duties to:
 - i. Maintain a register of interests for the City, Town and Parish Councillors, who are all required to declare such interests to them.
 - ii. Consider the best course of action in relation to alleged breaches of the Code, including the responsibility for informally resolving complaints where appropriate in their view.
 - iii. Consult an Independent Person at various stages in the Complaints Procedure.
 - iv. Liaise with the Police where the allegation concerns an alleged breach of the Disclosable Pecuniary Interests requirements.
- I.5 As part of the Complaints Procedure the Council is required to establish a Committee, which will be responsible for dealing with standards issues that cannot be dealt with by the Monitoring Officer or on which he decides Councillors’ views are important. This includes where a formal hearing is necessary to determine if a breach has occurred and if so what penalties are appropriate. The City Council chose in 2012 to comply with this requirement by establishing the Governance Committee.
- I.6 The Council is also obliged to appoint at least one Independent Person. Their role is to ensure that the Council is appropriately applying the statutory requirements and its adopted Policies and Procedures in dealing with any complaints received. In particular, they:
 - i. Must be consulted before the Council makes a finding as to whether a Councillor has failed to comply with the Code of Conduct or to decide on appropriate sanctions or other measures to be taken in respect of that Councillor;
 - ii. May be consulted at other stages of the Complaints Procedure by the Council or by a member or co-opted member of the Councils covered by that Procedure.

Other Statutory, Governance Responsibilities and Terms of Reference

- I.7 In establishing the Governance Committee, the Council allocated a wide set of governance roles and responsibilities, which is broader than dealing with the standards regime alone. The Committee's Terms of Reference are set out in [Part 3.2.3\(c\) of the Council's Constitution](#). These include:
- i. Oversight of the Council's arrangements for dealing with all complaints.
 - ii. Reviewing the use of the powers exercised by the Council under the Regulation of Investigatory Powers Act 2000 (RIPA)
 - iii. Approving and monitoring the Code of Corporate Governance and Annual Governance Statement together with the Audit Committee
 - iv. Making recommendations on proposed changes to the Council's Constitution.
- I.8 Whilst the Committee is "politically balanced", in that the membership is drawn from all the parties represented on the Council and in the same proportions, decisions taken, especially those related to the standards regime are not taken on a political basis. In particular, the Mayor, Deputy Mayor & Leader of the Council cannot be members of the Committee and no more than two members of the Cabinet can sit on the committee at any time.

Membership of the Committee

- I.9 The Committee consists of 7 City Councillors and 3 Parish or Town Councillors. In 2018/19 the membership of the Committee comprised the following members:

Conservative:	Councillors R.J. Poulter (Chairman), I.S. Grundy (Vice Chairman), R.H. Ambor S.D. Fowell, P.V. Hughes and G.I. Smith
Liberal Democrats:	Councillor F.B. Mountain
Parish Councillors:	Peter Brown - Little Waltham Parish Council Peter Jackson - Great Waltham Parish Council June Saltmarsh - Woodham Ferrers and Bicknacre Parish Council

- I.10 **Parish Council representatives** - At least one must be present when issues affecting a Town or Parish Councillor are discussed. They cannot vote but they provide a valuable perspective and insight into how those organisations and their councillors are expected to behave.
- I.11 **Independent Members** - They are also invited to attend Committee meetings. They receive no remuneration for the services they provide, other than travelling expenses. Whilst they attend the Governance Committee, when standards issues are to be debated or decided, they too have no voting rights. Nevertheless, their input is invaluable to give assurance that the procedures are being correctly applied. The Independent Persons during 2018/19 were Mr S.R. Anthony and Mrs C Gosling. Their contribution is much appreciated by the Monitoring Officer and the Governance Committee.

Programme of Meetings

- 1.12 The Committee receives regular reports on the areas for which it has responsibility. In 2018/19 the Committee met on three occasions and the remainder of this report addresses how the Committee has approached its work during the year.

Publication of Information

- 1.13 The agendas for the Committee's meetings are published on the Council's website not later than five clear days before the date of each meeting. This is a requirement of the Local Government Act 1972, which is explained in and complies with the Access to Information Rules in [Part 4.6 of the Council's Constitution](#). The minutes of each meeting are also [published on the website](#) as soon as possible after each meeting has taken place.

2. Work Programme 2018-19

- 2.1 The main areas of activity considered by the Committee during the municipal year (May to May) 2018-19 were as follows:

Issues addressed	Meetings
Code of Corporate Governance and the Annual Governance Statement for 2017/18 considered by the Joint Audit and Governance Committee	20th June 2018
Monitoring Officer Report	20th June 2018
GDPR Update	20 th June 2018
Interim Polling District Review for the Beaulieu Park Development Area	20 th June 2018
Whistleblowing Policy	20th June 2018
Annual Report of the Governance Committee 2017/18	20th June 2018
Monitoring Officer Report	17 th October 2018
Annual Whistleblowing Report	17th October 2018
Complaints to the Local Government and Social Care Ombudsman – Annual Review	17th October 2018
Review of the Council's Constitution	17th October 2018
Times of Future Meetings	17th October 2018
Monitoring Officer Report	23 rd January 2019
Annual Governance Statement Objectives Update	23 rd January 2019
Appointment of Independent Persons	23 rd January 2019
Standards Complaints	23 rd January 2019
Gifts and Hospitality Report	23 rd January 2019

3. Complaints About Councillors

- 3.1.1 The Monitoring Officer regularly reports to the Governance Committee regarding complaints received. The statistical information is then published on the Council's website.
- 3.1.2 In 2018/19, 11 complaints were received, one of which is still being investigated. Four of the complaints warranted no further investigation, three were found as no breach after investigation, one was withdrawn, one was found that the code did not apply and one was resolved informally via an apology. Of the 11 complaints, four related to City Councillors and 7 to Parish Councillors.

4. Future Work Programme

- 4.1 The work of the Committee as regards the Standards Regime is reactive. There are however, annual reports on the main areas for which the Committee is responsible and these are reflected in paragraph 2.1 above.

5. Training and Development

- 5.1 The Monitoring Officer provides advice and assistance throughout the year to Councillors, members of the public and Parish/Town Clerks in relation to the Standards regime. This has also resulted in Practice Notes being issued to ensure that this advice is permanently captured to reflect the processes and procedures used. In addition, they provide advice to the Committee and by extension, the public, at Committees by way of open and frank discussion.

6. Conclusion

- 6.1 The arrangements the Council has put in place to promote high standards of behaviour are well established but improvements have been identified and Practice notes issued to address these to make it clearer. The transparency of the Processes and Procedures is being continually reviewed and guidance issued to assist understanding.
- 6.2 As is evidenced by the reduced number of complaints, understanding of the regime and its constraints are clear and the regime is working effectively. The Committee members and the Independent Persons have been a key part in achieving this.
- 6.3 The Committee's focus on its other responsibilities is clear through the use of a published work programme and regular updates. As was set out in the Code of Corporate Governance and Annual Governance Statement adopted in the summer, there are many examples of good practice and transparency.

ANNUAL REPORT ON THE ACTIVITY OF THE SCRUTINY FUNCTION

1. The Local Code of Corporate Governance was adopted by the Council on 23 April 2008 (M6.1, CL52, 2008). Under the Code's Core Principle 6 – Engaging with local people and other stakeholders to ensure robust public accountability - the Overview and Scrutiny Committee is required to produce an annual report on its work for consideration by the Council and subsequent publication.
2. At its meeting on 8 July 2019 the Overview and Scrutiny Committee will be asked to consider its Annual Report on the Scrutiny Function for 2018/19 and recommended to Council that the Report be approved for subsequent publication.
3. The Report is attached at Appendix 1 to this report and covers the following matters:
 - statutory provisions
 - terms of reference
 - membership
 - publication of information
 - work undertaken in 2017/18
 - future work for 2018/19
 - “call in” of Cabinet decisions
 - training and development
4. Assuming the Committee makes no changes to the report, it is recommended for approval. Any amendments that are made will be reported to the Council meeting.

RECOMMENDED that

Subject to the Committee approving it at its meeting on 8 July, the Overview and Scrutiny Committee's Annual Report on the Scrutiny Function for 2018/19 attached to this report be approved for publication.

Background

(a) Statutory Provisions

Under the Local Government Act 2000 each local authority is required to establish at least one committee to review or scrutinise decisions taken by the Executive or any other part of the council and make reports to the council or to the cabinet. It can also report on any matters that affect the authority's area or its inhabitants. Its role includes both developing and reviewing policy and holding the Executive to account. The Committee has power to require Cabinet members and officers to attend before it to answer questions and it may also invite other people to attend its meetings.

Chelmsford Council chose, in 2005, to set up a single Scrutiny Committee. The Committee's first meeting was on 23rd May, 2005. It was later renamed the Overview and Scrutiny Committee by Council on 10th May, 2006.

New legislation came into effect in 2009 which placed additional duties on the Council and in respect of which it was required to make arrangements for their discharge. The legislation concerned was:

- The Police and Justice Act 2006 (Sections 19 -21), which placed a duty on all local authorities to scrutinise the activities of organisations comprising the local crime and disorder reduction partnership, and
- Section 119 of the Local Government and Public Involvement in Health Act 2007, which allowed councillors to ask for discussions to take place at an overview and scrutiny committee on issues of neighbourhood concern.

In December 2009 the Council agreed that the Overview and Scrutiny Committee take responsibility for those functions and that its terms of reference were amended accordingly.

The Local Democracy, Economic Development and Construction Act 2009 (Commencement No. 3) Order 2010 brought into force on 15th June 2010 the requirement for local authorities to have a scheme for responding to petitions from people who live, work or study in the area. Petition organisers who are dissatisfied with the Council's response can ask for a review by the Overview and Scrutiny Committee. A report on this matter was agreed by Cabinet on 8 June and Council on 9 June 2010 and the Committee's terms of reference were again amended to reflect this additional function.

(b) Terms of Reference

The Terms of Reference of the Committee are contained in Part 3 of the Council's Constitution. They are as follows –

General role

To act as a channel for public involvement in the activities of the Council and other bodies operating in the City; to oversee the proper and efficient administration of the Council; to review the effectiveness of its work and services; and to support and complement the activities of the Cabinet, whilst at the same time scrutinising them and offering constructive comment or advice where appropriate.

Specific role

- monitor the performance of the Council's services, carry out detailed reviews of them where considered necessary and report any resulting recommendations to the Cabinet;
- review the decisions, decision-making processes and activities of the Cabinet, other Council bodies and in respect of the Committee's own work to ensure that they comply with the requirements of the Constitution and the policies of the Council;
- monitor the activities and performance of external bodies, liaising with them where necessary, and carry out detailed assessments of the effectiveness of services provided by them if any apparent shortcomings are identified;
- scrutinise the work of the community safety partnership (Safer Chelmsford) and the partners who comprise it, insofar as their activities relate to the partnership itself and exercise all the other functions of a crime and disorder committee pursuant to Section 19 of the Police and Justice Act 2006;
- consider Councillor Call for Action requests following agreement by the Chair and Vice-Chair of the Committee after consultation with the Director of Corporate Services
- consider and respond to petitions, requesting that officers appear before the Committee to answer questions on functions, services or decisions for which they are responsible
- review the Council's handling of or responses to petitions where the petition organiser is dissatisfied with the action taken.

The Committee will also be responsible for

- providing opportunities for officers to acquaint members with the operation of the Council.

(c) *Membership of the Committee*

The Committee has 15 members, all Members of Chelmsford City Council. They are appointed by the full Council at its Annual Meeting in May of each year on a proportionality basis. No member of the Cabinet may be a member of the Committee.

In 2018/19 the membership of the Committee comprised the following members:

CON Councillors, N. Chambers, P.J. Cousins, J. De Vries, M.J. Flack, S.D. Fowell, I.S. Grundy, A.M. John, J.A. Potter, (Vice Chair), D.A. Lumley R.A. Ride, G.C. Seeley, G.H. Smith and G.I. Smith.

LD Councillors J.A. Deakin and M. Springett (Chair)

Following the Annual Meeting on 22 May 2019 the membership is as follows –

LD Councillors L. Ashley, N.A. Dudley, C.L. Finnecy, S.M. Goldman (Vice Chair), D.G. Jones, J.S. Lardge, C.R. Tron, and S. Young

CON Councillors J. Galley (Chair), I.S. Grundy, M. Sismey, M.S. Steel, M.D. Watson and R.T. Whitehead

IND Councillor R.J. Hyland

The Committee is currently chaired by Councillor J. Galley, who is a member of the Opposition group on the Council (the Conservatives).

(d) Programme of Meetings

The Committee met on three occasions in the municipal year 2018/19. It has five meetings programmed for 2019/20. Additional meetings may be arranged as required, including any which may be necessary if any decisions of the Cabinet become subject to the ‘call In’ procedure mentioned in Part 3 of this Report.

(e) Publication of Information

The agendas for the Committee’s meetings are published on the Council’s website not later than five clear days before the date of each meeting. The minutes of each meeting are also published on the website as soon as possible after each meeting has taken place.

Work Programme 2018-19

The main areas of activity considered by the Committee during the municipal year (May to May) 2018/19 were as follows –

<u>Subject</u>	<u>Date(s) considered</u>
Quarter Three 2017/18 Performance Information Report	11 June 2018
Temporary Accommodation Update	11 June 2018
Health and Safety Annual Report 2017/18	11 June 2018
Annual Report on the Scrutiny Function 2017/18	11 June 2018
Terms of Reference for Task and Finish Group	11 June 2018
Decisions taken under delegation to the Chief Executive	11 June 2018
Work Programme	11 June 2018
Quarter One and Two 2018/19 Performance Information Report	26 November 2018
Inform and Debate Session – Planning Enforcement	26 November 2018
Task and Finish Group on Voter Registration	26 November 2018
Terms of Reference for Task and Finish Group	26 November 2018

Decisions taken under delegation to the Chief Executive	26 November 2018
Work Programme	26 November 2018
Quarter Three 2018/19 Performance Information Report	4 February 2019
Annual Presentation by Safer Chelmsford Partnership	4 February 2019
Annual Presentation by Essex Police	4 February 2019
Annual Report on Housing Delivery	4 February 2019
Terms of Reference for Task and Finish Group	4 February 2019
Work Programme	4 February 2019

The Overview and Scrutiny Committee took on the role of scrutinising Safer Chelmsford to meet the requirements of the Police and Justice Act 2006, which stated that there must be a formal place where community safety matters can be discussed. The presentations on the Safer Chelmsford Partnership and by the Essex Police are both made to the Committee annually at its February meeting, so that cross-cutting issues can be identified and discussed.

‘Call-in’ of Cabinet Decisions

This Council’s Executive Arrangements, made under Section 21 of the Local Government Act 2000, provide an opportunity for Members to require that the Overview and Scrutiny Committee review a decision taken by the Executive (Cabinet) but not yet implemented. Depending on its conclusion, that Committee could then request that the Cabinet reconsider, and possibly amend, that decision.

The procedure for “calling in” Cabinet decisions is set out in the Council’s Constitution (Part 4.5 – Overview and Scrutiny Rules – Rule 4.5.11). In brief this provides that at least five Members of the Overview and Scrutiny Committee must request the call-in in writing, setting out their reasons, and the request must be received by the Council’s Legal and Democratic Services Manager by 5 p.m. on the fourth working day after the Cabinet decision was taken.

During 2018-19 no decisions of the Cabinet were called in for consideration by the Overview and Scrutiny Committee.

Future Projects

The Committee keeps its work programme under constant review. As at the date of publishing this report, the programme for 2019/20 is set to be looked at and agreed by the Committee on 8th July 2019 taking into account the changes in membership.

Training and Development

Members of the Overview and Scrutiny Committee form small “Task and Finish” groups to look into a particular subject or service where appropriate. They work with officers to find out more about the service area and to identify possible improvements. They attend site visits, forums and meetings and undertake research as necessary in order to obtain further understanding and information to support the review. Their findings are fed back to the rest

of the Committee in the form of a report and recommendations. In addition to ensuring value for money and that things are done correctly, 'Task and Finish' groups provide excellent development opportunities for Members, help to maintain good Member/Officer relations, raise awareness of issues and services amongst Members and can identify gaps in Member training.

APPOINTMENT OF EQUALITY AND DIVERSITY CHAMPIONS

Introduction

1. In the past the Council has appointed from its membership a number of Champions to oversee the interests of particular groups in Chelmsford, including older people, those with disabilities and past and current members of the armed forces. Those positions have given the people of Chelmsford a point of contact if there are concerns or issues affecting those groups and the roles have been performed conscientiously by the former Champions.
2. In line with its wish to be as socially inclusive as possible, the new Administration would like to retain those roles but develop and extend them to cover other groups in the community. The aim is for all sections and groups to have a point of contact with the Council for any concerns or issues that affect their interests so that they can be taken up and addressed through the appropriate channels.

Proposed Arrangements for Champions

3. It is proposed that three Equality and Diversity Champions be appointed. They would not personally be responsible for championing particular groups or causes but would act as an initial point of contact for a wide variety of groups. They could pursue issues on behalf of individuals or groups or might decide to refer them to other councillors, officers or bodies better placed to deal with them. The Champions would monitor those cases referred to others to ensure that those who raised them received adequate responses. Without establishing an exhaustive list, such groups and causes could include homeless people, young people, LGBTQ+ groups, and BAME communities as well as those with disabilities, older people and the armed forces. The focus would be on creating a channel through which to refer matters that affect particular groups in society so that they can be assured that their concerns or needs are brought to the attention of those in a position to help or advise them and be properly addressed.
4. By acting as facilitators and liaising with bodies and organisations that provide specific services and support to particular groups, the Champions would work within the Council's equality and diversity framework and play a valuable role in ensuring that the interests of specific groups are represented and their voices heard.
5. Councillors Lee Ashley, Jude Deakin and Mark Springett have expressed an interest in acting as Equality and Diversity Champions. If appointed, they would work together and share responsibility for the role.

RECOMMENDATION

That Councillors Lee Ashley, Jude Deakin and Mark Springett be appointed as the Council's Equality and Diversity Champions.

MEMBERSHIP OF COMMITTEES

1. A few changes to the membership of committees are required, which the Council is asked formally to approve. They are:

Overview and Scrutiny Committee

The Constitution prohibits the appointment of a Cabinet Member to this Committee. It does not refer to Cabinet Deputies and therefore the appointment of Councillor Chloe Tron, Cabinet Deputy for Affordable Housing, to the Committee was not in contravention of that rule. However, for the sake of ensuring the strict separation of Executive and Scrutiny functions it has been decided to replace Councillor Tron with Councillor Linda Mascot on the Overview and Scrutiny Committee.

Planning Committee

Councillor Mascot will relinquish her place on the Planning Committee when taking up her seat on the Overview and Scrutiny Committee, She will be replaced on the Planning Committee by Councillor Ann Davidson.

2. The Liberal Democrat Group has given notice that it wishes to appoint Councillor Tom Willis as a substitute member for the Governance Committee, an appointment it was not in a position to make at the Annual Meeting.

RECOMMENDED that the following appointments to committees be approved:

1. The replacement of Councillor Tron by Councillor Mascot on the Overview and Scrutiny Committee.
2. The replacement of Councillor Mascot by Councillor Ann Davidson on the Planning Committee.
3. The appointment of Councillor Tom Willis as a substitute for the Governance Committee.

REVIEW OF POLLING PLACES AND POLLING DISTRICTS

Background

1. Under Section 18 of the Representation of the People Act 1983 (as amended by the Polling Districts and Polling Places (Parliamentary Elections) Regulations 2006 and the Electoral Administration Act 2013) the Council is required to carry out a review of polling districts and polling places between October 2018 and January 2020. Subsequent reviews have to be held in the same 16-month period of every fifth year.

The purpose of this report is to set out arrangements for the next review of polling districts and polling stations in Chelmsford, which is now due.

2. A polling district is a geographical sub-division of a larger electoral area such as a ward, county division, parliamentary constituency, etc.
3. A polling place is an area within the polling district in which a polling station is located. This could be defined widely, but usually refers to the building concerned. The polling station is the actual room or part of the building where voting takes place. So, for example, where voting takes place at a school, the polling station is the room in which voting takes place, the polling place is the school itself or building in which the room is located and the polling district is the wider area within which the building is located.
4. The designation of polling districts and polling places is, by law, the responsibility of the Council for the area. The Returning Officer may, if he/she chooses, provide more than one polling station within a polling place. This has been our long-standing practice for some polling places.

The Rules and Guidance for Conducting the Review

5. There are a number of things which the Council must take into account in designating polling districts and polling places. These include the following:
 - (a) All electors should have such reasonable facilities for voting as are practicable in the circumstances;
 - (b) Polling places should, so far as is reasonable and practicable, be accessible to all electors, including those who are disabled and, when considering the designation of polling places, the Council must have regard to the accessibility needs of disabled persons;
 - (c) A polling place should be small enough to be capable of being described sufficiently clearly so that electors can find their polling stations;
 - (d) It is possible to designate a polling place which is not within the polling district it serves if there are special circumstances. This has been the case in a few wards in the City, for example because of lack of suitable buildings;

- (e) Two or more parishes should generally not be grouped within the same polling district. This has been our practice, with the exception of the parishes of Good Easter and Mashbury which have traditionally always been contained within a single polling district; and
- (f) Each parish should be a separate polling district unless there are special circumstances. Generally, this is the case in this City, however for those parishes which are warded, or too big, the parishes have multiple districts for electoral purposes.

The Review Process

- 6. The steps that must be taken in carrying out a review, and the persons to be consulted, are determined by legislation.
- 7. The Council must start the review by giving notice of its intention to conduct it. It must then draw up and consult on its initial proposals.
- 8. The review must include a consultation period. By law representations on the proposals must be sought from:
 - (a) Persons having particular expertise in relation to access to premises or facilities for persons who have different forms of disability.
 - (b) The Returning Officers for any other parliamentary constituencies partly contained in this City, i.e. Maldon and Saffron Walden.
 - (c) Electors also have the right to make representations.
 - (d) In addition, comments should be sought from Members of Parliament for the constituencies affected by the review, from City councillors, parish councils and local political parties and election agents.
- 9. Once all consultations necessary have been carried out the Council must consider the responses and decide whether to confirm its proposals with or without modifications. The results of the review must be published. There is then an opportunity for various categories of persons/bodies (parish councils, not less than 30 registered electors in a constituency, etc.) to make representations to the Electoral Commission that the Review has not been properly conducted. If the Commission agrees, following consideration of comments made on the objection by the Returning Officer, it may direct the Council to make any alterations it sees necessary to the polling places designated.

Arrangements for this review

- 10. The results of previous reviews have been taken to and approved by full Council. Ideally, any adjustments to polling districts should be decided by the beginning of November to allow sufficient time for the changes to be reflected in the new electoral register before it is published on 1 December. This year's December Council meeting is not until 11 December, which would mean that a new register would need to be published in February 2020, creating additional work and cost.

11. It is not necessary, however, for the approval of revised districts and stations to be given by full Council and it could, if the Council wished, be delegated to a committee. The Council therefore has the following options:
- (a) Hold a special meeting of the Council in early November to agree the results of the review.
 - (b) The review of polling districts and polling stations is a non-executive function and therefore one that cannot be the responsibility of the Cabinet. It could, however, be delegated to a committee. The terms of reference of the Governance Committee include "To consider any other reports relating to non-executive functions where a councillor view or decision is required." This general delegation would enable it, with the Council's agreement, to conduct and make decisions on the review.
 - (c) Alternatively, the Council could set up a new committee specifically to carry out the review and make decisions on any new districts and stations.
 - (d) The other option is still to bring the results of the review to the Council on 11 December but accept that the new register published on 1 December would not reflect any impending changes and that this would require the register to be republished in February, with the additional work and cost this would entail.
12. The preferred option is to delegate authority to conduct the review to the Governance Committee. This has the advantage of enabling the review to be completed by 1 December and of using an existing committee without the need to establish a new, albeit it one-off, body.

RECOMMENDED that the Governance Committee be authorised to conduct and make all necessary decisions on the 2019 review of polling districts and polling stations in Chelmsford.

Conclusion

26. For this review a key objective has been to ensure that the arrangement of polling districts and the provision of polling places reflects major new development in the City. With that in mind it is proposed to create two new districts, CAP in Moulsham and Central Ward and SR in Broomfield and The Walthams Ward, and to re-draw the boundary between districts CP and CQ in Marconi Ward.
27. Another major objective of such reviews is to make voting as convenient as possible for electors. This has led to proposals to designate premises as polling places that are either more centrally located, more suitable or easier to get to than the existing places and polling stations.

RECOMMENDED that

- (a) the proposals arising from the 2014 review of polling places and polling districts detailed in Appendix 1 of this report and summarised at paragraphs 11 and 12 be approved and implemented with immediate effect;
- (b) the Returning Officer be authorised to determine the location of the polling place for district MV – Collingwood and to designate alternative polling places within existing polling districts where:
 - (i) there are concerns regarding the premises currently used in relation to their accessibility for voters with physical disabilities,
 - (ii) the premises normally used are not available for a particular election, or
 - (iii) for any other reasons.
- (c) the Returning Officer be authorised to make minor amendments to polling district boundaries where necessary to bring them in line with ward boundaries.
